Computerized Student Response System Aids Teachers At Keithley Jr. High

See Page
Four

KEITHLEY JUNIOR HIGH student response teaching system permits more individual attention for students in smaller classrooms. Teacher (above) reviews problems student encountered during previous day's lecture period as tabulated

by an electronic computer. System is only one in nation installed in a junior high school, and is financed by Federal grants. See complete story page 4.

No Grant, No Sewers! Says South Suburban

The long-standing sewer controversy has been revived again. The issue this time is not whether or not the area needs sewers, but whether or not the South Suburban Sewer District will receive a grant to aid in the cost of construction of the sewers.

The South Suburban Sewer District entered their request knowing that funds were not immediately available, but knowing that funds are granted on a priority basis, according to officials of the district.

Each year HUD is appropriated funds for grants and can only re-appropriate while funds last. It is given only on priority basis, the most urgent first. The SSSD will be on a higher priority at the next appropriation.

"If the grant does not come from the Department of Housing and Urban Development then the South Suburban Sewer District will be unable to continue with the plans of sewers," Clayton Peterson, president of the district, said, "We, as residents, could not afford to carry the load without a grant."

Late last week the Times Journal received a telephone call from a subscriber, who told us she had attended a meeting of the Pierce County Improvement Association, PCIA, and had learned that the South Suburban Sewer District would not be able to receive a grant to aid in construction.

This information came via a letter to Leo Wilson of the PCIA from the Department of Housing and Urban Development. The letter states:

Dated September 14th, 1967.

Mr. Wilson:
This is in response to your inquiry concerning the project proposals filed by the South Suburban Sewer District for grant assistance in financing sanitary sewer improvements in the Parkland area.

The project proposal submitted by the district includes a collection system, interceptor and treatment plant expansion. The interceptor and treatment facilities are not eligible under the water and sewers facility Grant program administered by this department, since these types of facilities are eligible for grant assistance under P.L. 84-660, administered by the Federal Water Pollution Control Administration. However a basic collection system is eligible for 50 per cent grant assistance from this department. Specifically local collection laterals, including sewage connections to the residence are not eligible for that assistance, although they may be included as part of the project proposal.

The district, South Suburban Sewer District, has filed a preliminary inquiry for grant assistance with this department and the proposal is presently being held in suspense until the district can document that the project is consistent with the area wide comprehensive plan. It is our understanding that the district is working with the local agencies having planning responsibility in the area and are resolving the question of planning. Until

such time as the Puget Sound Governmental Conference has reviewed and made a favorable finding of the districts project proposals, being consistent with planning, we will not be able to accept an application from the district.

Until a full application has been received it is difficult to answer your question concerning the possibility of the district receiving an approved grant at another date. Project proposal on hand far exceeds the availability of grant funds and it is unlikely that this situation will improve.

Signed: L. R. Durkee
Director For Northwest Operations
Housing and Urban Developments

The application for funds was made by the South Suburban Sewer District earlier this year and receipt of the application is as follows:

Dated: May 23, 1967

Dear Mr. Peterson:
Re: WS-648-0051, South Suburban Sewer District, Tacoma, Washington Sewer Facilities.

We are pleased to receive your completed Standard Form 101 "Preliminary Inquiry Concerning Federal Assistance for Water Projects and Sewer Projects and Waste Treatment Plants." From our review of your Inquiry we have concluded that the proposed project properly comes under the jurisdiction of the Department of Housing and Urban Development. Please refer to the above number in future correspondence concerning this project.

The Water and Sewer Facilities Program of this Department is designed to assist and encourage the provision of adequate water and sewer facilities needed to promote the efficient and or-

derly growth and development of urban areas, and to improve the health and living standards of their cities. The

Housing and Urban Development Act of 1965, which established this Program, provides specifically that "No grant shall be made . . . unless the Administrator (of HUD) determines that the project is . . . consistent with a program meeting criteria, established by the Administrator, for a unified or officially coordinated area-wide water or sewer facilities system as part of the comprehensively planned development of the area . . ." This criteria is contained in the enclosed Planning Requirements Guide.

Please note that Part II of the Guide established "interim planning requirements" which provide that prior to July 1, 1968, grants may be made where an area-wide program is under active preparation, though not yet completed. Therefore, forward at your earliest convenience all available data that would document the proposed project as being consistent with a program for a unified or officially coordinated area-wide water or sewer facilities system as part of a comprehensive plan.

It should be emphasized that because of their close interrelation both water and sewer planning and programming must be completed or under active preparation, even though the proposed project may involve only one type of facility. Our preliminary evaluation of the data will determine the feasibility of proceeding with a formal project application.

Signed: L. R. Durkee
Director for Northwest Operations

A THREE-CAR collision Thursday night claimed the life of a Spanaway woman, Mrs. Laura Swick of Route 1, Box 1273, and slightly injured two other drivers, according to State Highway Patrol reports. Mrs. Swick, driving the Valiant (at left), who was injured in a collision with a car driven by Laurence T. Carlson of Spanaway, was apparently killed when a third car, right in photo, driven by Dora J. Goaty of Parkland, hit Carlson's car and careened into the Valiant. The accident occurred two miles south of the Roy "Y" on the Mountain Highway.

