

By Clarence La Crosse

Up around the post office things are really buzzing with the Christmas rush doing its part to keep the boys extra busy. It looks like a shipping department of a large department store.

Sure was a nice dinner Herb Socolofsky consented to buy us Tuesday evening at the Alnor Cafe where he entertained his new staff of the Kiwanis club for the next year. As you all know by now, Herb is the new president of the Kiwanis club. The little meeting was to get things in line in order to start the new year with a big year for the Parkland area which the club serves.

Happy Kids

There was a bunch of happy looking youngsters around The Times office last Saturday when they were all paid off for their efforts in the subscription contest in behalf of The Parkland Times. As some of the youngsters received their cash bonus they would dart out into the street anxious to spend it for Christmas presents.

We gave away two bikes, two wrist watches, two radios plus cash bonuses to all participating. Although the youngsters didn't sell as many subscriptions as they could have we were very happy to have made it possible for some of them to have a little extra cash to buy Christmas presents, in most cases, for their parents.

In case there is one or two who have not been in the office to claim their bonus we urge you to do it as soon as possible in order that we might get all the subscriptions straightened out for mailing.

More Basketball

As I was typing this out at home Monday evening I was listening to the basketball game between PLC and their blood enemies CPS from over on the other side of the city of Tacoma. It was quite evident that PLC was showing some of that Lute fight which has made PLC one of the most respected contenders in the entire league. It is always a feather in the hat to beat CPS and to tromp over them in such methodical fashion as was evidenced here Monday evening was indeed a feather to be proud of. Good luck Lutes, hope you can do it again and again. . . . In fact about three more times this year to make it really decisive.

COMM. CLUB HAS BIRD, PARTRIDGE TALKS TONIGHT

Tonight at Parkland school, two men familiar with area policing and civil defense will speak to the residents of this area.

Harold P. Bird, newly-elected sheriff, and Gus Partridge, Pierce county civil defense coordinator, are the two men featured speakers.

The Community club meeting will be from 8 to 10 p. m.

Bird will tell Parklanders "what he plans to do" for this area in the way of police protection.

Partridge will discuss the civilian defense program in Pierce county and explain what must be done in the community level.

It was also announced that new officers for the club will be nominated at tonight's gathering.

PLC Tangles Tonite With Lewis & Clark

By JUH

Fresh from their impressive 64 to 39 drubbing Monday of CPS, the Parkland collegians—seemingly hot and cold—will try to even the score when they tangle with Lewis and Clark here tonight.

The Oregon outfit whipped the locals there 61 to 48 in their first meeting a week ago. Toss up time tonight is set at 8 p. m. on the PLC maple court.

In Glen Huffman's good defensive play against CPS, Coach Marv Harshman has "found" a tall and rugged starter at forward. Huffman's injection, replacing Lloyd Eastman, formed a quintet that clicked against the Loggers.

Against CPS, the backboard game was particularly good and the Lute switching defense stymied the tutored drive of the Logger guards. Above all, the team is reported in good spirit and wonderful mental attitude—the basis for a good club.

In all probability Harshman will open tonight with the Huffman-Gerald Hefty-Gene Lundgaard-Bert Wells-Duane Berentson combo.

Up to this point in Kings-X play, the Lute weakness had been inexperienced forwards, but if Huffman and Hefty perform like they did in the CPS tilt, Harsh now has an aggregation that should win a great many contests during the regular conference schedule.

GARFIELD & PARK GETS SIGNAL LITE

The intersection of Garfield St. and Park Ave., now has a traffic signal on a temporary 50 second stop-and-go between 7 a. m. and 6:30 p. m. after which it flashes red until the next 7 a. m.

According to William A. Stancer, county engineer, the "right" time interval between stop and go has not been settled; however he did say that the tape traffic count taken all last week and visual checks will determine the time signals.

Last Saturday, a crew from the Tacoma city police traffic engineers installed the signal. The southwest telephone pole was donated by the telephone company and the Parkland Power & Light, the northeast, for the suspension cables.

Stancer said that the Garfield St. tape recorded 3,026 in daily average traffic; Park Ave. (south of Garfield), 731, and Park Ave. (north of Garfield), 2165, during the week long automatic meter check.

The engineer pointed out that the intersection is overly congested during the daytime, and dangerously so, due to angle parking. He said that parking in an angle on county road is prohibited and that something will be done about this in the near future.

The installation of the signal is the result of an open discussion between several Parkland residents and Commissioner Harry Sprinker when he spoke to the Business club in November.

