TRINITY PASTOR ON INTERESTING TRIP ABROAD

By Rev. Ernest B. Steen

Greetings to the Parkland Times-Journal!

I suppose a person who travels on foreign soil is more apt to think appreciatively of his community and its institutions than when he is at home. That's probably what was meant by the person who wrote, "Absence makes the heart grow fonder." Such has been the case for your correspondent as he has journeyed from Parkland to Rome, stopping at numerous points in the States and on to London, Paris, Geneva, Zurich, Milan and Assisi.

While in sentimental mood, may I express my appreciation to the Parkland Times-Journal for an important service rendered in the Parkland area as a news and advertising medium. My particular appreciation turns in the direction of your willingness to give generous space to church news and announcements. You have been very helpful in promoting that work which is such an important leaven in community life.

May I extend my personal congratulations and good wishes to you as you move into your new quarters where the Parkland Times-Journal will undoubtedly be able to become even more effective as a community servant.

Plane travel today is well nigh miraculous. It's scarcely more than an overnight ride from New York to London. On trips from London to Paris and from Zurich to Milan, the plane trip was shorter in time spent in the air than the bus trip from airport into the city.

London and Paris offered splendid opportunity to see where history of past centuries has been enacted. Historic sights, cathedrals, castles, art galleries and museums kept us on the move. Switzerland has been the scenic wonder of the journey. Geneva was tops with the beautiful lake, parks, flower gardens, mountains, well-kept countryside, stimulating air and fine people. Some day I'd like to return.

Today we start out on a five-day tour of what Rome has to offer to a visitor. It should be interesting.

New Parkland Resident

A new Parkland resident, Douglas Keith Hedlund, was welcomed by his parents, Mr. and Mrs. La Monte Hedlund of 920 South 121st St., June 21, 1952. Sharing the joy of the blessed event are Mr. and Mrs. Carl Hedlund and Mrs. Alfred Croning, grandparents, and W. A. Gellatly of Corvallis, Ore., and Mr. and Mrs. John P. Swanson of Parkland, great-grandparents.

Mostly About Horses

By Clarence La Crosse

Fun for all was had by those participating in the 3-day camping and riding trip sponsored by the Washington Horsemen... some riding and a lot of horseplay was had up most of the trip.

Crist Keffler is still looking for the one who supposedly took his wire left from the last trip to hold in his horse... guess he expects to leave things out on the reservation forever and expect to find them where he left them... yeh and he had his ten cent pop along again too.

Missed E. K. Dorwin on the trip... he usually adds considerably to an outing... especially when it comes to taking the youngsters (and older ones, too) on an all-day ride.

Kent Erickson continued to be the life of the trip... at six in the morning out comes Kent with his "Every-one up?"... needless to say they were soon... where he gets all the energy is more than I can figure.

Just a few of those I saw... and recognized on the trip... Hazel and Francis Nordyke (incidentally, Hazel is joining the ranks of those who like to ride now, too)... Ted and Margaret McKenna, Connie and Kent Erickson with all their fun... Crist Keffler, Amerigo and his family of fun... Mac Robinson and Roxie... with junior, old emce himself, Larry Kirkwood and wife and son Billie... Mr. Libby, Jerry Buck and a host of girl friends, Torchy and Bob Hopkins, Joan Culp, Donna Colin, Doris Pimm, Fern and Casey Berger, Jack and Jean Cuddeback with a host of horses... and a host of others... fun was had by all.

Where Is Viv?

Viv Selle left Parkland for his trip along the Cascades to San Diego several weeks ago... as yet I have not heard from him... as far as I know the snow is still quite deep in spots along the trail... he may have trouble making it for a while, perhaps he will go by civilization soon and drop us a card.

Weekend Riders

Saw a lot of folks out on horseback here and there over the weekend... Besides the many who went to Rainier for the trip, or part of it, there were McCarthy, Buzz Carmel and Chuck Rohr heading out toward Yelm and mud flats for a couple of days of nice riding.

Parkland Riding Club Elects

July is the end of the year for the Parkland Riding Club and the former officers of that club... at the last business meeting of the club, held at my home last Tuesday, the following new officers and board members were selected by the membership present for the following year:

B. F. Fluty, president; Bob Wickline, vice president; Jean Woods, secretary-treasurer; board members: Jim Lewis, Adelyn Wickline, Gerry Haakenson, Tom Woods and Del Cheney.

