SAGA

THE BEAUTY AND GRANDEUR of Norway, with her lofty mountains, deep blue fjords and woodclad valleys, inspired such masters as Grieg, Ole Bull, Sinding, Kjerulf, Nordraak, Reissiger, Borg and many others to express themselves in song and music. They contributed compositions of lasting beauty that rightfully belong among the finest the world has produced. Singing has been the heritage of the Norwegian people since the days of the Vikings. In towns, villages and farm lands singing societies were formed for young and old and it was in Norway that male chorus a cappella singing was developed to the high level which has been used universally throughout the years.

In America, as in Norway, the characteristic Norwegian love of song and the ability to organize has manifested itself in male chorus work which has forged a strong link in the bond between those of Norwegian birth and those of Norwegian ancestry.

To further the culture of group singing on the Pacific Coast, representatives of various choruses met in Seattle in 1902 and organized the Pacific Coast Norwegian Singers Association.

The first Sangerfest was held in the City of Everett in 1903. This is the fiftieth Sangerfest and the first to be held in the City of Eugene.

Best Wishes for a Successful Sangerfest

Governor's Greeting

It is with the utmost of pleasure that I welcome the singers of the Pacific Coast Norwegian Singers Association to Oregon. It is especially a pleasure in that you chose Oregon for your Golden Anniversary in our Centennial year.

I regret that it will be impossible for me to attend your opening ceremonies on Thursday evening, August 14, in Eugene. Other commitments prevent this.

While in Oregon, take advantage of all it has to offer, and if time permits, attend the Centennial celebration in Portland at the Centennial fairgrounds.

It is my sincere hope that your Sangerfest will be a big success, and I invite you to come back soon.

Cordially,

Mayor's Greeting

To the members and delegates of the
Pacific Coast Norwegian Singers Association

All of us here in Eugene are honored that you have chosen our city for your 1959 convention. On behalf of the citizens of Eugene it is my pleasure to welcome you and to hope that your stay here will be a pleasant one.

Eugene is a friendly city, a city of homes, churches and parks. The University of Oregon and Northwest Christian College are located here. You may enjoy visiting their campuses or seeing our new library and courthouse.

Again may I say how pleased we are to be your host city. We hope your convention will be a success and that you will return soon.

President's Greeting

Welcome, brother singers and visitors, to Eugene, Oregon, for the Golden Anniversary Sangerfest of the Pacific Coast Norwegian Singers Association.

This has been the shortest year of my life and I might add, the fullest. The task of arranging a Sangerfest is no secret to a lot of you, but our work has been made lighter because of the splendid cooperation of everyone contacted.

It is my sincere hope, this Sangerfest, both musically and otherwise, will measure up to your expectations.

I consider it an honor and a privilege to have served you for your 50th Sangerfest and especially in Oregon's 100th year as a State of this great Nation.

Program Notes

HAV (The Sea). By the beloved composer, Oscar Borg, the hundredth anniversary of whose birth was observed in Norway last year. The boisterous yet sentimental soul of the sailor yearns to follow the sea gull's graceful flight over the boundless blue.

STRIDSBON. This prayer by Lindblad, one of Sweden's foremost composers, is an Invocation to the Almighty for strength and steadfastness in trying times.

NAAR FJORDENE BLAANER. It is striking that this lovely song, a favorite with Norwegian singers in the homeland as well as in our country, is the work of an American citizen, Alfred Paulsen, who was active in Norwegian singing circles in Chicago a generation or so ago. The song reaches a solemn climax in the prayer "God bless thee, dear Norway, my beloved Land."

DEN STORE HVIDE FLOK, "THE GREAT WHITE HOST."

Behold a Host arrayed in white, like thousand snow-clad mountains bright. Their voices they in worship raise, before the throne of God, "mid Angels" song of praise! This religious poem is from the prolific pen of the Bishop H. A. Brorson (1694-1722). The music, a Norwegian folk song arranged by Grieg, is one of the finest examples of Norwegian sacred music.

LANDJENDING (Land-Sighting). The poem is by Norway's great writer Bjornson and the music by the immortal Grieg. It is one of the most popular male chorus songs in the world, depicting the young Hero-King Olav Trygvason's return to his native Norway and the first impression of land he and his followers got from the gleaming mountain peaks and thundering waterfalls as they sailed in through the deep blue fjords in the shimmering sunlit air. In the solo the King gives profound expression for his belief, that here was home and here he would raise the Cross which should lift his spirit high and strong like the mighty mountains! His men intone the prayer, carrying the song to a grand soul stirring finish.
