Can You Identify This Picture?

This should be a familiar scene to someone in the Parkland-Spanaway area. Perhaps you can identify it. The negative was found in a shed owned by George Brooks at 160th and Pacific. He and his son Larry were tearing the shed down when they came across the negative. The shed has been standing at the Brooks' residence for the past 13 years and undoubtedly was there long before that. The people who owned the shed before the Brooks converted it from an old barn. We at the Times-Journal immediately thought of the train which used to run on the old Spanaway Railroad. Could this possibly be it? The ancient glass negative, courtesy of George Brooks, was developed by McKewen studio.

Methodists Will Worship Sunday

Worship services for Methodists in the Parkland area will be held this Sunday, September 11, out of doors at the Mike Hansler Ranch near Ashford, weather permitting. Rev. Raymond Proudfoot, Superintendent of the Tacoma District, will preach the morning sermon announced the pastor, Rev. Donald Northdurft.

This outdoor service is a part of an all day meeting for worship and planning when the entire congregation is invited to express constructive criticisms, make suggestions and help plan the work of the church for the winter months ahead.

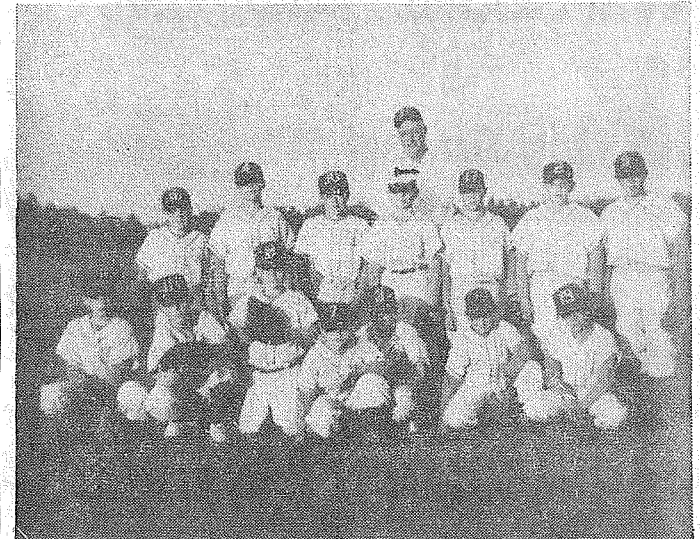

A pot luck meal will be shared at noon and all attending are asked to bring their own table service. The afternoon will be devoted to small group meetings when the specific plans for the year will be outlined and scheduled.

Since it requires an hour or more to reach the Hansler Ranch, people are asked to meet at the church not later than 8:45 a.m. so that we can pool transportation resources and still arrive in time for the 10 o'clock service of worship.

In addition to "keynoting" the day with the sermon at 10 a.m., Rev. Proudfoot will be available for help and guidance throughout the day as Commissions plan their work. Others who will lead the planning and discussion groups will be: Mrs. Ruth Abelson; Mrs. Perry Roscoe; Mrs. Ed. Halterman; Mr. Charles Peterson; Dr. Hollis Smith; Mr. Richard Scott; Mrs. Herb Cox; Mr. Burt Brewer; Mrs. Bryan Logan is chairman of the dinner committee that will provide a hot dish as the nucleus for the pot luck meal. Mr. and Mrs. Mike Hansler, owners of the ranch, are the hosts.

Here Are the Fire Bugs

Here are the Elk Plain Fire Bugs pee wee baseball team of the Bethel District. George Buck, coach, is in back of the team. Back row left to right are Mike Young, George Jasper, Casey Slergel, Dick Hopkins, Larry Potter, Tom Coleman, Dennis McCarty. Front row left to right are Mike Balmer, Tom Rice, Mike O'Hern, Gary Walker (bat boy), Larry Beck, Bobby Dickinson, and Gordon Barrington. Absent are Danny Ritz and Eddie Fox. (by McKewen Studio.)

Work is progressing on construction of the new Parkland Masonic Temple at 306 So. 134th St. Members and friends are donating their work and funds to keep the work moving.

Concrete block work is presently being done by Member Gary Kazda and his partner, Earl L. Robinson, owners of Masonry Unlimited, Inc., with many other members helping. Kazda says he never had so many willing hod carriers.

Heating and air conditioning is being planned by A. Ben Anderson, a Past Wor. Master. Earth moving, including several thousand yards of fill, is being done by the Junior Warden, J. Roy Cozine, who has heavy equipment for that work. The architectural work is being done by the Senior Warden, Trav Dryer.

