

Local School Districts Seeking Voter Support

Bethel Growth Demands Funds To Run, Build

Bethel School District voters will be asked to approve a maintenance levy, and two building measures November 8 in order to meet the district's accelerated growth rate.

"September 1966 enrollments have shown the largest one year growth in district history, some 277 more students than a year ago," John Millroy, supt. stated. This swells the total enrollment to an all time high of 3,787 students, an 8% increase, and it is expected to continue.

Bethel Directors and school officials are proposing measures that will build approximately 40 classrooms and unrelated spaces at an estimated \$900,000 at current costs. The Bethel District must raise 40% in order to qualify for 60% state aid matching funds. The two building proposals, Propositions II and III, will accomplish this, school officials assure.

Proposition I is the annual millage levy to cover maintenance and operation costs during the 1967-68 school year. Estimated millage to raise a required \$190,000 is 16.2 mills on 1968 assessed valuation. The dollar amount represents a \$20,000 increase over the amount approved by the voters last year, and is needed to meet increasing inflationary costs and make program improvements. Passage is vital to the district's education, transportation, and building-grounds maintenance improvement programs, Millroy stated.

Proposition II would authorize a \$360,000 bond issue. This money, with the \$55,000

special levy fund of Proposition III, would be used as the local fund portion of the 1967-69 building program. Proposition III is a one year levy of an estimated 4.8 mills on 1968 property taxes.

Preliminary building program plans call for meeting elementary needs by an addition of six to eight classrooms at Kapowsin Elementary School, and the start of a replacement of substandard facilities at Spanaway Elementary School. Secondary needs would be met by constructing the first stage of a new junior high school on the district's new thirty-acre site in Spanaway, officials disclosed.

Parkland Lions Back Jr. Football

Parkland Lions Club at the Brookdale Inn, October 4th, heard President Dayle Collison announce approval of an agreement to sponsor the Little League Football Team from Parkland Elementary School.

Collison informed members the team of 25 boys would be uniformed and sponsored, but not controlled.

The team will be managed by Don Ulfers and coached by Sgt. Mack. Sgt. Mack has 14 years experience in physical education training.

The Little League is exclusively for youngsters between the ages of 9 through 12. All boys will play in the 6 scheduled games. Sportsmanship and other outstanding awards will be given.

It isn't only the small boys who get bitten by the Little League bug, business men throughout the area have donated over \$100 toward uniforms and equipment; and the kids are bringing Dads into the act. This is a hard combination to beat.

Women's CD Conference Tomorrow

The Pierce County Women's Civil Defense Council will hold their annual fall conference at Brad's Restaurant, 9201 Pacific Avenue, Tacoma, from 10 a.m. to 1 p.m. tomorrow to discuss "Communication and Shelters".

All women of Pierce County are invited. There will be a \$1.45 buffet luncheon following the business session.

UGN Seeks \$1,300 In Parkland

It's United Good Neighbor time in the Parkland-Brookdale area, where UGN campaign volunteers are canvassing business firms to Campaign time began this past week with an official Parkland - Brookdale Area kickoff meeting led by area chairman, E.D. Costantini. Among those in attendance at the meeting was James Gunderson, vice chairman of the UGN County Division.

Costantini, who reports enthusiastic progress being made toward the area goal, is being assisted by section workers, Chief E.R. Larson and Dave Keithly, Dean Haubrich, Mel Eagan, Bill Wilson, Jerry Dryer and Arthur Pedersen.

Teacher-Students

HAROLD E. JOHNSTON, right, audiovisual coordinator for Bethel School District, was one of two local teachers among fifty educators who completed an eight week summer institute on "Advanced Study in Educational Media" at Oregon State University. The program was planned to prepare persons who serve as educational media specialists in a single school building. Mary G. Pierce, audiovisual coordinator for Puyallup School District also took part in the institute.

County Police Beat Transient Arrested For Beating Boy, 13

A 53 year old transient was arrested for vagrancy and investigation of assault last week after being caught beating a 13 year old boy on the corner of Milwaukee and Valley Road near Puyallup.

Washington State Patrol Trooper Eugene Neunaker, who helped stop the one-sided fight, detained the suspect and called deputies after he saw the incident, Sheriff's Deputy John Shields reported. The suspect did not carry identification, and failed to show signs of employment.

The victim was treated by a Sumner physician for a split lower lip, headache, and bruises on his jaw and arms. The man, who weights 210 pounds, was seen striking the boy with his fists, Shields said. Neither the victim or suspect could give a reason for the attack, which was reported to be unprovoked.

Several irate citizens at the scene demanded criminal action be taken against the vagrant. He had been harassing the whole neighborhood by teasing and throwing stones at children, they told shields.

PARKLAND - Entertain-ment-minded burglars broke into Pochel's Appliance and TV early last week and stole nearly \$1400 worth of television sets, radios, and a stereo.

Taken were two 19" color Sylvania television sets, one Zenith Transoceanic portable radio, a dozen Motorola transistor portable radios, and a Sylvania stereo.

SPANAWAY - Thieves broke out a window in the home of Doris Ann Ash, Rt. 1, Box 1271, Spanaway, to steal \$217 in cash and property last week, Deputy Richard B. Melin reported.

Stolen were a .22 caliber rifle, 410 gauge shotgun, a .30 caliber U.S. Army carbine with 50-100 rounds of ammunition, a pair of binoculars, a grey AM-FM portable radio, two hunting knives, and a bag containing \$17 in change. The house was not ransacked, police stated.

Damage to the window was listed at \$20. Owners were not at home at the time of the theft, Melin said.

SPANAWAY - Two 18 year olds were arrested with a 19 year old companion recently for driving with defective equipment and junking without a license.

The youths were observed by State Trooper Ted Hewitt near the Roy Y driving a pickup truck loaded with scrap iron. When the trio saw the patrol car, they started dodging tactics, Trooper Hewitt said. After intercepting them, the trooper instructed the boys to proceed to the Spanaway Scale House.

When questioned as to where the metal came from, they gave officers several conflicting stories. They denied stealing the metal, but admitted they attempted to evade Hewitt.

Deputy R.A. Cartisser arrested the youths for junking without a license. Most of the metal was made up of used auto and truck parts, deputies said. The pickup truck was impounded pending investigation.

Fire Depts. Observe Prevention Wk.

A caravan of fire fighting equipment representing six fire districts paraded through the Midland - Parkland - Spanaway area Monday to kick off Fire Prevention Week.

Theme for the 1966 observance is "Fire prevention, not for a week but a lifetime."

Fire units representing Tacoma, Midland, Parkland, Spanaway-Elk Plain, Lacey, and McChord Air Force Base were escorted through the area by traffic units of the Pierce County Sheriff's Office.

Adding to the caravan were members of the Pierce County Insurance Association driving private cars.

The parade visited nearly a dozen schools. In a special arrangement with school officials, fire drills were held to coincide with the drive-by.

A similar parade of equipment was held in the western part of the county. Fire Prevention Week started Sunday, October 9, and will run thru October 15.

Commissioners OK \$16 Million County Budget

County commissioners approved a budget last week totaling \$16,261,196 up \$1,360,155 over last year.

The approved budget included all the county's \$521,753 surplus which has been kept year after year as an emergency fund.

County Budget Director James Gunderson said that two major items from last year's budget have been reduced or eliminated.

One is the million dollars of the Spanaway Park construction fund which was budgeted last year was spent on the project.

The other is the Economic Opportunity Program which accounted for \$175,000 in the county budget for 1966 and nothing for next year because the money is handled in a different manner this time.

