Friday at 8:00 p.m. in the Spanaway School Calling all members of Clover

Creek Post No. 118 and its Auxiliary, to attend the regular meeting this Friday, March 11, at 8 p.m.

The comrades will hold their session at the Scout hall in Spanaway, while the ladies will gather at the home of President Irma Long, where refreshments and a social hour will follow the meeting.

All Post and Auxiliary members enjoy this hour of fraternization and exchange of ideas. So come on out, brothers and sisters, see how much uplift your spirits will receive by just brushing shoulders with others who "speak the same language."

"A continuous call to service" is a motto well understood by every Legionnaire and lady of the American Legion. The problems for community service have multiplied vastly with the large increase in veteran population. Our goal, to aid in community service, is ever before our hearts as we strive to help solve the problems of our community, in welfare projects, youth projects (we sponsor a Scout troop as well as a Cub pack), in cooperation with the religious and school betterment programs, we glady lend our support. Our study of community welfare needs leads our members to donate blood to the blood bank, to contribute to the March of Dimes, the annual Red Cross drive, as well as providing assistance to needy children and families, as much as lies within our power. We believe: Community betterment is a better America, so we are all out for improvement in our neighborhood in any way possible.

Bill Long came through his operation nicely and looks like a million. He receives his guests in Ward 11B at Madigan. Our Post Commander Bailey is improving, but is still "on location" in Ward 14B at Madigan. Comrades are more than welcomed by both our Bills. Try a visit there, comrades; you'll have done a real personalized hospital service if you visit Madigan. You'll be surprised at how many of your friends you'll find "grounded" there.

Now, remember, March 11 is the date, 8 p.m. is the hour. Be seein' you at the Post and Auxiliary.

VOTERS APPROVE HIGH SCHOOL SOUTH CENTRAL

Proposed consolidation of seven school districts of South-Central Pierce county was defeated by voters in three of the districts Saturday. Consolidation was favored by Spanaway, Elk Plain, Roy and Rocky Ridge districts, but turned down at Lacamas, Kapowsin, and Clover Creek.

The action by Lacamas and Clover Creek was expected and alternative proposals excluding them were submitted on the ballot. The action of Kapowsin, although not entirely unexpected, was disappointing to consolidation advocates. Plans are now being formulated to carry a stronger campaign for consolidation into Kapowsin preparatory to petitioning for a new election.

The vote on consolidation, by districts, was:

12. Clover Creek (voted Prop. 1 only), yes 30, no 78. Lacamas-(voted Prop. 1 only) yes 3, no 46.

Special levy propositions carried on the ballot at Spanaway and Elk Plain, as follows: Spanaway-(25 mills), yes 246, no 90. Elk Plain-(15 mills for building fund), yes 84, no 41; (10 mills for school maintenance), yes 84, no 41; (sale of Kirby school property), yes 108,

School directors were chosen at Spanaway, Elk Plain, Rocky Ridge Organized Now and Clover Creek. Suggested Reading

A 125-page printed record of the widely-discussed tenure cases involving Communism at the University of Washington is now available, the University announced this week.

Entitled "Communism and Academic Freedom," the booklet contains the complete texts of recommendations by the University faculty committee on tenure and academic freedom and the recommendations of Dr. Raymond B. Allen, president of the University.

In addition, the booklet has an introduction reviewing the cases and a statement of policy by Dr. Allen. Appended are the complaints which initiated the faculty committee's

Copies of the booklet are on sale through local bookstores or can be ordered directly from the University of Washington Press. The price is \$1.55 per copy, including tax.

As an outcome of the hearings, two University professors were dismissed for admitted membership in the Communist party and a third professor was discharged for other activities that were considered violations of the University's academic code.

In his introduction, Dr. Allen summarizes the administration viewpoint as follows:

"Academic freedom means not alone the right to hold unpopular views, but the obligation to hold views, which, shaped by the accumulation of tested evidence, are subject to no dictation from outside the mind of the holder.

"I hope the University always will have a place for honest non-conformist thought. The University can ask only that such thought be the product of free and unprejudiced and scholarly minds. Such thought always will be encouraged, and if need be, defended at the University of Washington.'

Keep a Foot on the Brakes

Today our national budget is the biggest in history. To maintain that sprawling bureaucracy in Washington we suffer the federal tax collector to extract from our pockets 25 cents of each dollar we make. And the end is not yet.

For a part of this money is being used deliberately to make the government bigger and bigger, to pay for propaganda to "sell" us on the notion of expanding that bureaucracy. Washington has attained new heights in cynicism when it uses our money to force upon us a way of life that is foreign to our ideologies, that is contrary to our way of living, that is, in short, poison to the democracy we cherish, theoretically, but which we do not turn a hand to protect. Like lambs we are led to slaughter with never a bleat of protest.