The Wor. Master of the Lodge, Emerson Tarpenning, has arranged for the official corner stone laying Saturday, Nov. 12th by M. Wor. Brother Alfred J. Ring, Grand Master of Masons of Washington. Mr. Tarpenning will announce further details regarding this impressive ceremony at a later date.

Puyallup Fair Preparations Will Soon Be Finished

VICTOR JULIAN and His Pets will be one of eight featured acts to appear at the 1960 Western Washington Fair in Puyallup, September 17 thru 25. An international favorite, Julian's dog-and-monkey routine was selected by Ed Sullivan as part of his all-time "dream show." The twice-daily Grandstand Show in which Julian will appear will also include horse racing, rodeo competition, draft horse exhibitions and fireworks.

Young and old—from Renton to Rumania—are making final preparations to enter exhibits in the 57th Western Washington Fair opening in Puyallup on Saturday, September 17.

Actually, the Rumanian entries are already at the fairgrounds, consisting of photographs entered in the Fair's Northwest Exhibition of Photography. Rumania joins two other Iron Curtain countries, the U.S.S.R. and Czechoslovakia, in entering the photo competition which is rated as one of the world's finest.

Meanwhile, the 46-acre fairgrounds is getting its final grooming before the entries start swarming in next week. A \$10,000 face-lifting has been given the Fair entrance itself, while paint has been applied liberally throughout the area in anticipation of some 400,000 visitors to the annual attraction.

Secretary-manager John H. McMurray has completed arrangements for the 1960 Grandstand Show which promises to be one of the finest in the show's history. Previously announced as headliner acts are the Nerveless Necks, daring Swiss aerial acrobats; Victor Julian and His Pets of television fame, and Alex Novelle and his frenzied Harmaniacs.

Backing them up will be The Marthys, internationally known

comedy balancing act; the Egony Brothers, daring Danish aerialists; the leaping Langs; the ever-favorite Dancing Waters back by popular demand, and the Rodos Troupe, 10 "whirling dervishes" of the tumbling mats.

Cy Tailon will return as master-of-ceremonies for the two daily shows which will again feature horse racing, clowns, music, world championship rodeo competition and the popular draft horse hitches. The Puyallup event will operate from September 17 through 25, continuing its traditional 9-day run.

New Hospital For Orting

Supt. Alfred H. Tisch of the Washington Soldiers' Home and Colony, Orting, Washington, announces ground-breaking ceremony of a new hospital infirmary building at the Soldiers' Home compound on Sunday, September 11, 1960, at 1:30 p.m.

On this occasion Governor Albert D. Rosellini and Dr. Garrett Heyns, Director, Department of Institutions will be the principal speakers.

The hospital infirmary building will have a capacity of 60 beds divided equally in one and two bedrooms. It will cover an area of approximately 24,000 square feet. An appropriation in the amount of \$550,000 was provided for this project.

The facility will include provision for minor surgery, physical therapy, complete X-ray, laboratory and oxygen outlets to a majority of bed-sides. The infirmary will also contain a dining room for resident members on diet.

Ever want to try a European recipe that calls for grated nuts? There are small rotary graters with cranks that are inexpensive and made for grating nuts and cheese.

Fieldhouse Can Be Replaced By Vote

The dilapidated building known as the Dawson Fieldhouse will be razed and replaced by a new modern toilet facility and community building. This will be done, that is, if the voters in the Dawson district approve extra millage placed on the ballot by the Board of Park Commissioners. \$10,000 has been set aside as the proposed expenditure for the further development of facilities at Dawson Playfield. The area is currently being maintained and operated by the Pierce County Park Department under an agreement with the Metropolitan Park District Board of Park Commissioners.

The one mill allocated for operation of the area has been additionally subsidized by the Board of County Commissioners to insure proper maintenance and program activities.

Horse Playday Will Be Saturday

Horse lovers are invited to play at the Lazy You Ranch at 90th and East F St. this Saturday at 1 p.m. It is mostly for the benefit of non club members, but all horse lovers are invited. All popular events and games will take place. There will be no admission charge. For further information, contact John Jensen at 8826 East F St.

PARKLAND FIRE DEPT. SEEKS YOUR SUPPORT

In the past several years the Parkland Fire Dept. has answered some 2000 calls in this area, each one performing a service to the community. Now the time has come to replace one of our old trucks for a new fire truck of modern design equipped with the best firefighting equipment. The fire district has put on the ballot for the coming September election a request for 4 mills which will purchase this new fire fighting equipment. As you know, Parkland like other areas, has grown considerably in the past few years. The demands on the fire department has increased as the population has increased. In order to give YOU, the people of Parkland fast and efficient service and to maintain our present classification it is imperative that a new fire truck be purchased.

