LATVIAN GROUP CO-OPERATING IN BLOOD DRIVE

Of all people taking part in Operation Orient 2000 Plus, the drive for blood donations being held in Parkland this week, none have more poignant appeal than the group of Latvians (displaced persons) who have pledged many pints of blood. These Latvians, representing Auburn, Kent, Enumclaw, Eatonville and Parkland, are donating their blood as a symbol of the obligation which they feel toward their adopted country, the United States.

Lee Tretter, publicity chairman for Operation Orient 2000 Plus, contacted the Latvian group and arranged for their participation in the drive, meeting with them Saturday morning when a picture was taken of them. "I think it is remarkable of these people to travel that far to be here at 9:30 Saturday morning," remarked Mr. Tretter. "The Latvians included in the picture asked that their names not be published—in fact, some refused to be photographed—for fear of reprisals against their relatives still in Latvia, behind the iron curtain, because they were taking part in the blood drive. The fear and terror reg-

MEDITATION

THE PRICE ON WASHINGTON'S HEAD
There are few men who would pile fortune and life on the scale of independence against the strongest nation on earth, Washington did.

He stood at the head of an army, without authority to punish or compel obedience. Actually, he had command of 13 armies, each of which was answerable to a separate colony; none of whom would commit itself to a declaration of war. He wrote to Congress, who by an act on Nov. 7, 1775, committed the Colonies to independence. Britain called it an act of treason, punishable by death. Washington accepted this dictum.

Washington put his fortune, and his life, in the balance of a nebulous cause; he won all three. Honor him Feb. 22 as the man who "stuck out his neck" that we could go free.

Collins P-TA Is Sponsoring Play

"Aaron Slick from Punkin Creek" is the name of the rollicking comedy that will be presented by the Tacoma Theatre Guild in the Collins gym at 8 p.m., Feb. 22.

It's hilarious from start to finish and will be enjoyed by the whole family. Find out what happens when city slicker meets glib country folk.

This play is being sponsored by the Collins P-TA and 60 percent of the net profits will go to the local organization. Help your youngsters sell the tickets they bring home. And be sure to come and bring the family.

BIG PROGRAM FOR FEB. 26 MEET OF HI BOOSTER CLUB

Through the efforts of Mrs. Walter (Rhoda) Young, the Franklin Pierce Hi Booster club will be entertained by members of the Pacific Lutheran college student body and faculty at its regular meeting at 8 p.m. Tuesday, Feb. 26, at the Collins school.

Musical numbers will be presented by a trio, Misses Helen Huswick, Louise Stephenson and Margaret Lucas. Miss Betty Hall will give novelty numbers on a carpenter's hand saw. There is some doubt as to what is going to happen to this saw, whether it will sing or warble, but Rhoda assures the audience that Miss Hall will not file it. Also, this same Miss Hall out-warbles and out-whistles all the local birds. Both groups will be accompanied by Miss Carol Sletto at the piano.

The speaking assignment goes to Dr. Olaf M. Jordahl, member of the Tacoma radiological section of Civil Defense. His talk will be more or less scientific and may give a hint on what makes the atom bomb tick—or kick. His subject matter will be strictly non-controversial—who wants to contravert an atom bomb?

The Hi Booster club is now grinding into high gear, wheels within wheels, so come out to Collins and watch 'em grind.

Harvard-Midland Preschool Feb. 27

Harvard-Midland Preschool will meet at 8 p.m. Wednesday, Feb. 27, in the school kindergarten room, Mrs. Kenneth Lampitt presiding. The annual Founders Day program will be presented.

Hostesses for the social hour will be Mrs. Andy Christensen, Mrs. Joyce Vance and Mrs. William Marr. Members are asked to bring the candy for the Feb. 29 candy sale to this meeting.

Ground Breaking For New High School Set Feb. 23

Franklin Pierce school district is to have a ground-breaking ceremony for the new high school Saturday, Feb. 23, at 1 p.m., according to announcement made by Superintendent Morris Ford. Assisting the school board in the affair will be the Hi-Boosters, a group organized several months ago to aid in providing equipment for the new school plant.

The new school is to be built on a 60-acre tract located at the northwest corner of Airport road (112th) and the Portland Avenue extension. The site was purchased three years ago with the intention of building at that time. Because of the heavy demands on state funds to repair and replace damage to schools caused by the earthquake, it was necessary to delay construction until funds and steel were made available.

