BOXHOLDER OR OCCUPANT
RURAL ROUTE

By Clarence LaCrosse

The big dog show seems to be well under way with a nice job of publicity being put on by Mr. Adams and Miss Lynch. There is a lot of interest in these parts for the big event which will be staged at the Armory in Tacoma early June. Burt McMurtrie, on his Breakfast with McMurtrie program gave it a nice plug this morning. The receipts all go to a good cause, the Orthopedic Guild for crippled children.

Spanaway Park

Things are really buzzing out at Spanaway Park with Del Breseman putting on the finishing touches for the opening of the pavilion for the annual seasonal rush to that favorite playground of many a local fun-loving individual.

Tacoma Suburb or a Town

Parklandites will sooner or later have to make up their minds about a vital issue which even though little is being said about at present continues to boil in the proverbial pot. Foes of the movement are desperately trying to convince the people that nothing is afoot. Tacoma, for instance, would certainly not want Parkland to incorporate, nor would county officials. It is our belief and the belief of many others capable of thinking with an open mind on the subject.

Why lay around doing nothing about it, let's be first. If we don't want to incorporate or if we do want to incorporate let ALL the PEOPLE decide, not just some of the businessmen, or some of the county-controlled individuals, or the firemen, or any other group. Let's do it right. Put it on the ballot in the coming General Election.

About People

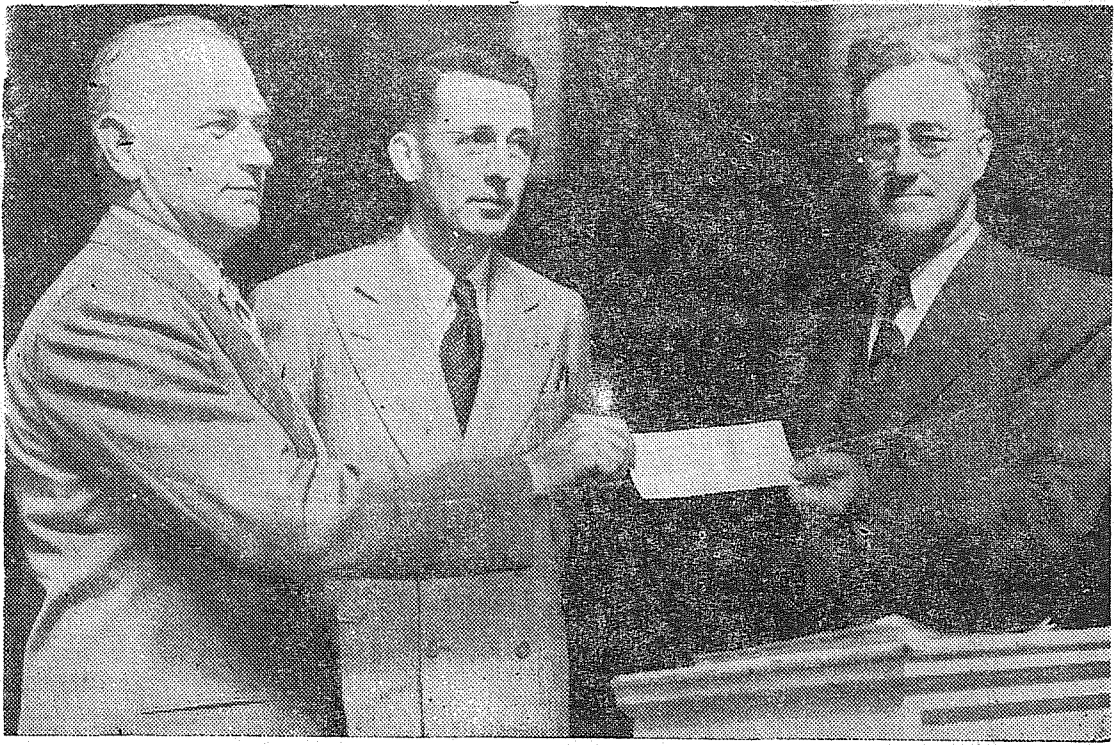

We noticed Pastor Steen out mowing the church lawn last week getting his share of spring fever. BILL JOHNSON out soliciting money for the Library Drive and Boy Scouts out selling Poppies were common sights last week.

