AN AMERICAN TRAIT PAYS OFF

Boys are taught that Honor is more valuable than gold, that Love trans-cends all material things; as soldiers,

fight fair, fight

hard and win.

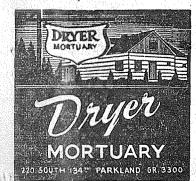

Sgt. Paul Hirchheimer had these truths instilled into his mind and when fighting when a Jap, any where, was a fair target, this young man found some

crumpled paper with writing on it, and a memento in the pocket of a dead enemy solier. He brought them

When Paul was recalled for duty in Japan, he found the family of the dead soldier and gave them his mementos. Those one-time enemies couldn't believe there were people in the world who would forgive, who had compassion. Differences of religious concept dissolved, differences of political philosophy evaporated; this white boy and their son were brothers. They were ready to trust Americans if they like this soldier; his religion taught him brotherly love and they wanted it.

Honor, love and kindliness did a better job of cementing a lasting friendship between us and that Japa-nese family than all the political ma-neuvering ever conceived. Sgt. Paul Hirchheimer sold American ideals.

thuser decided to put up a new build-ing which would allow for expansion for years to come as well as provide comfortable living quarters. The family home has been at 8842 Pacific.

The new building, modern in every detail, has radiant heat and many other appointments insuring comfort and convenience. A nicely arranged apartment on the second floor will be occupied by the owners, permitting them to spend more time at the store than formerly. The place will now be open until 6 p.m. and also on Satur-

With more room to spread out, Althuser Plumbing is adding a line of Murray steel cabinets and other standard items from Kohler, American Standard and other "name" manufacturers, as well as some very attractive lighting fixtures. Other merchandise will be added from time to time, with the possibility of employing an elec-trician regularly in the future. Plumbing and contracting will always be the

principal business, however.
At present, Althuser Plumbing employs three plumbers, Wayne Hodges, Keith Bonnell and Leland Louderback, all residents of the community. The building at 8203 Pacific, part of which houses the Richards Snack Bar, now has space available for lease. Mr. and Mrs. Althuser are enthusi

the Brooklake Community club Friday, Jan. 18. The Brooklake members are going to sponsor several 4-H clubs club, and those of the Midland Clover club. They were: Midland 4-H Clover club, Mrs. Roy Benson and Mrs. Kenneth Lampitt; Midland Girls 4-H club, Mrs. Walter T. Corrigan, Mrs. Elmer Morud and Mrs. Paul Arterburn. Joan Arterburn presided over the meeting. After the business meeting, the Midland Clover club was initiated into Pierce County's 4-H clubs.

I have mentioned that the Bureau of Naval Personnel is a huge estabishment and is composed of many divisions and sections. Well, I really got an insight into the many problems which can arise in one day throughout all these sections a couple of Sundays ago when I was the Bureau Duty officer. This is a watch maintained outside of regular working hours and ınd Janet Jensen. Saturday, Sunday and holidays. It's a 24-hour watch on weekends. I had a lieutenant assistant, a chief yeoman

and a scaman messenger.

We spent a mighty busy 24 hours.
The phone was ringing constantly, as all calls to the Bureau during these hours come to the duty office. Many of the calls were relatively unimportant and we asked them to call back during business hours. But a great many were urgent, at least to the caller, and required that something be done immediately, quite often these were long distance calls. Wives, children, mothers or fathers seriously ill and the necessity of getting word to a known. Emergency leaves to be extended and many other problems. In ing to various sections of the Bureau to determine just where the service-man might be at present and then drafting a dispatch to be sent to his ship or station.

By Howie Snowden

In addition to the phone calls, all incoming dispatches addressed to the Bureau are delivered to the duty office and each must be read to determine if immediate action is necessary. which she if it appears to be a matter that can't state fair. wait till the next business day, it might be necessary to obtain information and reply, or call the head of the section at home and get information as to how to handle it then do so. One dispatch, for instance, was from a ship due to sail in two days indicating that the commanding officer had to be hospitalized. This meant consulting the section head to locate a relief and then sending his dispatch orders.