Candidates Meet Board

Candidates, who have filed for districts one through four of the Bethel School District Board, were introduced to the present board at a regular meeting Tuesday in the high school library.

Filing for District One, is Dr. William P. Hauser, incumbent, and A. E. Dolfin; District Two, Phil Zurfluh, Jr., incumbent, and Fred L. Reno; District Three, E. W. "Doc" Webster, incumbent chairman of the board, Jerry D. Woods,

and Darwin L. Myers; and District Four, Don B. Goddard and Marvin Antonie.

Each of the candidates said a few words to the board, mainly expressing their reasons for running for the places.

Other meeting of the board included approval of Mrs. R. Dawn as a one half time remedial reading teacher, explanation to the board on the new buildings to be built at Spanaway Elementary School and discussion about the Election on November 7th.

Also announced by the Board was the position availability of principal

for the new 18-room elementary school to be built.

Official enrollment of the Bethel School District has been set at 4,076 on October 1st. Last year's enrollment was 3,787.

A desire for the board to consider the possibility of buying land for future schools was expressed and will be taken into consideration.

Construction For New Bank Underway

Construction is underway for the new National Bank of Washington in Parkland. The new bank will be built adjacent to the present building, which will be replaced with drive-in facilities.

"The new bank will feature the latest in banking innovations to serve the tremendous growth rate of the Parkland area," said Earl Dryden, manager of the Parkland branch.

Remodeling of the present bank was considered, said Dryden, but, was found economically unfeasible. The new bank is expected to be completed in about eight months and will have 14,000 square feet.

Local Women To Attend Council

Mrs. Robert Maxfield of Spanaway and Mrs. Warren Morris, President of Handi Maids Homemakers Club of the Summit Area, will be attending the Washington State Extension Homemakers Council meeting in Olympia on October 10th thru 12th.

Theme of the fifteenth annual meeting will be

"Extending Women's Heritage."

Others from Pierce County who will be attending include Mrs. Matt Manley, president of the County Council, Mrs. Jerry Valenta of Sumner, Mrs. Eleanor Kibler of Fox Island, Mrs. William Lockwood of Puyallup, Mrs. L. Omundson, President of City Slickers Homemakers Club and a delegation from the club and Mrs. Florance Allen, County Extension Agent.

'Name the School' Contest Underway

A "Name The School" contest is being sponsored by the Bethel Committee on Better Schools. The contest is to find a name for the 18-room Elementary School being built in Spanaway.

A \$25 savings bond will be awarded to the winning entry. All entries must be in the Superintendents office of the Bethel School District by November 1st.

Keithley First Jr. High In Nation To Use Student Response Teaching

TEACHER CHECKS percentage of correct answers tabulated by small computer built in lecturn. Computer relays percentage of class giving correct answer and which students are experiencing difficulty.

ALGEBRA STUDENT reaches for responder unit to register answer during lecture quiz. Students select a letter corresponding to correct answer projected on screen at the head of the class.

By Em Matson

A 94 station student response classroom opened at Keithley Junior High School last week pioneering a new teaching system that could eventually set junior high classroom standards across the nation.

First of its kind in the world, idea for the system was developed by Franklin Pierce Superintendent Dr. Ed E. Hill and his staff. Funds to make the idea a reality came in the form of a \$78,000 Federal grant, with the possibility of additional grants in the offering.

Modern in every detail, the Keithley system employs computers, closed circuit television, and a wide variety of audio-visual equipment to give students a better education.

Students are taught basic information in the 94 station classroom, and as they are taught, responses to quiz questions are tabulated by a small computer located in the lecturn. This gives the teacher an accurate instant accounting of how many students understand the material being presented, and which students failed to comprehend what is being taught.

Those who are having a problem with a particular phase of instruction can be spotted immediately, and be given individualized tutoring. On alternate days students break down into small classrooms. Teachers use the information secured by the computer to determine what type of material to cover.

Students respond during lecture to quiz questions by dialing a letter representing the correct answer on the multiple choice responder. Student answers are registered on master console in form of colored lights and dials showing percentage of class to give correct answers.

"This system is designed to give extra attention to average students as well as those in gifted or slow learning categories," Dr. Hill stated. He pointed out that in the past a great deal of effort has been made to give special attention to brilliant and slow learning students, but little has been done for the average student. This group compromises about 70% of school enrollment.

A closed circuit television system will be installed, and controlled either remotely from the lecturn or manually from a sideroom behind a one-way window mirror. It will be used for instructional purposes, as a help for teachers to evaluate their teaching techniques, and as a student observer to help spot distractions affecting the concentration of those trying to learn.

Although mathematics is the primary subject being taught by the new method, other subjects will be added shortly, Dr. Hill stated. Both students and teachers enthusiastically look forward to schedules in the new facility, he said.

Voters Urged To Register

Voters registration closes Oct. 7, for those who have not yet registered to vote in the school election Nov. 7, Robert C. Richardson, Franklin Pierce assistant superintendent, said this week.

Richardson pointed out that residents of the area may vote right in their own precincts, or they may register at the clerk's office in the County City Building in Tacoma.

