Spanaway Public Golf Course To Opan April 1

Ken Scholz Named County Conservation Farmer of Year

MC MILLIN - A recognition banquet Tuesday evening at Anton's will pay tribute to Kenneth Scholz, a berry and beef farmer from McMillin, who was selected Pierce County Conservation Farmer of the Year.

He will represent our County at Yakima during the statewide annual meeting of the State Association of Soil and Water Conservation Districts. Sponsoring Scholz at the meeting will be the Puyallup Junior Chamber of Commerce.

Scholz and his wife Bonnie have lived in McMillin since 1948. They are farming over 300 acres at the presenttime. Of these they own 156 acres, lease 71 and sharecrop 50.

Nearly 2/3 of his land is used for raising certified strawberry plants. Sevenmillion of the 60 million plants grown by Pacific Northwest farmers come from Scholz's

In his operation Scholz has seven farms. The largest being 130 acres in Orting. The 11 acre site at McMillin is "homebase".

It is here that Scholz processes the plants for the commercial market. During January, February and March the plants are dug, sorted and packed in cold storage until they are sold to the market.

Nearly 75 women are employed in this operation. During harvesting of the berries Scholz employs 200 school children, mostly from the Franklin Pierce School District. His annual payroll is

\$100,000. Scholz first became associated with the Soil and Water Conservation District in 1951. Since that time he has constantly worked in keeping the fertility of the soil at the best level and in using correct draining and irrigation meth-

All open land is covercropped with a green crop during the winter months. He also the raspberry rows to prevent erosion and leakage of nutrients. "A cover crop benefits both the soil and future crops," explained Scholz.

He emphasized that berry canes were never burned or hauled out. "By using our rotovator we can incorporate the green manure and berry canes back into the soil." said the conservationalist.

While Scholz favors cattle farming to berry farming, he pointed out that his cattle program was now used strictly as a rotation measure with the plant crop. He runs his sod program for three years or more and then returns to the

plant program for two years. Some 2,500 feet of open drainage ditches and more than 5,000 feet of tile drains have been installed.

All sprinkling is done by overhead sprinklers. He has a

pond for irrigation with future plans calling for two more. He can also irrigate from three

wells and the river. Prior to the planting of certified strawberry plants which is done at his Orting farm - Scholz applies a fumigant to the soil and covers it with plastic for 48 hours. This is done for disease and pest control. After the 48 hours, the soil is uncovered and opened to the air for two weeks before plants are set.

Helping around the farm are the Scholz's six sons Ronald 17, Keith 16, Larry 15, Allen 12, Daniel 9 and Steven 4.

The McMillin farmer was chosen from a field of three candidates by members of the Puyallup Jaycees assisted by two members of the Soil and Water Conservation District.

Police Ask Hallowe'en Safety Care

PUYALLUP - Halloween activities again will bring swarms of youthful trick and treaters out after dark onto our city's residential, main and rural streets where they will become one of the yearly traffic problems.

Chief of Police James rooker urged drivers to be on the lookout for children crossing streets from street corners and from behind parked cars. "The dark costumes the children will be wearing increases the danger of them being hit by a car," he said.

"Parents of young trick and treaters can help insure their safety by making sure their child can see and be seen at night." he continued. "Children should be instructed to remove their masks when crossing streets to avoid having their vision obstructed."

Driver Ed Teachers May Train

Adults interested in becoming teachers of driver education can become certificated by attending a series of classes offered by the Franklin Pierce Adult Evening School. b

The first of three courses will begin Oct. 31 and meet on Monday and Wednesday nights. The course will last five weeks and carries two semester credits from Pacific Lutheran University.

The second course will begin March 3 and the third course will begin June 20. Teaching the series of courses will be Al Schimke. The fee is

emplacements.

Valley Serviceman Wins Silver Star

PUYALLUP - Captain Richard R. Lund of the 31st Aerospace Rescue and Recovery Squad was awarded the Silver Star in brief ceremonies recently by Lt. Gen. James W. Wilson, Thirteenth Air Force commander.

Vol. 22, No. 8

The captain was decorated for heroism as a rescue crew commander while on temporary duty in Southeast Asia.

He received a call while piloting his amphibian aircraft over the Gulf of Tonkin telling him that two Navy pilots had ejected from their damaged aircraft. The captain proceeded to the area to rescue the downed airmen.

Upon arriving at the scene within minutes, Captain Lund discovered that one of the downed pilots had been captured by a North Vietnamese junk and the other pilot was in the water being pursued by another boat. Shallow water made it impossible for the amphibian to be landed.

He placed an immediate call to a nearby Navy ship to send helicopters to assist in the rescue. In the meantime, Captain Lund had to keep the pilot in the water from being captured. He brought his aircraft to as low an altitude as possible and made a series of passes at the junk. The unarmed aircraft drew heavy

Annexation **Drive Opens**

An intensive community wide drive in Parkland is seeking signatures to support annexation of four areas to the South Suburban Sewer District, president Clayton B. Peterson has announced.

A deadline of January 1 has been set for bringing sufficient people into the District to make a sewer system economically possible. If this deadline is met then it is probable that the sewer system could be operating by September 1 of next year.

"This is a crucial time for this area," Peterson said. "We need a permanent solution to our sewer problem. The growth of this area and the health of our people depend upon having a proper means of disposing of our sewage. The new high school, new homes and business, and expansion at PLU will all make it imperative that we have a modern healthful method for collecting and treating our sewage. The increase in population in this area increases the danger of pollution of the subsoil. This can be a real hazard to the health and welfare

of our children and families." Details of the plan for securing petitions will be announced next week. All persons interested in signing petitions or securing petitions should contact Peterson at LE. 7-8611, Ext. 232.

legal problem in filing a charge of "discharging a firearm within the city limits" against the offenders. The case will be thrown out of court unless a witness is found who actually saw the suspects do the shooting, police explain. So far, the only eye witness refuses to become in-

rived and caught the men 'bleeding out' the animal in my yard, I thought everything would be taken care of," Mrs. Campbell stated. "But the men were allowed to take both their rifles and the deer with them. All the police did was take names and addresses."

