Meetings every second and fourth Friday at 8:00 p.m. in the Sunshine Hall

The basketball season is here and the Parkland Post, American Legion. again has its fingers in the pie with a team in the Tacoma-Pierce County Fraternal League. We've had two games already and have come out on the short end of both of them. But, considering the fact that our boys have not pounded the maples for lo these many years (which fact they bemoaned the day following the first game-to the accompaniment of sore and squeaking muscles) and also the fact that our boys just banded together a couple of weeks before the start of play and went in without benefit of practice session, they did very well.

Coach Al Seaman states that the second game saw much improvement in the team, over the first, and sees continuing improvement as the season goes on. More and more talent is coming in to bolster our efforts. Even if we don't win a game all season we can sure have a lot of fun rooting for the home team, and see president: a lot of good basketball, too. There these games, played every Tuesday that wallet).

PARKLAND, WASHINGTON, THURSDAY, DECEMBER 9, 1948

Office: Park Avenue and Wheeler St., Parkland

Originating in the Spanaway Progressive Community Club, a new movement towards organization of a local water district is being launched in Spanaway, it was disclosed this week

It is tentatively considered that the district now to be proposed should be confined to the most heavily settled sections of the Spanaway area. Careful examinations are to be made to determine beforehand an area that can economically be served. which it is thought should meet the objections which led to defeat of the previously proposed water district.

The following statement of action toward the water district to date, is released by Harry W. Smith, club

### LEONARD NEW PRESIDENT OF BUSINESS CLUB

4 0000

Approving unanimously the slate of nominees submitted by the board of directors acting as a nominating committee, the Parkland Business Club Tuesday evening elected Forrest Leonard club president for the coming year.

Other officers elected are: William Johnson, vice-president; Stella Jacobs, recording secretary; H. E. Mobley, corresponding secretary; Ted Daniels, treasurer; Orville

Torgeson, board member.

Leonard will succeed Neil Thomas, vho closed his term of office by thanking the group for the opportunity it had given him. Though no longer in business in the community, Thomas expressed hope that he could continue his association with the club. He was enthusiastically applauded for his work by the group. Leonard has served as treasurer

during the present year. Turning to other business, the Business Club approved the recommendation of the board of directors that the jointly-owned sign on the highway, pointing to "Parkland, Home of Pacific Lutheran College,' be offered outright to the college.

### **Memorial Rites** Honor Two Men of Midland Family

Funeral services for Staff Sgt. Sigwald C. Johnson, 25, son of Mrs. Georgine Johnson of Midland, who was killed December 10, 1945, near Weitbruch, France, will be held at 3 p.m., Saturday, December 11, from Mountain View chapel. Born in Midland, he attended the Midland grade and junior high schools and before entering the service worked met at the home of Mrs. William as a welder at Todd Pacific shipyards. He entered the service August 23, 1943, and received his basic training at Camp Gruber, Oklahoma, being sent overseas with one of the first units to join General Patton's third army. He had received the Combat pin, a silver rifle and Purple Heart for military merit and wounds received in action and resulting in his death.

He was a member of the Fraternal Order of Eagles, Boilermakers and Laborers unions. Besides his mother, he is survived by a brother, John Merrell Johnson, of Midland.

Memorial services will be held at the same time for an uncle of Sigwald, Haldor Johnson, 42, of Midland, who was lost from a fishing boat, the Jerry S, December 12, 1947. Bits of wreckage have been found near Rodman Bay, Icy Straits, Alaska, but no trace of the three men who were lost. Johnson grew up at Midland and attended the Midland school. He is survived by two brothers, Barent of Midland and Gus of Bremerton, and two sisters, Olga Porter and Inga Templeton of

### PARK COUNCIL PINS HOPE ON PROPOSED ACT

Parkland Recreational Council is the name adopted by the joint committees of several of Parkland's civicminded organizations which are combining efforts behind a program to develop park and other recreational facilities in this area. The group met Wednesday evening, December 1, when the new name was adopted.

For the present, the group's efforts have run against the obstacle of lack of legal provision for nonincorporated communities to raise funds for park purposes, it was explained to the group by Morris E. Ford, chairman of a sub-committee which had been so advised by Attorney Fred Henricksen.

Ford further reported that enabling legislation is to be proposed to the next state legislature, which would authorize formation of local park districts, similar to present improvement districts and fire districts, which could seek the approval of voters for special park levies. The council plans to secure advance copies of the proposed legislation for study and possible active support if the bill proves to be a good answer to the present hitch in the Parkland park program.

A meeting of the council is to b called after the text of the proposed legislation has been obtained.

### Community Club Meets Candidates, McMurtrie Speaks

Candidates selected by the nominating committee to stand for club offices will be presented to the Parkland Community Club at its December meeting this evening (December 9) in the Parkland school, 8 p.m. This will be club members' best opportunity to learn more about dent W. W. Cline.

Bert McMurtrie, Tacoma Times columnist, is to be guest speaker, promising a program of unusual worth. The program chairman, Robert Lynd, will also present the Parkland school singing group, The Parkettes, in Christmas numbers.