This represents a 100 per cent change in management for the coming year with promises from the new president that we are going to do things this year... Hop he is right because we sure need to do a few things soon.

It's a good time to start thinking about some hay for the winter... prices are going to be high again this year... make your selection early but get it in the barn... it costs a lot more in the spring.

Need a new saddle or bridle or what have you? Summit Feed Co. has a fine line available for your inspection and approval... Drop in and meet Walt Stanger and Frank La Crosse... They will be glad to assist you with any of your tack needs from a curry comb to a new Lawrence saddle.

Our Roundup Princess Lois Pollard

just reminded me of the strictly Junior Show being held this Sunday at the Washington Horsemen Arena... A cup will be given the high point boy or girl of the day as a special attraction and incentive. Ribbons of course. Classes are Small Fry, Beginners Jumping, Western Hurdles, Trail

Seine's To Open Second Shoe Store

Al and Malcolm Seine this week announced the opening of their second shoe store, located in the 26th and Proctor shopping district in Tacoma's north end. The grand opening is slated for Saturday, July 19.

Continual growth of their Parkland shoe store has enabled the Seines to see fit to open this new store.

"By receiving maximum wholesale discounts through quantity buying for both stores," declared Al and Malcolm, "it is now possible to offer even lower prices. Our new fall merchandise, which is arriving daily, is priced in many instances 15 per cent lower." Al Seine commented that "quality is not being sacrificed for lower prices. It is because of the low overhead afforded in our neighborhood location in the Parkland Centre building plus these maximum quantity discounts that it is possible for us to really compete in bringing you quality shoes at economy prices."

To celebrate the opening of their new store, the Seines are offering the balance of their summer footwear at the Parkland Shoe store at clearance prices. See the advertisement on page three for details.

PAINFUL FOR OFFICIALS
It isn't the sinning—it's getting caught that proves so painful for many public officials.

Bradley-Fogle Rites June 26 in San Diego

Miss Luella A. Bradley, daughter of Mr. and Mrs. Elmer Bradley, became the bride of Ronald L. Fogle, son of Mr. and Mrs. V. W. Fogle, both families of the Waller road district, in a double-ring ceremony held June 26 at the Navy chapel at San Diego, where the groom is stationed temporarily with the U. S. Navy.

The only attendants were Miss Mary Bradley, sister of the bride, and Douglas Fogle, brother of the groom. Wedding songs, accompanied by Miss Mary Bradley, the bride, who was given in marriage by her father, wore a wedding gown of white tulle and lace with an overskirt of nylon netting. She wore a waist-length veil fastened to her hair with a crown of pearls. She also wore a three-strand pearl necklace and carried a bouquet of pale pink carnations centered with a red rosebud corsage. Her sister's flowers were pink carnations and her dress was of blue tone tulle with an overskirt of net.

The bride's mother chose an ensemble of pink with white accessories. For going away, the bride was dressed in a beige suit with white accessories.

Following the ceremony, a wedding reception was given in honor of the young couple, who are now at home at 3326 Adams Ave. Apt. D, San Diego, Calif.

Mr. and Mrs. Elmer Bradley, who went south for the wedding, were accompanied by Miss Mary Bradley and Mr. and Mrs. Lewis Bradley of Kennewick.

She is the mother of Art Hitchcock of the Hitchcock hardware, Mr. and Mrs. Art Hitchcock, also formerly of Spanaway, are now living at 1501 So. 46th St., Tacoma.

How to Hang Small Pictures
AN EFFECTIVE way of hanging small pictures is illustrated. Take a shipping tag, cutting and creasing it as indicated. Glue it to the back of the frame,

taking care to fasten the tag so that the picture will hang straight. This is a simpler method than using eye hooks and picture wire and will be just as satisfactory. (Illustration courtesy Popular Mechanics.)

