Another new book is the Social Year Book for 1929 by the Russell Sage Foundation.

City Chamber of **Commerce Lends** Choir Assistance

Calls Business Meeting for In-terested Friends; Mr. V. Elvestrom Working in East

In accordance with plans for choir trip to Chicago, the Chambe of Commerce of Tacoma called meeting of friends of the school in ding Tacoma business men interested in promoting the trip, some-where about April 15. It is expected make it possible to finance the tour.

According to Mr. Paul Preus. new
endowment field manager, several

people have already made piedges and there seems to be every reason to believe the campaign which the Champer of Commerce will lend its assistance should be entirely suc-

Mr. Preus reports that the people Mr. Preus reports that the people in the Midole West with whom he came in contact, are very much interested in the proposed Choir trip and that the organization may expect splendid receptions wherever concerts are given.

After being snowbound for a time, Professor Victor Elvestrom, field man and manager of the choir is again busy arranging concerts. Mr. Elvestrom has arranged concerts along the route to Chicago, getting satisfactory guarantles in

places. He has been working in the Ohio district during the past week, and is rather pessimistic about arranging for a trip east of Chicago. Because of bank failures and unemployment, it is impossible to get guaranties sufficient to take care of the travel and logding which yare very high, \$350 would be required to take care of these at each place. ake care of these at each place

Since the choir cannot go farthe ast, Mr. Elvestrom has be en advised gregations of the American Lutherson Conference in Minnesota and Wis-consin. He is in Wisconsin now. going to Janesville today.

ing to Janesville today.

Snow and bad train service have delayed Mr. Elvestrom considerably He is now driving his second car finding that train service was inadequate for his purpose. He find that the choir should travel by stage

in the east for most of its concerts
It is most essential that the \$2500 which Mr. Paul Preus is raising her which Mr. Paul rieus is radius near the collected in its entirety, and more than this be raised, if possible. Be cause of the depression in the agri-cultural sections of the Middle West it will be difficult to finance th trip. The difficulties in arranging for concerts are increased other organizations are als field doing the same thing.

The Mooring Mast wishes to offer its sincere condolences to the bereaved families of the following t owing:

Mrs. C. K. Preus, Decor Lillian Larson, Tacoma Paime Grambo, Puget Isla Mr. Ricsbeim, Norway.

Side-Shows to **Be Mysterious**

Decorations, Booths, Program to Carry Out Idea; Staff to Clean Up After

Skits and side-shows will be fea-ured at the Saga Carnival on April tured at the Saga Carnival on April
10. As the carnival has been dubbed
"Mystery Night," the mystery is
what the side-shows and booths will
contain and what the nature of the
acts will be. The program begins
promptly at 7:30 on Friday, Admission will be 15c for adults and 10c. or children.

The program committee which is The program committee which is composed of Eric Hauke and Stella Sorboe has arranged a ? which is said to be both intersting and funny. Some of the acts especially, are said to be extremely mirth-provoking Seven acts of various natures have been scheduled.

SAGA CARNIVAL

This Friday all of us will have the opportunity to prove to the world in general that our determination to print a first class "Saga" in spite of the unusual difficulties which have arisen this year has not been dissipated. It is one thing to register almost unanimous support at a student hody meeting and another thing to prove that support by active cooperation with the Saga staff-to make the annual a financial success.

It will not be possible this year to secure as much advertis-

ommuts to alumni and outside people this year as in a normal year. Money is scarce this year, and it will require the most intensive campaign that the students are able to make, to proceed without a lefficit. We know that with a little to the same around of course in the conversation right but cuthusiasm we can see the same around t thusiasm this Friday at the earnival. Let's give the Saga staff some encouragement in their work

MR. ELVESTROM AND CHICAGO

. From his letters and telegrans, we judge that Mr. Elvestrom is having a very difficult time in arranging for enough concerts to make the Choir trip pay for itself. When we consider the great expense that will be incurred for travel and lodging of thirty-eight singers, we realize that Mr. Elvestrom has indeed a difficult task.

has indeed a difficult task.