Spanaway Artist Plans Show

Paul Chalk, Spanaway artist, will hold a one man show displaying 19 original oil paintings through October at the Brookdale Inn, 131st and Pacific.

The paintings have been shown previously at juried shows throughout the Northwest, Chalk said.

Ready For Paving

PAVING the Pacific Avenue to Polk Street section of the Puyallup Freeway was to commence Thursday or Friday according to the Lige-Dickson Company, prime contractors for the project. Construction is 80% complete as pictured above, and the contractors expect the section to be open to traffic by February 1, 1967. Photo courtesy of Tahoma Flying Service.

A. Keith Wins American Girls Boyish, \$223,000 Park Contract

SPANAWAY - Arvid E. Keith has been awarded a contract for \$223,190.26 for construction of residences at the Mount Rainier National Park headquarters, Congressman Floyd V. Hicks announced.

The 13 three-bedroom houses will be the homes of park employees when the park's headquarters is relocated at Ashford.

The contract was set aside for small business, Hicks said.

Summer Projects

MIDLAND - Over \$100 was made during the summer months for the Mary Bridge Hospital by the Midland Orthopedic Guild through the sale of aprons and fancy work.

The group meets the first Tuesday of each month at the Midland Improvement Club. Those interested in working with the Guild are invited to attend.

Hundreds Take Part In Jr. Poultry Show

PUYALLUP - Hundreds of 4-H and Future Farmers of America youths participated in the 21st annual Washington Junior Poultry Exposition Friday and Saturday at the Puyallup Fairgrounds with winners announced Saturday evening at an awards banquet at the East Junior High School.

Pierce County team composed of Karen Kaiser of Puyallup, Jim Bennett of Spanaway and Dan Berry of Puyallup won first place in the junior 4-H division of poultry and eggs.

Highest scoring 4-H members in the junior judging division included Karen Kaiser.

The FFA grand champion dozen white eggs went to Randy Spear of Eatonville High School, Loren Clark of Fife High School took home reserve honors.

The grand champion dozen brown eggs award was presented to Byron Coburn of Eatonville High School. His brother Byron received reserve honors.

"Project Recordbook" champion was Loren Clark. Reserve winner was Don Roderrick of Franklin Pierce High School.

The top five school teams in the FFA judging contest included Fife and Eatonville. Loren Clark was among the five highest scorers.

Egg grading banners went to Franklin Pierce and Fife High School teams. Fife also placed in the grading market birds division and Eatonville received honors for their judging of production birds.

Sitting and showing contest - a demonstration to prepare a bird for showing - was won by Loren Clark.

The 13 three-bedroom houses will be the homes of park employees when the park's headquarters is relocated at Ashford.

The contract was set aside for small business, Hicks said.

FP Principal Cites Need For High School

Double-shifting and a loss of accreditation face Franklin Pierce High School in the near future if the enrollment continues to grow, according to William Whitesel, principal.

The school's enrollment up to 1452 this fall, is nearly 50 per cent more than it was five years ago and is 230 over the ceiling called for in state standards, Whitesel stated.

The school could begin operating in two shifts next year, he said, but will definitely be ready to double-shift the following year.

"We're out of classrooms and the ones we have are just about completely filled. We just can't cram many more students into this school at one time," he said.

"We're facing the possibility of losing our accreditation if we get many more students," Whitesel said. When our class load per teacher gets too much above 150 we lose our accreditation. We've already been warned.

"We have already run out of space in several areas of the curriculum," Whitesel said, "and we've had to import teachers from the junior high school to take over one or two classes each that have been formed with the overflow from regular classes."

He said that, while the overall class average size is still below 30, many classes, especially in the social studies area, are more than 30 and a couple are even at the 40 level.

Both large study hall areas are nearly overflowing. Both enroll some 100 students in rooms designed for about 75.

Increased enrollment necessitated the construction this summer of a new science classroom. Another science teacher comes from the junior high school to teach an extra class. Another music teacher is also there for an extra period a day, and the agriculture classes now require two teachers in the same shop area. There is an extra teacher in foreign language, too.

Even the special education classes have expanded, Whitesel said. Two years ago one teacher handled the students in a combination classroom and community work experience program. Now, he said, three teachers are handling the load.

In the gym three teachers have full classes of sophomores in facilities designed for two. And next year it will be necessary to add a fourth class.

"The teachers themselves are feeling the pressure," he said. "Several of them have to share classrooms with other teachers, traveling to a different classroom each period of the day. We have almost twice as many business education

teachers as we have classrooms for them. It becomes increasingly difficult to teach such classes because we need business machines in most of the rooms."

Even at lunch time the strain is apparent, Whitesel said that though the school has operated three lunch periods a day for several years, the situation has now reached a point where there is not nearly enough seating room in the cafeteria.

"The only solution, as I see it," the principal said, "is for us to build another high school. But even if the \$995,000 bond issue on the November ballot passes, it would be another three years, at least before any additional building could be used. By then we expect to have over 1,800 students crammed into this one school."

Drainage Dist. Posts Up For Vote

PARKLAND - The regular bi-annual election of Drainage Improvement Districts #19 and #14 to choose a commissioner for a four year term will be held Tuesday, November 22, at the Midland Fire Station.

Anyone interested in filing for the position is asked to contact the clerk of the board Lois Johann at 9720 Portland Avenue before Friday.

Eatonville Lions Push Public Park

EATONVILLE - Plans for a public park are underway under the leadership of the Eatonville Lions Club reported President Lester Butts.

The new park will adjoin Eatonville cemetery on 1.65 acres deeded for public park purposes by the late T.C. Van Eaton many years ago. Land is being cleared and made ready for top soil.

"The success of the park project will depend entirely on the degree of support obtained from townspeople and from town organizations," stated Butts. "This cannot possibly be a one organization project."

Mayor John Swanson has appointed Planning Commission chairman Mrs. Ray Treadwell, Councilman Martin Kilian and Lion member Vincent Agostinelli as a Park Commission to organize the effort.

PETER WAKLANDER (right) learns about American customer service by assisting Mike McGowen load groceries into a customer's car. Most Swedish markets do not carry groceries from the check stand to the customer's car, Waklander stated.

BILL HUNTINGTON'S

HOT LINE

Marv Tommervik of Parkland Fuel Oil Service, 120th & Pacific Ave., explained to me last week their 3-in-1 service. The 3-in-1 stands for Installation, Service and Delivery. All departments are under one roof. A home owner can pick out the oil furnace of his choice from the selection at Parkland Fuel Oil and have them install it. Their service department will then keep the unit in good working order. Of course to keep your home warm you must have fuel you guessed it they will deliver Standard Heating Oil and keep your tank full of fuel (try saying that real fast three times). Marv also showed me an interesting article about the economy of oil heat. The article, taken from a report by representatives of the Public Housing Administration, states that "Oil heat can deliver more therms per dollar than any other fuel. Now if you want to find out what a therm is give Marv a call at LE 7-0256. ***

Jennings Cafe located 11 miles East of the Roy "Y" on the mountain highway, is now under new management. Vernon & Pat Bates are the new operators and of course the new name of the cafe is "PAT'S". For you hunters PAT'S will be open all night Friday and Saturday and for the family free chow for children under 6 Monday and Thursday nights these two nights are family nights.

Pioneer 4-H Club will hold an organization meeting at 8 o'clock this evening at Graham Frontier Park for any boy or girl interested in becoming a 4-Her. b

Projects which are available include dairy, livestock and cooking.

Editorial

It WILL Reach You

The war on pollution of our air and water resources may seem far away today -- but before the next decade passes, the restrictions to protect the public from its own filth will reach into every home and every life in the Northwest. If they do not, we will have lost the war.

