

Saturday's bazaar and festival was another addition to our growing list of successful and profitable ventures. The efforts of the ladies were well rewarded and they are to be commended. Particular mention goes to Mrs. Kay Smith, who worked for three months preparing items for sale. Her work was flawless and the quality was of the best. The fact that she is in poor health did not deter her enthusiasm a bit. We are indeed fortunate in having such a willing and conscientious worker in our midst.

The Auxiliary is preparing to order their colors in the very near future. Let's go, men, we need just a bit more for ours. Let's go get it.

Next meeting is Friday, May 14. We will all meet at the Sunshine hall and go from there to the Fourth District conference at Rhodes Post in Tacoma. We'll go as a group, utilizing whatever transportation is available.

**Postal Notes  
from the Parkland  
Post Office**

**Try These**  
And speaking of postal notes, have you ever tried this convenient way to send money through the mail? These notes can be had in any denomination from 1 cent to \$10.00 and no application is required, such as with money orders. The fee is a straight five cents each, and a receipt is retained the same as with the money orders. Persons having several small accounts to pay will find this an inexpensive method. There is no waiting for orders to be written. The notes can be taken home and the names of the payees filled in at leisure. Our clerks will be glad to explain fully at any time.

**Error**  
Among last week's items was a note on the forthcoming Wisconsin statehood commemorative stamp being available about May 10. Please forgive me, I was all wrong on the date. June 10 is the correct date. Another 3-cent commemorative coming at the same time, honors the four chaplains who sacrificed their lives in the sinking of the S. S. Dorchester during the late war.

**Parking Problem**  
Note to motorists: At times quite a few cars of post office patrons are parked around the place. Those drivers who pull up in the left hand lane create a traffic jam. It would help if they would park properly. Or maybe I'm just being fussy.

**Cards for Mother**  
The air mail special delivery service will get your Mother's Day cards to most U. S. cities Sunday if mailed by Thursday evening. All coast points should be reached if cards are mailed Friday.

**Air Mail from Germany**  
Effective May 1, civilian air mail service was inaugurated from Germany to the United States. This service is from the United States and British zones. Besides business letters, German air mail sheets are available. Persons in the U. S. wishing to supply postage to folks in Germany can purchase international reply coupons at any post office for 9 cents each. Two of these will get a German air letter sheet.

**Air Parcel to Norway**  
George Olson was the first patron of the Parkland office to take advantage of the new air parcel post service to foreign countries. He wanted quick delivery on a package to kinfolk in Norway, and you can bet he got it. The package was mailed Saturday morning, and the schedule called for delivery on Monday, three days later. See you next week—Bro. B.

**South End  
Sports . . . .**

A home run on the first ball pitched, hit by Bob Lynd, first batter up for the Parkland fire department, gave the Parklandites a fast start in their 24-12 victory over the Spanaway fire department Sunday.

The seven-inning game was the first game of the season for both teams. Much of it was played in the rain.

Lineups are as follows:  
**Parkland:** Jim Dammel, pitcher; Ozzie Ellingson, catcher; Clarence Marsh, first base; Ed Larson, second base; Bob Lynd, shortstop; Gay Kegler, third base; Carl Ellingson, left field; Woody Cline, center field; Eldon Cook, right field; Fred Danielson, replacement. Woody Cline pitched the last inning for the Parkland nine.

**Spanaway:** Merle Prettyman, catcher; Grant Fogle, center field; Don McLellan, pitcher; Jim Gray, first base; Lee Davis, left field; Niel Gallagher, right field; Bob Van Alstine, second base; Bob Rhone, shortstop; Merritt Shandrow, third base; Ralph Davis relieved the pitcher during the first of the sixth inning.

Neither team has any further games scheduled as yet, although the Parkland fire department hopes to play a game a week with various other fire departments.

Earlier in the day, the two fire departments had joined forces in fighting a fire at a house in Spanaway owned by Thorn Tibbets.

The Spanaway fire department was called too late to save the house but managed to save the barn, a woodshed, and half the furniture. A fire truck from Parkland was sent out to help supply the much needed water. The cause of the fire is still undetermined.

Playing on the college team are Pete Peterson, Lowell Wahlhuetter, Jack Guyot, Jack Ostrander, John Jurkovich, Stinar Gorud, Don D'Andrea, Paul Pollow, Jerry Jurkovich, Claude Hunskor and Dick Weathermon.

The Meatgrinders trounced the Yankees, another intramural team, 14-0, Tuesday.

**Parkland in Top Spot**  
Parkland is in the top spot in the Pierce County Junior High Baseball League with 3 wins and no losses to its credit. Midland is second with 1 win and two losses, while Dupont is third with no wins and 2 losses.

A game between Dupont and Parkland at the Parkland school today will wind up the season for Parkland. Midland and Dupont have a game scheduled next week.

**Junior High Track Meet**  
The Pierce county junior high track meet will be held May 19 at Pacific Lutheran College and will begin at 1 p.m. Midland, Dupont and Parkland will all be participating. Parkland won the trophy for first place in the meet last year. If the school wins again, it will get to keep the trophy permanently.

### Help Needed - Now!

There is a job to be finished in Parkland. It is a big job, too big for just a few civic minded individuals to do. The War Memorial committee of the Parkland Community Club is attempting to raise \$3,000, the amount needed to put fencing around the two concrete tennis courts, and to finish the drinking fountain.

Too often, such civic enterprises are left to the few persons who are willing to spend extra hours for the community. This time they can't do it alone. They need workers to assist them and they need them badly.

The War Memorial belongs to you. Show your appreciation of those who died in World War II by helping Parkland complete this project.

A meeting of all workers on the War Memorial committee will be held at 7:30 p.m. Monday in the Parkland school. It is open to anyone interested in helping out. Be there, ready to take on a worthwhile task.

There is a job to be finished in Parkland—the time to do it is NOW.

## Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employes, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

\*This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Engineers, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

**Unions refuse rules discussion**

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

**Greater wage increase not justified**

Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

**Who's to blame?**

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

### Things You Should KNOW

#### ABOUT YOUR LAWN MOWER

When properly precision ground and with occasional adjustment your mower will cut perfectly for at least two seasons. Don't have your mower sharpened when all it needs is adjusting. Every time it's sharpened its life is shortened. An inexperienced machine operator can shorten the life of your mower by years in only a matter of minutes. Why take chances? Call us for an inspection of your mower. If it doesn't need sharpening we will gladly show you how to adjust it. If it does need sharpening, then here's the place to have it done.