The Middle West has been very hard hit by the depression that agriculture has been in for the past few years. The farmers, especially those that grow wheat, find that they get less for their crops than it costs them to raise these crops. All other cereal crops are hit in the same way. Excessive loans to farmers who cannot repay have caused the fuller of many hanks, with resulting worse conditions. It is small wonder, then, that the people in those parts of the country where these bad conditions exist do not feel able to make iron-land guarantees for concerts.

We must readica that work of the mores for the Chefe.

We must realize that much of the moncy for the Choir trip must be raised right here in the State of Washington, where conditions are not ideal either for the purpose. An friends of the College who are interested in baying the Choir make the trip do their atmost to help raise the \$2500 which Mr. Preus is attempting to get from this district. Let us re-member these workers in our prayers.

OUR POLICY

OUR POLICY

Few realize that our Mooring Mast goes to more people outside the school than to students. Hundreds of copies of every issue are sent to ministers of the Lutheran church to acquaint them with the activities and plans of the school. Other hundreds are sent to alumni and friends of the school. All of these people must be considered as we make up our paper. There are many matters of purely school interest which must be omitted because they may give offense. Other stories, which must be omitted because they relate to some phase of school life which will interest those who support our school. When you judge the Mooring Mast, therefore, hear these things in mind.

CHECK US UP

CHECK US UP

Often students find that the opinions given in this column do not coincide with their own, and they criticize these opinions privately. We do not claim that everything that is said in this column is correct, nor that our interpretation of the facts is the only one or the best one. It is, however, difficult to get the reactions of the students to these opinions or to answer these criticisms. We greatly appreciate criticisms that are made in written form and given to us for publication in the student opinion column. Remember that this paper is printed for you and by you, that it is the official organ of the student holy of Pacific Lutheran College. Your opinions are just as valuable as the editor's, and the Mooring Mast is the proper place to express them if they are important enough to warrant publication.

Pacific Lutheran College Free Scholarship for Quality

Dear Ma 'n Ps.

I am so tired today. I am just recuperating (Annie told me that) after that long Rabbit hunt we went
on Easter. I also wish I hadn't eaten
so many of those hardboiled Easter so many of those hardboiled Easter eggs because I have been feeling so funny, ever since. I wonder if it will make me hardboiled? Some of the rabbits we have in Parkland have golters. Ma. Djd you, ever see a rabbit with one, Ma? Sant it funny, that rabbit's eggs are hardboiled?

Oh. Ma: I'll need some money for the Saga carnival. You see, there are going to be booths and mostly every-thing. I think it would be nice if I had a lot of chicken feed (that's slang for money) don't you, especlally when I go to the booths. I guess that the program is going to be very good. I know a little bit about it, and I know, you'd like to know so I'll tell you, but don't you tell anybody because it is supposed to be a secret. Well, when I was in the Mooring Mast the other some kids were wondering how boys

Oh, ma, do you remember that old black cow that is always on the campus which I told you about in the beginning of the year? Well as little cowlet runs after it now. Isn't that sweet? I think it belongs to one about hi of the neighbors.

of the neighbors.

Fred Mau says that rain is indu-cive to studying. I don't think so be-cause, I can always study better when it's raining.

I am going to close now, because I am so hungry and the bell is prob-

ably going to ring in a few minutes for dinner. Be sure, and send me some money for the carnival and other necessities won't you? Your sophisticated daughter.

CHEROBA TERTIA

Congratulations are in order for the Preus family, they have a new ewe and two lambs and an Easter bunny. Wonder if they are starting a miniature farm!

Peter Rabbit

(Continued From Last Week) Gathering him up. Nan hurried to the place where she had left the boat Surely she was dreaming. No boat was there! Looking down the river she spied it tossing around about a hundred yards away.