Summit Residents In Auto Accident

Three Summit residents were injured Tuesday evening, August 30th, in a car collision on Airport Road. Mrs. Frances Torbet was released from St. Joseph's Hospital after x-rays were taken of her knee injury. Her 11 year old daughter, Marshelle, 9 year old son, Donald, and the driver of the other car, Kenneth Rader, of Puyallup, were treated at the accident scene for lacerations and contusions. The Torbets are thankful that the injuries were only minor.

Mrs. Alice Bosequett received word on August 25th that she had another grandchild, Christina Marie, born August 25th, weighed in at 6 pound 6 1/2 ounces and measured 18 inches. The proud parents, Mr. and Mrs. Paul Hawkins, and 21 month old brother, Paul, will be flying to Tacoma from San Pedro, California, for the Christmas holidays. Paul, a Franklin Pierce graduate, used to work at Summit Trading.

When Mr. Phillip Yant, teacher, returned to his McCarver classroom Wednesday, he was able to best of his fourth child. Daughter number three, born August 30th, weighed in at 7 pounds 7 ounces. Most men claim to have trouble getting along with one woman, but poor brother will have to get along with three.

A family cabin at Mt. Hood, Oregon was the vacation spot for Mr. and Mrs. Gail Trowbridge and son, Robert. Before the return trip home they visited relatives in Portland, Oregon. Robert enjoyed his vacation, but didn't mind coming home since his Uncle Dave, Alvin Trowbridge, was able to come for a visit.

Delmond A. Reynolds, 82, passed away Monday, August 29. He moved to the Summit area thirty years ago from Burnham, Maine.

F. Pierce PTA Will Be Discussed

Presidents, delegates (3) and interested persons are invited to attend a meeting at Morris E. Ford Junior High at 8:00 p.m. Friday September 9, to discuss the organization of a Franklin Pierce School District Council of Parent-Teacher Associations.

The purpose and function will be fully explained, since membership of such a council is open to P.T.A. - Preschool Associations and not individual members, therefore the presidents and delegates will be asked to refer proposals to their associations for action before steps are taken to form a council.

The presidents and principals of each P.T.A. and Preschool were presented a 'Council P.T.A. Handbook' which explains Council functions and policy.

The highlight of the annual Galway Oyster Festival in Ireland comes when the mayor of the city, wearing his scarlet robes of office, opens and eats the first oyster of the season on Clarendon Pier.

Garden Club Land-Scapes Grounds

The Clover Creek garden club has recently finished landscaping the Bethel School grounds. The project was started with the idea of replacing three trees which had been planted on the school grounds in memory of Floyd Larkins, Lloyd Parsch and David Lindberg—former students of Bethel who gave their lives in the service of their country. The trees had been destroyed by vandalism.

The ladies held rummage and plant sales, knitted and sold several garments which brought them an adequate sum. Eventually they were able to buy and plant several shrubs to beautify the school grounds.

Elk Plain Jack & Jill Feed Is a Success

The Jack and Jill pre-school Club of Elk Plain wish to extend a thank you to all who helped to make our "come as you are" breakfast a success.

Mrs. Meyers and Dorothy Rich won the prizes for appearance, and Leona Buck received an award. The club members were very grateful for the good turnout so early in the morning. Proceeds from the breakfast will be used to supply the needs of the kindergarten classes.

Mr. and Mrs. Buford Buck and son Johnny of Kansas City, Mo. have been visiting his brother George Buck and family of Elk Plain. They visited many places of interest such as Mt. Rainier, and the ocean. They also went fishing at Westport. They think Washington State is really a wonderful place and may decide to move out here.

Mr. and Mrs. Merlin Dickenson and family recently spent the weekend at the beach, and brought home a good catch of fish.

Mrs. Leona Buck gave a birthday party for her son Larry on his 12th birthday on Aug. 26 at her home.

Those present were Mike Balmer, Bobby Dickenson, Bruce and Tommy Rice, Gary Walker, Larry Potter, Mike O'Hern, Mike Young, Frank Ceplik and Dick Hopkins. The boys played bingo and enjoyed birthday treats.

Canyon Road Bridal Shower Given For Miss Shepard

Mrs. John Sauriol, Mrs. Ruth Ripoli and Mrs. Wallace Hartshorn were co-hostesses for a bridal shower held at Mrs. Sauriol's home in honor of Miss Louise Shepard upon her engagement to Mr. Alden Dobson of the United States Coast Guard.