Because the industrial sources of pollution are the most dramatic examples of the way we are destroying our environment, we tend to forget that much of the problem emanates from our daily private lives.

Every time we wash clothes or dishes, start the car, burn the trash, start the furnace or commit any one of hundreds of other mundane acts, we are contributing to the general problem.

A conservationist speaking in the Valley last week told how the accumulation of detergent in Clear Creek is destroying a trout farm there. Even under controlled conditions, the detergent is so strong it is removing natural protection from the fish and subjecting them to fungus and other infections.

Anyone who ever has driven behind an oil burning car, particularly in a slow traffic area . . . anyone who has had to poke along the crowded freeway at the rush hour . . . anyone who has been trapped by traffic in a tunnel knows that it won't be long before you won't need a length of hose to "end it all" in the family vehicle. Even for pedestrians the time is coming when three deep breaths will be tantamount to suicide.

It's hard to say whether the claim is valid that automobiles create 50% of our air pollution. It sounds like a defensive statement. But there is no question that automobiles, poorly tuned furnaces and trash barrels together are a major source of general air pollution.

And if the problem is noticeable now, add 600,000 people to our state. Give us nearly a half million more automobiles, a quarter million more furnaces, a hundred thousand more fireplaces. Rev up 50,000 more outboard motors, chain saws and motor bikes. Can you even imagine the column of smoke?

So what will be done? You won't be allowed to have a faulty auto exhaust any more than you are allowed faulty lights today. Your chimney will have to quit smoking or you'll have to fix your furnace. You won't be able to burn the old linoleum and rubber boots in your backyard. Special detergents or special disposals will have to be provided.

The war is going to disrupt your life. So disrupt it right now and go after the immediate and obvious sources of pollution. Help to insist that these things be done. This is a fight you CAN'T stay away from.

Coming Events

HUNTER'S BREAKFAST sponsored by the McKenna School P.T.A. will be served the opening weekend of hunting season. Saturday, Oct. 15, the PTA group will start serving at 4 a.m., and continue until midnight. Sunday they will serve from 4 a.m. until 2 p.m. Ham, eggs, and hotcakes are on the menu. The school is located on Highway 597, three miles east of Yelm. ***

RUMMAGE SALE will be held October 18-19, 9 a.m. to 4:30 p.m., at the James Sales Grange Hall, 113th and Park Ave. The event is sponsored by the Sylvia Storaasli Orthopedic Guild, and is for the operation and maintenance of Mary Bridge Children's Hospital in Tacoma. ***

BOOSTER NIGHT at 8 p.m., Tuesday at the Riverside Valley Grange, north of the Puyallup River. The event will feature slides from many European Countries to be shown by Lee Kramer. Refreshments will be served. Everyone is invited. b

BOOSTER NIGHT for the Collins Grange will begin at 8 p.m. tomorrow at their hall, 34th Avenue and 120th Street. A special program has been planned by Lecturer Clara Heindselman to acquaint the public with the Grange activities. Home economics chairman Freda Osborn is planning the refreshments and social hour. ***

BUFFET SUPPER and BAZAAR by the Ladies Aid of Roy Congregational Church will be held 5 to 7 p.m. Friday, October 14 in Rebekah Hall in Roy. ***

Job Corps Camp To Host Women Voters

The Cispus Job Corps Camp at Randle will host the Tacoma-Pierce County League of Women Voters on Saturday and next Wednesday according to president Mrs. Gilbert J. Rice, Jr. b

The trip is to enable members to see the operation of one of the projects related to the League's program item on the development of human resources. All leagues in the United States are currently engaged in a continuing evaluation of national policies and programs to provide for all persons equality of opportunity for education and employment, according to Mrs. Ione Munro, local director of the League's human resources program.

The Cispus Job Corps is part of the national effort to fight poverty. It provides basic educational and job training for boys between the ages of 16 and 21 who are recruited from all over the United States.

Following a tour of the camp, League members will hear a lecture by Cispus Job Corps director Larry Fellows on the educational methods and facilities and accomplishments of the camp. Time will be allowed for questions and answers.

A cavalcade of private cars will assemble at 112th and Pacific Avenue at 8:45 a.m. on both tour days. Anyone interested in going may phone the League office, BR 2-1495.

Peace Corps Placement Test Set

Area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 9 a.m. Saturday at Room 407, Federal Building, Tacoma. b

The Peace Corps uses the Placement Test to determine how an applicant can be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The Placement Test requires no preparation and is non-competitive -- an applicant can neither pass nor fail. The application form, not the Placement Test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D.C. 20525.

The Placement Test takes about an hour and a half.

PARKLAND AMBULANCE
 24 HOUR SERVICE
 LE 7-3322

BY JOHN VANDEVANTER

Well, if that isn't a WOMAN for you . . . "who's ahead?" . . . this is the World Series and records are being broken quicker'n a smoker's will power . . . talk during the commercials if you HAVE to, but don't come on with this "who's ahead?" stuff.

The score is 1 to 0. But you're missing the significance. That "1" was a home run and if the game ends this way, it will be the first time in history that two consecutive world series games were won 1 to 0 on home runs. But, more important than that, the Dodgers have tied the record for the longest scoreless string in wor. . . . shhhh . . . he's going to tell us about Drysdale's home run record . . .

No, he hasn't HIT any. But Robinson's homer just tied him for the most world series homers given up by a pitcher . . . it was his eighth. Not in ONE series, mind you . . . HEY, quiet the kids down . . .

No, Dear, the Dodgers AREN'T doing too well. In fact, they probably will set a record for the fewest hits and fewest runs in a world series, the most losses in a town that never had a world series before, the fewest pinch hitters and relief pitchers used against them and . . . uh, let's see I had it right here . . . did you see the envelope I had here with the . . .

Now, the Dodgers lost the first three and if they win the series, it will be the first time in history that a team has lost three and won the last four. Of course, when you consider the Dodgers were shut out seventeen times . . .

Of course it doesn't seem important to YOU. You don't follow the game. When Willie Davis dropped two flies in a row and made a bad throw you felt sorry for him, but you didn't REALLY know what he'd done . . . three errors on two pitched balls for a series record. He also broke the record for errors in one inning, errors by an outfielder, dropped flyballs, self-incrimination and four-letter words. And YOU wanted to know if they'd let him PLAY any more. Say, did you happen to get the number of that player in the bullpen?

Well, I'm not sure, but I think it's a record for the fewest times in a series that the Dodgers have had a right hander in the bullpen before the seventh inning.

Okay, You DID it. If this game ends the series you have set a record -- the most times to ask me who's winning in a four-game series. But I'm not going to let it embarrass me.

Sooner or later the announcer is going to TELL us who is winning and then I'm going to write it down. Bring me another envelope . . . I think that's an envelope record for a series that ends in an American League city, but I'll have to check . . .

Franklin Pierce Board To Meet At Central Ave.

Central Avenue Elementary School, East 104th Street and Bingham Ave., will host a special meeting of the Franklin Pierce School Board 8 p.m., October 25.

The meeting is one of several scheduled at elementary schools to acquaint both the board and the public with progress of school programs. Topic for discussion will be the district outdoor education school held annually at Pilgrim Firs Camp.

Obituaries

Nancy C. Gott
 Services for Nancy Colleen Gott, 13, daughter of Mr. and Mrs. Leonard K. Gott, of Rt. 1, Box 3072, Spanaway, were held Friday morning at Spanaway Methodist Church.
 Rev. Gordon Harrison officiated. Burial was in Fir Lane Memorial Park under the direction of Dryer Mortuary.
 Miss Gott died last week in a hospital following a long illness. She was born in Topeka, Kan., and had lived in Tacoma seven years. She was a member of Spanaway Methodist Church.
 Besides her parents, she is survived by two sisters, Mrs. Linda Storemont, of Kent, and Miss Candace Lee Gott, of the home; and grandparents, Mr. and Mrs. K.L. Gott, of Topeka.

