Franklin Pierce Board Faces Extensive Agenda

Five proposals are among items on the agenda of the Franklin Pierce School District No. 402, Board of directors meeting set for Tuesday, July 11.

First of the proposals will be an addition to the School Library Bill of Rights, asan unbias choice of materials for the students.

The addition will ensure: 1, "To provide materials that will enrich and support the curriculum..." 2. "To provide materials that will stimulate growth in factual know-ledge...;' 3, ''To provide a background of information which will enable pupils to make intelligent judgments in their daily life.; '4, ''To provide materials on opposing sides of controversial issues...; '5.''To provide materials on opposing sides of controversial issues...; '5.''To provide materials terials representative of the many religious, ethnic, and cultural groups and their contribution to our American heritage." and 6, "To place

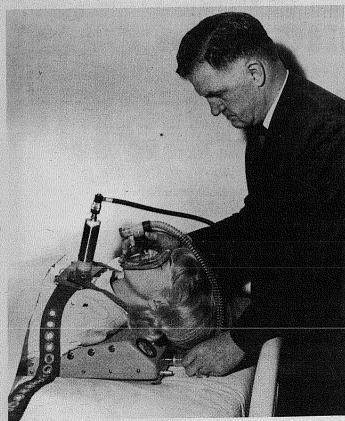

principle above personal opinion and reason above prejudice in the selection of mat-

erials ...''
Education of Exceptional Children, will be the second and third proposals. These proposals state: ''All children without distinction, shall have the opportunity for equal and appropriate educational direction," and "For children of exceptionality, special pro-vision for instruction and classroom environment shall be provided to meet their

Renewal of the Summit Youth Center Lease will be the fourth proposal on the boards agenda and a resolution calling for a maintenance and operations, and bleachers levy will be the fifth.

New business at the meeting wi'l include a policy for naming of new schools, an administrative organization chart and the awarding of insurance for the school district.

Department Local Fire Increases Protection

NEW RUSUSCITATOR---The heart-lung resuscitation machine is used in an ambulance enroute to hospital performing more consistantly and for a longer time than can any human

The "above and beyond the call of duty" protection Spanaway area residents have been receiving since 1946, from the Spanaway-Elk Plain Volunteer Fire Department, will be increased this week to include a heart-lung resuscita-

The life - saving machine called the HLR, which is being bought for the department's use with donations, costs \$1,320. Only \$961 has been mustered so far, according to John J. Ferren, chief

of the Spanaway station,
"We already have the machine, although we still owe
\$400," said Ferren. "We are

anticipating a last minute surge that will pick up the needed balance, but regardless of the outcome, the machine will be in service after the trainings sessions on July The Fund, for purchase of

the machine, has been set up at the National Bank of Washington, Parkland Banking Center. Checks should be payable to the Spanaway - Elk Plain

Fire Dept., Heart - Lung Resuscitator Fund.
When asked what procedure should be taken in the event of a person suffering a respiratory failure, Chief Ferren said:

"We feel that there are four basic steps that must be taken in any successful heart - lung operation. First, it is up to the individuals involved to start mouth-to-mouth resuscitation immediately. This is done by tilting the head back and plac-

Spray Painted Window Among Area Sheriff's Reports

A complaint of malicious damage of property was filed with Pierce County Sheriff's Department when Janet M. Hilsendeger of Parkland found the rear window of her car sprayed with back paint and a series of slashes ranging from 1 to 16 inches long in

The car, a convertible, was outside the home at 1516 So. 115th, when the incident oc-

Benjamin T. Laurento of So. Park reported to the sheriffs that while he was on vacation someone stole five rabbits from a pen in his yard. One of the rabbits was a pure bred, 5th generation, New Zealand, also one pure bred and three fryers.

Other area incidents reported include theft of two tires, including rims, from a car parked at Elbert Ann Enterprises, Rt. 1, Box 1299M, Spanaway; larceny of a telephone booth in Eatonville; malicious damage to a vacant house in Parkland; burglary of Keithley Junior High School and burglary of a residence at 803 So. 99th.

1967 Roundup Princesses Named

Sixteen Parkland Roundup Princesses will be competing for the title of 1967 Parkland Roundup Queen, and their names and sponsors were released by Mrs. Barbara Rike, Queen advisor, last week.