At the July 2 meeting of the auxiliary, held in the home of Mrs. John Sierman, the Grange ladies voted to offer as an achievement award to a senior 4-H girl of the Waller Road club one paid trip to the Pullman state camp next year. A set of rules to abide by will be given out by the leader soon. Mrs. Sierman was assisted in entertaining by Mrs. Alga Redman. The next meeting of the Grange auxiliary will be Aug. 6 and will be the annual picnic of the group. It will be held at Wapato park. Friends and relatives may join in for this occasion. We hope to have a good turnout and know we will have a pleasant time.

WOODLAND NEWS

(Continued from Page 1)

and David, Mr. and Mrs. Shelby Tucker and Mrs. McKee drove to Salem, Ore., to visit with Mr. and Mrs. Forest Simmons, cousins of Mrs. Shelby Tucker.

To Olympia
 Mrs. Frank Wiggins, with Mrs. Mabel Geyer of Seattle, drove to Olympia to spend the day. They enjoyed a tour of the capital and the sunken gardens.

Trip East
 Mrs. Lois Phillips went on a trip with her brother and sister-in-law to Salt Lake City, where they spent time visiting friends and sightseeing. From Salt Lake they drove on to Missouri to visit a sister and other relatives. On the way home from Missouri was a stop-off in Scotts Bluff, Neb., to visit a niece. Leaving Billings, Mont., they swung down to take in the sights of Yellowstone and then on home.

Beach Outing
 Mr. and Mrs. Gene Inman and children, Gary, Diana and Dennis, went to the ocean over the Fourth. Also at the ocean were Mr. and Mrs. Joe Heil and their daughters, Helen and Mildred. Their other daughter and son-in-law and their children, Mr. and Mrs. John Morris and Stevie and Vicky, drove over from Yakima to spend the holiday with them. They dug clams at North Cove and spent the day at Dexter's by the Sea. Also at the ocean were Mr. and Mrs. Kirk Bodhaine and their children, Lea and Genia, and the Karl Cordes and their children.

10-Day Leave
 Seaman Bill Robinson returned to Port Townsend after a 10-day leave spent with his family.

Home From Canada
 Mr. and Mrs. Lary Bartaloz and their two sons, Ricky and Mike, returned from a two-day holiday trip to Canada. They visited in Vancouver and Victoria and enjoyed the thrill of a ride in the chair lift to the top of a mountain. Time was spent in Queen's park, Chinatown and Stanley park. While in Stanley park, they were fortunate in watching a dress rehearsal of the "Red Mill" which was being given that evening at the Stanley park "Theater Under the Stars." It was a wonderful trip with but one unhappy memory — they had to surrender a beautiful ham at the border. Oh, well, the guard they gave it to must have had a wonderful Sunday dinner.

SPORTS

By Rog McDonald

The recent All-State Junior baseball game in Seattle certainly shows that we have many outstanding young athletes in the Northwest, judging by their excellent performances. Selected as the outstanding player in the state was Tacoma's own Ron Chilton, a Clover Park high school product. This is a great honor for the young man and it is a certainty that many of the major league scouts are anxious to secure his autograph on a contract. Ron is an outstanding catcher, not only as a high school player, but also is active in the Tacoma City league. Being selected as the outstanding player in the state gives him a trip to New York to participate in the annual All Star game between other youngsters from each of our 48 states.

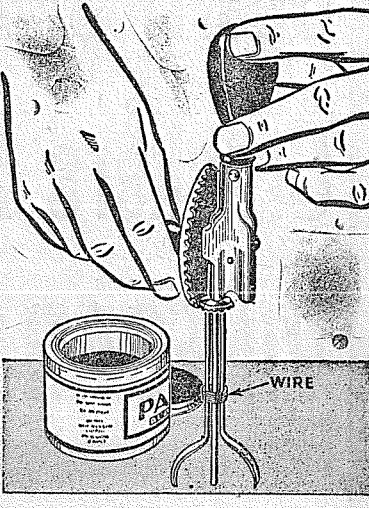

Speaking of baseball, another Pacific Northwest product is in the national spotlight. Fred Hutchinson, former semi-pro star from Tacoma and later a Seattle Rainier hurler, has taken over as manager of the faltering Detroit Tigers, replacing Red Rolfe. This move gives Fred a chance to show his ability as a leader and move the Detroit team out of the American league cellar. This year seems to be a rough one for the managers of both leagues.

