WHAT'S

M. J. Sullivan, your Telephone Manager for Parkland

Parkland Round-Up - a Community Service

Pacific Telephone Company congratulates the Parkland Roundup for the splendid program they have embarked on to promote the growth of Parkland's playground facilities. This is a distinct service to your community, partic-

ularly for the youngsters, and since we are a service organization also, we fully appreciate the benefits that will be derived from this worthy program. We will do our part to assist Parkland in this activity which is necessary for continued community growth.

Where safety is always in style

The man inside the strange garments (at right) put them on to show you the wide variety of safety devices we use today. Of course, it isn't likely a telephone man will need all this equipment on any single job. But whatever the job, telephone men have the safety devices and techniques they need. Making safety our style pays off for you. For we think a job must be safe to

be good. And only good jobs can hold the capable people needed to bring you more service, dependable service, at lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

Save time-look up numbers before you call

You know, telephone numbers have a way of getting twisted when you rely on memory alone. So, to make sure you get right numbers the first time you call, look in the telephone book for those you're doubtful about. And to help you keep handy the numbers you call most often, we'll be glad to send you a free booklet to list them in. Get your copy by calling, writing, or dropping in at our business office.

Chairmen, announced today.

The American Legion's plans for the observance include a Memorial service at the Parkland War Memorial across from the Parkland Grade school. Services begin at 10:30 a.m., Monday, May 31. The public is invited.

Memorial Day, the day when the nation honors its war dead, dates from 1868, the chairmen pointed out. General John A. Logan, then Commander-inchief of the Grand Army of the Republic, issued the order designating May 30th as a day for "strewing flowers or otherwise decorating the graves of soldiers who died in the defense of their country—.

World War I and II, gave Memorial Day an added significance. The Korean Conflict added still more in its struggle against Communist domination. Now Memorial Day means more than just honoring the war dead. It means that the men and women on the battlefield are not the only ones responsible for protecting the country