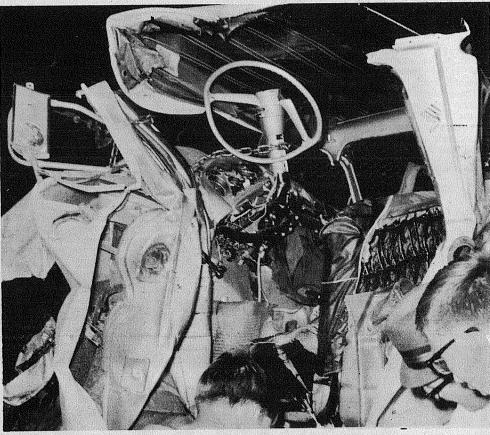

Vying for top honors will be: Claudette Kaufman, Nat-ional Bank of Washington; Alicia Carson, Thriftway Foods; Sharon Bantord, Colts & ies; Henri Milton, Brookdale Inn; Linda Martin, Tacoma Savings & Loan; Kathy Sur-plus, Armstrong Used Cars; Vicki Wood, Anderson Lumber Co.; Bev Riley, KAYE Radio Puyallup; Cathy Kizer, Kozy Korner Kafe; Susan Jen-sen, Tacoma Lariettes; Cathy Nicholaus, The Ranch; Vicki Leeper, Shop Mart; Jan

Thackary, Bunkhouse; Chris Badeau, Meridian Riding Club; Lynn Yenne, Lions Club Parkland; Yvonne Denny, Ken's Auto Glass and Upholstery in Puyallup.

The contestants will accumulative points by selling cumulate points by selling Roundup buttons, be judged for poise, beauty, and personality July 19, then have their riding ability judged the afternoon of July 22. Coronation of the queen will be the evening of July 22 at Sunshine Hall, 108th and Yakima.

HILLTOP HILLBILLIES will participate in an Elimination Show in Parkland Sunday sponsored by the Pierce County 4-H. Mrs. Clarence Johnson is leader.

Sandra Ingram Mount Rainier Park **Visitor Facilities Open News Editor**

Sandy Ingram

Sandy Ingram, a blue-eyed blonde who hails from Cheshire, England, was named News Editor of the Times Journal last week by Pierce County Publishers Inc., new

owners of the Journal.

Prior to joining the Times
Journal staff, Mrs. Ingram worked the city news beat for the Wichita Falls Daily Record News. She left Wichita Falls to join her husband, who was transferred to McChord Air Force Base March 1967.

She met her husband, Robert, while she was on duty with the Women's Royal Army Corps. The Ingram's were married in Brixham, Devon, England. They have a two year old son. In addition to the newspaper

business, Mrs. Ingram has worked as a semi-professional field hockey player on a women's team. "My husband made me give up the sport," she states. "He thought it was too bruising."

Since coming to the States more than two years ago, Mrs. Ingram has lost her desire to play field hockey. Writing for newspapers keeps her busy LONGMIRE (SPECIAL) — Mount Rainier National Park construction is minor at this facilities at Sunrise opened July 1 with Food and souvenirs available.

Camping will be delayed unti! the four feet of snow at the Sunrise Campgrounds melts. The nearby White River Campground is open with 125 sites providing tables, water and grills. Hiking trails ter-minate at 4,800 foot eleva-tions where lingering snow fields prevent further travel.

Late snow cover has delayed opening of other portions of the park including Mowich and campgrounds at Paradise.

Paradise is still measuring from four to eight feet of snow, but some flowers are blooming as the snow line retreats. Public inconvenience due to

date. Landscaping and grounds development at Paradise may hamper foot and vehicle traffic, but delays should be brief. New exhibits at the Paradise Visitor Center attract-

ively interpret geologic, animal, plant and bird phrases of natural history. Visitor Centers at Ohanapecosh and Longmire also provide interesting exhibits and displays. Evening talks are presented nightly and nature walks are offered daily at Ohanapecosh and Longmire. Roadside exhibits and roving naturalists are distributed at scenic lookouts to enhance the enjoyment of auto visitors.

The Ice Cave, three miles from Paradise is open, but the trail is still under snow. Visitors to the cave can expect a vigorous six mile round trip and should have sturdy boots and rain covering as the cave is very wet. A flashlight is recommended as well. Guided trips to the cave are available from the Mountain Guide Service which also provides other mountain hikes, mountaineering seminars and summit climbs.