Bernard X Corbin
 Saturday afternoon services at Trinity Lutheran Church were held for Bernard Xavier Corbin, 64, of 1225 South 121st Street, Tacoma.
 Pastor Erling Thompson officiated. Burial was in Trinity Lutheran Cemetery under the direction of Dryer Mortuary.
 Corbin died last week in a hospital after a long illness. He was born in Oak, Neb., and moved to Tacoma 54 years ago from Tekamah, Neb.

Corbin was a retired clerk at the Boeing Company.
 Survivors include his wife, Irene B.; two daughters, Mrs. Jeanette Synakowski, of Tacoma, and Miss Barbara Corbin, of the home; a sister, Mrs. Virginia Winfrey, of Memphis, Tenn.; and two grandchildren.

Wilson F. Koop
 Services for Wilson F. Koop, 89, of Eatonville, were held Tuesday afternoon at Mountain View Garden Chapel.
 Rev. M.E. Nesse officiated. Cremation and inurnment followed.
 Koop died last week in a hospital. He was born in Saint Marys, Ohio, and moved to Eatonville in 1926. He was a retired carpenter.
 Surviving are a brother, Allen C., of Saint Marys, Ohio; a sister, Miss Fredonia Koop, of Saint Marys; and a niece and nephew.

Sheila Mae Norwood
 Services for Sheila Mae Norwood, 48, of 7652 South Park Avenue, Tacoma, were held Tuesday afternoon at Mountain View Garden Chapel.
 Rev. Don Jackson officiated. Burial was in Mountain View Memorial Park.
 Miss Norwood died last week in a hospital. She was born in National, Wash., and lived here most of her life. She was a member of the Baptist Church.
 Surviving are her father, John W., of Tacoma, and several cousins.

Gals Best Guessers

Last week's Best Guesser contest contained a couple of boo-boos that were real beauts. Somehow, we managed to get Oregon State and Rice in the same game, which is fairly hard to do seeing as how they played in stadiums about 1400 miles apart. Then we gave you two chances to pick the Orting, Eatonville game ... and about 75% of you took full advantage of the goof. Not to be outdone, we then matched SPU with Eastern Washington ... whoever that is. Oh well, upward and onward ... give this week's selections a try and see if we didn't

st of you guessers stubbed your toe on last week. New York squeezed by ego, Oklahoma managed to top mighty Oregon upset the apple cart by edging Stan and Cal was whitewashed by San Jose. This week's winner, Carolyn Balmer, was tripped up only by the Oregon victory. Her other misses were Tahoma over Fife and Eastern Washington over UPS. That makes two weeks in a row for the gals.

Taking a look at local action, we managed to escape unscathed last week, bringing our season record to a respectable 22-5 slate and an .815 batting average. We'll fix that right now ... after all, who else do you know that picked the Dodgers in 5 games?

Franklin Pierce travels to Kent for what should be a whale of a ballgame. The Royals, no doubt, were looking past Highline last week when the Pirates upset them 7-6. Nevertheless, we like Kylo's horses. He's got a young club that likes to win. CARDINALS 14, ROYALS 6.

Puyallup returns home to host Federal Way, a new school in the Puget Sound League. Before the game is over, the Eagles will wish they had never left the nest. VIKINGS 27, EAGLES 0.

The Sumner Spartans return to the friendly confines of their home park after being dumped 19-0 by North Thurston. Peninsula has the dubious honor of welcoming the smartin' Spartans ... and believe me, it's gonna be a rough welcome. SUMNER 26, PENINSULA 0.

After finally hitting the win column, Fife's Trojans will host Enumclaw in what should be a donnybrook. The Hornets are tough, but we think the Trojans are tougher. Upset special of the week ... FIFE 12, ENUMCLAW 7.

It looks like the Cruisers of Eatonville cleared away all the timber between them and the crown by edging Orting last week. White Pass comes to town and the reception committee isn't exactly what you'd call friendly. EATONVILLE 19, WHITE PASS 7.

A frustrated bunch of Cardinals from Orting will make Tenino wish it had taken up knitting instead of football. ORTING 27, TENINO 0.

Bethel gets a week off to regain its composure after two soul shattering defeats. The Braves are going to have to find a bigger tomahawk in order to get back on the winning side of the ledger.

Cardinals, Cruisers Continue To Win

Bethel Braves Bounced 34-6 By Hornets

Eatonville's Cruisers, labeled as solid favorites to capture the Eastern Division Championship of the Central League, after their 13-6 triumph over Orting, entertain White Pass Friday night at Eatonville.

With two stubborn defenses rocking each other, both offenses found it difficult to score. Eatonville's initial TD came on a 12 yard run by Don Rose on the first play of the second period. The Cards tallied on a 34 yard strike from Nick Aaron to Ron Schrader in the third quarter. On the final play of the tight contest, Cruiser field general Rick Hermesen trekked into the end zone from six yards out to pad their margin of victory.

The win elevated the Cruisers' record to 4-0, while the losing Cards saw their slate diminish to 3-2. The Cards travel to Tenino in an attempt to get back on the win trail.

Cardinals--Warriors

In a rematch of the 1965 PSL Championship Game, the Franklin Pierce Cardinals travel to Kent Friday night to face the Royals, who subdued them 19-14 in last season's classic.

Having trampled over the Clover Park Warriors in their PSL Southern Division opener, 28-13, the Cards brought their season slate to 4-0, and tabbed them along with the Puyallup Vikings as favorites to take the Southern Division crown.

Paced by the running and passing of quarterback Glen Hadland, who scored on a 35 yard run and passed 8 yards to Gary Stevenson for another score, the Cards completely dominated the Warriors.

While Franklin Pierce won last week, the Royals were dumped for the first time this season by the Highline Pirates, 7-6. The loss dropped the Royals' record 3-1.

Braves--Hornets

Bethel's Braves will get an extra week to recuperate before returning to the Seamount League gridiron wars after absorbing a 34-6 loss at the hands of the Enumclaw Hornets.

John Ziltener scored three times to ignite the Hornets to victory. Two of his scores were on pass receptions from quarterback Gordy Gundersen, who also threw another scoring strike.

The loss dropped the Braves season slate to 1-3, and it was their second setback in the Mount Division. With the win, Enumclaw's overall record became 2-1 and it brought their record in the Mt. Division to 1-0.

Vikings--Trojans

With one league victory to their credit, the Puyallup Vikings play host to the Federal Way Eagles Friday night in what will be the first meeting ever between the two schools.

Opening league play with a 14-0 conquest of the tough Auburn Trojans, the Viks will be heavily favored to whip the thrice beaten Eagles.

After two good drives in the first period, both of which were stifled by the Trojans' stout defense, the Viks and the Men of Troy played on even terms until the waning moments of the third quarter. Auburn then lost a fumble on their own 27, and five plays later Vik quarterback Dave Graham nudged over from the one yard stripe. The Norsemen of Coach Jerry Redmond capitalized on another Trojan miscue, as they drove 38 yards in 9 plays after the recovery of a fumble. Roy Bogrand got the tally by grabbing a five yard strike by Graham. Rick Hahn converted both PAT's for the Viks.

The victory brought the Viks' record to 4-0, and 1-0 in PSL Southern Division play.