Registration may be made in the following precincts at the listed addresses:

Adams, 821 South 117th St.; Allison, 2318 East 120th St.; Armour, Parkland Western Auto Supply; Brookdale, Parkland Western Auto Supply; Central, 4020 96th St. East; Clover Creek, 182nd Street East, Graham.

Cleveland, 617 South 120th St.; College, 617 South 120th St.; Collins, 128th St. East, Puyallup (Collins Rd.); Cooper, Parkland Western Auto Supply; Dawson, 8419 Portland; Delano, Adm. Bldg., Wash. Experiment Station, Fruitland & Pioneer; Faucett, 821 South 117th St.

Franklin, 9910 Pacific Avenue; Garfield, 617 South 120th St.; Grant, 96th St. East; Harvard, 85th and Golden Given Road; Hill Garden, 9910 Pacific Ave.; Larchmont, 85th and Golden Given Road.

WOMEN'S WORLD

How Much Food, Not How Often Governs Weight

HINTS FOR THE HOMEMAKER

Has summer traffic left road signs on your carpet? Here's an easy way to remove grime and grease from the manmade rugs in your home.

Mix a solution of two cups water and one capful of liquid dishwashing soap; whip to a froth. Then use this on your stains with a nylon scrub brush, blot with a towel, and, presto! the spot is gone.

Need a more thorough cleaning job? ALL WOMEN HOUSE CLEANERS can do all types of heavy-duty work for you, whether it is just a small cleaning or a large one. Or call Mrs. Warren for advice on your particular cleaning problems. She'll be glad to help you.

ALL WOMEN HOUSE CLEANERS AND JANITORIAL
LE 1-2981 9620 Pacific

It's how much a person eats that governs weight gains - not how often.

The research nutritionists found that the number of meals per day makes no difference in terms of weight providing the total number of calories per day remains the same.

The study was conducted by U.S. Department of Agriculture nutritionists. Here's how the research was done: For 20 days, 15 girls were grouped into three different controlled eating routines. One group had two light meals plus a heavy meal each day. Another group had three equal meals per day. The third group divided their eating pattern into six meals a day.

Everything was rigidly controlled - no snacking between meals - with the total day's food exactly the same for the three-meal or six-meal system.

The results? The number of meals per day made no difference in weight.

Boesel - Holder Marriage Held

Candelabra and baskets of orange and white gladioli with wheat decked the altar of the Little Church on the Prairie for the evening service uniting Miss Susan Kay Boesel, daughter of Mr. and Mrs. Charles D. Boesel of Tacoma, and Daniel Martin Holder, son of Mr. and Mrs. Carl M. Holder, also of Tacoma, in marriage.

The bride approached the altar down an aisle marked by softly glowing lamps and copper ribboning. She was lovely in an A-line gown of empire styling which set off the high-rise waist with dainty lace flowers and seed pearls. Her sleeves came to her wrists, and a sabrina neckline complemented her face. The gown's back scooped to meet the train, attached by neckline gathers. The floor-length veil was edged with lace, and over the veil the bride wore a shoulder-length veil and blusher.

The bride carried a cascade of white carnations and cymbidium orchids, decorated with pearls.

For her daughter's wedding Mrs. Boesel chose a mint green crepe sheath

and lace coat, and with it wore a corsage of tropical roses.

Mrs. Holder wore aqua lace, complemented by a corsage of yellow roses.

Miss Marva J. Howes served as the bride's maid of honor, accompanied by bridesmaids Mesdames Steve Boesel, sister-in-law to the bride, and James Carnes. Laura Boesel, sister of the bride, was junior bridesmaid. The attendants wore A-line, empire dresses of apricot, with Venetian lace bodices and Kabuki sleeves, fashioned in a Karate fabric. They carried fall bouquets of orange gladioli with wheat, tied with copper and green streamers.

David Holder served as his brother's best man. Steve Jacobson and Craig Boesel, cousin of the bride, lit candles and were groomsmen with Jan Gary, the groom's brother-in-law, James Boesel, and Steven Boesel, brothers of the bride.

Dr. Theodore Koopmans performed the double-ring ceremony. The music, Weinawski's "Romance," was played by violinist Shari Berntsen and organist Robert Pendergrast.

A reception for the newlyweds followed in the church parlors of the Berean Presbyterian Church.

For the Vancouver honeymoon, the bride changed to a beige jacket dress of hopsacking with blue accessories.

The bride, graduate of Lakes High School, is presently a senior at

Washington State University, majoring in education. She is a member of Mortar Board.

The benedict, a Franklin Pierce graduate, is majoring in accounting at WSU, and is a candidate for a U.S. Marines Corps commission.

The couple's new home will be at 211 Washington Street, Pullman.

OPEN HOUSE

NEW HOME of the Gerald P. Gibsons. Constructed on a wooded site on one of Parkland's new, well-lit streets where all utilities are underground. The area is building up with very nice homes and there are sites still available for those interested.

By Appointment

For those who might be interested in electric cable heat and how it is installed, tours of this home may now be arranged during the time the cable is installed but not covered.

