Trinity Easter Rites In New PLC Chapel

The beautiful new Pacific Lutheran college chapel, with a seating capacity of 1238, will be used by Trinity Lutheran church for its 11 a.m. Easter service. This arrangement has become necessary because the attendance at recent Easter services has crowded the church far beyond its capacity, even though two earlier services were held to accommodate many people and a Junior service was held for the children. (Trinity Lutheran has three services as its normal schedule every Sunday).

The arrangement for Easter will make it possible to accommodate a record crowd and a cordial invitation is extended to people who have no other church home to attend this festival service.

HANS L. DAHL JR., son of Mr. and Mrs. H. L. Dahl of Parkland, has graduated from the aviation machinist's mate school at the air technical training center at Memphis, Tenn.

MEDITATION

"LOVE THY NEIGHBOR . . ."

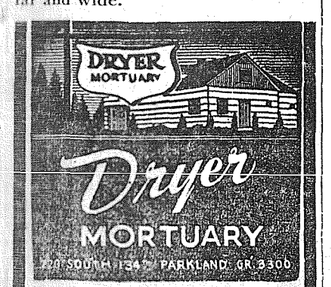
Civil Defense work can be classed as one of the most truly Altruistic services possible. Why? Because most Americans don't really believe their own home might feel the fury of an enemy attack. Maybe in the next country, the next state or county, even, but not here.

Trav Dryer

So, organizing and giving time and thought to such duties is to help the other fellow if HE gets hit, pull him out of the wreckage, patch him up and set him on his feet again. It's as true an example of brotherly love as could be found.

Our own neighborhood is providing a pattern for that service in the formation of the first Rescue Squadron to be formed in this part of the state. They are a group of some 30 volunteers with tools and equipment from their own shops and homes centered around a well-equipped auto wrecker. Through a rapid-fire communications system they hope to be able to be on their way to the scene of a catastrophy in a matter of minutes.

Such planning and unselfish service may save lives and suffering. Blessings on them and may the plan be copied far and wide.



Here, in your own community, we offer you complete funeral facilities, with easy parking and close personal attention to every detail.

WASHINGTON, D. C., March 23—I'm still trying to catch up on my work after my trip west. Most of the training in the Navy is planned on a fiscal year basis and thus the peak period in the planning department is the three months prior to July 1st. We are in the midst of submitting a budget for approval by Congress and getting together information for the Commandants as to what types of training will be available for fiscal year 1953 and where the training will be conducted and the convening dates.

All last week we held a conference of training officers from the various Naval districts. We accomplished a great deal through the exchange of ideas among the districts and between the districts and the Bureau of Naval Personnel. All of our dealings with these training officers is by means of correspondence, and I'm learning that no matter how carefully a letter is composed, it is sometimes interpreted in the field in a slightly different way than was intended. A conference of this type helps to clarify these directives so that the administration of the training program becomes more uniform.

Spring is definitely showing itself back here. Thursday the temperature hit 83 degrees and brought out the first Japanese cherry blossoms. We are looking forward to the beautifull Cherry Blossom Festival beginning April 1st. Forecasters say the trees should be in full bloom right on schedule.

Hole in One Contest

PLC Letterman's club will sponsor a "Hole in One" contest on the campus next week, Monday through Friday. Contestants will tee off from a point between the Student Union and Science buildings, the "hole" being on a lower level near the creek.

A Sylvania table model radio is the grand prize, with worthwhile prizes given daily winners. Proceeds will be used for club activities.

The public is invited to share the fun.

Collins Movie

The Collins movie, to be shown Friday evening at 7:30 in the school gym, will present a western feature, "Three Desperate Men," cartoon and the opening chapter of a new serial.

GOP Precinct Caucuses Set For Friday, April 4

Because of the interest now being shown in political activities, it is expected that the Republican precinct caucuses in Pierce county will reach an all-time high in attendance when they are held in each of the 378 Precincts on Friday, April 4, at 8 p.m. With a year of work behind them, the Pierce County Republican Central committee, under the leadership of County Chairman State Senator Russell C. Barlow, has elaborate plans to widely publicize the precinct caucuses and encourage all registered voters to participate in the procedure that will eventually nominate a president of the United States.

Announcement will be made next week in this paper as to where registered voters may learn the location of their caucus.

KINDERGARTEN IN SPRING REVUE AT PARKLAND APR. 4

A kindergarten spring revue is announced for 8 p. m. April 4 in the Parkland school auditorium, the affair to be directed by Frances Scearce, assisted by Mabel Galbraith, pianist, and Gweneth Lilpenquist.

The colorful program, which will present several score of local children, is divided into three scenes, the first featuring songs; the second, dances; the third rhythm band numbers.

