Benston Grange

Benston Grange No. 892 voted to go ahead on a suggested building project of the regular meeting on March 22. The project, sponsored jointly by the Grange and the Grange Auxilliary, includes needed improvements to the present sewer system and additions to the present building.

A large group of Benston members recently received 5th degree (Pomona) initiation. They were Dennis Doohan, Jr., Arnold Baardson, Mr. and Mrs. Henry Hulscher, Mr. and Mrs. Floyd Corin, and Mrs. Albert Nelson; 3rd and 4th degrees have been received by Mr. and Mrs. Ray Owings and Robert Tyler. Recently receiving 1st and 2nd were Walt Wickland and Rodger McDonald.

The Grange elected H. A. Daberman as gatekeeper, replacing Clem Barker.

During Lecture Hour, a skit, Keep Washington Clean, was presented by members. Participating were Irving Furro, Jack Rinkel, Dean Thorson, Mr. and Mrs. Bryan Dalin, Mr. and Mrs. Harold Jacobson, and Emil Lauberg. The Benston quartet made its first appearance this year.

Parkland Fire Department News

Are you willing to help your community and your neighbors, enjoy a fire-safe year? If you are, there are some very important things you may do to make it possible. Is your garage clean and free of old boxes, scraps of wood, old tires open paint cans, all these things are very dangerous unless kept under the proper control? Check your overhead storage and eliminate all the unnecessary things that you know you won't be using, but somehow you manage to keep over the years.

If you have to have gas on hand for power mowers or outboard motors, please keep in an approved can so that it will not spill and create a fire hazard. Do not store gas in glass containers as they are subject to heat and breakage and are extremely hazardous.

If you use your garage for a workshop be sure all machinery is shut off, and extension cords disconnected before you leave. These are only a few of the everyday hazards found around the home. In the future we will point out more fire-safe tips; please look for our news items as this is the only means we have of reaching the people of Parkland. Remember our new fire number, LE 1-2511; for all other business, LE 7-8530. Fire Prevention Committee.

Spanaway Program In Rewarding Year

With our winter recreation program slowly coming to a halt, ending another record year of attendance to provide facilities the Spanaway Recreation Committee wishes to thank again those who made it possible and a fact.

Active in the movement, in groups and individually, have been the following: District 403 and County Recreation Department; Dick Fraser, Les Coos, Earl Platt, Mrs. Robert Clemons, Susan Miller, Ed Neihl, Robert Clemons, Robert Trask, Bob Schriver, Phil Zurfluh, Bim Wainhouse, Merle Prettyman, Dave Newell, Ed Haines and wife, Art Hallgren and wife and Byron Parker and wife. Some one of this group made personal contact with you or part of your family; 3000, young and old, have passed through their hands.

Bill Righetti,
President Spanaway Recreation Committee

GRANGE TO MEET

Benston Grange will meet April 12. A film, "Saga in Sugar," which concerns the state's sugar industry, will be shown during the lecture hour. Other interesting program features are planned by Lecturer Bryon Dalin.

Thanks!

I wish to thank Fire Chief Ashley Butler and the Summit Fire Department for the wonderful work performed by them at the recent fire which threatened our property but was held to a minimum by their promptness, efficiency, extreme hazara and hard work. I would also like to thank several neighbors who helped at this time.

W. P. Dowie, 9807 East Pennsylvania Avenue.

Sunrise Services At Bethel Easter

The Bethel Booster club, with the co-operation of the local churches, are again planning Sunrise Services at Easter at the Senior High School athletic field; in case of inclement weather, services will be held in the High School gymnasium. The Rev. Paul Nelson is in charge of the services and has engaged an outstanding speaker from Auburn. The Bethel High School choir will be performing at the services. The annual Sunrise Services were originated with the idea of serving the community and not to compete with any other particular sunrise services. The past two years has seen large crowds gather at day-break, and it presents a tremendous scene with Mt. Rainier in the background. Immediately after (Continued on Page 2)

Excitement is running high for the April 30th carnival which is to be held at the Bethel Junior High School. Many booths have been planned; the most popular being the "wet-sponge-throw" at the teachers. Bruce Taylor, co-chairman, reports that there will be booths for all ages and special entertainment in the evening. The proceeds of the carnival will go to the Bethel Senior and Junior

High Schools.

The Talent Show of March 28th was a tremendous success, drawing a packed house. The top-winner award went to "The Whistlers." Much of the Talent Show personnel will be featured the evening of the April 30th carnival. The Bethel Booster club board expresses thanks to Herb Dempsey and Sam Green and all participants for making the Talent Show a success.