Guests were Mrs. Norman Shepard, the bride-elect's mother, Mrs. Claude Wheeler, the groom's future mother-in-law, the Messrs. C. B. Farrelly, Wendell Dobson, Bessie McMahon, Vernon Hibs, Jewel Weaver, Naomi Green, C. B. Kahrs, Mae Suiter, Dorothy Garcia and Jane Winslow. Also attending were the Misses Jackie Sauriol, Leann Dobson, Janet Ripoli, Sherry De Vries, Sherry McMahon and Karen Sanford.

On our feeling much better list is Miss Julie Hobbs of Canyon Road, who is recovering from a tonsillectomy.

Our newest members to the grandparents club are Mr. and Mrs. Everett Dickson of E. 72nd who joined Sunday when their daughter and son-in-law, Mr. and Mrs. Charles Kegir (Shirley) of Muncie, Indiana, became the parents of a baby girl named Julie Nan. Congratulations!

The Labor Day weekend was enjoyed by Mr. and Mrs. Mark Titlow and family at the beach at Iron Springs. The Ed Hoffmans motored to Roseburg, Oregon, where they visited Mrs. Hoffman's brother and sister-in-law Mr. and Mrs. Jim Lester.

Don't forget to vote Tuesday! See you at the polls. Reporter, Mrs. John Folk, LE 7-5801.

Post 118 Will Meet Friday

American Legion and Auxiliary of Post 118 will meet at Spanaway hall Sept 9 at 8 p.m. Business will be discussed for the following year. A social hour will follow. The Post and Aux. picnic was held last Saturday on the Patio at the home of Mr. and Mrs. Art Miller. Many attended, and all wish to thank Art and Pearl for the wonderful time.

Birdie Ingham, Publicity.

a-Wondering... and a-Wandering...

With JACK BROWN

Well, if Uncle Sam's Air Mail works O.K. this will get back to Parkland in time for the deadline. Not that anyone gives a hoot, but I am taking a working vacation in the east. I will be hopping around here for the next couple of weeks taking pictures, getting stories and (I hope) selling ads for the Northwest Flyer, our aviation paper. Right now I'm in Marion, Indiana.

When I took off from Spanaway airport I thought that on the way out I would have plenty of time to think and take notes so that this column would be a cinch to write. When I sat down to write this, all I could think of was... duuh. To be truthful with you I was so cotton picking busy during that plane going in the right direction that I never had time to think of much else.

There is however one advantage of the situation. A big city editor would be forced to come up with an article for a column of this sort that should be just short of earth shattering. With me it's different. I'm just a little shot publisher and I've been writing this for so long I feel as though I know all my readers, so I can sit down here and just write along like I was writing a letter to a friend. In reality that's what I'm doing, except with a plural on friend.

It was just my luck to pick the season of the year to make this trip when the weatherman decided to break all heat records. The other morning when I left home we had the furnace on and Dolores was yipping about being cold. Man that was heaven. A little sunshine and heat is all right but too much can be... misery. O.K. So that wasn't what I started to say.

The most noticeable difference from our Western Washington way of life that I have noticed so far is that the largest percentage of commercials on the radio are directed to the farmer here. Farm machinery, feeds and dairy producing products seems to be the leading topic.

Next I would say is politics. True we at home have our discussions on the subject but here they really pound the tables. I believe the interest here is far greater than at home.

Harry Truman is due in here tomorrow (Labor Day) to attend a luncheon and make a speech in the park. You should see the preparations this town is making. It's expected that every man, woman and child in town will be at the park, and as far as I can tell this is not predominately a Democrat stronghold.

I think the whole thing is just that people here do not have the outlets for their pent up energies that we have. There's no water skiing, swimming except in a pool, skiing, trail riding the mountains on horseback, hunting and fishing as we know it, scenic drives, parachute jumping, go-cart races (the craze apparently hasn't hit here yet) and a hundred and one other ways of keeping occupied that we take for granted in the west. In reality life could be pretty dull here in the east if folks didn't make the most of every little thing that comes along. O.K. you staunch Democrats. I didn't mean that as an insult to Truman.

When I travel around the country it seems I always become mellow on one subject. The freedom of movement and the friendliness of all I meet impress me no end. Friday evening when I called the Rapid City radio operator and told him I was coming in for a landing, after giving me instructions, he welcomed me to the city and said he hoped I had a nice stay there. That's hospitality beyond the call of duty. When I landed at Marion the FAA man was out to the plane to meet me and shake hands with me before I even stepped to the ground. He knew by my flight plan that I had come from the west coast and wanted to know if he could help me in any way. That too was hospitality beyond the call of duty. Just imagine a landing in Russia. The FAA man would rush out with a couple of armed guards and I could stand stiff and erect while they searched my plane and looked over a thousand and one papers, and if lucky they would let me leave the airport to go into town.