BUSINESS CLUB WILL PETITION FOR SERVICE TO CENTRAL SECTION

That Parkland residents petition he Post Office Department for a city mounted-carrier route as the nost likely solution of postal delivery problems, was advised by Ward Tompkins, superintendent of mails in the Tacoma post office, speaking here Tuesday evening before the Parkland Business Club.

As Tacoma routes are now constituted, they exclude new delivery Songs presented by the first and service within the central section of Parkland community-the area south of Harrison street and north of Pine street. Parkland Postmaster he is meeting with very little success in attempts to secure more boxes for the local post office. This leaves new home residents in the most densely settled area of Parkland without postal service other than general delivery at the post office

Tompkins also urged that support be given the program worked out by the Tacoma post office with the county planning board for re-designating streets in this section. Under the plan, present east-west street names would be abandoned and the streets numbered consecutively from the Tacoma city limits of 96th street. Numbers would be carried out as far as 157th street (Military Road). The name Garfield street would not be changed and other short streets would not be re-designated. Northsouth street names would be relocated to correspond with Tacoma

This system, Tompkins urged, vould eliminate much present and uture confusion. The Business Club already has gone on record in favor of the proposal, which failed previously of adoption by the county commissioners, because of alleged cost. It is planned to bring up the proposal again soon, before the new poard of commissioners.

Referring to a previous local petition for a foot-carrier service in Parkland, Tompkins advised the mounted-route as a present objective. Sidewalks are almost a necessity to obtain house-to-house service by foot carrier, he said. A more modest aim has a good chance of success, he thought.

A motion was approved by the club, to sponsor petitions for the mounted-carrier service and to bring the matter before the Parkland Community Club for its support. H. E. Mobley was named to be a commit-

Tompkins said the recent reorganization of mail routes in and around Parkland was necessary to relieve the congested rural routes that had served the area and which over-expanded during the war years. He also stressed the importance of city zone numbers in addresses.

### Gifts for Yanks

By Amy Hunt Warmold Secretary Auxiliary Unit, Clover Creek Post 118, American Legion

Help us carry the Christmas spirit into the hospitals to turned to Washington where she was the veterans of World Wars I and II. We want to make this graciously received by the postmasa Happy Christmas for all hospitalized veterans. Once again it is our duty and privilege to carry on a "Gift for Yanks" program. You will hear over the radio and read in the papers that the aim of this project is to give a personalized gift to Church, Va., Philadelphia and Low every patient in every army hospital.

The writer suggests that you may have a few good white elephants about your home which would make a worthwhile gift. Nothing old or worn or second hand or soiled is wanted. For example, a new shirt or bath robe, pretty undies, or hose tribution of \$10 to its resuscitator you may have received last Christmas was too small. You laid fund from Loveland Ladies' Aid. it away in its wrappings—unwanted and unused. Why not bring this gift to be used in Rehabilitation work?

And remember. Your check and cash donation will help the workers to carry on.

Stationery (not air mail), new playing cards, toilet articles, nice loud-colored sox, bright neckties, jig saw puzzles (new and complete), bed jackets, new books, laundry bags, home of Mrs. George King of Pabedside bags, card table covers, soft candy, fancy soap, bath cific street, was postponed, due to robes, cigarets, and a thousand and one other things.

The women patients need handkerchiefs, hose, fancy pins and combs, toilet articles, sewing kits, stamped stationery, fancy work materials, cosmetics, pretty undies, gowns, apron their friends. The dinner was held material, and a thousand and one other gadgets are acceptable.

In this area there are American Lake Hospital, Retsil Hospital, Barnes Hospital, Orting Hospital, and Walla Walla ing the Friday evening performance. Hospital. Many of the patients are "forgotten" men and women. If it were not for the "Gifts for Yanks," they would have no Christmas. Many of these patients have no income and receive no compensation. They have no money to buy tooth paste, cigarets or stamps.

Cash donations are used to buy through "special service" at a remarkably low price. Subscriptions to magazines are arranged through the libraries.

Clover Creek American Legion Post 118 and the Auxiliary are placing boxes and jars in the stores about Spanaway for your convenience in helping our community to take part in this nation-wide drive to bring Christmas cheer to every man and woman in the army hospitals.

### NEW FORM NEEDED FOR INCOME TAX

Form W-2, withholding tax receipt, no longer can be used as an income tax return as in recent years, Internal Revenue Collector Clark Squire has announced. It is replaced by a new Form 1040-A, which must be filled in by the taxpayer, giving the necessary information for use by the collector's office in determination of the correct tax liability

Original copies of all withholding receipts received from employers must be attached to the completed Form 1040-A. which should then be filed with the collector's office. On receipt of the 1040-A, with attached W-2's, the staff will compute the tax, make any refund due, or bill the taxpayer if additional payment must be made.

All employers reporting employnent taxes to the collector's office have been furnished a supply of the new Form 1040-A. They may also be obtained from banks, post offices, and local internal revenue offices.

