Stock Raisers In May Projects

A new member, Jim Clowers, has joined the Summit Stock Raisers club, with a poultry project and hopes to have a calf next year. Five members of the club who were contestants at the Waller Road Demonstration Day in May did very well. They earned three blue and two red ribbons.

David Peterson gave an illustrated talk on "Clipping a Dairy Cow for Show;" Eddie Irish, a demonstration on "Care of New Baby Chicks the First Ten days;" Billy Irish, talk on delousing chickens; Glenna Haaland, illustrated talk on "Blanketing a Cow," and Trygve Haaland, a demonstration on mixing feed for beef cattle.

On May 10 David Peterson and Glenna Haaland entered their animals in the Enumclaw Dairy Show, where judging is severe and competition is high. They came home with three red ribbons and one white ribbon. Congratulations!

The Irish boys mowed the church lawn for the club May project.

Most of the club members and parents enjoyed the 4-H Rally Day picnic at Pt. Defiance, saw the coronation of the Queen and Fort Nisqually.

THRILLING EVENT — The regular meeting of the Parkland Cadet Squadron of the Civil Air Patrol at Parkland grade school was given an exciting turn last Wednesday evening when a helicopter from McChord Air Force Base dropped down on the school ground where drills were being held. Bringing in the craft were Captain W. V. Hickerson, 1st Lt. J. Witherspoon and Sgt. H. Ferguson, members of the 325th Search and Rescue Squadron of McChord, assisting in the training program of the local cadets. Much interest was shown by the 27 members present; 1st Lt. M. Klockner is commander of the Parkland squadron, 2nd Lt. Paul Schroeder, operations officer; 2nd Lt. Alice Mozel, adjutant. Youth Night for Benston Grange

Youth Night was observed at Benston Grange June 10 when the younger members of the organization took over as officers and put on the program. Master George Rose introduced his son Dwayne Rose who did a very fine job as Youth Night Master. Philip Balmer acted as Overseers, Dean Thorson was a very capable Lecturer, Jack Rinkel served as Chaplain, Bryan Dalin as Steward; Wilma Thorson, Secretary; Irving Furro, Assistant Steward; Margaret Brodigan, Treasurer; Louis Ford, Gatekeeper; Shirley Dalin, Ceres; Barbara McVicker, Pomona; Grace McFadden, Flora; Vicki Felt, Lady Assistant Steward and Betty Brashears as Home Economics Department Chairman.

In honor of Flag Day, Sister Beulah Selle displayed a very old and unusual flag having only 13 stars. News clippings and a letter from the Smithsonian Institute were read. This flag was loaned for the occasion by Mr. and Mrs. L. W. Reed of Tacoma.

The Youth chairman announced that the Highway Safety essay written by Alice Furro of Benston had won third place in the state contest.

National Dairy Month will be featured at Benston Grange June 24 when Brother Fred Kronquist, Agriculture chairman, will present Claude Doran and Mrs. Florence Allen from the county office in a program that should be of interest to all in the community.

Parents Night for Vacation School

Commencement or Parent's Night for the Vacation Bible School of Parkland Baptist church will be held Friday, June 20. Parents and friends are invited to come at 7:00 p.m. to view the displays of the various departments. At 7:30 the processional will begin and the guests will witness the joint services in which the boys and girls have participated each morning. This will be followed by a demonstration by each department, beginning with the three-year-olds. Refreshments will be served following the program.

Parkland Baptist has had its most successful Vacation Bible School this year, with a first-week enrollment of 137 in the five regular departments, three through 16 years, and an average attendance of 118 the first week, in addition to the nursery provided for babies of the workers.

ALONG THE TRAIL

With Larry Kirkwood

The 1958 Parkland Round-up is now history, but those who worked so hard on the pragrom can breathe a sigh of satisfaction that the show was a success according to the crowds of people who flocked to the rodeo grounds both days. The general chairman can only say "thank you" to the many, many people who helped in various ways to make a successful Round-up.

Top cowboys for the two day go-round were Duke Robinson and Kenny Dunlap, who had lots of competition. In fact the bulls and the bucking horses weren't at all inclined to let those cowboys ride them, and those little Brahma calves fought like little demons to keep from being tied.

Something new was added by the Tacoma Lariettes in their square dance — they gave special consideration to their horses in getting straw hats for the ones who took the part of the boys and sunbonnets for those supposedly girls in the hoe down. Now we have seen everything!