The boy died Sunday night of injuries first believed to have been suffered in a fall from a shed roof.

P-TA Confab Draws Over 100 to Midland

By Mrs. Clarence Johann

More than 100 parents and teachers were present at the Pierce County Council of Parents and Teachers convention held recently at the Midland school.

William C. Lemon addressed the group on "Family Life Education" and brought to them many problems that need attention in all families. During the business session conducted by Mrs. John Gorow, a committee was appointed to study the question of an attendance award and bring back suggestions to the board.

Members of this committee were Mrs. R. R. Pijanowski, Mrs. Maynard Dildine, Mrs. R. Henry Paul and Mrs. Raymond Ellison. A refund of \$300 was received by the council from last year's state convention and the group voted that this money be given to the Crippled Children's School to be used for transportation.

The nominating committee was elected as follows: the Mesdames Carl Colton, chairman, George Wangelin, Ranghill Peterson, R. R. Pijanowski and Arthur Cook. The next board meeting will be Dec. 19, at 11 a. m. at the Youth Center of the Tacoma Council of Churches.

Parklander Receives Her Nursing Cap

Marianne Sunset of Parkland received her nurse's cap in a traditional capping ceremony at 8 p. m., Friday, Dec. 8, in the Lewis and Clark college.

Miss Sunset was one of 11 student nurses who were affiliated with the combined department of nursing education at Lewis and Clark college and Emanuel hospital in Portland.

WISCONSIN CLUB will have a potluck supper and Christmas party next Sunday, Dec. 17, in the basement of Odd Fellows temple, 6th and Fawcett.

Fire Hall to Serve As CD Headquarter

"A great deal" was accomplished Tuesday night at the meeting of the Parkland civil defense board. The most important, is the announcement from Mrs. Al Seamans, coordinator, that this area's program has been and will proceed, even though the wheels of the federal administration has not been greased by Congress.

It was decided that the fire hall will serve as headquarters for this area, because of the 24-hour watch maintained by the firemen.

Then, too, the fire department recently purchased a new five horse-power siren which is believed to be audible over the area. As yet, no signal has been concluded on air raid warnings.

Block Wardens

The board is also looking for radio equipment and "hams." At the present time, the fire hall has direct contact with the Lakewood fire hall, Midland fire hall and the sheriff's office.

The block warden plan will be set up, it was decided, with the area being divided according to voting precincts, each with a warden. A chief warden is to be chosen in the near future.

Plans Questionnaire

To make a tally of facilities and equipment available in the area, a questionnaire will soon be sent to residents. Knowledge of availability is vitally important, if Parkland should have to become an evacuation area, it was announced.

Too, the board has picked locations for first aid stations, but permission from building owners is pending.

On the medical side, the board concluded that there is a shortage of bandages and medicine in the area. Mrs. Seamans urged residents to "look into their first aid supplies."

Community Meet Tonight

Regarding the first aid classes, the days and hours were to have been decided more conclusively at tonight's Community club meeting.

However, Mrs. Seamans said that the course will be five weeks in length with Red Cross personnel doing the instructing.

An appeal was also made to residents regarding a tally of practical and registered nurses, pharmacists and technicians living in this area.

"The board members are open to any suggestions that the people may have. . . we'll welcome ideas," Mrs. Seamans said. "We're going to go ahead on this thing. . . we know what

Tips on Washington Apples SOME LOW COST FRUIT DESSERTS

By the Staff of the SCHOOL OF HOME ECONOMICS University of Washington
 With the wide choice of Washington apples offered for use in fall and winter menus, the homemaker's problem of low cost fruit desserts is solved.
 Bake the Rome Beauty variety for the favorite family dessert. Stuff the cored out center of the apple with nuts, raisins or brown sugar. Place a marshmallow on top of the center and allow it to melt as the apple bakes. For party fare, spread orange marmalade over the top of a baked apple and pop it under the broiler for a few minutes until the marmalade bubbles.
 Do the red jackets of your apples burst and slip off during the baking period? Try one of these techniques for beauty's sake. Peel one-half inch of skin from the very top of the apple around the cored-out end, or with a paring knife, pierce the skin in several places above and below the largest diameter of the apple. Be sure to check your oven temperature. This will help to prevent too rapid formation of steam and bursting of the apple jacket.
 Apple pie with cheese, America's all time favorite dessert, is at its best with Washington Winesap apples. Add one-half cup cheddar cheese to the dry ingredients as you prepare your pie crust, for a quick and different way of serving this dessert combination. Apples, pre-cooked three to five minutes, will, when added to the pastry shell, give a well filled finished pie. Substitute brown sugar for part of the white sugar in the recipe to enhance the rich, subtle flavor. Sprinkle in some cinnamon and a dash of nutmeg to bring out the spicy goodness of the apples.
 Washington Winesap, Spitzenburg and Jonathan apples will pick up an ordinary winter menu with brown betty, apple crisp, dutch apple cake, and cobbler. Tempt appetites with fresh warm gingerbread topped with hot spiced applesauce.
 Peeled and cored apple quarters, cooked until tender in thick sugar syrup, will make a delicious accompaniment to roast pork or chops.
 But how about apples just to eat as such? The large Delicious apple is a best seller. Jonathan apples are also a favorite with their tart flavor and snappy texture. A box of fresh apples store well and are good snack time treats. They are nourishing without spoiling appetites for the next meal.

