Kangaroo Court Thursday Evening
Your Roundup Committee is happy to announce that a Kangaroo Court will be held this Thursday evening at 8:30 on at the National Bank of Washington where you will find the official Roundup Hoosergow and other relics to attract the attention of the area resident... quite a time is planned and Judge Al Grodovic will preside... complete with high hat and long tails... other noted celebrities will be present... Sheriff Lee Tretter has a list nearly four feet long of charges against various members of the Parkland Society which he will present to the Judge for comment and trial... The Roundup Hoosergow will have several inmates for the evening. Come out Thursday evening, have fun.

Have you visited the Roundup Remuda yet? ... anyone is invited to spend an evening around the campfire... anything can happen and usually does.

Another Kangaroo Court will take place on May 28th at Anderson Lumber at 9th and Pacific... come out for the fun.

You should have seen the surprised look on the faces of a few of the boys when they took on the job of moving the hoosergow from Garfield street up to the bank corner... while in the process of moving it on a flat-bed truck the State Patrol stopped them... quite a bit of explanations followed... I don't know who did it but they managed to talk the boys in blue out of the ticket... however, they are getting a permit for the next time it is moved... sure we have fun

MEDITATION

AN ARTIST SEES BEAUTY
An artist is painting a scene. All I saw was rubbish, nude trees and black water. As I watched him I was astonished at the transformation; that scene became beautiful. That rubbish heap was covered with a soft white blanket of snow, the nude branches had emine cuffs and the sun stretched long shadow fingers to make an exquisite pattern. The black water of the creek peeked impishly from under sparkling piles of snow. I determined then that ugliness was a matter of viewpoint.

I thought of a boy, belligerent, yet full of fun, good mind but an imp of Satan. He was seldom out of trouble, until one man looked beyond the "rubbish" and saw the beauty of his nature. Through love and guidance that boy developed into one of the most beautiful characters I've ever known.

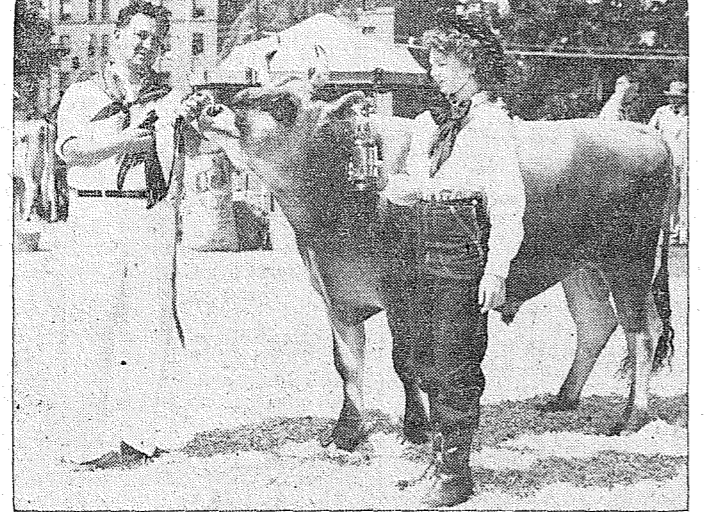

Be an artist. See beauty, beyond the ugliness.

PLC to Graduate 150 Students In Weekend Rites

Commencement week at Pacific Lutheran college will be ushered in with the traditional Senior Day chapel exercises on Friday at 10:45 a. m. in the Chapel-Music-Speech building, with members of the graduating class providing the program. At 1 o'clock in the afternoon the class of 1952 will go to Point Defiance park for their annual picnic. On Saturday evening the commencement recital will be presented in the main auditorium of the Chapel-Music-Speech building.

The baccalaureate service will be held in the College chapel on Sunday morning at 11 with President S. C. Eastvold preaching the sermon to the graduates. Dr. Ernest Steen, pastor of Trinity Lutheran church and also College pastor, will conduct the liturgy. Commencement exercises will be moved to the Memorial gymnasium and will begin at 9:30 p. m. Dr. William Schmidt, of Waverly, Iowa, chairman of the Board of Education of the American Lutheran church, will be the commencement speaker.

The honorary degree of Doctor of Divinity, Honoris Causa, will be conferred upon Oscar Adolph Tinglestad at the exercises. Dr. Tinglestad was president of Pacific Lutheran college for 14 years, from 1929 to 1943. Now retired and living at Decorah, Iowa, he will come to Parkland as a guest of the college to receive this honor which has been bestowed upon him by vote of the faculty and the college board of trustees.

President Eastvold will confer degrees upon 150 graduates who will be thereupon taking their places in many avenues of service to the world. Many have already accepted appointments for teaching next fall, from as far away points as Hawaii. Some will come back to PLC for advanced work and still others are going to pursue advanced degrees in various universities.

