"Learn-to-Swim" Is Added Fun Feature

The weekly swim trips to Spanaway Lake, formerly taken in past summers, have been dropped and replaced with the "learn-to-swim" program at the South End Pool. There will be no organized swim trips with bus transportation provided for this season.

Playground activities have reached a peak never before attained in regards both to attendance and interest. This week there will be Pet Shows, Hobby Shows, Dress-up Shows, Space Shows and many other events to catch the imagination of the boys and girls. Besides many special events there will be the regular craft sessions, storytelling and athletics.

Don't forget there is leadership at Dawson Playfield, Parkland Park, James Sales School, Collins School, Central Avenue School, and Spanaway School. This enlarged playground and swim program is made possible by the Pierce County Parks and Recreation Department in cooperation with Franklin Pierce School Districts.

Foliage Fanciers

Members of the Foliage Fanciers Garden club will have their annual club picnic Thursday, July 9, at the home of Mrs. Orville Torgeson. Members and their children are to meet there at 10:30 a.m. The children and members may go swimming in the pool if they wish, so should bring swim suits.

The accident was investigated by State Highway Patrol Officer Harry Cole. — Photo by McKewen.

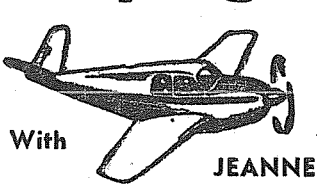

Freak Accident Wrecks Car, Injures Family of Four

LADY LUCK WITH THEM — Stranger than fiction is the fact that four people riding in the 1955 Studebaker sedan pictured above escaped with only minor injuries. The accident occurred shortly before noon Saturday on the River Road near Ivan's Cafe, a half mile west of Puyallup. William R. Fisher of Seattle, driver of the car, suffered head injuries and shock; Autumn Fisher of Seattle, bruises; John Fisher, Puyallup, neck injury; Opal Fisher, Puyallup, bruises. The driver applied the brakes suddenly to avoid hitting an oncoming car, the vehicle skidded on the slippery road, struck the guard rail and rolled over. Damages to the car were set at \$1,000. All members of the family party were rushed to Good Samaritan Hospital in Puyallup and later released. State Highway Patrol Officer Ralph Bales investigated the accident. — Photo by McKewen.

Before the 1959 Daffodil Festival comes to a close we want to say "thank you" for the fine support given us by the Times-Journal. Without such support it would not be possible to stage such an outstanding floral event as we have.

Working with you has been a real pleasure. Together, we should be able to get through quite a few "bigger and better" Daffodil Festivals in the years ahead. Pass our "thanks" along to your staff, for their help was invaluable.

Seamen At Rose Festival
PORTLAND, Ore., (FHTNC) — Victor I. Nelson, sonarman seaman, USN, son of Mr. and Mrs. E. A. Pitsler of 870 S. 120th st., Parkland, Wash., serving aboard the destroyer USS Mansfield, visited Portland, Ore., June 10-17 during that city's 1959 Rose Festival.

Fourteen U.S. Navy First Fleet ships were joined by a U.S. Coast Guard ship and six Royal Canadian Navy frigates. In addition to participating in the festival, the 5,000 sailors saluted the opening of the Oregon Centennial.

Leading the parade of First Fleet ships into Portland was Vice Admiral R. E. Libby, USN, the Commander of the U.S. First Fleet aboard the heavy cruiser USS Helena.

Currently receiving basic infantry training at Fort Ord, Calif., is Donald P. Larson, 18, son of Mr. and Mrs. Oscar N. Larson of 1519 East 91st street; he graduated from Franklin Pierce high school in June.

Parkland Firemen Win Fine Trophy

At a recent meeting of the Puget Sound Firemen's Assn. at Burien, in which all the fire departments in the Puget Sound area are invited to take part, the Parkland Fire Department won the first place trophy in their class, beating McChord Field by a narrow margin, who placed second, followed by Sumner, who was third. These drill are to simulate an actual fire condition and the procedure is the same as would be used at a major fire.