Songs will be "Turtle Song," "Spring Song," "Washing Dishes," "Easter Bunny," "Black Top Hat," "Merry-Go-Round," "Jumping Jack," "A Little Kitty," and "Liza Jane."

The dances include "Flag Drill," "Dance of Greeting," Irish dance and song, Heel Toe dance, Dutch dance, "Dance of Joy," Swiss dance and songs, "Yankee Doodle," Virginia reel and songs, English Maypole dance and Spanish dance.

Kenneth Cashman and Barbara Victor are directors of the rhythm band; instruments used are tambourines, castanets, triangles, rhythm sticks, melody bells, Xylophone, cymbals, tom-toms, clogs and drums.

Clover Creek Legion Honors Anniversary

On March 14 Clover Creek post and unit No. 118, American Legion, at Spanaway honored the 33rd anniversary of the founding of the American Legion, which took place March 17, 1919, in Paris, France.

Guests from Yelm, Tacoma and Puyallup participated, adding to the evening's interest as they recounted incidents of the founding meeting in 1919.

Of special interest to the Juniors was the dedication of their colors, with Mrs. Biddie Perdue, president of the Fourth district, officiating. Musical numbers were presented by the Juniors and refreshments were served with Mrs. Irma Long as hostess. The huge birthday cake was cut by Mrs. Ellen Lehto, president of Clover Creek unit No. 118.

4-H'ers to McChord

Seventeen members of the Lacamas Livestock 4-H club will attend the Rally Day at McChord Field March 29. An attractive program has been arranged for the young guests by the Air Force personnel.

At the March 21 meeting of the club, the very successful White Elephant sale was reported. John Erickson gave a demonstration on dehorning calves with caustic.

Bake Sale April 4

The Woman's Society of Christian Service of Parkland Methodist church will hold a bake sale at the Parkland Light & Water Co. office April 4, beginning at 11 a.m. Mrs. Mike Wutz is general chairman.

P-TA COUNCIL CONVENTION AT FRUITLAND APR. 3

Election of officers and formal installation will highlight the year's last convention of Pierce County Council of Parents and Teachers when it meets April 3 at Fruitland Grange hall. Woodland P-TA will act as hosts to the some 200 delegates which are expected from all parts of the county. Registration is slated for 9:45, and everyone is asked to sign so that an accurate chack can be made on attendance and the cups awarded to the P-TA and Preschool winning. However, voting privileges are relegated to each association's officers, program chairman and school principal, upon qualification of paid-up per capita dues. This also applies to the recipients of the attendance cups.

Mrs. George Wangelin will open the business session at 10 o'clock. Mrs. Emil Ripoli will present devotions, a child's prayer, followed with a vocal solo by Mrs. Walter McCloud, who will sing "Christopher Robin Is Saying His Prayers." Election of officers and a delegate representing Council to the state convention at Spokane will be among first consideations, and also to be voted upon will be the recommendation that per capita dues for next year be raised to 10 cents to avoid several money-raising projects. Mrs. Ruth Bethel, county superintendent of schools, will explain the procedure of making an allied school council survey in local districts.

For the remaining hour preceding lunch, everyone will retire to one of the three section meetings, Preschool, Elementary or High School. Local presidents are asked to come prepared to give a two-minute resume of their year's activities. Each section will elect its own director for next year's sessions, whose duty is to act as moderator for the discussions.

Following a noon-day's hour break for lunch, the afternoon session will get underway at 1 o'clock. Record books and history books will have been judged, awards made and placed on display. Newly elected officers will be installed by Mrs. M. D. Wilkinson, state parliamentarian.

Mrs. Horton Wilcox will introduce the speaker of the day, Charles Bryant, chairman of the governor's committee on alcohol and narcotic education. His address will cover the subject as it affects juveniles and, more especially, their parents.

Adjournment is set for 2:30. Fruitland Grange hall is reached by way of the Airport road, south of Tacoma city limits on the Mountain highway. Travel east on the Airport road, 1½ miles past the Woodland school. There will be a nursery for small children.

Receiver of Blood Restored to Health

Charles Sahlberg, first person to receive blood from the recently organized Parkland pool, returned to his job at Mt. Rainier Ordnance depot on Friday, March 21, quite recovered from an illness of several weeks.

Sahlberg was admitted to Tacoma General hospital Feb. 5, greatly weakened by an internal hemorrhage, and was given a blood transfusion immediately. In all, he received three pints. Doctors were unable to determine the cause of the hemorrhage and on Feb. 19 they performed an exploratory operation which convinced them that there was no dangerous condition present and that there was little chance of further trouble. The patient recovered rapidly and was discharged from the hospital Feb. 24.

