

Thanks for the Comps
We have received a large number of compliments on the news coverage of the South End since we added the five correspondents to our staff. We graciously accepted these words of kindness and pass them on to those who deserve them—the five correspondents, Bernice Eklund, Parkland; Margaret Keyes, Midland; Ruth Allen, Clover Creek; Shirley McKenzie, Spanaway, and Sonya Maritvold and Patricia Howe of Elk Plain.

K.P.

Carl Colton is not only a capable athletic director in the Midland School, but he's a pretty handy man when it comes to doing "kitchen police." As we walk into his house last Monday night, we noticed him busy at work with the dishes wearing a clever apron, embroidered with the red letters "C A R L." P. S. For all housewives: Maybe this is a clue to getting your husbands to help with the dishes. Try a fancy apron.

Good Samaritan

Aiding two ladies whose car broke down in front of his place of business in Spanaway was genial Chet Modahl. Learning the women were anxious to notify their folks about their delay, he took them into his place of business and put through a telephone call for them.

Rumor Dept.

We have heard talk that the county is planning to pave the streets in Parkland and Spanaway this summer. We are inclined to believe the floating whispers for two reasons: 1. The streets surely need resurfacing. 2. An election is coming up.

It's Love, Love, Love

It was love at first sight when Sgt. Ed Moline saw his 8-month-old daughter, Cheryl, for the first time last Monday when he surprised his wife, Rosalie, by returning home unexpectedly. Sgt. Moline will be discharged from the army soon after serving for many months in the European theater.

Books, Unlimited!

Mr. John U. Xavier, retired librarian of P.L.C., is a true scholar. The library in his home in Parkland contains 3,000 volumes, covering a variety of subjects. No, he hasn't read them all—but has browsed or delved into each book at one time or another. Another hobby of his is gardening. Mrs. Xavier has a collection of diminutive cactus plants.

Succor!

On Friday, Perry Keithley, superintendent of Midland School, brought to light another of his skills when he successfully drew together a one-half inch wide cut on the head of Jimmy Hals with adhesive tape. The accident occurred on the playground.

Holidays

Vacations come few and far between for Fritz Beitz, but last week he and Mrs. Beitz managed to slip off for a few days of holidaying in Vancouver, B. C. This was the first respite for Beitz from his gas and oil business in several years and both these Parkland residents enjoyed their Canadian journey to the fullest. They returned home Sunday night.

Come and Get It

Les Knutsen of Parkland has a pet black widow spider which he has had for four months—found in the home of his brother-in-law, Oz Ellingson. The spider hasn't eaten anything for three months but is still kicking. While in Boise, Idaho, Mr. Knutsen kept a black widow alive in a sealed jar for six months. He says they can be recognized by the red hourglass mark on the belly. Les left his pet at the Pointer office so we all could have a good look. Take her away, brother!

Forty Years

Earl W. Rau has put 40 years behind him while living in the Brookdale area and has seen this section grow from a bald prairie with only three homes in sight to a bustling community of many hundreds of residences. Earl was settled at his present location when H. F. Rau, his father, moved the family to the place and started a chicken hatchery. As the boys grew up—Allen established Rau's chicken dinner inn which he operated for a number of years. Charlie went into the hatchery business in Puyallup. Earl worked with his father in the development of an electric brooder and has a factory for the manufacture of these at the old home site in Brookdale.

PLC ALUMNI ENJOY SESSION

3-DAY REUNION IN PARKLAND DECLARED ONE OF BEST EVER HELD

All during the war PLC alumni and faculty members have planned for the grand reunion "when the boys come home." Their expectations were more than fulfilled when Sunday evening brought to a close one of the most glorious alumni reunions in the history of the school. Much of the credit for the success of the reunion goes to Miss Anna Marn Nielsen, alumni adviser, and Mrs. Stella Jacobs who planned the beautiful decorations.

