

## Three Talk on Area Policing

Parkland area's police protection problem will be thoroughly discussed at 7 p.m. next Wednesday at a dinner meeting of the Parkland Business club, President Don Eastvold announced this week.

Sheriff Lee Croft, Harold P. Bird, and C. G. (Doc) Brown will each address the group on: "What I intend to do to police Parkland."

As outlined from time to time by The Parkland Times, the "need" for efficient law enforcement practices and procedures in the community has become such a "want" that the PBC has engaged the three to throw some light on the prevailing conditions.

Croft is the democratic incumbent for sheriff and Bird, the strong republican candidate for the same county office. Brown, while he lost to Croft in the primaries, plans to start a deputy patrol for this area.

SUMMIT Methodist church will observe Harvest Home on Sunday and Monday, Oct. 15 and 16. A special harvest home service will be held at 11 a.m. Sunday. A program is planned at 6:30 p.m. on Monday.

CENTRAL AVENUE P-TA will hold a community potluck dinner at 6:15 p.m., next Wednesday. The featured speaker will be Don Eastvold, Parkland attorney and candidate for state senator in the 29th district.

Eastvold will talk on the legislation that will be before the public in the November election.

VIOLET PRAIRIE Garden club will meet at 1 p.m. tomorrow at the home of Mrs. Emma Brown.

SPANAWAY P-TA and Pre-school sponsored Carnival will be held next Friday, Oct. 20, at the Spanaway school. There will be a coronation of a Kin and Queen for the festivity, cake waltz, plant sale, white elephant sale, pony rides, fortune telling, rummage sale, and other Carnival concessions and booth.

It was ten years ago November that Ray E. Pochel contracted with General Petroleum Corporation to distribute Mobilgas, oil and other GPC products. Today, Pochel not only has the expanded fuel oil and gas business but has spread out into the appliance and auto parts business.

In ten years Pochel has skyrocketed from the title of wholesaler gas and oil agent to owner of Pochel Distributing Company, a firm that now employs 21 persons in its five departments.

Tomorrow and Saturday, Pochel will have his "Open House" to show the public his beautiful 1900 square foot addition and remodeled showrooms. Free ice cream for the kids, gifts for the ladies and demonstrations are in the offering for both days.

Pochel was attracted to the Parkland area in 1940 because of its "apparent activities" and because of its "possibilities for expansion." In December that year, he purchased the present site at 140th and Pacific for a bulk plant.

In August, 1941, fuel oil delivery service to the consumer level was begun. Since then, the business has boomed until they now have seven drivers for their fleet of trucks, each equipped with automatic printing meters.

In March, 1945, a \$35,000 fire wiped out Pochel's warehouse, service station and maintenance shop. But the firm bounced right back, constructing a concrete and steel building that same year.

In 1944 an auto parts and accessories department was added. As sales increased, Pochel took to the road, marketing auto parts with a mobile parts store.

Pochel Distributing then entered the appliance business in 1946, at first selling mostly Duo Therm oil heating equipment. But as this department began to take roots, Pochel added such nationally known appliance brands as Frigidaire, General Electric, Gibson, A. O. Smith, Deep Freeze, Zenith, Admiral and Coleman.

And so the firm, in ten years, has become one of the largest in the South End community . . . and it's still growing . . . growing with the community.

## Work Commences on Library

With \$2,220 in the bank and \$600 outstanding in pledges, Otto Damkier and his Parkland library building workers have commenced to dump gravel for back fill, according to Community club president Roy Kreger.

By next Thursday, the concrete foundation will be poured. Said Kreger: ". . . the frame will be up by the end of winter."

HARVARD-MIDLAND P-TA will honor the fathers at a special "Dad's Night," at 8 p.m. Wednesday, Oct. 18, at Midland gym.

DAWSON FIELD Recreation club will meet at the fieldhouse at 8 p.m. tonight. Matters on the teen-age parties to be started soon, will be discussed. Parents are asked to show some interest and attend the meeting, or the party venture "will be dropped."

OCT. 16 to 20 has been designated as Membership Week in the Harvard-Midland P-TA.

H. M. & L. Fire Department's ladies auxiliary will have a card party and dessert luncheon at 12:30 p.m. next Thursday, Oct. 19, at the Midland hall.

Meanwhile, the drive for funds or material donations continues. The new library building will cost close to \$6,500.

Tonight, the Parkland Community club will hear Dr. William Strunk speak on "The Problem of the Cow-litz." The meeting begins at 8 p.m.

FRIDAY the 13th has been set as the meeting date of the American Legion Post 228, Commander Walter Fritz announced this week. The first fall meeting will begin at 8 p.m.

A special election of an adjutant and a historian will be held. The executive board will meet at 7 o'clock, preceding the general meeting.

TROOP 33 played host to Troop 30 Monday night at a joint meeting held at the Trinity Lutheran church. Featured at the meeting were scout training films on the operation of patrols.

# Who Runs America?

**RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today —keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!**

**IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.**

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

**But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.**

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

**They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists —working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.**

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

**And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!**

**Today** among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- |   |  |
|---|--|
| General Federation of Women's Clubs       | American Legion                            |
| American Farm Bureau Federation           | National Association of Small Business Men |
| National Grange                           | United States Chamber of Commerce          |
| Veterans of Foreign Wars                  | National Association of Retail Grocers     |
| National Conference of Catholic Charities | National Retail Dry Goods Association      |
| American Protestant Hospital Association  | American Bar Association                   |

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the pridesful security of a free and self-reliant people!

## THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that
