### Membership **Of 880 On Trinity Roll**

A net gain of 123 new members during the year, bringing Trinity Lutheran Church's total membership to 880, was reported in the pastoral summary released last Wednesday by Dr. E. B. Steen at the congregation's annual meeting.

Thirty-two, including 17 adults, were gained through baptisms, 30 through confirmations, and 149 through application. The report also showed a loss of 88 members due to death, transfer or other reasons.

During the year, Dr. Steen officiated at 26 weddings and 16 funerals and served 2450 communicants.

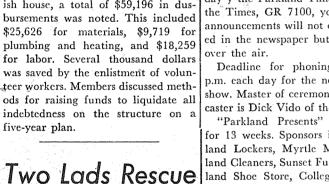

In the annual election, Rev. Lauritz Rasmussen was chosen vice-president; Arne Pederson, secretary; G. R. Young, treasurer; and Mrs. Hannah Roe, financial secretary. Picked as trustees for three years were Arne Sunset, Marv Tommervik and Arne Sunset. Dr. Harold Leraas, Rev. Milton Nesvig and Clifford Korsmo were named to the board of deacons.

Mrs. Esther Davis, Dr. Philip Hauge and Mrs. Joseph Enge were elected as auditors. Ernest Kiesow, J. U. Xavier and Harold Ronning were elected to comprise the resolutions committee.

The congregation voted unanimously to permit the Parkland School to use classroom space in the new parish house as soon as it is completed. The school, through Superintendent Morris Ford, had petitioned for this favor.

At the suggestion of Ludwig Larson, Mrs. L. Rasmussen and August Buschmann, the congregation voted to sell the 11 beautiful lots on Park Avenue between 118th and 119th, with the money to be used for furnishings for the parish house chapel. The lots had been given to the churchseveral years ago as a memorial to Mr. and Mrs. P. T. Larson.

In the financial report for the parish house, a total of \$59,196 in dusbursements was noted. This included \$25,626 for materials, \$9,719 for plumbing and heating, and \$18,259 for labor. Several thousand dollars was saved by the enlistment of volunteer workers. Members discussed methods for raising funds to liquidate all indebtedness on the structure on a five-year plan.

PARKLAND CENTRE DIGS OUT-The morning after the blizzard, Frank Gratias' big building on Garfield street looks almost like Paradise Inn in the middle of winter. However, Ernest Kiesow and Arne Sunset get out their shovels, hop up on top of the marquee, and start uncovering the "centre." In the process, several unsuspecting pedestrians walking underneath get a blizzard right down the back of their necks. This scene is typical of many last Saturday.

OLD DOBBIN DOES THE JOB-Jack Spence shows the gang up at Beitz Service Station at Airport and Pacific how easy it is to make the snow disappear if you've got a "hayburner" to pull your plow. Dumfounded by the demonstration are Jerry Sirles, Ernie Skance, Kenny Evans, owner of the nag, and Fritz Beitz. Other people, not quite so ingenious, resorted to shovels, brooms, signs, and everything else except vacuum sweepers to clear their sidewalks and driveways.

### Tune In KTBI **Parkland Hour** Each Morning

Have you been listening to the new KTBI program, "Parkland Presents?" If you haven't you've been missing some good morning entertainment. If you haven't yet heard the daily half-hour show, tune in tomorrow at 9 a.m. and every weekday morning from now on. You'll enjoy the recorded music, and the news and announcements will help keep you posted on Parkland happenings day by day. All of the news being broacast on

the program is furnished fresh cach day y the Parkland Times. By calling the Times, GR 7100, your news and announcements will not only be printed in the newspaper but will be read

Deadline for phoning news is 3 p.m. each day for the next morning's show. Master of ceremonies and newscaster is Dick Vido of the KTBI staff. "Parkland Presents" is scheduled for 13 weeks. Sponsors include Parkland Lockers, Myrtle Mockel, Parkland Cleaners, Sunset Furniture, Parkland Shoe Store, College Radio and

Parkland Jewelers. Parkland Jeweiers. From time to time, Parkland "cel-ebrities" will appear on the program. Pooch Sings and Plays the Piano A dramatic episode, reminiscent of Midland and Spanaway are not being

of the worst in Parkland's history, her head on both sides. Mrs. Smith recalls that ice skating declares Mary Wilson Smith of East was popular in the early days, with

Airport Road. And she ought to know; she has been living here for 68 years, the lakes, including Spanaway, frozen longer than any other living Parklander.

In an interview with the Parkland Times, she recalled times when there had been a great deal more snow and times when it had been much colder, but she can't remember a more furious storm than last Friday's.

The most snowy winter in her vivid memory is that of 1888. That year, her father once went out on horseback to hunt for his cows and rode right over the tops of the fences on the hard crust of the snow.

Four years earlier, Mrs. Smith recalls, a December storm came up while she was teaching at Clover Creek School, then located on the prairie a mile east of Spanaway. The pupils had to wait at the schoolhouse until their parents came to rescue them. Mary had to stay a week at the Greenlaws.

