PARKLAND POST NO. 228
AMERICAN LEGION
Meetings every second and fourth Friday at 8:00 p.m. in the Sunshine Hall

Last Saturday and Sunday saw several ambitious and well-meaning members out in the lot across from Kittelsons' busily engaged in cutting up a huge log into salable bits of firewood. Net result was many aching and strained heretofore unused muscles plus a sizeable pile of stove fodder that will be put on the open market and sold to enrich the staggering and tottering treasury. The few men who got out in the open air and did the cutting do not regret it a bit for they found that there was a lot of fun doing something that sounds like a lot of work to the casual and disinterested bystander. It is activities like these that give the Post the added dividend of friendliness. And inasmuch as this is the only way that we have of raising funds to finance our many yearly projects it is gratifying to know that we number among our membership these many members who so willingly enter into these parties.

For the information of all it can be stated now that next week we should be in a position to make an announcement concerning a whale of a shindig to be held some time next month. Can't tell you anything about it now because there are a lot of details to be worked out yet. If all goes as planned it will be a lot of fun for all plus a little lucre for the Youth Program for 1949.

PARK COUNCIL OPEN MEETING ON WEDNESDAY

LANDS COMMITTEE REPORT HIGHLIGHT

Parkland Recreational council will be in regular meeting at Parkland school next Wednesday evening, January 26, at 8 p.m. Committees have been busy since the last meeting and will be ready to report. The committee for procurement of lands is expected to submit a report of particular interest to the group and to all residents of this area.

Lt. Robert Templar, physical director at Madigan General hospital, will be the guest speaker. Recreational programs similar to that proposed for Parkland were planned and organized by Lt. Templar in Cleveland, Ohio, and Prescott, Ariz.

It is announced that this meeting is not exclusively for council members but will be open to all interested in recreational organization and civic planning.

Spanaway Scouts to Plan for Year Ahead

Spanaway Senior Scouts (Outfit 134) will hold their annual reorganization and planning meeting at the Spanaway fire house Monday, January 24. Consideration is being given to helping the scouts find employment during vacation time and to other projects beneficial to scouts and the community.

The Scout organization is sponsored by the Spanaway Fire Department, with the backing and good will of the community. Advisor is Lee Carp of Mountain highway.

All boys interested in Explorer Scouting, Sea Scouts, Air Scouts and other kindred hobbies are invited, with their parents, to attend and offer suggestions to make the year an interesting and successful one for the local scouts.

South End SPORTS

Newly-elected officers of the Paul Bunyan Rifle and Sportsmen's club took office at the January 14 meeting at Midland hall. New officers are: President, A. J. (Slim) Stern; vice-president, Phil Marten; secretary, Terry Lazzari; treasurer, Charles Witser; range-master, Roy Calvert.

January 16 a work day was held at the range, with fifty persons present, after which a shoot for hams and bacons was staged.

Ted's Boys, Midland basketball team, came out with the long end of a 24 to 22 score over Lincoln A. C. in their second scheduled game, January 11. A Midland hooper was again high point man, the honor this week falling to Bill Marr, forward.

The lineups: Ted's Boys — Forwards, Beshler (4) and Marr (9); center, Taylor (2); guards, Fredericks (2) and Larson (7). Lincoln A. C. — Forwards, R. Malyon and Knudtson (4); center, Hughes (8); guards, Rupp (2) and H. Malyon (4). Subs: Midland—Poole and Stavig; Lincoln A. C.—Pitzler, Hominda (2), Berger (2), Smedley.

Parkland junior high school quintets notched a pair of victories at the home gym last Friday afternoon, building their standing in the Pierce county junior high league at the expense of Midland. The Parkland varsity took its tilt, 20-14, after the Parkland midgets had set back Midland's midgets, 32-14, in the opener.

The Parkland clubs both set the pace in their clashes. The midgets held a half time advantage of 20 to 3 and the varsity had racked up a 15 to 7 edge at the half.

High scorers in the varsity clash were: Parkland, Ronnie Storaasli (10); Midland, Johnson (4). Top scorer for the midgets was Delbert Brown, Parkland, with 10 points.

The Parkland fives shift to Dupont for their contests Friday of this week.