At the banquet Saturday evening, attended by nearly 350 people, announcement was made of the election of six new board members: Mrs. J. U. Xavier, Mrs. Henry Berntsen and O. J. Stuen, all of Parkland; Mrs. Mary Harshman and Wilfred Jewell of Tacoma, and Mrs. Theodore Cederberg of Bremerton. Each of these members will serve two years. Miss Nielsen, Bertrum Myhre, Mrs. Stanley Willis and Marvin Shaw each have one year left to serve. Retiring board members are Miss Gertrude Tingelstad, Mrs. Linka DeBerry, Mrs. Marcus Stuen, Carl Colton and Delmar Mortenson. H. L. J. Dahl was re-elected to serve on the college board of trustees. Also serving as alumni representative on this board is Morris E. Ford.

Classmates Gather

Several get-togethers were held during the reunion. Mrs. Stanley Dahl and Mrs. Lowell Satre were hostesses to 60 of their friends and classmates in the college reception room after the basketball game. Mrs. Stella Jacobs also invited classmates to her home for "coffee." Mrs. Simon Anderson and Mrs. Harold Andersen presided at the reception held in the Viking Room during the afternoon.

Many alumnus remarked how especially beautiful the music was at this reunion—the Little Symphony Concert, directed by Gunnar Malm, on Saturday afternoon; the vocal solos by Harry Solos at the banquet; Rudy Johnson's rendition of "I Heard the Voice of Jesus Say," at Sunday morning church services; the Choir of the West directed by Prof. Malm; the exquisite violin selections played by Alice Stockton; all climaxed by the great reunion choir concert.

The old grads left for their homes hopeful of greater things to come for their alma mater, PLC.

Grangers Hear Data On Co-op Hospitals

The co-operative hospital plan which has been gaining considerable prominence of late, was the subject of a talk before Pierce County Pomona Grange in the Collins Hall last Saturday, Feb. 9. Dr. Michael Shadid, founder of the nation's first co-operative hospital, was the speaker. He gave a very instructive talk and considerable discussion followed his speech in regard to the construction of such a hospital in Pierce County.

H-M-L AUXILIARY

The Ladies' Auxiliary of the H-M-L Fire Department held their monthly meeting Wednesday, Feb. 6, with Mrs. John Deering presiding and with a good crowd in attendance.

A letter of resignation was accepted with much regret from the secretary, Mrs. Ryne Kehle, who is moving to Seattle. Mrs. Kehle was presented with a beautiful gift from the auxiliary members as a token of their appreciation for her service to the organization.

PARKLAND PTA FRIDAY NIGHT

MAMA AND PAPA BOTH URGED TO COME FOR GYM EXHIBITION

The anniversary of the founding of parent-teacher organizations will be observed at a meeting of the Parkland PTA at 8:00 Friday evening, Feb. 15, when a gym exhibition will be presented for the parents. The meeting will be held in the evening so that dads may attend.

A demonstration was presented by Miss Dawley last year and was so well received that a similar program of tumbling and calisthenics has been arranged. Also an exhibition basketball game will be played with the midget boys playing opposite the Junior High Girls' varsity team.

Mrs. Vern Tuttle, president, will preside over the business meeting and hostesses serving refreshments will be the third grade mothers.

Farm Equipment Plans Available

Are you interested in making a new machine or farm building? If so, why not visit the county agent's office where drawings of many kinds of up-to-date farm equipment may be seen and obtained free of charge?

Agricultural Engineer R. N. Miller of Washington State College says: "Many of the most ingenious implements and other pieces of farm equipment are evolved by the fertile brains of farmers. In addition, the inspiration and ideas for such construction are often obtained from farmers who describe to agricultural engineers the type of machines needed."

"The plans for pieces of farm machinery are free, but blueprints for farm buildings cost 15 cents a sheet. Some 200 sets of blueprints for farm buildings are available, each plan requiring from one to nine sheets. Plans for a dairy barn requiring nine sheets could thus be obtained for \$1.35."