Collins Church to Mark Anniversary

Palm Sunday, 1960, marks the fifth anniversary of the founding of Collins Community Sunday School. In the spring of 1955, members of the Lake City Community Church living in the Collins area determined to begin Sunday School classes for children and adults in the neighborhood. A canvass of the community indicated both need and interest and the first meeting of the new Sunday School was held on Palm Sunday, 1955 at the Collins School. Among those who participated in the initial effort were Rev. Lowell Wendt, then pastor of Lake City Community Church, Mr. and Mrs. Lynn Walters, Mr. Henry Boyd and Mr. Vern Spillman of the Student Missionary Council.

The group called as their first pastor, the Rev. Ted Smith, who began his ministry here in January, 1957. The congregation sold a bond issue and built with volunteer labor the sanctuary and educational facilities. Rev. Robert Pottinger, the present pastor, came to the Collins pulpit in July, 1958, and Rev. Ted Smith became minister to youth at the First Presbyterian Church in Tacoma.

In noting its fifth anniversary, the church announces special services for this Palm Sunday, April 10. The Sunday School will recog-

nize its pioneers and Mr. Vern Spillman will again teach the adult Bible class. Alan Laursen, beloved Gospel soloist, will sing in the morning workshop service at 11:00, and a substantial class of new members will be received into the fellowship of the church. The former pastor, Rev. Ted Smith, will deliver the Palm Sunday sermon. The membership of the Collins Community Church cordially invites friends of the church to share the observance of this anniversary.

Altar Society

The Altar Society of Our Lady Queen of Heaven parish will meet Monday, April 11, at 8:00 p.m. in the parish hall, Mrs. Margaret Fezler presiding. Rge. Rev. Father William Greier will speak on "Lenten Attitudes." There will be election of officers. Hostesses will be Mrs. Hazel Melton and Miss Coleen Melton.

It's the LAW
 PRESENTED AS A PUBLIC SERVICE BY THE WASHINGTON STATE BAR ASSOCIATION
 A great number of residences and apartments are rented without any written lease and without any specific period agreed upon. General practice is to provide for monthly or other periodic rent payments.
 The relationship which arises between the landlord and the tenant in this situation is called a periodic tenancy. The right of the tenant to occupy the premises and the right of the landlord to receive rent both continue indefinitely until one party or the other chooses to terminate the relationship.
 By statute in Washington either the landlord or the tenant may terminate a periodic tenancy by giving written notice to the other. The statutes contemplate that the tenancy will be terminated at the end of a period for which rent is paid. A tenant must give written notice thirty days before the end of a period and a landlord must give written notice twenty days before the end of a period. If the notice is not given in time, the party to whom the notice is given has the right to continue the tenancy through another period.
 The fact that the statutes outline the legal rights of the parties to a periodic tenancy does not mean that these rights cannot be waived. There is nothing in the law to prevent a landlord from permitting a tenant to end the tenancy on a one-day oral notice or no notice at all. All the law does is give him the right to demand proper notice.
 Careless sold a used refrigerator to Deadbeat on terms. Deadbeat took possession of the refrigerator after paying \$10.00 down and orally agreed to pay Careless \$10.00 a month until the agreed price of \$100.00 was paid.
 A month later, when the first payment was due, Careless discovered that Deadbeat had sold the refrigerator to Dealer for \$60.00 and had then left the state for parts unknown. Dealer knew nothing of the terms of the oral sale to Deadbeat.
 Careless went to Dealer and demanded the return of the refrigerator claiming that the refrigerator had not been paid for. Dealer refused to return the refrigerator to Careless. Do you think Careless will be able to get his refrigerator back?
 The answer is that Dealer was within his rights in refusing to return the refrigerator. By statute, in Washington, when personal property is sold on terms with more than \$50.00 left to be paid, and the purchaser is given possession, a subsequent purchaser without knowledge of the terms of the original sale may consider the first purchaser the true owner unless the terms of the sale are reduced to writing, signed by both parties, and filed with the county auditor in the county where the purchaser resides within ten days after possession is given to the purchaser.
 The purpose of filing is to give a public record of the seller's claim upon the property. Careless could have protected himself by following the procedure outlined in the statutes. When he didn't, he lost the refrigerator to Dealer, though Careless still had a right to collect the balance owed him from Deadbeat—if he ever was located.
 (This column is written to inform not advise. Facts may change the application of the law.)

a-Wondering . . . and a-Wandering . . .

With JACK BROWN

Go get your crying towel and join me for a few minutes if you will. It seems that once again I must take time and space to try and bring about a better understanding of the problems involved in giving news coverage to the area served by the Times Journal.

