

. . . until around 10 a.m. Thursday when the phones in most South End business houses began to buzz. Merchants were startled to hear a voice say, "Your ad is missing from the Times-Journal this week." After two or three such calls, each merchant rushed for his Times-Journal or called our office to see what was going on. In general, confusion reigned.

While this was going on, Walt Stanger of Summit Feed Co., the innocent promoter of this uproar, was having his own troubles trying to wait on customers and answer the phone at the same time. Finally, with additional help, he was able to control the situation. His total calls ran well into the three-figure bracket.

The first 20 people who called his store and have by now received their crisp new one dollar bills are as follows: Joe Doyle, 6019 So. Cedar, Tacoma; E. O. Totten, Rt. 3, Box 825, Tacoma; Ed Rickert, Rt. 4, Box 366, Puyallup; Parkland Cycle Shop, P. O. Box 418, Parkland; Harry Tweed, Rt. 13, Box 703, Tacoma; Mrs. James B. Foster, Rt. 13, Box 126, Tacoma; Mrs. Otto Jopp, P. O. Box 167, Parkland; Mrs. Mary Rich, Parkland; Stan No-votney, 6615 Portland Ave., Tacoma; Mrs. D. G. Maxfield, Rt. 11, Box 826, Tacoma; A. E. Riley, Rt. 1, Box 220-B, Spanaway; Ed Ranger, Rt. 13, Box 145, Tacoma; Mrs. Broughton, Rt. 3, Box 534, Puyallup; C. F. Ful-wiler, 6311 McKinley Ave., Tacoma; Mrs. Paul Bacon, Rt. 3, Box 624, Puyallup; Mrs. Fred Hall, Rt. 4, Box 34-A, Tacoma; Mrs. A. G. Rolf, Rt. 4, Box 412, Tacoma; Mrs. Robert Dvath, Rt. 3, Box 654-B, Tacoma; Mrs. Elsie Larson, 8219 East Sher-wood, Tacoma; Mrs. Carl Thompson, Rt. 3, Box 655, Tacoma.

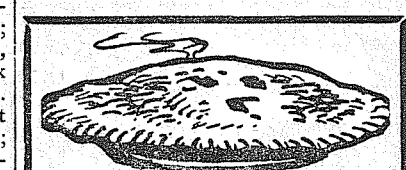

All the others who called the Summit Feed Co. have by now received their surprise gifts. What was the sur-

prise gift? A treat for their dog. After comparing notes with the merchants in the South End, it is quite apparent that the total calls ran well into the thousands.

On behalf of Walt Stanger and the Times-Journal staff, I wish to apologize to those merchants whom we caused so much unexpected trouble and to thank our readers who participated and to assure you that although you may have received some startling replies to your calls, all the merchants, being the fine people that they are, once they found out what it was all about, were soon captured by the spirit of the affair and enjoyed the big mix-up as much as anyone.

I assure you that the atomic results and confusion caused by our little quiz game were entirely unforeseen by Walt and myself.

Thanks again for your participation and good fellowship.

SWC Firemen's Ball Planned for Nov. 10

Win a television set, have a good time and serve your community. The Summit-Woodland-Collins Volunteer fire department No. 9 is holding a Firemen's ball on Saturday, Nov. 10, at the Fruitland Grange hall. Money received from this ball will be used to cover improvements for the department. For advanced tickets, call any fireman or purchase tickets at the door. It will not be necessary to be present to win.

The Summit-Woodland-Collins firemen have now a new Diamond-T truck, fully equipped with high and low pressure hose and all other hand fire fighting equipment necessary. They also have the original truck, a Ford delivered Christmas day, 1948, plus the auxiliary tanker. The volunteer firemen drill every Monday night. More men are needed, so contact any of the firemen for information. Firemen of the Woodland district are Robert Flom, Harry Lee and Clayton. The commissioners are Ray Gogan, Ed Purdue and Harry Lee. This year they are also issuing another yearbook and anyone interested in placing ads may call Mr. Purdue.

The Women's auxiliary of the Summit-Woodland-Collins district is now open for membership to any woman in the fire district. They hold their meetings on the 4th Wednesday of each month. For information, contact the president, Mrs. Flom, or Ruth Clayton or Mrs. Hoff.

SMORGASBORD Friday evening in Trinity Lutheran church, with a pleasing concert, will be presented by the Mary-Martha society.

