

Go to Your Favorite Church Easter Sunday

TRINITY LUTHERAN

The Resurrection Message of Easter will be proclaimed at three services to be held during the forenoon at Trinity Lutheran Church in Parkland at 122nd Street and South Park. Two of these services will be identical services except for the special vocal selections.

The identical services are scheduled for 9 and 11 a.m. "Easter Discoveries" is the theme chosen by Dr. Steen for his message at these services. Dorothy Brann Malmin will use as her organ numbers: "Resurrection Morn," by Johnson; "Easter on Mt. Rubidoux," by Gaul; "Easter Day," by Mallin, and "Alegró Con Molto," by Guilment. Gudrun Ness Ronning will sing, "I Know That My Redeemer Liveth," by Handel, at the early service. The choir will sing, "Break Forth Into Joy," by Barnby, at the second service. Added musical features will include a trumpet prelude by Paul Steen and a violin offertory by Gary Malmin.

The Sunday School will be in session as usual at 10 a.m. The new Parish House will be in use with 27 classes meeting in the completed classrooms which the building provides. The Junior Festival Easter Service is at 11 a.m. Pastor Roe is in charge of the service and will deliver the Easter message for the junior congregation.

The final Easter service, a baptis-

mal service, will be held at 4 p.m. Arrangements for the baptism of children should be made in advance at the church office.

HARVARD COVENANT

Theme of tomorrow night's Good Friday meditations at Harvard Covenant will be the Cross.

Easter festivities will get to an early start as members join those from six other congregations in a sunrise service at Spanaway Park. The Sunday School will stage a special Easter program at 9:45, and at 11, Rev. Robert Bodin will speak on "The Lord Liveth." The youth choir will sing. An evangelistic service will cap the day at 7:30.

SPANAWAY FULL GOSPEL

Since "Spanaway Full Gospel Tabernacle celebrates Easter every Sunday, no extra special service is planned for this Sunday," Pastor Stanley Weddle commented to the Times.

However, at the regular worship the pastor will speak on "The Miracle of the Resurrection," and there will be Easter music by the choir. The church is participating in the sunrise service at the lake.

PARKLAND LUTHERAN

Topic of Rev. Walther Gullixson's sermon at Parkland Lutheran Church at its Easter festival service at 10:30 a.m. will be "The Stone Was Rolled Away." There will be special music by the choir and soloists.

On Good Friday, at 11 a.m., a

A representative from Puget Sound Power & Light will be present to explain his company's position and will answer questions from the audience. The meeting is sponsored by a committee appointed by the Spanaway Progressive Community Club, with Herman Fuchs as chairman. Spanaway has been completely "in the dark" since last fall.

special order of worship will be used. Communion will be administered tonight at 8.

PARKLAND METHODIST

Easter Sunday will be a day of rejoicing at Parkland Methodist Church, marked by special Easter music by the choir, adult and children's baptisms, and the reception of new members. The pastor, George W. Cooper, will follow up the Palm Sunday sermon with the theme, "The Meaning of Easter."

In the church school at 10 a.m., the children will observe the day with Easter stories and songs.

SUMMIT METHODIST

Summit Methodist's week-long observance of Holy Week will be climaxed Sunday evening at 7:30, with films depicting the risen Christ, the resurrection days and the 40 days till His ascension.

Each night since Monday, special Lenten services have been sponsored by different organizations — official board on Monday, WSCS on Tuesday, and church school last night. Tonight the Brotherhood takes over, and tomorrow night, Youth Fellowship. Each group furnishes three numbers giving five-minute talks.

Each service has also featured film strips, with 400 pictures in the series. There will also be an Easter service at 11 a.m. Sunday, with Rev. John Butler delivering the message and the choir singing special music.

ELK PLAIN COMMUNITY

The Easter services at Elk Plain Community Church will be held in the Grange Hall, with Communion to be offered. Sunday School will also convene in the Grange Hall. Everyone is invited to attend.

PRAIRIE MISSION

The annual Easter program will be held at 10 a.m. this Sunday, April 9, at Prairie Mission Sunday School, South 109th and Yakima Streets.