Terror gripped her heart as she realized her plight. The river was rising rapidly and there was no one around to help her. Nan stood moaround to help her. Nati stood mo-tionless. Why hadn't she listened to Jack? What would she do? She would swim to shore! That was an would swim to shore! That was an idea! Shehad done it countless times before, never during a storm but it wasn't very treacherous now. But what about feter? She couldn't leave him there Suddenly a beautiful idea came to Nan. She would tie Peter around her with her apron string. Quickly she placed Peter around he neck and putting his face tightly against her left cheek, ran the string round him and then under her arm and tied it in front.

"This is going to be hard, Peter but I guess it won't hurt you if you have to be tied up so tightly for a few minutes

guickly throwing off her shoes Nan waded into the water until it was just above her waist. The water was already by cold and prickly pains shot through Nan's body as she lowered herself into the water taking care not to put Peters head

We'll get there. Peter, old boy, i I can hold out.

Slowly but surely Nan swam to-ward the other side. When she was about fifty yards from the opposite shore. Nan began to feel again the fatigue which had overtaken ler on the Island. Struggling as best shi could to keep Peter's head above the water and to keep up the long could to keep Peter's head above the water and to keep up the long strokes were just a mite too hard for Nan. She couldn't float, because if she did it would put Peter's head in the water. She didn't feel as though she could hold on much longer. The she could note on much longer. The water was pushing against her and instead of advancing straight ahead she was being pushed and toesed back and forth. Nah could feel herself getting more numb. Her arms and legs didn't seem to have any feeting.

> The fugacious juvenile was ob-livous to the fuliginous condition of his countenance and the consequent cachinnation of the bystanders: that is to say, the frightened kid didn't know the crowd was laughing at his sooty face.

But no, my feet (faithful weather prophets) were icy cold! Apprehensively I sprang out of bed, and rushed to the window; my worst fears were confirmed—it was snowing! Not a beautiful white snow, but a dark, cheerless, sleety snow which melted as it reached, the earth and made a horror of slush and dampness. P. S. If you want more of this kind of stuff, get next to the Normal rather of a trepidating freshman ask-ing for an excuse than a learned or absent-minded professor mistaking his consonants. Can one of the deans graduates; new teachers are fam-ous for big words. If they fail you, complain to the proper authority.

—N. S. S. and dampness.

And when a playful friend asked
me if I didn't want to play snowball. I almost gaze way to tears!
Here. the day after I went wading
and the day on which I had planned
to go swimning. It had to snow!
My one consolation is that since
that one day of snow, it has rained,
and I have hopes that this may
cease and that we may once more
enjoy gazing at the sun.

THE CLOUDS

This poem was written by Bernice Schafer for the Children's Literature Class

The smoky clouds up in the sky Are guardians of the air.

They hide the sun from snatching

That seek the gold-dust there

They gather every rainbow drop Within their tent of gray; Then when the drops have rested

They send them on their way

When evening comes, each shivering star Must guide the black-winged night,

But if the stars too weary grow, Clouds, hide their darting light.

Without those dusty, roomy clouds I wonder what we'd do. Perhaps someone would steal the

Last Game of Spring Football

Dorm; Day Student Teams Compete; Little Ground Gained by Either; No Outstanding Plays

Spring football came to a close Friday afternoon with a regular the dorm students and day students After battling for four quarters, 22 men called it a season as far as actual football work was concerned Since that time all members con-cerned have been debating the question as to which team gained the most territory, as the game ended in a scoreless tie

ed in a scoreless tie.

The two teams, which contained many of last year's lettermen who will not show up next season, was evenly balanced, and as a result neither side could gain consistently. After almost two quaters of see-sawing back and forth at the censuring the field, the dorm team forced their way with 20 yards or so of the goal line for the first time. The half time period ehded before the ball could be advanced further into scoring territory.

In the last half of the geome the

In the last half of the game, the day student team led the attack. At one time a beautiful pass to Sy-dow placed the ball on the eight yard striper. A fatal fumble gave the ball to the dorm team, and ended the only scoring threat of the game.