About 3,000 people swarming over PLC Campus over the weekend should have convinced some people that Parkland is getting on the map, especially when it was noted that many of the people are from Texas, Maine, California, Idaho, Montana and Oregon plus others we didn't notice. Of course the main attraction was the Graduating of the largest class in the history of the college. Congratulations to the school, the graduates and to Dr. Eastvold, who has been the power behind the amazing growth of a truly home enterprise. Look at it any way you like, PLC is the biggest business and the biggest attraction Parkland has to offer.

The best dressed man in Parkland, Floyd Hicks, is back from a two week reserve officers training course. Major Hicks, to you. Summer maneuvers I believe they called it. Malcolm

THAT PIECE OF PAPER IS WORTH \$4,054

Striking a pose reminding of the faces in the Rushmore Memorial, Herb Socolofsky hands to Dr. S. C. Eastvold a piece of paper that means that the PLC band will have bright new uniforms next fall. He and his fellow Parkland Kiwanians raised \$4,054 from the promotion of a recent concert by the college choir. He received a thunderous ovation from the PLC student body upon making the presentation. Looking on is Clay Roley, president of the Kiwanis club. The uniforms have already been ordered.

Kiwanis Club Raises \$4,054 For College Band Uniforms

The first major project undertaken by the Kiwanis Club of the Parkland Area was culminated last Wednesday morning when Herb Socolofsky handed to President S. C. Eastvold of PLC a check for \$4,054 to outfit the college band.

Previous to the presentation, Clay Roley, Midland insurance magnate and president of the club, explained to the student body and faculty of the college, assembled at chapel exercises, that the organization had under-

taken the sponsorship of the homecoming concert of the "Choir of the West" April 16 with proceeds to go towards band uniforms.

Then Roley introduced Socolofsky, Medosweet milk route manager and former civic leader in Parkland, who was chairman of the committee. Socolofsky recalled that he had told the faculty on April 4 that he would return with \$4,000.

"Today," the speaker continued, "I have come back!" Not only had he

reached the quota but \$54 to boot.

The college took the occasion to bestow honors on Socolofsky for his support of PLC through the year. Dr. Eastvold presented him with a "citation of honor" on the recommendation of the faculty.

Herb was president for two years of the Parkland Community Club and was president of the Parkland Light & Water until he moved into Tacoma last winter. In the promotion of the choir concert, he had the help of all the members of the local Kiwanis club in selling tickets.

The presentation of the check last Wednesday coincided almost exactly with the first anniversary of the organization of the Parkland Kiwanis.

BETHEL DISTRICT TO VOTE AGAIN ON HIGH SITE

Saturday, July 1, is the date set for the election within the Bethel school district to try again to decide where the new high school shall be located. Two propositions will be on the ballot.

One of the two sites listed is the Bowman property which was the only site offered in the March election. Considerable confusion existed at that time, and the site was turned down by a 1,019 to 467 tally.

The Bowman property consists of 34.37 acres just southeast of the intersection of the Pole Line Road and the Mountain Highway, about midway between Spanaway and Loveland. The price is \$7,500.

The other location to be offered is the Castle property, consisting of 60 acres a mile east of the highway on a gravel road, the Muck-Kapowsin Road.

Residents of the district have practically given up hopes of obtaining a 67-acre site from the government at the corner of the Mountain Highway and Muck-Kapowsin.

The polls will be open from 8 a. m. to 8 p. m. at the four grade schools in the district, Spanaway, Elk Plain, Kapowsin and Roy.

Parkland Firemen Bop Midland 20-12

By drubbing Midland's volunteers 20-12 Wednesday evening, Parkland's volunteer firemen strengthened their hold on the top spot in the county firemen's softball league. The contest, played on the PLC diamond, was the Parklander's third straight win.

In earlier outings, Parkland flipped Fircrest 11 to 3 and upset University Place by a smashing 23-2 tally.

Jim Lewis of Lewis Richfield Service has been the pitcher in all three frays. Alternating at catcher have been Oz Ellingson and Gay Kageler. Ellingson is coach of the squad.

Plan Mounted Route

Postal authorities are now in the process of creating a new mounted carrier route to serve the area between Park Avenue and A Street, between the city limits and 11th Street.

When the new setup goes into effect, all the old route numbers in the area will be discarded and all mail will be addressed to street addresses. The area west of Park Avenue has been served by a mounted carrier for more than a year now.

Mary-Martha To Party In New Hall

A spirit of warm cordiality is expected to prevail in the Friendship parish house next Thursday, June 8, at 8 p. m. when the Mary-Martha Guild of the church holds a coffee party.