Federal Way recorded their initial triumph in the PSL by dumping Mt. Rainier 28-6. However, they may be hard pressed to score against Puyallup's staunch defense which hasn't been scored upon since Renton's lone TD in the season's opener.

Trojans--Bears

Fife's Trojans play host to the Enumclaw Hornets Friday night, riding on the crest of their initial win of the 1966 season, a 13-6 conquest of the Tahoma Bears.

After a scoreless first half, the Bears drew first blood when Dave Abbey returned a pass interception 35 yards for a TD.

However, Fife came back in the fourth quarter when Gene Hanson scored on a 20 yard jaunt following a Trojan interception at the Bear 34. Fife's PAT attempt failed and the score remained 6-6. With Tom Merritt chewing up yardage, the Trojans scored again 1:25 remaining, as Merritt cracked over from six yards out.

CARDINAL fullback Don Fisher (33) finally corrals Cruiser quarterback Rick Hermesen (13) after a keeper play netted 3 yards.

CRUISER END Don Fisher (81) picked up 8 yards on a short swing pass from Rick Hermesen.

FINGERTIP GRAB. Orting fullback Don Terry (33) made a sensational catch of this sideline pass thrown by quarterback Nick Aaron. The completion was good for a 1st down and enabled the Cardinals to keep a drive going.

Knights To Meet Bobcats

The Pacific Lutheran University Knights will return to Northwest Conference football competition this week when they travel to Caldwell, Idaho to take on the College of Idaho Saturday afternoon. The Knights lost their sole NWC game this season to Linfield, 21-0; and the C. of I. Bobcats have lost two league tilts, the last one to Linfield by a 50-6 margin.

The PLU club, which lost to Western Washington 26-13 last Saturday at Bellingham, hope to have the services of senior quarterback Tony

Lister this week. He saw limited duty against Linfield and did not suit up for the Western game because of a strep throat infection. Also missing last week was defensive starting end Oliver Johnson who has been hobbled with a bad ankle. He may be ready Saturday.

Next home game for the Luthers will be Oct. 22 when they meet the Whitman College Missionaries in a NWC game. This will be the annual homecoming game and will start at 1:30 p.m. at Franklin Pierce Stadium.

Bethel, Sumner Game Reset

The Bethel - Sumner Seamount League football game has been rescheduled for Thursday, October 20, school officials announced early this week. Kick off time will be 8 p.m. at Art Crate Field.

- FIREMAN - Grover Ramsey 512; Wayne Brink 202.

WHY HUNT? I've been asked this from time to time and one of the best answers I've ever seen is the following description of an opening day, written by an outdoor writer friend in Nebraska, Bob Munger.

If you've never experienced it, you'd never believe how noisy the woods become at dawn, an incredible chorus of chatter and song and scamper and rustle.

I had an opportunity to enjoy this song of the wild last weekend while sitting on a plank nailed in a tree that was to serve as a hunting stand for deer. I got to my stand while it was still dark, although the sleeping sun was just beginning to peek through the curtains of morning, and the woods were perfectly still.

A few minutes later, first light began to steal through the trees, and although it was too dark to distinguish much more than vague shapes, the woodland creatures began to salute the rapidly arriving day.

It was so still a squirrel in the top branches of a nearby tree dropped a walnut and it sounded as if a dinner plate had been thrown into a stack of tin cans. An owl slept past my tree with whippers in his wing feathers and it seemed like a jet airplane had just landed. Chickadees chirped inches away from my head; squirrels barked insults at

one another like a bunch of tenement - dwelling housewives; and the wind began to rustle the leaves of a nearby tree with a noise like a newspaper being crumpled.

As the sun continued to climb, the noises diminished, or perhaps were smothered by repetition and when a young two-point buck stepped out into the meadow a hundred yards away I saw him rather than heard him.

A heartbeat later I had collected my deer for the season, along with a string of memories that would have to stretch for an entire year. But not among the least of these was the incredible experience of listening to a woods come alive with the dawn.

ONE OF the biggest days of the hunting-fishing year is the opening of the general hunting season, Oct. 15.

Pheasants, deer and waterfowl become fair game this day and since all open the same day, just about everyone who likes to hunt, regardless of his favorite game, has reason to be afield. The only bigger day is the opening of the lowland lake fishing season each April.

Some hunters, who like to hunt all types of game, object to the opening of everything at once. But if we had separate

Silvers Show Big Increase

A lucrative and sporty silver salmon success story is being written in Washington waters by abundant runs of silver (coho) salmon with the story now approaching its climax.

This abundance, being harvested by both commercial and sports salmon fishermen, is largely due to the continuing successful production of silvers in state salmon hatcheries, Thor C. Tollefson, Director of the Department of Fisheries, said today.

openings, the pressure opening day on each species would be so great, it would be almost impossible to hunt in some areas. The crowds in some parts of our state are too big as it is on opening day.

But our state is large and seasons of one kind or another run from September into the following January. There are still many places where hunters who like a little solitude can still find it.

Tree Farms To Host Hunters

Weyerhaeuser Company will host thousands of hunters on its Western Washington tree farms again this fall, beginning with the opening of the general deer season on Saturday, October 15.

Special hunter maps showing public and tree farm logging roads and outlining State Game Department management units will be available in each tree farm area. They also indicate areas open to hunting throughout the season and those which can be opened only on weekends because of active logging operations.

Grange Challenge To Granger Of Month

When Fox Island Grange 997 was organized Oct. 17, 1931, in Shelby Hall, Fox Island, by Fred J. Chamberlain of Puyallup, Frederick H. Nichols challenged the newly-elected master, E.J. Erickson, that he would buy him a big dinner if the Grange lasted the year out. Master Erickson accepted the challenge, but did better than that. With his wife, Theodosia (better known as "Doshia"), Erickson kept the Grange on its toes for 20 years while he served as master. When Fox Island Bridge was dedicated in August 1964, Erickson spoke for the Grange at the ribbon-cutting ceremony. It was a big day for the islander. He had worked many years promoting the building of that bridge linking the island with the Peninsula mainland. As a result, Fox Island Grange became part of the Peninsula Pomona Grange and Erickson was elected Pomona

do general contracting. He became the last pursuer on the Fox Island ferry, retiring along with the venerable craft when the island bridge was opened. He then had more time to devote to his Grange and community. In November, 1961, he became a deputy state master under State Master A. Lars Nelson. For many years he was secretary of the Grange Credit Union and was a Grange Insurance agent for more than 30 years. The Ericksons are not as active now, but they attend local Grange affairs and never miss a state convention. They are members of the First Congregational Church of Fox Island and he is a charter member of the Fox Island Masonic Club and a member of John Paul Jones Masonic Lodge, Gig Harbor.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SUBSTITUTE SENATE JOINT RESOLUTION 6 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

ELECTION OF SUPERIOR COURT JUDGES

Shall Article IV of the state constitution be amended to provide that where only one candidate has filed for a superior court judge position in a county of 100,000 or more inhabitants, or where after a contested primary in any county only one such candidate is entitled to appear on the general election ballot, certification of election shall issue to such candidate without a further election, unless a write-in campaign is to be conducted?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 43; Nays, 1; Absent or not voting, 5. HOUSE: (99 members) Yeas, 91; Nays, 4; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The state constitution now requires that superior court judges be elected at the November state general election, when other state officers are elected. This is true even where only one candidate has filed for a superior court position, or where after a contested September primary election, held pursuant to statute, only one such candidate is entitled to appear on the November general election ballot because he has received a majority of the votes cast at the primary election for the particular judicial position.

