Costume Party

Those not attending the costume party sponsored by members of the St. John of the Woods parish last Friday evening really missed a grand time. It was very difficult to recognize even your nearest neighbor. Indians of every tribe and description were present as well as witches, hoboes, tramps, southern belles, ghosts, clowns, old-fashioned ladies, Hawaiian girls, Chinese, couples in pajamas and nightgowns, the gay 90's, cow girls, and costumes of every kind.

Puppy Lost

The three children of Mr. and Mrs. Roy Christensen are very sad these days after losing their prize possession, a little purebred black and white fox terrier about nine months of age who answers to the name of "Sparky." He also has a short tail. Anyone seeing

Training in Korea

WITH THE 25TH INFANTRY DIVISION IN KOREA—Cpl. Richard Christensen, whose wife, Joan, lives in Eatonville, Wash., is learning how to work with the Army helicopter in Korea.

Christensen, who entered the Army in October, 1951, is a member of the 90th Field Artillery Battalion. He has served in Korea since last May.

While in civilian life, he attended the College of Puget Sound, in Tacoma.

Helicopters in Korea have been invaluable in evacuating wounded directly to the hospital and in transporting supplies to isolated areas of the front lines.

Christensen, who entered the Army in October, 1951, is a member of the 90th Field Artillery Battalion. He has served in Korea since last May.

VOTE AGAINST THE RUBBER STAMP CANDIDATE

Let's put an end to Fair Dealing Congressmen who go along with Truman and Acheson regardless of their own convictions. Congressman Jackson's record shows that he is a rubber stamp candidate, always at the administration's beck and call. On the other hand, your fighting senator, Harry Cain, has always stood his ground for what is right. Let's end the mess in Washington by voting for Ike, Nixon and Cain

Shaking Hands with Don Eastvold

I got a phone call in Ephrata last week advising me that the following morning the attorney general was going to use the power of his office to completely destroy me in this campaign. I was advised that it had some way to do with my soldier's bonus.

When we got home at 2:30 in the morning, several of my friends were waiting for me with a long list of phone numbers to call, of newspapers and radio stations all over the state.

WALLER ROAD Building Plan Put to Voters

By MRS. VERNE FOGLE GR. 5210

Grangers! Don't forget that Oct. 24 is the date for our regular Waller Road Grange. Be there.

4-H Boys Club Saturday

The Waller Road 4-H Boys club will meet Saturday at 11 a.m. at the home of the leader, Mrs. R. Geise. This is the first meeting of the new 4-H year and Mrs. Geise states that she is calling Saturday's meeting to enable all boys to be present. Tom Farley was recently elected to the office of vice president of the county Senior 4-H club and Larry Pederson, also of the Waller Road club, was elected treasurer of the county group.

New Son

Mr. and Mrs. Thomas Forrester of Rt. 11, Waller road, are parents of a new son.

Wedding Anniversary

Rev. and Mrs. Paul Juelling of Gehring road celebrated their 40th wedding anniversary on Oct. 10. The following day friends and relatives of the couple honored them by gathering at their home. Their son and daughter-in-law, Mr. and Mrs. Helmut Juelling of Firerest, presented them with a beautiful anniversary cake and gifts were presented by the guests. Refreshments were served.

Present for the happy occasion were Mr. and Mrs. H. Jensen, Mr. and Mrs. John Adler, Mr. and Mrs. Val Koller, Mr. and Mrs. George May, Mr. and Mrs. Gilbert Carlson, Theodore Juelling of McChord Air Base, Mr. and Mrs. H. Juelling and daughter Julie Lou and the honored guest.

4-H Club Officers

New officers and permanent chairmen elected recently by the Waller Road 4-H Girls club are: President, Mary Ellen Farley; vice president, Vienna Sand; secretary, Eleanor Gilreath; reporter, Barbara Spittler; telephone chairman, Barbara Farley; dance chairman, Marita Shea; entertainment chairman, Barbara Spittler; food chairman, Vienna Sand; sergeant-at-arms, Betty Anderson.

The next meeting will be held Oct. 25 at Marita Shea's home.

40th Anniversary

Mr. and Mrs. Theodore Winslow Sr. of 40th and Waller road were honored recently at the home of their son-in-law and daughter, Mr. and Mrs. Jerry Lindstrom, on the occasion of their 40th wedding anniversary. It was arranged as a surprise for the couple and was the first time in many years that the entire family had been together.

A lovely dinner was enjoyed by all, followed by the cutting of a beautiful anniversary cake by Mr. and Mrs. Winslow. They also received many lovely gifts from their family.