This week end the Pierce County Sheriff's Posse will journey down south to Centralia Fair Grounds to participate in the state wide posse meet. There they will be in competition with posses from all over the state both in drill and game events. Pierce County boys drew No. 1 position so they will be competing probably on Friday. If you really want to see a good show, go down to Centralia this week end and give your local posse your moral support.

Along the trail we saw little Kathy Collins, 10-year-old trick rider, giving a good performance at the rodeo . . . the crowds of people lining Pacific avenue to watch the parade . . . Queen Carol riding her horse as the queen of a rodeo should.

JC's to Install Officers Friday

Formal installation of recently elected officers of the Parkland Junior Chamber of Commerce will highlight a banquet of members and their ladies Friday evening at 7:00 at Wellman's.

New leaders for the group are: President, Len Knecht; 1st vice president, Gus Tyler; 2nd vice president, Art Carrara; secretary, Clem Kuanoia; treasurer, Bob Romnes; state director, Dick Deeter; board members, Roland Wilson and Bill Beane.

Burglary Marks Friday The 13th

Friday the 13th was bad medicine to Anderson Lumber Co., 9813 Pacific avenue! Some time after 2:00 a.m. the back door was pried open by someone very much interested in fishing equipment, the loot amounting to over $400 in value.

In no hurry, the thief or thieves tarried to drink several bottles of Coca-Cola stolen from the dispenser in the front of the building, then made a get-away over the back fence. A boat battery was found abandoned in the brush, together with more empty Coke bottles.

It is thought that this might be a repeat performance as a rod and reel worth $60 was stolen from a boat in back of the building two weeks earlier.

Police officers are following clues and hope to apprehend the culprits soon.

Games Night

On Friday, June 20, at 8:00 a games night will be held in the parish hall of Our Lady Queen of Heaven church, 146th and South A street. The prizes will be cash or merchandise. The public is invited.

Imm-Prints . . .

by Valerie Imm

For all the conversation we get regarding the shape of things to come which includes a new look in architecture, automobiles, clothing, shoes, space ships ad absurdum, it is a surprising thing no one has yet dared to predict a radical change in shapes of human beings.

Now really when you stop to think of it, it's nothing short of amazing that with an approximate population of some 3 billions, and increasing at an alarming rate, is not one human being precisely the same in every respect as another.

To bear out this observation in a somewhat more earthly manner, all you must do is take a trip to some local beach on a hot day. Pick a hot day because it is a guarantee of seeing the most fantastic variety of human-type beings you can ever imagine.

They all have two legs, two arms, the proper number of eyes, ears and noses, yet the variations on the same theme are sufficient to keep you busy the live-long number of hours you are there.

Even more amazing to observe are the various stages of undress that adorn these tall, short, thin, medium, fat, long-legged, short or stocky individuals. Generally speaking, the more chubby types favor the more scimpy costumes. I cannot give any reason for this other than it might be they suffer more acutely from the heat, thus the less attire the more comfortable.

Another theory might be that some of these costumes indicate the mind-over-matter school of thought. If one concentrates on the intellectual who cares what one has on? You don't even see it provided you are really thinking on the level to which we refer.

(Frankly I don't believe that last theory at all, but fair is fair, and we must give everyone the benefit of the doubt)).

One man told me the other day that he was really disgusted with sights witnessed on the main thoroughfares as he went about his job.

What he specifically referred to were girls in too-short shorts, and men in Bermuda shorts. "It is bad enough," he said, "to have to see this sort of thing on the beaches, but when they get to walking around downtown . . well I say it's either a lack of pride or brain-matter."

And you know, this man had a good talking point.