The credits are given for speed, firemanhood, careful handling of equipment, resourcefulness. This is an unknown drill and until the gun goes off and the men are handed the drill they don't know what is going to be. Therefore it is a "Must" to have a good working knowledge of all fire department equipment.

Captain Clay Bain and Firemen Chet Kirk, Virgil Tatro and George Moe made up the winning team for Parkland.

61st Anniversary for Parkland Couple

On Monday, June 22, Mr. and Mrs. Frank Pepper, old-timers in the Parkland area, observed their 61st wedding anniversary. They have lived at 307 East 121st street for more than 40 years. Mr. Pepper was 85 years old last March, his wife will be 84 next Christmas day.

In failing health because of his many years, Mr. Pepper has been in a Tacoma nursing home for the past year and a half. Mrs. Pepper

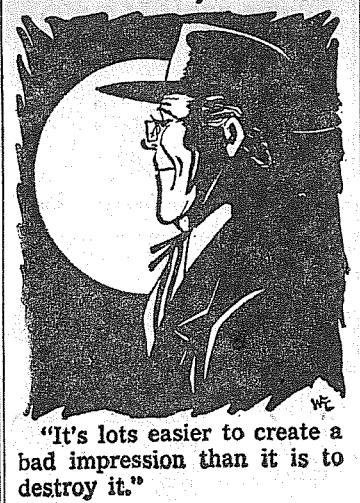

seldom misses a day visiting him, walking the several blocks from her home to take the bus for Tacoma, rain or shine. Her devotion is almost a tradition to her many friends.

While circumstances made an anniversary party impossible, all members of the family managed to spend some time with Mr. Pepper at the nursing home and with Mrs. Pepper at the family residence.

The son and daughter-in-law, Mr. and Mrs. Phillip Pepper, live at 745 South 120th street, Parkland, and are able to visit with the older couple quite often. Coming from a distance especially for the occasion were a son-in-law and daughter, Dr. and Mrs. Cecil Riggall of Spokane, and Mrs. William Clusserath (Barbara Pepper), daughter of the Phillip Peppers, and her baby daughter Kay Marie of Dearborn, Mich.

Mr. and Mrs. Frank Pepper were married in Bellingham June 22, 1898.

By George Purcell
June beef cattle marriages. That's the trend nowadays. Cattle-men have found the calves dropped in February, or early March, will sell for considerable more money in the fall than May calves. Another trend is to use only proven sires, like the dairymen have done for years, that will sire profitable fast growing calves. There are three essential yardsticks in sizing up any bull to be added to the cow herd. They are rate of gain, grade or conformation, and fertility. Reliable information on these three factors, Purcell says, will help take the guesswork out of the business of buying a bull. Here's why:
1. Rate of gain made while bull was being grown out. The average daily gain in weight by a bull is at least 70 per cent inherited by his calves. If a bull which gained

2½ lbs. a day is bred to heifers which gained 2 lbs. a day, we could expect 70 per cent of this extra ½ lb. difference in gain, or .35 lb. to show up in the calves. However, the heifer contributes half the inheritance of the calf, so divide the .35 by 2 and that gives .17 pound per day. That's the extra gain you'll get from calves sired by a bull which gained 2½ lbs. per day over a bull which gained 2 lbs. per day. At a year of age, this would mean 2 more lbs. on the calves from the better gaining bull.
2. Grade or conformation: Grade 2 bulls usually sire mostly choice feeder calves when bred to average Washington cows. Bulls grading 3 or lower when bred to the same type cows will tend to sire grade good to medium feeder calves. The market price for choice feeders tends to run about 2 cents a lb. higher than for good and medium feeders.
3. Fertility: Around 10 per cent of the beef bulls tested in the last few years were either sterile or

poor breeders. This could mean the loss of a calf crop for a small rancher and a greatly reduced calf crop for a rancher using several bulls. A fertility check will help guarantee a calf crop. This fertility check is relatively simple and is no big problem to do or have done.
270 Pierce County 4-H Club members are eagerly preparing for their annual jaunt to Millersylvania State Park. Camping, swimming, learning and fun are all on the schedule from July 6th to 15th.