Present for the occasion were Mr. and Mrs. Clifford Goodier and daughters Sandra, Carol Jean and Faye; Mr. and Mrs. D. W. Peterson and sons Donnie and Dannie of Aberdeen; Mr. and Mrs. Lloyd Steltz of Roy, Wash.; Mr. and Mrs. Theodore Winslow Jr. and daughters Terry Diane and Vickie; Mr. and Mrs. Jerry Lindstrom and

sons Jerry Jr. and Melvin and daughter Janet, and the honored guests, Mr. and Mrs. Theodore Winslow Sr.

Tacoma City Hall (Built about 1890): One of the most potential fire-traps in the City of Tacoma is the City Hall. Much of the analytical criticism which was made about the Court House applies also to the municipal headquarters. Fortunately, it has enjoyed the advantages of poor site, to the end that limited, the hazardous, parking is provided below Stadium Way. However, the City Hall has proven too small to accommodate the growth of governmental activities which have resulted with the growth of the City. Tacoma now has to rent much space outside the actual City Hall for various departments.

Public Safety Building (Built in 1928): Has proven too small and the Safety Department rents or uses space in the antiquated City Hall Annex (built in 1888) and garage space, etc. away from the building.

Miscellaneous Facilities: The County has combined with the City of Tacoma in having a single County-City Health Department the only administration building meeting present-day needs) in a separate building (old Sears' store). In addition, both the County and City occupy various garages and storage and maintenance of official vehicles.

Critique:

In a few instances these spaces or facilities adequate or convenient, or in proper juxtaposition to the departments they serve, or to other related departments, where proper coordination should be a prerequisite. Inconvenient, impractical and/or insufficient stairs make vertical circulation very poor in most cases; wheezy elevators, poor floor space, etc., make the buildings undesirable for space allocation and geographically different locations of all buildings adds to the confusion. . . . New departments have been added, services have increased, staffs have been augmented and now the County and the City are suffering from growing pains and the ravages time has made in their homes. Buildings are obsolete and in very few ways do they even remotely meet with the requirements of the Tacoma City Building Code. Most of the structures violate vital building and safety standards.

Charles R. Maybury Discusses Spending

Charles R. Maybury

"Let the people know how and where their money is being spent", Charles R. Maybury, Republican candidate for State Treasurer, said today in announcing his support for a centralized accounting system that would supply the public with an accurate and detailed report on state government spending.

"More than \$150 million dollars are being spent by state agencies every biennium from funds that do not come under the jurisdiction of the State Treasurer. The exact amount of these expenditures cannot be readily determined because no single agency of government has access to these accounts," Maybury declared.

Operations of the Washington State Liquor Control Board, the Washington Toll Bridge Authority and the Department of Employment Security are the three major divisions whose funds are disbursed outside the state treasury. Scores of lesser agencies disburse a total of almost \$50 million each biennium independent of the State Treasurer. The problem is now receiving study by the Little Hoover Commission which is drafting recommended changes in government organization for consideration by the 1953 legislature.

"I do not contend all funds must be spent through the Treasurer's office", Maybury said, "In some cases it works out better to have the funds handled directly by the administrative agencies. But I strongly believe all of the agencies in that position should follow standardized bookkeeping practices and be required to file regular reports with the State Treasurer so that office can give the people a full and complete report on where their money is being spent."

Maybury also expressed his intent to improve the mechanical facilities of the Treasurer's office, if elected. He pointed to the many operations in the office still being carried on by costly hand methods because of the lack of modern time saving equipment.

Maybury brings to the Treasurer race a long background of administrative experience. He was Director of Licenses for many years and served several terms as chief clerk of the State legislature.

AN OPEN LETTER TO MY FRIENDS IN THE 25th DISTRICT:

One of the best things in life is to be of public service to your fellow man, and next to that is the knowledge that those who know you the best show their confidence by giving you that most important vote on election day. I wonder if you could possibly realize how much it has always meant to me to know that my neighbors and friends have given me an increasing majority of votes each time that I have run for public office, and that includes campaigns of 1946, '48, '50, and '52. Yes, my neighbors in Orton precinct, where I live, gave me 160 votes to my opponents 13, in the September primaries. Those in my home town area where I was born and raised paid me a tribute that I shall always appreciate, by giving me 1014 votes to my opponents 173. In Puyallup, the largest city in the 25th district, I received 1442 votes to my opponents 860. Our co-operation these past six years has been close and together we shall continue to work in this partnership we have enjoyed and benefitted by.