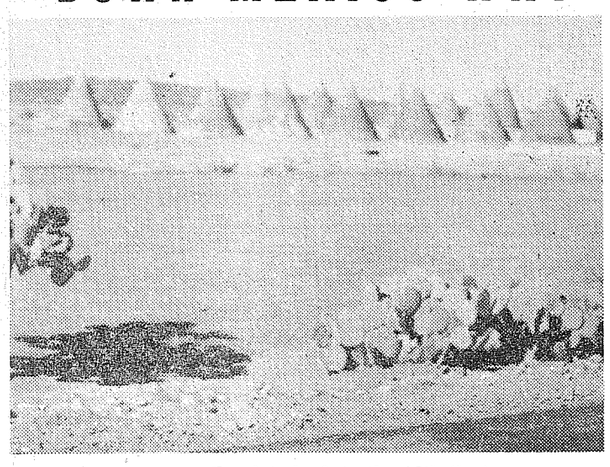
SOUTH OF THE BORDER DOWN MEXICO WAY



Zacatecan Silos date back to the 16th Century

Highways 31 and 45 converge at Durango and from this point on to Aguascalientes you have no choice of routes except No. 45 known as the Christopher Columbus Highway. Durango, founded in 1563, is the capitol of the state of the same name. It is primarily a mining center and on its streets miners helmets are as prominate as sombreroes. Many of its old original buildings still stand and of interest to see are the Cathedral, the Temple of the Sagrario, the church of San Juan de Dioss, the ex home of the Count of Sulhill and the Juarez Institute.

Some of the names of towns one passes after leaving Durango are intriguing. There is Nombre de Dios (name of God), Guerrero (Warrior), Sombrerete (bonnet), Torrecillas (little towers), Rio Florido (flowering river) and Fresnillo with its thermal springs.

The next city is Zacatecas, capitol of the state of the same name. Its an up and down city with houses piled on top of each other. The city proper lies in a ravine hemmed in by two mountains. You'll find it rather picturesque. Originally occupied by the Zacatec Indians the city was taken over by the Spaniards in 1546 and made a city in 1588. The interest of the Spaniards here was, naturally the immense wealth that came from the silver mines, and still keeps coming. Places of interest to visit are the Catheteral, Municipal Palace, the Casa de Moneday, the Calderon Theater and the Chapel of los Remedios, constructed in 1782 on the Hill of la Bufa.

South of the city to your left you will see what from a distance appears to be a village of Indian teepees, but upon closer examination you'll find them to be adobe silos which were constructed by the Indians in the 16th century and still used today to store wheat.

To give you an idea of traffic encountered thru this part of the country here is an actual count of vehicles encountered in one days driving (437 miles). Pick-ups and jeeps, 144; trucks 147; cars, 159; buses, 43; car and trailers, 1; U.S. licensed cars, 15; plus countless horse, mule and burro drawn vehicles.

And now to prepare you for a shock. The drivers of these vehicles too will join the thousands on foot to wave and shout at you, expecting a friendly wave in turn. When traveling in most foreign lands its the Americans who usually wave at you but you'll find it to be the opposite in Mexico. Most tourists are so tired of waving that when they spot another U.S. car they probably figure, "Here comes one joker I won't have to wave at for he's probably as tired of this waving business as I am" and so you pass each other, hands on the wheel with probably only a friendly shout of "Viva La Phooey". At any rate its still nice to see some one from "home" for you feel less alone in this strange land.

Next week we'll roll along further south.

It's The Law!

Choose Your Partner

A partnership is a way to combine your talent, work, and money with others to the advantage of all.

When you and one or more others share gains and losses and have equal management rights, the law takes your business for a partnership. Each partner stands good for the debts in the course of business which any other partner may run up, or the damage he may do. So know what your rights, duties, liabilities, and interests are. Put the terms of your partnership in writing.

You can have a partnership, of course, with not a scrap of paper to show for it.

Partnerships have advantages in management and in taxes for certain businesses, but not unless you keep in mind and provide against things that could happen which would hurt the business. For example, do you know where you stand in the partnership, what you are to do, how you would share any profits or losses, and how you can get out of the partnership if you want to?

What happens to your business when one partner gets sick, can't do his part, or dies?

Death or bankruptcy of any partner may cause a dissolution. And a court will dissolve a partnership if you can show that a partner is an habitual drunkard or insane, or if he has worked secretly in his own interest instead of that of the business.

Two things: Pick your partners with care for their special talents, character, and ability to work well with you for a long time. And then forestall any trouble by an agreement which sets out in clear terms how you plan to handle the main contingencies that may arise. For a partnership, like a marriage, is often for the long haul.

(This column is written to inform, not advise. Facts may change the application of the law).

Many Awards for Summit Scouts

Adding to its record of 76 advancements, Summit Scout Troop 76 held Court of Honor before a large group of parents at Central Avenue school recently, and raised its total advancements for the year to 97.

