Parkland Parents Plan Recreation Program

Plans for a directed play program for Parkland children were further discussed Monday evening when a group of parents met at the Parkland school. Present to counsel with them was Mrs. Ruth Pike of Seattle, recreation specialist for the State Park and Recreation commission. She told of difficulties encountered and overcome by other groups in starting similar projects.

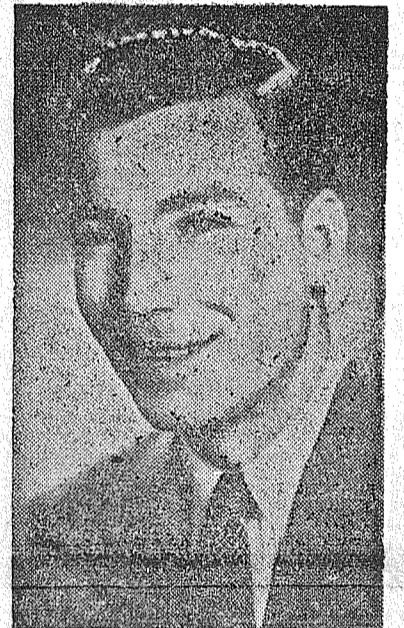

It was decided that a paid supervisor would be required later for the playground. Several committee chairmen were chosen. Mrs. Don Dovey will contact other organizations in Parkland, asking their support. Mrs. Lucille Ayers will see about liability insurance. G. O. Griffiths is to consult with Tom Lantz, parks commissioner of Tacoma. John Miller has charge of publicity.

The next meeting of the group is set for 7:30 Thursday evening, July 10. All Parkland parents are urged to attend.

Home for Summer

Two Parkland young people have returned for the summer from eastern campuses. Marilyn Pfeuffer, daughter of Dr. and Mrs. J. P. Pfeuffer, is back from Syracuse university in New York, while Luther Steen, son of Dr. and Mrs. Ernest B. Steen, has come from the University of Minnesota.

Parkland Business Club Sponsoring Fireworks

Sponsored by the Parkland Business club, a long program of Fourth of July fireworks will be presented Friday evening at the county gravel pit on Tule Lake road and Park avenue. From this vantage point, the display can be seen from a very large area, making it possible for thousands to view the affair from their cars.

Merchants of the Parkland area have contributed generously to buy the elaborate fireworks, which will provide exciting entertainment for about an hour and a half. Bob Lynd will be master of ceremonies, announcing the many features over a public address system which will carry the sound for a long distance. Lynd did a grand job in this past year and can be depended on to keep the show moving right along.

The Parkland Volunteer firemen will open the program with an interesting and instructive water show, presenting a demonstration of the use of the four local fire trucks. The fireworks exhibition, declared to be one of the finest scheduled in the Northwest this year, includes several very handsome set pieces. The aerial display will be the best obtainable.

Mary Tommervik, general proprietor of the Parkland Fuel Co., is general chairman for the affair, having been drafted for the job by Roger McDonald, president of the Business club. Both have worked very hard to insure the success of the project. Jack Brown will have charge of shooting the fireworks.

Those in charge urge everyone in the community to drive out and enjoy the affair. Though there is ample parking space for thousands of cars, those too far away cannot see the set pieces well, so they suggest that local people come early. The show will start at 10 o'clock.

New Precinct Is Named For Taylor

Authority for the division of the Midland precinct was granted this month by the board of county commissioners resulting in the announcement by Don Perry, superintendent of elections, of the formation of the new Taylor precinct. This precinct was named for the late Charles Taylor who settled in Midland at 98th and Washington St. in the year 1902. Mr. Taylor was an employe at the Pierce county courthouse for more than 30 years and in 1936, when permanent registration was first inaugurated, he covered the entire Midland district registering all prospective voters. Mr. Taylor was a Spanish-American war veteran and active in all of the local improvements in Midland. His four sons and daughter attended the Midland school and some are still residing in and taking active part in the Midland community.