Mrs. Fred Ahrens Passes Away Feb. 6

Mrs. Margaret Ahrens, 60, of Rt. 7, Box 658, died Wednesday, Feb. 6, in a Tacoma hospital. A native of Germany, she came to the United States 55 years ago and had resided in Tacoma and vicinity 20 years. She was a member of Trinity Lutheran Church. Surviving are her husband, Fred; four daughters, Mrs. Louise Thomas of Orting, Mrs. Margaret Anderson and Mrs. Marie Fuhlman of Spanaway, and Helen Ahrens of the home, a son, Fred, Jr., of the home, a brother, Herman Sylvester of Orting, and six grandchildren.

Funeral services were held Saturday from Piper Funeral Home with interment in Spanaway Lutheran Cemetery.

RODERIC OLZENDAM TO BE GUEST SPEAKER AT PARKLAND MEETING

COMMUNITY CLUB SESSION TO BE HELD IN SCHOOL NEXT THURSDAY

A record crowd is expected for the regular monthly meeting of the revitalized Parkland Community Club on Thursday, Feb. 21, in the Parkland School.

Herbert Socolofsky, newly-elected president of the organization, announces a top-notch program for the meeting with a talk by Roderic Olzendam, a dynamic speaker, highlighting the program. Mr. Olzendam, who has delivered inspiring messages to civic clubs throughout the nation, will speak on "Fine—But—How?"

An entertaining program with Mrs. Rhoda Young in charge will feature several musical numbers by P.L.C. students. Following the program those present will enjoy coffee and doughnuts.

Zoning Problem

According to president Socolofsky, the business to come before the meeting will be the zoning question. A committee which has been studying the problem for several weeks will have a report to make.

"We are expecting between 150 and 200 folks out for the meeting," stated Mr. Socolofsky.

"I want to remind all the residents of this community that they are cordially invited and urged to attend. This is not an exclusive club. It is for each and every resident in the Parkland area. There is no fee charged for becoming a member. All any one has to do is come out and attend our monthly meetings."

Those attending are asked to be at the meeting promptly at 8:00 p.m. as club officials are anxious to get started on time. It has also been stated that the building will be adequately heated for the occasion.

HEALTH MEETS BEING PLANNED

Facing squarely the problems of rural health in Washington, leaders of various farm organizations and state and federal agencies affecting agriculture met in the State College of Washington in Pullman recently to discuss ways of meeting the situation.

The conference was largely devoted to the development of detailed plans for a series of eight educational district meetings to be held with rural leaders throughout the state during March for the consideration of local problems and the furtherance of plans for specific action to meet them. These meetings will be invitational in nature with attempt being made to gather the leaders from rather wide areas and later to hold community meetings throughout the state.

Rural Areas Need Aid

Facts gathered from many sources were presented to the representatives at the Pullman conference, indicating the seriousness of the health problem in rural areas of the state and nation. It was pointed out that all surveys reveal that there are too few doctors, dentists and other health workers in rural areas, and the facilities, including hospitals, they have to work with are inadequate. Selective Service records showing the seriousness of the rural health situation were reviewed together with figures showing that during recent years rural health has been deteriorating rather than improving.

District Conferences

The series of district conferences will be designed to bring to rural leaders, both farm and non-farm, a survey of the entire situation and of all forms of assistance available to them in meeting the problem in their particular area. The meetings will include an impartial discussion of all present facilities in both preventive and curative medicine as well as a digest of present "health plans" in operation and a summary of present, pending and proposed legislation on the subject.

Represented at the Pullman conference were the State Grange, the State Department of Health, and a number of other state and county organizations.