Finally, Mr. Greenlaw took Mary along with him when he made a junket to Bresemann's Mill on Bucha-

lier's Creek at the north end of Span-Because of the tremendous amount of branches. One branch 40 feet long away Lake. From there, she set out smoke, it was difficult to get at the broke off, bringing with it an array foot across the

## S H EL Frigid Spell **Stays After** Snowstorm

Life in Parkland and the rest of the Pacific Northwest is slowly returning to normal after being turned upide down Friday the 13th by the worst blizzard in several decades and chilled by a siege of sub-zero tem-

For the school kids, Friday the 13th turned out to be a lucky day because there hasn't been any school since. In fact more vacation until at least Monday seems to be in prospect for most of the South End's 3,000 youngsters as the 1950 cold snap lingers on. PLC students, noted for their hardy Viking blood, were the first in the entire county to go back to school, returning to their studies Tuesday morning. All other public and parochial schools in the area have been locked up since about 10 a.m. last Friday.

Most of the snow has been cleared rom main thoroughfares but now the oads are getting treacherously slippery in many places. The school buses will not be sent out until road conditions improve.

A good share of the local organizations have felt the impact of the storm and have had to postpone or cancel neetings, dinners and programs.

The Collins Tots' Club ham dinner, originally scheduled for last Sunday n the school lunchroom, will be staged his Sunday from 1 to 5 p.m. instead. Fickets are 75 cents for adults and 35 cents for children.

Two lectures by Dr. Nicholas Poppe, professor in Russian at the University of Washington, set for Monday afternoon and evening at Parkland, were postponed to an undetermined date. Spanaway Boy Scout Explorer Troop postponed its session at the John Newell home from Jan. 18 to 25. The Brownie Troop, led by Mrs. Robert Van Alstine, postponed their neetings indefinitely.

The Elk Plain Firemen's Auxiliary card party billed for last Friday was cancelled.

If weather permits, members of Clover Creek Post 118, American Legion, and its auxiliary will convene tomorrow evening at the Spanaway Scout Hall and Amy Wormald's home, respectively. The session was to have been held last Friday. If in doubt, call the Arthur Harts, GR 8172.

All three Parkland fire trucks answered the alarm, along with one Home life was also affected by the from the Midland Fire Dept., but snowstorm and its accompanying siege when they arrived, the basement was of frigid weather. Stalled cars, frozan inferno and clouds of smoke were en pipes, disrupted bus schedules, and pouring out of every window and deep snowdrifts posed problems.

Man from Storm

During the late afternoon hours, a middle-aged man walking down Park Troops 30, 33 Compete Avenue, near 113th Street, had become ill and had stumbled into a snowdrift, where he lapsed into a state of semi-consciousness and paralysis.

Several people are believed to have passed by the unfortunate man, perhaps thinking he was drunk. As the storm raged on, the man became more and more covered with snow. and his 6-12. moaning became fainter and fainter.

Then Kenneth R. Willard, 16, of 1001 So. Jay, and his friend, Bill Waldon, 15, of Lincoln Heights happened to pass by and were attracted will also be awarded a prize. by his feeble mumblings. Brushing the snow from him, Kenneth realized that the man's right hand was almost frozen.

After finding out from the barber across the street where the man lived, the two youths put their scarves around the man and carried him four blocks to his home. There they treated my Swindland. David Steen also took his hand, first soaking it in cool water and then wrapping it in a warm from taking the final exam. towel.

conciousness, he insisted on rewarding his young rescuers, but they refused to accept anything.

But if the two boys hadn't stopped and helped, the man may have died and been buried for several days under a blanket of snow.

**BRIGHTEN** Your Days . . . LIGHTEN Your Work ... SAVE YOUR DOLLARS In the Gleaming Beauty of Lustrous Tiling

TILEMASTER individual tiles, deep beveled and heavier gauge, cannot be mistaken for grooved wallboard or painted surfaces. A choice of thirty richly Instates for grouved wandoard of painted strates. A cloce of thirty item lustrous colors, molded into tile, cannot chip, peel or scratch off. Plastic coved base and outcorners make an all-tiled, color harmony appearance (no makeshift substitutes). TILEMASTER walls are sparkling . . . easy to clean . . . economically installed over old or new walls.

Just a note to remind you that starting next week, I'll be making your milk deliveries on the same days each week. This new stream-lined delivery service means that you'll get your milk every Monday, Wednesday and Friday-or Tuesday, Thurs-day and Saturday-without change.

This DEFINITE-DAY DELIVERY plan has several advantages. You won't have to be "memory juggling" and order-switching

all the time to keep up with alternating delivery days. You won't have to wonder about when to put the bottles out or stay home and take them in.

As there will be no Sunday deliveries, I won't be disturbing you with rattling milk bottles or delaying early outings while you wait for the milk.

I want you to know, too, how much I ap-preciate having Sundays off. I can attend church regularly . . . spend more time with my family, and have some spare time for other recreation and relaxation.

To help you plan your orders for the DEFINITE-DAY DELIVERY system, I'll leave a suggested schedule at your house.

Yours for better service,

milken

#### SQUARE BOTTLES ... MODERN PROCESSING ... **MAKE MILK-STORAGE EASY AND SAFE**

THE DEFINITE-DAY DELIVERY system and elimination of Sunday milk service is a step forward for the milk industry of Tacoma.

You can help your milkman and dairy and prevent delays in delivery by leveling your orders of milk and creamery supplies through the week. With modern methods of pasteurization and refrigeration, milk will keep perfectly for several days with no loss of freshness or quality. Square bottles require less space and enable you to store sufficient milk for 3 days without difficulty.