Tenderfoot badges were awarded to Billy Thielen, David Slenkamp, Jimmy Hart, Bobby Martinson, Lynn Dawn, Bruce Olmstead, Tommy Kostelecky, Ricky Clabaugh and George Spandel.

Kenneth Arbuckle received a Scholarship Merit Badge; Wayne Kostelecky scored in athletics and was awarded a perfect attendance pin, as was Chuck Smith. Chuck also received merit for dog care.

Steve Lind, for cooking and citizenship in the home; Perry Bartrum for dog care and public speaking; Steve Craig won merits in citizenship, gardening, safety and public health. First aid merit went to Ken Houtz.

Five new start scouts are: Perry Bartrum, Steve Craig, Steve Lind, Buddy Hagstrom and Terry Dawn.

At a recent father-and-son overnight camp-out at Camp Hahobas, more than 40 boys and 20 dads participated.

Cannon Ball and Raven patrols of Troop 76 received blue feathers at the May 16-17 Camporee. Thirty one boys attended, chaperoned by Scoutmaster George Lind and assistant Jack Houtz. Ed Hansen, Franklin Pierce school board member, also made the overnight camp-out.

Raven Patrol contest winners at the Fort Lewis Camporee were given a surprise all-day boat cruise in George Musser's "White Spray." For selling the greatest number of Exposition tickets, Mr. Musser piloted the winners, Gary Filley, Steve Lind and Kenneth Houtz, on an airplane ride over the city and beyond.

New Pastor Here

Reverend John Besant and Mrs. Besant leave this week for a new charge at Lyle, Washington. The Besants came to the Summit Methodist church three years ago and have made many close friends in this area besides furthering the work of the church. They have been most active in visiting the sick and shut-ins regularly, a service that has been greatly appreciated. Our prayers and best wishes go with the Besants as they take up their work in their new pastorate. Reverend Floyd Cronkite will be the new minister at Summit.

(Crowded Out Last Week)

Pair Celebrates 30th Anniversary

Over 200 friends and relatives gathered at the Collins Grange hall Sunday evening to help Mr. and Mrs. John Folk celebrate their 30th wedding anniversary.

The buffet supper was under supervision of Richard Schmaltz from Steve's Gay 90's, complete with whiskers and his Gabby Hayes hat. He was assisted by Mr. and Mrs. Bill Folk, Mr. and Mrs. Tom Folk and Mrs. Richard Landon, children of the happy couple, and Mr. and Mrs. L. Evert London of Tacoma.

Ballroom and square dancing were enjoyed by all with Gay Wright as caller and Dick Ugland as master of ceremonies.

The highlight of the evening was "This Is Your Life" when Mr. and Mrs. Folk were joined by their bridal attendants, Mr. Folk's sister, Mrs. Barney Olsen, and Joseph Bartell, also close friends: Mr. and Mrs. Edward Buckley, Mr. and Mrs. Alex Constance, Mr. and Mrs. Troy Bailey and two more of Mr. Folk's sisters, Mrs. Kathryn Shuman and Mrs. Grace Korf.

The Folks were then presented with a scrap book compiled of humorous incidents of their life together.

Reporter — Mrs. John Folk, LE 7-5801.

The teacher had asked her pupils who the nine greatest Americans were. All the papers were in except Johnny's.

"Can't you finish, Johnny?"

"I can't decide," Johnny replied, "about the first baseman."

Platter Chatter

London's Laurie London, the English boy who jumped to world fame with "He's Got The Whole World In His Hands," is heading right back up to the top with tunes from his latest album, aptly titled "Laurie Dondon."

London includes "Hands," which has passed the two million mark, and "Handed Down," the flip of the golden single, on the new waxing for Capitol.

His latest selling, "I Gotto Robe" and "Joshua," is also to be found among the tunes.

London heavily emphasizes spirituals but also turns to complete the album.

Tunes include "Basin Street Blues," Casey Jones," and "Boomerang."

Spirituals range from "Up Above My Head" to "I'm Gonna Walk And Talk With My Lord."

PIERCE COUNTY REFUSE CO.
Weekly Garbage Collections
Phone LE 7-8688

Also included are "The Gospel Train" and "Pick A Bale Of Cotton."