To Speak Here

RODERIC OLZENDAM

The Parkland Community Club will be in for a real treat at its monthly meeting on Thursday, Feb. 21, when they will hear Roderic Olzendam, dynamic speaker who at the present time is serving as president of the World Affairs Council of Tacoma. A noted speaker not only in this state, but throughout the nation, Mr. Olzendam has spoken to hundreds of civic clubs in the U. S. as well as in many European countries.

Valentine Party Honors Birthday

The birthday of Diann Penry, daughter of Capt. and Mrs. W. W. Penry of Parkland was celebrated by a Valentine party given in her honor. The Valentine motif was followed in table decorations and refreshments included a birthday cake with 12 candles—the biggest cake she had ever had, according to Diann. Those entertained at the party were Sally Anderson, Helen Jeter, Max Spencer, Billy Engeldinger, Helen Shultz, Earlene Summers, Janet Peterson, Dolores Bolling, Fred Kramer, Connie Stay, Marilyn Rosso, Jerry Wiggins, John Evans, John Earley, Lorraine Wellan, Marilyn Gaiser, Nancy Bergh, Marilyn Jensen, Jerry Gaiser and the honored guest.

"LEAVE US OUT" SAY C. CREEKERS

Sentiment at Mass Meeting Is Against Joining Fire District

Voters of Clover Creek have been examining the proposed fire district which includes Spanaway, Elk Plain and Clover Creek. Two mass meetings have been held in recent weeks. They were called to carefully read and discuss in public the fire protection district law.

Representatives from all sections of the Clover Creek school district attending one of the largest community meetings held in recent years found that: (1) Under the proposed proposition, proper fire protection would not be afforded the Clover Creek area. (2) The proposed fire district would in many ways be similar to the late Clover Creek drainage district that proved so expensive to Clover Creek residents.

Mr. J. H. McCammon, former member of another fire district organization, stated that from his experience that he believed adequate fire protection would not be afforded under the present plan.

Seek Signatures

At the meeting it was unanimously voted by all those attending to circulate petitions asking the county commissioners to exclude the Clover Creek school district from the proposed Spanaway fire district. Fred Sutter, chairman, appointed a committee composed of John Kuper, Garfield Williams, Henry Libak, W. F. Meyer, Bill Pennypacker and Stanley I. Carlson to circulate these petitions.

An executive committee was also appointed by the mass meeting chairman to consider the proposition in greater detail and to set the dates for future mass meetings. Residents serving on the executive committee are: Roy Renner, chairman; Ruth Allen, secretary; W. F. Meyer, Omer Roland, Henry Libak and J. Harold McCammon.

At the first meeting held in Mr. Renner's residence Friday, Feb. 8, statements of the group sponsoring the fire district were studied. The fire district law was read and compared with drainage district laws.

Committee chairman Roy Renner stated that 82 per cent of the registered voters in the Clover Creek school district have signed petitions requesting exclusion and that the petitions will be filed with the county commissioners.

Members of the petitions committee reported that nearly 100 per cent of the residents of Clover Creek district that have been contacted are in favor of being excluded from the proposed fire district.

Birthday Party Held For Susan Scharpf

The Parkland guests included Mrs. Arthur T. Farrant, Mrs. Effie Farrant, Mrs. Charles Little, Mrs. Willis Gordon, Mrs. Everett Trolson and the honored guest's mother, Mrs. Rodney Scharpf.

800 ELIGIBLE TO CAST VOTES

PARKLAND SCHOOL IS POLLING PLACE; OPEN FROM 8 A. M. TO 8 P. M.

Some 800 residents are expected to go to the polls on Saturday, Feb. 16, to vote on the proposed Parkland rural fire district election. The voting will take place in the Parkland school with voting time set from 8:00 a.m. to 8:00 p.m.

Registered voters in the Parkland 1 and 2 and Brookdale precincts are reminded that there will be only one polling place—the Parkland school.

Officials of the Community Club and the Parkland Volunteer Fire Department are confident that the voters will favor the organized district by a big majority. A 65 per cent affirmative vote of all ballots cast is required to carry the election.