Mid-Year Report On Parkland P-TA

By Mrs. W. W. Cline, President

January marks the half way point in the 1948-49 year of our Parkland P-TA. It is a good time to stop and review what we have accomplished and to bring to mind the things which we want to accomplish in the coming months.

When we started this year, we voted to have all evening meetings to enable the fathers to attend P-TA and to become active participants in Parent-Teacher work. It is a pleasure to report that we now have 190 father members. The father attendance at our meetings is very good, and is steadily increasing. We now have 18 fathers who have a very active part in the functions of our local unit as chairmen of committees and as physical education instructors in our recreation program.

We have had three very distinguished speakers, one of whom was our State Superintendent of Public Instruction, Mrs. Pearl Wanamaker, who spoke to us in October—and despite the low, dense fog, we had over 200 in attendance, a tribute to Mrs. Wanamaker. Also in October we were the hosts to the first P-TA meeting of the newly consolidated district. The theme of the Washington Congress of Parents and Teachers for this year is "World Understanding Begins at Home." That night we had assembled in our auditorium representatives from four separate school districts who have united together to provide a school of higher learning for the children of this vicinity. It seems that this is surely an example of "World Understanding Begins at Home."

November brought Thanksgiving. We are thankful that we live in a country where parents and teachers can get together to promote the welfare and education of children and youth. Where they can get together to promote adequate laws for the care and protection of our children. We devoted this month to bringing more closely to home the very acute teacher shortage problem. We as parents can do much to encourage young men and women to enter the teaching profession. It is our responsibility to know about and do something about this very serious problem.

December brought Christmas and the annual Christmas program put on by the teachers of the elementary grades and kindergarten and music teacher. It was a beautiful production and the turnout of parents and friends was tremendous—over 1100. Thanks again to the teachers for their hours and hours of preparation. It was wonderful and we all appreciate your hard work.

The special event thus far has been the Teachers Reception Tea. We enjoyed setting aside a special day for our teachers in recognition of the very important part they have in molding the destinies of our children.

The special program has been the very successful Recreation program for the boys from the first through sixth grades. The average attendance has been 107 a night—12 volunteer instructors (fathers—all P-TAers). We are ready to launch our hobbies and crafts and physical education program for mothers and daughters and have 12 mothers as volunteer instructors also.

Something special to note is that five of our P-TA members are serving on the Pierce County Council board as second vice-president, magazine chairman, membership chairman, radio chairman, and exceptional child chairman.

The new year brings with it much activity along with a series of very interesting speakers. We will begin initial work on the Spring Fair—the Mother Singers will be busy with the first mother-singers concert and spring fashion show—their first radio appearance and—they will be singing at the February convention—we will be giving the junior high school a special treat—a roller skating party or something of that nature—we will be having a combined meeting with Pre-school—we will be continuing the magazine drive, and by the way, it is doing nicely. Losing teams take the winners to luncheon, you know—we will be working on legislation—there will be a personal letter drive on membership to try to put us over the top—there will be Dad's Night in March, the dads taking over the program, kitchen and all. So, you see we do have a busy last half of the year ahead and fun!

Parent-Teacher work is inspirational and so gratifying. The enthusiasm and cooperation of all the chairmen and those who work with them is what makes P-TA a pleasure. A Happy New Year to everyone, and we will be seeing you January 20.

ARLTON EARNS PLAUDITS WITH BIRD SONG FEATURE

Dr. A. V. Arlton of Parkland made a second appearance before the Washington Bird and Mammal club on Saturday evening, January 15. His imitations of bird songs were very well received by members attending a banquet at the University of Washington.

In his performance, Dr. Arlton made use of his own (Arlton) bird whistle, as well as about 15 other contrivances. He had previously appeared before members of the group at its meeting on the Pacific Lutheran College campus, in December.

MEETING PLACE CHANGED

The regular monthly meeting for February of the Spanaway Preschool group will be held February 2, at the home of Mrs. A. A. Griffith on Gold street, and not at the Christilaw home on Mountain highway, as previously announced.

BANQUET IS CALLED OFF

The annual Parkland Community club banquet, first scheduled for last Thursday's meeting date, then shifted to a February 10 date, has now been indefinitely postponed, it was announced this week by President W. W. Cline.

It has not been found possible to secure sufficient volunteer workers to take care of the hard work and many details such a banquet project entails, is the stated reason for calling off the banquet.

