## First Pony Show At Parkland Rodeo Grounds Sunday

**BIG LITTLE TEAM**—John Lawson of East 91st and Taylor streets guides his six-horse hitch from the box of the miniature stage coach which is a show-stopper at exhibitions of Shetland and Welsh ponies around the country. This entry was exhibited at the Woodville Pony Show (east of Seattle) July 17 and won the second prize in a class of three stage coach entries in the Portland show July 24. He will show this attractive feature in the first pony show in this area, to be held Sunday, Aug. 7, at the Parkland Rodeo grounds, the competition beginning at 9:00 a.m. With more than 200 of the sturdy little horses now owned in the Tacoma area and the pony breeding business becoming more and more important, the show is sure to draw a big gate.

## Parkland Girls In Softball Play

Members of the team are: Sandra Mowell, Barbara Dixon, Gaye Sheldon, Judy Vance, Christie Satra, Donna Hill, Cathy Hill, Nancy Suter and McGrath, Linda Glossner, Judy Lunde and Susan Larson. Coach is Walter Suter and co-managers, Mrs. Don Satra and Mrs. Don Nixon have helped to spark the team.

Four boys baseball teams are sponsored by the same committee in the Franklin Pierce program.

## Wading Pool In Gonyea Park Is Popular Spot

**BIG DEAL ON A HOT DAY**—Kids of all sizes gathered from far and near on a recent sizzling summer day to crowd the wading pool in Gonyea Park Playground. This recreation spot has much to offer to children and families alike and is constantly being improved and its services extended for the use of all people of the area. Originally sponsored by the Parkland Business Club, the development of the park project represents the planning and hard work of hundreds of citizens of the community, who may well be proud of the results of their effort.

## Parkland Girl Queen Of Pierce County Junior Fair

**BIG 4-H EVENT DUE**—Crowning climax of the year's work for the host of 4-H and FFA young people of the area, the Pierce County Junior Fair will hold its 12th annual showing on the Sumner High School grounds Aug. 11, 12, 13. Parkland groups are especially excited about the affair because this year's Fair Queen is lovely Martha Hovey of Parkland. Pictured above, Queen Martha is seen at the Parkland Super Market pinning one of the Junior Fair buttons on Bob Lebo (left) while Carroll Rupy (right) looks on with approval. The two men own and operate the market. Mr. Rupy holds the Fair plaque purchased by the store.

Entries by the thousands are already being received at fair headquarters and indications show this will be the biggest and best fair ever.

The fair, an all-youth fair for 4-H and Future Farmers of America club members, is the largest event of its kind for youth in the county and is a truly remarkable exhibit.

The three days will be filled to overflowing with contests of every shape and form. Demonstrations, dairy and horse shows, science exhibit, forestry identification, tractor driving and all types of judging will be just a few of the many features.

The fair grounds have already begun to buzz with activity and take on a festive air this week as workers begin construction of cattle and poultry buildings. The

Summit News  
Summit "Explorers"  
Go To New Mexico

Twenty Explorers and two leaders left Tacoma by bus Sunday for the Philmont Ranch near Cimarron, New Mexico, on a three week trip, including a 12 day expedition through the Philmont Ranch. Philmont is a national camping area of the Boy Scouts of America. It is operated for the Explorers, from all over the nation, for expeditions and treks.

Our own William Scott is one of the leaders who went with the group. Summit Explorers going were Gregory Rice, David Leavens, Perry Bartram, Steve Lind, and Roger Bennett. They will return to Tacoma August 17.

Girl Scouts Camp Out

Girl Scout Troop No. 93 from Central Avenue School enjoyed their first camping experience at Salt Water State Park under the

supervision of Mrs. Fran Torbet, leader; Mrs. Louise Seaman, Camp Counselor; and Mrs. Shirley Courchaine.

Leaving the Youth Center by automobile at 10 A.M. July 27, they arrived at their destination at 11. By 12:30 the girls had their tents and gear in place. Lunch was welcomed after working up a good appetite. The afternoon was spent on nature and trail hikes and in gathering wood for the evening meal. The girls prepared the following meal: potato and hamburger patty (baked in foil), corn roasted in the husk, fresh vegetables, dessert, and milk.

