Budget gets FP Board's quick O.K.

At a special board of directors meeting Friday, May 1st, attended by only two persons other than the board, Franklin Pierce District Number 402's preliminary budget of \$3,379,137 for the 1964-65 school year budget was adopted. Board members present and voting were Mrs. Phyllis Erickson, Mr. Matt Manley, Mrs. Kathleen Skaar and Mr. Harold Sherry, C.K. Meek was unable to attend. The preliminary budget serves as a tentative guide for control of school expenditures until the final budget has been adopted on the first Monday in October. Final budget can be determined only after the enrollment for the opening of school is known following the opening of the school year. It is planned that salary adjustments will be between five and seven per cent for all personnel, with the exception of a few employees who are at the maximum position of their respective salary schedules. Enrollment is expected to increase approximately 400 students over the 1963-64 school year with an approximate fifteen teachers and another five classified personnel added to the pay roll. All measures on the budget passed unanimously with the exception of administrative salary schedules. On that item one board member abstained from voting.

Area 120,000 pounds cleaner after spring weekend clean-up campaign

PARKLAND FIFTH GRADERS also turned too in order to make the community a cleaner place to live. Here they are shown getting the school yard's accumulation of debris ready for a Parkland Development Association member's pick-up in last weekend's big clean-up campaign. —Photo by Dugan

Campaign is successful, says Chairman Manges

Sixty tons of refuse was the estimated yield of last weekend's Parkland Development Association sponsored clean-up campaign. Small trucks, large trucks, trailers and autos combined Saturday to haul hundreds of loads of refuse and debris out of the Parkland area. A large number of old car bodies, hot water tanks, ranges, bottles, tons of pa-

per, scrap metal and other saleable materials went to the Boy Scouts. There were two troops working in the drive. Troop No. 30 of Parkland Kiwanis under Scoutmaster Don Schroeder and Troop No. 42 of Immanuel Baptist Church under their leader, Wes Stuart, participated. Special thanks were extended by the committee to a number of people including Harold LeMay's Pierce County Refuse Company and its drivers who made equipment available for refuse hauling. Others participating were Vaughn's Lumber Company, Carlson's Cabinet Shop, An-

FP debaters go to meet

Sue Wight The Franklin Pierce High School debate team will travel to the Annual State Debate Tournament at Washington State University for the first time Friday and Saturday. Members of the squad are Marsha Meek, Sue Bando, Don Solberg, Hick Kerns, and Larry Roshau, advisor. Mr. Roshau attributes the team's success to "teamwork — cooperation with each other and hard work for the team as a whole." The topic which the FP debaters have used for the season and which they will use at the tournament is "Resolved: That the federal government should provide complete care for all citizens at public expense."

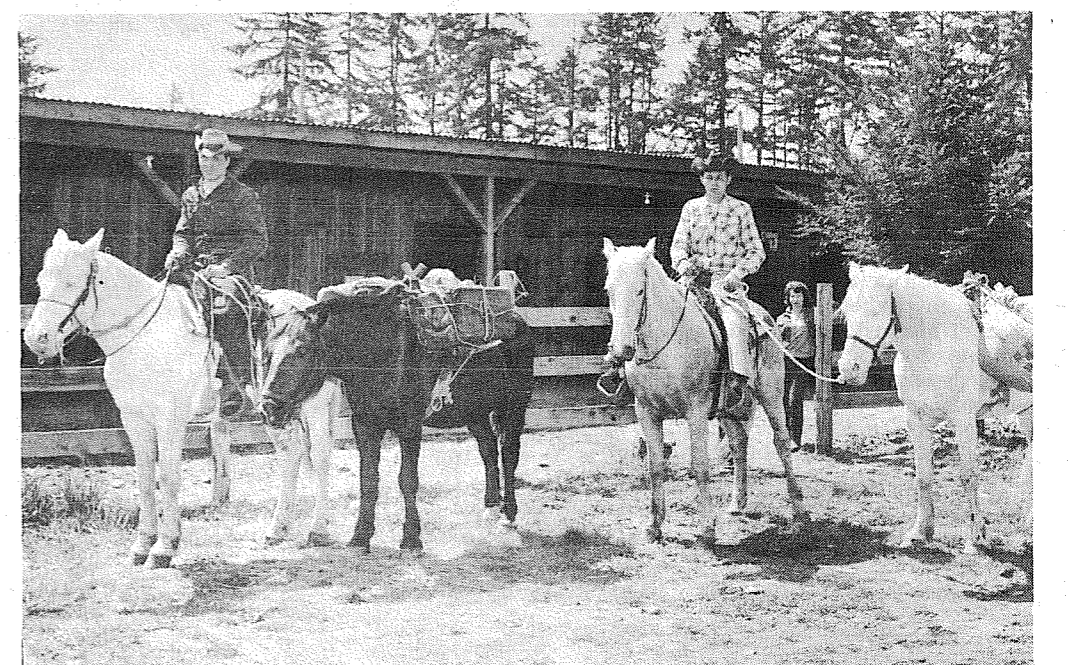

Post Offices close windows

Saturday, May 2nd was the last day for window service at the local post offices. Normal delivery service will continue to be provided, but effective May 9, 1964 window service will be suspended on Saturdays. This move is part of the same governmental economy program which has prompted the closure of unneeded military bases. It is this economy program which made possible a reduction in your income tax.

