MEDITATION

LABOR SERVES
The man with a micrometer and the one behind the push buttons, the savvy whose eye is glued to an eye-piece and he who uses a saw, the clerk at his counter and the person who guides the destinies of big business have worked, are working, for each other. Labor serves himself, and mankind. Without Labor we couldn't eat. Without Labor we'd be sleeping in caves. Without Labor we'd walk or ride a mule. Labor is the capitalist; it is the savings of labor that gives us telephones, saw-mills and banks. Labor is dynamic. It moves, advances, sweeps industry to dizzy heights. It won two wars. It has made our United States the envy of men everywhere. Next Monday is Labor's Day. Observe it, pay tribute to those who keep us free, who give us pop-up toasters, zippers and tires. Labor came out of its rut to stand shoulder to shoulder with the boss, a team that does the impossible.

GAZING with intent look at the drill team of the Valley Riding club of Puyallup is show chairman Roy Smith, seated on Truman with pretty Ann Robbins on her mount Jay Hawk. Ann is the captain of the drill team which will thrill spectators Labor Day at the annual Showdown to be presented by the Valley Riding club. Many top riders from all over the county will compete in a spectacular show which will be the big event of the day in this area.

Ohop Resort Plans Labor Day Event

Plans are now complete for a rousing Labor Day celebration at Al Carlson's Ohop Lake resort near Eatonville. According to Carlson, his place will play host on Sunday and Monday, September 2-3, to folks from every section of the county. Adding to the general trend, there will be many contests of log rolling, power-saw cutting, and kindred other events arranged for the general edification of all concerned. A fitting climax to the event will be the Salmon Bake which last year proved one of the most successful ever attempted in this section. An added attraction will be the gigantic display of fireworks on Sunday evening, September 2, when those in attendance will be treated to a thrill a minute. Aside from the Salmon Bake, and entertainment for the loggers, there will be a bathing beauty contest, swimming contests and an amazing exhibition featuring a trick horse.

SOINES OPENING NEW SHOE STORE IN SEPTEMBER

Although the owners of the Parkland Shoe store are moving their enterprise to Sixth avenue, a completely new shoe store will take its place in the Parkland Centre building, it was revealed this week.

Opening the store will be Al Soine, veteran of 14 years experience with the Spellman Shoe chain, and his son Malcolm, a former publisher of the Parkland Times.

The store, to be known simply as "Soines," will boast new fixtures and a new stock of Star brand and Poll Parrot shoes for the entire family.

The Soines, who have lived on 117th street in Parkland since 1942, disclosed that the new store will open in late September, the exact date to be announced in The Times-Journal.

Parkland's new library is open to the public . . . and a fine assortment of reading material is on hand to take care of your reading habits and likes. Harry Chambers deserves a lot of credit for keeping at the job until it was finished, as well as a host of others who have made it possible to have a library at all here in Parkland. Drop in and see what we have . . . it is nicer inside than it appears from the outside, I assure you. You paid for it, now use it.

Garfield Street Doings
A lot of changes have been taking place on Garfield street since last I found enough space in our paper to even write a column.

Announcement that the Parkland Shoe Store was moving to Sixth avenue promptly brought action from two of Parkland's most aggressive individuals—Al Soine and his son Malcolm Soine, who have gone ahead with plans to reopen the popular establishment under the name Soines'. Parkland still has a shoe store, thanks to these two. Opening date will be announced a bit later.

Waller Road 4-H Winners At Fair

Mrs. Rudolph Geise, 4-H leader for the Waller road boys, reported that the club came out with many blue ribbons at the 4-H fair at Sumner. Exhibitors were Donald Geise, Tom Farley, Melvin Bradley, Roy Nelson and Jackie Sand.

Donald Geise was highest in the county in garden judging. He also won a blue ribbon on a trio of white rock chickens. Jackie Sand won a red ribbon in the Jersey class in dairying. Jackie also won a blue ribbon in the herdsman's contest. As a whole, the club won 20 blue ribbons, 12 red ribbons and 1 white in the garden exhibits.

The boys received a blue ribbon on their window display in Sumner, where, with the help of their leader, they had set up a miniature farm scene.

Many long hours of hard work put in by all the boys and girls and their leaders. Judging by the large crowds in attendance, we know the fair was a huge success.