After camp was in order the evening was spent making marshmallow holders, out of coat hangers and spoons, and sit-upons, made out of newspaper. Singing songs and roasting marshmallows around the campfire climaxed the day and everyone was ready for bed by 9 P.M. At 6:30, Thursday morning, the fires were started and the aroma of bacon filled the air.

By 8 A.M. everyone was enjoying oranges, hotcakes, bacon, eggs, and hot chocolate, again cooked by the girls. All camping gear was packed in the cars by 10 A.M. and the girls enjoyed their last snack, watermelon, which had been chilling in a small creek flowing by the campsite. Tired, but happy, they left for Tacoma, arriving home by 11 A.M. The troop is looking forward to next summer and another camping trip.

Recently while wandering around I happened into a restaurant over in Eastern Washington with an appetite equal to that of a hungry lumberjack. I had no more than sat down when I overheard one waitress grumbling to another about all the jerks crowding into the restaurant that day expecting service. I took a good look around and the atmosphere was almost hostile to those wishing to be served.

The occasion of my visit to this restaurant was an air show and it is quite true that it had brought in a large crowd so it stood to reason that the folks working in this particular restaurant on the field had been kept quite busy, but so what? They asked for work when they took the job there. This was probably the first chance the owner had had in a long time to show a fair profit on his investment, yet instead of showing a little appreciation for the opportunity offered their employer, this group of grouches seemed hell bent to run off all the business they could so they wouldn't have to work a little faster than usual.

In my case, after sitting around listening to two of the waitresses cry on each other's shoulders because they had probably put in their first honest day's work in a long time, I finally asked one if she could take my order as I would like to get back outside to work as soon as possible. This particular waitress passed me by

Splash Party

Thursday evening, July 28th, Dougie Cail was given a surprise birthday splash party. When he arrived at South End Pool for a birthday swim, he was amazed to see so many of his friends waiting for him. After the water fun, his Little League teammates and friends enjoyed two animal birthday cakes, ice cream, and kool-aid at the Charles Ashworth home. The children attending the party were: Bob Ashworth; Dennis Bauer; Gary Faggerstad; Bob Matson; Steve McKenna; Donald torbet; Tom Sundqvist; Shelley and Kim Morris; and Allan, Dougie, Deann, and Jimmy Cail.

It's the LAW

John proudly told his folks that he had been pledged to the Sigma Stinka Pu high school fraternity. His parents willingly gave John their consent. He told them the fraternity met at the homes of the members and never used the high school rooms for any of their functions.

The school board soon passed a resolution to the effect that the students could not participate in any of the school activities such as debate clubs, athletic teams, school bands, glee clubs and other similar activities so long as they were members of or pledged to such a secret society. The resolution did not bar such students from the class rooms although they were prevented from taking part in the graduation honors.

When John told his father of the school board action, his father demanded that the board permit John to play football and sing in the glee club even though he remained a member of the fraternity. The board refused to comply with the father's request, so he sued the school board to try to compel it to act in his son's favor. Do you think the school board can be forced to change its position?

The court held that the school

board was within its authority; that the rules were general in their application and not arbitrary but reasonable; that they were necessary to maintain good order and discipline in the school. The board's resolution sought only to prevent the members of the fraternity from dictating the terms on which they should enjoy certain privileges which are merely incidental to regular school work.

The court ruled that John had the option of continuing his membership in the secret society and thereby forfeiting participation in the school's extra-curricular activities or of complying with the rules and enjoying those privileges. The father could not compel the board to grant his demands.

And of course there will be carnival rides for the younguns' and teen-agers and plenty for everyone to eat from cotton candy to full course dinners.

Clubs and organizations are now being treated to special visits from lovely Queen Martha Hovey of Parkland. Martha, a gracious blue-eyed blond with a sparkling smile is inviting everyone to the Junior Fair and telling of the many events that will take place. She is being accompanied by six lovely princesses Leslie Sales and Diane Perryman also of Parkland, Sharon Smith from Gig Harbor, Roberta Reed of Woodland, Shari Young of Edgewood, and Janet Bombardier from Midland who are giving information demonstrations on their various 4-H club projects.