Charles Sahlberg will not be able to give blood for at least a year, perhaps never, but he is so deeply grateful to those who provided the blood which he so desperately needed just to keep alive that he is anxious to help in any way he can when the next blood bank drive is held in Parkland.

Like many other people of the community, he feels that the establishment of the Parkland blood pool is vitally important to every man, woman and child of the area. The blood is instantly available when required and the charge is only the service rate if the blood is returned to the pool by a donation.

CIVIL DEFENSE PROGRAM SET UP IN LOCAL AREA

The name "Civil Defense" has been in many headlines but in few "blocks" and homes; in many Governor's conferences and officials' plans, but not in the hands of Block Wardens. To be effective it had to filter down to the common level.

We have been trying to get it down there in this area south of Tacoma, Area No. 3 — Midland, Parkland, Spanaway and Clover Creek. A starting point was made in Brookdale, No. 11 of the 17 districts in the area.

Now a milestone has been passed. Not only has a complete Block Warden system been set up in that district, but at a meeting last Friday night at Parkland school, some 30 people volunteered themselves and much equipment and tools from their homes and shops to establish the first Rescue Squadron to be activated in this part of the state.

Through the Warden System, the Rescue Squadron can be called out in

Firemen's Ball At Spanaway Sat.

The annual ball of the Spanaway Volunteer Fire Department will be held Saturday evening, March 29, in the recently renovated Bresemann hall on Spanaway lake. The extensive improvements just now being completed include attractive redecorating and a beautiful new floor for the dance hall, and Delbert Bresemann and his father are showing their enthusiastic support of the fire department by donating the use of the hall for this dance.

Co-chairmen for the dance are Loren Buck and Bill Walin. Chuck McAtee is fire chief and every man in the department is doing his bit to make the affair a great success. The regular Breseman dance orchestra will furnish the music. Beautiful prizes and special entertainment features are planned.

With such an attractive event offered, many will want to know the price of admission. Any donation to the firemen's fund, no matter how small, will admit a couple to the dance. Several thousand tickets have been mailed out to residents of the area and those attending the dance will make their donations at the door and turn in their ticket stubs for chances at the prizes. Many who do not dance will mail in their contributions as the fire department is a very important factor in the community and the anual ball is the only means of raising money for supplies needed in carrying on the work.

There is no payroll for the fire department. Every member serves without pay. The volunteer firemen are on duty 24 hours a day, 365 days a year, without being paid a cent. These men give up part of Christmas day, New Years and other holidays, cheerfully and willingly, because they have assumed the responsibility of safeguarding the property and lives of the entire community.

The new ambulance, bought by the Spanaway Community club and now being operated by the fire department, has already provided emergency service to several sick persons in the district besides rushing a young army wife to Madigan hospital for her appointment with Dr. Stork. This service, free to the community, also involves certain expenses. Residents of the area are urged to send in generous donations or, better still, take their gifts in person to the Breseman hall Saturday evening and enjoy several hours of real fun and relaxation with their Spanaway Volunteer Fire department.

Another Life Saved!

The Spanaway ambulance made a fast run Monday night, taking to the Pierce county hospital a baby who is a patient at a local nursing home. The child was in convulsions and required care possible only in a large hospital. Tuesday morning the youngster was reported out of danger.

Daffodil Festival

As you might well imagine after last week, I had the pleasure of having quite a lengthy discussion with some members of the Daffodil Festival in regards to that affair.

I'll repeat some of the facts as I noted them during our conversation. The committee are perhaps as much correct as I was.

First, the Daffodil Festival is governed by a board of 18 members, only four of whom are from Tacoma. Four from Tacoma, Puyallup, the Bulb Growers, and two from Orting.

Second, Sumner evidently asked Tacoma to stage the show rather than have it in Sumner. (That I didn't know). It is not commercialized.

Third, as to the floats in the parade, it is possible to enter a float under various classifications, thus it is not necessary to compete with the larger floats in some classes. However, most of the larger floats do come under the commercial heading, which the smaller business firms would probably have to enter as. The festival does not make money, as Mr. Wetherell pointed out. It is necessary to promote as much as possible in order to break even.

As to the horses . . . well, it seems that some trouble has been experienced in the past in regards to the high stepping lassies who twirl the batons in respect to the trade marks of the horse as he traverses the streets of Tacoma. However, the committee is very desirous of making any change which will improve the parade or to please any group of individuals. I certainly must give them credit for that . . . As soon as a remedy for a bad situation was presented it was immediately accepted by that group, very happily so, in fact. As you will see, some of the larger drill teams will ride in the style they should in the parade this year, thanks to the cooperation of the committee. Burt McMurtrie, who very ably aired the situation, and because of requests made by our group of horsemen who are very anxious of making the best parade possible. Thanks, Mr. McMurtrie, Mr. Ernie Wetherell, Mr. Griffin, Mr. Brown, Mr. Erdahl and the entire committee for the fine cooperation in this matter.