Local riders will hit the trail to New York Fair

Leonard Ott and Ted Friesz, both of the Times Journal area, will set out on horseback from the Seattle Center sometime in the near future and make the long trek to the other coast via back roads and camp sites. The two young men will be accompanied by two pack horses carrying all the gear they will get along with in the length of time it'll take them to get there — and they aren't setting any hard and fast date yet!

Eastward HO!

THERE'S A LONG, LONG TRAIL a'winding from Seattle to New York and the boys you see above are hitting that trail soon. Leonard Ott and Ted Friesz are packed, grub-staked, and chomping at the bit. They'll soon depart Seattle Center with messages of good will from the west coast to the east coast for as successful a

New York World's Fair as the Northwest experienced last year. Keep posted on the long trek by reading following stories in the Times Journal — their kind of wanderlust isn't just everybody's cup of tea but it's bound to make for some interesting spectating in the easy chair at home. —Photo by Dugan

Mothers Day Great day for whole community

The average family spends an average of \$20 each Mother's Day. It is reported in a business magazine this week. Parkland area merchants who are participating in the Shop-At-Home-And-Save program are offering not only a wide variety of Mother's Day merchandise at bargain prices, but a chance for the area to keep that money at home to "grow along with the south Pierce County."

The best gift a mother can get is a community her children can grow in to their best advantage. Money spent at home circulates at home where it builds better churches, schools, sidewalks, and civic services.

When that average \$20 is multiplied by every Times Journal family who has the opportunity to participate in this program (over 16,000), it could mean that each and every family can take part in keeping their dollars at home to build better community facilities. Times Journal 13 week advertisers invite the readers to turn to the Shop-At-Home-And-Save page and glance through the attractive advertisements for ideas to please Mother in more than one way.

The winner!

TIMES JOURNAL NATIONAL BABY WEEK WINNER is pretty Susan Diane, daughter of Dale and Jackie Steichen, 4821 South I Street, who checked into Tacoma General Hospital at exactly 12:06 a.m. April 26th. She is shown here with her mother and older (3½ years) sister, Debbie, who constitute an admiring audience. Also admirers of young Miss Steichen—all 6 pounds and 9 ounces of her—are sponsoring merchants who all have presents to welcome her to

the world. Merchants with gifts for Susan Diane are Parkland Wash-N Dry, Carver's Lawn Pottery & Gift Shop, Ashmore's Spanaway Drug, Bargain Basket, Johnson Drug Co., Flett Dairy, Dugan Photos, So. End Hardware, Marian Modes, Lucky Store, Vertrees Baby News Store and Parkland Fuel Oil Service. Help your state capture these six most-wanted tourist types

This Is The Year! The year of Washington State's 75th Anniversary Diamond Jubilee, and the big tourist hunt is on. Study these pictures. See if you recognize any of these people. Memorize the things they *don't* know about our Great State. Read the glowing passage at the bottom which explains why Washington needs tourists any-

ARDENT NATURE LOVER: This fluttery tourist type just doesn't realize that old Washington State has more ardent and unassisted nature to love than any other state in the Fifty. Scenery? We've got everything from towering ski mountains and deep notched lakes to rolling meadows and miles of crashing coastline. Wildlife? In our "variety vacationland," back-to-nature fans can live with curious deer as neighbors, if they want to, and spy upon such beasts as raccoons, marmots, bear, elk, and mountain goats. Trees and shrubs? In the Arboretum of the University of Washington, they can stand in one place and feast their eyes on 2500 kinds of trees and shrubs. Nature, we've got!

ALL-AMERICAN ATHLETE: Old Ironsides, here, would go out of his alleged mind in Washington's wide-open spaces. We've got more athletics than all the Olympic Games combined. There's room on (and under) our 7,000 lakes for everything from water skiing to scuba diving. Or you can skip out in one of Seattle's 50,000 pleasure craft and explore the 2,000 square miles of Puget Sound. But water sports are just the beginning. They're still schussing the snowy slopes of our Swiss-sized mountain peaks in July, if you can spare the time from tennis, golf, salmon fishing, kite flying, etc. And if that's not enough, join the High Riggers and top a spar tree or enter one of our bone-bagging rodeos.