The final whistle found the teams still stubborwhiste found the teams still stubborwhiste resisting to allow the other to score. To find out if the deadlock could be broken, Coach Oi-son allotted each team one addi-tional play, which in both cases went for naught.

There were no outstanding in-dividual showings on either side, al-though "Red" Carlson did do some of his old long distance running at times. All of the players were thor-oughly imbued with the idea of not letting the other side score, and accordingly the game was fought out on even terms, with no one side' being able to show.

being áble to show.

The dorm students were represented by: Wogsburg, Percival, Jacobson, Mesford, Dammel, Hauge, Tteljen, Wright, Carlson, Vernon, Anderson, Ttiland, Sakero, Hageness and Young, Those carrying the colors of the day students were: Sivertson, Mortensen: Scott, Fadness, Cronquist, Southworth, Sydow, Hauke, Quale, Dahl, Sanderson, Knaplund.

BASEBALL MEN TO TURN OUT

As soon as the diamond is put into a little better shape on campus day, the baseball pastimers will be out to go through their paces. As Monday has been definitely de-cided for the cleanup day, the base-hallers will undoubted the out for ballers will undoubtedly be out for a little warmup practice as soon as weather permits.

In accordance with the wishes the players, as decided by the Lettermen's Club vote, there will be n games scheduled with outside schools. As a result the only games will be between picked groups of those turning out. If more than two teams can be formed from the numbers interested a series of games will be the determent these.

Later in the season. Coach Olson will pick some of the better players to form a team to meet the C.P.S. in one or more practic

DRAMA CLUB MEETS IN RECREATION HALL

On Priday evening, March 27, the P. L. C. Drama Club held its regular meeting in the College recreation room. The program included a read-ing by Francis Barr and a one-act "The Pipe of Peace," the cas lum Monago and Rarold Gray

At the request of a Tucoma church the Drama Club will present a pro-gram. In the absence of the presigram. In the appointed a comdent, Mrs. Taylor appointed a com mittee. Dagny Rjermstad, Eric Hauke, and Exther Westhy to read and help choose a one-act play to be included in the church program.

ring Football Ends Scoreless Sport Slants

Football is over again. It ended with that mighty struggle between the dorm and day students which naught. Although the teams battled to a scoreless tie, the game was a subject of discussion for some time, between those most interested. Though it is the opinion of a majority of the dorm students that they gained the most yardage and played the best football, the day students are of an entirely different opinion. Now from an unbiased standpoint, that was shocked to learn the death of a man who had been loved and wor-shipped as only the movie star may be loved and worshipped. For two weeks the tabloids plastered his handsome face all over the front is judging from actual play and the opinion of our referee, Mr. Palo, I think that the day students were the better players. (Of course my being a day student does not influence this any.)

handsome face all over the front pages, and the sob-sisters sobbed loudly and dutifully. Rudolph Val-entino, deceased, claimed the tears and devotion of the world. On the same day that saw the death of the movie idol, Dr. Elliott, In fact I have this quotation from Mr. Palo: "The score did not indicate the actual game that was played. The day students outfought, and outplayed their heavier opponents. Moreover I was hampered in making the correct decisions by the incompetent umpire; as a result the day students were playing a twelve man team." Now, although Mr. Palo is also day student, we can take his word for the thing.

S. S. However, coming back to fact, those two teams certainly did function well for such little practice. Coach Olson will be able to put an extremely strong line on the field next season when football rolls around again. There will be plenty of strong guards and tackles. The only place where there seems to be a lack of material is the backfield. To fill these holes there will be a number of stars from last year back, although they were not present for the spring term. There is also promise of much new material for all positions on the team.

Poor weather has held up the student-faculty golf play somewhat but it is hoped that it can be completed before the end of the week. Xavier was the only professor to withstand the onslaught of the students in the first six matches played. If the faculty wants to annex the tournament, they will have to get to work in earnest.

