FRESHMAN CORE

In the Fall of 1994, PLU will begin to phase in new core requirements including requirements for entering freshmen. There are three new requirements for freshmen, two of which begin Fall semester.

Freshmen are required to take a **WRITING FOR DISCOVERY** course, English 101, 102, 103. These are thematic writing courses taught by faculty in many academic disciplines. Freshmen are also required to take a **JANUARY TERM** course. The January term course will also meet another GUR. A complete list of January term courses will be available next fall. Freshmen are encouraged, but not required in 1994-95, to take a **CRITICAL CONVERSATION SEMINAR**. These are courses which will be found in the offerings of many departments and numbered 117, 118, or 119. There will be critical conversation seminars offered during Fall, January term, and Spring.

MATHEMATICS

To insure correct placement of students in beginning math courses, eligibility will be required for registration for MATH 091, 111, 112, 115, 128, 140 or 151.

Students may establish eligibility for registration for a course by earning a qualifying score through the math placement system.

Students who have taken the prerequisite course at PLU are eligible without taking the placement exam (grade of C- or better).

Students who have not taken the placement exam may obtain the exam at the Math Department Office. The exam and accompanying questionnaire will take about 70 minutes. Allow one week for the results to be available. New students preferring to take the exam by mail should contact the Math Placement Director at the earliest opportunity.

If you have taken the exam but do not have the results or have questions about placement, contact the Math Placement Director, 535-7402.

Students who have not taken the mathematics placement test or have not otherwise satisfied eligibility for a math course will not be able to register for that course.