JERSEY CATTLE SHOW JUNE 7TH

It will be Jersey Time come June 7th when the Pierce County Jersey Cattle club presents their 2nd annual Parkland Spring show in conjunction with the Parkland Roundup. A feature of the day's activities will be the Jersey Show which will get under way at 9:30 on the Show lot at Garfield street. Showed above is Maryanne Mantik, princess of the 1951 Jersey Show with Lamp-lighter, grand champion Jersey bull and Tom Law, president of the Jersey Cattle Club.—Times-Journal photo courtesy Jersey club.

Mostly About Horses

By Clarence LaCrosse

President Orville Eveleth of the Mt. Rainier Riding club at Graham is a happy man these days... and his club because they certainly put on a fine show last Sunday for a good crowd. More than 100 horses and riders were entered besides the many who attended who did not enter any events.

Orville and I had a lot of fun running off a tie in the stake race... darn his hide, he finally beat me the second time... but I felt a bit better later when it was my good luck to grab a red ribbon in the trail horse class... losing out to Ruth Hopkins who took first on Rocket. Kent Erickson the judge really had a lot of work for him because some of the classes were really large.

Mac Robinson riding my Dusty Palomino found himself way ahead in the musical chairs but no one told him he had to get off after winning the run-off... so he didn't win.

President Carmen Robinson, our Roundup Queen, had quite a time with the mike that Larry Kirkwood the master of ceremonies shoved at her—she came through with flying colors though... incidentally her little Candy horse came in first in the bareback relay with her brother Jimmy, Bob Simi, Jackie Jenness and Chester Hastings, all from Parkland... what

a wild event that was... horses and riders and dust a-flying all over the arena.

I saw Del Cheney out for his first show... he seemed to be having quite a time too with Popcorn.

Kid brother Frank from the Summit Feed sure was happy about the ribbon he toted home. I think that is the first time he ever entered an event (the event is being run in three groups, 10 and under, 10-16, and 16 and over... that is much more fair) next event is a sweetheart race (you guess) 3 legged race; lead relay; pony express; musical chairs, boot race, juniors, barrel roping and a barrel race... that's it, a lot of fun for all.

Port Orchard Show

There is also a show at Port Orchard this Sunday... the information I received is rather vague but anyone in Port Orchard can direct you to the newly completed club grounds. This will be the first show ever staged by the Port Orchard club and it should be good. See you Sunday.

Parkland Roundup Show

Don't forget the Parkland Roundup Horse Show to take place on June 7th at 3:30 at the Roundup Grounds on Garfield street... The lot has been newly leveled and graded... a bit small, but it's the best we have so we will use it... and we expect a huge entry list... I'll publish the entry blank next week if the darn advertising department will leave a few extra inches for me... the events are quite varied and a bit different than the regular playday... we hope you will like the show and enter... the more the better. By the way, everyone is invited to attend and to enter... no matter what club you represent... please indicate the club you represent when you enter.

Second Annual Jersey Show June 7, Parkland

The Pierce County Jersey Cattle club is holding its second annual Jersey Spring show in conjunction with the Parkland Round-Up on Saturday, June 7, on the show grounds at the foot of Garfield street. According to T. J. Law, president of the Cattle club, this year's exhibit will be larger and more interesting to the public than the excellent show of last year. New arrangements have been made for a more convenient exhibition on the west end of the grounds across from the college campus.

The cattle judging will commence at 10 in the morning and proceed until noon, at which time there will be a recess during the parade hour, then judging will proceed in the afternoon until about 3 o'clock.

Prizes have been secured for the 4-H and FFA exhibitors and a lovely selection of trophies and ribbons will be given to the winners. Miss Diana Lotts of Orting, will preside as "Jersey Princess" for the day and she will make all of the presentations.

One of the highlights of the show will be the donation by the Jersey Cattle club of a registered Jersey heifer calf to Jon Hart, of Graham, for his outstanding work in the 4-H club during the past year.

Exhibits of the finest Jersey cattle in Pierce county will be shown at the Jersey show. Entries have been received from all parts of the county, Tacoma, Puyallup, Sumner, Orting, Buckley, Roy, McKenna, Eatonville and Graham. The public is cordially invited to attend this show, which is free of charge, and see these beautiful Jerseys. There will be something of interest for all members of the family.

Mother's Day Luncheon
 The Ladies auxiliary of the Fruitland Grange scored another success at their Mother's Day turkey luncheon last Friday. Around 80 attended the luncheon and enjoyed the games following.

In following the theme of Mother's Day, Mrs. Louise Goelzer was presented a lovely corsage for the oldest mother present. Her granddaughter, Mrs. Harold Marshall, received a corsage for the youngest mother present. The corsage for the mother with the most children was won by Mrs. Charles Weiland. Mrs. E. H. Goodner, the only Gold Star mother present, was presented an African violet.

