WATCH THE SOUTH END GROW

Are you curious? Do you like puzzles? Do you like to set and wonder what comes next? If you do, then you will undoubtedly find much enjoyment in watching the "South End Grow", in this paper every week. The new feature designed to keep you guessing is sponsored by the local South End Merchants.

These recent photos taken at the Pierce County hospital, demonstrate what your contribution does right here at home in the fight against the dreaded Polio.

RECIPE OF THE WEEK
HUSBAND-TESTED RECIPE
By Mary Lee Taylor

Dutch Apple Cake
Broadcast: February 4, 1950

1/2 cup sugar 1/4 cup biscuit mix
1/2 teaspoon 1/4 cup sugar
cinnamon* 1 well beaten egg
5 tablespoons 2 tablespoons water
Fat Milk 2 cups pared, sliced apples
2 tablespoons melted butter or margarine 2 tablespoons raisins

Turn on oven, set at moderate (375° F.). Grease a deep 8-in. cake pan. Mix 1/2 cup sugar with cinnamon. Add 1 tablesp. milk and the butter. Let stand. Put biscuit mix into bowl. Mix in sugar. Stir in quickly a mixture of beaten egg, milk and water. Spread in greased pan to very edge. Cover with apples. Arrange raisins on apples. Spoon sugar mixture over top of fruit. Bake on bottom shelf of oven about 35 min., or until apples are tender and top is brown. Serve warm.
*3/4 teasp. nutmeg can replace cinnamon.

USO OPERATIONS DEACTIVATED

USO Headquarters has deactivated all USO operations in the United States, due entirely to lack of funds. This decision means that the Tacoma USO Club on 13th and Fawcett will close its doors on the thirty-first of January, 1950.

In the past year 150,000 Servicemen—a total equal to the population of the City of Tacoma—availed themselves of the facilities of this Club. Without a "Home Away From Home," a serious recreational and welfare problem is thrust upon this community, for the Servicemen and civilians alike.

Officials of the club are seeking some definite means of action in order to continue the operation of this Club.

IT NEVER FAILS

WHEN THEY WERE ONLY ENGAGED

MY, BUT THAT PIPE SMELLS GOOD! I JUST LOVE PIPES - THEY'RE SO MAN-LY!

BUT A TRIP TO THE ALTAR CHANGED ALL THAT

THANKS TO JOHN BELFI ST. LOUIS

SO - YOU'RE SMELLING UP THE HOUSE WITH THAT COAL BURNER AGAIN! WELL, WHEN YOU COME HOME TOMORROW, YOU CAN LOOK FOR YOUR PIPES IN THE ASH-CAN!

FARM FACTS WORTH KNOWING

Q. How much feed does a rat eat? What measures should be taken to overcome the rat menace?

A. Experts at New York State College of Agriculture estimate that a pair of rats eat the equivalent of 100 lbs. of feed in a year, not to mention the amount they waste. A concerted Rat Riddance campaign would save millions of bushels of badly needed corn and other grains. Some suggested steps are:

1. Store feed where rats can't get at it.
2. Get rid of trash and rubbish piles which attract rats.
3. Use good rat poisons. Products containing Antu or Red Squill are both effective and both of them should be used in the order mentioned. Rats which may obtain a sublethal dose following a single baiting with Antu will acquire a temporary immunity against this poison. This resistance usually lasts for a period of about 30 days. During this interval it is recommended that these survivors be baited with a product containing Red Squill. Although both poisons are relatively non-toxic for dogs and cats, it is a good practice to place rat baits out of reach of these or other animals.

Q. Why is it important to worm pigs and when should this be done?

A. Ridding pigs of worms at 12 weeks of age may save up to two bushels of corn per pig, thus increasing the hog raiser's profit and adding the grain conservation program.

Q. How can a dairyman judge when heifers have reached the proper weight for breeding if he has no scale available?

A. The Ralston Purina Company, St. Louis 2, Mo., offers a weighing tape that measures the size of the heart girth and tells the approximate weight of the heifer. This weighing tape has a high degree of accuracy and is a great convenience to dairy-men who do not have scales on which to weigh their cows.

Send your questions about livestock or rural problems to **FARM FACTS**, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

MILK PROFIT DOLLARS

START HERE

MILK FOR PROFIT
MILK TO PAY COST

There's no profit for you in the lower half of your milk pail. That milk just pays for the maintenance of your herd. Your profit is in the extra milk you get over and above this maintenance milk. Help your cows produce their full limit of "profit" milk. Feed them Larro "Farm-tested" Dairy Feed the year round. It's a milk-producing, fitting and freshening feed.

Yes, get the extra milk... by getting the facts about Larro. See us today.
