Bethel Fund New Aviation Service Will Begin At Vote Is Set **Thun Field Featuring Helicopter Charters** For Spring

At their Tuesday, January 7th meeting, the Directors of Bethel School District established the date and propositions for the Spring Special Election.

The Special Election will be Tuesday, March 19, 1964 in designated district polling places. Two propositions will be on

the ballot. 1. A General Fund maint-

enance and operation special levy of \$115,000 (approximately 13.4 mills) for 1964-65. This measure is mostly a

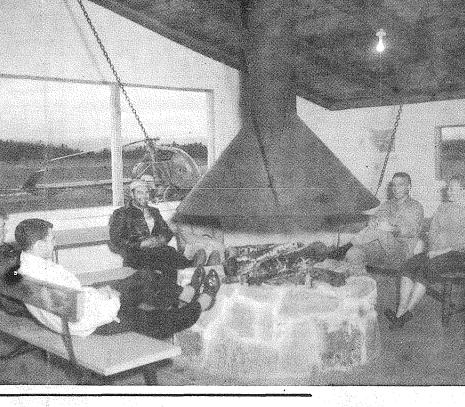

replacement of the special operation levy of this school year; to meet the additional costs of an anticipated enrollment increase of 200 and maintain the district's level of education, transportation and maintenance services. The amount has been in-

creased from last year's \$80,-000 to off-set the decrease in State per-pupil allotments, to meet higher operation costs and competitive salary schedules for teaching and non-teaching employees. The money is needed to

maintain Kindergarten, hire additional teachers, provide textbooks and supplies, replace buses and continue the district program of building and grounds maintenance and improvements. 2. A Building Fund Levy of

\$30,000 (approximately 3.5 mills).

This money would be used for emergency classroom construction and equipment, and site acquisition. It would also be appliable towards Anderson, Lori Korsmo, Marmeeting State department's shia Campbell, Vicki Reinke, emergency building requirements for the districts' 1965 Sharleen Sales, Carol Welsh, Patty Evans, Laura Spruell, building program. Mr. Jack Brown Publisher, The Times Journal Parkland, Washington

Sir,

ADDRESS.

In regards to your weekly column, I can keep still no longer. When you advise every home in America to be in the possession of firearms, "to fight off the invaders that will follow," I must violently object. How many shootings and killings have there been due to temporary insanity, purposive and accidental intents, and only because of the proximity of firearms?

My roommate and I here at P.L.U. have never ceased to be amazed at your mock heroic column, spent Christmas holidays in especially after the comments on the Russian wheat deal in the October 24 paper. If there were ever comments that would promote world peace or tend in any way to ease the tension of the world, they certainly would not appear in your column.

Your suggestion of this last week is absolutely absurd as is your weekly column.

Sincerely, Cliff Maudslien

P.S. Please do not count this letter in with any others you might possibly have received in answer to your plea for notification of support. The paper could be a credit to this community tion of awards, Ballou paid if it weren't for your tripe.

An increase of \$6,846,009.26 in the resources of National Bank of Washington during the past year is indeed gratifying. Resources now total \$233,415,600.16. The strength of the Bank continues to grow. Our Capital, Surplus, Undivided Profits and Reserves now total \$19,572,551.80, highest in NBW'S history.

"INSIDE STORY"

One of the proper functions of National Bank of Washington is to make sound loans to individuals, business and industry. In this connection. we have injected into the stream of commerce \$135,919,570.75 in loans, an increase of \$8,903,676.22 over December 31, 1962.

A significant accomplishment in 1963 has been the intense research program conducted by our Electronic Accounting Center in developing and refining services to our more than 200.000 customers. Of such magnitude is this activity for the thirty-two offices of NBW, that a special building to house our Electronic Accounting Center is being erected, for early Fall completion, in the new Center Street Urban Renewal area of Tacoma. In addition, Branches in five new locations are under construction or on the drawing board.

All of us at National Bank of Washington are constantly mindful of our considerable responsibility to provide the highest degree of service and personal attention to the banking needs of our customers. The "Bank of Personal Service" is a meaningful phrase at National Bank of Washington.

Faculty Wives Schinnell Tells **Of More Plans**

The next meeting of Keith-ley-Ford Faculty Wives will Daryl Schinnell, Spanaway minister of Jehovah's Witbe held at the home of Mrs. nesses, announced further plans this week for the semiannual Bible conference scheduled to be held January 31 - February 2, in Lake wood.

Schinnell, who also works for Safeway Stores in Tacoma, has been appointed to help purchase food supplies for the seminar cafeteria. The cafeteria will serve approximately 5000 meals to some 1000 convention delegates who will assemble from 17 congregations.

Others from this locality who received similar appointments are William Quinn and Alan Ruud from Parkland, and Wayne Bjornson of Brookdale.

Lawrence Drew In Exercise

Lawrence A. Drew, fireman

apprentice, USN, son of Mr. and Mrs. Ralph E. Drew of Rt. 1, Bethel Greenacres, Graham, is participating in a coordinated U.S. and Government of the Republic of China amphibious exercise titled "Big Dipper" while serving aboard the ocean minesweeper USS Conquest along the southern coast of Taiwan.

"Big Dipper" is similar to those exercises conducted periodically by units of the Seventh Fleet with SEATO and other allied nations in the Far East to improve their proficiency in coordinated amphibious warfare operations and to maintain workiig relationships with allied nations. Al Berggren Roy 843-2380

The accidental shooting of a young Tacoma man at the garbage dump in the Roy area came as a shock to the community. It is hoped that this accident will show the reason for banning target practice and shooting in this area. Signs are posted and several people have been warned to stop. We hope it will not take another tragedy to stop this dangerous practice.