"The police judge refused to let me sign a complaint because I didn't see the shooter pull the trigger. I've since called the county, State Department of Game, and even the Attorney General's office and none of them want to be bothered. I guess no one will take action until a child is

Local Scientists To Be Filmed -

Scientists connected with the Western Washington Research & Extension Center will be seen in "living color" a couple of times in the coming week as a new Washington State University sound movie is screened for the Rotary and Kiwanis clubs.

The 30-minute film, entitled "Agriculture's Bridge to Success', has just been released for public showings after being produced by WSU's Cooperative Extension Service. The movie features a glimpse into agriculture research but is set in the theme of a state

travelog that takes the viewer to many of Washington's scenic beauty spots as well as to all of the WSU Experiment Stations.

During the segments taken in and around Puyallup many local faces became the object of the camera's attention.

Members of the Puyallup Kiwanis club will see the film tomorrow during their noon luncheon meeting at Anton's. The Rotary club has scheduled the same film for next Wednesday during its noon luncheon meeting at Ivan's.

High Bids Thwarted Bldg. Plan

EATONVILLE - High bids thwarted the School District's building plans earlier this year and led to hopes for better construction costs after the November 8 election, officials said.

When bids were opened on June 1, 1966 for the proposed Science Addition to the high school, only two bids were received and the lowest was approximately \$30,000 higher than estimated costs.

It was impossible to proceed with construction because of lack of funds. This unhappy turn of chasts was not unique for Eatonville, several other school districts in Western Washington had the same experience.

The Board plans to call for bids as soon as possible after the election hoping to get more favorable prices for building during the winter months. The estimated amount needed locally is approximately 5 mills or \$38,000.00.

A second proposition calls for a special levy of approximately 10 mills or \$78,000.00 for Maintenance and Operation

teur Tourney risten New 8-Hole Course

Spanaway Park Public Golf Course has been set for April 1. 1967, according to Ken Tyson, who will operate the course for the county.

Tyson also leases Meadowpark Golf Course from the City of Tacoma.

Kicking off the grand opening will be the Puget Sound Amateur's Tournament, scheduled to start April 1. The event is open to the public and is expected to draw golfers from all parts of the Puget Sound area, Tyson said.

Although the playing surface is now complete, Tyson said the opening has been postponed until April to give workers an opportunity to clear brushy areas adjacent to fairways. This would be a difficult chore to accomplish if the crew had to devote all its time to maintaining the course for daily play.

Another reason for the delayed opening was to protect the turf from hard daily usage during the wet winter months. Tyson expects the course to be in prime condition for the grand opening.

Golfers who tend to hook or slice will appreciate the wide fairways built into the 145acre natural - landscaped course. In addition to the 18

Longest hole is number nine, a 525 yard par 5 test for players. Hole number 14 is shortest, and will present divoteers with an asphalt-lined water hazard. It is a par 3, 125 yard challenge, A total of 48 sand traps are scattered

Expert instruction will be available for those desiring lessons. Tyson served as professional at Inglewood (Seattle), Olympic (Seattle), Rainier (Seattle), Everett Municipal, and a course at Medford, Oregon before leasing Meadowpark five years ago. Elks will remember him as a former "pro" at Allenmore in Tacoma. The new course is probably

the only one in the country to have a fully wired 150 foot Christmas tree growing in the center of a fairway. A fir too beautiful to cut was left growing in the middle of number seven fairway, Tyson explained. It has been wired with special lighting, and during the holiday season will be visible

from Pacific Avenue, Military Road, and Bressman Drive, A men's and ladies' club will be formed sometime in January, Tyson disclosed, Memberships will be available for

a very nominal fee. Original layout for the course was designed by the late A. Vernon Macan, golf architect from Victoria, B.C. The Tacoma architectial firm of E.L. Mills and Associates designed the clubhouse.

"Golfers will find the new course challenging, but not a bearcat," Tyson stated. It was designed to allow golfers full enjoyment of the sport on a natural landscaped course.

Biologist Earns PLU Award

Dr. Martin W. Johnson, professor of marine biology at Scripps Institute of Oceanography, LaJolla, Calif., received the Pacific Lutheran University Distinguished Alumnus Award Saturday at the annual homecoming banquet

for alumni. After finishing PLU (then Pacific Lutheran Academy) in 1918, Dr. Johnson entered the University of Washington where he earned three degrees - bachelor of science, master of science and doctor of philosophy. He has been on the faculty of Scripps Institute since 1934, rising in rank from instructor to full professor.

A renowned marine biologist, Dr. Johnson is co-author of the book, "The Oceans," which is recognized as the most definitive work in the field and is used widely as a textbook. He has written many articles for scholarly journals and has lectured all over the world.

Dr. Johnson has been curator for the Puget Sound Biological Station, and marine biologist for the University of California, Division of War Research. He was with the Staff of Operation Crossroads for the U.S. Navy, a member of the staff for the 7th and 8th Pacific Science Congress in New Zealand, and he was cochairman of the 6th Pacific Science Congress. He is a member of the Pacific Science

KAPOWSIN P.T.A. will meet 8 p.m. October 27 in the school gym. Mr. John Milroy, superintendent, will discuss local bond issues and a film will be shown explaining Referendum 14 and S.J.R. 22. All parents are invited.

Franklin Pierce and Puyallup were, among the schools represented at the Puget Sound Leadership Conference Friday at Renton High School.

Dr. Dale Turner discussed 'Decisions and Dilemmas Facing Today's Teenagers," and Dr. Duane Magee spoke about the distinction between "A Leader and a Leaner". Both speakers received standing ovations.

Students then listened to a panel discussion on leadership responsibility in teenage drinking.

After lunch, the various representatives of each school split up in ten groups to evaluate what the problems of each school were and how they were related to each other. Every student learned a great deal and agreed that the conference was very inspiring.

Bethel High students are plotting new ways to raise money for better band and choir uniforms. They plan on holding a car wash but haven't set a date yet.

P.E. classes at Bethel have been playing London Bridge and Drop the Handkerchief to provide exciting entertainment while the washing machine is still out of order.