Cline and his officers now plan to substitute a potluck picnic, to be held in June following the final club meeting before the summer suspension. Details of the picnic and several other club projects being considered are to be announced at later dates.

NO FUNDS ARE PROVIDED FOR GARBAGE AREA

Further opportunities to secure a maintained and supervised garbage disposal area for the South End district are now a year away. This information was reported to the Parkland Community club last Thursday evening by its committee chairman, Lawrence Hultengren, following a meeting with Sanitation Supervisor Parsons of the Pierce county health department.

No provision for such service has been made by the county commissioners in this year's budget, adopted in October of 1948, Hultengren reported. Several south end groups committed to development of this area were approached by the health department last August for suggestions as to a suitable area for the purpose. Spanaway Progressive Community club did take prompt action through representatives, but none of the other local organizations approached showed immediate interest, with the result that the project was given no more consideration when the county budget was drawn.

Parsons told Hultengren, however, that the commissioners have indicated interest in establishing suitable disposal facilities to replace the unpoliced and unmaintained dumping area now disgracing the Spanaway district. Parson suggested to Hultengren that the Parkland Community club now seek to stimulate cooperation between the various South End organizations of this and other communities toward development of plans for the project to be ready at budget time next fall. Refuse contractors should be included in the effort, he thought.

Belleruds Honored On Anniversary

Many friends from their former residence at Adams, N. D., gathered Saturday evening, January 15, for celebration of the silver wedding anniversary of Mr. and Mrs. Haaken Bellerud. Mr. and Mrs. J. O. Dahle were hosts to the gathering, at their home on Morton street in Parkland.

Mr. and Mrs. Bellerud came to Parkland three years ago, from Adams. They reside at 620 Clover Lea street. Mr. Bellerud is a brother-in-law to Mrs. Dahle.

The evening was devoted to renewing old friendships as all the guests were former residents in and around Adams who now are living in the Pacific Northwest. The featured moment came with presentation to Mr. and Mrs. Bellerud of a sterling silver vase and candle holders.

The Dahle home was decorated in silver for the occasion, that theme being carried out also by the anniversary cake studded with silver beads.

Present, in addition to the host, hostess and honored guests, were: Mr. and Mrs. Alvin Grove, Bremerton; Mr. and Mrs. H. F. Kucowskei, Miss Vendla Westbey, Mr. and Mrs. Otto Lien and Albert Nelson, all of Tacoma; Mr. and Mrs. Victor Bylin and Mr. and Mrs. C. G. Knutson, Auburn; Mr. and Mrs. Edwin Helle, Andrew Myrand and Norris Jacobson of Puyallup, and Mr. and Mrs. Charles Keillor, Suquamish, Wash.

He is now doing business from the new stand though all his planned improvements are not complete yet. He intends a grand opening later this month, when his complete line of electric appliances for the home is on display.

Easing Traffic

difficulties along Pacific avenue and Mountain highway are new traffic control signal lights recently installed and put in operation. More of them are to come soon. One signal light and siren was installed January 19 at Pacific and Washington street for protection of the public in clearing the highway for Parkland Volunteer Fire Department trucks turning out from the fire house nearby. Establishment of a school crossing light at Parkland school is a welcome improvement and so is operation of the light at Airport road and Pacific as traffic flow signal, rather than just as a caution light.

ANNUAL MEET OF PARKLAND LIGHT, WATER

The annual meeting of the Parkland Light and Water company will be held Tuesday, January 25, 8 p.m., in the auditorium of Parkland school.

President Stanley Rosso announces the purposes of the meeting are to hear reports by the officers of the corporation, to elect one trustee (five-year term), and to transact any other business to come before the meeting.

J. R. Foster Now Owner of Local Rexall Pharmacy

In a recent transaction, J. R. Foster became the owner-manager of the Parkland Pharmacy on Pacific avenue near Airport road. Foster has also purchased the former Ed Keyes place at Brookdale, where he and Mrs. Foster are now residing with their son and daughter, one and four years old, respectively.

Former operators of the Parkland Pharmacy, Jack C. Lowe and D. W. McDowell, have purchased the Lakewood Pharmacy and are partner-operators there.

Foster is an experienced hand at running a Rexall drug store. For seven years, until July 1, 1947, he operated a Rexall pharmacy in Tekoa, Wash. He and his family wishing to mave towards the coast, he sold his business in Tekoa, where he was mayor at the time, and moved to the Tacoma area, joining the staff of the Rexall drug store at Lakewood.