The original boundary lines of the Midland precinct were 96th St. on the north, Waller road on the east, Airport road on the south and East D St. to the pipeline, along the pipeline to East F and along East F to Airport on the west. The division was made at Portland avenue. Everyone on the east of Portland avenue will continue to vote at the Midland school; all those on the west of Portland avenue will vote in the new Taylor precinct and will vote in the office of the Southeast Tacoma Mutual Water Co. at 98th and Washington. Lois Johann at 96th and Portland avenue will continue as registration officer for both precincts and announces that the books are open for registration until August 8, when they will close for the September primaries and then will be open for a few days in September. BE SURE TO REGISTER AND DO IT EARLY.

Seven-for-Dollar Bus Tokens Out After Sun.

Elimination of the Tacoma Transit system's token fare of seven for \$1, effective July 6, was announced Monday by Curtis Hill, president of the system. This leaves the fare at 15 cents.

Hill stated that only 42 per cent of bus passengers buy tokens. He estimated the increased revenue will approximate \$30,000 annually. The change, Hill said, has been approved by the State Public Service Commission.

Labor and management of the company have signed a new contract calling for a 6 1/2-cent hourly wage hike retroactive to May 1 and an additional 3 1/2-cent hourly hike effective November 1.

The new contract also includes provision for three weeks' paid vacation after 10 years. Hill estimated additional cost of the agreement at \$60,000.

The transit chief reported that the bus company is now operating at a loss.

FREE AMBULANCE DOING FINE WORK; BENEFIT SAT. NITE

On Saturday evening, July 5, a big benefit dance is being given in the Metropolitan Park dance hall at Spanaway to raise money for the free ambulance being operated by Pierce County Fire district No. 7, Spanaway.

Good music is promised and the dance is sure to attract a fine crowd of congenial people. Everyone who enjoys dancing should make it a point to go.

The ambulance has had a busy season since it went into operation in the spring. During the month of June it was called on several exciting missions and took a number of seriously injured people to hospital.

On the morning of June 17 an accident on the Roy highway just south of Fort Lewis gate, sent five people to the hospital. A family named Hayes, from Chehalis, had the misfortune to hit a tree and demolish a DeSoto sedan. Mr. Hayes, the most seriously injured, suffered a broken back and a crushed arm. Mrs. Hayes and her sister were moved to the hospital in the Spanaway ambulance.

On June 26 a new Dodge rolled into the ditch in the upper Nisqually canyon, injuring a Miss Strong and a Miss Houston, both of Bremerton. Both were moved to the hospital in the Spanaway ambulance.

Many other runs have been made by the ambulance, some of which may have saved lives.

The service is free; the people of the community are expected to provide funds for the running expenses. The men who operate the ambulance give their time and work without any pay. The Saturday night dance provides a fine opportunity to assist in maintaining the ambulance and also have a pleasant evening at the same time.

Talent Show Auditions

Auditions for the Parkland talent show, sponsored by Redger Lundie post No. 5052, VFW, are now being arranged by Mrs. Ralph Rowley, HI 2439, who is anxious to book as many entertainers as possible for the July 16 show at the Parkland theatre.

Anyone who can entertain in any way—dancing, playing any instrument, reading or any form of performance—is asked to contact Mrs. Hawley for appointment for audition at 8 p. m. July 10 at 11102 South Yakima.

Director for the show is Miss Margie Surara; chairmen are Gus Clemens and Guy Steele. Worthwhile prizes are awarded to the winners.

Berry Pickers Wanted

Berry growers have openings for many pickers, either to work by the day or to live on the farm during the harvest. In addition to the Sears parking lot in Tacoma, which is being used as a pick-up point by approximately 40 growers, several berry farmers will also have routes in various parts of Tacoma and suburban areas.

For additional information on berry picking, contact the Farm Labor office at 1510 Pacific avenue or telephone BR 4271, Tacoma, or Pioneer Park, Puyallup, phone 5-7676.

No woman should be barred from the berry gates if her fibbing goes no further than her age, her weight and her children.

"LIVE" TV TESTS CONTINUE: The first Pacific Northwest broadcast of a live television program originating in the East will take place Sunday, July 6, and telephone engineers will continue their tests right up to the last minute. Above, telephone transmission men Harry Ball, left, and Robert Parkhurst are shown at the relay site at Orting watching a monitoring oscilloscope. The oscilloscope shows the picture being transmitted and is used at each of the relay points to guard quality of transmission. Pacific Telephone rushed the completion of its Seattle-Portland radio relay system months ahead of time to bring "live" TV to the Pacific Northwest by the July deadline. By next year the system, which already has cost more than two million dollars, will have permanent equipment installations made so that it can transmit both television and long distance calls.

