PRAIRIE POINTER

VOL. 2, NO. 48

PARKLAND, WASHINGTON, THURSDAY, AUGUST 7, 1947

Office: Park Avenue and Wheeler St., Parkland

ALONG THE STREET

VETERANS OF THE WEEK
"My hobby is fire protection," Lawrence Alden of Midland says. Lawrence, a salesman for the Broadway Furniture Company, Tacoma, served with the 5th Army in Italy, with the 178th Field Artillery Battalion, better known as the "Red Fox Battalion." Supply was his field while in the service. Lived in Midland Before the War

Midland has been his home for nine years, Lawrence stated. Before entering the army, he had served as the first fire chief of the Midland Volunteer Fire Department. The Midland Department resulted from the government's civilian defense program, he mentioned. When the group, then engaged in civilian defense fire protection under the direction of C. R. Bolin, first thought of the idea of creating a department. "We credit the defense program for making people conscious of our need for fire protection," Alden said.

"Now we have 30 members in the fire department, and a very active ladies' auxiliary," he continued. "We got our start from the proceeds of the Midland dance hall, which is a community project."

Army Is Okay

Lawrence has nothing against the army, but did not indicate any enthusiasm for going back in either.

There are three children in the Alden home at Route 4, Box 344, Tacoma. Susan, age seven and a half, Jimmy, six, Tommy, four, make up the trio.

Lawrence is a member of Clover Creek Post 118 of the American Legion.

"YEARS OF ACHIEVEMENT"

We hope you all saw the editorial in the Tacoma News Tribune a few days ago, entitled "Years of Achievement."

The editorial is of such importance that we take the liberty of quoting from it for the benefit of our readers.

"President S. C. Eastvold enters his fifth year as president and business manager of the Pacific Lutheran College on August 1. When he took over the leadership of the Parkland institution the attendance was 160 college students in seven buildings on the 125-acre campus. The year which begins this fall will have an enrollment limited to 800 full time students during each semester with a waiting list. There are 23 buildings ready for use on the campus with a doubled classroom capacity and a greatly increased faculty. This record made by Dr. Eastvold is all the more remarkable in that it was achieved during war conditions which were particularly hard on all colleges.

Began in 1942

"Dr. Eastvold came to Tacoma in 1942 under the depressive conditions that prevailed at the beginning of the war. He threw himself into his task with great ardor and pleaded the cause of the Pacific Lutheran College before the great Lutheran church bodies on the Pacific coast. Pacific Lutheran is the only Lutheran college on the Pacific coast and as such it has the support of the great Lutheran organization from Alaska to California and from Tacoma east to Butte, Montana.

Gain of \$1,000,000

"The current budget adopted by the board of trustees in the first year of Dr. Eastvold's administration was about \$100,000. The budget for the school year 1947-1948 will total \$368,505. The official audit of the college showed that on August 1, 1943, its net worth was \$284,095.97. The same auditors valued the net worth of the college on August 1, 1946, at more than a million dollars. It is expected by the college authorities that the current appraisal will show a net value of about \$1,300,000 or a net gain of more than a million dollars.

"Dr. Eastvold and his associates at Pacific Lutheran are entitled to the thanks of Tacoma and Pierce county for their remarkable achievement at Parkland. Pacific Lutheran has now become one of the recognized institutions of higher learning in the Pacific Northwest. During Dr. Eastvold's tenure the college has been given full recognition as a liberal arts college with a teachers training de-

NAME NEW P. M. IN PARKLAND

ELMER BEARD TAKES OFFICE WHEN ROY W. PETERSON RESIGNS

The postmastership of the Parkland post office changed this week when Roy W. Peterson resigned and Elmer Beard was sworn in as acting head. Beard is publisher of the Prairie Pointer and owner of the Beard Printing Company, which was established in Parkland three years ago. Supervision of these enterprises will be relinquished so the new postmaster can devote full time to the postal work.

Peterson Held Office Since '43
Mr. Peterson, who has held the office since April 1943, has seen the Parkland post office grow from a small third class office located in the back in the back of a grocery store to a second class rating, with quarters occupying a half of the Parkland Light and Water building. The large volume during the war years impaired Mr. Peterson's health and he plans to take a long rest.