The new plant, consisting of 13 separate units, will cost approximately \$1,500,000 and will house between 800 and 900 pupils. The plan being used will adapt itself readily to additions which will make it possible to house up to 1600 pupils within the next few years. The buildings will be of reinforced concrete construction, with glassed-in, covered passageways between buildings.

In order that the many friends who attend the ground-breaking ceremony may become better acquainted with the overall plan, placards showing the location of the various buildings will be placed at strategic spots at the site. The school board and the Franklin Pierce Hi-Boosters sincerely hope that the people of the area and neighboring communities will join them in celebrating the official starting of the buildings for which they have waited so long.

The ceremony will start with music and the flag raising followed by the invocation by Dr. J. P. Pflueger and official greetings from the State Department of Education. Clifford O. Olson, chairman of the board, will give a brief history of the district and will introduce the board members.

The Fire Permits
Fire permits for outside fires are required from Feb. 15 to Oct. 15, 1952, according to Fire Warden C. R. Marsh.

There will be no fire permits issued at the Pierce County court house," says Mr. Marsh. "Get your permits for fire district No. 6 at the Parkland Barber Shop. No fire permits will be issued on Saturday—we are too busy."

DORMITORY AUXILIARY No. 1, PLC, will meet in the Viking room at the college at 2 p.m. Tuesday, Feb. 28, with Mrs. Valborg Holstad entertaining. A program will be presented.

NOTE OF THANKS AND APPRECIATION

On behalf of the Parkland Business Club, I would like to express my sincere thanks for the co-operation of all clubs and organizations toward the tremendous success of the Parkland Blood Donation Drive.

Special thanks to all who filled our Pledge Cards. Now is it not a grand feeling to know that YOU have saved the life of some service man—someone is coming home because YOU gave!

I also want to thank all the housewives and mothers who donated their time as hostesses and baked cookies for canteen work. Enough can't be said to show our appreciation. We now have a local Bank with enough plasma to reach any emergency in the future for the city of Parkland. Again, we say Thank You!

Latvian Group Taking Part in Blood Drive

(Continued from Page 1)
stayed in the faces of those who remained anonymous was very obvious and pitiful.
"We who have enjoyed the freedom of this wonderful democracy of ours all our lives can at least match the courage they have demonstrated in this instance by turning out in force in Parkland today, the final day of the drive, to put Operation Orient 2000 Plus over the top."
"While discussing the subject of blood donations, one of the Latvian group who acted as spokesman related some of the brutalities his people had experienced at the hands of the Russians. Latvia, he stated, was one of the first to experience the bloody Communist regime. This spokesman, who was a superintendent of public schools in Latvia, stated that they, as a minority group, felt that the drive was very important for the security of the free peoples of the world, and that every person should by all means donate blood.
Operation Orient 2000 Plus is sponsored by the Parkland Business club with the cooperation of practically every club and group in the Parkland area. Wes McKewen is general chairman.

Waller Road Scouts Presented in Program

In honor of Boy Scout Week, the Scouts of troop No. 23 and Explorer post No. 23 of the Waller road district were presented in a program at the Waller Road Grange meeting Friday evening, Feb. 8.
It was heartening, indeed, to the Scoutmasters and officials to see such a large crowd in attendance. Much interest was shown by parents and friends of the boys.
The evening program opened with the flag presentation; welcome by Roy Nelson; Tenderfoot investiture, Tom Marshall, David Shea, Glenn Singleton, advancement to Second Class rank, Tom Marshall, Roy Nelson, Jon Engles.
A merit badge on "Farm Home and Its Planning" was awarded to Larry Pederson by Judge Hugh J. Rosellini. The rank of Star Scout was awarded to Larry, also, and to Scoutmaster Dick Metcalf by Post Guide Howard Freeman. Doug Howard received his First Class pin.
Miniature pins of their sons' rank were presented to mothers of Doug Howard, Larry Pederson, Tom Farley and Melvin Bradley. Mrs. Dick Metcalf received Dick's pin. A large group of Scouts received first and second year pins. Dean Howard won the perfect attendance pin.
Archie Matthews, Scout commissioner, presented the charter for the Scouts and Explorers to Elmer Bradley, master of the Grange. Judge Rosellini spoke on "Scouting and the Juvenile Court."
Demonstrations in first aid and physical education were presented by the Scouts. Skits were given by two patrols. Rounding out the program were numbers presented by the Rhythm Sparks. Refreshments were served at the close of the program by the Grange ladies.