Man am I ever glad and proud to be a free American.

Recent information from Arthur Cagle, Extension Farm Management Specialist at WSU, confirms that 1959 was a real tough year for commercial egg producers. Of 17 poultry records summarized, average net income earned per bird was less than one dollar. Ninety-two cents per bird to be exact. This is the lowest reported since the beginning of World War

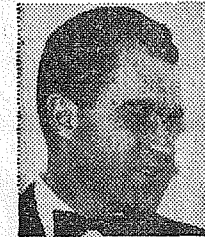

II. The record summary shows that a few poultrymen earned over one dollar per hen but many lost money.
The most important single factor responsible for the low incomes earned was price per dozen eggs. Average for all cooperators during the year was 33 cents per dozen. With that price a poultryman needed to be very efficient in order to stay above board.
In most cases efficiency factors were excellent. They had to be to show a profit. Laying house mortality averaged only 8 per cent. Eggs per layer averaged 235 for the year. Average number of layers per farm was 2,927 birds.

DRIVE CAREFULLY

DON'T LET THIS HAPPEN TO YOU
HELP IMPROVE OUR LOCAL RECORD! DRIVE CAREFULLY! MANY CHILDREN GO TO SCHOOL FOR THE FIRST TIME! DON'T LET IT BE THEIR LAST! YOUR CAUTION CAN SAVE A CHILD'S LIFE!

- HAVE YOUR CAR CHECKED by an expert! Any car that is not in perfect mechanical condition is a potential murder weapon! The few dollars you spend may save a life!
- DRIVERS! DON'T HURRY when you drive! We may as well face it! We cannot reduce traffic casualties unless we slow down! The lives of others are in the hands holding your steering wheel. The minute you save, isn't worth the life of a schoolchild!
- PULL OFF THE ROAD when you're tired, and take a nap! DON'T DRIVE at all when you've had a drink! Drowsiness and drinking are responsible for most fatal accidents!
- BE ON THE ALERT when you are near a school bus. Of course, they have to obey all traffic rules! But, give schoolbuses a break anyway . . . they carry a priceless cargo!
- DRIVE EXTRA CAREFULLY around schools and playgrounds! Be on the lookout for children when they walk to and from school! Your vacation from school children is over now!
- PARENTS! NEVER STOP TELLING children about the many traffic dangers! Only then can we hope to reduce traffic fatalities! One out of seven fatalities involves a schoolchild! One out of ten fatal accidents is caused by a teen-age driver!

 with low income flocks on the summary it's interesting to note that the difference in income is due largely to egg production. Both groups received the same price per dozen eggs. Mortality also was the same. Eggs produced per hen was 255 for the high income flocks and 227 for the low group. That's over two dozen eggs. Even at only 33c per dozen it amounts to 66c.
 Ten Pierce county poultrymen participated in the record program. R. C. Miller and Everett Shinn from Firgrove; Wm. Hannam, Vickery Rd.; Boyd Brakken, Woodland Rd.; Henry Whitehouse and Cecil Foster, Buckley; E. M. Antonson, G. D. Morgan, Richard Sutton, Gig Harbor; and Phil Arneson, Lakebay.

Others interested in the record keeping programs are invited to contact the county agent's office.

By Joseph Buhaly

Reports from Western Washington indicate a very poor Douglas fir and hemlock cone crop. According to the 1960 cone crop report published by the State Department of Natural Resources, over ninety per cent of the field examinations were reported failures. This indication is true of all age classes and elevations.
 Western red cedar and true fir indications, with the few reports received, show these species to be a near failure also.
 The 1959 Ponderosa pine cone crop was below average. Present reports show Ponderosa pine below the 1959 crop.
 Douglas fir on the East side shows some medium and heavy ratings in the Okanogan area. This

appears to be the only promising prospect in the State of Washington for the cone crop report.
 Two major cone buying companies in western Washington have indicated no interest in buying cones this year because of the poor cone crop and insect damage to the few cones that did develop.

CONGRESSMAN Thor Tollefson

Gets Things Done for You in Congress!