County Camp chairman, Herbert Cone, of Gig Harbor, and his committee promise the best camp ever. Preparations began six months ago with the selection of this year's camp theme "Salute to Alaska". Serving with Cone on the committee are Howard Young, Edgewood, vice chairman and Finance committee, Mrs. Marvin

Larson and Mrs. Eleanor Green, co-chairman of the program and Music committee, Florence Bargmeyer, Advertising and brochure, Rhea Cone, services, and Katherine Hamma, crafts. Other committee chairman include Mrs. Kenneth Graves, camp rules, Mrs. Florence Benson, Nurse — Group I, Genevieve Mladinich, Jean Bergman, and Colleen Fryman, swimming instructors and life guards. Camp fee is \$13.50, the same as last year. This provides for a four and a half day camp with two camps slated consecutively to handle the enrollment.
Craft classes occupy all campers in the morning hours. Craft classes were arranged by committee chairman, Katherine Hamma. Volunteer class instructors and their craft instruction are as follows: Leather Craft, Herbert Cone; Recreational Leadership, Mrs. Evelyn Rodgers; Aluminum Etching, Mrs.

Castelan; Copper Enameling and Copper Tooling, Katherine Hamma; Back Yard Craft (Bark Carving, Peasant Painting, Sawdust Modeling), Mrs. Kenneth Graves; Water Safety, Beginner, Genevieve Mladinich; Water Safety, Advanced, Genevieve Mladinich; Ketchikan Song Birds, Mrs. Marvin Larson; Firearms (2nd Camp

Only), To be designated; Textile Painting, Sharon Smith; Judo and Safety, Sgt. Virgil Matson.
A pasture management tip — instead of clipping all your pastures for weed control at one time, just make a few rounds with the mowing machine from time to time. By mowing a little every day or so the pasture is finally clean. Some-

times clipping is passed up because the forage is so heavy that the mowed material must be raked and removed to keep from killing the new growth. Cattle like a little dry hay even when on good pasture. A few rounds with the mowing machine leaves so little cured hay that hay-hungry stock will clean it up quickly and, too,

Surprise Visit

Mr. and Mrs. Carl Wegge and daughter Marilyn and Mrs. Hulda Kludtke of Stillwater, Minn., relatives of Rudolph Geise, made a surprise visit to the Geise home recently. A cousin of Mr. Geise's, Bob Schultz, stationed at Fort Lewis with the U. S. Army, was also contacted while the other kinfolk were here. A pleasant visit was enjoyed by all.

In Chicago

Mr. and Mrs. Joe Brennen and son Mike are spending the summer in Chicago with Mr. Brenner's parents.

Burned in Accident
Galen Hauser of Vicky road was severely burned in the accidental explosion of gasoline used to help start a truck recently.

Wins Grange Honors
Mrs. Orpha Geise, Waller Road Grange Home Economics chairman, can truthfully tell the women of the Grange that it pays to enter contests sponsored by the National Grange. Because her "Walnut Squares" were judged 1st place winner at the Pomona Bake-Off, she was entered at the State Grange Convention in the Cookies Bake-Off. She placed 1st again for the Northwest District and in the finals June 19 at Vancouver, Wash., her cookies took 2nd place. There

are many wonderful prizes offered by leading manufacturers who help to sponsor this contest. As much Mrs. Geise has not been notified of her prize, but the honor alone is great.