Clean-up Week Gains Good Response

Many people have already called in to say that the idea of having a week set aside for clean-up, paint-up and fix-up is a good one. As you will have perhaps noted, The Times-Journal is sponsoring a Clean-up Week during April 7-12. A special section of the Times-Journal will be devoted to that end on April 3rd. Get in and do your share.

Commissioner Harry Sprinker was very kind in advancing the program of the county forward in order to coincide with our plans. It was very nice of him to do this. He pointed out that ordinarily the county does its early summer painting, fixing and what have you a bit later than this. We need a lot more good men like Mr. Sprinker, who will go out of their way to serve the interests of the people they represent. Thanks a lot, Harry.

Big Business in Parkland

I had quite a little chat with Mel Pedersen, Parkland's general contractor, the other day while in his office. It was quite a surprise to discover the scope and size of his operations. Mel does a lot of mighty fine building and contracting. Currently he is getting ready to build a new theater building at Yelm, which will seat 500 people.

One of Mel's mighty fine job was that of building the Fern Hill Library. If you have seen that job you will know how modern and fine building he does. Included in his busy schedule now are buildings at Graham and Napavine.

The Parkland Lutheran Church is a specimen of Mel's ingenuity in making over something old into something new and beautiful.

Mel Pedersen employs twelve men throughout the entire year with more as the constsuction requires. His payroll is perhaps the largest in Parkland, outside of the College. Through his engineering a large volume of materials and supplies are funneled into the various building jobs which he handles. He specializes in doing fine homes for people who want something better than the average.

A past president of the Master Builders of Tacoma, Mel has won national acclaim in various building journals for his outstanding work in architecture and design. His small office fails to give the impression of big business; however, this is due to Mel's idea that to be a success one must work, too. Consequently he spends much more time in the field overseeing his work than he does in his office. He spends many hours late at night in his office or in his den at home planning for a better tomorrow.

Prices Reduced

Something new hit our paper last week . . . actually a place of business was selling merchandise at a lower price—instead of raising prices of shoes, Soine's Shoe Store in Parkland are passing on to their many friends and customers the benefits of a recent reduction in shoe prices. In many cases the price reduction is from five to twelve percent . . . which is really a drop these days.

Kapowsin P-TA To Hold Talent Show

Not only will the Kapowsin grade school orchestra make its first appearance, but mothers, fathers and students will also display their talents in the Talent Show sponsored by Kapowsin P-TA Saturday evening, March 29, in the high school gym.

Nolan Nelson, master of ceremonies, will start the ball rolling at 8 o'clock and as there are more than 30 numbers listed on the program, much variety and entertainment is promised the audience. Admission prices are 50c for adults and 25c for students. All are invited.

WOODLAND NEWS

By Barbara Cordes — Puy. 5-2511

Come to the school Saturday night, March 29, for the Woodland Preschool "Quiz Night." The show starts at 8 p.m., when contestants will be drawn from the audience. Each person will be presented with a number and numbers will be drawn from the stage, so everyone is eligible to win. All the merchants of Woodland and some of the ones from Puyallup have graciously donated valuable gifts of merchandise. You may win a gallon of paint, a haircut or one of the other numerous gifts; then, too, you may win a (but that would be telling). The program will be varied, with local talent in between the quizzing. Boy Scouts, 4-H Girls and Breckon Livestock and Poultry club are selling advance tickets and receiving credit for their organizations, so buy from one of them an advance ticket and support their group. Tickets will also be on sale at the door.

Committees for the Quizz Night are: Chairmen, Barbara Cordes and Rene Bartalotz; tickets, Mrs. Jewel Fox and Beulah Hoffman; publicity, Mrs. John Pelesky; refreshments, Mrs. Burrell; prizes, Mrs. Humiston; decorations, Mrs. Brown; program assistance, Mrs. Joslin.

Woodland Preschool

Preschool met last Monday evening at the school and the size of the group is really growing. President Jewel Fox presided over the meeting. Final plans for "Quiz Night" were made. Refreshments were served by Mrs. Burrell. The next regular meeting will be on the third Monday in April.

Delegate to Convention

Jim Calvert, son of Mr. and Mrs. James Calvert, and president of Puyallup's winning FFA team, will be a delegate at the Washington State Future Farmers of America convention April 2 through 5 at Washington State college. The Puyallup high school and Mt. Baker high in Bellingham will represent Western Washington as a result of past parliamentary law contests. The team's advisor, Bert Badham, is also from Woodland.