Mostly About Horses

All-Arab Show Winners Mostly From Washington

The big annual All-Arab show at Portland over the weekend ended up with about 80% of the winners from Washington... which is fine except that the show was an Oregon-sponsored event with only about 25% of the entries entered from Washington, which only goes to prove that the horse people of Washington, and particularly from this area, are among the best in the country with the most outstanding horses.

In checking with Margaret McMaken, who attended the show and brought home a few ribbons for the effort, I am informed that the following winners were from this area: Earl Craig from Woodbrook, as usual, showed that he was master of the situation in coping off top honors in both the mare and stallion stake classes with \$250 offered for each class. The blue ribbons also went to Earl Craig for the Arabian costume class and the combination driving class... also among his souvenirs of the trip is a fourth place won in the Arabian horses, western... Congratulations, Earl, for a good job. Earl Craig is drill master for the Pierce County Mounted Sheriff's posse and owner of Woodbrook Academy.

Martha Palin took the coveted first place award in the western pleasure class on Comet. Marie Palin went to town in the ladies side saddle, taking second, besides a fourth in English equitation and second in Western equitation. Marie is really making a name for herself in the horse world. A very young girl, she has already won state recognition for her outstanding

present home in March, 1912. Surviving are his wife, Jennie, who has had several strokes lately and is in a nursing home; also two sons, Dean and Herbert, and three grandchildren. Funeral services were held in Mountain View chapel Thursday, June 26, under the auspices of the Fern Hill lodge, F. & A. M., with burial in Mountain View cemetery. Mr. Herrington worked many years as a printer at the Washington state printing department at Olympia and retired about two years ago.

Home on Leave
Dick Davidson, son of Mr. and Mrs. V. S. Davidson on Canyon road, is home on a 30-day leave. He has spent 20 months at Quargilin in the Navy.

Register Now
A word to those who have not registered! The books will be closed Aug. 9 and not opened until after the primary on Sept. 9. Also remember that the primary is where you select the candidates for the November election. Mrs. M. S. Rau on Canyon road, second house north of the Shell Service, is the registrar for Mulvey, Bingham and Grant. Please come early and avoid the rush.

Margaret McMaken was happy as could be... her mare Zohnar, new to the show ring, walked off with a fifth place ribbon. Congrats, Margaret... now there are two horses in the family winning ribbons... Ted had better watch out.
Virginia Bekinsky took fifth in the ladies side saddle as well as a special award for best dressed western attire.
Jean Stanley third in English equitation, riding Margaret McMaken's Zohnar.
Gene Bekinsky couldn't resist the temptation to buy another horse... an Arabian yearling.
Nick Scinto, too... is boasting a couple of new ones... he has the Quarter Horse bug (a smart man). He has a couple of nice young ones which should show up in a year or so in the shows hereabouts.

Tag Along with Howie

By Howie Snowden

25 June 1952
Six to three in favor of the Democrats. That was the final score in this year's ball game between Democratic members of Congress and Republican members. The game is an annual affair with the proceeds used to send underprivileged kids to summer camp.

The opening ceremonies for the game were very impressive. The United States Marine Corps band in smart looking uniforms marched onto the playing field and took position. Then with the band playing the appropriate military air, smart looking marching units of the Marines, Navy, Army and Air Corps paraded onto the field. A group of 48 feminine members of all the services, each carrying the flag of one of the states, presented their flags in a colorful ceremony. The Air Force Drum and Bugle Corps, one of the best I have ever seen or heard, put on a remarkable drill. All told it was a very stirring introduction for the evening's entertainment.

The opening ball was thrown in by Chief Justice Vinson after which the Congressmen played a five inning game quite capably for a bunch of amateur ball players. It became a slight bit confusing at times as unlimited substitutions were allowed and such announcements as "Wheeler is now running for McCarthy who was running for Wheeler" were the order of the day. Our own Thor Tollefson, playing third base for the Republicans, performed quite creditably.