The Sunday School from the beginners class to the adult class will take part, the program being directed by Mrs. Lloyd Nord and Mrs. Lou Benit. Special numbers will be presented by the Junior Choir which is directed by Mrs. Lou Benit. Mr. Clayton R. Milligan is the superintendent.

Daff Float Is Good Publicity For Parkland

Although Parkland's attractive float won no prizes in last Saturday's Puyallup Valley Daffodil Festival, it did help focus attention on the prosperous suburban community.

The float was decorated with 13,700 daffodils, although the committee in charge had originally asked for 20,000. Mounted on the back of a truck, it featured a picturesque gate and a replica of Mt. Rainier, carrying out the new slogan of the Parkland Community Club, "Parkland, Gateway to Paradise." Lois Overland and Lillian Nyberg, ninth graders, were aboard, togged in ski clothes.

The entry was the product for three weeks' work, with all the finishing touches being put on last Friday evening at Beitz' Garage, with over 50 Parklanders turning out to help. All labor, including construction of frame, creating the snow-capped mountain, dyeing flowers and placing the 13,700 blooms, was donated, as was money to pay for the flowers and other expenses.

The committee was composed of Clinton Williams, chairman; Don Waddell, design; Bryan Logan, finances; Mrs. Robert Thomas, labor; and Mrs. J. F. Graham, placing of daffodils and creation of white mountain-top.

Groups which contributed were Boy Scouts, Violet Prairie, Monta Vista and Crystal Springs garden clubs, Pre-school, American Legion, Parkland PT-A, Kiwanis, Parkland Fire Department and Firemen's Auxiliary, and Parkland Methodist Church, which donated its basement for a coffee hour after the daffodil-placing session.

Merchants who helped with the finances were Alvstad's Market, Barrett's Market, Gasolene Alley, Sunset Furniture, Stella's Flowers, Parkland Men's Shop, Myrtle Mockel, Parkland Shoe Store, Western Auto, Parkland Fuel Oil & Service, Parkland Pharmacy, Daniels' Hardware and Pochel Distributing.

Also Jim Lewis Richfield Service, College Dress Shop, Art's Shoe Repair, Parkland Jewelers, Halvorsen, attorney, Parkland Beauty Shop, Johnson Drug, Blue Rustic, Mel Pedersen, contractor, Parkland XXX Drive-In, Parkland Grill, Blue Spruce Service, Daniels Barber Shop, Margie's Beauty Salon, Danielson Insurance, Mt. View Cleaners, Atlas Lumber, Anderson Lumber.

Parkland Donut Bar, Parkland Cycle Shop, Jensen Barber Shop, Garfield Variety Store, Clover Creek Market, Parkland-Brookdale Electric, Golden Slipper, Smith's Market, Eastvold & Hicks, attorneys, French Garage & Towing, Beitz Service & Garage, Allen's Sport Shop, Ryker Painting & Decorating, Wapato Welding Works and the Parkland Times.

Pre-school To Hear Nielsen

The Parkland Pre-school will hold their regular meeting Monday, April 10, at 8 p.m., in the kindergarten room of the school. The speaker is to be Miss Anna Marn Nielsen, director of teacher training at Pacific Lutheran College. Her topic will be "Getting the Child Ready for School."

Mrs. Stanley Reynolds, president, invites all members and parents of children in kindergarten or who will be in kindergarten to attend.

The following Junior High School girls will sing: Diana Brown, Marilyn Krumm, Dianne Smith, Mickie Cheesman, with Mrs. Mabel Galbraith, accompanist.

Election of officers is to be held during the business meeting with Mrs. Sam Brown, vice-president, presiding.

Refreshments will be served after the meeting by hostesses: Mesdames Richard Simpson, chairman, James Turner, I. L. Underdahl, Earl Goodman, Al Greco and H. E. Mobley.

The Well-Baby Clinic, a clinic sponsored by the Parkland Pre-school, will be held Thursday, April 20, in the basement of the Parkland Methodist Church. Registration of new babies will start at 9 a.m.