Mrs. E. O. Totten, guild president, has announced that all proceeds from the party will be allocated to the parish house fund. General chairman is Mrs. Byron Bryson, assisted by Mrs. Kenneth Jacobs, decorations; Mrs. Ernest Kiesow, food; Mrs. William Johnson, program; Mrs. Olaf Hageness, hospitality; June Davidson, invitations; Edna Olson, cleanup, and Mrs. Don Strandemo, publicity.

To carry out the Scandinavian traditions, each member is preparing her own Norwegian or Swedish specialty and the serving committee will wear appropriate costumes.

CLOSING TIME WILL BE 5:30

Starting Monday the Parkland Post Office business windows will close at 5:30, not 5 p. m. as reported in last week's Times. This is the first local effect of the recent curtailment

Top U.W. Advertising Man to Head The Times

Beginning next week, a University of Washington journalism and marketing graduate will assume the duties of writer and advertising manager for The Parkland Times, publisher Clarence LaCrosse announced today.

The newcomer is 28-year-old Joseph U. Hamanaka of Seattle, who will make his home here in Parkland.

Joe is thoroughly trained in the ways of effective advertising planning and sales promotion through effective advertising. We feel proud to acquire such an outstanding individual as Mr. Hamanaka to take over the important duties of writing and managing your only local newspaper, The Parkland Times.

You will find Joe modest and unassuming. He has a pleasant personality equal to any occasion. His wit and understanding of human relations will soon win himself a place in our own community. Make it easy for him; show him the spirit which has made Parkland the best place there is to live.

By a vote of his classmates, Joe was selected as the 1950 winner of the Vernon Frost award, which is the highest honor he could have achieved in the line of his studies.

Malcolm Soine, present ad manager, is embarking on another type of career, in fact, two, since he is taking the final leap Sunday, by marrying his former bookkeeper, Donna Hellman. It is also his intentions to pursue his studies at PLC for another year. In the meanwhile he will take part-time work with Spellman's Shoe Store.

It is our sincere hope that both our advertising friends and reading public will benefit by the injection of new and top-notch enterprise into the paper.

Fete Collins Grads

On May 19, Mr. and Mrs. Emerson entertained members of the Collins eighth grade graduating class. Mrs. Emerson is a former first-grade teacher at Collins, and this was the first class that she taught.

Events preceding graduation include the big picnic at Surprise Lake on June 2, and the banquet on June 5, co-sponsored by the P-TA and the eighth grade mothers.

AT SUMMIT CHURCH FRIDAY

A special meeting at Calvary Pentecostal Church at Airport and Bingham, Summit, this Friday evening at 7:45 will feature Lola and Ted Arneson of Evangelistic Tabernacle in Tacoma. They will present a musical program as well as speak.

Rev. W. A. Scott reminds readers that the Sunday schedule includes Sunday school at 10 a. m., morning worship at 11, and evening worship at 7:45.

LONG DRINK TIME IS HIGH

THERE is a promise in the air of long, lazy days ahead—days to be out-of-doors as much as possible. The homemaker is beginning to think of and plan for easily prepared meals and long cooling drinks for all occasions.

There's always a time for refreshing coolers during the summer months, callers dropping in, friendly gatherings on the porch, members of the family returning from play or sports or a relaxing moment after the household chores are done, and in every case a long drink hits the spot.

And these impromptu calls for drinks present no problem if your pantry and refrigerator yield the "makings" at all times. Bottles of pale dry ginger ale and sparkling water should be in the refrigerator, chilled and ready for use. Canned, bottled or

frozen fruit juices, fresh citrus fruits and if possible a tray of ice cream or sherbet kept in the refrigerator, make it a simple matter to serve drinks in a twinkling to suit the individual taste.

Almost any fruit juice—grapefruit, orange, apple, grape, loganberry, lemon or lime blends with pale dry ginger ale and sparkling water. There is no end to the delicious drinks you can concoct if supplies are on hand. Here is a quickly made drink using canned tangerine juice.

TANGERINE TANGO

1/2 cup tangerine juice
Juice of 1/2 lime
1 teaspoon powdered sugar
Pale dry ginger ale

Combine tangerine juice, lime juice and powdered sugar in a tall glass. Fill glass with ice cold ginger ale. Stir gently to mix.