Freshmen at Eatonville who got caught now fully participating in initiation week were tried by the Student Court Thursday. Since they did not call the seniors Sir and Ma'am, they received a lifetime sentence of cleaning gum off desks and raking leaves on the school grounds. .

The Franklin Pierce O-Ki-Hi Girls' Club had a hayride Saturday night. Over 100 girls invited boys and after riding through Tacoma and Puyallup, they all met at the school for a dance and hootenany.

The new school rings are being displayed at the Puyallup School Library. Designs on the unique ring include a Viking head, a mask and harp symbolizing drama and music, three Indian arrows symbolizing loyalty, truth and honor, and Roman shoes with wings symbolizing sports. Dividing one side is a chain meaning school unity, and the graduate's year also is included.

Students will vote on the color of the stone and also the type.

Andersen Cites History In 25th Dist.

Harold Andersen this week pointed to a lifetime spent working with his neighbors in the Parkland and Puyallup areas as he invited voter support for election to the Legislature from the 25th District, position 2.

The Republican candidate was born in Parkland in 1914 and attended Parkland Elementary School, Stewart Jr. High and Lincoln High School. He attended College of Puget Sound and Pacific Lutheran College.

He spent 15 years in the educational field as a teacher and administrator, also coaching at Ridgefield, Gray Jr. High and Lincoln High School.

Twenty years of his life has been spent in the business world as operator and part owner of Park 'n Shop and for the past five years as president of Hi Ho Shopping Center in Puyallup.

"I believe our state government needs a businessman's view as the state should be run in a businesslike manner," he stated. "It is the largest business in the state."

In education, Andersen supports the constitutional mandate that a primary state duty be education of children without preference for race, color, creed or sex. He thinks the community has the right and obligation to determine finance and control in co-operation with the state of its own educational system, free from federal control.

On Highways, he believes the 1967 Legislature should give immediate priority to needed highways and transportation and emphasize highway safety.

"States and local governments must respond to the needs and wishes of their local citizens to preserve individual freedom in the United States." he continued. 'Respect must be gained through reason, education and understanding."

"I believe the individual is the best judge of how his earnings should be spent and that government should not deprive him of that decision by taxing them away from him."

Andersen feels state government should help labor and industry by providing a stimulating economic climate for the creation of new jobs and expansion of industry.

The GOP hopeful favor ter multiple-use management and development of natural Methodist Board of Missions. resources and constitutional reform to permit local govbe in the Eatonville Methodist ernments greater taxing powers. "I believe nothing is more important in government administration than honesty and integrity, creating trust and confidence by the public," he concluded.

BILL HUNTINGTON'S

Winter must be hereTHE HOT LINE is just about ready to FREEZE. My feet are cold, my nose is red, and I'm bound to catch pneumonia the way the cy winter winds blow through the floor boards of the "Great Green Ground Grabber." That truck has more leaks than Batman's theories.

An all new business is due to open in Spanaway April 1st A GOLF COURSE The operator and pro, Ken Tyson, reports the new challenging 6450 (give or take a foot or two) course will be open for divotser goofers.. customers, early next Spring. All kidding aside this all new course is really a beaut new trees, new wide fairways, new large greens, and a lot of big old trees. We will be counting the days 'till April 1st.

As you probably noticed in last week's edition of The HERALD page 5 was dominated by the story of electric heating. I followed Al Raber of Parkland Light & Water, on his rounds through the community. Would you believe he was giving away money? Well, it's true. He gave checks to many many families as a reimbursement for installing electric

One of the truly beautiful homes is that of the Richard Moes it's a new concept in modern design. The home is built out from a hill and the foundation rests on pillars. Downstairs are the living, dining, and kitchen areas. Upstairs are the bedrooms, the master bedroom overlooks the TV. Makes it tough for the kids to sneak downstairs and watch the late movie. If you are interested in electric heat and live within the Parkland Light & Water district give Al Raber a call at LE. 1-5666.

FOR RENT would you believe that Weir's appliance center, 8419 Portland Ave., has a dishwasher rental service? It's true, you can rent a famous General Electric Mobile Maid dishwasher for only \$7.00 per month. And you can try it for as long as 3 months and the rental payments will be applied on the purchase price ... give it a try ..

herwood Aci

ROBIN HOOD Ed W. Burrell, 2909 South 14th Street, is pictured practicing some fancy steps with Maid Marion Carol Seaburg, 4831 East C. Street, in anticipation of the Midland Improvement Club Costume Benefit Ball to be held Friday at 9 p.m. Tickets are available by calling GR 4-2471 or LE 1-5714.

Second Dairy Nutrition Meeting

PUYALLUP - Assistant professor of dairy science at WSU. Dr. Don Waldern will speak at the second dairy nutrition meeting next Wednesday from 1:30 to 3:30 p.m. at the Winter School Building, Research and Extension Cen-

Dr. Waldern's major topic will be, ''Comparative Acceptability and Nutritive Value of Barley, Mill-run and a Mixed Concentrate Ration in Meal and Pelleted Forms for Lactating Cows." Waldern presented results of this study at

the American Dairy Science meeting in Corvallis, Oregon, in June. The paper is being widely quoted in dairy publications recently as a method of reducing feed costs.

Dr. Waldern will also discuss research on cubed hay, low-cost formulation, feeding for high production, and supplementing calcium, phosphorus, and Vitimins A and D.

County Agent Eddie Thomason, chairman of the meeting, advises that an informal question period will follow each topic discussion.

Heart Symposium Invites Physicians

Pierce County physicians are invited by the Heart Association to the 18th Annual Symposium on Heart Disease November 11 and 12 at the University of Washington. b

There is no registration fee for the sessions. Information is available at the Pierce County Heart Office

A ''doctor's affidavit' that Fritz Geiger is well enough to resume his commissioner's duties has been quashed by his campaign manager, who apparently will run to the wire without even trying to prove

> there still IS a Fritz Geiger. No working newspaperman has been able to talk to or look at Geiger for weeks and he is not available to reporters or constituents for even a casual conversation. And now the rumored affidavit from a reputable physician, which was supposed to be released this week, is junked.

If Geiger's failing health were not an issue in the election, his coyness and retirement might be construed as simple bravado. In the light of his opponent's contentions, his campaign constitutes either the clumsiest amateurism or the worst political hoax since the days of the "Kingfish".