School's out! Then home again for a quick snack, and change of clothes. Then out again for come-what-may, probably rough and tumble exercise. So that mid-afternoon snack is an important one—not only the holdover until dinner time, it's really the wherewithall for that outdoor energy. It must be nourishing. Since it usually such a hurried affair, make it one to which Junior and Jill can help themselves—something like milk and cookies, for instance:

### TUTTI FRUTTI CRISPS

- 1 cup shortening
- cup molasses
- cups sifted all-purpose flour
- 1 teaspoon cinnamon teaspoon nutmeg
- cup chopped nut meats 3/4 cup chopped citron, candied 1½ teaspoons baking soda 1 teaspoon salt orange and lemon peels

Slowly melt shortening; cool. Add molasses and egg; beat well. Sift together flour, baking soda, salt, cinnamon and nutmeg; add to first mixture. Put raisins, nut meats and fruit peels through fine-blade food chopper. Add to batter. Drop by teaspoons 2 inches apart on greased baking sheet. Bake in hot oven, 425° F., 8 to 10 minutes, or until brown. Makes about 60.

### Firemen Are Euthusiastic Over New Equipment; Plan to Share Pleasure

Parkland Volunteer Firemen are at noon, chimney fire, no damage; giving preliminary consideration to plans for a department open house, to be held some time during De-

The firemen are proud of their equipment—"the finest of any of the county fire districts"-and are anxious to show it off to the people who have paid for it. If local residents will take an active interest in the department, the volunteer firemen will derive a greater satisfaction from the 35 to 40 hours they contribute to the department each

Recent additions to the department's equipment include a rebuilt tank truck and a hose-drying tower. The old No. 1 fire truck, that was used to pull a trailer with 500-gallon tank of water has been completely rebuilt by Harry Beitz, according to his design. The department is grateful to Beitz for his ef-

Upon the bed of the old truck, Beitz mounted a 500-gallon water tank. A pump is mounted at the front of the truck. Also carried are 500 feet of 11/2-inch fire hose and 200 feet of 1-inch hose on a live reel, plus spare parts for the two other trucks operated by the department. The truck that has been rebuilt will be used for brush fires and emergencies only. Three Parkland business men donated welding equipment used in construction of the truck tank and for other welding: E. J. Weber, L. B. Richardson and Jack Siler.

The recently-completed hose-drying tower is built of concrete blocks and is joined to one side of the fire hall. The tower is 30 feet high, 7 feet wide and 10 feet long. It will hold 2,000 feet of hose and has two landings for ladder drill. The siren is to be mounted atop the tower.

Other recent fire hall improvements include new racks for storing dry hose and finishing of the ceiling in the meeting room. Jim Brown is credited with a fine job in filling in around the fire hall and developing flower beds around the building.

### November 2 Vote Was Greatest in State's History

Casting the largest vote in the history of the State of Washington, 917,518 citizens went to the polls last November 2, Secretary of State Earl Coe reported this week as he announced the official ballot results from Olympia.

The total was 51,739 greater than the previous record set in 1944, but only 70 per cent of the registered voters cast their ballots, compared with 84 per cent in the last presidential election.

President Harry Truman carried the state by 89,850, over the Republican standard-bearer Thomas E. Dewey, and rolled up a total of 476,-165 votes to amass the greatest number of votes of any candidate on the ticket. In second place was Secretary of State Coe with 464,863.

Henry Wallace, the candidate on the Progressive ticket, received 31,-692 votes, but other candidates on his ticket ran below 20,000 votes.

"The total registration for the state was 1,304,406," Coe reported. "Figuring that 10 per cent of these registrants have died or moved away. gives us a vote of approximately 78 per cent, which is below the average for presidential elections," he

Jesse Leise, director of the Youth for Christ movement in Tacoma, will have charge of Sunday evening meetings at the Clover Creek Baptist church, December 12. Leise, who was a delegate to the International Youth for Christ convention in Switzerland this fall, will show moving pictures of his European travels during the B.Y.P.U. service. The Junior and Senior B.Y.P.U. will combine meetings to view the pictures and invite all adults interested to join with them. Leise will also be guest speaker at the evening church service. The Rev. William Clyde Rhea, pastor of the church, extends a hearty invitation to all to attend these services.

Members of the Moonlight Raiders 4-H Club received recognition for their work on projects of last year, at their meeting Friday, December 3, when Mrs. White, their leader, presented them with achievement pins. Larry Cox, Glen White and Ronnie Orsborne received pins for swine club; Eugene Cox, Howard White and Gary Susan for dairy club; Edward Roland and Ray Collier for poultry production; Charles Cox, Lamb raising, and Don Bolieu for garden club. The boys also planned their program for the coming year at this meeting.

ology department, checks a new "brain meter" apparatus that is being used on the campus for a study of brain injuries. The instrument charts

electrical impulses emitted by the brain cells and is providing data on

epilepsy, brain tumors and similar maladies. Largest of its kind in the Northwest, the equipment can measure brain waves from eight dif-

ferent parts of the head at the same time, through zig-zagging lines

on a graph, just as a seismograph charts earthquake tremors.