- SENIORITY—Tollefson's 14 years of seniority make his a powerful voice in Congress, able to get more done for you.
- EDUCATION—Tollefson has obtained more Federal funds for education in the 6th District than all but four other districts in the entire United States!
- SHIPPING—Tollefson preserved the 6% differential giving more jobs to West Coast shipbuilders. The Butler-Tollefson bill has resulted in over \$1,500,000,000 additional shipping for U.S. ships. Tollefson sponsored legislation for the first atomic ship.
- FISHING—At this year's International Law-of-the-Sea Conference, Tollefson preserved fishing rights for Washington fishermen.
- JOBS—Both labor and management praise Tollefson's accomplishments building local jobs. Tollefson played a major part in securing this year's \$105,000,000 work order for Bremerton.
- CONSERVATION—Tollefson is fighting for full utilization of Mt. Rainier Nat'l Park. He has worked hard to develop and preserve Pacific Northwest natural resources.

TO THE VOTERS OF PIERCE COUNTY
A Statement By County Commissioner
HARRY SPRINKLER

While I am unopposed on the primary ballot of September 13, I feel that the voters are entitled to a definite statement of what my objectives will be if re-elected to office in the Nov. 8 finals.

These objectives can be summarized in one sentence: I will continue past policies as a county administrator, and improve those policies wherever possible. Our past policies have been justified by accomplishments. I hold to the belief, however, that nothing is so good that it cannot be improved. We have operated our Pierce County government, for example, at the lowest tax rate per capita of any county in the state, but that does not preclude the possibility of operating more efficiently.

We now have the best county roads in the state, but we must not view this accomplishment with complacency. The county is growing at a rapid pace, and roads must be prepared to serve new areas and heavier traffic. Our policy has been to program for the future, and this policy has enabled us to qualify for hundreds of thousands of dollars in Federal aid grants.

We must continue programming for future needs in all areas of public service. Recreational developments have been planned for the years to come. We have added new parks and provided county aid to build others. We recognize the problems faced by our expanding suburban communities, and we are exploring all avenues whereby the county government can effectively aid these communities.

Our policy of cooperating closely with other elected officials, governmental agencies and educational and civic groups has been extremely beneficial to the county, and we will continue that policy. Co-operative efforts gave us the County-City Building, the Mountain View Sanatorium, the Fox Island Bridge, Cheney Stadium and other public assets. I am convinced that cooperation will eventually build the Naches Tunnel and high level overnight facilities at Mount Rainier.

On the record of accomplishments and a pledge to continue a progressive and forward-looking administration, I solicit your support for re-election as County Commissioner.

**BE SURE TO VOTE FOR
PORT COMMISSIONER
A. E. (Archie) BLAIR**
non-partisan office

A prominent attorney and businessman, Archie Blair was appointed Port Commissioner in 1954, and in November of that year was elected to office. The Port of Tacoma has made tremendous progress during his term of service. The Port Industrial District has been enlarged and developed. Land sales by the port have passed the million dollar mark. 41 new industries have located in the industrial park area. Added payrolls alone now exceed 1200. Along the waterfront and throughout the tireflats, there is the hum of activity. Much has been accomplished, but the potential for commercial and industrial development is almost unlimited. Commissioner Blair's experience and proven leadership should be retained by re-election to the position he has so capably filled.

County Agent's Corner

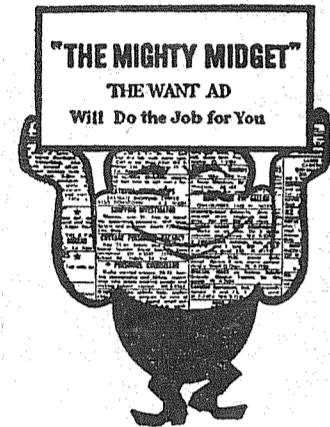

By Ernest I. Hopp
Jack Crawford, a friendly, energetic agent from Ellensburg, joined the Pierce County Extension staff this week. His work responsibilities will be largely in the adult and 4-H dairy and agronomy programs. Jack has been an Extension worker in Kittitas County for ten years, with time out for a two-year tour of service duty and one-year study leave.

Co-op School Starts Oct. 4

Midland Cooperative Playschool will start operation on Oct. 4, at the Country Chapel on Airport Road with morning sessions each Tuesday and Thursday.

A mothers' meeting will be held on Thursday, Sept. 8, at 7:30 p.m. at the home of Mrs. George Shepard, 1615 E. 95th St. All mothers are urged to attend this meeting since the work schedule for October will be distributed and the enrollment fee will be collected at that time.

All interested mothers with children from 3 years of age to kindergarten age that have not yet enrolled their youngsters are urged to call LE 7-0507 prior to Sept. 8th and consider attendance of the mothers' meeting as last call for enrollment in the cooperative playschool which has a limited membership.