This clinic is for all well babies up to and including kindergarten age. Local doctors and nurses will be in charge. The babies are given a thorough check-up and necessary shots. For further information, call Mrs. Richard Simpson, GR 5357.

Mr. and Mrs. Oliver Omat and family and Mr. and Mrs. M. L. Kirby were dinner guests of Mr. and Mrs. H. F. Pillsbury on Monday, March 27. The occasion was Mr. Omat's birthday.

April Fool Page Causes Uproar; Fret No More!

Parkland did not incorporate. The Lake Park Club didn't endorse the Spanaway water system. Parkland Fuel Oil & Service didn't give 15 gallons of gas with each lube job. And Don Eastvold isn't chasing flying saucers.

In his quest for hilarity in last week's Times, the editor neglected to properly label page 2 with a big "April Fool!" As a result, he understands that some confusion resulted among his reading public.

If the articles and ads caused any undue embarrassment to anyone, the Parkland Times sincerely apologizes and trusts that everything will return to normal before April 1, 1951.

Perhaps the victim of the most elaborate April Fools gag in the South End was the Times editor himself. Cooperating in the gigantic hoax were the entire force of the Times and the LaCrosse Printing Co. (except the editor), three attorneys and a couple local businessmen.

The editor arrived at work bright and early to begin work on this week's paper. In mid-morning, a well-dressed stranger walked in and served him with a summons to the superior court. The complaint, decked in authentic legal terminology, stated that Paul Arlton, defendant, had "through evil motive, malice and ill will towards the plaintiff, willfully, wickedly, wrongfully, and with intent and design to injure, disgrace, and defame the plaintiff, published a libelous, malicious and defamatory article, etc."

Midland Club Meets April 12

Midland Improvement Club will meet Wednesday, April 12, at 8 p.m. at the Midland hall. After a short business meeting, forty minutes of comedies will be shown. Everyone in the community is cordially invited, especially the youngsters.

The H. M. & L. Fire Department Ladies Auxiliary honored Mrs. William Shanahan last Wednesday evening with a "pink and blue" shower. The party was held at the Fire station at Midland and the evening was spent playing "Give and Take" bingo. Those attending beside the guest of honor and the hostesses, who were Bea Turner, Nonie Hartley, Cammie Christel, Harriet Bergmann and Agnes Thompson, were Alma Gemmill, Viola Bombardier, Evelyn Jensen, Edith Roley, Bessie Bain, Fran Johnson, Eileen Swolgaard, Verna Weeks, Helen Robinson, Betty Weeks, Joyce Peterson, Cora Taylor and Lois Johann.

Parklander to Run For County Sheriff

C. G. Brown, better known as "Doc" to his numerous friends, announced this week his candidacy for sheriff in the forthcoming elections.

The reason for such an unusually early announcement, stated C. G. Brown, is: "I am making this early announcement of my candidacy so the taxpayers may have an opportunity and chance to investigate and know me and my qualifications for the job."

After Brown's discharge from the U. S. Army, following World War I, he was a police patrolman in Oregon.

Then, prior to coming to Pierce county, he was with the United States Police Department of Washington, D. C. Since residing in Pierce county, "Doc" Brown has followed with interest the activities of the various police departments and especially that of the sheriff's office. He has noticed that newer methods should be instituted in this very important department and has stated that he would, if elected, institute the needed changes to make it a modern and efficiently working department. He would make it a service to the taxpayers and not a "leech," content with accepting taxpayers' money.

"Too Much Bickering"; Harry Smiths To Leave Spanaway

Friends and Citizens of Spanaway Community:

It was with a mixed feeling of joy and regret, that on Tuesday, April 4th, I tendered my resignation to the Spanaway Progressive Community Club as its president. First with joy that I am soon to be basking in the warm sunshine of southern California, and second, with regret that I am leaving a fine group of loyal friends.

There are several reasons for my departure from this community and among them, a strong desire to live in some town where a greater spirit of peace and harmony prevails, perhaps a greater degree of progressive and modern mindedness.