Well Baby Clinic

The Spanaway Well Baby clinic will be held in the school Tuesday, Sept. 4, with registration from 9:30 till 11 o'clock. Dr. Reynolds of Madison hospital will be in charge. This will be a good time for children entering kindergarten this year to get their shots. For further information, call Mrs. Gene Cotton, GR. 3264.

America, with all our faults, is a country where nobody starves but the fat men and women who are dieting.

Will Train for WACS

Harriett L. Young, 18, daughter of Mr. and Mrs. J. R. Young of Route 13, Box 360, left last Wednesday for Fort Lee, Virginia, where she will take basic training for the WACS. Harriett is well known to many Parkland young people, having been quite active in many sports. She is a graduate of Roy high school. Her father is a retired Army top sergeant.

Of particular interest is also the fact that a friend of Harriett's, Don Bortle, who just finished training at Lackland Air Force Base in Texas, is being transferred to Fort Lee, Va. It's a small world after all. Don will receive specialized training at Fort Lee Office Maintenance school there.

BABY CLINIC IS IMPORTANT ITEM OF LOCAL WORK

By Mrs. Hayden Stewart

President, Spanaway Preschool. If there is a Well Baby clinic in your district, it is most likely sponsored by your Preschool group. What is a Well Baby clinic? It is a regular clinic for children under six years of age with a doctor and nurses from the Pierce County Health department in attendance. Your child's record is kept and at each visit he is weighed and measured. Babies should be brought every month until six months old, then every three months until a year; every six months until two, and once a year until of school age. Your baby will receive the immunization shots at no cost to you, also smallpox vaccination and later, before attending school, the booster shot.

The doctor and nurses have chosen to specialize in this work, so bring your problems to them regarding your child. We must emphasize that the clinics are for well children. It would be very unwise to have a group of children together if some had colds and coughs. The skilled eyes of the doctor and nurses will often detect the beginning of some serious physical defect such as poor eyesight, hearing troubles, foot and posture difficulties.

Even if you are lucky enough to have a completely healthy child, taking him regularly to a clinic will give him confidence in those of the medical profession and he will have no fear should he require medical aid. (Along the same line, may we offer a suggestion that you take your toddler along with you occasionally when you visit the dentist; most dentists will cooperate, combining an oral examination with a few rides up and down in the chair).

The Preschool group takes care of the clerical work and publicity, prepares the rooms, provides the scales and toys for the children to play with while they are waiting. This work is voluntary on the part of Preschool members. Some organizations furnish transportation.

The next clinic in Parkland will be held Monday, Aug. 27, (the fourth Monday of the month) in the basement of the Parkland Methodist church from 9 to 11 a.m. For further information, telephone Mrs. John E. Miller, GR. 5059.

The clinic for Central Avenue is held every other month in the music room of the school from 9 to 11 a.m. For further information, telephone Mrs. Wenman, GR. 6197.

The Spanaway clinic is held on the first Tuesday of each month. The next one will be Sept. 4 in the school from 9:30 to 11 a.m. For transportation or information, telephone GR. 3410.

It's no news that Monday is Labor Day but to many it is news that the Valley Riding club of Puyallup is putting on one of the biggest and finest of horse shows ever presented in this county. Labor Day Showdown is the name of the affair. Roy Smith and MacRobinson are chairmen of the huge event which has been planned for your entertainment.

The entire ring has been covered with shavings and will be wet down, enabling you to see the show without the usual horse atmosphere of dust and other material in the air.

Entries should be made immediately so the committee can plan the time element of the show. We have blanks here in the Time-Journal office or the Parkland Riding club can give you some. Get in the act—enter and have fun. It takes horses and riders to make a show.

The Valley Riding club grounds are located just south of the Willows on the Puyallup-Graham highway. A sign will be on the road indicating the direction from there. It is easy to find.

Horse Racing. For those who do not like horse shows or prefer racing, there will be quarter horse races at the 84th Street track on Sunday and on Labor Day. No one from that organization has taken the time to give us any facts regarding the event, so we have to dig it up as we can. These fast-starting quarter horses will give you a thrill as they race the quarter mile at top speeds. Bill Goodwin, local attorney, has a barn full of fast ones which he has been training for the event. Drop over on Sunday or Labor Day and see them run.

Graham Fall Show. The aggressive Graham Riding club (Mt. Rainier to you) is staging another of their super shows on Sunday, the 9th of September.

Entry blanks are on hand for any contestant who desires to enter. You always have fun at any Rainier Riding club presentation.