Lake fishing opened July 4, but most lakes above 5,000 feet are still frozen. Most streams continue to be cloudy. -0-

Census Bureau's Quarterly Survey Slated This Month

If someone knocks on your door and asks: "Have you bought a car, or a TV, or any other large appliance recent-ly." It isn't Mrs. Smith try-ing to keep up with the Jones-es, it will be the U.S. Department of Commerce, Bureau of the Census.
Households in this area will

be asked early this month about the major expenditures as a part of the Census Bureau's Quarterly Household Survey, according to Director John E. Tharaldson of the Bu-reau's Regional Office in Se-

Answers to the survey questions will provide guidelines to activity in certain important areas of the economy. For example, answers to this survey from earlier quarters indicate that, of the estimated 58 million households in the United States, 79 per centown at least one automobile, while 25 per cent own two or more;

8-5 DAILY EXCEPT SUNDAY

LANDING MONDAY morning at Puyallup Industrial Airport (formerly Thun Field) was a fleet of six new Cessna aircraft inaugurating Puyallup Valley Development Company as the new Cessna aircraft dealer for the Puyallup Valley area. The above airplane, a 1967 Cessna Super Skymaster, was shown during the day by officials of the Development Company and Skyways, Inc. of Troutdale, Ore., the Cessna dealer for Ore., Wash. and Northern Idaho.

Fly-In Hails New Valley Air Service

PUYALLUP - A fleet of six new single and twin engine airplanes landed at Puyallup Industrial Airpark Monday morning to inaugurate a new era of complete air service for

The flight of aircraft had as pilots, executives and personnel from Skyways, Inc., Troutdale, Ore. - the Cessna aircraft distributor for Ore., Wash., and Northern Idaho.

Leader of the flight was Joe Rice, executive vice president of Skyways, Inc. He recently completed negotiations with Puyallup Valley Development Company and the Company's president and manager James E. Boyle of Puyallup.

In addition to sales of new Cessna aircraft, the Development Company will offer aircraft parts, supplies and a maintenance backup program.

The fleet of planes included two twin-engine airplanes and three single-engine airplanes. Twin - engine airplanes were the Cessna 310, used mainly for corporate aerial transportation, and the Cessna Super Skymaster.

Single - engine airplanes were the Cessna 210 Centurion, a Cessna Skylane and a cargo-six passenger Cessna

Boyle said the Airpark offers complete services in all areas of general aviation - a

term used in aviation to denote all aircraft and aviation activities other than those of commercial airlines.

He said there are hangaring facilities for more than 40 aircraft on the field, complete flight training, aerial charter, aircrast maintenance, refueling and pilot services.

"With the newly-extended aviation services area residents, businesses and industries will be closely linked over an 'aerial bridge' to the metropolitan centers of the West," emphasized the Airnark's manager.

The present staff of five employees, said Boyle, is expected to increase with the extensive future developments of the complex.

FRUITLÂND GRANGE will meet at 8 p.m. Friday with State Convention delegate Helen Ballou reporting on activities of the recent convention. Refreshments will be served by Lloyd and Minnie Chesley, Cliff Kobelman, Frank and Shirley Marsh and Neva and Mitchell Milne. b

BETHEL School District Board of Directors will meet at 8 p.m. Thursday at Bethel High School.

POMONA GRANGE members will gather Sunday at Spanaway Park Kitchen #2 for their annual picnic. Mrs. Ruth Gorow is in charge. Coffee, tea, drinks for the children and ice cream will be furnished. The potluck dinner will be

served at 1 p.m. b Honored will be Pomona's chaplain Rev. W.A. Moore who will be 98 years old.

PIERCE COUNTY Library Board of Trustees will meet at 1:30 p.m. next Wednesday at library headquarters, 201 St, Helens Ave., Tacoma. Mrs. Clarence Johann will preside.

C.A. Svinth of Gig Harbor, former director of Washington University Extension Service, has been appointed by the County Commissioners to succeed Hubert Secor whose tern has expired. Svinth has served as a county agent and a term in Pakistan where he assisted in the agricultural program under the U.S. government's Point Four program and the Ford Founda-

Mrs. Kalles Won't Seek Re-Election

PUYALLUP - Because of legislation passed during the recent session of the Legislature Mrs. Eileen B. Kalles will not be able to be a candidate for re-election to the Puyallup School Board.

The announcement came last week from superintendent Dr. Thomas Terjeson who said the legislation prohibits members of the State Board of Education to retain memberships on a local board of directors.

Mrs. Kalles stated, "It is with regret that I must terminate my service to the Puyallup School District. It has been a privilege to help build the Puyallup system to its present standard of excellence."