The Parkland Light and Water Company wish to thank Mr. and Mrs. Gibson for making their new home available for this special showing, because to observe just what is included in a cable job, a person must see a home in this stage of construction. Therefore, the Light Company is very pleased to offer this opportunity to those interested.

Tours will be arranged from 7:30 a.m. until dark Thursday and Friday, Oct. 5-6, and on Saturday Oct. 7 providing appointments are set up at Parkland Light office by 5 p.m. Friday (office closed 5 p.m.)

The phone number is LE 1-5666. Appointments will be made on a first come first served basis, and will be limited to one party at a time. The tours are complementary, courtesy of the Gibson's and Parkland Light and Water.

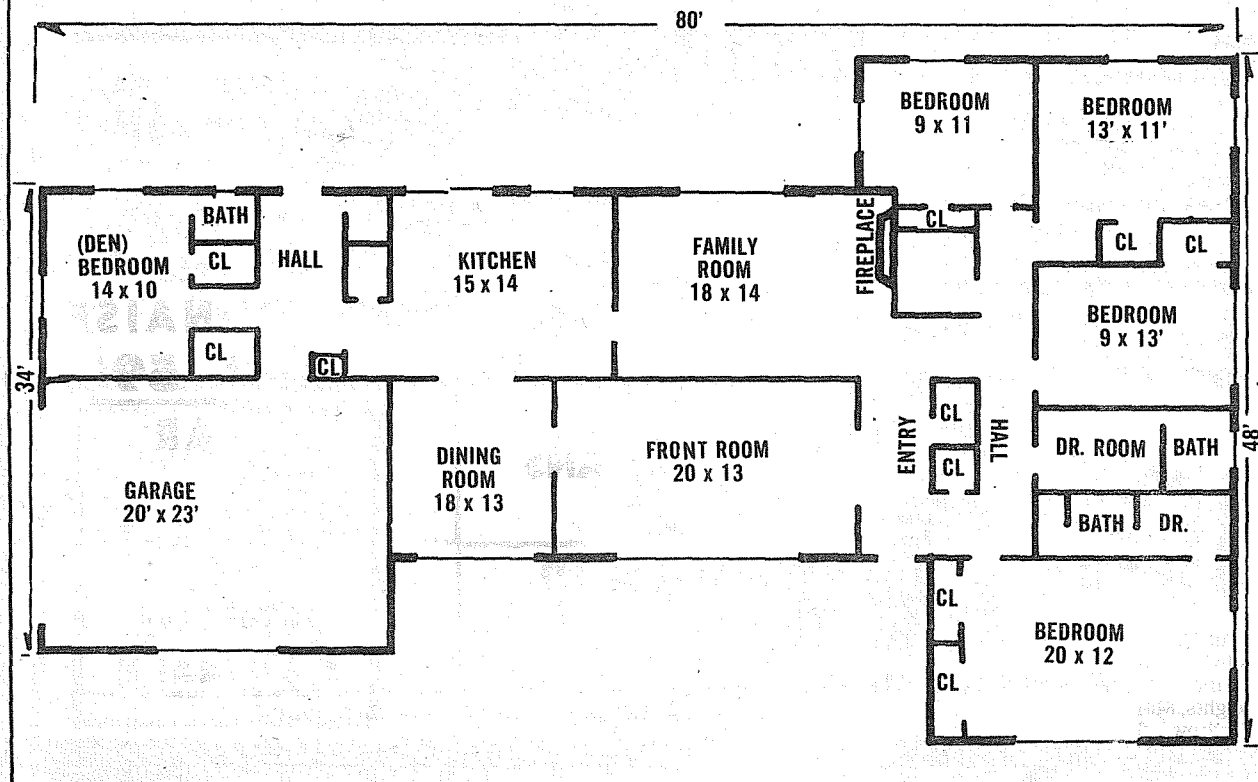

Floor Plan Well Designed

The 80 foot long floor plan offers well-planned living and storage space. The wide entry is easily accessible from all parts of the house.

Multiple baths and utility centers served by an ample water supply will contribute to the pleasures of the home. The house will also be well insulated for both winter and summer comfort.

Heat will be provided by electric cable so that absolutely nothing will be in the way or seen except the thermostats. No vents, no heaters, no radiators, and no cold blasts of air to disturb the occupants.

Twelve-month average heating cost as estimated by Parkland Light and Water is \$16.70 per month (\$200 per year).

National 4-H Week for Recruiting

National 4-H Week is here and the Four Hoofs Each 4-H Club of Parkland is enthusiastic about enlightening youngsters and parents about the 4-H program, and in recruiting new members. This week, September 30-October 7, is National 4-H Week. Throughout the country, youngsters

will be joining 4-H clubs; they will learn that 4-H opens up a whole new world of knowledge in every field imaginable. We urge all youngsters and parents to look into the possibility of being members and leaders. 4-H clubs are active in cities, towns, and suburban areas; projects range from sewing, flower growing, and photography, to livestock, forestry, and electricity.

The Four Hoofs Each has arranged a 4-H display in the window of the Parkland Light and Water building, urging everyone to look at it. Two members of the club, Denise AtLee and Jessie Haire, recently attended the Pacific International Livestock Show, Oregon, as part of the Pierce County Horse judging team, which rated first in this state.