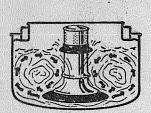

The duty office is equipped with beds for the watch, but they weren't used much the night of my watch. I was a tired guy when relieved the following morning, but I did feel that I had learned a lot about the workings of the Bureau.

(Editor's Note: Howie's address is 1606 Roberts Lane, Falls Church, Virginia. Anyone wishing information which Lt. Comdr. Snowden (Howie) could supply is invited to write to him, asking that he discuss the matter' in his column).

First Aid Class Numbers a Score

Twenty people are now enrolled in the First Aid class which is being sponsored by the Civil Defense group of the Parkland area, sessions being held every Monday and Wednesday evening in the basement of the Park-land grade school.

Mostly About Horses By Clarence LaCrosse

The last meeting of the Parkland Riding Club was well attended, with 52 turning out to see a very interestng and well-given movie taken by 'Uncle' Ned Kennedy, of national ame. Uncle Ned recently completed trip by horseback across the United States, a feat much the envy of many riders who always dream about doing such a thing. Uncle Ned put his dream nto reality by taking this trip.

I had a bit of trouble getting the darned old oil stove which we have n the clubhouse working properly, with the result that everyone sat around in their overcoats watching the picture and listening to Uncle Ned's very fine bit of talking.

Ned is currently working on his book, "Easy Riding," which I personally hope he gets on the market very soon . . . it is really good—full of wit and oozing with personality. It is a must for every horse lover in the United States. Keep at it, Ned.

Washington Horsemen Elect I have at hand the names of the officers of the Washington Horsemen Club for this year:

President, Crist Keffler; vice-presi dent, Harley Thayer; secretary, Esther Thayer; treasurer, Dorothy Wise. All of these persons are well known in horse circles. Crist Keffler is running for City Civil Service Commissioner, by the way—give him a vote.

Lariettes Elect New officers of the Tacoma Lariettes, all-girl team, are as follows: Captain, Dorlene Riebli, first lieut., Wini Hyland; second lieut., Leona Craig; lieut. of mounts, Jean Caddi-gan; 2nd lieut. of mounts, Phyllis Doolittle; mess sergeant, Mildred Peterson; publicity, Martha Palin; square dance sergeant, Ruth Hopkins.

Scout Movies Explorer Scouts of Post No. 23, Waller Road, undertook as a 1951 community project the sponsoring of movies once a week in the Waller Road Community hall. Saturday evening was chosen for the show each week when parents could send their children to a movie in their owr neighborhood at a very reasonable price. BUT, unfortunately, the movies will have to be discontinued unless more people attend. Parents, please realize what the movies mean to your children, and try to attend once in a while with them. The profit the Scouts have realized from their project is so small that many times they have had to dig into their treasury for an evening of entertainment for our chil-

dren.

The movies shown have been good. As an example, this Saturday evening, Jan. 26, is one which dad, mom and the whole family should turn out to see, thus giving the Scouts the lift they need. Showing is Donald O'Connor in "Francis, the Talking Mule." There is always a good comedy. The scrial now running is "The Adventures

of Jesse James." The time is 8 p.m. How about it, folks? Do you value the Saturday night movies at the Wal-ler Road hall? If you do, let's get

Young Sneak Thief **Robs Parkland Homes**

Three homes in the Parkland area were entered early Friday morning by a young boy of the community, about 13 years of age, who stole a wallet containing \$158 from the home of Ray Rich, 404 So. 120th St., and a purse and billfold holding \$8 from the home of M. H. Wutz, 11455 Park Ave. The boy got nothing at the home of Virgil A. Bergh, 313 So. 118th

Mr. Rich awakened at 5:45 o'clock to see the boy reaching across the baby's cradle to snatch the wallet from the dresser. He did not recognize the lad but saw him clearly in the lighted room and was later able to identify him from pictures. Neighbors state he had been accused of stealing small articles in the past.

When captured, the juvenile bandit was said to have \$130 in bills on his person. In each of the three cases, the youth entered the houses through un-locked back doors. It is probable that