Queen Mother for the girls is Mrs. Mel Pederson who is the mother of last year's Queen Priscilla Pederson.

Martha will be crowned in impressive ceremonies the opening evening of the fair by Lt. Governor John Cherberg. The nightly programs, designed for the whole family, will be exciting and varied. Professional talent has been arranged to thrill and delight audiences according to Al Stamey, program director. No two shows will be alike. There will be trained poodles, a clown, balancing act, male trio, go-cart races, queens, a young marimbaist, dress revue and parades of blue ribbon stock.

An organ concert will open each evening's show after which the colors will be presented by the Rhythm Riders.

Admission to the Grandstand is by button which can be purchased by any 4-H club member. Buttons are \$1 and 50c for adults and children. Patron buttons are \$5 and contributors of \$15 or more will receive an attractive wood and brass plaque and three patron buttons.

The Pierce County Junior Fair will this year host three separate flower shows. The Capitol District of Federated Garden Clubs and the Washington Dahlia Society will again sponsor shows to which adults and juniors anywhere may enter.

A "first" for the fair will be the Western International Gladiolus Show on Saturday and Sunday, August 13 and 14 in Spartan Hall. It is only once in 5 years the Washington State has the opportunity of this 5-state event. Mr. and Mrs. Fred Book of Sumner are chairmen for the show. They have the promise of many entries from the 4 other states and Oregon is offering a special new trophy this year, for the best out-of-state entry.

The lovely spacious foyer of the hall will be converted into a "wedding day" scene and will take the bride's day from breakfast until the honeymoon in its arranging. The stage is expected to likewise be made into a spectacular setting, while the main floor will hold the amateur and professional entries.

Gracious Queen Martha Hovey of the Junior Fair will open the exhibit on Saturday afternoon. There is no entry fee nor admission charge.

This year, for the first time in the history of the fair, the Pierce County Commissioners have budgeted \$2,500 to provide cash awards for winners in the varied entries.

Some of the outstanding Science projects which have won honors during the year for local high schools will be on display this week-end as a part of the Pierce County Junior Fair in Sumner.

Don Henry, science instructor of Puyallup, who is chairman for the event has invited high schools from throughout Pierce County to participate with science exhibits.

It promises to be a demonstration not to miss. The exhibit will be on display in the multi-purpose room of the Senior High School building.

Another interesting display at the fair in the science field will be a Niki Ajax missile.

**Notes From Benston Grange**

The Benston charter was draped on Tuesday, July 26, in loving memory of Mrs. Mary Calvert, one of Benston's most loved and respected members. Through the years, she has come to be known as Benston's official greeter, and hundreds of visitors have been welcomed by her warm hand-clasp and beautiful smile.

Mrs. Calvert loved people and life. She logged more hours of grange work than many half her age. She joined Benston Grange in 1943 and held membership in Pomona, state and national granges, highest membership that can be obtained. She will be missed by all of us who knew and loved her.

Benston welcomed four guests to their meeting: Mrs. Signe Hansen, one of Benston's charter members, now a member of the James sales Grange; Mr. and Mrs. Arthur Reynolds, who will soon be demitting to Benston from Quillay Valley Grange in Clallam County.

Our fourth guest for the evening was Janus Asplund of Ohop Grange with beautiful slides and interesting narrative of his hobby of flying as part of Lecture Hour. Concluding the evening's entertainment. Mrs. Beulah Selle read a timely poem, "Pointed Thoughts on Camping."

Changes of hall rental fees as outlined and recommended by a special committee were adopted by vote of the grange.

The next meeting of benston Grange will be August 23.

The antique car, which more than three years of Art's skilled work had transformed from junk into a beautiful and serviceable vehicle for the 2700 miles of travel, performed well and is really something for the Horseless Carriage set to view with envy and admiration.

