Every worthwhile organization, to keep worthwhile, must have several motivating principles establishing certain goals which its members strive to attain. Post No. 118 of the American Legion and its Auxiliary Unit are no excep tions. Chief among these purposes are rehabilitation of the disabled veteran, hospital work, civic betterment projects and child welfare. One feature of Legion child welfare effort, known as "Girls State," really consists of a thorough course in U. S. history and civics.

State College at Pullman, beginning June 13 and lasting for two contest. weeks. During this period the girls are given intensive training in the fundamentals of Americanism, although the social and athletic appreciation to you for the coopsides of the girls' interests are eration and support that you have Lanz, Donald Larrison, Ann Larnot neglected. It may readily be understood that the girls selected to attend "Girls State" constitute a select group. They are sudents of the junior class in high school. Their fitness must be endorsed by thank you for helping us train our their school faculty, as they are boys and girls of today to be our required to excel, not only scholastically, but in true sportsmanship, citizenship and womanly qualities.

Parkland Wins

Parkland junior high pupils came out in top spot in the recent Pierce county junior high track meet held at Pacific Lutheran College. The Parkland boys scored 851/4 points to Midland's 41 and Dupont's 1434. Since the Parkland team has won the championship twice in a row, the school now gets to permanently keep the trophy it won last year.

A Challenge

The Parkland firemen defeated Firerest 11 to 4 Monday to remain undefeated in the firemen's softball league. Understand that a baseball team has been organized in Parkland for boys under, 14. They are playing in a Tacoma league and are also undefeated. How about matching the firemen and the boys' team in a game here in Parkland? Or are the "old men" afraid the youngsters will beat them.

Where's Our Light?

Considerable time ago the Parkland Community Club asked the state highway department for an underpass or overpass to be installed on the Mt. Highway near the Parkland

They were unsuccessful in getting either, but did succeed in getting a promise of a manual stop light at the school crossing "within sixty days" from E. C. Simpson, assistant director of state highways.

Simpson said that past experience had showed both an underpass or an overpass to be impractical. However, he said the department would install the manual stop light at the school crossing which would be controlled from both the east and west sides of the highway.

The sixty days are up. Where's our light?

Addition on Home - A 16x20 room, with a much enjoyed fireplace, is a recently completed addition to the E. W. Castle, Sr., home on Graham road.

Returning Home-Mr. and Mrs. B. F. Castle have returned home via California, June 9, after a two weeks vacation with his brother, Mr. E. W. Castle, Sr., and family of Elk Plain. After reading last week's column, Mr. B. F. Castle informed the reporter of this column that his initials are B. F., not B. S. "Benjamin Franklin Castle's the name," he grinned. Apologies have been accepted.

Smoker - Promoter Howard Lee presented another amateur boxing card June 4. These smokers, sponsored by the Summit Athletic Club, are held at the Elk Plain Grange hall and usually include local talent.

Visitor - Mrs. Bee Daniels of Portland recently visited Mrs. Alice Kinsman of Elk Plain.

New Arrival-Mr. and Mrs. Tack Rankin, whose home is on the Mt. Highway, have a new addition to the family. A son, Larry