BON VIVANT: New York propaganda to the contrary, our "worldly" gourmet is not leaving the trappings of civilization when he ventures into the "primitive" Pacific Northwest. Washington offers some of the most sophisticated dining this side of Binghamton, New York. We've got 25 different kinds of sea food and as many different places to eat—everything from steaming your own clams on Whidbey Island to being served steaming sushiyaki in one of America's largest Japanese restaurants. And what about our Chukkar partridge, our succulent apples, our tiny Olympia oysters, our tasty Dungeness crab? If "bon vivant" means "a lover of good living," Washington is everyone's dish.

TYCOON: This poor little rich kid hasn't heard that busy, booming Washington State has everything it takes to warm the heart of even the steepest-eyed industrialist. We've got a big chunk of the nation's hydropower; deep-water ports that are 250 miles closer to the Orient than any ports in California (one day's time saved); and an available labor force that's permanent, skilled, happy (nation's lowest labor dispute record), and 15% more productive than the national average. From the 49th parallel south, we've got a mere 66,709 square miles of Great State—easily enough room to squeeze in another million-dollar industry or two.

PATRON OF THE ARTS: What our Miss Otis Jorgels (when she regrets she is unable to visit Washington this year) is that she'd be up to her opera glasses in culture! She could spend years just visiting our 25 nifty art galleries and museums. Washington is the center of the internationally respected "Northwest School" of painting, too. (Show us another state with a native who won the Venice Biennale as our Mark Tobey did a few years ago.) We support ballet, opera, high fashion, low comedy, the theater, and symphony orchestras (Walla Walla is the oldest west of the Mississippi). And we have the world's tallest totem pole. How's that for culture?

Why tourists anyway? Tourism is Washington's 4th largest industry. Last year, some six million tourist types scampered around our State, keeping it green to the tune of 253 million dollars. (They outnumbered us natives 2-to-1!) They paid the salaries of some 25,000 Washingtonians. And taxes from visitor-money helped pay for such things as schools, parks, highways and hospitals. So you see, it's more than good manners to invite your friends and relatives to Washington—it's good business.

How can you help? Easy. Fill out and mail the coupon down below (or phone, drop us a card, or race in to any PNB business office). We'll equip you with your very own one-piece Tourist Trapping Set, a giant illustrated letter to mail to the tourist of your choice. (If you're planning to trap more than one, good for you—we'll send you all the letters you need.) All you do is sign the letter and mail it. It's packed with persuasive prose and pixilated pictures (including the pictures of those tourist types so you can have fun kidding your friends). With your help, there's no telling how many thousands of extra vacationists our state can lure or how many millions of dollars of extra prosperity they can supply. And as a bonus, we'll also give you two litter bags—one for your other car or your next-door-neighbor. They're quite attractively and usefully printed (for litter bags) and an easy way to keep our state spandy clean as well as green. Fill out the coupon or come in or phone—ready, set, go. *Let's Tell The World About Washington!*

WE MAY get our money from a job in industry, from a one-chair shoeshine business, or for working as janitor, bank president, or some other useful activity. But what we do with what's left after taxes is our own personal business.

Of course, with some necessities coming first, we may not always get to buy WHAT we'd like to, but there isn't much to keep us from spending our money anyWHERE we please.

And this decision... WHERE to buy... is pretty important... because WHERE we spend a dollar has considerable bearing on WHERE and how handily we can get our dollars in the future.

When we choose to spend our money in our own community, where its circulation can create many more dollars of trade volume to boost our local economy, then we can make a better living easier here.

It Pays to Buy Where You Live

The American Legion Parkland Post No. 228 Auxiliary at their April 12th meeting chose Miss Linda Lawson as their candidate to go to Girl's State. Margaret Srsen was chosen as alternate. Both girls attend Bethel High School and participate in many school activities. The other girls who gave their talks on why they would like to go to Girl's State were Linda Nelson, Pam Kerns, and Margaret Ball. They also go to Bethel High School. It was very hard to choose from these girls as they all gave wonderful speeches.

At their April 25th meeting they had a "Pot Luck" supper. After everyone had finished with their eating and were relaxed Miss Linda and Rosemary Smith sang them a couple of Spanish songs. Then Miss Rosemary Smith gave a short speech on "Equador" as that is the country represented in their Foreign Relations. The girls were dressed in their Spanish costumes.

Many things were done by the members this year. Food, clothing, a home and furniture were given to needy families. Clothing was sent overseas and money was sent to the Alaska Relief. Things that are needed and can be used by the patients at the Rainier State School at Buckley were sent to them. Things too numerous to mention are being done by the Auxiliary.

