CONCERT MAY BE SELLOUT

Advance Reports Indicate PLC Organization Highly Popular Singing Group

Letters received during the week from members of the Choir of the West, on tour through California and Oregon, tell of large and enthusiastic audiences for all of their appearances so far.

In Portland the choir was exceptionally well received by a large crowd and according to word from Mrs. Walter Young, who is managing the tour, the singers are being compared equally with the St. Olaf College choir which has had an international reputation for many years.

These reports are gratifying to members of the Parkland Business Club, which is sponsoring the grand homecoming concert of the choir to be held in Parkland junior high school auditorium on the afternoon of February 23.

Good Ticket Sales

"An advance ticket sale, started early this week, is already setting a brisk pace," Myron Kreidler, chairman in charge, said Wednesday. "Those planning to attend should purchase tickets at once to be assured of getting a seat. The school auditorium is limited to 1,000 capacity which is expected to be a sell-out before concert time. This is indicated by the trend of the drawing power the Choir has had so far on its tour," said Kreidler.

Every member of the business club is enthusiastically supporting the concert and helping push the ticket sale.

Filling A Need

That an organization of business firms to promote the South End has been a crying need is proven by the enthusiasm of the birthdays of William Keane shown in the formation of the Parkland Business Club. Walter Young, president of the group, is to be commended for his drive in getting the organization started. And now from a first attendance of less than twenty the club has grown to forty-five members. Several fine things have already been accomplished by this group which is still in the organization stage.

Had such an organization as this been in existence earlier the South End could almost surely have swung the proposed Ruby, David and Shirley Ham-Tacoma-Pierce county airport to the Spanaway section. The site was carefully considered by the planning commission but pressure of Tacoma organizations has made considerable strides for location of the airport in Tacoma's Sixth Avenue district.

The South End is growing up rapidly, so let's have an alert group ready to sieze every chance for advancement of the entire South End.

5052, meets every Tues. night, Sunshine hall, Parkland, 8 p.m. Clover Creek American Legion Post 118 meets 2nd and 4th Friday at Spanaway school.

The regular weekly meeting of Rodger Lunde Post No. 5052, Veterans of Foreign Wars, was held in Sunshine Hall last Tuesday night. Commander Brewer was in the chair. Our meetings are getting better and larger all the time. Comrade Delbert Hadley of Messenger Post No. 1428 was present, performing the duties of District Deputy Inspector for the Third district.

The election of three new post officers was real spirited. Com. Hall was elected junior vice commander; Com. Ronald Steele, post surgeon; Com. Gus Clemons, post judge advocate. The resoltuion changing the regular weekly meetings to twice a month was defeated by a large majority.

The Post now has its colors which were used for the first time at the meeting of January 21, 1947. We are all very proud of our colors.

Comrade Black has received nothing further regarding the rifle team. Comrade Steele said that the

band will be able to get going

when a suitable place to meet has been located. Comrade Schultz reported that the sale of tickets for the dance to be held March 1 are going good and looks like a sell-out for sure. The dance will be held in Sunshine Hall and we hope the public

will help us make it a success. Guy Steele, publicity chairman

American Legion Commander W. E. Long of Clover Creek Post No. 118 has a special announcement for this week. He reports that Service Officer Wm. Bailey is much improved since a serious pneumonia illness. Comrade McCabe has been taking care of Bailey's cattle and doing a good job, too, says Commander Long. "But one calf was ailing," Long reports, "and Mc-Cabe decided a dose of medicine was needed. He located a jug of corn squeezings for the treatment and now reports are that the calf is still ailing while our brother is feeling fine. Who treated what? We want to know.'