In the truth about the commissioner's condition were understandable, we would join

an understanding electorate. No man, politician or not, is expected to be on the job every day of his term. Illnesses, even serious ones, are only human at worst. But when a person in a key position is so gravely ill that he is confined for weeks, it becomes a matter of proper public concern. And, when that officeholder stands for re-election while that condition exists, then the condition goes to the issue of his

> qualifications for office. The Herald has tried repeatedly to talk to Geiger, his manager, his doctor, his family . . . to find out the truth about his condition. Like a lot of other concerned citizens, we have been getting the run around.

Mr. Geiger is in the same position as the man who pleads the 5th Amendment to avoid

DEMOCRAT

The Missing Candidate

giving self-incriminating evidence. He's perfectly within his legal rights, but he hardly can expect to instill confidence in the jury.

Because of the difficulty of getting such a message across to the mass of voters, the race should be fairly close between Geiger and Fircrest Mayor Wally Ramsdell. But if he is re-elected, Geiger can thank voter unconsciousness more than any accomplishments or

If the incumbent is, as it appears, simply running to hold the office for his "team", he is doing a disservice to the voters he is supposed to serve and to the memory of his ca-

reer. The law which permits the two surviving commissioners to fill a vacancy by appointment was designed to PROTECT the public, not to DISENFRANCHISE it.

Eatonville HS Career Day Set Nov. 10

EATONVILLE - The members of the Eatonville Chapter of the National Honor Society are sponsoring Career Day November 10 at Eatonville High School.

This event takes place during National Education week and the Honor Society invites the public.

There will be four 60 minute sessions, one in the morning and three in the afternoon. Lunch will be available in the Grade School Cafeteria at the Grade School Cafeteria at 11:30.

Speakers from Seattle, Tacoma and the Eatonville area will represent many career fields and give information about job requirements and advancement possibilities.

Those planning should contact Patty Smith, 832-4666; Mary Davis, VI. 7-7664; or Marilyn Rutter, LO. 9-2254.

FP Adult Enrollment **Nearly Double**

With enrollment nearly double that of last year, the Franklin Pierce Adult Evening program still has openings in several classes, according to Howard Motteler, director.

More than 325 adults are attending classes on Monday and Wednesday evenings at Franklin Pierce High School, he said. Last year at this time enrollment was only about 175.

Vacancies still exist in classes in horse management, ornamental horticulture, archery, physical fitness, tailoring, photography and all the basic education sections, Motteler said.

Interested adults may report directly to the class on Monday or Wednesday and enroll at that time or they may call the adult education office.

St. John Parents Organize Section

MIDLAND - Parent Educators, a newly formed section of the Confraternity of Christian Doctrine of St. John of the Woods Church will meet at 7:30 p.m. tomorrow in the parish hall, 9903-24th Avenue E.

to provide practical assistance in the religious instruction of pre-school children and offer social and educational opportunities for the parents. Parents of all pre-school

The purpose of the group is

And

children are invited to attend tomorrow evening to hear a recorded selection from the "Family Enrichment Series." Refreshments will be served during the social hour. Officers are chairmen Mr.

and Mrs. James Burnett, secretary Mr. and Mrs. Marlin DeNune, treasurer Mr. and Mrs. Robert Bugay, social chairmen Mr. and Mrs. Bryce Moore, parish board representative Dennis McMenamin and leaflet distribution chairman Mrs. James Cassidy.

Time To Mail Yule Gifts For Overseas

GRAHAM-Postmaster E.T. Van Slyke has announced the first of a series of Christmas dates for those sending packages overseas.

Those sending surface packages to Africa and the Near East should have them in the mail by Tuesday. Air packages to these destinations have a December 10 deadline.

Surface packages to South and Central America and Europe should be in the mail by November 15. A December 15 deadline has been set for air packages. "Letters and greeting cards

should be posted no later than five days after the above dates for delivery before Christmas," reported Van Slyke. Those mailing Christmas

parcels and cards by surface transportation for armed forces overseas have until Thursday, November 10. for mailing. Airmail parcels should be mailed between December 1 and 10.

CROCKER GRANGE has extended a special invitation to members of Orting, McMillan, Marion and Graham Granges to attend the 8 p.m. gathering at their Hall, south of Orting, Monday to hear Marvin Gunuarsen of the Citizens for 25% Amendment speak on the threat of doubling the property taxes. Master Robert Bartel will preside.

TACOMA INBOARD Racing Association will meet Thursday, October 27, at the Washington Natural Gas Company Building in Tacoma. Meeting time has been set for 8 p.m.

COLLINS TOTS CLUB will meet at 8 p.m. Tuesday in the multi-purpose room of the school. Guest speaker for the evening will be Mrs. Ellis Johnson, coordinator of the handicapped program of the Tacoma Public Schools, Carnival results will be announced and tickets for the annual dance to be held in January will go on sale. Refreshments be served.

SPANAWAY LEGION POST #118 will meet 8 p.m. Friday, October 28, at the Legion Hall. Spanaway-Elk Plain Fire District Chief John Farrens will be guest speaker. Social hour follows.

PARKLAND WELL BABY CLINIC for the Christensen, Parkland, and Elmhurst area will meet November 2 at the Parkland Fire Hall, 1/2 block East of Pacific Avenue on 114th Street. Registration time will be from 8:30 a.m. to 9:30 a.m. Dr. Jack Erickson will be the attending physician. The clinic is for children from infancy to five years of

When our present congressman threw his hat in the ring...it must have been a 10-gallon stetson!

Because he certainly isn't representing us. Or fighting for us. Or even listening to us.

89% of the time he has voted for "Great Society" give - away programs. LBJ programs. The very programs that have increased our interest rates and lowered our purchasing power so dramatically.

We didn't want this. We don't want it now or in the future.

The next step planned by the boosters of the "Great Society" is a sharp increase in taxes. To help pay for all they've given away. The tax increase, of course, won't come until AFTER the election.

> If you're ready to call a halt to this endless spiral of a government living beyond its means, you will vote for and help

Why is a THIRD man required in a FREIGHT train cab...

when TWO men safely operate PASSENGER locomotives?