Here in Spanaway, is a natural setting which could, with some few improvements, become one of the most beautiful little towns in the northwest and perhaps will so become such a place in the future years. But with endless bickering by small minority groups who fight every move toward improvement, such progress is slow.

I have tried to see what good reasoning is behind such bickering if any, and I can only come to the conclusions that most of it is due to certain people trying to feather their own nest; some of them are afraid someone else will make a few bucks, some are property-poor with a flock of rock piles they are afraid will cost them a little taxes, and some are just jealous of someone else's name in the paper.

Let me state here and now, that nothing is gained free of cost, but everything you get will eventually have to be paid for. However, few of us realize we are paying it anyhow without the improvements.

Do you own a well and pump? Is it worth \$600? Will it last ten years without any repair? How much did that cost per month? My figures show it to be \$5 per month. Is that better than plenty of water from a public system at \$3 per month plus adequate fire protection? Think it over.

Yes, I am leaving, and I want to thank all my friends for their loyal and friendly help with the Community Club, and with the wish that Spanaway will wake up and get behind those progressive-minded citizens who are trying to put Spanaway on the map. Get together in harmony and quit slinging mud at those who have the intestinal fortitude to at least try for what they know is right.

Yours for a better community in the not too far distant future.
HARRY W. SMITH

C. G. (Doc) Brown has resided in Pierce county since 1921. Many of the citizens of Pierce county got to know "Doc" Brown when he was engaged in buying cattle and many others have known him as a successful farmer.

Harry W. Smith, for the past several years a civic leader in Spanaway, this week turned in his resignation as president of the Spanaway Progressive Community Club and disclosed that he and his wife were leaving the dissonant community within a month, in favor of peaceful and progressive California.

Smith will leave a number of other vacancies. He has been active in Parkland Post 228, American Legion, and is now serving as adjutant, publicity

chairman, and institutional representative for the Explorer Scouts. He is also a member of Clover Lodge 91, F. & A. M., and White Clover 31, Eastern Star.

The Smiths have lived in Spanaway since 1947. They lived in Loveland between 1939 and the beginning of the war. In 1939-40, Harry was scoutmaster of Spanaway Troop 34, and in 1940-41, he was Boy Scout commissioner for the entire Mt. Rainier District.

During the war, Smith spent 29 months in the China-Burma-India theater as both an enlisted man and an officer. He was awarded a bronze star.

Three Spanawayites Comment On Editorial About Water Deadlock

Editor, Parkland Times:

Since the Times has taken a stand editorially on the Spanaway water issue, it may also be of interest to your readers to know what objections caused so many people to be against the bonds.

We understand 51% of the property owners must sign before assessments can be made. This is to also form a Utility Local Improvement District. We are in the dark as to how much power this would give the commissioners to bring future expense on the property owners.

It would take a hundred water users at \$3 a month to pay the wages of the water superintendent. How would we pay interest and retire bonds unless everyone used the water, and how would this be brought about? We know the bonds and interest amount to more than the assessed value of the entire water district. We don't know how much the water might increase the assessed value and taxes.

The insurance reduction from the fire hydrants would amount to only about 10%, and any increase in property value would be pitifully small in comparison to cost. We now have water we can use at will, and it hasn't been found unsafe, although the Health Department's standard is for a public system.

It may be necessary to pay the promoting engineer \$26,000 even if actual construction goes to a lower bidder. But we do not think it necessary to scatter a huge system for us to grow into.

Personally I like Spanaway as it is, but I wouldn't wish to keep it from going ahead. However, I sincerely doubt that the proposition as offered with its ULID is anything more than a promotional scheme and future headache.

C. E. FOSTERLING,
Box 92, Spanaway, Wash.

property owners in the right way and point out to them the dangers of contamination and diseases from shallow wells too close to cesspools or septic tanks, I am sure 99% of them will cooperate as they all want to protect their loved ones.

For fire protection, I would suggest a reservoir or standpipe near our present fire house, and pump the water from Spanaway Lake. Now don't say it can't be done; it can. Put fire plugs where practical.

At this time, I want to express my most sincere respect for the Spanaway volunteer firemen. They deserve it; they give you their time gratis and don't expect a reward.