It's rather foolish, isn't it, to spend billions building up our armed forces to protect our liberties from a foreign foe while, with the other hand (but behind our backs) our own government spends other billions to force us little by little into that same totalitarianism we are arming to defeat?

Socialization never moves backward. When one experiment in state control fails, logically it should be abolished. But it is not. Another experiment is tried in the hopes that, somehow, it will bring success out of failure. And then another and another, until little by little, imperceptibly to those who don't resist the tide, the whole body of our personal freedom and liberty has been taken from us.

Socialism amounts to a sort of prop or minimum standard level for the benefit of people not able to sustain themselves at that level. So far that's fine. But when the minimum standard is raised so high that socialistic grabbers live about as well as the socialistic contributors, the system begins to of friends following the water dis- In Spanaway, these may be obtained backfire. When industrious men see the fruit of their extra efforts distributed among loafers, they soon decide that it is foolish to contribute more than their share to the common grab bag. Production lags and before long the entire system is slipping to a lower and lower level.

That's the thing to remember about socialism. Its evil is one of degree more than kind. In its early stages it offers a lot of good at a reasonable cost, but farther along it encourages indolence and eventually drags an entire nation into poverty and slavery.

That's a point that should be seriously considered by Congress in connection with all future socialistic proposals. Can our country stand any more socialism?

Results of last Saturday's school election should be most satisfying to those who have worked long and hard to make Franklin Pierce school district an actuality. The solid vote of support should inspire their efforts to bring Franklin Pierce high school to realization for the opening of the 1950 fall term. There's much still to be accomplished, but renewed assurance will help speed the tasks.

County Prosecutor Steele reportedly has expressed dissatisfaction with conduct of the Noreen McNicholas slaying probe by the county sheriff's office. Prosecutor Steele has assigned his own investigator to the case. We assure the prosecutor that he is not alone in his views and hope his investigator will make more progress. Surely he cannot accomplish less.

(Editor's note: This is the third in a series of informative articles dealing with procedures and effects of municipal incorporation, for consideration with regard to possible incorporation of the community of Parkland. It is evident that problems of discharging such civic functions as are cited below become more acute as population becomes more dense. Therefor, at some stage of its development a community must consider whether to change to a municipal government.)

REVENUES FOR CITY OPERATION

Briefly summarized, in general, city funds come mainly from a property tax (maximum without vote being 15 mills), and from state-shared taxes which are now being paid by residents of county areas but from which they now receive back only a portion of the gasoline tax (paid to the county for road purposes). CITY OBLIGATIONS

Cities must pay prevailing salaries to regular officials and employees, maintain public properties and assume immediate responsibility for street maintenance and policing.

LIMIT ON DEBT

For regular city operation, utilities and normal expenses, the city council is limited by law to no more than 11/2 percent of assessed valuation as a debt maximum. If at least three-fifths of those voting at an election agree, and the total vote is at least 50 percent of that at the last previous state election, the council may incur debt up to 5 percent of valuation. An additional 5 percent debt may be incurred by the same type of vote of the people, for a city-owned water, light or sewer system.

L.I.D. RESTRICTIONS

For local improvements (under Local Improvement District statutes) there are also strong restrictions. For sidewalks, paved streets, residence district lighting, sewer systems and such improvements, action must be initiated either by the people themselves (owners of a majority of the frontage and area involved) or the action may be initiated by the council, and if 60 percent of the property involved is represented in a protest, the council may not proceed, except in case of a sewer where public health is endangered.

When a friend needs a feller

Into every dog's life comes at least one sad, distressing day. This day often begins when a strange cat invades Fido's home grounds. Such an affront, of course, cannot be taken casually. Fido snaps his leash and starts after the brazen invader. A scrambling chase through back yards, across vacant lots, and down alleys then ensues. Several blocks later, with the cat successfully treed, Fido faces the unhappy realization that he is in a foreign country, far from home and lost. This is the time when a feller really needs a friend.

Fido is relying on his owner to be his friend and rescue him from his dilemma. His owner will be this "friend indeed" if he remembers the simplest solution to Fido's problem: the Want Ads. A brief notice in the Lost and Found column costs little, and chances are good that it will soon have Fido back home—"in the doghouse" but happy. The next time your pets (or valuables) stray from home, remember Fido's experience and telephone GRanite 7100 to place your Want Ad.

> Next we saw the Senate. They were debating on an educational bill, which was very interesting. The Senate page boys and girls were dressed in red-violet with "senate page" on their sleeves.

The trip to the top of the dome was a long climb, about 350 steps. We got a nice view of the southern tip of Puget Sound and the city of Olympia.

After that we saw the governnor's office, which had a beautiful table and chair. The table was polished and a huge piece of glass laid over it. The chair was very high-backed and very soft-cushioned.

In the Temple of Justice there was a law library which had a record of all laws introduced and all laws passed.