She was elected to the Puyallup School Board in 1952 and to the State Board of Education in 1962. Duringher active years as school director she served twice as president of the local board, and also as president of the Pierce County School Directors Association and the Washington Association of School Directors.

For her service to public education through service as a director and an active worker in P.T.A., the Puyallup Education Association honored Mrs. Kalles this spring for her "outstanding service and devotion to good educa-

Labor Council Hires Former **Auburn Editor**

Robert S. Johnson, former publisher of the weekly Auburn Citizen, has been appointed Education Director for the Washington State Labor Council, AFL-CIO, effective July 1, it was announced today by Joe Davis, president of the Coun-

cil.
"Bob Johnson's duties will include establishing labor education programs for public and parochial schools within the State," Davis said."He also will help set up special labor education programs for unions affiliated with the Washington State Labor Coun-

The post of Education Director was established under the State Labor Council's Project 66 program approved by delegates to the Council's an-

nual convention last summer. "Studies by experts have shown us that the story of organized labor and its contributions to our society is not being told adequately or fairly in our schools," Davis said. "Part of Project 66 is to get that story presented to students and new union mem-bers in a fair manner,!' Johnson holds three degrees

from Columbia University -Bachelor of Arts, Master of Arts, and Master of Science in economics. He started his negspaper career in 1939 as a high school correspondent and office boy for the Spokesman Review in Spokane. He later worked as a reporter for the Seattle Post-Intelligencer and United Press International. He is a past member of the American Newspaper Guild, AFL-CIO.

May Soon Flow Back Up Stream

AT THE present time the Columbia River is a series of pools behind dams, but within 25 years we may even see it cease to flow altogether or even flow backwards attimes!

This was mentioned to me by a scientist at the University of Washington College of Fisheries as a possibility of what is being considered for what was once a beautiful, wild-

flowing river:
As he explained it, as more atomic power comes on line, the hydroelectric power from dams will be used more and more to fill in power during times of peak demand. So during slack times, when there isn't such a great demand for power, the excess power would be used to pump the water back up behind dams again, so it could be there to generate usable power during the next

day's peak time! As mentioned in an earlier column, the Arrow Lakes project in Canada, which involves the building of great dams to act both for generating power and to regulate flow all along the Columbia for more efficient use of the water for power, will raise the temperature of Roosevelt Lake behind Grand Coulee Dam into the 80's. This is because the outflow from Arrow Lakes will be over a wide, shallow shelf of land where the water will be warmed by the sun.

Then if you add in this pumping the Columbia back up behind dams for reuse of the water, plus using it to cool atomic generators, this scientist says that within 25 years parts of the Columbia could well be 100 degrees in temperature!

This is certainly efficient use of the Columbia for power, but it just as certainly means the end of it for salmon, steelhead and other trout.

We have groups and commissions to promote Washington. It almost makes a man want to starta "Lesser Washington Society", to slow down some of this progress with all its unhappy side effects.

OUTDOOR OUIZ: How many men, women and children took part in hunting last year and how many more took part in some other form of recreational shooting. And also, how much did they spend? Answer follows.

ANSWER to Outdoor Quiz: Hunters in the United States total 18,000,000 according to figures compiled by the National Shooting Sports Foundation, Inc. An additional 7,000,-000 do some other kind of recreational shooting.

These 25,000,000 gunners spend a billion and a half dollars in their sport.

Key Clubbers Attending Convention

PUYALLUP - Two local Key Club officials are in Louisville, Kentucky this week at-tending the 24th annual con-vention of Key Club International.

Local president Erin Haynes and International secretary Cecil Snodgrass are a-mong 2,000 Key Clubbers and their adult advisers who will gather at the Louisville Con-Center in downtown Louisville.

The convention got underway Sunday with an inspirational address followed by the Presentation of the Key Club International Theme and Objectives for 1967-68.

SOCIABLE SQUARES invites all square dancers to attend a camp-out on Lake Sawyer, Friday, Saturday and Sunday. A potluck dinner will be served Saturday evening. Mr. and

Independence, my boy . . . independence and the beloved freedom for which our forefathers fought and died . . . these are why we are spending this hot Fourth of July afternoon tooling along the road to Moses Lake. Now, please keep your voice down and give your mother a chance to go to sleep.

No, we don't know anybody in Moses Lake. We don't even know where IS Moses Lake. But it is the principal of free choice we were discussing, not geography. Shlibhh. Your mother's nodding a little.