\$4,000 to \$6,000 Annually

The election, if carried, will provide a four mill tax levy which will net approximately \$4,000 to \$6,000 annually and this will be used to purchase fire fighting equipment and maintain a top-notch fire department.

At the same time Parkland voters will elect three fire commissioners to administer the affairs of the district. Those placed on the ballot by the board of county commissioners are: E. W. Beitz, Fred Danielson and C. R. Marsh.

THE POINTER'S Editorial Comment . . .

A Vote of Confidence

A vote for the proposed fire district at Saturday's election is a vote of appreciation for the work that the Parkland Volunteer Fire Department has rendered to its community.

The firemen, subject to call 24 hours per day without any remuneration have been "chipping in" to meet expenses of the department.

Isn't it a shame for the rest of us in this community to stand idly by when we know that these firemen in addition to making 192 calls during the past two years have spent many hours drilling and practicing? On top of that they have dug down in their own pockets to raise money to keep the department going.

There is only one fair way to maintain a fire department and that is through community taxation. That is the way the schools are supported. That is the way other government agencies are supported.

Approval of the fire district in Saturday's election will mean that this community will have approximately \$4,000 to \$6,000 annually to maintain and operate a first class fire department. That figure, when divided among the 2,000-odd residents of the district, isn't very much.

How can you or anyone else oppose such a proposed district? Go to the polls on Saturday and show your appreciation for what the Parkland firemen have done in the past. Your support at Saturday's election will mean that they will have ample funds and equipment with which to do an even better job in the coming years.

Tomorrow's Leaders

It has been said that no Eagle Scout has ever been convicted of a felonious crime. Such an unchallenged claim is a fitting tribute to the Boy Scout program and to the thousands of leaders and scoutmasters who direct the activities of these youngsters throughout the country.

It is timely, as we observe Scout Week, to pay tribute to the fine scouting program and to recognize the invaluable effect it has on our youth.

The scout oath—"On my honor I will do my best to do my duty to God and country . . ."—has become a sacred obligation to every boy who has ever passed his tenderfoot requirements. The Scouting program is a wonderful thing and it has worked wonders with the boys throughout the land.

This week it is no more than right that we pay homage to the men of this community who are responsible for keeping the fine work intact. Right now we are thinking of such grand fellows as Herb Kennedy, Howard Freeman, Don Whisler, Howard Bradshaw, Larry Bartolat, Roy Renner, C. P. Johan, John Gorow, and other scoutmasters of the Rainier district.

We feel confident that as long as we maintain a thorough Scouting program today we will have qualified and honest leaders for our community and our country tomorrow.

A Debt Is Acknowledged

The South End said goodbye to a real friend this week when Garfield Kiel, editor of the Prairie Pointer was transferred to Fort Sam Houston, Texas. When Kiel joined with the publisher to produce a weekly newspaper for this community he was stationed at Fort Lewis but lived with his wife and two children in Parkland. Being in the army he could not become permanently connected with the Pointer, but agreed to aid in establishing the paper. And this he has done beyond expectations with the greatest enthusiasm and unselfishness which the publisher feels should be publicly acknowledged.

Corporal Kiel has spent many hours beyond the regular to promote the South End and to aid in the upbuilding of the community. He is hereby bestowed with the best wishes from the Pointer and we feel that all who have become acquainted with him will concur in this. Our community needs men such as friend Kiel.

Yes—electric cooking is so much easier, so much faster, that you have a lot more time to do the things you really want to do. Electric cooking is economical, too — especially in Tacoma, where municipal ownership brings every home the benefits of America's lowest electric rates. As a matter of fact, the average Tacoma family operates a range for about 4c a day!

When new ranges are available in Tacoma you'll find them at your electric dealer's or at Tacoma City Light. Watch for them!