Parkland Junior Riders. You should have seen the fine performance the Parkland Junior Riding club turned out Sunday at the Junior Horse Show at Lakewood. For such a young organization they certainly did some mighty fine drilling on horses that were new to many and never drilled before this summer.

Adelyn Wickline, the drill master, is certainly to be complimented on the excellent show she obtained from the group. It took a lot of work to get these juniors in line. Mr. Selle, senior advisor to the group, is also due for considerable credit for his part in keeping the club in line. Quite a few ribbons went home with the group.

Homer's Hop. Homer's Hop is the name of the biggest barn dance ever staged in this suburban area for a long time. The place is the Mt. View Feed Store on Airport and Waller. The time is this Friday night from 8 till you name it. Jim Calvert and his famous old-fashioned rhythm-makers are going to be on hand to set your feet in sway to the old time dances which will take over for the evening.

Concessions will be on the premises for hot dogs, pop, candy, etc., the proceeds of which will go to the Parkland Riding club building fund. Come one, come all... admittance is free. Rig yourself out in some fancy western outfit... as that is the outfit of the evening. See you all Friday at Homer's Hop.

Aims of Trinity S. S. (Continued from Page 1) The text for the day is explained and illustrated at the child's level. The children's worship period is a delightful experience and should be experienced by every member of the Sunday school from the first grade through the eighth grade. The younger children are taken care of in the activity room during the worship service. Competent student teachers or mothers supervise constructive activity during that time. The older children worship at the regular service in the church. An important addition will be made this year in the form of a Junior choir for the children from the third grade through the eighth grade. This is a wonderful opportunity to develop the talent of young singers.

from around the corner. The improvement in appearance is remarkable.

Newest addition to Garfield street is the McKewen Studio, where a completely modern setting awaits you. I have not yet had the pleasure of visiting the inside of the studio, however I am told that anything you need in the way of photography is on hand to take care of your needs, from a studio standpoint, of course. They do not carry any line of photo equipment. Many area residents have already discovered the artistic craftsmanship of the McKewen Studio to their liking.

It seems that some people thought I devoted too much space to news of the horse world in this column, so it was decided that a separate column would take care of such news in the future. Where I will ever find enough room to put another column is more than I can figure out, since every alert businessman in the area has recognized the Times-Journal as The Advertising Medium that reaches most of the area's shoppers. It is possible that in the near future we will add two pages to our paper, keeping a more even balance of news and advertising.

City Smell
The city smelter is not the only smell that reaches this neck of the woods these days... it seems that more of it comes from the council rooms of the city, where certain officials sit and make nauseating remarks and issue statements which smell of prejudices and chidliness.

Certainly admire the stand of Rev. Long and his analysis of the vice report which has caused such a furor. As he so ably points out, things aren't all they appear to be, including the report itself. It would take a brain less than a five-year-old to accept the fact the report was not slanted to make it appear bad for certain officials.

It is most sincerely hoped that the public will not be gullible enough to accept such a report as the final truth... or to even accept it as being the actual status of conditions without first knowing something about the men and their background who submitted the report. It would appear that perhaps the report was made from the office desk rather than from the scene of the activity. Well, just a thought, anyway. Someone has got to be the goat... and the council has certainly picked theirs.

WOODLAND NEWS

By Barbara Cordes (Items Crowded Out Last Week) Miss Ada Lilja and her mother, Mrs. Lilja, both of Woodland road, are spending a week's vacation down to Miller's "Dexter-by-the-Sea." They traveled by bus.

Visit Here Mr. and Mrs. Walter Schulz, of Quincy, Wash., were the guests of Mr. and Mrs. Karl Cordes. The Schulz family lived here in Woodland on Airport road a few years ago prior to moving to Graham and then on to Quincy. Mr. Schulz is originally from Quincy and his mother and brothers still reside there. They spent the week visiting Mrs. Schulz's mother in Tacoma and numerous friends here in Woodland and Graham.

Week's Outing Mr. and Mrs. Oscar Swalander drove their son Edwin down to Miller's "Dexter-by-the-Sea," where he is going to spend the week as the guest of Mr. and Mrs. Clifford Miller. Going along for the ride were Edwin's aunt, Mrs. Farrell, and his sister, Janet. Ed plans to return by train.