Tacoma is playing host to the Pacific Northwest Amateur Golf tournament this week. Golfers from all over the Northwest and Canada are here for the event. The largest number of entrants in the history of the tournament are matching strokes for the title. This year is proving to be one of the most interesting and competitive golfing years in a long time for the local amateur golfers due to the many outstanding tournaments scheduled. The most important of these being the National Amateur tournament to be held in Seattle in August. This tournament will bring the best in the country to test their skill against our best.

After a disastrous rowing season, the University of Washington salvaged a little glory for themselves by winning the four-oared shell division in the Olympic tryouts. They will represent the U. S. in the Olympic games to be held in Helsinki, Finland, later this year. Among the members of this crew will be Al Ubrickson, Jr., son of the famous Washington rowing coach. The long-awaited match between Rocky Marciano and the pride of the Northwest, Harry (Kid) Matthews, is fast approaching. Manager Jack Hurley, Matthews' financial wizard, is in New York making the final training preparations so that Matthews can complete his training for the big fight July 28.

Here's Way to Mix Paint
 AN EASY way to mix paint or enamel in small cans is to use the old-fashioned beater. Simply cut down the revolving vanes so that the center rod remains a little longer. In this way, the vanes will

be kept off the bottom of the can. Wind a piece of wire around the vane stems to hold them. This device will mix the contents more thoroughly than a paddle or stick. (Illustration courtesy Popular Mechanics.)

PROGRESS

NATIONAL BANK OF WASHINGTON

...without interruption for 67 years

When National Bank of Washington was founded, in 1885, Western Washington was a frontier U. S. Territory, its economy based almost entirely upon the yield of its timberlands. Forest products are still an important source of wealth in Western Washington, but a great influx of population, increased industrialization and expanded business enterprise have made this one of the fastest-growing and most prosperous regions in the Nation. That is progress, in the best American tradition. National Bank of Washington has kept pace with this progress, serving the people of Western Washington without interruption for sixty-seven years. Through ten modern branches NBW offers every financial facility and unexcelled banking convenience, and will continue to pioneer in new concepts of service to its customers and their communities . . . as it has for so many years.

GOOD HEALTH

1. DO SPORTS SHORTEN LIFE?
2. WHAT'S NEW IN RURAL HEALTH?
3. WHAT ARE TONSILS FOR?

© 1950 HEALTH INFORMATION FOUNDATION

Answer to Question No. 1:
1. Strenuous exercise, especially after 40, may shorten life. On the other hand, one study indicates that college athletes live slightly longer lives than preferred risk life insurance policyholders. Football players and those who had letters in two or more sports scored highest in longevity. Another study, however, showed that holders of high scholastic honors lived longer than the athletes.

Answer to Question No. 2:
2. Rural communities that need doctors are attracting young physicians by building clinics that contain the tools modern doctors need to practice efficiently. These tools, like X-ray, are too expensive for the average young doctor to buy and

so he settles in larger cities where they are available to him in hospitals. Now small towns are "baiting doctor traps" by furnishing the doctor with modern medical equipment.

Answer to Question No. 3:
3. No one is certain what use tonsils may have, but one theory is that when they become infected in the first three years of life they tend to help the individual build resistance against later infection—a kind of natural protection. In most cases this protection is only temporary. Doctors usually advise removal of the tonsils when there are repeated attacks of sore throat, when tonsils and adenoids cause mouth-breathing, or there is strong suspicion that they are harboring infection.

MIDLAND NEWS

Beverly Corrigan — GR 8545
The Pierce County 4-H Leaders council held a meeting at the Canyon Road Community hall Tuesday evening, July 1. Mr. Peterson from Thurston county, elected state leaders council president at the state camp held