Two men have operated passenger train locomotives through the entire history of railroading. National statistics prove that per-mile passenger travel by rail is thirty-four times safer than by automobile. But Washington's "Freight train crew law" requires a fireman and an extra brakeman on freight trains. This 1911 featherbedding law still applies today even though there are no fires for the fireman to stoke and no old-fashioned boxcars with hand operated brakes for the extra brakeman to turn.

Every impartial board and commission that has reviewed the crew law question has held that a third man in the cab is no longer necessary and fewer brakemen are needed for safe and efficient operation of freight trains.

The two men in the cab of the passenger train clearly illustrate that railroad safety will not be jeopardized by passage of Initiative 233. Your vote FOR Initiative 233 will move firemen and extra brakemen to useful jobs of equal pay.

Repeal Washington's Train Crew Law Vote FOR Initiative 233

hews in Longbranch.

Week, after week, after week has gone by and the incumbent county commissioner (Fritz Geiger) is not to be seen, either at work or at commission meetings, budget meetings or political rallies. However, he is still being paid by the taxpayers of Pierce county.

The board of County Commissioners is no longer a team, with him absent so much of the time. Remember: 74 per cent of the voters in his own district rejected him in the primary election because of his continued absenteeism. Remember, too: ALL of Pierce County CAN and SHOULD vote for a change

> A QUALIFIED EXPERIENCED ADMINISTRATOR

Elect MAYOR WALLACE Z. RAMSDELL COUNTY COMMISSIONER

Melroy Staley Services for Melroy M. Staley, 51, of 12170 Spanaway Loop Road, Spanaway, were held Monday afternoon at Dry-

er Mortuary. Rev. Wesley Drummond officiated. Burial was in New Tacoma Cemetery.

Staley died last week in a nursing home. He was born in Lander, Wyo., and came here four years ago from Durango, Colo.

He was a member of Parkway Presbyterian Church. Surviving are his parents, Mr. and Mrs. Glenn Staley, with whom he made his home; two sisters, Mrs. G.L. Stephens, of Tacoma, and Mrs. Alice McGlothin, of Stockton,

Robert E. Bartley

Services for Robert Earl Bartley, 72, of 507 East 131st Street, Parkland, were held Monday afternoon in the Mountain View Garden Chapel.

Rev. Herbert Miller officiated. Burial was in Mountain View Memorial Park.

Bartley died last week at his home. He was born in Sandusky, Mich., and moved to Tacoma 3 years ago. He was a real estate salesman for the Devereaux Realty Co.

Survivors include his wife, lessie C.: three daughters, Mrs. Lee (Elizabeth I.) Smiley, Mrs. Francis (Frances R.) Sheppard and Mrs. Lillian Whalen, all of Tacoma; a son, George R., of Tacoma; a stepdaughter, Mrs. Stanley (Pat-

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT RESOLUTION

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

ELECTION OF SUPERIOR COURT JUDGES

Shall Article IV of the state constitution be amended to provide that where only one candidate has filed for a superior court judge position in a county of 100,000 or more inhabitants, or where after a contested primary in any county only one such candidate is entitled to appear on the general election ballot, certification of election shall issue to such candidate without a further election, unless a write-in campaign is to be conducted?

Vote cast by members of the 1965 Legislature on final passage SENATE: (49 members) Yeas, 43; Nays, 1; Absent or not voting, 5. HOUSE: (99 members) Yeas, 91; Nays, 4; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The state constitution now requires that superior court judges be elected at the November state general election, when other state officers are elected. This is true even where only one candidate has filed for a superior court position, or where after a contested September primary election, held pursuant to statute, only one such candidate is entitled to appear on the November general election ballot because he has received a majority of the votes cast at the primary election for the particular judicial position.

Effect of Substitute Senate Joint Resolution No. 6 if approved into Law:

The proposed constitutional amendment would provide that (1) where only one candidate has filed for a superior court judge position in a county of 100,000 or more inhabitants, or (2) where after a contested primary in any county only one such candidate is entitled to appear on the general election ballot, certification of election shall issue to such candidate without a further election, unless a petition is filed within ten days after the date of the primary indicating that a write-in campaign is to be

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 8, 1966:

Senate Joint RESOLUTION

PART 1

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

ESTABLISHING COMMON SCHOOL CONSTRUCTION FUND

Shall Article IX, section 3, of the state constitution be amended to establish a common school construction fund to be used to finance common school construction, with funds to be derived from (1) certain proceeds from timber and other crops from school and state lands, (2) certain interest, rentals and revenues from the permanent common school fund and from lands devoted to the permanent common school fund, and (3) such other sources as the legislature may provide?

Vote cast by members of the 1965 Legislature on final passage SENATE: (49 members) Yeas, 44; Nays, 1; Absent or not voting, 4. HOUSE: (99 members) Yeas, 84; Nays, 8; Absent or not voting, 7.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the state constitution as adopted in 1889 there exists a fund known as the common school fund. The primary sources of this fund include money obtained (1) from the sale of lands and other property granted by the federal government to the state for the support of its common schools, and (2) from the sale of timber, stone, minerals or other property from those school or state lands which have not been granted to the state for some specific pur-

The present constitutional provision declares that the principal of the fund shall remain permanent and irreducible. It permits interest accruing to the fund, as well as rental or other revenues derived from lands or other property devoted to the fund, to be used for current support of the common schools. However, neither the principal of this fund nor any of its income can presently be used to construct school buildings or other school facilities.

Effect of Senate Joint Resolution No. 22—Part 1—if approved into Law:

If this constitutional amendment is approved, the principal of the common school fund as the same existed on June 30, 1965, will remain permanent and irreducible. The fund will continue to receive money from all of its former sources except certain of them which will become sources of a new fund. This new fund will be known as the common school construction fund and will be available to be used for fi-nancing the construction of common school facilities. The sources of this new fund will be (1) the interest accruing on the permanent common school fund from and after July 1, 1967; (2) all rentals and other revenues obtained from and after July 1, 1967, from lands and other property presently devoted to the permanent common school fund; (3) certain proceeds from the sale or appropriation of timber and other crops from school and state lands subsequent to June 30, 1965; and (4) such other sources as the legislature may direct.