Well, the reason we're running into so much traffic, son, is that everybody LEAVES Moses Lake whenever they get a day off. And, especially in the

hot weather, it's unbearable . . . Why? To celebrate independence. There may not be any tea to dump in the harbor, or any rude bridges arching the flood, but it doesn't take a Patrick Henry to see our freedom is in jeopardy, does it? Roll your mother's window down a little . . . maybe a cool breeze.

Of course there aren't enemies behind every tree. It is from our friends and loved ones that we face chains and slavery. Pampered on Father's Day, mothered on Mother's Day . . . guy can't even take off his own shoes or mix his owndrinks around OUR house. So it is only fitting that he should assert himself ONE day a year . . . Independence Day. No, I didn't WANT to go to Moses Lake.

No, your mother didn't want NOT to go to Moses

Well, we WON'T go to Moses Lake if ymu'll keep your voice down. But when we came off the freeway, your Mother insisted on telling me how to make the cloverleaf off toward West Seattle . .

"If I need any help driving this car, I'll ASK for it," I told her. Remember?

So what? So, we'll stay on this road until we reach Morrocco if we have to. But until your mother is sound asleep, I wouldn't ask where is the other side of the road.

Of course you don't understand. When you're older and more grown up, you'll understand why your mother is so childish. In the meantime, support your freedom-loving and oppressed father. It's going to be HIS day if it takes all week.

Wallace Sibbert

At Kansas State History Institute —

PUYALLUP - Wallace K. Sibbert is one of 33 American history teachers participating in the National Defense Education Act American History Institute at Kansas State University Manhattan, Kan-

Four field trips scheduled for the Institute are Pioneer Village in Minden, Neb.; Eisenhower Museum and Library in Abilene, Kansas; Truman Library in Independence, Mo. and Kansas State Historical Society in Topeka, Kansas.

Research Assignment For Home Ec Major

Many college students find it hard to land any old summer job, but for Carol Weaver of Sumner, life will be ust a bowl of berries until school star

Carol found a perfect niche, in the U.S. Department of Agriculture food processing laboratory at Western Washington Experiment Station in Puyallup. That's about as much as a home economics major could hope for.

Especially one as committed to the profession as Carol. A top-ten 1966 graduate of Sumner High School, she is attending Washington State University on a four-year tuition scholarship from Wash-ington Natural Gas Company.

The June Holladay Scholarship, named for Washington Natural's home service director, is awarded each year to a girl who plans a home economics career in teaching or business. Carol was the 12th to win the award,

By the time her sophomore year rolls around in September, she will have added considerably to her home economics experience with food

processing work at WWES. Since it began June 12, her job has been largely concerned with tests on freezing strawberries.

berries, blackberries, and other fruits and vegetables will be tested,

The experiments, under the E.R. Wolford, are part of a continuing study. They have a double goal - to select varieties with top processing quality and develop ideal methods of processing western Washington's valuable berry

and vegetable crops.
"We are evaluating experiment hybrid selections developed by Dr. C.D. Schwartze, one of the horticulturalists at the Station, and others," says Wolford. "Those which perform the best may be introduced as commercial varie-

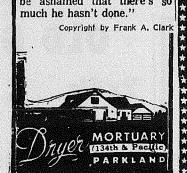

Putting her high school and college chemistry training to use, Carol runs pH (acidity) tests in this work. There is, however, a much sweeter side to her Experiment Station job. She is testing the use of fruit and berry juices to make candy with consumer brands of

pectin.

The WSU sophomore is the daughter of Mr. and Mrs. Kit Weaver of Route 3, Sumner. In her freshman year at college she maintained a 3.1 grade average and was active in campus affairs.

much he hasn't done."

Birth Defects Menace Tenth Of Co. Babies

PUYALLUP - Birth defects or prematurity menace the health of more than one out of every ten babies born in Pierce County, a local physician disclosed today.

Dr. Paul E. Gerstmann, medical advisor to the Pierce County Chapter of The National Foundation - March of Dimes, in its fight against birth defects, has made public for the first time these statis-

In 1965, a total of 6,998 babies were born in Pierce County. Of these 460 were premature and an estimated 490 were birth defects vic-

"In 1965 figures are the latest available from a March of Dimes statistical analysis," Dr., Gerstmann said, "but there is every indication that this toll is continuing at a similar rate today.

"The United States now sufers a death rate of 24.7 of ever 1,000 infants born alive. The infant death rate in Washington is 21.4. At least 234 babies died from birth defects and 145 from prematurity.
"According to the same

March of Dimes analysis the infant mortality rate here in Pierce County is 22.4," Dr. Gerstmann emphasized.