Visitors

After spending a pleasant week with their son-in-law and daughter, Mr. and Mrs. Doug Fogles of East 48th street, Mr. and Mrs. Holl Boone have returned to their home at Dayton, Wash. An outdoor chicken barbecue was held in their honor at the home of Mr. and Mrs. Verne Fogle on Saturday, June 20, to enable the family to get together for a good visit with the Boones. Sharing the pleasant afternoon were Mr. and Mrs. L. J. Mahill and Rocky, Christy and Dale, Mr. and Mrs. Ron Fogle and Connie, Jim Evans, Mr. and Mrs. Doug Fogle, Mr. and Mrs. Jerry Fogle, Mr. and Mrs. Boone and the Verne Fogles.

Massey-Michael

In beautiful rites, held at the home of Mr. and Mrs. Fred Forrester of Tacoma the evening of June 13, Miss June Massey became the bride of Richard Michael. Parents of the young couple are Mr. and Mrs. Alfred E. Massey of 4023 East 49th street, Harold Michael and Mrs. Emily Jackson of Tacoma.

The lovely bride, gowned in traditional white satin and lace, waltz length, with fingertip veil

caught to a dainty headpiece, carried a bouquet of white roses and lily of the valley. She was given in marriage by her father. The candlelight service was performed by the Rev. Harold J. Bass.

Attendants for the bride were Miss Rita Michael, sister of the groom, and Miss Pat Forrester. The groom was attended by Arnie Robinson and Alfred Jackson.

Beautiful bouquets of pink roses and greenery adorned the home for the wedding and reception that followed. Serving the wedding cake was Mrs. Elva Steadman, grandmother of the bride; another grandmother, Mrs. Alfred Massey Sr., poured coffee; Mrs. Fred Forrester had charge of the reception.

Mr. and Mrs. Alfred Massey Sr. are from Missouri and visited in Tacoma prior to the wedding.

The bride graduated from Puyallup high school with this year's class.

Following a brief honeymoon, the young couple will make their home in Hoquiam, where the groom is employed.

Keep some hand lotion or cream on a kitchen shelf near the sink and use it after cooking and dishwashing chores. No need to waste the hand preparation—just a small amount used regularly should help to keep your hands in good shape.

Oysters, prepared an old-fashioned American way, are rolled in bread crumbs and basted with butter while they are grilled. The seafood is served on toast and then hot melted butter mixed with lemon juice and minced parsley (maitre-d'hotel style) is poured over.

If you have found it difficult to make popovers from scratch, you may have more success with a mix from the grocery shelf. For a quick top-of-the-range supper try your hand at making potato pancakes; serve with crisp bacon and applesauce.

Your family will praise you for serving up corn fritters from leftover corn cut from the cob. Broil crackers that have lost their crispness until lightly brown; or spread with butter, and toast in the oven.

Letter of thanks:
I wish to express my many thanks to the friends and families that surprised me with the lovely going away party; those that attended and those that went in on the luggage but were unable to attend. Norman H. Frink, machinist's mate third class, recently returned to San Diego after a tour of duty on the USS Hammer. He is the son of Mr. and Mrs. L. M. Frink of 2723 East 62nd street.

Campus Cop Seeks Degree

STANFORD, Calif.—F. L. Dixon, Yard no doubt is one of the most cultured motorcycle officers in the world.

He is working on a doctor's degree in Hispanic literature and speaks French, German, Italian, Portuguese and Spanish. He already has his master's degree.

Yard, 39, works 40 hours a week as a Stanford University patrolman to finance his education and support his wife and three young children.

"It simply was the highest paid campus job that I could find," he explains. "But I like it. It's a chance to get out in the fresh air, time that I would normally spend in the library, and a chance to meet people."

The scholar-policeman's primary duty is riding throughout the vast campus on the lookout for traffic and parking violations. He finds professors a conservative lot, rarely making traffic mistakes.

He says he cites six to eight students at the beginning of a term for moving violations but the number is cut in half by the final school week.

Along with working as an officer, Yard has been a farmer, admiral's assistant, school teacher in Massachusetts, Chile and Mexico, Merchant Marine officer and clerk in a Puerto Rico office.