Effect of Substitute Senate Joint Resolution No. 6 if approved into Law:

The proposed constitutional amendment would provide that (1) where only one candidate has filed for a superior court judge position in a county of 100,000 or more inhabitants, or (2) where after a contested primary in any county only one such candidate is entitled to appear on the general election ballot, certification of election shall issue to such candidate without a further election, unless a petition is filed within ten days after the date of the primary indicating that a write-in campaign is to be conducted.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT RESOLUTION 22 PART 1 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

ESTABLISHING COMMON SCHOOL CONSTRUCTION FUND

Shall Article IX, section 3, of the state constitution be amended to establish a common school construction fund to be used to finance common school construction, with funds to be derived from (1) certain proceeds from timber and other crops from school and state lands, (2) certain interest, rentals and revenues from the permanent common school fund and from lands devoted to the permanent common school fund, and (3) such other sources as the legislature may provide?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 44; Nays, 1; Absent or not voting, 4. HOUSE: (99 members) Yeas, 84; Nays, 8; Absent or not voting, 7.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the state constitution as adopted in 1889 there exists a fund known as the common school fund. The primary sources of this fund include money obtained (1) from the sale of lands and other property granted by the federal government to the state for the support of its common schools, and (2) from the sale of timber, stone, minerals or other property from those school or state lands which have not been granted to the state for some specific purpose.

The present constitutional provision declares that the principal of the fund shall remain permanent and irrevocable. It permits interest accruing to the fund, as well as rental or other revenues derived from lands or other property devoted to the fund, to be used for current support of the common schools. However, neither the principal of this fund nor any of its income can presently be used to construct school buildings or other school facilities.

Effect of Senate Joint Resolution No. 22—Part 1—if approved into Law:

If this constitutional amendment is approved, the principal of the common school fund as the same existed on June 30, 1965, will remain permanent and irrevocable. The fund will continue to receive money from all of its former sources except certain of them which will become sources of a new fund. This new fund will be known as the common school construction fund and will be available to be used for financing the construction of common school facilities. The sources of this new fund will be (1) the interest accruing on the permanent common school fund from and after July 1, 1967; (2) all rentals and other revenues obtained from and after July 1, 1967, from lands and other property presently devoted to the permanent common school fund; (3) certain proceeds from the sale or appropriation of timber and other crops from school and state lands subsequent to June 30, 1965; and (4) such other sources as the legislature may direct.

The proposed amendment further provides that the first of these four sources, the interest accruing on the permanent common school fund after July 1, 1967, may be used only to pay off such bond issues as may be authorized by the legislature for construction of common schools. The remainder of the new common school construction fund may be used for direct financing of common schools.

Lastly, the amendment provides that in the event there should be moneys in the common school construction fund in excess of amounts needed to fulfill its purpose, they shall be available for deposit in the permanent common school fund or for current use of the common schools as the legislature may direct.

Ohop Grange To Air 25% Assessments

EATONVILLE - There will be a meeting at the Ohop Grange Hall for the general public at 8:00 p.m. today for discussion of "a realistic and attainable 25 per cent property tax assessment limit."

The speaker for the evening will be Norman R. McDonnell, who will speak for the Pierce County Committee of Citizens for the 25 Per Cent Amendment.

M. L. Gunnarsen, Pierce County chairman for this committee, has stated that all citizens of the county should be vitally interested, for if this amendment does not pass, the 1967 legislature could double property taxes.

This is the only meeting so far that has been scheduled for this area and hope is expressed that citizens from all the surrounding areas will attend.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT RESOLUTION 20 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

REMOVING LIMITATION ON LAND OWNERSHIP

Shall the limitation on the ownership of land in the State of Washington by certain noncitizens be removed by repealing section 33, Article II, as amended by Amendments 24 and 29 of the state constitution?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 42; Nays, 1; Absent or not voting, 6. HOUSE: (99 members) Yeas, 94; Nays, 0; Absent or not voting, 5.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

There remains in our state constitution a limitation on landownership by certain noncitizens who have not made a declaration of intention to become citizens of the United States. However, the constitution presently permits some noncitizens (including nonresidents) to own land:

- (1) If acquired by inheritance, mortgage foreclosure, or in the ordinary course of justice in the collection of debts;
(2) If acquired by a corporation;
(3) If the land contains certain mineral deposits, or is necessary for mills and machinery to be used in developing those minerals and in manufacturing products from such minerals;
(4) If the landowners are Canadian citizens of provinces which do not prohibit the ownership of provincial lands by citizens of Washington state.

Effect of Senate Joint Resolution No. 20 if approved into Law:

The passage of the proposed amendment would remove the limitation on landownership by noncitizens.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT RESOLUTION 22 PART 2 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

INVESTMENT OF PERMANENT SCHOOL FUND

Shall Article XVI, section 5, (Amendment 1) of the state constitution, restricting investment of the state's permanent school fund to national, state, county, municipal or school district bonds, be amended by removing this restriction and thereby permitting the permanent school fund to be invested in such manner as may be authorized by act of the legislature?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 44; Nays, 1; Absent or not voting, 4. HOUSE: (99 members) Yeas, 84; Nays, 8; Absent or not voting, 7.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Article XVI, section 5 (Amendment 1) of the state constitution presently restricts the state in investing money in the state permanent school fund (derived from the proceeds of leases or sales of lands granted to the state by the federal government at the time of statehood for the support of public educational institutions) to investments in national, state, county, municipal or school district general obligation bonds.

Effect of Senate Joint Resolution No. 22—Part 2—if approved into Law:

The proposed constitutional amendment would eliminate this restriction. Additionally, it would expressly permit the permanent common school fund to be invested in such manner as may be authorized by act of the legislature.

Barbara Ryan Cites Support From Governor

Barbara Ryan, candidate for 25th District representative, Position 1, this week cited support from Governor Dan Evans in her bid for votes in the general election.

"You have my personal support and whatever assistance that my office and I can give you in the weeks between now and Nov. 8," she quoted the Governor as writing her recently.

"It is obvious he needs legislators in Olympia who will aid him in carrying out his blueprint for progress for a better state and 25th District," she said.

"In the area of soil, air and water pollution, regional boards should be established to set standards which will keep our state a good place to live and prosper.

"The critical conditions which exist today at Rainier State School in Buckley are a result of the legislature's failure to make adequate appropriations two years ago. Improvement of this shameful situation should be the first order of business in the 1967 legislature.

"Our state is in a unique position because available jobs are increasing at a far greater speed than our population. Industry has an urgent need of trained workers. Through expansion of our high school and technical school vocational programs we can meet the needs of industry and of our young population. "State support for public schools should be maintained at a level which would provide

by John VanDevanter

If Fritz Geiger wins reelection to his commissioner's post in November, it will prove at least one of two things which the thoughtful voter must hope are not so—either the majority would rather see ANY Democrat in the office than a Republican or they are voting on name familiarity without regard to existing conditions.

No one familiar with the situation expects Fritz Geiger to serve another term as commissioner. There are some who don't think he'll even complete his present term. But the result of his being elected certainly would leave its mark on the county for some time to come.

If the Democrats can prop him up long enough to come home with the race, he probably will be replaced shortly by an appointment by the other two Democrats—Harry Sprinkler and Pat Gallagher. And, in the meantime, his functions will be performed by those two worriers just as they have been a good part of 1966. And what has long been considered Sprinkler's "little club" will get littler and clubbier.

Geiger's success in the primary is not too surprising, despite his failure to make the scene at the picnics and powwows. The Democratic competition laid off him for fear of providing the Republicans with ammunition should Geiger read the finals. And the Republicans were a little afraid of creating sympathy.