MEDITATION

STOP, LOOK AND LISTEN

Stop, Look and Listen — familiar since our childhood wherever steel rails came out of the distance, crossed our road and faded again from sight. A friendly admonition not to rush headlong into infinity.

Might it not be well in this rushing life of ours to stop, when a favorable moment permits, look — inwardly, as one sometimes does in the quiet darkness of the night, and listen — listen meditatively? Listen for the great Hymn of Harmony in Nature, in the wheeling of the stars in their courses, in the immutable rightness in the working of God's laws all about us.

Perhaps, listening deeply to that great Harmony we may sense that He IS guiding all destiny, and thereby be comforted. Perhaps realize that we receive, always, more than we give of what is good. Perhaps as we listen we can learn to live more calmly, more happily.

Stop—Look—and Listen.

PARKLAND TO SEE THE GREAT VIRGIL MONDAY, NOV. 5

Thrills galore, and plenty of laughs and fun is in store Monday for local people when The Great Virgil, premier international illusionist, with his skilled company of miracle workers, brings his show of miraculous and enchanting wonders to the stage of the Parkland junior high auditorium.

The Kiwanis club of Parkland Area is sponsor of this first class mystery show. President Herbert Socolofsky has done a lot of work in obtaining the show for Parkland. Usually it avoids the smaller cities.

Through the cooperation of Morris Ford, president-elect of the Kiwanis club, arrangements have been made to provide transportation to the children from the various schools, in order that they might attend the matinee at two o'clock on Monday.

The big evening performance gets under way at eight o'clock. Tickets for the evening performance are one dollar each. They may be obtained at the door or in advance by any member of Kiwanis.

The Great Virgil is considered the fastest and most mystifying illusionist on tour today, and it is said if you nod to a friend you miss a trick, for he presents as many as nine mysteries in the course of three minutes.

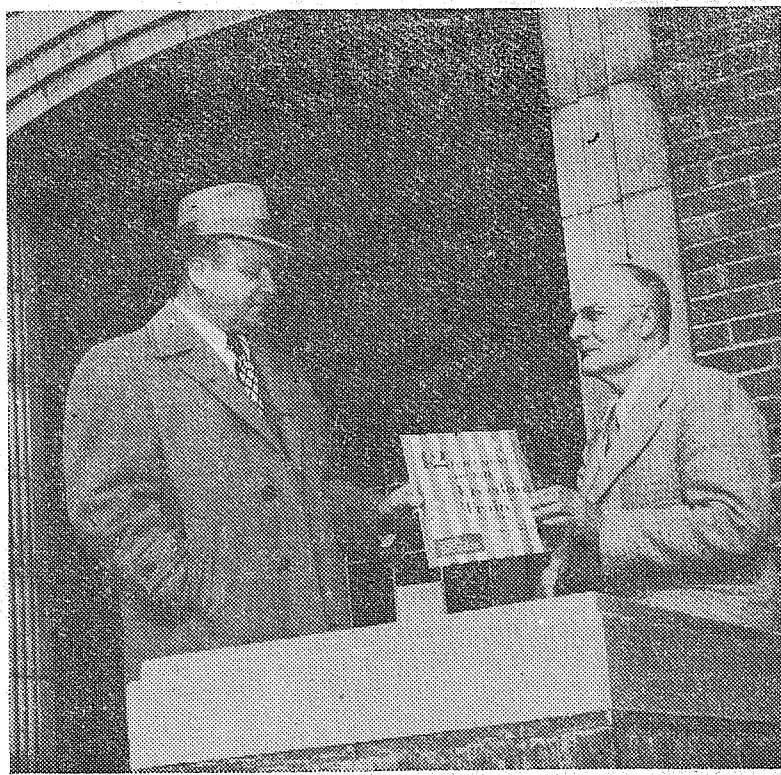

Opening with such feats as covorting ghosts, and appearing in a puff of smoke, snatching birds, flowers, silks, and rabbits from thin air, and catching live goldfish visibly in the atmosphere, Virgil goes swiftly into the more spectacular illusions, such as: Sawing a woman in half, shooting a bullet through a girl, rescuing a jungle princess captured by the cannibals, the Hindu princess asleep in space, being hung on a gallows by a band of Arabs and countless other effects using tons of elaborate and costly equipment.

The full evening performance of The Great Virgil is said to be just one long thrill and laugh-packed evening that is more fun than a three-ring circus.

Rufus Parker is chairman for the Kiwanis club of this gigantic spectacle of mystery. If you want a seat, be early. The Great Virgil show is always a howling success wherever it shows.

