Home, Farm Bureau Opens in Parkland

Announcement is made this week of the opening of the Home and Farm Bureau, a new real estate service to sell farms and homes in Times-Journal territory. James R. Loring, who is directing the enterprise, feels that increased costs may be balanced by the decreased outlay in covering a given area. He believes that all listings will meet with less sales resistance after people become aware that the service is rendered in the immediate, or closely adjacent, area.

The entire sales staff, which includes also Duane E. Cheetham and L. D. Claybough, believe strongly in the growth and betterment of Parkland and vicinity and are thoroughly familiar with the many advantages offered by the area.
All are invited to drop in at the

Square Dance Contest

Pomona Youth committee is sponsoring a square dance contest on Friday, Aug. 10, at 8 p. m. at the Fruitland Grange Hall just off Airport way near the Willows.

All youth members of the Grange and juvenile members are eligible to compete for the prizes which will be awarded to the best square dancing couple. The public is invited, of course.

VACATION BIBLE SCHOOL of the Parkland Lutheran Church will open Monday, Aug. 13, with all children from four to 14 welcome. Classes are to be held in the Concordia Lutheran School, 129th and Pacific

office, 12810 Pacific Ave., and get acquainted. Mr. Loring is very well known in Parkland where he has engaged in real estate work for some time.

PARKLAND BUSINESS CLUB MEMBERS, their families and friends will "shove off" on a four-hour cruise of the Sound on Wednesday evening, Aug. 15, aboard the Virginia V. The course has been plotted around Vashon Island, through the harbors of Seattle and Tacoma, and through the Narrows. The Steamer will leave Old Town dock at 7:30 p. m. Plenty of good cats will be found on board, with entertainment to round out the cruise. The boat has a capacity for nearly 400 passengers and the Club hopes to make the cruise a community outing, welcoming anyone in the area who wishes to share this outstanding opportunity for relaxation and fun. Tickets may be had from Trav Dryer, Lee Tretter or Jack Brown.

SORRY!

We're In Trouble! Some way we lost a lineage sheet and have oversold this week's paper. We won't let it happen again—watch next Week's Paper for the news which should have been in this one.

MEDITATION

HE FORGED A FORTUNE
Robert L. Ingalls, Sr. was a blacksmith at Birmingham, Alabama, who fanned the coals in his forge with a bellows, hammered out horseshoes, by hand, on an anvil, and as the sparks flew he dreamed of a bigger business, then made a dream come true within fifty years. He forged that tiny, smelly dirty shop into a 25 million dollar steel business.

Our Reddish friends tell us that's impossible; Ingalls did it. Our Redding friends would have us believe that only slave labor can produce a fortune; Ingalls built a wealthy city of 275,000 persons at the same time.

The United States is a country of superlatives. It is the one place where the poorest boy can become the richest, or one with the fewest advantages can become one who controls a myriad of advantages for ten thousands persons. Ingalls proved it, not by Socialism, not by Communism, but by the American way. Which is best? There is no doubt—free enterprise.

A MESSAGE TO THE SPANAWAY PEOPLE

How would you like to vote your neighbor out of his home or how would you like to have some self-centered person vote you out of your home if you were too old to work and had no money for another home? A vote for Spanaway Water District will put those least able to pay out in the street through tax delinquent sales.

This debt of \$841,000.00 for the Spanaway Water Plan is on your place too. \$1,700.00 is your share. How can the revenue from 200 homes pay off this debt?

The interest on the Spanaway Water Bonds would finance a large Mutual.

Vote at the Spanaway School, August 11th.

For Dissolution Yes
For Bonds No

Advantages of Having Water

- Health**—The people are living closer together each year. It's impossible to get good water and have sanitation on 2 lots, sometimes more.
- Fire protection**—The rate of insurance in Spanaway is high and coverage on property is low. Eighty per cent of the homes are underinsured. With money from a fire you couldn't build a big-size garage.
- Who is to gain most?** Large property owners and business houses. How? The land was bought for a song and with the addition of water, 2 lots sold would pay for the balance of the block.

Business Will Be Aided

Namely:

- Doctors and Dentists.
- 5-10 bed Hospital.
- Drug Store.
- Cleaning Establishment.
- New Car Dealer.
- Library.

Be Honest With Yourself

Sit down for a few minutes with paper and pencil. Add up the pro's and con's to water. Without any doubt if you're honest with yourself, water in Spanaway is the best thing that has happened to us since V. J. Day.

You voters voted the High School away. Do you want to send this out too? **Think!!!**

ANNOUNCEMENT
It is with true regret that we announce our plans to move our shoe store to the Sixth Avenue district.

Though we have been more than pleased with your patronage in Parkland, this move is in the nature of real opportunity for us. We hope that we may have your good wishes in our new venture.

We are expecting to be open for business at 2612 Sixth Avenue under the name of "Arlin's Shoe Store" some time around Sept. 1. Meanwhile, we will continue operating here full scale to meet your back-to-school and other footwear needs.