The proposed amendment further provides that the first of these four sources, the interest accruing on the permanent common school fund after July 1, 1967, may be used only to pay off such bond issues as may be authorized by the legislature for construction of common schools. The remainder of the new common school construction fund may be used for direct financing of common schools.

Lastly, the amendment provides that in the event there should be moneys in the common school con-struction fund in excess of amounts needed to fulfill its purpose, they shall be available for deposit in the permanent common school fund or for current use of the common schools as the legislature may direct.

Meaningful Move

The corrective work-pay program devised by Franklin Pierce Superintendent Dr. E.E. Hill and Judge Bertil E. Johnson will make punishment for acts of vandalism against school and public property a meaningful experience for both offenders and their parents.

Increasing incidents of malicious vandalism have created dire need for a corrective program with complete followup supervision. Dr. Hill's plan will give added teeth to the Juvenile Court by making available a school-administered work program to secure restitution for damage juvenile vandals create.

The plan is strengthened by obligating parents of youthful vandals to pay up to 75% of the total damage, should the court find they are able. In all cases, the juvenile can expect to put in constructive work to pay off a minimum of 25% of the damage they caused.

Other school districts in the county will keep a close watch on the success of the Franklin Pierce program. If it isn't a solution to the growing problem of school vandalism, at least it's a step in the right direction.

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 8, 1966:

HOUSE JOINT RESOLUTION

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

RETIRED PERSONS PROPERTY TAX

EXEMPTION Shall Article VII of the state constitution be amended to authorize the legislature to grant relief from property taxes on real property owned and occupied as a residence by retired persons, subject to such restrictions and conditions as the legislature may establish, including but not limited to level of income and length of residence?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 34; Nays, 10; Absent or not voting, 5. HOUSE: (99 members) Yeas, 83; Nays, 15; Absent or not voting, 1.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Article VII, section 1 (Amendment 14) of the state constitution presently requires that all taxes shall be uniform upon the same class of property within the state or other taxing body. In addition, Article VII, section 2 (Amendment 17) of the state constitution, limiting the aggregate of all property tax levied by the state and all taxing districts without a vote of the people to forty mills on the dollar of assessed valuation, states that the assessed valuation of property shall be fifty per cent of the true and fair value of such property in money.

Effect of House Joint Resolution No. 7 if approved into Law:

The proposed amendment would grant to our state legislature authority, notwithstanding these abovenoted provisions, to grant relief from property tax on real property owned and occupied as a residence by retired persons. The legislature would be authorized to place such restrictions and conditions upon the granting of such relief as it deems proper. Such restrictions and conditions could include, among others, the limiting of the relief to those property owners below a specific level of income and those fulfilling certain minimum residential requirements.

Approval of this proposed amendment will specifically validate the provisions of chapter 168, Laws of 1965, Ex. Sess., which, subject to certain specific qualifications, will grant an exemption from the first fifty dollars of real property taxes to certain elderly heads of households having a total income (including income of a spouse) not in excess of three thousand dollars during the preceding calendar way. dollars during the preceding calendar year.

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT resolution

PART 2

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

INVESTMENT OF PERMANENT SCHOOL FUND

Shall Article XVI, section 5, (Amendment 1) of the state constitution, restricting investment of the state's permanent school fund to national, state, county, municipal or school district bonds, be amended by removing this restriction and thereby permitting the permanent school fund to be invested in such manner as may be authorized by act of the legislature?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 44; Nays, 1; Absent or not voting, 4. HOUSE: (99 members) Yeas, 84; Nays, 8; Absent or not voting, 7.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Article XVI, section 5 (Amendment 1) of the state constitution presently restricts the state in investing money in the state permanent school fund (derived from the proceeds of leases or sales of lands granted to the state by the federal government at the time of statehood for the support of public educational institutions) to investments in national, state, county, municipal or school district general obligation bonds.

Effect of Senate Joint Resolution

No. 22—Part 2—if approved into Law: The proposed constitutional amendment would eliminate this restriction. Additionally, it would expressly permit the permanent common school fund to be invested in such manner as may be authorized by act of the legislature.

Editorials

Candidates To Appear At Jamboree

WALLER ROAD - The public is invited to the "Legislative Jamboree'' at 8 p.m. Friday at Waller Road Grange Hall to meet with many of the present and future legislators.

Pomona Grange is sponsoring the event and will present the program outlined by C. Melvin McKenney of their legislative committee.

Topics to be discussed will include taxes, Initiative 226, school bonds, social security coverage for more people, education for the unemployed and many others.

"Now is the time to find out from your legislators and those seeking offices where they stand on these various important issues that will be before the voters in November," stated Pomona publicity chairman Mrs. Verne Fogle.

WFA Members To Nominate Dist. Directors

Puyallup and Yelm district Western Farmers Association members will hold their District Director nomination meeting at 7:30 p.m. next Wednesday at Puyallup East Junior High School announced local branch manager Roy S. Mc-Cord.

"This nomination meeting is primarily to select candidates from our area torun for local director on WFA's policy-making Board of Directors," says McCord. "But, it will be much more inclusive with a program to bring reports on current operations, explain new programs now underway and plans for the future, and present a timely analysis of local WFA operations."

Heading the list of speakers will be Henry J. Hansen, WFA president from Puyallup; and Dale Smith, general manager at Seattle. Hansen will review activities from the standpoint of a farmer member, and Smith will report on progress from the operating viewpoint. Other features are a new

movie "Road to the Camerons" narrated by Chet Huntley; and attractive attendance prizes. Attendance tickets can be obtained without cost at WFA branches and dealers, or from WFA truck operators.

Dramatists Stage Production

"A Thurber Carnival," a play based on the works of James Thurber, will be performed by students of Pacific Lutheran University this Friday and Saturday and next Friday and Saturday with curtain time 8:15 p.m. in Eastvold Auditorium on campus.

Tickets are now on sale at the Information desk in the PLU Administration Building. They are \$1.25 for adults and 75¢ for students.

Ask Not What You Can Do....