Answer to Question No. 1:

1. Scarlet fever is still a serious illness, but modern methods of treatment have brought the mortality rate to such a low level that it is no longer a major menace to life for children. New drugs have shortened the duration of the disease and have reduced complications.

Answer to Question No. 2:

2. Insulin does not cure diabetes, it merely controls it. The exact manner in which insulin works is unknown, but according to medical experts it seems that the insulin acts like a spark to

the mechanism which burns up body sugars. Diabetics can anticipate much longer life today, thanks to advances in research and the discovery of insulin, if they cooperate with their doctor.

Answer to Question No. 3:

3. In a study of 7700 pupils it was discovered that one-third of all absences were caused by colds. It is said that most people have one or two colds every year, but some average four or more. In the case of frequent colds it is advisable to consult your doctor.

MIDLAND NEWS

By Mrs. Lois Johann

The Midland Girls 4-H club held a meeting at the Midland community hall, Dec. 6. They discussed the forthcoming Bake sale at Rhodes Brothers. It will be held on the sixth floor, Dec. 30.

The girls practiced caroling before the business meeting. They are planning to carol at the Resthaven Home, Dec. 2, which will be followed by hot chocolate and cookies at the home of Carol Frederiksen.

Mrs. Florence Allen, home economics county agent, talked on national and state trips and contests. With Mrs. Allen were Motoko Mizukami and Gertrude Ambruster.

Motoko is a new 4-H extension agent in Japan. She is spending three months in the United States to learn about 4-H club work. While in Chicago Motoko attended the National 4-H club congress. Miss Ambruster is a new extension agent for Pierce county.

Illustrated talks were given by Joan Arterburn and Beverly Corrigan.

Following the business meeting refreshments were served by Sallymac Mickelson and her refreshment committee: Joanne Morud, Ann Clinton and Barbara Madsen.

Mr. Irving who was a first aid man during his service with the Marines put the leg in splints and took care of his wife before calling an ambulance to take her to St. Joseph's hospital where she will remain for several days. At present it is believed Mrs. Irving will be in a cast for 14 weeks.

Santa's Coming
It was definitely decided that Santa would call on the children and parents of the H. M. & L. Fire department on Dec. 17 when they will all be gathered at the Midland hall for their annual Christmas party.

This decision was made when the Ladies Auxiliary of the fire department met last week at the fire station with Mrs. David McPherson presiding.

Mrs. Frank Johnson, Mrs. Victor Eshpeter and Mrs. Chet Robinson, committee for "Baskets for the Needy" asked for donations for the baskets

and suggested that the baskets include a small gift for each member of the family. This plan was adopted and the gifts as well as the meat and fresh vegetables will be supplied from the auxiliary's general fund.

Mrs. Clarence Johann was the lucky person to win the "jackpot" and the birthday honored was that of Mrs. Don Kemp. Hostesses for the evening were Mrs. Robert Hansler and Mrs. Victor Eshpeter.

Five members of the Harvard, Midland and Larchmont Fire department are going into Tacoma to the Red Cross headquarters to take the first aid training now being made available.

After the first of the year an instructor will come to our community to give this training upon being assured a class of at least 20 persons. Information on this project will be supplied through this column. If you are interested, and you should be, watch for further details.

Those now taking training are Fire Chief David McPherson, Assistant Chief Al Bombardier, Lewis McArtor, Elmer Morud and Clarence Johann.

Parkland Firemen Chose Jim Lewis As New Fire Chief

Jim Lewis was appointed Fire Chief of the Parkland Volunteer Fire department, and Harry Beitz and Bud Larson were appointed assistant fire chiefs, it was announced this week.