Rev. Bodins, Harvard, Greet New Daughter

Biggest event of the past week at Harvard Covenant Church was the announcement that the stork had left a bundle with Pastor and Mrs. Robert Bodin. The birth took place just a few minutes after the Sunday morning services. The girl weighed eight pounds, 13 ounces.

But in spite of all the excitement, the church calendar goes along as usual with worship service at 11 a. m. and 7:30 p. m. Sunday. Two confirmation classes will be held, one Thursday afternoon and one Saturday morning, in preparation for Confirmation Sunday—June 11.

After this Sunday evening's service, members will migrate to First Covenant in Tacoma for a singspiration sponsored by the Fern Hill Baptist young people. Sunday school teachers will gather at the church Tuesday evening at 7:30.

TRINITY LADIES AID FETES MRS. LOUISE ARNESON

Members and friends of the Trinity Lutheran Ladies Aid gathered at the home of Mrs. Ed Antonson to honor Mrs. Louise Arneson, who will leave June 1 to make her home at the Puyallup Lutheran Home.

A lovely gift was presented to her along with good wishes for a pleasant stay in her new home.

Lt. Benson, Parkland War Casualty To Be Buried June 7

Funeral services for the late Lt. Robert J. Benson will be held June 7 at Jefferson Barracks National Cemetery, St. Louis, Mo.

He was born in Parkland and a graduate of Parkland School and Lincoln High of Tacoma, class of 1940. He then attended Knapp Business College. Robert was affiliated with the Parkland Evangelical Lutheran Church.

He was employed with the military personnel at Camp Murray, with the U. S. Engineers at McChord Field and later transferred to Yakima and Ephrata, the latter his last place of employment before entering military service in April, 1943.

Lt. Benson received his military training at Santa Ana, Rankin Field, Merced, Calif., and Fort Douglas, Ariz., from which he received his commission as a pilot Feb. 8, 1944. He was then assigned to Casper, Wyo., for three months for combat training. He then left for overseas where he flew a B-24 Liberator.

He was stationed with the 8th Airforce in England. He lost his life in combat Sept. 11, 1944, on a mission over Hannover, Germany. He received posthumously the Presidential Citation for Meritorious Service, the air medal and clusters, and the Purple Heart.

4 Seniors Grow Up Together

PROBABLY the most famous quartet of graduates in Pierce County this spring is this collegiate foursome—Larry Hauge, Topsy Ranstad Kylo, Dick Svare and Marilyn Pflueger. Almost as inseparable as a pair of Siamese twins, all four received diplomas at PLC Sunday, about 16 years after they started together in the first grade at Parkland School. All are professor's children and grew up together in the shadow of the college. Their story was so interesting that it was first featured in the Tacoma News Tribune, then picked up by the PLC Mooring Mast and a local shopping guide, the name of which we have temporarily forgotten. The Times reprints this history of the foursome, written by Milt Nesvig, PLC's poet-laureate.

Graduation exercises at Pacific Lutheran college Sunday will mark the end of an amazing parallel for four members of the senior class.

All four of them are professor's children. All were raised in Parkland. All are the youngest in their respective families. They have gone through school together, except for brief intervals, since the first grade. And they are close friends.

This quartet of graduates consists of Larry Hauge, son of Dean and Registrar Philip E. Hauge; Helen Ramstad Kylo, daughter of Chemistry Prof. A. W. Ramstad; Marilyn Pflueger, daughter of Religion and Philosophy Prof. J. P. Pflueger, and Richard Svare, son of German and Norse Prof. T. O. Svare.

Three of them plan to follow in their fathers' footsteps by going into the field of education. Professor Ramstad's daughter married a PLC football star, Eldon Kylo, last year, but stayed on to finish her college work.

Had Run of Campus

As tots they were campus pets and had the run of the place. They participated in the annual May fetes as crown and train bearers and flower girls. They were the principals in a Tom Thumb wedding given at a special college program when they were 5 years old. Larry and Topsy were "married." Marilyn was a bridesmaid and Dick was an usher. (When Helen Ramstad was born, her father called his sister-in-law and said, "Topsy has arrived." Ever since then she has been called Topsy, in slight variance from Topsy).

When the war came the quartet was separated for the first time. Professor Svare was appointed head of the Lutheran Service Center in Bremerton. So Dick took his high school

work there. The other three took their first year of high school at PLC. When the academy section closed down in 1944, the girls went to Lincoln in Tacoma and Larry went to Clover Park.