In less than two weeks you will make a most important decision and I hope you will give me the privilege of being your next State Senator. Why is it that in the closing days of the campaign some people find it necessary to promote a campaign of rumors and smear? As far as I am concerned, the American people are sick and tired of this kind of mud-slinging. It has been my policy in the past, and will continue to be in the future, to conduct myself fairly and sincerely. The teachers, PTA members, Senior Citizens, Sportsmen, veterans, members of Organized Labor, businessmen, and all others in this district, have always received courteous treatment and my co-operation since being sent to Olympia.

During the past few weeks endorsements for my candidacy have come from some very fine organizations, including the Washington State Federation of Labor, the Washington State Council of Machinists, the Teamsters and Railway Brotherhood, and other groups that I shall list next week. I am especially proud of the many letters I have received from the parents of handicapped children and the blind, thanking me for my past efforts.

Sincerely,
Reuben A. Knoblauch
Democratic Candidate for State Senator

'School of Tomorrow' at Lakeview

(Continued from Page 1)

girl monitors came in to tell Mr. Spencer about rough play of certain boys. Quite unruffled, Mr. Spencer met each crisis with a kindly, interested solution, then continued with what he was doing before the interruption. The visitor gains the impression that discipline is maintained by a firm but very gentle hand.

Staffing the classrooms are 16 teachers, as follows: Kindergarten, Margaret Pratt and Dorothy Tiedeman; 1st grade, Margaret A. Dillon, Grace Gius, Bethel Jacobson, Edna Spinning and Luverne Ward; 2nd grade, Marguerite Bodero, Hazel Hill and Reitha King; 3rd grade, Lois Brass, Hannah Morgan and Pat Reynolds; 4th grade, Mildred I. Berven, Alyce Gould and Violet Hanmerman.

The 601 pupils of the school, all in kindergarten and the first four grades, are largely residents of Lakeview Village and many the children of military personnel. The 5th and 6th grades are at present attending the near-by navy base school. Kindergarten pupils, of which there are 140 in the school, attend half-day sessions, each of the two teachers having 70 pupils in her classes each day.

inevitable in the "wave of the future", according to Principal Spencer. With five acres of campus available, there is plenty of room for another building similar to the present structure and plans for it are already being discussed. With this added space, the 5th and 6th grades could also be housed here.

The two old buildings formerly designated as Lakeview school are still used to capacity though one has been condemned for school purposes. It will be a great day in the district when this can be razed, according to Mr. Spencer.

Last Thursday happened to be the Birthday Party day at the school and a pleasant wave of anticipation was noticeable as mothers and room mothers arrived with boxes and baskets which hinted at delectable goodies for all when classes were over. Each month, usually the fourth Thursday, each room has a party honoring all children with birthdays during the month. Halloween plans caused the PTA, sponsors of the birthday parties, to move the event ahead this month. The room mother of each room is in charge of the monthly party, usually assisted by the mothers of the young guests.

Frequently the mothers provide

beautifully decorated birthday cakes, to be shared with all children of the room. Cookies, cup cakes and candies are also popular items for the treat enjoyed on that day of the month when "Happy Birthday to You" is sung to the group of youngsters who proudly claim the distinction of being a year older.

By Clarence LaCrosse

What next will the taxpayers of the state be called upon to smell from the putridly conducted re-election campaign of one who calls himself an attorney general. I for one hate to have such a representative for myself seated in his corrupt office at Olympia and if one vote will do any good he won't be there when the new term opens.

Any candidate who will lower himself to the level which Smith Troy has in his latest attempt to gain votes and to make it look bad for his opponent, Donald Eastvold, certainly is not worthy of any support and it would further indicate that the past twelve years which he has managed to so skillfully keep himself in power has been a great injustice to the people which he supposedly represents. I say supposedly because it is evident from his action of late that he is representing only one person . . . himself.

This time, however, his foul blows have boomeranged . . . It is obvious to any grade school youngster the attempted smear upon Don Eastvold and the result of his low down trick has only been to further the gap between the 30,000 votes which Don beat him by in the primaries. If he were a smart man he would start looking for a new job now while he still can do it at the expense of us, the taxpayers . . . November will be too late. It also might be well for the taxpayers of the state to investigate the past twelve years of Smith's regime in office. The sum misappropriated from the people might be considerable in excess of even our imagination . . . Will the dummocrats never learn!

It would seem that the good people of Tacoma who have practically been without a representative type of city government for a long time now due to the continual bickering of the "big five" who consider the city their own loot to do with as they please, regardless of the thoughts and respect of the people they originally were elected to represent.