Join Civil Defense

Come on Woodland! At the last Civilian Defense meeting at the fire hall there was but one representative from Woodland. This project is open to everyone and is for the good of our own homes and our lives. How about a little support?

First Aid Classes Busy

First Aid classes at the Grange hall are going full speed ahead. These classes are on Thursday evening and Friday morning and are three-hour sessions. You will come out of the class with a real certificate and one well earned. The following are attending and we feel they should be recognized for their effort: Messrs. and Mesdames L. M. Robert, Paris Brown, Cliff Hurst, Everett Knoll, Harold Hanson, Harry Wickstrom and the Janowskis. The following Mesdames are attending: Flora Ruhl, Nellie Williams, Beulah Hoffman, Caroline Lincoln, Gilbert Kerr, Isabel Badham, Margaret Stager, Anita Stager, Mrs. Lincbeck, Mamie Ward, Nell Ockfen, Mrs. Lane and Mrs. E. C. Allen, Tovia King, Betty Webb, Bobby Fors, Mae Elsdon, Mrs. Ryan, Mrs. Humiston, Elna Quierrie, Mrs. Nelson, Rite Derring, Clarence Fergeson, R. A. Shaeffer, Flora Lester, B. W. Heckendorn, Vivian Mennenga, Floyd Fairchild and Charles Fetter. Also Bert Badham and Dr. Elmer Cousineau.

There is still time to enter if you wish. Just attend the class this Thursday night or Friday morning.

Those attending were Mrs. Bill Rushton and her children, Donny, Candy, Mary and Perry; Mr. and Mrs. Gene Inman and their children, Gary, Diane, Dennis and Susan, and the James Hesses and their children, Karen and Randy.

Scouts on Trip

Boy Scout troop No. 470 went to Rimrock, near Eatonville, for the weekend. Twenty boys attended and spent the weekend working on scouting requirements. Bud Root took the boys up, and Larry Bartalotz brought them home. Thanks to Fred Sutter for the loan of his truck to bring the boys home.

Grange Dinner

A record crowd attended the ham and turkey dinner held at the Grange hall last Sunday. The dinner was to rebuild the Grange Disaster fund and the entire community responded. The tables were decorated with spring flowers and individual settings and the smorgasbord table contained salads, jellies, garnishes, sauces and several varieties of desserts. After a generous serving of turkey or ham, dressing and potatoes, the smorgasbord table was at your disposal for as many trips as you wished to make. As usual, not a person left with a tinge of hunger. The Grange ladies and men who worked so hard for this dinner (and there are too many to name) deserve a lot of credit and thanks.

Homecraft Club

Homecraft club met for the March meeting at the home of Mrs. John Adler. Assisting hostesses for the afternoon were Mrs. James Calvert and Mrs. Kenneth Keil. Following luncheon, a regular business meeting was held with Joyce Ward, secretary, presiding. Dad's Night Popular

Over 150 people attended the Dad's Night program at the school Friday night. The fathers really put the P-T A meeting over with a bang. In charge of the evening and presiding over the business meeting was Bert Badham. Vice president for the evening was L. B. Brown; secretary, Harry Lampshire; treasurer, Clancy Moore. During the meeting, the nominating committee was appointed—Mac Elsdon, Kathryn Hanson and Jewel Fox. Following the meeting, members of the fifth grade presented a very clever skit, "Snow White and the Seven Dwarfs." Under the direction of Mrs. Anderson, the skit was a huge success. Snow White was played by Karen Hanson and Karen Keil, Prince was Bobby Badham, the Queen, Janice Aldrich, and the Witch, Barbara Johnson. The other parts were filled by the remaining members of the class. The F. F. A. boys presented a very clever comic skit, "Dairy Judging." Those taking part were Ed Swalander, Jerry and Jimmy Goodwin, Tommy Elsdon, Milt Sather, Earl Quierrie, and Joe Sather. The evening program was closed with the talented Moore family singing Irish selections. In charge of the kitchen for the occasion were Fred Sutter and John Pelesky, and never was a P-TA group so well filled up! Hot dogs and potato salad, ice cream, cake and candy. Each teacher was presented a lovely carnation corsage. The tables were decorated with daffodils. Congratulations to the dads on their very successful dad's night.

Blessed Event Shower

The Ladies auxiliary to the H-M-L fire department gave a baby shower for Mrs. Allen Zook March 20 at the home of Mrs. David McPherson. A dessert luncheon was served from tables decorated with yellow daffodils and candles in two shades of blue. Games were played, favors going to Mrs. James Hartley, Mrs. Robert Hansler and Mrs. Zook. Others present were Mesdames Frank Johnson, Viola Burston, Floyd Jensen, James Hartley, Dick Eshpeter, Andy Christensen, Floyd Ayers, George Turner, and Robert Hansler and Jimmy and Jeffry Hartley and Ronnie Christensen.