Leaders in College

In college they have been campus leaders. Three of them were listed in the 1950 edition of "Who's Who in American Colleges and Universities." All of them have been members of the "Choir of the West." Three of them have been in college plays.

Topsy and Dick have been campus favorites for their duets sung with a Norwegian accent. Both of them gave senior voice recitals this spring.

All of them have been officers of college organizations, and all have been voted into honorary and service organizations.

They have always been active in the work of their church, Trinity Lutheran, in Parkland. Dick's father was pastor of the congregation for 18 years prior to the war. The fathers' of Marilyn and Topsy are also ordained ministers. All four students have been president of their Luther League.

Also Close Socially

In their social life they are a closely knit quartet. They walk into one another's homes without knocking and make themselves right at home. "Dick always eats everything in sight," claims Topsy.

When Topsy was married last summer, it was a matter of course that the other three were invited to be in the nuptial party.

After graduation Dick will leave for Norway to study one year at the University of Oslo. He plans to teach Norwegian when he returns. Larry and Marilyn will also go on for graduate study. Larry is a speech and history major. Marilyn wants to teach chemistry.

Their graduation will mark the end of an era for children of veteran PLC professors. Larry was preceded by a sister, Topsy by a brother and sister, Marilyn by five brothers, and Dick by two brothers and a sister.

The Parkland Ladies Golf Club met last Wednesday for fairway shots play. Top scorers were Mrs. Cliff Olson, F. M. Danielson and O. Ellingson.

MIDLAND ORTHO SET JUNE 19

The June session of Midland Orthopedic Guild has been postponed from June 5 till June 19, Mrs. Elmer Brock announced. The change was made to accommodate the ninth grade banquet.

No less than 52 eighth graders and parents from Midland went cruising on the Gallant Lady last Friday night. The entourage traveled to Old Town via the school bus, from whence they cruised to Quartermaster Harbor, through the Narrows, and back. Chaperones were Perry Keithley and Messrs. and Mesdames Dan Smith, William Shanahan, Hans Roslie and Clarence Johann.

Midland WCTU will meet at the home of Mrs. Blanche McCort on 96th and Polk at 12:30 for a potluck luncheon followed by business meeting and program.

As this is Flower Mission Day, everyone having pretty blossoms is asked to bring them along. Small bouquets will then be made up for residents of the White Shield Home.

In the absence of the regular president, Mrs. Luella Engler, the vice-president, Mrs. Ella Burleson will preside. There will be special music numbers.

The Cub and Boy Scout committee of Midland Troop 84 will gather at the home of Mr. and Mrs. John Wadhams, 81st and Portland Avenue, this Friday night at 8 o'clock. For further information, call GR 5667.

HONOR FAMILY GRADS

The family of Dr. and Mrs. J. P. Pflueger gathered at their home for dinner to celebrate the graduation of Marilyn from PLC and Jesse Jr. from the medical school of the University of Washington.

A miscellaneous shower was given for Donna Hellman and Malcolm Soine by the family the same evening.

Collins Tots Club will hold its regular meeting Tuesday evening, June 6, at 8 p. m. at the home of Mrs. Walter Godfrey, corner of Collins and Garden Valley Road. Assisting Mrs. Godfrey will be Mrs. Hilma Olson and Mrs. Simon J. McElroy. All pre-school parents are cordially invited.

Miss Amy Brown of Elk Plain, was recently elected president of Delta Rho Gamma, organization for day girls at PLC, for the 1950-51 school year. She also won a scholarship.

66 Glads Placed In Teaching Jobs; 12 In Tacoma Schools

Sixty-six students graduating in education already have been placed for teaching positions next fall, it was announced today by Anna Marn Nielsen, director of teacher training. In addition to these, 12 alumni have been placed in new posts for next year.

Almost every elementary teacher in the senior class has been placed, but there are fewer posts open in junior high and high schools throughout the state. "The reason for this," Miss Nielsen explained, "is because the high school student populations have decreased due to the low birth rate in the mid-thirties. In about five years the demand for teachers on this level will begin to increase."

Twelve will teach in Tacoma, including Millie Anderson, Beverly Baird, Mrs. Martha Ball, John Buffalo, Richard Colburn, Elmer Erickson, Mrs. Jean Fritts, Betty Loucks, Charles Musto, Eleanor Nelson, Evangeline Ordahl and Donald Williams. The Shoreline district in North Seattle will get eight graduates, including Clifford Allen, Phyllis Anderson, Ole Bakken, Beverly Busch, Lloyd Cleven, Milton Fuhr, Shirley Rovang and William Saas.