He came to Stanford from Mexico where he was director of Bi-National Center in Monterrey, a school similar to our junior colleges.

First Moon Visitor May Be A Mobol

WASHINGTON—The first man on the moon actually may be a mobile robot called a mobol.

Planes-Aerospace, official publication of the Aerospace Industries Association, says the mobol has been developed by a missile company for experimental tests in radioactive areas too dangerous for man.

The publication says the mobol,

equipped with flexible steel hands and television-camera eyes, is part of a full scale experimental program to measure effects of atomic radiations upon electronic components.

John Luther "Casey" Jones was killed in the railroad accident celebrated in the song, on the morning of April 30, 1900.

SAVED BY THE LAW

PHOENIX, Ariz.—O. V. Norris, 55, picked George S. Emerson, 27, from a police lineup as the man who robbed a grocery store where Norris worked. Then Norris said to an officer, "I'll give you \$50 to let me take one punch at him." The officer refused.

It's The Law

With today's rapid transportation, people are moving around the country seeking better places to live. Some folks are on the go all the time. They may be considered citizens of the world or knights of the road. What is their state citizenship or domicile?

This is not merely an interesting academic question, but often poses a difficult legal problem of vital importance to parties involved in litigation. For example, an article recently appeared in this column which made mention of the fact that Federal Courts have jurisdiction of civil cases where there is a diversity of citizenship between the parties. Such citizenship has to be proved. In many other legal situations the citizenship or domicile of an individual is the key factor.

Generally speaking two facts are necessary to acquire domicile. (1) Physical presence of the person in the place claimed as the domicile, and (2) the intention of making that place his home. When these two facts are concurrent, the change in domicile is instantaneous.

It is not necessary to intend to live in that place permanently. If a person, capable of making a choice, honestly regards that place as home his motive is immaterial. Therefore, a person can only have one domicile at a time, and that domicile continues until a new one is acquired.

How does this apply to military personnel who often must move from one place to another while on duty? Well, the courts have held that a citizen of a state does not lose his citizenship or change his domicile by entering military service-no matter where he may be assigned, and regardless of his term of service-unless he indicates an intention to abandon his original domicile and adopt a new one.

Girl Scout Day Camp to Open at Spanaway Tuesday, July 7

TWO WONDERFUL WEEKS — Brownies, Intermediate Girl Scouts and Senior Girl Scouts will gather at Spanaway Park Tuesday morning, July 7, to start an adventure of fun and learning of skills in the annual Day Camp. Pictured above, left to right, Susan Keel, Susan Mortenson and Linda Parker are seen in a pre-view of the outdoor cooking which all the youngsters at camp consider a highlight of the event. They are using a charcoal broiler, favored to prevent forest fires.

At the Spanaway Girl Scout Day Camp this summer, outdoor cooking will be a major activity. The girls will learn how to make the small, compact fire that best serves for cooking. They will learn how to cook in the coals a complete dinner of rice, sausage and cheese, wrapped in foil; to bake delicious corn bread in a Dutch oven; to bake bananas in the coals, with a marshmallow inside, and how to prepare many other tasty dishes.

The aim of those in charge of Day Camp is to show the girls, at their different age levels, what to cook and how when camping. With simple things like coffee cans and lids, coat hangers, No. 10 cans and tuna cans, the girls can use to cook easy dishes to the more complicated ones to assure a fast meal.

The food the committee is furnishing the girls this summer gives them ideas for different menus. Simple foil cookery and buddy burners are the Brownies' choice. The older girls like reflection ovens, charcoal and one-pot meals.

Other activities will include safety precaution instruction, nature trail excursions, craft work, games, story-telling and singing. The camp, located at the south end of Spanaway Park, near the lodge, opens July 7 and continues four days a week for two weeks. Mrs. M. A. Hartley, 1812 South 112th St. is camp director.