Foster is assisted in his business here by M. M. Nelson, pharmacist, and by Miss Doris Michel and Miss Betty Morris of this area. Mrs. Daisy Clarke, who was a staff member of the store here, has joined Lowe and McDowell at Lakewood.

Foster has announced some revisions in the business policies of the Parkland Pharmacy, including his intention to maintain "fair trade" prices and not be undersold.

WILL MEET ON TUESDAY

The Dormitory Auxiliary No. 1 of Pacific Lutheran College will meet Tuesday, January 25, at the home of Mrs. C. O. Olson, Parkland, at 2 p.m. Mrs. Magnus Nodredt and Mrs. J. P. Pflueger will be assisting hostesses. Mrs. Orin Gudmunsen will lead in devotion.

W. W. (Woody) Cline will continue as president of the Parkland Community club through the coming year, following unopposed election at the regular January meeting of the club, last Thursday evening in the Parkland school auditorium. Elected to serve with Cline are:

Robert Haner, vice-president; Mrs. Arne Ellingson, secretary; E. W. (Fritz) Beitz, treasurer; and W. K. Clark, publicity director. The contests for the vice-presidency and secretaryship were reported especially close, Haner finishing just ahead of Lawrence Hultengren and Mrs. Ellingson being closely pressed by Mrs. C. E. Goodrich. M. Stauffacher was the second candidate for treasurer.

Voting was confined to the nominees of the nominating committee, no new names being forthcoming when nominations from the floor were asked on each office.

Disappointment was expressed at the fact that just less than 100 members of the club were present to ballot. Adverse weather was thought the reason, if no excuse, for the poor turnout, which, however, was some better than attendance at several recent meetings of the organization.

Other business considered by the club included a report by committee chairman Hultengren on the present situation regarding garbage disposal facilities. President Cline reported on the successful gym recreation program being conducted by the Parkland P-TA for younger boys and dads. Mrs. W. W. Cline advised of similar opportunities, including leathercraft classes, being offered to girls and their mothers by the P-TA.

Tom Casto came to the meeting as chairman of the Parkland Business club's committee making arrangements for a float in next April's daffodil parade. He stayed to participate actively in the business of the evening as a new member of the Community club. In answer to Casto's appeal, Alfred Grodvig was appointed to represent the Community club on the float organizing and planning committee.

Following counting of votes, films of the 1948 World Series and last grid season highlights were shown. refreshments being served afterwards.

Pack 33 Cubs Will Combine Meet With Scouting Birthday

Combining celebration of Blue and Gold month, (39th birthday of scouting in America) with their regular January pack meeting, Cub Scouts of Pack 33 and their parents will gather at the Parkland school Monday, January 24, for a potluck dinner and program.

Everyone is urged to come at 6 o'clock so that the necessary arrangements may be completed and the dinner start promptly at 6:30. Each Cub is asked to bring for display his best sample of handicraft made during the past year.

The theme for January is music. The Cubs have been busy making instruments, writing songs, and preparing skits. These will be demonstrated in the program to follow the dinner. Awards will be given to those who have completed requirements during the past two months.

Detailed arrangements for the dinner are being worked out by the den mothers.

Two Granges Plan Benefit to Assist Burned-out Family

A benefit dance for the Reardon family, whose home was recently completely destroyed by fire, will be held at the Elk Plain grange hall, Friday, January 21, from 8:30 until 12:30 p.m.

The Clover Creek and Elk Plain granges are cooperating in making arrangements for the dance. Co-chairmen are Mary Kuper of Elk Plain and Mrs. Maria Kistenmacher of Clover Creek.

There will be an orchestra from Pacific Lutheran College. Refreshments will be served and a good time is promised all who attend.

Not Indifference, We Hope

Less than a hundred Parkland residents last Thursday evening chose the officers who for the coming year will have the responsibility of directing the organization which is the nerve center of this community—the Parkland Community club. It is to be hoped that it was not indifference which resulted in such a meagre participation in this community's nearest approach to an election of town officials.