Five will teach in the Franklin Pierce district (Parkland area). These are Mrs. Elithe Adams, Beverly Keller, Mrs. Beatrice Konop, Robert Richardson and Delbert Schafer, Aberdeen will get four, including Jean Hesla, Kenneth Hornby, Harold Klett and Richard Weathermon.

The other seniors and where they will teach are Signe Baker, Holden; Jack Bateman, Tumwater; Gordon

ALONG STREET

(Continued From Page One)

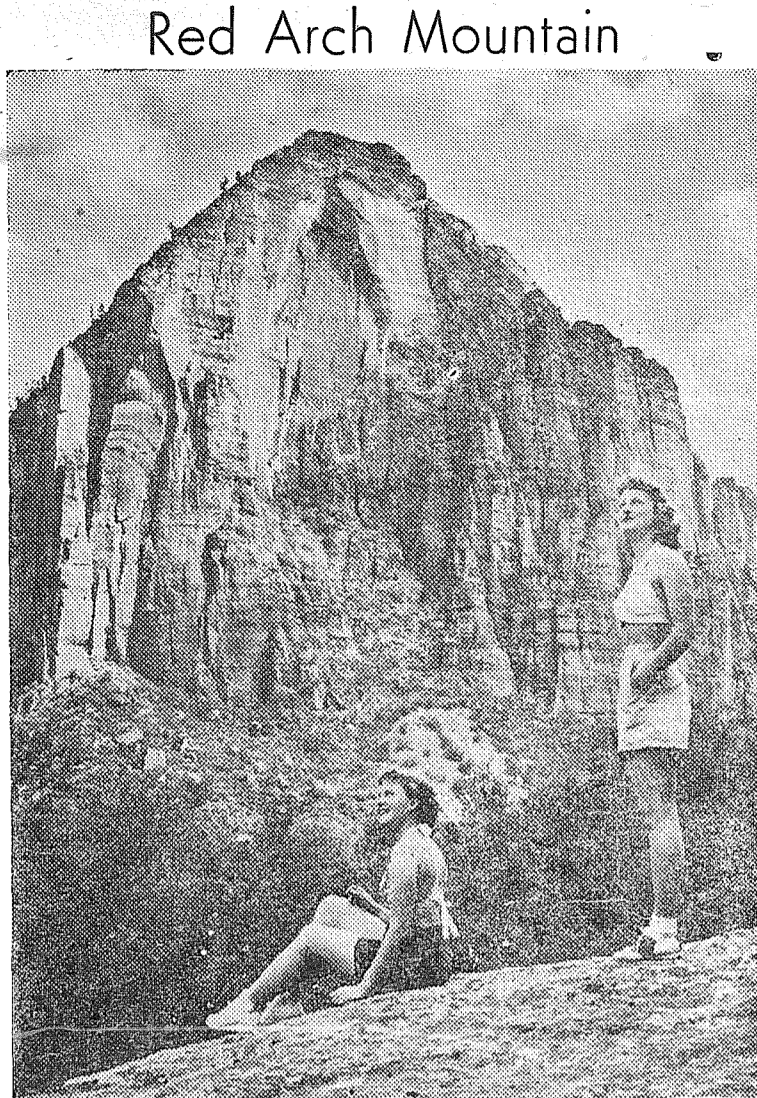

Soine, our departing advertising manager, leaves Sunday for Portland to get hitched. Brother what nerve. But then Donna has more than he. We notice some of the Parklandites getting ready for that summer vacation. The Hinderlies are among the group. Our own Herman Larson and his new Nash are about to take off to the Dakotas, with his wife and children, of course.