Constant pounding from newspapers, radio and television and the urging of national figures in the field of health seam to have started an awakening about the critical problems of air pollution. You can't notice that the air is any cleaner, but it is filled with the question, "What can we DO?" It doesn't usually fall to the bugler who sounds the call to arms to direct the battle itself. But some things about war even a bugler can see,

ARE YOU AN INDUSTRY? You can quit fighting the move toward air pollution control. You can quit saying, "We're doing everything possible," and ask yourself, "What should I do NEXT?"

ARE YOU A COUNTY? You can pass pollution control ordinances which prohibit certain obvious violations of air purity such as indiscriminate burning of slash, trash or industrial waste. And, you can pass resolutions seeking to enlist municipalities in regional air pollution control boards.

ARE YOU A CITY OR TOWN? You can pass ordinances outlawing some of the polluting practices of the citizenry and you can start an investigation of the city around to doing. So, let's after it.

Attorney General as required by law

SENATE: (49 members) Yeas, 45; Nays, 0; Absent or not voting, 4

HOUSE: (99 members) Yeas, 93; Nays, 1; Absent or not voting, 5.

Article VIII, section 3 of the state constitution

presently requires the full text of any law to be

voted upon by the people authorizing the contracting

of state debts to be published in at least one newspaper in each county where a newspaper is published for three months immediately prior to the election at which the law is to be voted upon.

This proposal would substitute for the above

publication procedure a requirement that notice of submission to the people of a law authorizing the

contracting of state debts be published in every legal

newspaper in the state at least four times during the four weeks immediately preceding the election at

To be voted upon November 8, 1966:

SENATE JOINT

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

PORT EXPENDITURES—INDUSTRIAL

Shall Article VIII of the state constitution be

amended to declare that the use of public

funds by port districts, in such manner as

may be prescribed by the legislature, for industrial development or trade promotion

and promotional hosting shall be deemed a

public use for a public purpose and shall not

be deemed an unconstitutional gift of public

Vote cast by members of the 1965 Legislature on final passage

Explanatory comment issued by the

The Law as it now exists:

opment is not a public purpose.

Attorney General as required by law

SENATE: (49 members) Yeas, 42; Nays, 6; Absent or not voting, 1.

HOUSE: (99 members) Yeas, 89; Nays, 5; Absent or not voting, 5.

Present state constitutional provisions prohibit the

expenditure of public money for nonpublic pur-

poses. In a recent decision the supreme court indi-

cated that port districts could not expend funds for

the purpose of acquiring and developing industrial

sites for the use of or resale to private industry. In

its decision the court stated that industrial devel-

Other state constitutional provisions prohibit the

state and its political subdivisions from making

gifts of public money or property to private individuals. The state supreme court has recently interpreted these provisions to mean that port districts

in our state cannot expend public funds for a certain

type of promotional or advertising activity known as promotional hosting. Promotional hosting in the

case of port districts is generally understood to

mean hosting individuals and groups of individuals at lunch or dinner for the purpose of cultivating

trade relations and promoting business for the port.

state?

AUTHORIZING STATE DEBT

A. LUDLOW KRAMER, Secretary of State

operations themselves to see if they could not be improved. The time is not far off when a sanitary fill based on a "burning dump" will be too great a waste of our precious air resources.

ARE YOU A CITIZEN? You can write, phone or call personally on officials in positions of civic, commercial and industrial responsibilities to express YOUR interest in saving our precious air. You can urge your legislators to support air pollution control legislation which will be introduced into the 1967 session.

ARE YOU A NEIGHBOR? Then you can examine your own contamination of the air which should be enjoyed by your neighbors across the alley, across the street or across the Sound. Does your central heating plant throw billows of black smoke into the air? Do you burn old linoleum, rubber boots and other trash indiscriminately? Does your automobile exhaust pour not only carbon monoxide but heavy, choking smoke into the air?

You don't have to ask what you can do. There is a whole lot more to be done than you'll ever get

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 8, 1966:

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

REMOVING LIMITATION ON LAND OWNERSHIP

Shall the limitation on the ownership of land in the State of Washington by certain noncitizens be removed by repealing section 33, Article II, as amended by Amendments 24 and 29 of the state constitution?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 42; Nays, 1; Absent or not voting, 6 HOUSE: (99 members) Yeas, 94; Nays, 0; Absent or not voting, 5.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

There remains in our state constitution a limitation on landownership by certain noncitizens who have not made a declaration of intention to become citizens of the United States. However, the constiution presently permits some noncitizens (including nonresidents) to own land:

- (1) If acquired by inheritance, mortgage foreclosure, or in the ordinary course of justice in the
- collection of debts; (2) If acquired by a corporation;
- (3) If the land contains certain mineral deposits, or is necessary for mills and machinery to be used in developing those minerals and in manufacturing products from such minerals;
- (4) If the landowners are Canadian citizens of provinces which do not prohibit the ownership of provincial lands by citizens of Wash-

Effect of Senate Joint Resolution No. 20 if approved into Law:

The passage of the proposed amendment would remove the remaining limitation on landownership by noncitizens.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SUBSTITUTE House Joint RESOLUTION

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General: **VOTER QUALIFICATIONS FOR** PRESIDENTIAL ELECTIONS

Shall Article VI of the state constitution be amended to allow United States citizens meeting all constitutional qualifications for voting in the state, except for length of residence, to vote at a United States presidential election solely for presidential electors or for the office of president and vice president if they

(1) Intend to make this state their permanent residence; and (2) Have resided in the state at least sixty

days immediately preceding the particu-

lar presidential election? Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 45; Nays, 2; Absent or not voting, 2. HOUSE: (99 members) Yeas, 95; Nays, 0; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Presently, under Article VI, section 1 of the state constitution, a person, in order to vote at any elec-tion conducted in this state, must (1) Be at least twenty-one years of age;

(2) Be able to read and speak the English language:

(3) Be a citizen of the United States; and (4) Have lived in the state for one year, in the county ninety days, and in the city, town, ward or precinct thirty days immediately preceding the election at which such person offers

Effect of Substitute House Joint Resolution

The proposed amendment would allow those persons who can meet all the above qualifications for voting except for residence and who shall have resided in this state at least sixty days immediately

Effect of Senate Joint Resolution

No. 25 if approved into Law: The proposed constitutional amendment would permit port districts to use public funds, in such manner as the legislature may specify, for both industrial development and trade promotion and promotional hosting.