Some criticism has arisen over the fact that London takes spirituals and "jives" them up. Other popular singers, noteably Pat Boone and Elvis Presley, have revamped spirituals without too much criticism.

The album is bound to sell—and sell well, at that. London has many fans — he must have, they bought over two million copies of his single — and a good number will want the album. Looks like London is going back . . . and I don't mean to England.

Half-Notes: The McGuire Sisters are coming up strong with "Ding Dong." cute lyrics for a real cute trio . . . Looks like Jerry Lee Lewis' "High School Confidential" is going to go all the way despite the unfavorable publicity over his latest marriage — his third — Sheb Wooley is going to break the million mark with "The Purple People Eater." MGM records shipped over half a million copies in 10 days . . . "Zorro" is still climbing. Latest version to challenge the Chordettes is by Fred Waring's Pennsylvanians.

Moe Koffman is scoring with "Little Pixie" . . . Ditto for Russ Hamilton and "Drifting and Dreaming" . . . The Kirby Stone Four is expected to do big things with "Baubles, Bangles And Beads." Going now is a version by Jonah Jones . . . "Henry Goes To The Moon" could be a big, big novelty—if the public isn't getting tired of novelties.

Frank Chesterfield and his orchestra are hitting once over lightly with "Blue Hawaii" . . . Ditto for Sam Cooke and "All Of My Life" . . . Link Wray is climbing higher every day with "Rumble." It's getting big nationally . . . The Four Lads and/or Jane Margan could score with "Enchanted Island" . . . . Joni James' latest single, "Coming From You," is her best in several years. Could and should be her biggest for a long while..... George Hamilton, IV is hitting the big time again with "I Know Where I'm Goin' " . . . The Platters are heading for Hitsville with "You're Making A Mistake". It's another of their famous rock-a-ballad type songs. The group—on another world tour, last week had an audience with Pope Pius XII in Vatican City in Rome.

The Original Casuals are trying again with "Ju-Judy" . . . Tab Hunter is hoping for a hit with "I'm A Runaway" . . . Elvis Presley's latest flick, "King Creole," contains a dozen songs that are going to take the polls by storm. Included are "Young Dreams," "Dixieland Rock," "Hard Headed Woman" and "As Long As I Have You."

Laboratory Aids Chicken Raisers

Research personnel will present exhibits and discuss their work with visitors during the day.

PRPC Holds Old Bird Race Saturday, 31st

The Parkland Racing Pigeon Club held its seventh and eighth old bird races of the year on Saturday, May 31. One shipment of birds competing from Grants Pass, Oregon, the other from Eureka, Calif. These races were both Club and Concourse. Club-wise from Grants Pass there were 40 birds racing in seven interests. Concourse from Grants Pass about 350 birds from 75 lofts. These birds really had rough going, with heavy overcasts and rain over nearly the entire route. Below is a list of the Club's results with speeds in yards per minute:

1—Jim Novak, 855.15; 2—Henry Achtzig, 808.01; 3—Henry Achtzig, 807.82; 4—Dud Dean, 759.66; 5—Tom Nelson, 756.96.

In the Eureka, Calif. race there were 43 birds from six lofts competing in the Club. In the Concourse about 335 birds from 70 lofts. Remarkable weather conditions and also the fact that the birds were released five minutes later in the California race than at Grants Pass and still with 125 miles further to fly, beat the Grants Pass birds handily.

Below are the results of the Eureka race with speeds in yards per minute. To acquaint our lay-men readers with y.p.m. we'll say the Eureka race was approximately 450 airline miles. The birds were released at 6:00 a.m. Saturday morning and the first bird arrived Saturday afternoon at 5:25 p.m.

1—Dudley Dean, 1148.68; 2—Milton Guhr, 1144.97; 3—Henry Achtzig, 1124.81; 4—Tom Nelson, 943.12.

The Parkland Racing Pigeon Club held its ninth race of the Old Bird Series on Sunday, June 8, with 59 birds from seven lofts competing. With fair weather over the entire route, the birds made good speeds and good returns were reported by all competitors. Henry Achtzig made a clean sweep of this race, winning the first three places.

The birds were released at 7:00 a.m. at Eugene, Oregon and Heinie's first bird arrived at 12:11:40 p.m. — 5 hours, 11 minutes and 40 seconds flying time. Below is a list of the lofts with speeds figured in yards per minute.