## A feature . . .

Once headquarters for the pot-bellied stove with its chew and spit fraternity, one of the oldest buildings in Parkland is back in business.

Leased by Charles Fulwiler to partners Dale and Lowell, store equipment builders and designers, the two-story white frame building with the TV western facade is bustling with activity.

Reported to be at least 75 years old, the building was last operated by Fulwiler as the Garfield Variety Store. He purchased the building in 1945.

The real history lies during the Lehman tenancy which started in 1926. Known as the Parkland Mercantile Company, it was traditionally a "crossroads" of "piny" northwest civilization equipped with pot-bellied stock and crackerbarrels. Alvin R. Lehman dispensed liniment to linoleum with judicious observation on the state of the nation and the weather. It was the days of the almanacs printed next to patent medicine ads and sure cures for everything from gout to sciatica.

This was where the mail came also. The postoffice was operated in the back room with Lehman acting as postmaster until his death in 1944.

Old-fashioned winters and the short-range benefits of the "freeze or bake" heating system brought Lehman chillblains on the hands that traded necessary staples for butter and eggs.

A frugal economy then, farmers relied on Lehman's Mercantile in the days when function was the better part of value. Lehman's feed fed the flocks that produced the eggs that bought the feed and so on —

The old building on Garfield in the center of Parkland still serves as a reminder of old-timers of the days of chillblains, pot-bellied stoves, home-churned butter and the days of right-neighborly folks who sat for "jist a spell" at Lehman's Mercantile.

**LETTERS to the EDITOR**

**Editor's note:** A recent Journal article disclosed the fact that the Franklin Pierce School Board wanted public participation in naming the new school to be built in Parkland. Please submit names to: Superintendent of Franklin Pierce School District 402, 11124 Portland Ave.

**Dear Editor:**  
In your paper I read an article to name a new high school in the Parkland and Garfield area. I'm new here and didn't know where to send this name, so I'm sending it to you. Hope this is OK. I'd like to name it Garland High School.

Thank you,  
Mrs. Frank Morgan,  
11462 S. Alaska,  
Tacoma, Washington.

**Dear Editor:**  
In answer to your request for a name for the high school, I heartily submit the name Mary Wilson Smith, who was a lovely pioneer school teacher, mother of six children and two grandchildren who graduated from Parkland Grade School.

Mrs. Smith's father owned the property that comprises the "heart of Parkland," donated the land to the Methodist Church on Wheeler Street near Pacific Avenue, and sold the land to the founders of Pacific Lutheran College.

Mrs. Smith was a devout Christian lady and was interested in the educational and cultural life of Parkland.

The land on which the new school will be built is a part of the original Peter Smith (her father-in-law) land grant!

Respectfully submitted,  
Jennie Gellatly Grodvig,  
Candidate for State Representative from 28th Legislative District.

**CHURCH CALLED LAX**  
OKLAHOMA CITY, — "Tennessee Williams and William Faulkner are telling us more about man's depravity than the church is," says the Reverend Dr. C. A. Roberts, who spent a year living among beatniks. "Problems of boredom, worry and guilt will not be solved by the same old sermons, and today's churches are not trying to solve their communications problems."

**LET PEOPLE DECIDE**

## Heinrichs Home From Subic Bay

Visiting at the John G. Heinrich home are Mr. and Mrs. Iver Heinrich, son and daughter-in-law, and their children, Cathy, Penny, and Jonathan. They recently returned from a teaching position at Subic Bay in the Philippine Islands, and will soon be leaving for another year of teaching at Tianan, Taiwan.

Also visiting at the Heinrich home are S-Sgt. and Mrs. David Goff (Peggy), daughter and son-in-law, and their children, Michael, Mark and Robert from Klamath Falls, Oregon. They will be leaving for Ankara, Turkey, shortly.

From Nova Scotia Mrs. Frank Couture's sister, Mrs. Harold Graham, from Nova Scotia, spent a week with her, and then both Mrs. Couture and Mrs. Graham went by train to Alberta, Canada, to visit their 79-year-old mother and three other sisters. They also visited a sister in Vancouver. This is the second time in thirty-six years the two sisters have been together.