Carnival chairmen are Mesdames James Wooldridge, GR 3669; Edward Ganey, GR 7280; Russell Malray, GR 6295, and Raymond Ellison, GR 5187.

Following is a list of the different booths and their chairmen and anyone wishing to donate towards any of these booths may contact the chairmen: Cake booth, Mrs. Frank Baskett and Mrs. Albert Bombardier; plant booth, Mesdames. It will be rebroadcast at a later date over radio station KTAC.

Spanaway Lutheran Church Reorganized

The Spanaway Trinity Lutheran church has been reorganized by the original members and a church board has been chosen. Pat Peterson is president; Mrs. Frieda Rohr, secretary-treasurer. Anton Schwartz, who also serves as sexton of the Spanaway Lutheran cemetery, is the third member of the board.

The church, located at South 169th St., two blocks from the Mountain highway, has been repaired. The opening service was held March 2 at 2:30 p.m. with the Rev. H. N. Svinth, who has been called to serve the congregation, in charge. Young people from Bethany parish sang. Members held a short business meeting after the service.

The Spanaway church was organized May 7, 1899, as a German Lutheran church, (The Trinity Evangelical Lutheran church of Lake Park), by pioneers who had located on surrounding homesteads and who felt the need of the church ministry in their mother tongue. The English language came gradually into use.

A WORD FROM THE GOVERNOR

Arthur B. Langlie

Many of you have on some night or another rushed through an early dinner, checked the youngsters with a baby-sitter, put on your hats and coats and hurried to a local hall for a grange meeting or a P.-T. A. forum, a church business meeting or a local civic rally.

If there were thirty people there you probably heard about that many enthusiastic points of view, maybe just on one isue. Opinions may have run from hot to cold.

But out of the argument or discussion or both your group most likely came up with a decision—not necessarily unanimous — but of the majority.

That's how things get done. And that's how they get done fairly.

* * *

Maybe you go through this process once every couple of months, or maybe twice a week. But did you ever stop to think that every one of you is a member of an organization which is in full-time operation every day of the year? That organization is your state. You pay dues in the form of taxes. And you vote for the officers. The only difference is that it's a little difficult to attend the meetings

We can't all get together and speak our views like you do at your town hall meeting, but the same idea still holds that only when your government officials know what you are thinking can they make the decisions which will be the best for the most.

* * *

If thirty members in your club mean thirty opinions, think of the different ideas on every one of the hundreds of issues in state government. The census fellows tell us we have 2,378,963 paid members. Quite obviously, it is impossible to get them all into one meeting hall. But it is essential that we know their needs, and their ideas as to the solution of their problems.

* * *

How are we going to do it One way is through letters. Your government officials here in Olympia want you to write us your problems and suggestions. Many of you do. And our offices are open to your personal visits. During the past several months we have been conducting what we call "grass-roots" conferences in various areas throughout the state in an attempt to bring government to the people and by the same token bring the people's ideas into government.

In order to parallel state operation with actual need in the various areas, we have obtained specific information with which we can check the recommendations, complaints and problems that have come to our attention.

But it's a two-way proposition. We have found that just as we wish to know what is in the taxpayers' minds, they have indicated that they wish to know more about what the facts and current trends are on the state level.

* * *

That is why it is hoped through a weekly report from the Governor to bring you the factual background about the services your state government performs for you, about forests, taxes, agriculture, health, highways, law enforcement. . . .

As "dues-paying" members of this state organization you are entitled to know the facts. And good government comes from a well-informed public.

Incidentally, every man, woman and child in our state, being members of this organization, pays about $84 per year in dues—taxes. In another report, I would like to tell you how this $84 each member pays is spent.

P-TA Dads' Night

Glover Creek P-TA will hold its annual Dads' Night Friday, March 28, beginning at 8 o'clock, in the school auditorium. The dads have taken over the entire program and will present Al Farrar of Tacoma as guest speaker. The nominating committee will be elected with Mrs. Frank Waddell in charge. Dads will act as hosts for the social hour.

To Mr. and Mrs. Adolph Carlson, 9645 East C St., a son, Feb. 29.

To Mr. and Mrs. Roswell Beck, Rt. 1, Box 84, Yelm, a daughter March 5.