ENTERTAINMENT

Around The County

By DONNA DIXON RESTIVO

The Music Makers opened their 1967 series of Saturday Theaters September 30th with a concert designed to appeal to the younger set, although

after watching the performance, I must admit adults too, found it appealing.

The first of the three-part series opened with violinist Edward Seferian strolling onstage, apparently unaware of his audience. As he practiced, a voice off-stage began climbing the scales, and who should appear but soprano Jan Seferian. She started into a song entitled "I Hate Music, But I Love To Sing," and with this degree of ease and informality, the concert con-

tinued. The last member of the group, pianist Beverly Hamway, hailed the Seferians from the audience with, "Hey, is anyone using the piano?" and marched on.

Both children and adults present delighted in the "behind the scenes" method of the concert. The program was well arranged, the pace brisk. It is really wonderful that we have available programs such as these for the young people of the Pierce County area.

October 14 brings "The Tale Spinners" to Mt. Tahoma for the next Saturday Theater. Concert readers from Seattle's Repertory and A Contemporary Theater will at that time present a combination of fables, dance, mime and music.

The Motioneers, artists of the ballet and gymnastics, will close the series November 11 at UPS Jones Hall. For those who are interested in more information, UPS Book Store, PLU Information and Phi Beta members, who sponsor the series.

The Music Makers is a wonderful series, entertaining and informative, and a good way to introduce children to the field of music.

* * *

Met folk-singer BUFFY SAINTE-MARIE Saturday night after her Seattle Opera House concert and learned that her unique and haunting style was developed without lessons or instruction. She tried, at one time, studying music, and found it too restrictive for her natural and imaginative talent. While she draws from the entire range of folk music, each of her songs is new, and its style was born in Buffy's mind. This has brought her to the position of being one of America's most influential singers in her field. And, after listening to her mesmeric songs, it's easy to see why.

For those interested in the exotic and luring world beyond our immediate reach, the World Cavalcade of travel films opens its 1967 season October 9 and 10 with the Philippines, narrated in person by Clifford Kamen, lecturer, photographer and world traveler at the Temple. This season looks even better than last year's, and ranged from Holland, Persia, Portugal, England, New Zealand, and the Caribbean. Call the Bon Marche for information about tickets.

Some nights the idea of preparing dinner completely rattles me. Last night, for example. So I called Angelo at his restaurant, and received his assurance that I had nothing to fear, he'd whip

Parkland Fireman Earns Diploma

Parkland Firefighter Gary M. Hauenstein was awarded a diploma in fire service training from the Tacoma Vocational-Technical School Monday night at the Parkland Fire Hall.

Hauenstein clocked 1,374 hours of institute instruction and has been successfully employed in the fire service to earn the honor. Paul K. Parkhurst, chief of the Fire Service School made the presentation.

"We graduate only a limited number of fire service trainees, and it's wonderful to see Parkland now has employed two of our recent graduates," Parkhurst told District 6 firefighters who witnessed the presentation. "It is gratifying to see young men such as Gary enter the fire service," he stated.

Dave Seeber Heads Bethel School Group

Dave Seeber was elected chairman of the newly formed Bethel Committee for Better Schools at its first meeting Friday.

Assisting him will be Dr. John Siemens, Mrs. Harvey Ouhl, Charles McAvoy, Mrs. Jane Ohlund and Harold Johnston.

The group was organized to provide speakers and programs for groups interested in learning more about the school issues in next month's general election.

For further information contact Mrs. Barbara Ford, VI 7-2233.

up some pizzas that would solve the problem neatly. And, sure enough, he was right. Sitting in front of the cozy fire with a jug of wine and Italian pizzas, my family complimented me. "Such a wonderful choice for a rainy day! You're a great cook!" Well, who was I to argue?

RICHARD'S has opened up his buffet as of the first. And quite a choice he has, all laid out like a Roman Feast.

Lakewood Ice Arena has begun their winter season. Watching the skaters whirl around the rink reminds me of the ponds we used to skate on a few years ago. Only at Lakewood, there's no hole to swallow up the unwary.

Just in case you've so far missed "Luv" at the Lakewood Players, you still have a chance. Friday and Saturday curtain rises at 8:30 p.m.

I've been taking an informal survey on miniskirts, and find the results rather perplexing. Bachelors voted 7 out of 10 in favor of the trend. Married men, 9 out of 10. But, when I asked if they liked the idea of their wives wearing the mini, I received a unanimous NO! Now, how do we girls interpret that?

That's all for now. Have a good weekend. Goodnight everyone, goodnight Charlie.

It's the LAW
PRESENTED AS A PUBLIC SERVICE BY THE
WASHINGTON STATE BAR ASSOCIATION

With children back in school for another year, motorists will do well to make a quick review of their obligations for the safety of children.

In addition, the law provides that the maximum speed while traveling in a school zone is 15 miles an hour whenever children are present, or while passing a school and children are playing on the sidewalk or in the school yard. The same limit is imposed when passing a marked "School Crossing" if children are about to cross the road.

It is illegal to stop your car on the near side of any through street adjacent to the schoolhouse,

even if you are there only temporarily to deliver your children or pick them up. The reason for the rule is that there is always a chance some child will dart out into the busy street from between the parked cars.