Not unlikely, the fact that W. W. Cline, who had demonstrated his competence at the club's helm, was not opposed beforehand may have led many to slight this opportunity for demonstration of responsible citizenship on the assumption that all would go as they desired without their active partisanship. The event did bear out such assumption. Mr. Cline was chosen without contention, and we now can look to him for continued efficient and devoted leadership. However, the great chance to show him by votes that the entire community is in back of him has been passed up—that fact must now be demonstrated by active support in the 12 months ahead.

That the integrated development of this community be kept in pace with its population expansion is in large part the responsibility of the Community club. As the coordinating agency for the many and varied local groups, the organization must deal with a succession of problems and projects.

Two such problems are now at hand: Securing of proper garbage disposal facilities and obtaining adequate mail distribution. The Parkland Business club has made the opening moves toward realization of the latter project, but is looking to cooperative action by the Community club to speed successful conclusion of the effort to obtain mounted carrier mail delivery in Parkland.

Already the ball has once been fumbled in the garbage effort. A year will be required to recover the ground lost when none of the several Parkland groups before which the matter was laid saw fit to act promptly. The Spanaway Progressive Community club was in the line-up for the kickoff, but was unable to move ahead alone. Action by the Parkland Community club has now shown the way to recovery, with the whole length of the field still to go.

President Cline and his newly-elected officers will now try to call the signals for a unified effort on behalf of the whole South End district. They have the well wishes of all the community in this and other civic efforts, but they will need to know that they can also get an enthusiastic response to a call for hard work when that is required.

Why the Delay?

Realization of their worst fears, upon the spotlighted tardy discovery of the battered body of Noreen McNicholas, calls forth our deepest sympathy for her unfortunate family. Prompt apprehension now of her unhuman slayer cannot dispell their grief but may give them some relief in the knowledge that her sacrifice bought removal of a threat to the happiness of other families hereabouts.

But, however much we can share in the sorrow of her kinfolk, we see no reason for participation by the public in the hollow applause, mostly self-bestowed, now being solicited by law enforcement authorities. For weeks following her disappearance they apparently dallied in inaction. Then after significant evidence that had long hung ready at hand was laid in their hands, they had little part in any one of the successive developments leading to final discovery of her pitiful remains. Even the shock of the gruesome finding was shirked to the immature shoulders of one of our Parkland youth. Is the public expected to like that?

Veterans News

(Continued from Page One)

there is our Comrade Leon Harrison, now home from his stay in Madigan. Our best wishes to you, Leon—we hope to see you fit and able to be about your accustomed tasks soon. Commander Bailey is still vacationing in Madigan, but is sending out a challenge to all the veterans of World Wars I and II to get behind the Legion and push for their great American principles—by joining out Post right away.

As usual, the Legion is vitally interested in all Child Welfare activities and so we urge every person to back up the March of Dimes in actual participation—by sharing your dimes. To further this program, Clover Creek Post comrades, under the chairmanship of Alec 'Scotty" Young, will take a stand in Tacoma for the collection of dimes and more dimes. To assist this campaign the ladies of the Auxiliary have contributed fifteen dollars as a start—with a hope that much more will be forthcoming.

A group of Auxiliary ladies accompanied one of our Gold Star mothers, Mrs. Blanche Ridiske, in order to participate in a colorful and beautiful ceremony of institution of a new post of Gold Star Mothers and the installation of its new officers, held last Saturday at the State Armory. The occasion was a most happy one, and all in attendance were pleased with their afternoon of companionship with and honor to the Gold Star Mothers.

Plans are being made at a joint committee meeting to be held this week for the entertainment of the department president of the Legion Auxiliary, Mrs. Crook, who will pay her official visit to Tacoma and the neighboring auxiliaries on Friday, January 28. Our president, Mrs. Irma Long, is representing our membership. Further notice will appear in The Pointer next week—in order that any interested ladies of the Legion may attend.

At the close of the business sessions, members of Clover Creek gathered at the home of the Longs for a pleasant hour of chatter and refreshment—during which the ladies of the Auxiliary presented their president, Mrs. Long, with a "Happy Birthday" remembrance.

Before signing off, your reporter wishes to call everybody's attention to "The Legion on the Air," regular weekly messages pertinent to veterans, Legionnaires and all citizens. Tacoma station KVI at 3:45 p.m. on Monday and Tacoma station KMO on Saturday at 4 p.m.—programs to which all will be pleased to listen, fo rboth information and profit.