Parkland Riding Club Meet
April 1

April fool's day, April first . . . but it is also the regular monthly business meeting of the Parkland Riding club which will take place this month at the home of Mr. and Mrs. Tom Woods. They live on the Robert Road, just off Military Road. It is the road which goes to the Enchanted Isle on Spanaway Lake. When you turn left on Robert's Road (Enchanted Isle road) go till you make a sharp left turn . . . it is the driveway right across from the turn . . . sets back from the road a way. I'll ask Tom to put up a sign "Riding Club."

Be sure to come out. We are getting quite a few new members now that Spring is officially here. We will be out riding soon and planning for a spring show.

Twin Rivers Riding Club

It's a Cowboy dance for the members of the Twin Rivers Riding club of Orting when they meet at the Thrift Community hall this Saturday evening from 8:30 on till when.

Maybe I had better reproduce their letter here so you can see for yourself:

"The Twin Rivers Riding Club invites the Parkland Riding Club's members and friends to their 'Cowboy dance' Saturday, March 29, at the Thrift Community hall from 9 to 2.

"There will be door prizes and a prize given for the best waltz.

"We hope you will all be able to come out and don't forget to bring your friends, too.

"Audrey Robinson."

Well, there it is—fun for all who would like to attend.

Family Influence and Appaloosas

My wife Ruby has been giving me the dickens lately . . . She says I always tell everyone about my horse and what he looks like and what he does, but never once mention her wonder horse.

Well it looks I had better keep in good or I won't have regular meals. In case you wonder, she has an Appeloosa which she is rightfully proud of. It is the only five-gaited Appaloosa which I have ever had the occasion to see. It is really smooth riding. Of course she thinks that if a horse trots it is a rough old thing. The Appaloosa never trots unless forced, so she sits up on top in very envious comfort.

Outside of single-footing, Cochiese (yeh, that's the name of the critter), takes to the rack for higher speeds, in fact he can rack as rapid as most horses can gallop. I will have to admit that it is about as perfect a horse for pleasure riding that can be found. Anyway, she likes it and that is the main thing.

He was named after an Indian Chief and really has quite a story behind him. You will see him around this summer now that she is getting used to him and has found a saddle that she likes.

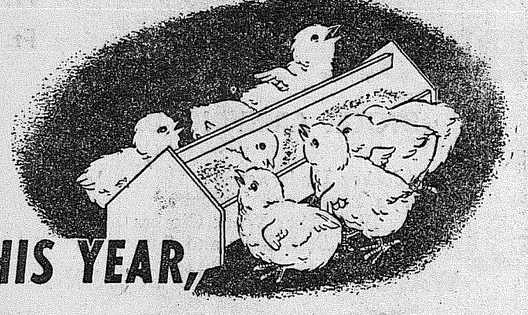
Drills Again in Full Sway

The various mounted drill units of the area are hard at it getting their horses in shape for summer activities. The Sheriff's Posse drill each Thursday evening at The Washington Horsemen grounds. They have quite a record to maintain in the state this year. The past two years they have taken first in the State Posses' Annual Meet. Captain Roy Nystrom hopes to keep out in front again this year. He is really working his team hard in order to get them in shape.

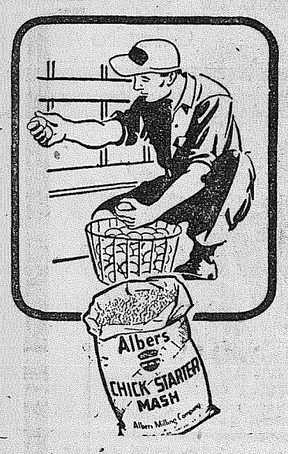
Friday night is the next drill night for The Governor's Mounted Guard which will drill at the Washington Horsemen grounds this week. Every member is asked to turn out for these early drills. Don't forget, Friday at 8.

Parents' Night

The Woodland Boys' 4-H club held the annual Parents' Night Wednesday, March 19, in the Woodland school. Every year the boys take pride in putting on a very special program for their parents. Two boys spoke on past and present 4-H year, plans and accomplishments; three boys made up an instrumental trio, and there was group singing.



THIS YEAR,
start them on Albers
AND DEVELOP A MORE PRODUCTIVE LAYING FLOCK NEXT FALL



This year, be sure that your chicks get the kind of start that assures a *profitable* laying flock next fall and winter. Start your chicks on Albers feeds and keep them on Albers from brooding through rearing and right on into the laying house.

Follow the Albers Plan also. It is a tested program of successful poultry management developed from years of scientific feeding and management trials at the Albers Research Station near Carnation, Wash.

Make it a point to call at our store and ask for full details on the Albers Plan the next time you're in town. We'll be glad to furnish Albers helpful chick brooding booklets without cost or obligation.