Square Dance Contest A good crowd of around 150 attended the hugely successful square dance contest and dance last Friday at the Fruitland Grange hall. The contest was sponsored by the Pomona youth committee.

The contest was open to all Grange members and all juvenile members. Winners of the adult set were the Marion Grange. They received as their prize a lovely desk lamp to be used in their Grange chapter. The juvenile winners, members of the Fruitland Grange, each received a box of candy. Members of the Fruitland set were: Jackie and Kay Jones, Lois and Carol Hurst, Mary and Tommy Templin, Chuck Janowski and Roland Marsh. Ray Zimmerman of Puyallup and Henry Lee Beck of Elk Plain were the honorary judges for the event.

Following the contest everyone was invited to join in the dancing. Refreshments were served. Don Whisler was guest caller for the evening.

Visits Relatives Miss Carol Cordes spent a week visiting her great-grandmother, Mrs. Louise Smyth, and her great-aunt, Mrs. A. A. Bradley, of Tacoma.

Buy Horse Earl and Peggy Root are the proud owners of a three-year-old black gelding named Rocky. They worked through the summer earning money and pooling it together to buy Rocky. They now are working to achieve enough to buy another horse so they will each have one. This is a wonderful example of brother and sister cooperation. We think mother and dad should be very proud of them.

Old Friends Here Guests of the W. R. Dickey's of Woodland road were the F. D. Weavers of Wichita, Kansas. Mrs. Dickey and Mrs. Weaver taught school together in Kansas, and it had been 14 years since they had seen each other. The Weavers had been visiting in Alaska for a month prior to visiting the Dickey's.

Breckon Club The Breckon 4-H Livestock and Poultry club met Saturday at the home of Bobby Badham. A brief business meeting was held, during which Bobby Badham was elected reporter for the group, and future plans for exhibition at the county fair at Sumner on August 23-24-25 were made. Following the meeting Bobby Badham gave a demonstration of "How to Wash a Pig for Show." Mrs. Badham served the members salad, crackers and jello. The next meeting is to be at the home of Bobby Elsdon.

Vacation Trip Mr. and Mrs. Wendell Dickey, son of Mr. and Mrs. Dickey, and their daughter, Beth Ann, took a two weeks vacation and traveled east. They stopped at Minot, N. D., to visit numerous aunts, uncles and cousins, before going on to Auburn, N. Y., to visit more relatives. Other stops were made in Wisconsin and in Kansas, where they visited Mr. Dickey's grandfather, Dr. J. A. Mitchell. Dr. Mitchell is well known here, as he has visited here several times.

Boys Get Judging Hints Bert Badham, leader of the Breckon 4-H, took Jimmy England, Bobby Elsdon and Rickey McMacken and two F.F.A. boys, Bill Denton and Lynn Andrews, over to Redmond, Wash. The group went over to visit the Hollywood Breeding farm and to attend a poultry school judging contest. There were four poultry county agents in charge of the school. They were from Pierce, Skagit, Kitsap and King counties. About 100 interested pupils attended the school where they learned how to judge "live market birds," "live production birds," and how to "grade dressed chickens and grade eggs." This school was the means of selecting the judging team for the Puyallup fair. We're hoping Breckon has the honor of having one of the boys win.

To New Post Paul Templin, U. S. Navy Air Force, went back to Atlantic City, N. J., to his new post as air controller, which consists of directing air traffic at the Atlantic City navy school. Paul has been in the service since last September, and had his boot training at San Diego. From there he went to Memphis for further training and then to Olathe, Kansas, to finish his schooling.

Grange Picnic Rainbow park on Steel lake was the spot of the Fruitland Grange picnic this year. Around 100 members and their families attended to join in the fun of games and competitive contests for all. Following the potluck dinner and games was a baseball contest between the ladies and the gents (this is just hearsay, but we heard the gents won). Responsible for the entertainment was the hard working committee which was headed by Mrs. Art Lincoln and ably assisted by George Dearing and Bob Litton.

Stork Shower Mrs. John Hoffman was honored last Thursday evening with a lovely stork shower. The shower was held at the Grange hall with Mrs. Clarence Otto, Mrs. Clifford Hurst, and Mrs. Kathryn Hanson as the hostesses.

Following an evening of games for the occasion and bingo, Mrs. Hoffman opened her many lovely gifts. Dainty refreshments were served.

The following Grange ladies attended: Mesdames Frank Blue, William Dussell, Bill Geddes, Kenneth Keil.