STUDENTS . . .
Can you answer these questions about car insurance? If so, you may be able to save quite a bit.

1. Is it hard for an under age driver to be insured? Not if you SEE SEEFIRST FIRST. We can tailor a policy especially suited to your needs, and frequently with lower rates than anywhere else.
2. Should a good student have to pay the same for insurance? No. SEE SEEFIRST FIRST, and you can save 25% on yours.
3. I took driver's education. Does that mean anything? Yes, if you SEE SEEFIRST FIRST. You may be able to save up to 10% on your Seefirst policy.
4. Does my compact lower rates? It certainly does, if you SEE SEEFIRST FIRST. We issue 10% discounts for all compact model cars.

SPORTS

Bethel, No Thurston Tie Enumclaw To Test Braves

The Bethel Braves will face their stiffest competition so far this season when the Hornets from Enumclaw invade Art Crate Field Friday night.

"Enumclaw has a big, strong team made up of veterans," Brave Coach Ed Tingstad said of the upcoming contest, "And they'll be tough to beat." Last week the Hornets fought a fired-up Central Kitsap team to a 7-7 draw. Enumclaw started slow this year and although they haven't broken loose as yet, the Bethel Coach said the Hornets have had plenty of scoring opportunities.

Last week the Braves settled for a 7-7 tie with North Thurston. Bethel scoring came when Ed Waring picked off a North Thurston pass and ran the ball back 30 yards to the five. Jody Miller plunged two yards for the counter.

Individual standouts helping the Brave cause were John Zurflugh, Miller, Waring, Doug Lee and Ed Mayo. Mayo had an excellent punting game, booting the ball 6 times for a 40 yard average.

Cards To Play Warriors

The Franklin Pierce Cardinals have been working hard all week on first half strategy for the Friday night contest with the Clover Park Warriors at Clover Park.

"The big thing is to get going in the first half," Coach Elden Kylo said earlier this week. "We've been letting opponents push us around in the first half, and by the time we get rolling we're trying to work our way out of a hole."

"With improvement this week in our running and passing game, we should come up with a win Friday night," he stated. "The team has plenty of spirit, although some mistakes were made in past games due to lack of experience."

Lineman Dave Severeid, Tackle Carl Korsmo, and Back Doug Cail, were singled out for outstanding play in the Cardinal's heartbreaking loss to Lincoln last week. Hadland showed considerable improvement in his passing, Kylo said.

Last week the Abes edged out the Cards 13 to 9 at Lincoln Bowl. Lincoln's fullback Wesley chalked up the first score by busting the Franklin Pierce line for a 45 yard touchdown effort. A successful Fisher PAT attempt ended the first quarter with the Abes 7 points up.

Wesley ground up 81 more yards of green for a second quarter Abe score. Six minutes remained in the period when Cardinal quarterback Jim Hadland began a drive with a 15 yard missile to halfback Doug Cail. A 3 yard

plunge by Cail was good for 6 points. Morrie Shannahan put the pigskin properly thru the uprights for an added point. It was Franklin Pierce 7 and Lincoln 13 at halftime.

The Cards' Mike Qunell downed the Abe's Cheslik in the end zone for a 2 point safety late in the game. When time ran out, the tally was Franklin Pierce 9 and the Abes 13.

Cardinal coach Eldon Kylo said, "I'm fairly pleased with the kids. I feel the running game was a little better and the defense was good."

Cruisers Sink Yelm

Eatonville will host a tough Orting team Friday after downing Yelm 28-13 last week.

Yelm scored in the first period on a 70 yard pass interception. Then the aroused Cruisers came to life scoring early in the second quarter on a reverse that sprung back Steve Rose for a 17 yard touchdown run. Before the quarter ended Eatonville was on the scoreboard again with Mike Hermesen's 10 yard run. Mark Dawkins booted the extra points to make the half-time score 14-6.

Yelm took to the air in the third quarter to score, when the ball was deflected off the arms of a Cruiser defender into the waiting hands of a Yelm receiver.

A fake punt set up Eatonville's third T.D. Mark Dawkins ran out of a punt formation to gallop to the Yelm 18 yard line. Joe Bennett, who carried 12 times for 98 yards, broke loose for an additional 11 yards. Three plays later the cruisers scored on Charles Chappell's 1 yard plunge.

The fourth Eatonville tally came when the Cruisers took over the ball on downs on the Yelm 30 yard line and scored 5 plays later on a Bennett run.

"The kids were really up for this one," Coach Larry Hosely told the Journal and added, "This was our best game of the year."

"Our offensive line play was outstanding," he said and named linemen Dawkins, Guske, McCarty, Boness, and McDonald as doing a fine job. Backs carrying the load were Joe Bennett, who set up the second Cruiser touchdown with a 45 yard run, and Charles Chappell who gained 77 yards in 22 carries.

Boys' Football Program Begun

The first meetings between unbeaten opponents in the Rookie and Small Fry leagues will highlight the boys football program Sunday supervised by the Pierce County Park Department.

The McChord Golden Eagles and Fircrest, winners of two straight contests in the Rookie League, will battle it out for first place Sunday in a 2:30 p.m. game at Fircrest.