The returns of the luncheon go to the worthy cause of ward parties at Madigan General hospital. Those ladies serving in the kitchen were Mesdames Harry Lee, William Kelly, Cliff Hurst, Everett Knoll, Louis Ward, John Lavik and Lester Goelzer. Mrs. Goelzer decorated the tables with attractive bouquets of spring flowers.

Graduation
 Graduation at Woodland will be on the evening of Monday, June 2. At the graduation exercises will be four eighth grade student speakers. They are Lorna Paddelford, Catherine Hanstad, Eddie Burrell and Sally Swallow.

Boy Scouts Have Outing
 Members of Boy Scout Troop No. 174 went to Camp Kilworth above Dash Point for a weekend of compass training, fire building, camping, etc. Camping in tents, they defied the rain and still enjoyed the trip. "Success Story" TRIANGLE POULTRY FEEDS

"I have used Triangle Poultry Feeds for the past four years. I have made more money and had better results from my poultry enterprise since I have used Triangle Feeds because of higher egg production and faster growth. I would advise all poultrymen to use Triangle Poultry feeds because from experience I know there isn't another feed having better quality or that is more economical. I, also, have never known of any feed company that has more interest in the success of their customers than the Triangle Milling Company."

XB-52 Jet Bomber Details are Given

Wing Span 185 Feet; Height 48; Length 153

Pictures and exterior details on the two new U. S. Air Force jet bombers, the Boeing YB-52 Stratofortress and the Convair YB-60, were released this week after a period of restriction.

"Because flight testing of the Boeing YB-52 will be continued at Boeing Field, Seattle, and of the YB-60 at Carswell Air Force Base, Fort Worth, Tex., it is not practical to attempt to maintain security concerning exterior details of these aircraft any longer, the Air Force stated.

However, pictures of the aircraft released for publication were carefully selected in order to reveal as little information as possible to any potential enemy.

The Air Force also announced that its B-52 Stratofortress has a wing span of 185 feet, is 153 feet long and has a tail height of 48 feet. No information as to weight, speed or other performance details has been announced.

The giant Boeing YB-52 has completed its first phase of testing and is now being equipped for its second phase.

An additional experimental Stratofortress, the XB-52, completed its ground and taxi tests on Feb. 22 and was returned to the factory for installation of equipment items for its flight test program. The two giant eight-jet bombers will be utilized in an accelerated flight test schedule from Boeing Field.

The Seattle plant of the Boeing Airplane Company is tooling up for production of the new bombers. Like its predecessor, the famed B-29 Superfortress of World War II, the B-52 was ordered into production prior to completion, or flight of a prototype jet airplane.

The new Boeing uses eight new Pratt and Whitney J-57 jets, believed to be the most powerful jet engines in the world. The engines are mounted, in pairs, on sharply-raked forward pods under the thin, high speed, swept-back wing. The B-52 utilizes an unusual double-tandem landing gear, composed of eight main wheels, with small "protection" wheels retracting into the wing tips. To keep the wing thin — necessary for extremely high speed — the main landing gear units retract into wheel-wells in the body.

Though it has an entirely new design, the B-52 leans heavily on data gained from five years of building and flying the Boeing B-47 Stratofortress — known as the "world's fastest bomber."

Like the B-47, the wings and tail surfaces of the B-52 are swept-back, and its jet engines are mounted in Boeing-developed "pod" type units. Boeing-developed "pods" also are used on the YB-60, and on the B-36D.

I'VE GOT NEWS FOR YOU

(This tongue-in-cheek column by the former editor of the Times-Journal, will appear occasionally during the duration of the Tacoma press shutdown.)

By PAUL ARLTON

But while adjacent communities fuss over clocks, newspapers, bakeries, blue laws, buses and political conventions, Parklanders are blissfully going about preparing for that annual saturnalia of western-style nonsense—the Round-Up.

Preparations started earlier this year, perhaps to counteract the dangerously uplifting effects of the "culture binge" staged by the college a fortnight ago.

Almost overnight, denizens of Pacific, Garfield and other avenues, have come up with not only healthy chin orchards, but also new nicknames befitting the Round-Up, the one time of the year when otherwise staid citizens dare to "let their hair down."

For instance, at the post office is "Porcupine" Quill. Other handles are "Swindler" Swindland at the bank, "Digger" Dryer at the mortuary, "Fish" and "Oyster" Frye at the furniture store, "Stinky Stiel" at the flower shop and "Knot-Hole Maury" at the 98th St. lumber yard.

Other newly-adopted names include "Water Hole Mike" Wutz, "Horse Meat Harry," "Cattle Rustler," "Jump Claim Jennie" Grodovic, "Glad Rays Gladys," "Sagebrush Annie" Tisch, "Hacksaw" Magdanz, "Clip-Joint George" Knudsen and "Cream Puff Pete" Coleman.