**Enjoying Visit**  
Mr. and Mrs. Ralph Prall are enjoying the visit of Mrs. Prall's aunt, Mrs. Jesse McReynolds, and her two daughters, Susan, and Mrs. Rosella Cox, from Mercer, Missouri. At a recent luncheon in her home, Mrs. Prall also entertained Mrs. Eldon McReynolds from Kent, and Mrs. Prall's daughter, Mrs. James Forey and daughters. They are planning a picnic at Spanaway Park.

**Happy Birthday**  
James Walker, one of Midland's favorite old-timers, celebrated his sixty-seventh birthday, Sunday, July 31st, with his many friends and relatives, at his home at 99th and Portland Avenue. Happy Birthday, Jim!

**Airplane Trip**  
Mr. and Mrs. David McPherson have just returned from an airplane trip to Alliance, Ohio, which is Mrs. McPherson's hometown. While there, she attended the 50th Wedding Anniversary of her aunt and uncle, Mr. and Mrs. F. S. McMillan. It was her first trip back there in thirty-five years.

Fire Chief McPherson had the opportunity to look over the fire equipment in Akron, Alliance, and other communities. He reports we are much better equipped in the West than they are in Ohio.

**Norway Visitor**  
A recent visitor to the Midland area was Ragna Haugen from

Oslo, Norway, visiting her uncle, Andrew Christensen, Sr., and her cousins, Mrs. Frank Baskett, Roy Christensen, and Andrew Christensen, Jr. After a two-month stay, she returned to Norway by air via the North Pole route.

**Returned**  
Mr. and Mrs. Charles (Bud) Hansberry have just returned from

a two-week vacation, having visited the scene of the 1959 earthquake and slides in Montana. They also stopped at Virginia City, and spent several days at both Yellowstone National Park and Glacier National Park. They also attended a square-dance while at Yellowstone.

**Injured**  
Injured last week in a truck

accident while on duty at a Southern California Air Base, was Tom Anglea, son of Mr. and Mrs. John Anglea, 7511 Portland Avenue. He was moved to a hospital in San Diego. His condition being quite serious, his mother is there with him. We all wish Tommy a speedy recovery.

**On Leave**  
The Midland Bombers defeated

Seaman Charles Law, son of the Kellers 5-1 last Thursday night to win the National League Championship in the Franklin Pierce Bantam League. The boys were ably coached by Morry Taylor, playing their usual heads-up baseball. This qualifies them for the championship play-offs. Good luck, Morry and boys!

BY EDNA MILES

Pampered though American women may be, there is still room for more pampering. Hands, especially, bear the brunt of daily dishes, scrubbing the children and ensuing bathtub ring, and general house cleaning.

On top of this comes the gardening season when many homemakers like a healthy, relaxing dig in the dirt.

Instead of shrugging off sore thumbs and rough skin as home-maker's hazards, you can do something about it. Gloves, for example, are handy items to include among home work supplies. And they needn't look like mittens for a man from Mars. They can be dainty and flattering while doing their protective duty.

The latex variety—some come in a mauve pink with gray turn-back cuff—now is designed with serrated palms and fingers as an added safety feature. The skid-proof grip means fewer broken glasses.

Remember when wearing gloves while working at home to remove them occasionally. Hands perspire and need to breathe just like other parts of the body.

Busy hands need special protection, whether it's during gardening chores or kitchen duties.

John will then move with his family, Mrs. John H. Gorow, and children, Kathryn Sue and son, Mark Herbert, to Fort Meade, Maryland, to work for the National Security Agency.

John is the son of Mr. and Mrs. John G. Gorow, Collins Road. He attended Collins School eight years, graduated from Puyallup High School and received his Bachelor of Science Degree from the Washington State University in 1957. This will be a dessert potluck so all are asked to bring a cake or jello, your plates, cups and silverware. Coffee and tea will be served by the club.

Hospitality chairmen Jack and Virginia Massey will be assisted by the Bill Olts, Cliff Laycocks, Henry Mellicks and Patti Klemme and brother Rickie. All dancers are invited.