NOTICE

The Parkland Light & Water Co. has applied for a variance permit to construct a warehouse and garage back of the present building, the permit hearing to be held Friday, Nov. 2, at 10 a.m., before the county commissioners in their office at the court house in Tacoma.

ART SWINDLAND, manager of National Bank of Washington, presenting a portfolio of Freedom Train documents to the Pacific Lutheran College library; Ole Stuen, PLC librarian, receives the gift.—(See story on page 3)

Mystery Boy Winners

A large crowd of children gathered before the Garfield Variety store Saturday afternoon to try to identify the "Halloween boy" in the window. Although very well disguised, Lee Pad-dock, the mystery boy, was recognized by several children. Jeanne Lynd, the first girl winner, received a nurse's kit; Rolly Molzan, first boy winner, was given an extra special cap gun.

Three other winners, Dutch Friessy, Linda Olson and Douglas Sorsdahl, each received a comic Halloween mask.

Box Supper and Cards

Sponsored by the Clover Creek Grange, a box supper and card party will be held Saturday evening in the Grange hall, beginning at 8 o'clock. In addition to a prize for high score in pinocle, a prize will be given for the prettiest basket. The committee in charge includes Erwin Ward, Freeman Meyers, Fred Kistenmacher and W. Mathiasen.

Grange Auxiliary Dinner, Bazaar Due

The James Sales Grange Ladies auxiliary is having a turkey dinner and bazaar Saturday, Nov. 3, from 5:30 to 8 in the Grange hall, located one block off Park avenue at 113th. Mrs. Collin Cuthbertson is president of the auxiliary.

The bazaar will feature fancy work, aprons, etc., and a food booth with home baked goods.

Committees are Mrs. Collin Cuthbertson, kitchen; Mrs. Chester Georgia, dining room and chance booth; Mrs. Paul Froman, pillow cases; Mrs. Harry Jinkens and Mrs. C. Melvin McKenney, aprons; Mrs. Louis Stanke, tea towels; Mrs. Jake Brandt, fancy work; Mrs. Donald Reed, publicity. Host for the evening will be Paul Froman.

Tickets may be purchased at the door, at 705 Lafayette street from Mrs. Jake Brandt, or at 774 South 72nd from Mrs. Collin Cuthbertson. Parkland merchants who deserve thanks are Fletcher's Grocery, Al-vstad's Market, Berry Grocery, Eagle Grocery, Smith's Grocery, and all stores displaying posters.

SEVENTH ANNUAL FIREMEN'S BALL DUE SATURDAY

The seventh annual Firemen's Ball of the Harvard, Midland and Larchmont Volunteer fire department will be held this Saturday evening, Nov. 3, at the Midland ballroom. This affair culminates weeks of hard work by all the firemen and members of the Ladies auxiliary.

The money raised from this annual ball has helped the fire district through some of its tougher times, when tax money wasn't ample to finance the development of the department to its present state.

Money raised from these dances made possible the construction of the present fire hall, the purchase of the first fire truck and other necessary equipment. In 1947 the dance proceeds were used to purchase a rescuator which has been instrumental in the revival of many victims. All of the men of the department have been trained in the use of the rescuator and most of them hold American Red Cross first aid cards and the department boasts three qualified instructors in the group.

The 1950 dance proceeds made possible the purchase of turn-out clothes for the entire department, thus cutting in half the time necessary for the men to get to the station when answering the night calls, as well as adding much comfort and protection to the men.

This year the proceeds will be set aside for furnishing a new firehall which the department hopes the fire district will be able to finance through a bond issue. Members of the department are negotiating at the present time for property with ample room for a large drill field and a larger fire hall to house the equipment.

The Harvard, Midland and Larchmont fire department is made up entirely of volunteer personnel. The commissioners, chiefs and firemen receive no remuneration for the hours of work and drill or the weeks of night duty when they take their regular turn of sleeping at the fire station. The only pay is the satisfaction that they are doing a job that is appreciated by all of the residents of the fire district.

CIVIL DEFENSE MEETINGS SET FOR THURS., FRIDAY

By Trav Dryer
Area Civil Defense Director

Two important Civil Defense meetings are being held, one tonight (Thursday), 8 p.m. at Parkland school for Parkland and the second tomorrow night, Friday, 8 p.m., at the Spanaway fire hall for Spanaway. At these meetings it is hoped that a sound and adequate system for a practical civil defense can be set up.