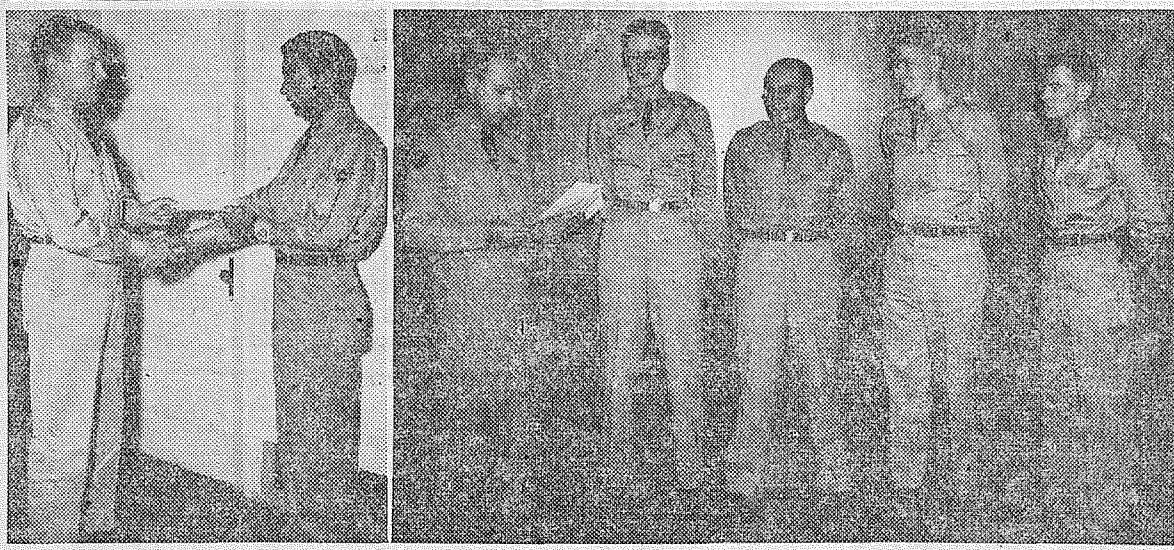

recently at Washington State college at Pullman, made a report on State Camp and on the work they have been trying to get accomplished through the state on the county camp grounds at Millersylvania park near Olympia. William MacSwain, leader from Elk Plain, reported on county camp committees and also on the coming livestock show to be held at Elk Plain, July 19. Claude Doran, county extension agent, presented a 4-H club charter to the Riverside club in charge of Frank Deck. Mrs. MacSwain told about having a committee meeting for those on the field day food project. Junior fair report was given by the leaders president, Mrs. Harold McGee, and Mrs. Rudolph Geise reported on the money made at the lunch booth at the Senior 4-H carnival. The next meeting will be held at Thrift.

Senior 4-H Club Meets
Senior 4-Hers of the county held their meeting at the Canyon Road Community hall the same evening as the leaders. They talked of plans to hold a dance sometime before county camp to be held at Fruitland Grange hall if it is available. On the committee were the following: Joanne Morud, Sharron Eshpeter, Saly Milne, Dorothy Keil, Wallene Lee, Larry Peterson, and Tom Farley. It was announced that Dale Tibbitts from Elk Plain was elected third district vice president of the state at the recent state camp. Congratulations, Dale!

THE CONVAIR YB-60

Consolidated Vultee's answer to the need for a high-speed intercontinental bomber. Here is the first untouched ground view of the great YB-60, giving an indication of the degree of sweepback in the wings of the eight-jet bomber. The wingspan of this sky-giant is 206 feet and the length of the plane is 171 feet. Note the size of the men in the foreground, dwarfed by the giant's 50-foot height. The YB-60 is now undergoing flight tests at Convair's Fort Worth, Texas division.

Five men from McChord winning places in the Air Force Short Story contest recently received awards. At left Norman E. Edelen, who placed 7th in the Air Force wide contest, is presented a check by Major Allen B. C. Durkee, commanding officer of the 1726th Support Squadron. In other photo Colonel William L. Turner, base commander, holds awards for four other McChord personnel who won places in the contest. They are, left to right: A/B David R. Cobb, 1905th AACSS Squadron; 2nd Lt. Miles B. Bates, Hq. Sq., 4704th Defense Wing; 2nd Lt. Kenneth H. Hopp, Hq. Sq., 567th ABCG; and A/3c Kenneth W. Wilderman, 567th Operations Squadron.

Look! No Scissors!

When you need a strip of adhesive tape it is no longer necessary to cut the tape with scissors that may be in the medicine cabinet, but that are just as likely to be in some other part of the house. Now adhesive tape comes in a new "Cut-Quick" package with a cover that cuts the tape. You simply open the cover, pull out the length you need, close the cover and tear off the tape against the cover's cutting edge.