MY NAME _____
ADDRESS _____

According to the 1959 preliminary census figures, income from dairy farming in Pierce County amounted to over 3 1/2 million dollars last year. This is nearly 1/3 the agricultural income in Pierce County. Mr. Crawford's responsibility will be to carry on an educational program with these dairy farmers. He will work closely with the Pierce County DHIA unit as well as with Fred Kropf, county weed supervisor.

Jack and Mrs. Crawford and their three youngsters will reside on Tyee Road near Puyallup. This is truly a dairy setting. A milk processing plant nearby and a dairy farm, the Joe Beckman's, next door. Mrs. Beckman is a 4-H leader too.

Mr. Crawford joins five other county agents in the Pierce County office. The agents and their project work responsibility are Florence Allen, Home Economics; George Purcell, 4-H and livestock; Joe Buhaly, forestry; Morrill Deliano, horticulture; and Ernie Hopp, poultry. Each of the agents works in the 4-H program also.

We welcome Jack Crawford to our county and are sure he will be a valuable addition to Pierce County.

Rummage Sale To Be Next Week

Faith Chapter, No. 255, Order of Eastern Star will have its annual Rummage Sale September 15, 16 and 17 at 1111 Tacoma Ave. The hours for selling rummage will be 8:30 a.m. until 5:30 p.m. Thursday, and 9 a.m. to 5:30 p.m. on Friday and Saturday.

Any calls for information regarding rummage may be made to Mrs. Fred Anderson, VI 7-2060, chairman, or Mrs. George Rolstad, LE 7-7885, worthy matron. Anyone wanting rummage picked up may call Mrs. George Dorfner, LE 7-7489, otherwise rummage could be left at Dryers.