MIDLAND LOSES PAIR TO FIVE

LOSS SENDS LIONS INTO THREE-WAY TIE FOR LEAGUE LEAD

The Fife Junior High School cagers, playing on their own court last Friday night, knocked the league-leading Midland Lions from the top slot of the Pierce County junior high race by a score of 52-23. Fife also won the midweek game, 22 to 17.

Big Bob Bjornsen and his teammates were stopped by the airtight Fife defense and the Lions never came close to the sharp-shooting Fife club that sank 24 out of their 35 attempted field goals. Bjornsen was high for the Lions with seven points, and Spang, with 22 tallies, was the leading scorer for the winners.

The fine play of Capt. Dick Horton and Frenchy Couture wasn't enough to give the Midland midgits a win over the Fife lightweights. The Fife five took an early lead and the winners were able to double the score at the half and third quarter periods.

Summary of the varsity game:
Midland (23) (52) Fife

77th Birthday

Mrs. Mary Whiteside, pioneer of Spanaway, celebrated her 77th birthday on the 30th of January. Friends and neighbors called in the afternoon presenting her with a huge birthday cake and other gifts in honor of the day. Mrs. Whiteside has resided in the same home in Spanaway for 43 years.

Birthday Party
Many were the relatives and old friends who, on last Sunday, called in the home of Mrs. Emma Rohr to greet her on her 80th birthday.

Earlier in the day, Mrs. Rohr was honored at a birthday dinner in the home of Mr. and Mrs. Frank Hawes, her son-in-law and daughter. Also present at the dinner were her granddaughter and husband, Mr. and Mrs. Humphrey Hill.

Mrs. Rohr is a pioneer of the Spanaway district, having lived here for 58 years.

Returns from South Pacific
Mr. and Mrs. Kenneth McKenzie were pleasantly surprised on Sunday, Feb. 3, when Mrs. McKenzie's brother, Seaman first class John Wilczak, whose home is in North Tonawanda, N. Y., arrived in their home to spend a brief leave with them. Seaman Wilczak has just returned from 18 months in the South Pacific and is temporarily stationed in Bremerton while his ship is undergoing repair.

Visit in Tonasket
Mr. and Mrs. Harold Welton and Richard are spending some time visiting with their mother in Tonasket, Wash. Both the boys are only recently discharged from the service and Harold will soon go back to school under the G. I. Bill of Rights, where he plans to become a veterinarian.

Brothers Discharged
The family of Mr. and Mrs. Fay Cooley is once more nearly complete since the recent discharge of their sons, Fern and Earl, and the even more recent discharge of John and Arthur Skaar who make their home with the Cooleys.

John is now visiting with friends in North Dakota and Arthur has just returned from a visit in Idaho.

Farewell

Dear Readers:
This is a very difficult column to write, for this week your scribe must say farewell to the Prairie Pointer readers.

I am still in Uncle Sam's Army and as such must be transferred with the Medical Training Section of Fort Lewis to their new quarters at Fort Sam Houston, Texas.

I have enjoyed my work on the Prairie Pointer ever since the first issue came off the press on September 13, 1945. During that period I have become acquainted with many fine folks who are deeply interested in the welfare and development of the South End.

As I bid you farewell I do so with a million thanks for your fine co-operation and assistance. It has been a real pleasure knowing each and every one of you.

My wife and two youngsters, Jeep and Blebs, join me in wishing you goodbye and God's richest blessings.

Your G. I. scribe,
GARFIELD KIEL

Clover Creek News

Mrs. Ruth Allen, Reporter

School Election

The forthcoming election of the Clover Creek School District on March 2 promises to be the most interesting and closely contested in many years. The office of school director is coming in for the most attention. This year four men have entered the race for the directorship. They are Leslie V. Schaffner, Chesley Thomson, Fred Wetzel and Harry White.