But he's in the finals now. And the vote in the primary, plus an expected increase in Democratic strength November 8 has made it important for Republican Wally Ramsdell to start hitting on the health issue. In one form or another, every Pierce County voter will learn that, vote for him or not, they can't really be served by Geiger for another term. The question of course is whether they hear or care.

Our apologies to George Mahler and to Kitsap County Republicans for leaving their votes out of the primary election totals in last week's Soap Box Derby. Although the successful GOP candidate polled only slightly more than a third of Pierce County's Republican vote, he ran away with Kitsap County.

We aren't moved to change our conclusions, but we want the figures to be accurate.

Bethel Ed. Ass'n. Sets Candidate Session Wednesday

The Bethel Education Association is presenting a "Meet Your Candidate Day" from 3:15 to 4:15 p.m. next Wednesday at the Bethel Senior High School.

All candidates from the 29th District, as well as the 6th Congressional District, have been invited.

men's Club, Chairman of Legislative, Conservation and Pollution Control Committees, Wash. State Federation, Jr. Women's Clubs, and is currently serving as chairman of Professional Affairs Committee, Alpha Rho Chapter, Delta Kappa Gamma.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

HOUSE JOINT RESOLUTION 39 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

PUBLICATION LAWS AUTHORIZING STATE DEBT

Shall Article VIII, section 3 of the state constitution, requiring the publication, in a newspaper in each county for three months prior to the election, of the text of any law to be voted upon by the people authorizing state debts, be amended so as to require only that notice of the law be published at least four times during the four weeks preceding the election in every legal newspaper in the state?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 45; Nays, 0; Absent or not voting, 4. HOUSE: (99 members) Yeas, 93; Nays, 0; Absent or not voting, 5.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Article VIII, section 3 of the state constitution presently requires the full text of any law to be voted upon by the people authorizing the contracting of state debts to be published in at least one newspaper in each county where a newspaper is published for three months immediately preceding the election at which the law is to be voted upon.

Effect of House Joint Resolution No. 39 if approved into Law:

This proposal would substitute for the above publication procedure a requirement that notice of submission to the people of a law authorizing the contracting of state debts be published in every legal newspaper in the state at least four times during the four weeks immediately preceding the election at which the law is to be voted upon.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SENATE JOINT RESOLUTION 25 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

PORT EXPENDITURES—INDUSTRIAL DEVELOPMENT—PROMOTION

Shall Article VIII of the state constitution be amended to declare that the use of public funds by port districts, in such manner as may be prescribed by the legislature, for industrial development or trade promotion and promotional hosting shall be deemed a public use for a public purpose and shall not be deemed an unconstitutional gift of public funds?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 42; Nays, 6; Absent or not voting, 1. HOUSE: (99 members) Yeas, 89; Nays, 5; Absent or not voting, 5.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Present state constitutional provisions prohibit the expenditure of public money for nonpublic purposes. In a recent decision the supreme court indicated that port districts could not expend funds for the purpose of acquiring and developing industrial sites for the use of or resale to private industry. In its decision the court stated that industrial development is not a public purpose.

Other state constitutional provisions prohibit the state and its political subdivisions from making gifts of public money or property to private individuals. The state supreme court has recently interpreted these provisions to mean that port districts in our state cannot expend public funds for a certain type of promotional or advertising activity known as promotional hosting. Promotional hosting in the case of port districts is generally understood to mean hosting individuals and groups of individuals at lunch or dinner for the purpose of cultivating trade relations and promoting business for the port.

Effect of Senate Joint Resolution No. 25 if approved into Law:

The proposed constitutional amendment would permit port districts to use public funds, in such manner as the legislature may specify, for both industrial development and trade promotion and promotional hosting.

FP Lops \$102,218 From Budget

Franklin Pierce school directors lopped off \$102,218 from the preliminary budget when they approved a final budget of \$4,465,566 covering the 1966-67 school year.

The budget decrease was attributed to decreases in assessed valuation, anticipated enrollment, and anticipated federal funds.

Before directors approved the final budget, board member Phyllis Erickson asked if

there were any plans for increasing school lunch charges. She noted that Franklin Pierce students pay less for lunches than most surrounding districts.

The district has no plans for increasing cost of lunches according to Assist. Supt. R.C. Richardson. Although food costs have increased, the district will be able to maintain present prices without losing money, Richardson said.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

SUBSTITUTE HOUSE JOINT RESOLUTION 4 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

VOTER QUALIFICATIONS FOR PRESIDENTIAL ELECTIONS

Shall Article VI of the state constitution be amended to allow United States citizens meeting all constitutional qualifications for voting in the state, except for length of residence, to vote at a United States presidential election solely for presidential electors or for the office of president and vice president if they

- (1) Intend to make this state their permanent residence; and
(2) Have resided in the state at least sixty days immediately preceding the particular presidential election?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 45; Nays, 2; Absent or not voting, 2. HOUSE: (99 members) Yeas, 95; Nays, 0; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Presently, under Article VI, section 1 of the state constitution, a person, in order to vote at any election conducted in this state, must

- (1) Be at least twenty-one years of age;
(2) Be able to read and speak the English language;
(3) Be a citizen of the United States; and
(4) Have lived in the state for one year, in the county ninety days, and in the city, town, ward or precinct thirty days immediately preceding the election at which such person offers to vote.

Effect of Substitute House Joint Resolution No. 4 if approved into Law:

The proposed amendment would allow those persons who can meet all the above qualifications for voting except for residence and who shall have resided in this state at least sixty days immediately preceding a presidential election with the intention of making this state their permanent residence, to vote in such election for presidential electors, or for the offices of President and Vice-President of the United States, as the case may be, but for no others.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 8, 1966:

HOUSE JOINT RESOLUTION 7 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General:

RETIRED PERSONS PROPERTY TAX EXEMPTION

Shall Article VII of the state constitution be amended to authorize the legislature to grant relief from property taxes on real property owned and occupied as a residence by retired persons, subject to such restrictions and conditions as the legislature may establish, including but not limited to level of income and length of residence?

Vote cast by members of the 1965 Legislature on final passage: SENATE: (49 members) Yeas, 34; Nays, 10; Absent or not voting, 5. HOUSE: (99 members) Yeas, 83; Nays, 15; Absent or not voting, 1.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Article VII, section 1 (Amendment 14) of the state constitution presently requires that all taxes shall be uniform upon the same class of property within the state or other taxing body. In addition, Article VII, section 2 (Amendment 17) of the state constitution, limiting the aggregate of all property tax levied by the state and all taxing districts without a vote of the people to forty mills on the dollar of assessed valuation, states that the assessed valuation of property shall be fifty per cent of the true and fair value of such property in money.

Effect of House Joint Resolution No. 7 if approved into Law:

The proposed amendment would grant to our state legislative authority, notwithstanding these above-noted provisions, to grant relief from property tax on real property owned and occupied as a residence by retired persons. The legislature would be authorized to place such restrictions and conditions upon the granting of such relief as it deems proper. Such restrictions and conditions could include, among others, the limiting of the relief to those property owners below a specific level of income and those fulfilling certain minimum residential requirements.

Approval of this proposed amendment will specifically validate the provisions of chapter 168, Laws of 1965, Ex. Sess., which, subject to certain specific qualifications, will grant an exemption from the first fifty dollars of real property taxes to certain elderly heads of households having a total income (including income of a spouse) not in excess of three thousand dollars during the preceding calendar year.

The Teen Scene

By Jeannie Crumb

Pigskin Pow Wow week will be held the last of October for the Bethel Braves. Their homecoming royalty will be chosen that Wednesday, along with the best skit in class competition. Thursday will feature a class competitive box drive. All the boxes are then used for their bonfire. The game and homecoming dance will be Friday night.