The first inning ended one to nothing in favor of the Republicans. The Democrats, however, had a terrific slugging spell in the second inning, aided and abetted by a few errors in the field, and secured five runs. They managed to hold the lead for the balance of the game, due in part to the stellar pitching of Wheeler (Georgia). —HOWIE.

MT. RAINIER NATIONAL PARK, in the State of Washington, containing 378 square miles of America's most superlative mountain grandeur, is easily accessible from the gateway cities of Tacoma and Seattle. Towering above all this is Mt. Rainier, an extinct volcano, 14,408 feet above sea level. It is the highest perpetually ice-clad peak, and has the largest single system of glaciers in the U. S. These glaciers, 26 in all, contain more than 45 square miles or 29,000 acres, of ice. Beneath these masses of moving ice are born many turbulent rivers which flow through the Evergreen Playground to the waters of the Pacific. Almost 700 species of flowering plants in addition to hundreds of ferns, mosses and fungi; 34 waterfalls, 62 lakes, and trees centuries old, add to this mountain of grandeur. Here is fun for all—hiking, mountain climbing, saddle horse riding, fishing, dancing and easy walks through flower meadows. Hotels, lodges and camp grounds are provided for your comfort. Guides, Ranger Naturalists, spacious lobbies and experienced, intelligent personnel provide for your entertainment.

Be sure to plan a trip to the park this summer. On this page you will find listed many businesses and their location shown, who will endeavor to make your trip more pleasant. Keep this page, referring to it on your trip.

Ground Observers Are Put on Watch 24 Hours per Day

Civil Defense directors from 46 states and four territories, after an all-day briefing by ranking Air Force officials recently approved the Air Force proposal to place the Ground Observer Corps on a 24-hour watch in 27 states starting July 14.

"Operation Skywatch," as the GOC project is called, originally scheduled for May 17, was postponed by the Air Force when some State Civil Defense officials asked that the program be restudied.

The meeting was called jointly by Secretary of Air Force Thomas K. Finletter and Federal Civil Defense Administrator Millard Caldwell for a full discussion of the imminent need for the 24-hour watch and the problems involved.

The State Civil Defense Directors' role in "Operation Skywatch" has been to recruit and administer volunteers for utilization by the Air Force in the air defense system.

SPANAWAY NEWS

Mrs. Oliver Omat, GR 6466
Feel like celebrating the Fourth of July? Then come out to the benefit dance for the Spanaway ambulance July 5 at the Metropolitan hall at Spanaway Park. This free ambulance

has been out on more than 50 calls since it started operation. Your support is needed!

guest speaker. Accordion music will be furnished by Wayne Pietz. Everyone is cordially invited to attend.

Firemen to Meet
The Spanaway Volunteer firemen will meet at 8 p.m. Monday in the fire hall. A full attendance is requested.

Card Party Winners
Prizes at the recent card party given

by the Spanaway Volunteer Firemen's auxiliary were won by the following men and women: Finchley, Mrs. Amelia Peterson, Mrs. Effie Buck, W. Stanton and Mr. Senff; 500, Mrs. Flora McKenzie, Mrs. Walter Swanson, Glenn Anderson and Mike Braghetta; door prizes, Mrs. Katherine Hutchins and Mrs. Evelyn McAttee.

Bruce Dotson is reported recovering from a siege of blood poisoning.

On the Mend
Mrs. Ruth Rogers of the "Y" Cafe is on the mend again.

Home From Vacation
The Art Pietz family have returned from a pleasant 10-day vacation trip. They visited with Art's parents and other relatives at Hosmer, S. D., and also enjoyed seeing the petrified forest at Lemmon, S. D., the Yellowstone National park and the Wonderland Zoo at Billings, Mont.

At Washucoma, Wash., they spent two days with Mr. and Mrs. Calvin Ward, former residents of Spanaway. They narrowly missed a cyclone, which they watched; it leveled farm buildings. A flash flood added to the excitement and thrills of their vacation trip.

Around the Loop
Mr. and Mrs. William Fueston and Claudette vacationed around the Hoods Canal loop and down the coast of Oregon. Friends of Bill are glad to see him up and going again after a three weeks illness.