There was a chandelier attached to the Capitol Dome that weighed five tons and a chain holding it that weighed 11/2 tons.

We would like to thank Dick Watson, who showed us around, and Earl Coe, secretary of state, who invited us. We also appreciate the cooperation of Mr. Fraser and the school board for the use of the bus. K. Cripen and D. W. Grefthen were the class sponsors.

Mrs. Eugene Brittain suffered a serious fall at her home, March 3, and has been confined to bed, partly because of the fall and also due to a severe case of the flu.

Harvard, Midland and Larchmont Fire department was called to 80th and Vickery road, March 6, where a rubbish fire was out of control and threatened a chicken house housing more than 600 baby chicks. The fire was controlled before serious damage occurred but this was another case of burning without a fire permit, which is unlawful. Chief David McPherson of the H. M. and L. department states that a permit must be obtained for any outside fire and in a Fire Protection District it must be obtained from one of the chiefs of the district. When an application for a fire permit is received the chief will inspect the area to be burned and will offer suggestions as to the control of the fire and the best methods to employ for

Harvard, Midland and Larchmont Fire department ladies auxiliary met at the Fire hall, March 2, with President Lorene Baskett presiding. The birthday of Camilla Christel was honored during the social hour. Evelyn Jensen and Leona Hartley were hostesses and employed a St. Patrick's motif for serving.

Friends of Mrs. Roy Taylor are happy to hear that she is feeling fine again after her attack, March 6. Mrs. Taylor had worked all day Saturday on the school election and on Sunday suffered an exhaustion collapse. Chief Dave McPherson of the H. M. & L. Fire department was called and applied the respirator, which gave immediate relief.

Georgie Rainey, son of Mr. and Mrs. George Rainey of Midland, is again on the sick list; this time with a bad case of flu.

A recently-formed neighborhood sewing club met at the home of Mrs. Floyd Ayers, March 3, at 8 p.m. Attending were the Mesdames F. J. Carson, Ivan Harrison, Johnny Holland, Robert Townsend, F. Hicks, Harry Hansen, J. Miraldi, P. H. Teffre, Harry Piper, Emil Nougier, L. Bucholtz, David Lorance, C. Mc-Clatchey and the hostess. The club will meet at the home of Mrs. David Lorance, March 17.

Owner of the Midland Fuel and Gas company was held up March 1 by two armed bandits and forced to turn over the day's receipts.

Altar Society of St. John of the Woods parish held its regular meeting March 3, at the Waller road home of Mrs. Peter Krapf, with Mrs. Walter Corrigan presiding. Luncheon was served to 25 members present by the Mesdames L. Hoffman, N. Johnson, H. Lanz, J. Le Mieux, A. Leppert and P. Krapf.

President Spalt Wartenbe presiding at the business meeting. Frank Baskett made a report on drainage conditions in the district and urged voters to the polls on March 8 when a new drainage supervisor would be elected. The chairman appointed a committee to serve as a Dawson field committee until the regular election of officers in December. This committee is to work with a like committee from the Harvard Improvement club, in the interest of Dawson field. Last minute plans for the March 5 school election were made, as to transportation of voters and a loudspeaker car to remind voters of the election. The car was obtained by the Improvement club and paid for by some merchants of the nished by Mrs. John Heinrich and by Bernice Turner and Lois Johann.

About 75 people attended the card party given by the Harvard, Midand and Larchmont Fire department Ladies Auxiliary, March 4, at Midland hall. Many prizes donated by the ladies were awarded during the evening and home-made cakes and coffee were served at the conclusion of the party.

Tom Lantz, director of recreation

in Tacoma, met with members of the Teen-Age club and mothers, on March 7, at the reconditioned fieldhouse at Dawson field, to plan getting the teen-age center organized into a going concern. He introduced his assistant, Ralph Wilson, who is supervisor of recreation, and will work with the Harvard-Midland group, and Mrs. Betty Jo Meyers, who will be the leader. Lantz asked representatives of the local Improvement clubs who were present to look into the possibility of more street lights in the vicinity of the park entrance. He was also assured that the park committee from the Harvard and Midland club would assist boys and girls in obtaining some type of record player or other music for parties. Lantz also told the teenagers he expects them to operate their own club and they will be expected to make their own laws and enforce them. The park committee will arrange for two couples to chaperone at each party and at the first party, which will be held March 11,

WILL YOU GET A REFUND ON YOUR TAX RETURN?

If your withholding and estimated tax payments exceed your correct 1948 income tax, the difference will be refunded.

You can speed your refund by filing early and making sure your return is made out accurately and signed. Be sure your address is correct.

Most refunds will be made by summer. Avoid unnecessary correspondence that clogs the refunding machinery.

Your 1948 income tax return should be filed by March 15, 1949, on either Form 1040 or 1040-A. The Form W-2 received from your employer cannot be accepted as your return.
