Space is limited this week; however, I couldn't help but note the unique and perhaps a bit sensational type of advertising this week of one of the more aggressive business firms in the area, Soine's Parkland Shoe Store.

FREE, absolutely FREE, to you is one silver dollar... no strings attached other than your purchase of a pair of shoes, rubbers, boots, etc., which they have a fine stock. The price is not boosted... you buy at the regular price and get, absolutely free, the silver dollar during Jan. 17-26.

Ever since their opening in Parkland, Soine's have become leaders in merchandising fine products to the public. They are aggressive, alert to the needs of their customers and serve in a friendly, courteous manner.

This column is not an advertising booster; however, I always find it pays to point out aggressive firms to the reader. The area needs more of such type of businesses and businessmen.

MEDITATION

SQUEAK STOPPER
When I was a boy grandpa had one remedy for everything — axle grease. He used it for squeaks, dandruff, chapped hands. I can smell it to this day. The odor was obnoxious, a repellent. To many of us money is the axle grease of today. We find boys forsaking sportsmanship—honor—for it; we see girls shun the poor boy for the one with money; in a great proportion of cases money is the crux in marital wrecks; we read of men who prostitute their positions of trust for money; we see money being used as bait to trap free men into socialized servitude. Axle grease was an excellent lubricant; money, as a goal within itself, is a snare, but as a reward for ambitious industry, to serve mankind, it is a laudable pursuit.

Acquisition of money, without honor, leaves an obnoxious smell that cannot be removed; it is a Scarlet Letter for all to see and shun. Axle grease lubricated bearings but was not the bearing. Money buys things we want, but it must not be THE THINGS, a God to worship. Money merely stops the squeaks of commerce.

Firemen's Ball Planned For February 9th

Lots of people who haven't attended a dance in many years, perhaps never, are receiving letters containing tickets for the annual ball of the Parkland Volunteer Fire department, to be held Feb. 9 in Sunshine hall. The tickets are complimentary, but the firemen are asking the people of the community to make contributions for the work.

Funds are needed to maintain the quarters used by the men while on duty in their 24-hour-a-day service. Each man of the department gives 12 hours each week without pay.

Residents of the district, especially property owners, realize the value of the fire protection assured by the very efficient local fire department and will undoubtedly give generously for this cause.

"Pole stubbers" at work: Inspection has revealed a pole which shows damage at the ground line. Now, reinforced with a short length, it will be strong as new, and we'll have saved much of the cost of a new pole.

LINE PATROL How we stop telephone trouble—before it starts!

"Will it work when I want it?"—that's perhaps the most important thing you want to know about your telephone. That's what we want to be sure of, too. And that's why repairmen, testers, inspectors and many other telephone specialists are constantly at work to make sure your calls go through. The term we use is preventive maintenance. And it simply means testing and inspecting thousands of miles of lines and cables, and checking switching equipment constantly—on foot, in trucks and electronically—to find and fix any part of our complex system which might cause future trouble.

"Trouble detective": If our electronic testing equipment spots possible line trouble, his testing devices locate the difficulty—and a repair crew is dispatched to stop the trouble before it can interrupt your service. All over our system, we are alert, 'round the clock, to make sure you'll have the world's most dependable telephone service.

Your telephone is one of today's best bargains
Few of the things you use in your daily life have gone up less, in these inflationary times, than the rates for telephone service. Even though our costs of providing service have skyrocketed, your telephone calls remain one of today's best buys.

The Altar Society of the St. John of the Woods parish met last Thursday at the home of Mrs. John Koval on East 96th street. The new president, Mrs. Peter Krapp, presided over the business session and appointed the following committees for the coming year: Altar, Mrs. Larry Cleary and Katherine Logan; sewing, Mesdames James McCarthy, John Deric, Clemens Kusek, Wm. Baughn, Albert Bombardier and Katherine Logan; publicity, Mrs. Walter Corrigan; sunshine, Mesdames Edward Boyle, Sr. and Larry Cleary; pontifical, Mrs. Edward Boyle Sr. It was decided that the next social would be in the form of a Valentine card party and social hour to be held in the Midland Community hall, Friday evening, Feb. 15. A lovely luncheon was served by the hostess and her committee, Mesdames Mike Koval, Andrew Koval, Clemens Kusek, Joseph LeMieux and Ida LeMieux.

Orthopedic Guild

The Midland Orthopedic Guild held their monthly meeting Monday, Jan. 7, at the home of Mrs. Marian Berg on East 91st. A "thank you" note from Remann Hall was received for the children's Christmas gifts that the guild members donated. Mrs. LaVerne Olsen, president, presided and

the main topic for discussion was about the coming plant sale to be held some time around the middle of May. Mrs. George Lind was appointed general chairman of the sale. Assisting Mrs. Berg with the lovely luncheon were Mesdames Cora Taylor, Fran Johnson and Ethel Tullis. Mary Hansler and Beryl Tefre will be hostesses at the February meeting, the first Tuesday at the Hansler home.

Visitors
The LaVerne Olsens had their two sons and their families visiting them during the recent holiday season. The two brothers hadn't seen each other for several years. Dr. Robert Goodwin and his wife and four children, Janet, Robert Jr., Mark and Judy, were here from Wichita, Kansas, and P. N. Cedercrans, Navy pilot from Pensacola, Fla., and his wife and two children, Gail and Dinne. Kodiak, Alaska, is the next destination of the Navy son.

4-H Club
The Midland Girls 4-H club met last Jan. 8 in the Midland fire hall.

Joan Arterburn, president, was in charge of the business session. It was decided to postpone the dance scheduled during the recent holiday vacation until spring vacation. Plans were discussed for the coming year and reports were given on the officer's training school and also the meal preparation leader's training school held at Fife and Sumner, Jan. 12. Attending this school from Midland in preparation for the coming meal preparation contests were Valerie Davis, Sandra Little, Joanne Morud, Beverly Corrigan, Mesdames Roy Benson, Kenneth Lampitt and Walter Corrigan. Plans were also made for the program the Midland 4-H'ers are invited to put on at Brooklake Community club meeting this Friday evening. They are planning to sponsor a youth program this year and asked our clubs to give a model meeting and show just a few of the activities of a 4-H club. The girls plan to initiate their new members and also the Midland Clover club girls, to model some of the clothes they have made themselves and also to give some demonstrations.

At the meeting Mary Benson gave a demonstration on "Making a Flat Fell Seam" and Beverly Corrigan gave one on "Tailor-tacking and Basting a Skirt for Fitting." Sharron Eshpeter and Joyce Webber served refreshments.

Leaders attending the meeting were Mrs. Walter Corrigan and Mrs. Elmer Morud and members attending were Joan Arterburn, Mary Benson, Beverly Corrigan, Joanne Morud, (Continued on page 4)