No. 4 if approved into Law:

preceding a presidential election with the intention of making this state their permanent residence, to vote in such election for presidential electors, or for the offices of President and Vice-President of the United States, as the case may be, but for no others.

THE FASTEST. Ed Looney and Bruce Stanley picked up the fastest lap trophys for class AA and A cars at the ARI banquet held last Saturday. Looney's time was 16:53 and Stanley's 17:00 for the Spanaway oval.

ROOKIE OF THE YEAR and sportsmanship trophys went to Bob Jackson and Bruce Liner, both driving A class cars. The awards were made after an official ARI ballot during their banquet.

ARI Banquet Big Success

TACOMA - Auto Racing Inc. capped their most successful season with a gala awards banquet last Saturday evening at the Tacoma Sportsmen's

Following a buffet style fried chicken dinner, ARI honored its outstanding drivers and elected officers for the 1967 racing season. John Stanton was named president for the upcoming year, with Jack Kuper vice president, Bob Short secretary-treasurer, Don Clark recording secretary and Hap Kennedy sgt.at-arms. Board members named were Bob Rollins, Bruce Stanley, Harold Le-Gault, Don Hall and Bruce Liner.

Bob Jackson received the coveted Rookie of the Year honor and Bruce Liner the Sportsmanship Award.

Steady Eddie Looney picked off the fast time trophy for double A competition with a 16:51 clocking and Bruce Stanley captured the same award for A cars with a time of 17:00. Al Crowe succeeded last year's winner Harold Le-Gault in the rollover competi-

ence competition.

lin Pierce Stadium.

With their 3-0 win over Sumner their slate became 2-3 for the season, and 1-2 in lealeague play, and 4-1 this season, having lost only to powerful North Thurston.

Dropping their third game in a row, the Spartans were edged out 3-0 last week by a determined Bethel team. The Sparts threatened three times and the Braves twice but a field goal by Bethel was the only score of the game.

Sumner defense midway through the second stanza, but a timely fumble gave the Spartans a break. Again in the second period Bethel moved within the Sumner ten, but time ran out before a score could be made.

Four last half fumbles saved the Braves from the Spartan attack. Three times Sumner moved within the Bethel twenty only to lose the ball

Late in the third quarter Bethel scored on a field goal from the Sumner 15 yard line and it proved to be the only score of the game.

Cards 14-Lakes 0

With their showdown with Puyallup only a week away, Franklin Pierce's Cardinals entertain the Federal Way Eagles Friday night at Cardinal Field.

Unable to move the ball last Friday against the Lancers and the game going into the fourth quarter, Cardinal quarterback Glen Hadland dropped back to pass and spotted John Yurovchak on the Lakes 28. The ball got there and Yurovchak raced 28 yards into the end zone to put the Cards into a 7-0 lead.

The Cards never looked back as Gary Stevenson tallied them a 14-0 victory over the

The first hearing is set for

state does not set such stand-

MANY government hearings are a big waste of time for all concerned. The testimony is boring and repetitive. The Congressmen holding them sometimes doze during the long, drawn-out day and one can't help but wonder if anyone will ever read the great mass of testimony after it is "made

a part of the record." Not so with a series of 10 hearings starting Nov. 15 in our state on water pollution and its control. These hearings will be conducted as part of our state's compliance with the Federal water pollution control law.

They are important for two reasons: first, the information brought out at the hearings will help set water quality standards for the state, and

> open spaces or clearcut areas, deer like to hang around the heavy timber fringes.

The logged over or open areas, which are starting to grow another crop of trees, have far more food than there is in the old growth, yet the heavy timber provides cover and protection.

The deer thus have two of their basic needs -- food and protection - right next to each other. Hunters can change this, however, for game usually scatters if spooked.

U of W - About 3000 tickets, 2000 reserved and 1000 general admission, for the University of Washington -UCLA football game November 4 in Husky Stadium went on sale last Monday in the Graves Building.

The reserved seats, at \$5 each, are in the closed end of the stadium and in the north section of the east end bleach-The general admission tic-

kets for the south half of the bleachers are \$2.50 for adults and \$1 for high school students and under. Each purchaser will be limited to four

Huskies Invade Tepees

U of W - Remindful of the pow-wow that took place in Seattle last year, the Stanford Indians will guard their tepees with care this Saturday when the University of Washington football team heads south for a Pacific Eight Conference football game.

The Indians were the sorrowful victims of the great ambush last year in Seattle, when the Huskies took advantage of all their guns and came out on top of the 418 slaughter, out on top of the 41-8 slaughter. Stanford would like nothing better than to erase that game from its memory, and Coach John Ralston has the horses to do it.

With heralded sophomore quarterback Gene Washingful offense both on the ground and in the air. So far this season, quarterback Washington has been more successful on the ground, but he has some receivers who have proven themselves this season.

Bob Conrad, a 190-pound letterman, has been Washington's favorite target in the early going from his left end spot, Halfback Bob Blunt, another letterman, has also had his share of receptions this season. Another running back, Jack

Root, from Seattle, has led the Indian rushers for the first half of the season, Root uses his weight (212 pounds) to good advantage and would like nothing better than to have a good day against his home town op-

Ski Fair Set For Seattle

Skiing's 1966-67 season in Washington State will get off to a big start - indoors - with the second annual Seattle Ski Fair, October 28-30, in the Puget Sound city's Seattle Center Exhibition hall.

Daily hours for the three day show will be 6:00 to 11:00 p.m., Friday; 1:00 to 11:00 p.m., Saturday; and 1:00 to 9:00 p.m. Sunday. Top individual attractions will be Austrian-born Winter Olympics champions Toni Sailer, Pepi Stiegler, and Othmar Schneider; Swiss acrobatic ski ace Art Furrer, and Canadian champion and veteran instructor Ernie McCulloch.

All of them will demonstrate skiing maneuvers on one of the two indoor ski ramps.