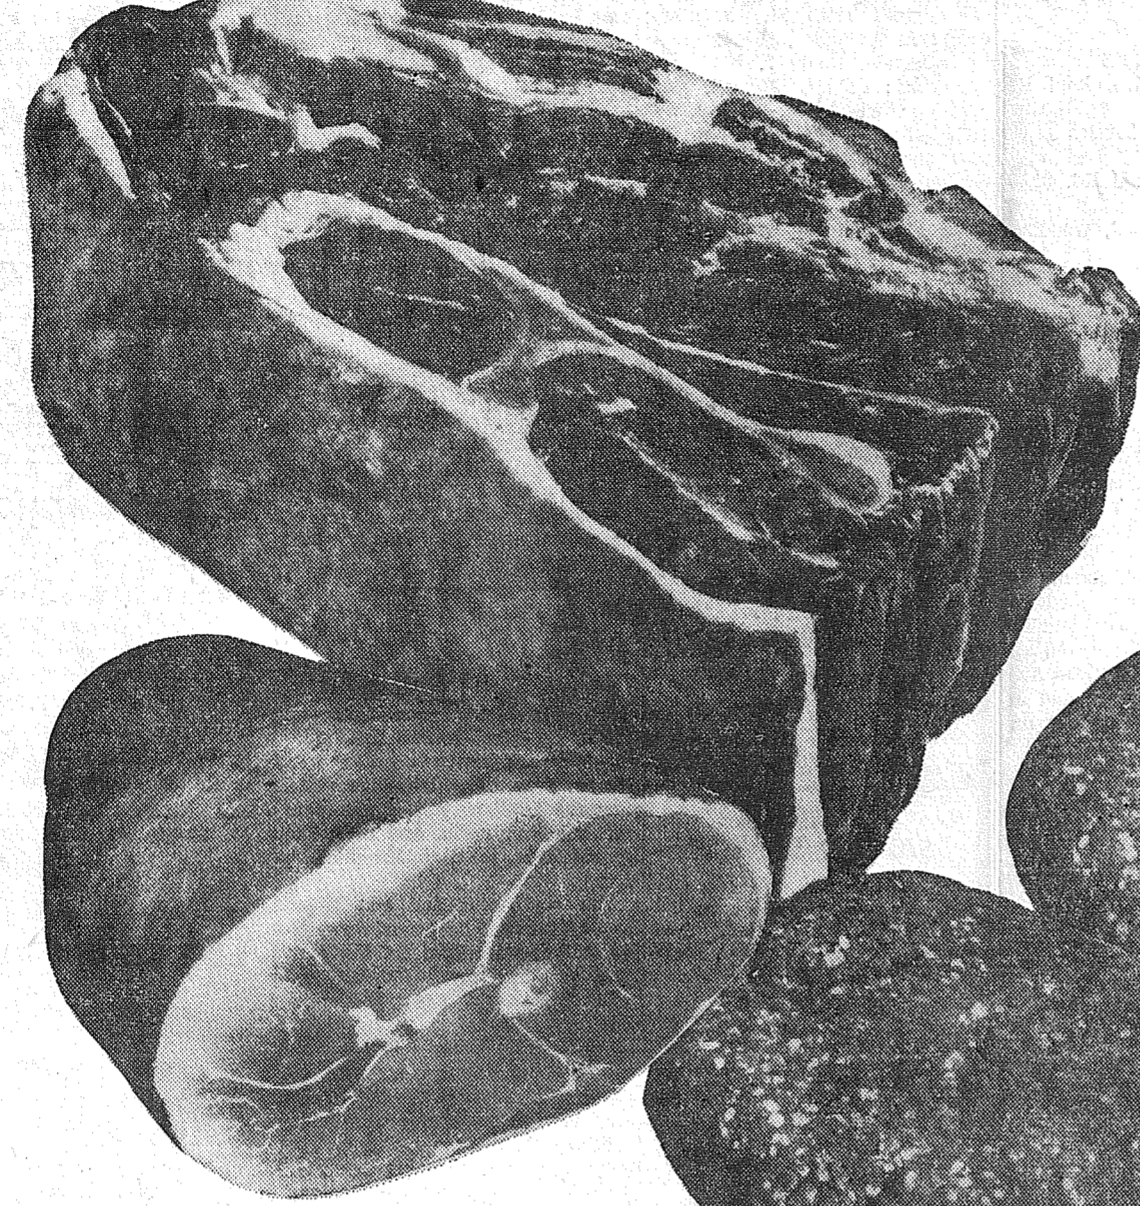

All types of rummage will be accepted, including clothing, dishes and furniture.

WEAR SOCKS
 If you think you're cooler without stockings, you're wrong. According to the New York Hospital for Special Surgery, stockings are a boon to hot feet because they absorb heat. Of course, they should be sudsed after each wearing.

Flying
 With JEANNE
 This last week John Thun flew Ed Wood's Luscombe on floats to Ketchikan, Alaska. Charlie Seldge has been transferred to Delaware. This week he picked up his Davis antique airplane to fly it back there.
 Mr. and Mrs. W. B. Chandler of Redding, California are up here visiting their son and family the W. L. Chandlers.
 Jim Crandall, Bill Benson, Mrs. Joe Burgi, Sr., and daughter Marianne flew to Santa Cruz, California last Thursday returning here Monday. They dropped off Marianne and brought back Eileen Burgi.
 Last Friday Leo Hearlson made a flying trip to La Grande to visit friends Leo returned here Sunday afternoon.
 Don Allen, a friend of Bob Le-Shack, made his first solo flight Saturday. Bob is home on leave for a few days from his base in California.

It's the LAW
 Mr. Landlord owned the building which he leased to Mr. Tenant for a year. The lease provided that the landlord was to maintain the building, walls, and roof; the tenant was to maintain the interior.
 The roof went bad and began to leak badly. The tenant demanded that the landlord fix the roof. The landlord procrastinated and delayed and the situation continued.
 The leaking became bad enough that the building became practically unusable, although the tenant did, with considerable difficulty, continue to use the building. The tenant did not pay his rent for the time the roof was leaking badly nor did he fix the roof.
 The landlord sued for the rent and the tenant contended that he did not owe the rent because the building was unusable. Do you think the tenant owes any rent?
 The court held that he owed the rent since he did not give up possession of the building. He would have been entitled to be excused from the rent only if he gave up possession.
 He was entitled, however, to offset against the rent any damages he could prove, or for the cost of repairing the roof, had he done so.
 If the tenant had repaired the roof when the landlord refused to fix it, the tenant could have withheld paying any more rent until the unpaid rent equalled the cost of repairing the roof. But the tenant could not keep possession of the building and use it, and then contend no rent was due because the building was unusable.

MARGARET FELT
 CANDIDATE FOR
 State Representative
 28th District

FOR THE PAST 15 YEARS I have devoted my talents for writing and public speaking to securing good overmenant, improvement in roads and highways and a more advantageous manner in which to advertise our state. During that time I've attended most of the legislative sessions in one capacity or another. As a lobbyist I aided in securing the improvement of the Meridian Highway which we dedicated last June 24. Over the past three years this area has received well over a million dollars for road improvements—I wore out one typewriter on the letters, columns and presentations I made in that service. In the last session I served as committee room clerk which further educated me in my training to become a state representative—elected to that position.