Birth defects are the second greatest destroyer of life and the greatest childhood health problem in the United States today. Each year 250,-000 American babies are born with birth defects.

"One of the things we can do about this," Dr. Gerst-mann suggests, "is to expand research into birth defects and prematurity. The March of Dimes now supports 90 Birth defects Centers for the treatment of patients and research into the mysteries of these afflictions. More such centers are needed."

Holiday Tourney For Preps sports

Tacoma, PSL Teams To Clash

TACOMA - High school basketball fans in the Tacoma area will be offered something new this year with the staging of an eight - team Holiday Tournament at the University of Puget Sound Fieldhouse Dec. 26-29.

The announcement came today from Bill Post and Del Schafer, co-chairmen of the tournament committee, representing the athletic directors of Bellarmine, Clover Park, Franklin Pierce, Lakes, Lincoln, Mount Tahoma, Puyallup, Stadium and Wilsonhigh schools.

The four-day tourney will match Tacoma City League teams against Puget Sound League Southern Division teams in opening round games. Due to previous schedule committments Mount Tahoma will not participate in the 1967 tournament.

Each competing team will play three games during the 12-game tourney which will

determine a champion, consolation champion, and eight places. A single loss will eliminate a team from championship consideration.

Post and Schafer reported that Principals and Athletic Directors of the various schools all expressed pleasure with the tourney format. "Speaking for the Tacoma Schools," Post commented, "we think that this tourney will stimulate interest in prep basketball throughout the area. We're happy to be included in the tournament."

"Our Puget Sound League teams have been playing the Tacoma schools regularly at this time of year," Schafer added, "but all of us are excited about the additional interest and new spirit of competition a tournament will generate. We're pleased to join the Tcoma schools in this venture and hope the fans really enjoy the new idea."

With this wonderful weather happiness means the fourth of July in the Puget Sound region. Picnicking, camping, and boating are the most fun for people but there is a group we Puyner skiers bow to with envy. Their activity took place on top of Pinnicle Peak overlooking Paradise Valley. They were not casting that fishing line nor swimming in a luke warmlake like most of us. These "Summer Racing Campers" were skiing in six feet of snow. What a glorious way to spend the fourth of July every year.

Skiers were the "Fabulous Forman Family"—Dan, Russ, Tim and always Mother and Dad. Also hitting those snowy peaks with them were "Mogal Bobbing" Bill Youngs, "Speed Ball Gary Morris",
"Butterflying" Tim Austin,
and "Swoosh Sloping" Jerry Meyerhoff, There is one small requirement for this adventure. You got to really know how to handle those skis. "Swoosh Sloping Jerry" is a member of the ski patrol but Pinnicle Peak is a long way for him to carry anyone piggyback style. This boy is more used to carrying out boxes of groceries.

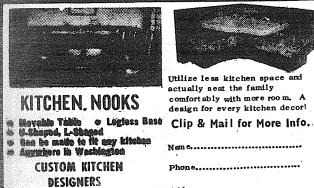

This time of year many have beer and ice cold pop but we like a "tall drink of water" at our house. He is Dennie's best friend Steve Harlow. We had a picnic with his folks, Delores and Herb Harlow at Evie and Lowell Mahaffie's Lake Tanawax place and it

915-70th Ave. E., Tacoma WA 2-6238 98424 was a most enjoyable evening. Joe and Elaine Mahaffie came up later with their youngsters, Mike, Pat, and brown-eyed

With such friends and family backing it is plain to see why Rick and Steve are so sports minded. These boys may be outstanding on water skis, track, baseball, and basketball but little sister Valerie knows how to pull in the fish. She recently has caught a 17 inch trout. Pretty good for a 6 year old (that shares all her crackers with me.) Big brother Steve was the mostrpoud but Val acted like it was an every day occurance.

The Mahaffie's had a family blast at their lovely sum-mer cabin. Their friendly hospitality would include most anyone but especially those with names such as Snyder, Christianson, Absher, Larson, Finch, etc. At one time everyone living in the southeast part of town was a Shaw, Snyder, Pasnick, Russell, or Nix. Fifty years later one family (the Snyders) has a lengthy list. I was seven years old (Shaw Family member) and can remember neighborhood excitement when Evelyn Mahaffie just had a baby boy they named little Joe. I couldn't help but think of this as I looked at Joe and Elaine's three fine boys. Time does

We better load up the red bomb again next week and pitch our tent among the trees! Won't you join the rambling Redfords???