Eric Shure ran 17 yards and Steve Warren raced 41 yards for touchdowns as McChord downed the University Place Boosters 12-7 last weekend. Mike Levenseller's 38-yard burst put the Boosters on the scoreboard. Fircrest trimmed Midland Shop-Rite 25-0 last week as Renny Loth scored two touchdowns.

The Small Fry League showdown will match Fort Lewis and the Economy Angels at 1:30 p.m. Sunday at Laughbon High School. Fort Lewis defeated the McChord Saints 21-0 Sunday for its second straight victory as John Sato, Gene Whitefield and John Lewitt scored touchdowns. The Economy Angels ran its record to 2-0 with a 6-0 win over Fircrest on a 10-yard run by Rick Ursteeg.

Fircrest's Pee Wee League leaders exploded for a 56-0 win over Fort Lewis to run its record to 2-0. Steve Brebner and Mike Fouts each scored three times. Fircrest will meet Lake City Sunday at 3:30 in Fircrest to try for its third straight win.

In other games last weekend the United Pacific Cascaders opened its Pee Wee League season with a 16-6 win over Lake City. Chris Nye scored two touchdowns in the win. The Optimists recorded its first Pee Wee win by tripping the McChord Packers 6-0 Sunday as John Heinz ran six yards for the game's only touchdowns.

This weekend's schedule:

PEE WEE
United Pacific vs. Economy Vikings, 2:30, Curtis; McChord Packers vs. Fort Lewis, 2:30, Laughbon; Lake City vs. Fircrest, 3:30, Fircrest.

ROOKIE
Midland Shop-Rite vs. UP Boosters, 1:30, Curtis; McChord Golden Eagles vs. Fircrest, 2:30, Fircrest.

SMALL FRY
Fort Lewis vs. Economy Angels, 1:30, Laughbon; McChord Saints vs. Fircrest, 1:30, Fircrest.

Cross Country Team Sport

Cross country winners, like golf, are determined by the low score.

Although a cross country team is made up of seven runners, only the first five to cross the finish line are used to compute scores. One point is awarded to a match first place finisher, two points to a second place finisher, etc.

A perfect team score would be 15 points, which would mean the team runners finished first, second, third, fourth, and fifth in the match.

Unlike track, cross country events are laid out on a course that will take runners up hills, and over terrain not always conducive to sprinting. Matches are held in all types of weather.

SPANAWAY

Spanaway Superstocks Reschedule Season Finale

SPANAWAY - A fast moving, gusty fall storm moved through the area last weekend and completely washed out Auto Racing Incorporated's slated Season Championships at Spanaway Speedway. The scheduled Saturday - Sunday doubleheader, featuring 100 lap mains and double points, suffered a rare setback at the hands of Mother Nature's downpour.

A.R.I. will attempt to wind up their successful season this Sunday with both 100 laps on tap for "A" and double "A" classes by running only trophy dashes and mains. The marathon card should attract a heavy turnout of superstocks for the year's curtain closer.

Both divisions are running red hot races for seasonpoint honors, with Don Hall and Jackie Kuper locked in a struggle for the Double "A" lead and Steve Kiser and Ken Longley battling for top spot in the "A" division. With any kind of break in the weather, the card should prove to be must for race fans.

Knights Look for Q.B.

Lindstrom, Olbertz Vie For Job

TACOMA, Wash. - The big question left unanswered in the Pacific Lutheran University football camp is who will play quarterback this weekend when the Lutes host conference rival Willamette University.

Head coach Roy Carlson hasn't the answer: at least not yet.

He started the first game with junior transfer Bob Lovell, and the results were not positive. California Lutheran won that game 20-8 while the Lutes completed only two of nine passes for a total of 34 yards.

Lovell was injured the following week and Carlson went with senior Bob Beller against Eastern Washington State College. Although an improvement, Beller only completed seven tosses for 92 yards. The Savages won the game 47-14. Lovell was switched back to his defensive halfback position.

For the last two weeks Carlson has been paying special attention to two freshmen-quarterback prospects. Peter Olbertz, a 1967 graduate of Olympia, Wash., High School, played the position while a prepster. Hans Lindstrom, a recent graduate of Puyallup, Wash., High School, is a converted halfback.

"I am very pleased with their progress thus far," said Carlson. But he added, "Whether or not they will be efficient by this Saturday is a question I can't answer."

In addition to his quarterback worries, Carlson is troubled over the fact that his injury list is still full. Starting halfback Ken Harding is still out of uniform following a rib bruise, and starting-defensive stalwart Mike Arkell hasn't been turning out for two weeks.

Carlson has made some necessary changes in his lineups to replace the injured. David Halstad, a high school star from Hillsboro, Ore., will be starting halfback Jack Irion, a top performer from Hoquiam, Wash., will be a free safety on

defense. "I feel quite confident that our offensive punch will be better," said Carlson. And he added that the Knights' defensive line will be faster. "We know that Willamette is a good ball club, but we are going to give it a good battle," he said.

Card Cross Country Team Places Second

The Franklin Pierce Cross Country team is preparing to take on the highly rated teams of Highline and Federal Way at Highline tomorrow after placing second in a triangular meet with Lakes and Clover Park.