1—Henry Achtzig, 1226.76; 2—Henry Achtzig, 1162.29; 3 — Henry Achtzig, 1160.82; 4 — Jim Novak, 1158.47; 5—Dudley Dean, 1141.78; 6 — Milton Guhr, 1095.95; 7 — Al Nino, 1046.19.

WALLER ROAD . . . .

Much Fun at End Of School Year

Final days of school at Waller Road were filled with excitement and fun for parents and children alike. The annual school picnic was held May 29 with a record crowd attending. Games were enjoyed by all grades; loads of food were on hand at the picnic hour.

An all-school assembly was held June 5.

The highlight of the week's excitement was the party given by the 5th grade mothers honoring the 6th grade graduates who will enter Puyallup high school in the fall. Mrs. Edward Perrin, chairman fas assisted by Mrs. Rudolph Geise, Mrs. Rupert Peterkin, Mrs. H. E. Lovell, Mrs. Myers Wheeler and Mrs. Robert Floyd.

The Community hall was decorated with spring flowers; tables were centered with dainty silver baskets with floating rosebuds. An autograph book marked the place of each graduate as a favor, signatures being exchanged during the evening.

Games and refreshments were enjoyed by the graduates, their parents and teachers.

The graduates are Robin Addis, Joe Baker, Georgia Becker, Geori Becker, Helen Clark, Jo-Ann Erickson, Karen Goettling, Alan Hubbard, Donald Jezek, Lloyd McSwain, Merle Merkt, Linda Peterson, Suzanna Quenell, Ginger Rose, philip Sandford, Eugene Scarim, George Smith, David Spiering, Rodney Spitler, Thomas Tharge, Frank Weston and Raymond William.

County Agent's Corner

By George Purcell

The Western Washington Experiment Station reports very helpful information regarding the use of plastic covers for bunker silos.

In 1956, 160 tons of corn silage were stored in a bunker silo. One half was covered with a large sheet of plastic costing $140.

Use of the plastic cover gave more edible silage and prevented loss of considerable protein. Because nothing held the plastic close to the silage, air got under the cover and caused some surface spoilage. A small amount of dirt was placed on the edges of the plastic to hold it in place. There was no surface spcilagle under the dirt.

In 1957, the same bunker silo was filled with 180 tons of field corn and covered with strips of plastic 10½ feet wide. The plastic strips were covered with about 4 inches of sawdust. The plastic cost $45 to cover the silo — about 25 cents a ton. There was no surafce spoilage, although some was found next to the sidewalls, but less than 2 per cent of the forage ensiled. Plastic strips are easier to handle when silage is fed. In laying strips, start at ground level on either end. Overlap strips so rain will run off.

Plastic can be punctured easily. Prevent puncturing with pitchfork tines, sharp corners and edges. Polyvinyl type plastic can be patched with pieces of polyvinyl and cement made for patching plastic.

You should not depend on plastic to correct mistakes made in putting up silage — but plastic covering on bunker and trench silos can reduce spoilage loss if properly used. Research on plastics and silos is continuing.

Frequently it is necessary to make silage from forage containing no legume such as one of the small grains. A good example of the feed value of this type of silage was illustrated in an Illinois feeding test with oat silage. Calves full fed on oat silage plus 2 lbs. alfalfa hay daily made daily gains amounting to only 1/8 pound per day at a cost of $79.28 cwt. When this roughage was supplemented with one pound of protein daily, the daily gain jumped to ½ pound and the cost decreased to $28.38 cwt. However, when another lot of calves fed the same roughage ration received 4 lbs. corn plus 1 lb. protein per head daily

Franklin Pierce Golfers Win In Jaycee Tournament; Go To State

Two Franklin Pierce sophomores swept first and second places in the Jaycee sponsored Junior Golf Tournament held on June 10 at the College Golf Course.

The tourney was won by 16-year-old George McCune who shot a 74 over the par 70 course on a day which made the course tough due to inclement weather all during the morning's activities. Tom Parkhurst, 15-year-old linksman was in the runner-up position with a score of 78 for his victorious effort.

The two boys, along with young golfers from throughout the state will journey to Euphrata for the Junior Chamber of Commerce State Tournament to be held on June 26-27 and 28 at the Euphrata Golf Course. The winner of this competition will go on to Tucson, Arizona in August to compete in the Jaycee National Junior Golf Tournament which will host the finest young amateurs in the nation in an event rich in prizes and prestige.