No Immediate Changes
Upon taking office the new postmaster stated that there would be no immediate personnel changes and that he hoped to continue, and if possible, improve the service to the people of Parkland.

H. Lewis, State Director for the Treasury's Savings Bonds Division.

In announcing the above figures, Lewis commented on the fact that there had been a noticeable increase in payroll savings participation which, together with the newly inaugurated BOND A MONTH PLAN installed by all banks of the state, is believed to be the reason for the continuing high rate of bond sales.

AM. SOLDIERS' IDENTITY NOW ESTABLISHED

204 "Unknown Soldiers" Now Are Definitely Identified By War Department

Positive identification of 204 American unknown soldiers, 13 of whom are from Idaho, Oregon and Washington, who died in the Philippine Islands while confined in a Japanese prisoner of war camp, was announced today by the War Department.

"All of the unknowns who have been identified," according to Lt. Col. Verno L. Lewis, Chief of the American Graves Registration Division, Auburn, Washington, "were buried in the Camp O'Donnell Prisoner of War Cemetery on Luzon, Philippine Islands. In May, 1947, the War Department announced that positive identification had been made of 353 other soldiers who were among those buried in the cemetery."

"All remains," according to Lewis, "have already been disinterred and reburied in the United States Armed Forces Cemetery Manila No. 2, within the city limits of Manila.

More Than Year of Study
"Identification of the unknowns was established," Lewis continued, "by the Office of the Quartermaster General following more than a year of study of material related to the burial of the men. Extensive field work in the Philippine Islands preceded the study. In each case the facts which led to certain identification were passed on by an Army Board of Review before the identity of the unknown was certified as having been established beyond any possible doubt. Major General T. B. Larkin, the Quartermaster General of the Army, has notified all next of kin concerned.

Evidence Obtained

Evidence obtained from liberated prisoners of war, comparisons of dental charts which were authenticated by a Dental Corps officer, and records of Army officers who survived the period of imprisonment at Camp O'Donnell under the Japanese, proved of value in making certain identification.

Names and city residence of three identified soldiers from Washington are:

Pfc. Earl F. Howard, Ilwaco; Pvt. Jack E. Rockhill, Seattle; and Pfc. Anthony J. Simpson, Seattle.

Candidates collecting more than one subscription before the starting day will be barred from the campaign.

Any candidate may have anyone—excepting another candidate—help them in any manner.

To be considered an active candidate and win a prize, each entry will be expected to turn in at least two subscriptions on every Wednesday and every Saturday, which shall be known as report days. Candidates are positively required to turn in all subscriptions they have on each report day (every Wednesday and every Saturday).

Prizes must be won in accordance with the conditions of the campaign and no candidate will be promised a certain prize for so many subscriptions or so much money.

Candidates may secure subscriptions any place from anyone. Candidates will not be confined to their own town or neighborhood in which to secure subscriptions but each will be given votes for all subscriptions he or she turns in.

Cash must accompany all subscriptions. Only subscriptions actually paid during the campaign will be credited to a candidate.

The management reserves the right to increase and add to the list of prizes and the number of candidates.

At least one prize bicycle and four cash commissions will be given for each five candidates. In no event will less than 4 bicycles be given to 20 or less candidates, 5 bicycles for 25 candidates, 6 bicycles for 30 candidates, etc.

Winners will be announced by the judges, whose decision will be final.

ONE PRIZE BICYCLE FOR EACH 5 CANDIDATES

There will be one prize bicycle and four cash commissions for each five active candidates in this campaign. No less than four prize bicycles will be given to any number of candidates to 20 or under and then one additional bicycle will be added for each five active candidates. Regardless of the number of candidates in this campaign, each active candidate is guaranteed a brand new late model bicycle or a liberal cash commission.

Send or Bring in Your Nomination Now!

AWARDING OF PRIZES

The first choice of prize bicycles will be given to the highest candidate.

The other prize bicycles will be given to the candidates having the next highest number of votes in the order in which they finish.