New Bookmobile Gives More Service

Schedules for Pierce County Library's new bookmobile have been completed and went into operation Monday, March 17. Anyone who is still not receiving bookmobile service may contact the County Library at 502 So. 11th St., Tacoma, and every effort will be made to provide a stop in their neighborhood.

Library patrons will find service much improved, for with two bookmobiles in operation all the old and new stops will be for longer periods, thus allowing library users more time for browsing and for careful selection of books to fill their individual needs.

Seven Scholarships

Mrs. Helene Linder, president of Parkland unit No. 228, American Legion auxiliary, has been notified that seven nurses' scholarships will be awarded in this state this year by the department of Washington, American Legion auxiliary. Mrs. Linder hopes that some young woman of the Parkland area may qualify. Interested applicants are asked to contact her by calling GR. 6007.

Applicants must be citizens of the United States and have been a resident of this state for at least a year. They do not have to be a relative of a veteran, but must be approved by the auxiliary unit of their home town. They also must have met the requirements of the hospital or college which they wish to enter. The scholarships are given as gifts, not to be repaid unless the applicant fails to finish her course.

The next regular meeting of the Parkland unit will be at 8 p.m. Friday, March 28, in Sunshine hall.

Camp Fire Girls Launch Candy Sale

Camp Fire Girls throughout the Tacoma area will begin their third annual Candy Mint sale Saturday, March 29. The Blue Birds, Camp Fire and Horizon Club girls will call on their neighbors and friends to sell the attractively packaged boxes of delicious butter cream mints. The candy mints are made by a nationally known candy company that has a manufacturing plant in Tacoma.

Proceeds of the sale will be used to purchase a camp site for Tacoma Area Camp Fire Girls. Presently only a limited number of girls are able to take advantage of camping facilities offered by the Seattle Council of Camp Fire Girls at Camp Sealth, located on Vashon Island.

Refunds to the groups will be made on the basis of the number of packages sold. If the group sales average up to 45 boxes per girl a refund to the group of four cents per box will be made. If the group sales average 46 to 60 boxes per girl a refund of five cents per box will be given. If the group sales average over 61 boxes per girl a refund of six cents per box will be given. The refund of the sales will be used to finance the group activity for the coming year. Group activity includes such things as overnight camping, day camping and trips to interesting places. The refunds are also used for current operating expenses of the group.

Prescription I

IF A PHARMACIST were to start his career with a prescription for himself to follow, it's certain that *professional service* to his community would be the main ingredient. You see evidence of it in everything he does . .

You see it in the painstaking care he devotes to the preparation of every prescription your doctor orders—whether it be a simple mixture, or one of a highly complex nature.

You see it in the precision equipment he uses with scientific skill, and in his knowledge of the thousands of drugs and chemicals he keeps on hand, so that your needs can be supplied promptly and completely.

You see it in his participation in organizations of his profession, and in his technical library . . through which he keeps abreast of the latest medical developments, the newest drugs, and the constant improvement in pharmaceutical products and practices.

Your pharmacist pledges himself whole-heartedly to the ideals of his profession. Every day, in communities large and small, he is helping to make and keep America the healthiest nation in the world.

Get better acquainted with your pharmacist—he's a man you can rely on

a matter of minutes in case of a catastrophe nearby. Getting to the scene quickly with adequate tools may save lives.

The equipment centers around a well-equipped auto wrecker furnished by Harold LeMay of Lucky Auto Sales Co. Added to that are a great variety of tools and first aid equipment from the other members' homes and shops. Panel delivery cars and other cars that can double as emergency ambulances are furnished by Lakeview Dairy, Harry Behmer of Parkland Florists and Alfred Grodvig, who is the District Warden. A light truck for hauling the larger hand tools is furnished by Dr. Bill Smith. John Smidt has volunteered a power loader if it is needed. The assembly point, where the extra cars are left, is the Dryer Mortuary parking lot. Several ladies, experienced in first aid, are members.

Other members of the Squadron, all contributing equipment, are: Earl Rau, Mr. and Mrs. James Linder, Mr. and Mrs. Ed Veatch, Clarence Branstetter, Mr. and Mrs. John Nelson, Mr. and Mrs. Joseph Higgins, Mr. and Mrs. C. R. Kegel, Joe Davis, Dick Begallia, Mr. and Mrs. Leo Smith, Sam Brown, James Loring, Everett Motteler, Kenneth Trimble, Perry Roscoe, George Nelson, Reuben Harvey, Prof. Jos. Running, Ernest Herigstad, Col. Gustave Appelman, R. L. Hagerson and W. Brattere.

A trial run is expected to be made next Monday evening in connection with the state-wide yellow alert. Gus Partridge, the county director of Civil Defense, is going to give them a call to a simulated incident shortly after the alert, just where, Partridge isn't saying.