Hansch-Flannery
A host of friends and relatives gathered at St. Ann's Catholic church in Tacoma June 7 for the wedding of Miss Gloria Hansch, daughter of Mr. and Mrs. Joseph Hansch of Graham, and Raymond W. Flannery, son of Mr. and Mrs. Edward Flannery of Spanaway.

The Rev. Father William Grier officiated for the impressive double ring ceremony. Miss Sherian Anderson was maid of honor; the bridesmaids were Mrs. Dave Cameron and Miss Evelyn Hansch, sisters of the bride; Miss Peggy O'Malley, a cousin of the groom, and Miss Carol Ann Chadwick. The little flower girls were Ghetti Lee LeBlanc and Claudia O'Malley, Robert Sonnenman of Tacoma, cousin of the groom, acted as best man. Ushers were Warren Milton of Graham, Thomas McDonald of Kapovins, Richard Hansch of Graham and Ron-

ald Anderson of Tacoma.

Mrs. David Boyle of Spanaway was the soloist, with accompaniment by Mrs. Donald Thomas. The reception was held in the church parlors following the service. After a short honeymoon trip to Canada, Mr. and Mrs. Flannery will be at home to friends at Graham.

So You Think You Know Baseball

By Harry Simmons
In revising the baseball code three years ago, the experts inadvertently omitted several major rules. The practice since then has been to regard these as still in force. Here, in a hypothetical in-jar-league setting, is what happens when an unusual stratagem meets an "invisible" rule.

Say the Braves have the Giants, 5 to 1, at the start of the seventh inning at Braves Field. The visitors push across three runs in quick order. With two out, they have the tying run on second base.

Bob Chipman, rushed in by the Braves as relief pitcher, works so slowly that with the count one-and-one, the Giant batter steps out of the box for a moment. The umpire signals "Time."

The Giant runner, who has a long lead from second, moves only a little closer to the base. Chipman notes this. So when "Play" is called, he toes the rubber and then steps back and makes a long throw toward second. But the ball carries into center field and the Giant runner, who had started back to second, now races around third and scores easily.

At this point, Chipman calmly calls for the ball, steps on second base and appeals to the umpire to call the runner out for failing to retouch the base after a call of "Time."

If you were the umpire, what would you do?

Answer
"The base runner is out."

SPORTS

By Rog McDonald
Here's hoping that the new TV cable in the Northwest will bring some direct sporting events from the east. Although some of the major events are only televised direct to theaters, there are many that will be sent into the home. Would it be wonderful to sit in your living room and watch direct from ringside, a boxing match such as the Maxim-Robinson go of last week?

Speaking of this match, many people were amazed at the final outcome, Maxim winning over Robinson by a technical knockout. The score card of one of the leading broadcasters had Robinson leading Maxim 12 rounds to 1 when the fight was stopped at the beginning of round 14 due to Robinson's exhausted condition. This was certainly a tough break for Robinson, but only shows the fine physical condition required to be a champion.

Some of the highlights of the battle: Two referees were needed as one had to retire after 10 rounds due to the extreme heat; Robinson lost the first fight of his career by a knockout and Maxim retained his light-heavyweight crown although he suffered from blistered feet throughout the fight. Quite an evening for two good fighters, especially the sizeable increase in their bank accounts.

Softball is at its peak in the area now. At Athletic park, which is located at 15th and Sprague in Tacoma, many fine leagues are commencing the second half of their schedules. The City Softball league is considered the tops of the many leagues. One of the standout performers in the league is Ted Welby, a corporal in the Army. He pitched for the Stoptite Tavern, one of the highly rated teams in Tacoma. Last year he pitched his Fort Lewis team to the West Coast Softball championship. This year he has pitched excellent ball, including one game in which he allowed only one hit in a 14-inning thriller, the hit coming in the 14th after 13 innings of hitless and scoreless hurling. He is terrific.

If you wish to see some top flight softball games, there are games played every evening, except Sunday, starting at 6:30 in the evening at Athletic park. There are four lighted diamonds in use and usually two games are scheduled for each diamond per evening. The seating facilities are good.