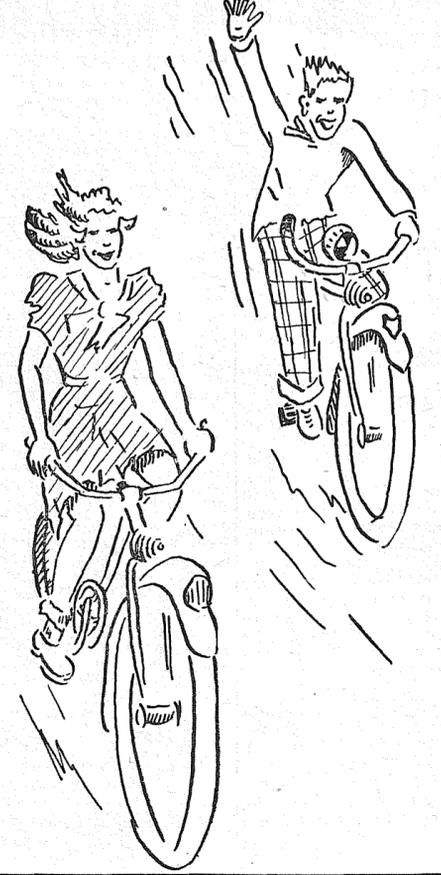

Each and every active candidate who does not win one of the prize bicycles will receive a cash commission equal to 15 per cent of all money he or she has turned in for subscriptions. This assures each of the active candidates being well paid for their work in this campaign.

Advisory Board of Judges

It is the sincere aim of this newspaper to conduct this campaign on a strictly fair and businesslike basis from start to finish. However, not all wisdom lies with any one man or institution, so a committee of judges has been selected from which two or more will be chosen to count the votes the last night of the campaign.

These citizens are well known in this section and the final results as given out by them will be beyond dispute. In the event any near relative of any member of the Advisory Board should enter this campaign, it will automatically eliminate that member from being chosen to make the final count of the votes.

The personnel of the ADVISORY BOARD OF JUDGES
 GEORGE H. DORFNER, Elk Plain; CHESTER MODAHL, Spanaway; FRANK BASKETT, Midland; HERBERT SOKOLOFSKY, Parkland; RAY RENWICK, Parkland; WALTER YOUNG, Parkland.

**Firemen in Donkey
Baseball Game Tues.**

Tuesday, July 29, was donkey baseball night in Parkland with the local firemen facing the College in three sports—musical barrels, polo, and baseball. Several hundred people turned out and everybody except the donkeys enjoyed the affair.

The College boys won the musical barrels game, played like musical chairs. The Firemen took the polo game, 5-2. In the feature attraction, the Firemen came from behind to win the baseball game, 3-2, from the College "all-stars."

The games were played under the lights on the Parkland school grounds under sponsorship of the Fire Department.

New Buildings

"The million dollar expansion program includes three major buildings, the \$250,000 memorial gymnasium, the \$200,000 science hall and the \$150,000 Student Union building. In addition to that, about \$200,000 has been spent remodeling the Old Main building. Thousands of dollars have been spent on campus improvements and in the completion of the library. Citizens of Tacoma have contributed \$120,000 to this program.

"The board of trustees has ambitious plans for additional buildings on the campus during the next five years. To this program Tacoma should give every bit of possible support. A flourishing college is one of the greatest possible assets which a community can have. It brings many students from the outside and it furnishes a steady payroll which goes on without interruption. These financial features are, of course, overshadowed by the intellectual and civic contributions which such an institution of learning makes."

New Red Cross Head

Parkland residents have special reason to welcome the new chapter manager of Pierce County Red Cross since his lineage is Norwegian, his name Wiek—J. O. Wiek. His wife and six year old son are joining his (as soon as he can find a house to put them in!)

Here's a Pat on the Back for the Community Play!

"The Man Who Came to Dinner," presented by the College-Community players at the Parkland Junior High School on July 23 and 24 deserves much praise.

Each player did his respective part well indeed. Several were outstanding. Such a display of talent is a credit to this community, and to Miss Chilson, who directed the play.