Our Civil Defense is an unpaid, voluntary effort by us civilians for us civilians and for our neighbors and for our country. It is the only answer to the threat of horrible casualties both in lives and in our very "way of life" in event of a total war.

If we were bombed we must be prepared to aid the injured and homeless, restore order, and as quickly as possible re-start the wheels of production so that our country's defense may be strong and our morale be unimpaired.

Tots Club Dance Planned November 3

Collins Tots club will hold a dance in the Collins Grange hall Saturday evening, Nov. 3, from 9 o'clock until 11. Those in charge state that by "passing the hat," dancing can continue during the wee small hours of the morning. Mixed dancing will be enjoyed, with refreshments to be served.

Joe Shilley's four-piece band will provide the music and the grocery box award and the prize waltz are features of the program. The Harvest theme of the affair will be carried out in colorful decorations of autumn leaves, squash, cornstalks, scarecrow, wagon wheel, horse harness, etc.

Mr. and Mrs. Howard Morris are general chairman; Mr. and Mrs. Gil Baker, decorations; Mr. and Mrs. Harold Haase, refreshments; checkroom and ticket office, Mr. and Mrs. Walt Godfrey; publicity, Mr. and Mrs. Si-McElroy; features, Mr. and Mrs. John Deroy.

Free Flowers

In celebration of National Flower Week, florists of the area are giving a dozen roses or an orchid to anyone donating a pint of blood during the week. The flowers will be given at the Blood Bank. Florists of Parkland are cooperating in the event.

Dinner and Bazaar

The Ladies' Aid of Roy Congregational church will hold a turkey dinner and bazaar Wednesday, Nov. 7, serving to start at 5:30 p.m.

TRY-OUTS for "Parkland Revue," talent show to be present Nov. 28 by Rodger Lundee post and Auxiliary No. 5052, will be held Wednesday evening in the Parkland school. Those wishing to participate are asked to contact Mrs. Marvin L. Hodge, the producer, HA. 3958.

Mt. Rainier Riding Club to Dance
Fun for all is being planned by members of the Mt. Rainier Riding club for those attending the gigantic FREE dance to be held this Saturday evening at the Graham Grange hall in Graham.

Now the people of this city may have the Freedom Train in their homes at a cost of \$1.50, it was announced today.

The portfolios contain such priceless historical items as: Jefferson's Original Rough Draft of the "Declaration of Independence"; Abraham Lincoln's "Gettysburg Address" in his own handwriting; the Last Message from Corregidor, which was interrupted when the Japanese broke into the wireless room; the original United Nations Charter, with the signatures of all the participants; the Emancipation Proclamation, with the signature of Abraham Lincoln; the original Japanese and German surrenders of World War II; the original manuscript of the "Star Spangled Banner" in the handwriting of its author, Francis Scott Key; original Letters by President Washington, President Theodore

LIBERTY RESTORED

A significant development on the American scene during recent years is the general observance of the Reformation festival. A day which for hundreds of years was celebrated chiefly by Lutherans has recently come to be recognized as a heritage which all Protestants have in common.

This is as it should be. For when Martin Luther nailed his 95 sentences to the door of the Castle Church of Wittenburg, October 31, 1517, challenging the ecclesiastical authorities of his day to a debate on controverted issues, he began a movement which was destined to rediscover the basic Christian freedoms which are now the common heritage of many Protestants.

Luther taught nothing new. He taught no doctrine which Christ Himself had not taught. But he did insist that men must teach and believe everything that Christ has revealed. He insisted that all religion must be based on the Bible alone. 2 Tim. 3:16. He insisted that man is saved by grace alone, that salvation is one hundred per cent a free gift of God's mercy. Rom. 11:6. He insisted that man becomes a partaker of this free salvation alone by faith in the atonement of the Savior. Gal. 2:16. And he insisted that the individual Christian has direct access to the father-heart of God through Jesus Christ without any human intermediary. 1 Tim. 2:5.

If Luther were living today he would no doubt point modern Protestantism to the words of Scripture, "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage." Gal. 5:1.

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Time to settle...

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employes and the railroads.

More Than 90% of Employes Accept
 Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employes—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse
 But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employes. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employes are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?
 They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?
 Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$.34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19 1/2 cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?
 The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employes covered by signed agreements.

What About the 40-Hour Week?
 The White House Agreement calls for the establishment of the 40-hour week in principle, for employes in yard service. The employes can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?
 The continued quibbling of the leaders of the three unions has to do principally with rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated
 The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed
 With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employes.