Note: I am not a die-hard. Let's hear some more suggestions.
A. W. KINTZ,
Fifth and Lakeside.

Editor, the Parkland Times:
In your editorial of March 23, you stated that the election results of the Spanaway Water District were regrettable.

It seems that when criticism is offered, it becomes constructive or destructive to certain individuals or pressure groups. Evidently, the criticism offered so far has become somewhat constructive to the people of the Spanaway Water District, as borne forth by the results of the last election.

Communities progress, yes, but not safely without practical, sound foundations, and most certainly not by haphazardly spending money or jeopardizing any taxpayers. Have the proponents told you of all the actual costs, such as the total amount of interest on bonds, depreciation, or bond retirement and expense? Have they pointed out to everyone, the homes are spread too far apart to make a water system of this size feasible?

Take a good look into the past of the community in which you now reside, then ask some of that community's pioneers how it got its start. Bear in mind, also, that many of the pioneers in this community are offspring from the Parkland community.

It is evident that the editor is not familiar with the laws and such legal data concerning an enterprise of this sort, or perhaps he should back up and take another good look. Is he going to help pay our taxes, our assessments, water bills and any failures that may come up? If not, how would he do it?

It is easy to give away to idle fancy, but another matter to face the real thing.

The picture of a non-profit mutual system would be far more promising and fair, than some unfortunate plan which could bring a nightmare of taxation and public expense to our community.

Wishing the best of welfare to your community and constituents, we will always be,

Yours sincerely,
LAKE PARK CLUB,
Ed J. Reed, president.
E. W. Rau, vice-president.

To Aid Voters

In hopes of wiping away the confusion that resulted from the formation of 11 new precincts in the South End, the administrators of the Franklin Pierce school district have offered to help Auditor Jack Sonntag straighten out all difficulties.

Superintendent Morris Ford points out that the district lost in the neighborhood of 200 votes in the recent election because people were assigned to voting places outside their own precinct. In some cases, husbands and wives voted at different places.

Everyone who had any trouble voting is urged to send his correct name and street and mailing address to the nearest Franklin Pierce school or to the superintendent's office at Box 827, Parkland. If you like, send this information to school with your child.

The administrators will go through all of the cards and classify them by precincts and relay them to the county auditor's office. The auditor will send cards to these people informing them of their correct precinct.

All may help the Red Cross—have you?

Paul Bunyan Rifles

The regular monthly session of the Paul Bunyan Rifle and Sportsmen's Club this Friday at Midland Hall will feature a report on big game and a report from the state sportsmen's council.
 The George Olson trophy will be presented to Philip Martin, the winner. Coffee and sandwiches will be served after the meeting.
 Miss Pat Mulligan is recovering in the hospital from injuries received in a recent auto accident.

Local Scouts to Act In Big Tacoma Circus

Boy Scout Pack 33 of Parkland will have a stellar role in the Scout circus to be presented at the College of Puget Sound fieldhouse April 14 and 15.
 Dr. Robert C. Olsen of PLC is directing the boys in construction of a "steaming dragon of un-Americanism." Scouts from the local pack and other units will be dressed as knights in armor and will wage battle with the dragon.
 From Parkland also will be Scouts from Troops 30, 33 and 42, and Explorer post 228 as participants in the 101-minute show of thrills and skills, according to Program Chairman Thomas W. Lantz. Troop 34 and Pack 34 from Spanaway will take part in such acts as the Indian war dances, grand parade of flags and banners, the costumed zoo from Noah's Ark, and in obstacle races and contests of wood-chopping and fire by friction.
 First to be presented in Tacoma in nine years, the show is being staged for the benefit of the Mt. Rainier Council of Boy Scouts. Local units are members of the council.
 Howard Gregory, ticket sales chairman, said a large number of the South End Scouts will engage in a house-to-house drive to urge residents to attend the circus.

 The station, now located in the basement of the school, has between three and four thousand books. Its circulation during the cold month of February exceeded 1,100. A drive will soon get underway to build a new library building for Parkland.