With eggs on their faces and spaghetti and whipped cream in their hair, the new Puyallup Viking Ladies and Viking Knights staggered out of the cafeteria Thursday night after initiation. The VL's and VK's, the two honorary service groups of PHS, are noted for their annual initiations.

Steve Harshman, of Franklin Pierce High School, was honored to be on the panel that interviewed Vice-President Humphrey at PLU. Along with Steve went 55 seniors who were picked at random from their history classes.

Puyallup High School held its annual United Good Neighbor Drive today. This is quite an achievement for the school, since PHS is the only high school in the entire state that holds their own UGN Drive.

Students will try to reach their \$475 quota in one day by homeroom competition.

Plans for the Eatonville homecoming were discussed at the student council meeting last week. Among the events scheduled are a hayride, a car caravan of the royalty. Before the bonfire and game will be a snake dance, in which the entire student body joins hands and parades to the center of the town to create school spirit. The finale of the week will be a dance November 4, which will be semi-formal.

The wives of the football coaches were honored by the Puyallup Girls' Pep Club. Before the last football game, the Pep Club sponsored a sack lunch get-together. Each person brought a Funny decorated sack lunch with a menu outside.

Viet Film To Show At Elk Plain

The color film "Viet Nam: Whose War?" will be shown 7 p.m. October 16, at the Elk Plain Community Church.

The 27 minute documentary presents Dr. Merv Rosell in a recent interview with jungle missionary John Newman, who is presently living in the interior of Viet Nam where he has served for many years.

In the film Rosell hurls some very provocative questions at the Overseas Crusades missionary. Newman frankly "opens up" with answers to the doubts and fears in the minds of all thinking Americans.

Out of years of experience in Viet Nam, Newman tells who will win, and how

County Boys "Understanding" Theme For Federation Meeting

Representatives of Fife, Puyallup and Eatonville FFA Chapters are attending the 39th annual National FFA Convention in Kansas City, Missouri.

They are Jack Thomas, Fife; Ed Kaelin, Puyallup and Bob Miller, Eatonville. The three are among approximately 100 members of the Washington Association of Future Farmers of America attending the three day event.

Miller along with two other State FFA boys will comprise the state team scheduled to judge in the livestock contest.

"Understanding and Cooperation for a Better World" will be the theme of the 11th semi-annual convention of Peninsula District, WSFCW Tuesday, October 18, at Lakewood Terrace.

The district board, including representatives from Hood Canal, Gig Harbor, Pt. Townsend and Puyallup Clubs, will convene briefly at 9:15 a.m. during the registration and coffee hour.

Telesis Club of Tacoma is hostess to the convention. All clubwomen are welcome. Reservations may be made with Mrs. Van Giffen, on or before October 15.

How the district and clubs function locally will be considered during the morning session. The public affairs department, headed by Mrs. Lyle Christopherson, Puyallup, will present outside speakers including Mrs. Walter A. Schiesel, president of the Tacoma chapter of the Natural Foods Association.

Mrs. Hanna Kiep, Washington, D.C., who is woman's affairs secretary of the German Embassy, will be the luncheon speaker on the topic, "Our Countries and Our World."

The convention will include a revolving book sale and a

Educational TV Offers Mental Illness Programs

Two programs on mental illness from the N.E.T. Journal series will be broadcast at 7:30 p.m., October 17 and 24 by KPEC-TV (Channel 56 or in Puyallup Channel 2).

"Schizophrenia - The Shattered Mirror" is an hour-long documentary on the causes and research into the nature of an illness the mentally cripples one of every hundred persons during a lifetime.

This in-depth examination of the most common mental disorder will bring to television viewers an insight into the life of a schizophrenic - how the world appears to him and how he appears to it.

A segment of the program reports an experiment employing hypnosis, in which a normal subject's perception is altered to induce schizophrenic-like perception. As a result, schizophrenic symptoms are actually shown on film as they develop under hypnosis.

"Search for the Lost Self" is the second hour-long documentary devoted to the subject of mental illness. The program was filmed on the premises of the League School for Seriously Disturbed Children in Brooklyn, N.Y. The school, founded in 1953, was the first day-treatment center in the country for seriously

disturbed children.

At the League School, N.E.T. Journal has filmed many types of children - hyper - active and lethargic, mute and loquacious, insatiable readers and virtual idiots. What they share upon entering the school is an inability to relate - to others, to inanimate objects, even to their own bodies. The program traces their tortuous learning process that often disintegrates into tantrums or withdrawals. For some children, however, there are signs of hope, and their partial recovery is the film's "message".

Pumpkins, Party For Nursery Class

SUMMIT VIEW - The four groups of pre-schoolers at Summit View Nursery School are looking forward to their trip to an Alderton pumpkin field this month and also to their Halloween party.

Officers for this year include president Mrs. Jack Lee, morning four-year-olds Mrs. Keith Peterson, afternoon four-year-olds Mrs. Harold Prater, morning three-year-olds Mrs. DeMaurice Moses and afternoon three-year-olds Mrs. Ron Morris. The teacher is Mrs. Karl Cordes.

Eatonville Girl Chosen For Seminar

EATONVILLE - Nancy Owings, daughter of Mr. and Mrs. Ray Owings, of Route 1, Eatonville, Washington, has been selected by a committee of Eatonville high school faculty members to attend a Liberal Arts Seminar sponsored by the University of Washington.

This seminar will be held at Seabeck, November 11, 12 and 13 and the delegates will room and board at the seminar site.

The lectures and discussions will be on the college level and the delegates are sent literature beforehand to acquaint them with the information pertinent to the seminar. A registration fee of ten dollars is paid by the delegates and they must furnish their own transportation.

Boys Should Write For Academy Exam

Young men interested in nomination to the U.S. Military, Naval, Air Force or Merchant Marine Academies should write Congressman Floyd V. Hicks as soon as possible.

As part of this selection procedure, Hicks will make use of the Civil Service Academy Designation Examination, which will be given in Tacoma and Bremerton on Saturday, November 5. In order to make the necessary arrangements for an applicant's participation in the examination, his application should be received by October 31. Hicks urged that interested young men in Pierce and Kitsap Counties write him at once at the House Office Building, Washington, D.C. 20515.

Candidates must have reached the age of 17 and must not have reached the age of 22 by July 1, 1967, to be eligible for the class entering in 1967.

Inadequate Salaries Hamper Law Enforcement Officers

Police chiefs and sheriffs in cities and counties of all sizes in Washington are virtually unanimous in the opinion that inadequate salaries for law enforcement officers constitutes their biggest single problem in providing adequate law enforcement, according to a survey recently completed by the Division of Community Services of the State Department of Institutions.

According to Dr. Bernard Saibel, division supervisor, 64 police agencies from all areas of the state participated in the survey. Ninety percent listed higher pay as the first essential for recruiting and retaining top law enforcement personnel.

Better working conditions was rated second in importance, followed by increased opportunities for advancement and professional training. Strong public support for police agencies was rated as last on the police officials' priority list.

The 64 reporting agencies reported to the Department of Institutions they presently employ 1,969 law officers, with a total of 83 current vacancies in authorized positions... a ratio of 4.2%. These agencies expressed a need for a total of 788 additional positions, an increase of 39.5% over present strength. The 64 police agencies reported losing 127 police officers (6.4% of their authorized strength) to private industry within the past year.

County sheriffs and third class cities reported the most serious personnel shortages, with sheriff's offices 53.8% under strength and third class cities 46.9% under strength. Participating in the survey, conducted by Roy Hibbard, law enforcement consultant for the division, were 16 county sheriffs, five first class cities, three second class cities and 40 third class cities.