Mothers Grateful

Mrs. Larry Caramella and Mrs. C. L. Pierce, both of the 117th and Sheridan section, have asked the "Times-Journal" to extend their thanks to a lady in a newer model Ford car who returned their three-year-old run-arounds Janice Caramella and Clifton Pierce, on Saturday. The children, who had been playing at the Caramella home, decided they would "take the bus to Tacoma," as they had done several times with their mothers.
When picked up, they were near Pacific Lutheran college and Janice had fallen in a mud puddle and was crying. They were unable to tell where they lived, but the lady drove slowly in the direction from which the children had come, knowing that sooner or later she would see a mother looking for them. She met Mrs. Pierce and turned the children over to her but, in the excitement of the moment, her name was not learned. So, from the Caramellas and the Pierces, Thank You!

How to treat your telephone
The best way to spruce up your telephone is to polish it with a soft, dry cloth . . . never with water or any other liquid. You'll find that it'll always be ready to serve you better, too, if you keep these simple pointers in mind: Avoid "gadget" attachments . . . keep cords free of doorways where they may be pinched . . . and always keep water away from wires and fittings.
its precision-built . . . and it can develop ailments if it's dropped.
So make sure the stand your telephone sits on is solid . . . and located in a place where the instrument won't be accidentally knocked off onto the floor.

Pacific Telephone

I noted Wes McKewen, who had to leave early to photograph a wedding, make his appearance . . . if more would do the same thing it would help a lot. Even though he could not stay, he came, purchased his ticket and left early.

Burt McMurtrie and smiling Jack Elich were beautifully sandwiched between lovely and curvaceous WAF Sergeant Danielson.

Betty Baker's cute little daughter made a nice appearance, rendering a Hawaiian number much to the pleasure of the crowd.

Mr. Frederick Newnam of PLC thrilled the crowd with some fine vocal music. Young David Sannerud, his accompanist, is an artist in his own right.

Some mighty pert little misses served under the guidance of Betty Vogel.

For some unknown reason to me,

Ken Jacobs entirely ignored any help from The Times-Journal as a means of publicity for the Parkland blood drive . . . hundreds of inches of publicity have appeared the past several weeks in The Times in regards to the Blood Drive . . . about four inches in the paper to which he gave all the credit . . . surprised at you, Ken . . . as were many others.

Morris Ford gave forth with his annual school plea, keeping the people reminded of a lot of statistics about population, etc. I noted with surprise that Morris has switched to cigars . . . what happened to the pipe?

Commissioner Harry Sprinker duly installed the new officers of the club for the year . . . and a nice job, Harry.

Main address of the evening was delivered by that favorite of Tacoma—Jack Elich, chief of police. Many wished he had more time for his talk

Auxiliary Grateful

The Ladies' auxiliary of the Parkland Volunteer Fire department wishes to express its appreciation to all those who contributed to the Firemen's benefit dance held Feb. 9. It has been noted that many people sent their contributions but did not attend the dance, therefore were not present to be thanked in person at that time. These donations are greatly appreciated. Thank you all again!

Dance Program

On Friday, Feb. 29, at 8 p.m., the Harvard-Midland Preschool will present the Retha Gehri dance program. Mrs. Oscar Holmdale is chairman for this event.

... it was very interesting and factual.

A Chinese auction wound up the affair with a nice wrist watch donated by Bob Haner of Parkland Jewelers going to Bob Lynd . . . rather, should I say, to Mrs. Lynd, since I noted this morning when she was in my office that she was wearing the watch . . . it looked nice, too.

Well, that's about it for another year.

I don't know whether or not I should do this, but Betty Vogel promised me and my wife a nice steak dinner if I would point out to certain people . . . in fact, she dared me to do it . . . that this is leap year, etc. . . she is young and single. After all a girl is entitled to do a bit of pursuing during leap year . . . that is a tradition and a prerogative. She didn't think I would do it . . . but for a steak dinner . . . gee whiz . . . I can't even afford to buy a steak anymore. You dared me, Betty . . . now don't forget.