That Golf Game

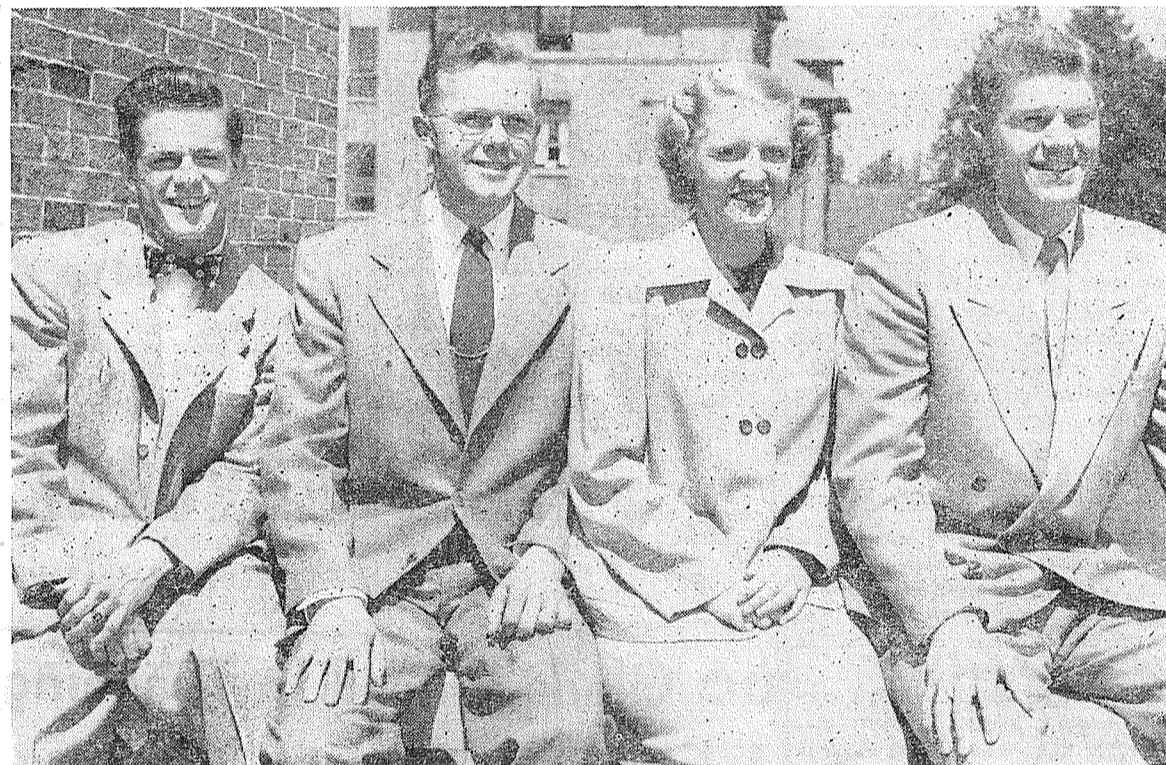

Had time to play nine holes of golf with Lou Incerarity, our local Justice of the Peace this weekend. Beat him by 2 points too, of course, I didn't count the times I swatted at the infernal thing and missed it. I just found out that you are supposed to do that too. He might have beat me if it hadn't been for his wife distracting him a bit.

We tried Brookdale this time. First time I knew there was supposed to be grass on the fairways too. Sure makes it fun to be able to find your ball after you hit it. I sure had fun. Lou would go up one side of the fairway and I would play on the other fairway. Finally someone told me I was to play on the same one as my partner, something about controlling your course of flight... yeh, sounds simple.

Still can't figure out how one can hit that two-bit sized hunk of rubber with one club and make it go so many different ways every time. Slices, hooks, etc. I'm hearing all about them. Guess I'll have to get my neighbor, Doc. Tweit, to show me how he does it so well.

Background for the young summer visitors to Zion National Park in southern Utah is Red Arch Mountain. This huge mountain of red stone is used as an example of the way nature carves out colorful monuments that line the canyon walls. Geologists believe that some day this may be a tremendous natural bridge of bright vermilion stone carved out by the effects of erosion, wind and weather.

PICTURED ABOVE are next year's PLC student body officers who took office this week. They are, left to right, President Lowell Knutson of Seattle, Vice-president Rolfe Lund of Everett, Secretary Maria Ogren also of Everett, and Ray Tobiasson of Longview. All four are juniors. Strangely, the presidency, secretaryship, and treasurership are nothing new for Lowell, Maria and Ray. They have already served together in these respective positions as class officers in their freshman and junior years.

Others vying for votes were Ralph Hatlen, Don Ellertson, Rosella Albrecht, and Otto Reitz.

High and Hungry

There are few "morning after" foods better than liver and bacon to relieve the physical damage due to alcoholism. Or even a simple liver-wurst sandwich. Cosmopolitan magazine explains that much of the damage is caused not by alcohol itself, but by undernourishment. Heavy drinkers often fail to eat properly and for this reason acute alcoholism is now widely treated with massive doses of vitamins.