It seems about time for the people to insist on some sort of order in this chaotic place . . . the city hall . . . After all it is their money the commissioners are throwing around and their time the commissioners are spending for about everything except city government.

A city manager plan has been proposed by a group of hard working citizens who spent of their time in excess of that called for in drafting a new city charter. Try it . . . it certainly can't be worse than five commissioners having a free for all every meeting.

City-County Building
This, too, is not about horses . . . It is of vital import to every county citizen since it involves spending a lot more of our money than we have and for dubious reason. The need for a new county court house is recognized by many people and since it is a county court house it should serve first the residents of the county . . . not a minority group of moneyed backers from downtown Tacoma as will be the case if the plans engineered by that group now develop as they are gradually swaying the people of the city to believe.

Sure, we need a county court house, but do we need to spend all the money we make for a long time to come in some fancy building which will benefit only one group . . . Tacoma?

The city says sure we are for the proposed new county-city building, but then the next day goes ahead and authorizes the building of a new city light building which will be in addition to the needs of the new building and for what? . . . A separate administration of its own. Add the cost of the new county-city building together with the separate new light building and you are duplicating a lot of expense.

Then, too, the location of the proposed new county-city building comes into the matter. Again, why put it in the middle of Tacoma where it is well proven that there are no adequate parking facilities and where it is a long way from the center of the county . . . and most important of all where it will cost in excess of any other site.

County residents would do well to consider this important issue a long time before they vote to build the city of Tacoma another fancy building at the expense of the county. Before we vote for a new building let's know just where it will be built and just how much it will cost. Under the present wording the project could be built

anywhere and could cost any amount. Since the cost of the project might or might not include the cost of the site itself, which is the major extra cost, plus adequate parking facilities. The site proposed by many is located at 38th street, where costs are lower for the property and where the ground is already level and parking space is no problem.

Let's do a lot of thinking before we vote to build the proposed county-city building . . . Perhaps a strictly county venture would be the better thing. At any rate increased county taxes are not advisable.

Franklin Pierce Notes
Nice to hear my good friend Morris Ford, Supt. of the big new Franklin Pierce School District and the principal Orville Weeks on Murt McMurtree's famous "Breakfast with McMurtree" broadcast Tuesday morning.

Believe it or not someone actually has missed this darn column . . . thanks Burt for the nice plums . . . See the new Franklin Pierce High Football Team won their game Monday by defeating the Puyallup Sophs 7-0 . . . nice going fellows . . . Next Monday the 27th another game is scheduled at three at the PLC field between the White River Sophs and the FP Cardinals. Coach Tim Tommervik and his assistants Bob Richardson and Del Schafer are doing a good job.

Franklin Pierce High
The folks of the area are fortunate in having one of the most aggressive and outstanding school districts in the entire state in the way of the Franklin Pierce 402. Under the leadership of Morris Ford and his fine school board of Chester Larson, Andrew Christiansen, G. O. Stovner, Olaf Jordal and Matt Manley the district has developed into the largest in the county since its inception in 1949.

One of the amazing things of this new district and its development is the fact that the taxpayers have contributed only about 4.3 per cent of the money represented in the more than a million and a half dollar project.

However, it is now important to every resident of 402 to protect this investment by passing a millage at the November 4th election to provide the maintenance and equipping of the new high school. It is the least that we can do after getting such a fine school. The millage will go toward equipment and maintenance. 30 mills in all is being asked.

It would appear to me that in passing this millage we would be doing the best thing in the world for ourselves, by building for the future. I have some very interesting information which I will give you next week in this regards.

Card Party Winners
Prize winners at the card party given Friday evening by the Spanaway Volunteer Firemen's auxiliary were Mr. and Mrs. Walter Messmore, Mr. and Mrs. Ike Young, Mrs. Mary Henriksen, Mrs. Emily Ball, Jim Bates and Carl Glick. The pillow cases were won by Mrs. F. Crosby. The next card party will be Nov. 14.

Community Club Elects
Election of officers was held at the Oct. 14 meeting of the Spanaway Progressive Community club. Don McLellan is president; J. M. Slater, vice president; Mrs. William Walin, secretary; Mrs. S. F. Kintz, corresponding secretary; Mrs. Marion Smith, treasurer (re-elected); Mrs. Louis Symmons, parliamentarian; Frank McCabe, sergeant-at-arms.

Dance Saturday
There will be a dance at the Laccamas school Saturday evening, Oct. 25th.