The Board of Directors are also asking the people of the district to vote the following millage: 3 mills for Bond Redemption, 3 mills for maintenance, 2 mills for building fund. The board is hoping to gradually add to the building fund until enough money is obtained to build a gymnasium for the school as Clover Creek is one of the few schools of its size in the county without a gym.

Residents of Clover Creek are reminded that they must be registered voters to vote in a school election. The last day for registration before the election is Feb. 15.

Valentine Party

The Clover Creek Birthday Club held a valentine birthday party

in the home of Mrs. Rose McAllister, Feb. 6.

The living and dining rooms were beautifully decorated by little red hearts pinned all over the walls and curtains. Narrow red streamers were drawn from the edge of the walls to the large archway between dining and living rooms. The table was lovely, decorated with a large red heart in the center of a pink tablecloth, flowers and candles.

In keeping with their custom of wearing costumes, the novelty of this party was that those attending wore pajamas.

The march around the table was led by Mrs. Donna Anderson and Alma Johnson, bearing lighted candles. A delicious chicken dinner was served to the guests.

Bingo was the entertainment, with Mrs. Wetherall winning first prize and Mrs. Wayne McAllister the second.

Those present were Mrs. Donna Anderson, Alma Johnson, Mrs. Ethel Hansen, Mrs. E. Southwell, Mrs. F. Steichen, Mary Steichen, Mrs. James Linton, Mrs. Oscar Barnes, Nettie Beauchamp, Mrs. Roy Gammon, Mrs. Wetherall, Mrs. John Hendershot, Mrs. Shirley Millet, Mrs. Ward McAllister and the hostess, Mrs. Rose McAllister.

Here and There in Clover Creek

Mr. and Mrs. Harold Graham and Baby Robert have been guests of Mr. and Mrs. Carol Wallace the past week.

Harry Markstone is busily engaged remodeling and enlarging his home. His next project is building a beautiful brick fireplace. His brothers, Sam and Art Markstone, came out over the weekend to lend him a hand.

The children of Clover Creek are hoping for a good freeze. For the first time in several years Stony Lake has overflowed flooding the lower part of Hammond, Markstone, Ellstrom and Busby's pastures. The "kids" say this would make a wonderful skating rink if only it would just freeze.

Pfc. Paul Hartman of the U. S. Marines is visiting his parents, Mr. and Mrs. Frank Hartman, while on a month's furlough. His wife arrived Monday and is also visiting in the Hartman home. Paul expects to be discharged from the Marines shortly.

Mrs. Ralph McCorkle was called to Lind, Wash., by the death of her uncle, Grover Huse, last Friday. Her mother, Mrs. Ida Eden, is visiting with her at present. Clara says her mother is going to stay as long as she can get her to, several weeks anyway.

The Clover Creek basketball team say it was because Richard Susan was ill that they lost their game to Spanaway last Wednesday. The Spanaway boys won by a large margin.

Mrs. Margaret Ahrens, for 20 years a resident of Clover Creek, passed away Tuesday, Feb. 5. She is greatly mourned by all of her many friends.

W. H. Pennypacker is home again after spending four days in a hospital in Bellingham. Mrs. Pennypacker has been suffering with a badly injured arm.

Elk Plain Notes

Class Officers

Mary Ann Loucks was elected president of the eighth graders of the Elk Plain at the election held last Friday. Mabel Ruley was selected vice president; Norman Burslem, secretary, and Sonya Maritvold, treasurer.

The yell leaders selected were Sonya Maritvold, Mary Ann Loucks and Carol Ann Hornbeck.

Howe was elected president of the organization; Mrs. Norma Brown was selected vice president; Miss E. Keough, secretary, and Mrs. Dorothy Rich, treasurer.

CONVALESCING

Convalescening in the home of Mr. and Mrs. H. L. Behmer, Parkland, is their nephew, Garland Kistner of Lincoln, Neb. Mr. Kistner is in the Merchant Marine and while waiting for a ship was stricken with an appendicitis attack which resulted in an operation last Wednesday morning.