Each week we are bombarded with news items from the schools, P-TAs, auxiliaries, veterans organizations, fire departments, lodges, clubs, churches, Boy Scouts, Girl Scouts, 4-H, Cub Scouts, Brownies, Blue Birds, Happy Little Chipmunks and Great Bald Eagles. The result? Each week our editor, Mrs. Honeywell, finds herself knee deep in just about twice the amount of news she could possibly cram into the space allotted her in that particular week's paper. Usually about the time she finds herself in this picklement one of our best customers, who is apt to be the Great Exhausted Rooster of the I CU2 Club, will walk in with a lengthy article on his organization, expecting full coverage on it.

Each week as Mrs. Honeywell reaches this crisis, I never cease to wonder why she hasn't flipped her lid long ago and dumped the whole mess in my lap. She is retiring at the end of June and until Mr. Jarret, her replacement arrives, I hope that she will continue to fight her way up after going down for the third time each week under a sea of news.

Here in the office we realize that to you who bring in these stories we owe a debt of gratitude for we need stories with local flavor to make the Times Journal an interesting weekly newspaper. Frankly, we only wish there weren't quite so many of you. We understand that to you, the story you clutch in your hot little fist is the most important news item since Whisler's mother fell out of the rocker, yet somewhere along the line we have to sort the wheat from the chaff and try to run the stories we feel will interest the most people.

First to hit the waste basket is always any story we know has appeared elsewhere in print before, or that we surmise may appear before our paper hits the homes on Thursdays. We are more interested in a first release story on a Great Grandmothers tea party than we are in a second release story on the baptism of Khrushchev.

Next to hit the waste basket are stories not of local interest and finally we sort through the news by area, trying to give an equal break to each and keep the interest of readers from one end of the county to the other.

Once Mrs. Honeywell has everything sorted and weeded out and figured out down to the last little item, then it is usually par for the course for some one in the office to make a big fat mistake and forget to list a big ad so that when we reach our quota for ads we are in reality way over and thus some of the planned news too is left out. When this situation arises and the paper is put to bed there is naught to do but sit back and wait for the wails and cries and criticism to start flowing in as they inevitably do after each issue.

You've heard of thankless jobs. Pity our editor for her position is at the top of that bracket.

Perhaps you wonder why we just don't add more pages. The answer is obvious. The paper you hold in your hands came to you free of charge yet it cost us 13 1/2 cents to produce and place in your mail box. It is paid for strictly through advertising. As the advertising volume increases, so does the percentage of news copy. There just isn't enough advertising being placed in Pierce County to pave the road to publication of all available local news. I doubt if there ever will be.

Once a few years ago I gave you, the readers, a chance to shoulder some of the load by subscribing to the Times Journal for \$3.00 per year. Through the savings on second class postage plus the subscription money we planned to put out a weekly newspaper complete with eight pages of colored comics, a magazine section and news space to spare. It was to be truly the finest weekly in the country. We did it and it was and so did some 4000 of you readers subscribe, but the other 9000 sat on their pocketbooks and my plans fell flat on their face and we were forced to return to the present type of controlled circulation paper in order to give our advertisers the coverage they were paying for and to refund on subscriptions. This little episode ended up in a net loss of some \$5,000 which didn't do my pocketbook nor my ego any good.

In view of this, perhaps you can understand why it's hard for me to pump up a bucket of tears when some one stands across the counter from me crying over a story that was omitted by accident or otherwise, when I can't help but wonder if they were a member of the 9,000 clique that didn't want local news coverage bad enough to part with their \$3.00 per year.

Be that as it may. The main purpose of this soul cleansing article is to stimulate a greater understanding of problems between the readers of the Times Journal and the staff. We enjoy a wonderful relationship with our advertisers, the paying end of our business. We'd like to enjoy the same type association with the non paying end as well. We keep trying.

Midland Cloverbuds Plan "Night Out" Date

Kathie Jones and her mother, Mrs. Ralph Jones, were hostesses to the Midland 4-H Cloverbuds Tuesday evening, March 29, in their home on Golden Given road. Plans were made to attend the Ice Follies on Sunday, April 24, as their "Night Out" award they will receive from the Rainier Farm Loan Association for having the best record books last year. The girls decided they would take their mothers and fathers instead of having a Mothers' Tea this year. Also discussed was the title of the demonstrations the girls were going to give at the district contest.

Forest Education Day Tours Slated

Twelve hundred fifth and sixth grade students from throughout Pierce county are expected to participate in "Forest Education Days", this year. The tour dates

are Tuesday, April 19th, at the Tomolla Tree Farm near Orting and Tuesday, April 26th, at Elbe, on state lands adjoining Columbia Crest School.