Lewis has been with the fire department the past three years, and is "well qualified" for the position. Chief Lewis has asked those interested in becoming volunteer firemen to contact him at GR. 9960 or at Lewis Service Station at Garfield and Pacific Ave.

Due to the men being called back to service, the fire department is in need of volunteer firemen.

Other officers chosen Dec. 4 were: John Curtiss, president; Carl Ellingson, vice president; Bob Lynd, secretary; Ernie Skance, publicity and historian, and Bud Larson, trustee.

Chief Lewis urged that regardless of the size of a fire—call the fire department—GR 8122. There is no charge for calling and it might save serious damage if the call is placed as soon as the fire is first noticed.

Fire calls for November were a chimney fire and two over-heated stoves with no damage.

It was also announced that the fire department has purchased a new five horsepower siren. A concrete slab was poured this week for erecting a tower to hold the siren. The present siren is 1 1/2 horsepower. The new one will be automatically controlled. Two new overhead doors have been installed and painted in front of the fire hall.

Several firemen have been off due to illness. Clarence Marsh underwent an operation on Dec. 7 and is now at home. Fritz Beitz had an operation Dec. 11 and is still in the hospital.

PLC To Give Vets In Hospital 1st-Hand Drama Introduction

Pacific Lutheran college is one of three Pacific Northwest colleges and universities selected by the Veterans Administration to take part in a new plan to give patients in VA hospitals a first-hand introduction of theatre work.

The other two schools are the University of Washington and the College of Puget Sound.

Sponsored by the American Educational Theater association and the American Theater Wing, the plan calls for students in the colleges' English and drama department to bring all forms of drama—from play reading to play acting—to ill and disabled veterans in 40 VA hospitals.

Patients who take part in the program will be those who have permission of their VA physicians. There will be no attempt to make actors out of the patients; instead, the plan will give them a chance to take part in normal group activities.

College students, working closely with VA Special Services staff members will be called upon to establish a wide variety of theater activities in the hospitals and to assist in developing entertainment programs already in progress. The students will act mainly as advisers, consultants and directors.

In addition to play reading and play acting, drama activities will include quizzes, parties, skits, sketches and the like—particularly those suitable for presentation in the wards.

The drama program also calls for bringing college productions to VA hospitals and, in some cases, bringing veteran-patients to the campus to attend plays presented by the schools.

Nearly every patient, the VA said, will be able to find something to do in the production of a play—writing, acting, publicizing, staging and so on.

The returning president of Mt. Rainier council, Mr. Sam Thornhill, was given a standing ovation when presented with a silver beaver award in appreciation for the two years of work he has given as president climaxing many, many years in the scouting movement.

Those attending the dinner from Collins scouting groups were Mr. and Mrs. Ansel Dugan, Henry Larson, Clinton Riis, Vonan Curtis, and Ray Gogan.

At the football award assembly in Puyallup, Wednesday, Dec. 6, Joe Purdue, son of Mr. and Mrs. Ed Purdue, of Curran Road, was given the football inspirational award for 1950 for being the most inspirational to the team.

Boys receiving their football letters who live nearby were Dave Johnson, Galan Nusbaum and Joe Purdue.

Two of our firemen spent the past week end at St. Joseph's hospital. Both Harold Leaman and Ed Purdue were hospitalized for a few days but are now recuperating at home.

It is also to be reported that while Mrs. Ella Gaines will still be hospitalized for several weeks her progress has been satisfactory and she is able to have visitors.

SOMETHING NEW HAS BEEN ADDED!

The New CATERIZED Oil

IN RECENT MONTHS several oil companies have marketed fuel oil containing an additive. The purpose of this additive is to reduce soot and carbon conditions, prevent rust and reduce burner trouble.

AFTER A CAREFUL study of the apparent need for an additive we are now offering to the consumer a product far superior to any other on the market. We now offer a new CATERIZED Oil at no added cost to you.

CATERIZED OIL HAS 5 DISTINCT CHARACTERISTICS—NAMELY:

1. DISSOLVES TANK SLUDGE AND DISSIPATES MOISTURE
2. KEEPS LINES AND STRAINERS FROM CLOGGING
3. PREVENTS FORMATION OF CARBON, SOOT AND SCALE
4. ACTS AS INHIBITOR AGAINST ELECTROLYSIS
5. PREVENTS CORROSION AND RUST

EFFECTIVE IMMEDIATELY all oil sold by Pochel Dist. Co. will be CATERIZED to give you trouble free heating for the coming season. Call for a delivery of CATERIZED Oil today, you'll notice the difference.