**Harmony Hoedowners**  
Saturday evening August 6th will be Harmony Hoedowners night at Fruitland Grange again. Willis Dodge will begin calling the squares at 8:30 P.M. preceded by a business meeting of the club members at 8 P.M. Several birthdays will be recognized.

There will be guest callers, guests from Seattle, and a special invitation is given to the newly graduated members of the 1960 Fruitland Grange sponsored class. This will be a dessert potluck so all are asked to bring a cake or jello, your plates, cups and silverware. Coffee and tea will be served by the club.

Two 4-H fairs occupied the weekend for 3 of the members of the Woodland Lucky Clovers. Saturday July 30th at Riverside 4-H fair DuWayne David and Jesse Crayne showed their dairy heifers. DuWayne received a red on type for his Jersey and Jesse a white on type for his Guernsey. Both boys received red ribbons on Fitting and showing. Sunday July 31st at the horse show Jessie Aikins received two reds and two whites for her efforts in 4 of the events.

Sunday, July 31st, at the Thrift Community Fair, DuWayne and Jesse each received red ribbons on their animals for type and received blues on Fitting and Showing. The next big fair will be the Summer Junior Fair on August 11, 12 and 13th. Several other of the club members are entered in this so we wish them all the very best of luck.

**Square Dance**  
The Fruitland Grange sponsored square dance class of 1960 graduated 70 square dancers on Satur-

day evening July 30th. Willis and Loraine Dodge who have been the instructors for the past 29 weeks handed out the diplomas. The new dancers were congratulated by the officers and mates of the Harmony Hoedowners and Howdy Parners clubs who have been helping out during the classes along with other dancers of the two clubs. Two couples and 4 individuals received extra awards for not missing one of the 29 lessons. An evening of dancing was enjoyed by all through the generosity of the Fruitland Grange. Instructions in basic round dancing and reviewing of some of the favorite rounds of the past will be given for the next few Monday evenings by the Dodges for the graduates and any others that are interested.

**HOMER CONSCIOUS**—The slugging sensation of the major leagues, Yankee blaster Roger Maris posed beside the Babe Ruth monument in center field at New York's Yankee Stadium. Maris has been having such a good season that he's already surpassed the Babe's phenomenal record for 1927.

**EDWARDIAN**—Complete with bumbershoot is this outfit worn by Mrs. Leonard Rubin in London. It is of a style fashionable at the beginning of the reign of King Edward VII. She wore the dress to a garden party thrown by Queen Elizabeth.

**EVEN BEDDING IS LOSING WEIGHT!**

Silhouettes in bedding have changed as much in the last 100 years as in milady's fashions. Both have slimmed down considerably and eliminated the puffs and padding.

Northern Electric Company, the nation's largest producer of electric blankets, points out that the typical bed in 1860 was a fit companion for the lady of the house. Its voluminous feather mattress, thick blankets and puffy coverlets matched her well padded frame adorned with bustles, hoop skirts and ruffled sleeves. Elaborate coverlets and quilts were pleasing to the eye, but heavy on the sleeping body. And what a chore to wash!

Today's homemaker flits about her bedroom in slim tapered pants and gay top, making her beds in a fraction of the time her great-grandmother required. Her beds, too, are sleek and smooth, thanks to fitted sheets and blankets of easy-care synthetic fibers that provide warmth without weight or bulk. A truly modern advance, the electric blanket, originally by Northern in 1912, can take the place of three conventional ones. This reduces the number of motions in bedmaking as well as the heft of bed coverings.

The modern "revolution in the linen closet" has made light work of linen laundering, as well as bedmaking. By lightening the load on the sleeper, it also leads to more comfortable sleep.

Other changes during the "century of progress" is a riot of color and pattern has invaded the traditional pristine white domain of sheets, pillows and mattresses. New grown more firm, with the emergence of foam rubber and immersing construction; "linen" sheets are strictly passe, having been replaced by drip-dry cottons and nylons; and linen departments are stocking an ever wider range of sizes to complement different size beds.