The "Forest Education Day" tours are sponsored by the Pierce County Forest Education Committee with John Bosshart of the St. Regis Paper Company as chairman. Vice chairman is Joe Buhaly of the Extension Service and secretary is Ellen Herminghaus of the Pierce County School Superintendent's office.

Professional resource people from government and industry are active on the committee and serve as instructors on the tour dates.

Groups of students, averaging 30 each, will go through the nine stops of the tour route in about

two hours. The tour trail has been carefully laid out to add interest and to easily accommodate the students in this outdoor learning experience.

Tour stops and instructors include: (1) Orientation Talk, Dick Jasper, Paul Evans & John Hultgren; (2) Forest Products, John Bosshart, Robert Cope, Ken Swanson and Mel Alexander; (3) Tree Identification - Carl Hupman and Wayne Maxwell; (4) Thinning and Pruning - Loren Curry and Joe Bahaly; (5) Forest Protection - Bill Baxter, Clifford Hurley and Bill Bartels; (6) Tree Nursery and Weather Station - Don Karau, Fay Franklin and Stan Olson; (7) Gift Tree Seedling - Federated Garden Clubs of America and Lois Forristall; (8) Forest Soil - Fred McCreary, Al Moffat and Alfred Scholtz; (9) Game and Wild Life - Russel Hupe.

Others active on the committee and planning the tours include Mary Lea Griggs, Ed Sedlack, Irene Hair, Ellen Herminghaus and Sam Brown.

Schools or organizations interested in being scheduled for the tours should immediately contact Dick Jasper, Principal, Columbia Crest School, Elbe or for the Tomolla Tour, Ellen Herminghaus, Pierce County School Superintendent of-

TIME OUT—Judy Keplar, 19-year-old daughter of Mr. and Mrs. Dean Keplar, 4015 Pacific Avenue, took time off from her duties as Queen of Tacoma's 1960 Home Show to chat with Manager Ron Johnson about a speaker-phone of the future. Judy's a long distance operator for Pacific Telephone-Northwest.

Don't Turn Livestock on Spring Pastures Too Early

When the first warm days of spring cause the hills to take on a greenish color, stockmen are tempted to turn out to graze.

C. R. Doran, county Extension agent, says this is often a mistake, both from the standpoint of good nutrition of the stock, and good pasture management.

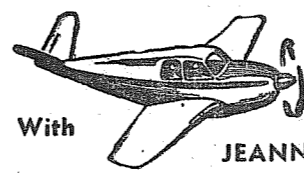

New spring growth, he reminds, is high in vitamin content, very laxative and relatively low in digestible nutrients. If animals get no other feed except this "washy"

grass, they are likely to suffer from malnutrition. The new grass stimulates digestion but furnishes very little energy.

Grazing pastures when the grass is first starting to grow will often cut grass production in half. It will also result in killing out some of the early growing species of grasses and legumes.

Most cases of plant poisoning show up in early spring. This is not because more toxic plants are growing in the spring. The reason (Continued on Page 11)

Flying

With JEANNE

Dick Van Zanten had an interesting Solo cross-country flight to Hoquiam. Dick got to Hoquiam just fine but when he was ready to return the weather closed in and he had to stay overnight returning to Spanaway Saturday afternoon.

Slim Lawson and Jerry Hedlund returned from the NAFS convention in Minneapolis Saturday afternoon. They reported bad weather in parts of the mid-west. The convention was very informative and with help given by the National Association of Flight Schools they hope to be better able to serve the flying public and graduate the very best of pilots.

Don Norris and Darrell Dugan of the Northwest Flyer covered the opening of a new flight operation in Spokane Sunday. Don Norris returned in a Mooney which he flew back from Tahoma Flying Service.

The Western Travelairs dance party at Sunshine Hall Saturday was a huge success with over 150

people attending. All the people attending are either pilots or at least very interested in aviation. Don't forget the monthly meeting of the Western Travelairs at the Club House at Thun Field Friday night. Phone your news to Tahoma Flying Service, LEnox 1-0442.

County Agent's Corner (Continued from Page 9) is that livestock are so hungry for green feed they will eat almost anything that is succulent and green. Later in the season when more palatable grasses and clovers are available, livestock are more selective and will eat few toxic plants. Doran says to limit the time on grass each day and supplement it with hay and grain during the early part of the grazing season. Water is the cheapest and most essential feedstuff. Do not force livestock to subsist on contaminated "run off" water. Provide plenty of clean water in readily available places. Belmont Park, largest track in the nation at 1 1/2 miles, has a comparatively short homestretch of 1,099 feet.
