ATTENTION TIME CHANGE

Greetings!

I hope everyone had a wonderful Christmas holiday, and I wish a Happy New year to everyone!

Don't forget to bring some items to the January meeting for our silent auction! And please bring your painted boards for Fritjov Lodge. They are excited to see what we have done!

Thanks to everyone who has served on the board and in committees during 2013. I attended Marilyn Hansen's mini-workshop which was great fun.

The kolrosing plate we purchased from Judy Ritger for our auction is gorgeous. Here is what she says about this technique on the North House Folk School website:

Kolrosing, or "painting with coal," has its roots in Viking traditions. To kolrose an object, students use a specially designed knife to incise a fine line onto wood, and then rub dust (traditionally coal, now coffee) into the line to bring out the design. This simple method can be used to add a folk flourish to any wood craft- plates, spoons, bowls, furniture, skis and more.

See you soon!
Roberta