Bethel High P-TA
The meeting of the Bethel Hi P-TA last Thursday, which was a combination of business meeting and reception for the teachers, was very well attended by parents and teachers. The well trained staff of the high school was introduced by Earl Platt. A very interesting program was presented to the P-TA by Mrs. Averill of Roy. The Halloween motif was used in table decorations and lunch.

Plans for a turkey dinner which will be given Nov. 9, the day of the

dedication of the new Bethel high school, went full speed ahead under direction of Mrs. Ben Kuper and her committee. The project of the year is a worthy one, the purchase of uniforms for the Bethel Hi band.

CANYON ROAD
The Ladies Auxiliary will hold the regular meeting today (Thursday) at the Canyon Road Community hall. Potluck luncheon is at noon.

Woman Candidate Asks Nov. 4 Votes

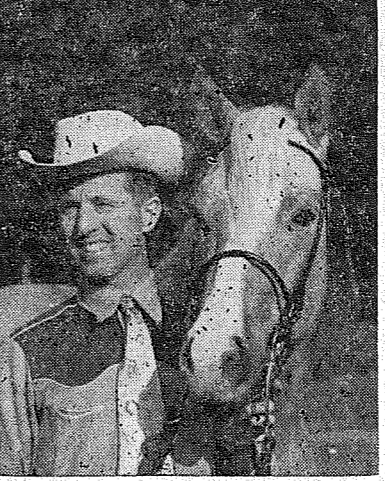

"Why have the women of Pierce county allowed themselves to become unrepresented citizens?" asks Adeline M. Mason, republican candidate for Representative from the 29th District. "Pierce county, with five legislative districts, sends fifteen legislators to the Olympia sessions. But it will be ten years, this coming January, since a woman was included in that group."

"Only seven women have served as legislators from this county since the beginning of our statehood in 1889; two in the Senate, five in the House. We did reach a total of two serving at once in the sessions of 1929-31-33, but have been slipping back steadily since that time."

"Many of the problems that come before the legislature are of particular interest to women. Balance in state government surely requires the woman's point of view on matters concerning the home, the school, public health, park development, tax programs and many other problems. At least one legislator from each district should be a woman."

Mostly About Horses

By Clarence La Crosse

I haven't been out much this week since I have been laid up in the hospital for a minor operation which will prevent me from being out riding for a month perhaps... but I'm sure looking forward to getting out again.

Milton Club Show Success
Have a little note here from the Milton Riding Club... Dear Mr. LaCrosse, "The Milton Riding Club wishes to thank you for your help in making the ribbons for our play day last Sunday. It was a grand success and everybody enjoyed themselves tremendously. Thank you again for your aid and interest in our first venture," sincerely Gloria Shoop, secretary; Katherine Jensen, president.

It is always a pleasure to assist any club in any way that I can and I'm happy to hear that the Playday was a success.

Hunters Disappointed
The weather certainly hasn't been helping the host of hunters who annually take to the hills and mountains in search of the deer. It is so dry this year and so many of the better places are closed that a lot of the hunters just aren't bothering to even go out. I certainly miss my annual outing in this respect.

Fern Poisoning
I have been hearing of several different horses getting fern poisoning... which is usually a sign that the horses are being forced to forage for themselves in pastures which have no feed. This fern poisoning will practically put your horse out of operation, affecting the rear end, making the horse wobble and be quite sick. Death often results. Best thing to do, of course, is to feed your horse before it is forced to eat the fern which it does as a last resort in pasture late in the summer. Of course some horses will eat the darn fern even though they have good food at hand.

NOTICE
You, the voters of Pierce County, know that BOB GLEASON, Democratic candidate for re-election as County Commissioner, has served you capably, honestly and sincerely. His acts as Commissioner are not prompted by hope of personal gain, or the fear of adverse criticism. A vote for him is a vote for a clean, above the board administration, and will be appreciated by him.

Jackson
has done a Great Job
for Our State

HERE'S a real fighter—a man who believes in getting things done! Elected to Congress in 1940 at the age of 28, Henry Jackson has won the admiration of the entire state for 12 long years of hard work. He led the battle for the building of new dams, transmission lines, and reclamation projects. He brought new industries and payrolls to our cities. He supported the REA's, the farm cooperatives, and stable prices for farm products.

Jackson is honest, levelheaded, aggressive. He stands for government economy as proved by his "yes" vote on every recommendation of the Hoover Commission to eliminate waste. He consistently fights for the farmer and small businessman.

Let's vote for a man we can all respect—Henry M. Jackson! He's earned the job.

HENRY JACKSON
will make a GREAT U. S. SENATOR Democrat