"Highline has the strength to finish in the top three in the league," Coach Jon Herrington stated and pointed out that Federal Way won their meet also last week. Top Highline runner Jim Johnson placed second in the two mile event at the state meet last year and is reported to be in top shape for Friday's three-way meet at Highline.

Highline will be favored, but the Cardinals could defeat Federal Way to reverse a narrow 26-29 loss from last year, Herrington stated. The Highline course is 2.5 miles and will test the runners endurance, he said.

In last Friday's action, Franklin Pierce traveled to the Western State Hospital grounds for a triangular meet with Lakes and Clover Park. Clover Park, favored to win the Puget Sound League championship, easily won the match 17 to Franklin Pierce's 38 and Lake's 45.

Warrior runners placed first, second, third, fourth, and seventh. Allan Cail led the Cardinals with a fifth place finish. He was followed by Tom Meade, who claimed sixth.

The junior varsity team from Pierce defeated Lakes 15-69. Top Card J.V. runners were Bob Bargett and Rich Johnson.

DON'T TAKE OUR WORD FOR IT!

But the fact is that new cars do cost less with a CITIZENS LOAN

The fact is: Our 4½% New Car Loan is one of the lowest in the west.

How much does it cost to finance your next new car with us? Figure it out for yourself.

Take the total cost of your car. Deduct your downpayment. Divide the balance by \$100. Now multiply that figure by .45. (Or figure \$4.50 per year for every \$100 on the balance.) A \$1,000 balance would cost you \$45 a year interest. \$2,000 will cost only \$90 a year.

It really doesn't take much figuring to see how a little fraction in financing cost can save you money.

So, this year be smart. Save money on your new '68 car with a low cost Citizens New Car Loan.

The money you save can help you buy another car for mom!

Jelly, Spice Perk Up Lamb Kabobs

Spiced Jelly Lamb Kabobs With Almond Rice

1 jar (10 ounce) apple or currant jelly (about 1 cup)	1 pound boneless lamb (shoulder or leg), cut into 1-inch cubes
1 clove garlic, minced	4 small onions (cooked until tender half-way through) cut in half crosswise
1/2 teaspoon each ginger, coriander and salt	1 large orange, peeled and cut into chunks
1/4 teaspoon each ground cloves and pepper	2 teaspoons cornstarch
2 tablespoons vinegar	

To prepare kabobs. Combine jelly, garlic, ginger, coriander, cloves, salt, pepper and vinegar; heat slowly until jelly melts. Pour over lamb cubes. Cover; marinate in refrigerator 1 to 2 hours. Drain meat. Save marinade. Alternate lamb cubes, onion halves and orange chunks on 4 long skewers. Brush with marinade. Broil 3 to 4 inches from heat until meat is the desired degree of doneness, 12 to 15 minutes. Turn skewers once during broiling. Stir cornstarch into remaining marinade; blend well. Cook until clear and thickened. Serve over seasoned or almond rice. Yield: 4 servings.

The Times Journal PO BOX 2116 Parkland 98444 LE 1-0223

FROM OUR
Correspondents
Waller Road

By Mrs. Verne W. Fogle Le 7-5210

Waller Road Grange invites Grangers and friends to their annual "Booster Night" program, Friday, October 6th, in keeping with the celebration of 100 years of the Grange.

The program, under direction of Lecturer Orpha Geise, will carry a Centennial Theme. The decorations will be antiques, dressed with autumn leaves and flowers. The tables will carry old time table cloths, lamps and lanterns of long ago.

"The refreshments will be served in an old fashioned way," says Mrs. H. E. Lovell, Home Ec. ch.

Wear your old time clothes if you have them, but plan to attend at the 8 p.m. meeting.

Collins News

By Mrs. W.S. Morris LE 1-2421

Mr. and Mrs. Jas. Stockwell spent the weekend with Mr. and Mrs. Pete Svinth in Spokane.

Mrs. Willard L. Gamin, who has been in Lake-wood Hospital for surgery, is recovering nicely.

Mr. and Mrs. Cloyd Johnson, of Conrad, Mont. visited last week with their daughter, Mrs. Harvey Doman, and family. They were accompanied by two grandchildren, Roger and Karen Barry of Helena, Mont.

Receives Medal

Master Sergeant Billy W. Pettitt (right), son of Mr. and Mrs. Andy Z. Pettitt of 2121 E. 39th St., Tacoma, Wash., receives the U.S. Air Force Commendation Medal at Norton AFB, Calif. Sergeant Pettitt was decorated for meritorious service as a jet engine technician at Don Muang Royal Thai AFB, Thailand. He was cited for his outstanding professional skill, leadership and initiative. He is now at Norton with the Military Airlift Command which provides strategic airlift for deployment of U.S. forces world-wide. The sergeant served during the Korean War. He is a 1950 graduate of South Kitsap High School, Port Orchard, Wash. His wife, Jeraldine, is the daughter of Mr. and Mrs. Robert H. Jamerson of Eatonville, Wash. Colonel Robert W. Relfe, deputy commander for materiel, 63rd Military Airlift Wing, makes the presentation.