Second Session Starts Today

The second three - week session will begin Wednesday in the Pierce County Park Department - Metropolitan Park District tennis school classes at Parkland playground.

Registrations for the session will be taken Wednesday at 9 a.m. at the Parkland courts. The session requires a \$3 registration fee, which includes all balls used in the daily classes.

The session will conclude July 21 and a third session is scheduled to start in all areas July 24.

Paradise Bowl Third In Junior Program

Paradise Bowl will be Pierce County's third bowling establishment to participate in the 100-Plus junior bowling development program when twice - weekly classes begin July 31.

The Pierce County Park Department and Metropolitan Park District, in cooperation with Tacoma-area bowling establishments, is undertaking the 100-plus program for residents of the area.

Paradise Bowl will join New Frontier Lanes, now completing its first two - week session in the program, and Tower Lanes, which will begin its first session July 11, in the junior developmental plan.

Classes at Paradise Bowl will begin July 31 on Monday and Tuesday at 9:30 a.m. and 1:30 p.m. The program will cost \$1 for registration. Bowling equipment will be provided and no charge will be made for bowling. Twenty hours of instruction will be provided by instructors at Paradise Bowl.

Registration for the session may be made at either the County Park Department or Park District offices in the County-City Building.

The Washington State Racing Commission leaves nothing to chance in protecting Thoroughbreds and the racing activities of this state. They are doing this thoroughly and

with complete care. They have their own veterinarian in the person of Dr. Robert L. Ford of Yakima whose business is to see that horses are fit and ready to run when entered in any race in the

state.
Dr. Ford is called on to check all horses that are entered in races and then "scratched" or "declared out" of the particular race for any reason. The horse may be lame or sore and thus notable to give his best in any given

If a Thoroughbred is "scratched" he is put in the "Vet's list! and there he remains for a week and he must again be rechecked before racing. On race days all horses are given a double check, once in the saddling paddock and again at the starting gate before the start of each race. Thus double protection.

All winners at any track are completely tested again by a chemical analysis of saliva and urine specimens. Again more protection and this is done by a commercial labora-

Dr. Ford doubles as a vet and President of Yakima Meadows and has been at this for over three years. He is a graduate of Washington State University and has a fine military record. He gave his service in the Philippine Islands and was honorably discharged as a staff sargent. Funny thing, he didn't have a thing to do with horses during the war.

Hole In One Contest

PUYALLUP - Hi Ho's an-

nual week long hole in one con-

test starting Friday, July 14th will offer \$1,500.00 in prizes,

including a daily five dollar prize to women and children.

Contestants will compete for daily prizes of \$70,00 for five

Those who qualify thru July 21st will have the opportunity

to compete for the \$150.00 in

merchandise during the finals

ARI Super Stocks Go Saturday And Sunday

biggest racing events on Spanaway Speedways' calendar takes place this Saturday and Sunday when Auto Racing Inc., along with promoters Dick Boness and Al Reiten, present their Mid-Season championships.

The two day card will open at 7:30 pm Saturday with a full slate of racing, followed by the regular Sunday slate with time trials beginning at 1:30 pm. Probably every car capable of turning an engine will be on hand to take advantage of the double points week-

Leading the dougle "A" super stocks will be point leader Jackie Kuper. He will be chased by the likes of Bob Short, Don Hall, Bob Rollins, Ed Looney, Lennie Russell and Jim Bond. The "A" stockers will be out to stop Ken Longley's recent successes with pilots such as Bruce Stanley, Steve Kiser, Bernie Bond, Bruce Liner and many, many more. It will be a severe test of drivers and equipment to survive the two day grind. In last Sunday's ELSCAN

feature, two Oregon leadfoots spun through the 3/8 mile Spanaway oval like they owned it, with Dick Bown running away with the 100 lap main in easy fashion. Bown, a veteran of 11 years behind the wheel, drove his blue number 2 car to a sparkling time trial record to boot, circling the speedway in an incredible 16:08" clocking. Jay Eaton, the other out of speedster from Oregon, gave Bown all he could handle until throwing a shoe about three quarters through the Local stockers Bob Short and Ed Looney captured 2nd and 3rd place points. Jerry Shields, flagman from

Longview, handled the bunting

for the ELSCAN show. Complete results of last

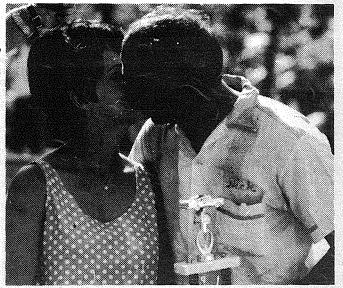

week's program were as fol-

lows:
"A" Trophy Dash - Clem
Goddard (94), Lew Williams
(11) and Mike Willard (54) Time - 1.14:76.