McCune, an employee of the local course was number one man on the Franklin Pierce team during the past year and shows promise of great things to come on the golf course. Parkhurst, playing golf for only a year in that time shows that he is the boy to be watched in future events.

Pee Wee League Play Opens June 2nd at Round-up Diamond

Hats off to the Parkland Kiwanis Club and the businessmen of the area who are sponsoring the Pee-Wee League which got underway at the Round-up grounds diamond on June 2nd. Young boys were out in force along with parents and interested persons as play got underway at 6 o'clock with the Bankers meeting the Chargers in the first of many, many contests scheduled throughout the summer.

The Bankers were unable to get their offense underway in the first game and the big bats of the Chargers overpowered them to the tune of 16 to 1. Battery for the Bankers was E. Barnes, pitcher and C. Barnes, catcher and the Chargers had J. Hart on the mound and G. White directing things from behind the plate. David Ouhl of the Chargers connected in the fourth inning for a home run which scored two runs, and from then on the Chargers were off and running. The Bankers committed two miscues and the Chargers one.

The Chargers are coached by George A. Ouhl and A. Short heads the Bankers.

The next regularly scheduled night of play saw the Shopettes and the S&M Cabinets meeting in a 6 o'clock game which saw the Cabinetes coming out on the long end of a 22 to 16 score. Cabinet moundsmen allowed only 3 hits while they were scoring 22runs on 13 hits and 2 errors.

On Monday, June 9, the Chargers and Kellers teams met at the Round-up diamond with the Kellers emerging victorious with a 7 to 5 score. Batteries for the game were Jim Doster and Larry Hart on the mound and Harry White behind the plate for the Chargers, and Andy Lewis and Vern Neighbors hurling for the Kellers squad and Joe Bennett handling the catching chores.

The Trinity Lutheran Scouts Pee Wee baseball team met and defeated Cooke Motors on the Franklin Pierce ballfield Wednesday evening, June 12th. The score was 30 to 2 in 4 innings. Whisler had 5 hits for 5 with one being a homer and Flatness connected for a homer. The Scouts scored 30 runs on 15 hits and 2 errors and Cooks Motors scored 2 runs on 1 hit and scored 6 errors.

Eddie Arcaro rode 250 straight losing horses before he won his first race as a jockey.

Parkland - Spanaway Recreation Program Starting On Thursday

The County summer playground program for the Franklin Pierce area and Spanaway officially opens at 10:00 a.m. Thursday. Beach trips to Spanaway Lake will be conducted as in the past through the co-operation of the Franklin Pierce School District beginning Tuesday, June 24 with full time life guards for the swimming periods. Buses will make pick-ups at all area playgrounds for the 1:00 p.m. to 5:00 p.m. excursion.

The playground program, scheduled for most Franklin Pierce elementary schools and Parkland park, as well as Spanaway school, will extend through August 22. Activities each week will be centered around a song title. The first is "It's a Good Time to Get Acquainted" for Get Acquainted Week and then "June Is Bustin' Out All Over" for Nature Week ,and so on through the summer.

Each week will also feature events in keeping with the weekly title. In addition there will be hikes, pet shows, Indian contests ,puppet shows, cook-outs, doll shows, and trips to the beach.

A full ten-week program of handicrafts is also planned. There is no charge for any of the playground activities. Money for the program has been supplied through the co-operation of the County Commissioners and the Franklin Pierce school district. The Metropolitan Park District has trained the leaders at their annual institute held June 13-18 inclusive.

All-County sports events include Pierce County, Synchronized and A.A.U. Swim Meets, Junior Olympics Track Meet, Sports Jamboree, Junior Golf Tournament, Tennis Tournament, and Mighty Mite Heyday.

Leaders will conduct their programs from 10:00 a.m. to 5:00 p.m. at Dawson playground, Central Avenue school, Collins school, James Sales school, and Parkland Park playground. If there is any change in this schedule children will be notified by the playground leaders at the various play areas.

Still in the planning stage but a distinct possibility is a "Learn to Swim" program to be held at Spanaway in connection with the twice weekly swim trips. Further information on this program will be forthcoming.

Questions regarding the program can be directed at Dan Inveen, County Rcreation Supervisor, at FUlton 3-2496.