Ambulance Need Apparent

It has been apparent for some time that ambulance service is needed in this area. Only a week ago when an accident took place out here in Parkland it took over half an hour to get an ambulance to the scene. If blood had been needed it would have been fatal. At one time there was an ambulance here, but it evidently didn't pay.

Now those aggressive boys from the Spanaway Fire Department are making ambulance service available to anyone in the area, absolutely free. Read more about it in another story in this paper. I personally want to commend such an aggressive group of fellows, who can realize a community need and then do something about it. Many see the need, but do nothing about it.

"Tag Along Howie," otherwise known to his friends as Howie Snowden, will be in Parkland the 26th, according to Art Swindland up at the NBW, who says that institution will have at the disposal of Howie an automobile to take him wherever he desires. Mighty nice of the bank and Mr. Swindland. Hope I can get a few minutes of Howie's time when he visits the old home town.

FREE AMBULANCE SERVICE PLANNED BY SPAN'W'Y MEN

On Sunday the Spanaway Volunteer Fire Department took delivery on the large Packard ambulance which, according to present plans, will begin service March 1. Sponsored by the Spanaway Community club for the use of Pierce County Fire District No. 7, the new ambulance will be available without charge to all residents outside Tacoma.

The ambulance will be operated by a five-man trained crew and the rescuator previously purchased by the Spanaway Community club and given to the fire department will be carried at all times. Special training will be given all members of the fire department, preparing them to meet any emergency.

When the ambulance begins service, it will be instantly available, day or night, for any need of people of the area, no matter what the emergency may be. It is believed that having this service right in the community will result in saving lives in many cases. Further details will be found in an early issue of the Times-Journal.

the home of Mr. and Mrs. Frederick W. Patrick on East 72nd street last week in honor of the 40th wedding anniversary of Mrs. Patrick's parents, Mr. and Mrs. John Savlick, of Eatonville. Congratulations, Mr. and Mrs. Savlick!

Recovering Joe Kulavik has returned to his home on Canyon road after 10 days in St. Joseph's hospital. Although Mr. Kulavik is still on the sick list, we are glad he has improved enough to be able to be at home.

Ladies Night The ladies of the Community club wish to congratulate the men on the very successful Ladies' Night they put on February 14. The "take off" of an Auxiliary meeting was very entertaining, although we all know the ladies aren't quite that "dizzy." Mr. Walters, of Tacoma, presented some magic tricks that we still can't figure out. "Queen" Royal Lattrell put on a hula dance that even the Islands would like. After the program, the men served refreshments that will call for more evenings in charge of the men.

RAINIER FEED CO. GIVES AWAY 15000 CHICKS WITH AD

Its biggest "chick day" to date was reported by the Rainier Feed Co., the local firm which advertised 12 free red chicks Thursday, Feb. 14, to anyone presenting a coupon from the ad in the Times-Journal, only publicity medium used. The store management estimated that 10,000 baby chicks would be claimed on the advertised date, and had that number on hand when the store opened. The last chick was given out at 2 p.m.

Late comers were not to be deprived of their chicks, however, though no more were available on that day. Rainier Feed Co. accepted every coupon presented and ordered enough additional chicks to redeem them on Thursday, Feb. 21. Only the coupons presented Feb. 14 will be honored at this time—no new ones will be taken. The coupons now held by the store, which were presented Feb. 14, call for 5,000 more chicks, bringing the grand total to 15,000, which is approximately twice the number claimed at the most successful event previously staged by the Rainier Feed Co.

The popular "give-away" chick day made a lot of new friends for the feed company and will undoubtedly prove an eye-opener to many who have never raised their own broilers. The chicks are of a good stocky strain of reds and will produce delicious meat at little expense for feed.

While Rainier Feed Co. underestimated the demand for chicks, its large stocks of feed for all farm animals were adequate to the demand and many visitors Thursday bought feed for their dozen baby chicks and for other livestock as well, giving the store a record day's business. The store management generously gives much credit for the success of the affair to the wide publicity gained by its Times-Journal advertising Feb. 7 and 14. Since the newspaper reaches more than 10,000 homes, scattered over a wide area, the amazing offer of a dozen chicks absolutely free caused a lot of interest and brought people and coupons from considerable distances.