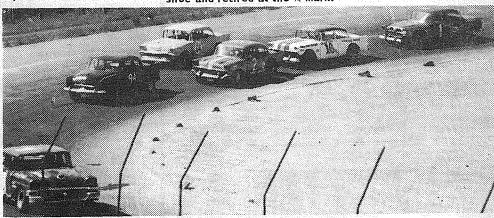

"AA" Trophy Dash - Jack Kuper (1), Jay Eaton (16) and Dick Bown (2), Time -1.07:11. 1st Heat - Bruce Lane (64), Harold LeGault (22) and Mike Willard (54). Time - 1.52:94.

2nd Heat - Lenny Russell (4), Steve Kiser (63) and Bob Bull (83), Time - 1.49:52, 3rd Heat: Don Hall (5), Jack Kuper (1) and Jay Eaton (16).

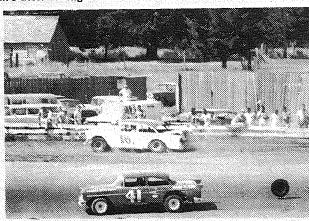

Time - 1.42:57.
100 lap ELSCAN main: Dick Bown (2), Bob Short (17) and Ed Looney (66). Time - 30.02:

TO THE VICTOR. Dick Bown, winner of the ELSCAN 100 lap main at Spanaway last Sunday, collects his trophy and victory kiss after an easy win. Bown battled wheel to wheel with Oregon driver Jay Eaton until Eaton's car threw a shoe and retired at the 34 mark.

WHERE THE ACTION IS. Although the pack appeared fair ly tight at this stage of the race, Dick Bown (2), Jay Eaton (16) and Spanaway's Jackie Kuper (1) were threading their way through heavy traffic lapping the slower cars. Kuper dropped out early with engine trouble and Eaton had to retire after losing a wheel.

A FIFTH WHEEL? Portland driver Ernie Sterily (41) looks like he's dragging along a spare tire, but the wheel actually belonged to Jay Eaton's 16 car pulling off the track in the background.

DICK BONESS, PROMOTER

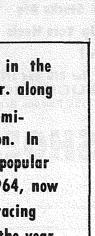

BOB SHORT, SECRETARY

*THRILLS *CHILLS *SPILLS Spanaway Speedway, spawning bed of some of the finest super stock cars in the Northwest, was originally conceived and operated by Fred Boness Sr. & Jr. along with Dick Boness. The first track was a half mile dirt oval and ran semimodifieds under the banner of Valley Modified Stock Car Racing Association. In 1960, Spanaway was asphalted into the 3/8 banked turn racing oval so popular with today's racing crowd. Auto Racing Incorporated, a club formed in 1964, now boasts over 300 members and runs the Sunday program throughout the racing season. Their mid-season championships are one of the big highlights of the year and no doubt will draw a record number of cars.

JOHN STANTON, PRESIDENT

Matson's Memos

By Em Matson

Had the opportunity to speak to the Spanaway Lions last Tuesday night and discovered a live wire organization.

Not satisfied with just attending meetings, the Spanaway Lions have some exciting plans on the drawing board, including an area-wide Carnival. If all the details can be worked out by August, the club might daunch the carnival yet this year.

LARRY KIRKWOOD, Mountain View Cleaners, will M.C. the Roundup Princess riding competition Saturday, July 22, at the Parkland Rodeo Grounds.

PARKLAND ROUNDUP QUEEN Lou Ellen Hunnicut will take her Royal Court to Olympia July 13 to invite Governor Dan Evans to attend Parkland Roundup activities. Last year the Governor surprised visiting Parkland Royalty by riding Queen Polly Plummer's horse from his office to the official residence.,

Manager "Buttoned"

ROUNDUP PRINCESS Alicia Carson, daughter of Mrs. L.J. Carson, 13911 Waller Road, gets off to a good start in the Princess Button contest by selling her sponsor, Gerald Kingsbury of Parkland Thriftway, his 1967 Roundup button. Staff Photo by Em Matson.