At this time the members wish to thank the "Times Journal" for letting us be able to take up some of their space in the paper to let everyone know of our meetings, activities, and happenings. We do greatly appreciate this.

The next meeting will be on May 11th at Sunshine Hall at 8:00 p.m. At this meeting they will elect officers.

Old timer feted at Woodland Review

April 15, 1964

Dear Friends of Woodland P-TA:

First of all I am going to give you the names of the crew that attended the first year of the 1884 school at Woodland. First Kupfers, Lena, Fred and Henry, the Mosoffs, John, George and Joe, Padgets, Bob, Julian and George, Oversets, Amie and Ida, Brecken, Bill, Frank and Fred. The Collins, George and Magie, Pumors, Harry and Leo, to my memory that's it, 16, a good section crew.

Then along came that 16 year old sweetheart, Lena Gano. Took over the Boss Job and did a wonderful job. Then in about '90 she became the Mrs. Mahan, raised two girls and a boy. She had 680 acres which now is the Brookdale Golf Course and the caretaker is Ernie Roland. He's been there for 35 years — a long time. Good luck P-TA, in reading this scribble.

Edited and written by: George F. Mosolf

If I made any mistakes Fred Cupper will correct them. Just three left, Fred Cupper, 89, George Padgett and George Mosolf, 87, of sixteen.

Please have this Big Story published in next week's Parkland Journal.

I did my best.

Thank you, P-TA,
Signed: George Mosolf.

broke in to announce that Pearl Harbor had been bombed by the Japanese, December 7, 1941, and so the boys went off to war. Miss Janice Nelson danced and swabbed her way across the decks of a Navy Destroyer and rejoiced with all America when Japan surrendered in August 1945.

Rock and Roll was all the rage in the 1950's and Mr. and Mrs. James Calvert Sr. and Mr. James Calvert Jr. presented Violin, Bass and Piano combo music.

The 1960's population boom resulted from the war years came next. In the fall of 1962 the old Play Court was finished into six more classrooms. A new era brings new ideas in every field, but the newest fad in music is The Beatles presented in pantomime by Miss Colleen Henrich, Miss Sherry McCann, Miss Carol Fasy, and Miss Linda Harrison.

Recognition of distinguished guests were presented to: Tom Lest-Janitor of 1888, Mrs. Max Waldron-Principal of 1920, Mrs. Florence Leuty Miller-Teacher of 1921, Mrs. Oscar Root-Cook of 1921, Mrs. L.W. Bennett-Past PTA President of 1936, Bud Root-Early Bus Driver, and the Hansmann Brothers, Elmer from Longview, Washington and John from Mt. Vernon for traveling approximately 100 miles to be there. Mrs. Nida Mayer was the first Pre-School President.

WOODLAND PTA REVIEWS 80 YEARS

Calls were made and invitations sent to everyone possible who has ever lived, worked or had any association with Woodland School in the past 80 years, to come back April 15, 1964 and recall times gone by.

Between 350 and 400 persons gathered in the Gymnasium at 8:00 p.m. and were taken back in history as a program was presented by Mrs. Robert Joslyn, writer, producer and director. Helping Mrs. Joslyn were: Mr. Leo Armstrong, Program Chairman, Mr. and Mrs. William Wetherby and Mr. and Mrs. Fred Wolf.

George Mosolf, 87, one of the original ten students in the classroom of 1884 was the honored guest.

In 1884 the first school was built. It was a one room schoolhouse of 1 by 12's with an attendance of 10 students and one teacher. The second school, another one room schoolhouse, only larger than the first as the enrollment had increased and 8 grades were being taught, was built in 1888 and stood for 19 years.

The year 1900 brought a few squeals from the audience as Mrs. Lynn Brogden came tripping down the aisle in a brightly striped swimming suit and kerchief, sprinkling water (confetti) from a pail as she skipped up onto the stage to the tune of "By The Sea". In 1907 the third school was built. This was a two room schoolhouse.

The Roaring '20's brought forth Miss Joann Vander-schelden attired in a bright red flappers dress trimmed with white fringe, who danced the Charleston. In 1921, The Principal, Mrs. Velona Doan formed the Woodland PTA. They were always working to get hot lunches for the students. Mrs. Oscar Root was the first cook at Woodland and she served Free Hot Lunches in 1922.

What with the Big Crash in '29, the '30's didn't have much to offer. However they were made a little brighter by the Natural born Humorist Will Rogers, portrayed by Fred Wolf dressed in black woolly chaps, jeans, vest, plaid shirt and western hat. In 1937 the 4th school was built on the corner of Fruitland and 112th.