The Palo-Preus match is still to be played, and when it

The Palo-Preus match is still to be played, and when it is played, it should be some game. These two gentlemen are so accustomed to getting birdies when they play that they are more surprised when they fail to do so than we are when we do happen to have a little luck in this line.

S. S.

The suggestion has been given that an attempt be made to organize a student golf team to meet some of the surrounding schools. Stadium, Lincoln, and C. P. S. all have teams, and no doubt would schedule games with our team if it should be organized.

S. S.

Both of the high schools have six man teams, while C. P. S has a four man team. It would not be hard to pick four or six men who would be able to make a good showing in meetings with the teams of these schools. Palo, Scott, Gray, Hinderlie are four men who, with a little practice, could give some school team a run for their money. At any rate an attempt should be made to get a team ready, if only for a practice meeting with these schools.

As soon as possible the baseball lovers will be out going through their pacces. If sufficient numbers turnout to make two or three teams. Coach Olson will arrange a number of games between these, otherwise the forces will be divided each night for play. Later in the year Olson will pick a team of the hest players to meet the C. P. S. nine in a practice meet.

meet.

There are a plenty of new hulls, bats, and whatnot in the office awaiting the start of play. Everyone able to come out should be there in order that a great time will be had by all. Look for the first announcement.

I think that effort as this to keep alive the seemingly fading interest in baseball is very commendable. From the ranks of college teams, come many of the players who are our later big time stars; P. L. C. furnished one or two to the

Outside of having codless. S. S.

Outside of having codless of fun in trying to play base-hall the sport lovers will have little.to do in scheduled sports for the rest of the year. There will undoubtedly be another racket team to meet with the high school teams of 4he town. Until football begins next fall, we will have no organized sports.

sports.

The announcement that a new flat rate fee of \$1.50 would be given the college members at the Parkland Golf Course was certainly good 1989. As it was, a limited pocketbook has somewhat stifled that old golf ambition. Now if someone will lend me the needed and necessary amount, I will be out doing some real fairway destroying. Everyone interested should do his best to make use of this fee as it will prove the a real money sayer. to be a real money saver.

to be a real money saver.

S. S.

There seems to be a great deal of interest in the gentle sport of wrestling among some of the brawnier members of the College. At present wrestling holds a large place in the sport world, and it has always been a large sport in many colleges and schools. The would-be bone twisters should get together some time and run off a little school tournament. In fact I saw some of the grunt and growl men going through their pacca-the other day. With a little refereeing, to keep some overambilious person from relieving his opponent of an ear, the 'game will prove a great exercise to limber up some little used muscle or joint... Try it once and see.

Students Holding Upper Hand in Golf

Although hindered by poor wea-ther and by the vacation the stuther and by the vacation the stu-dent-faculty golf match is now half over. In the first six matches to have been completed, the students are now holding the upper hand as they have won all but one of the 4 meetings. By all indication at pres-ent, the golf match will be history by the end of the week.

Faculty, Students **Granted Golf Fe**

Golf was given another boost a flat rate green fee was grantee the students and faculty members n the Parkland Golf Course fee of \$1.50 a month, an exceedingly low one, covers playing at any time and for any length of time. C. Scott who circulated the petition and led the movement for such a fee, was instrumental in obtaining this gen offer from the managemen

instrumental in obtaining this gen-erous offer from the management of the Parkland Golf Association.

The new fee will allow one a month's carefree playing, that is, after the first cost has been accumu-lated, without the worry and trouble, of trying to raise the necessary two-bit piece every day. In comparing the former cost with the new rate, it is seen that at most \$1.50 would cover the cost of journeying the courses six times or a total of 108 holes. The new fee will cover the playing of an unlimited number of holes each day, 108 if you have time, for the period of one month. The immense saving to those who care for golf can easily be seen.

All who are interested in this privilege, that is, anyone connected with the College, should see Mr. Cetil of Arnold Bennett.

Why, we ask, must the truly great

—the man of letters, the author,
bow before the criminal and the
movie star and humbly yield him

last for a few days and die as suddenly as it was born.

Arnold Bennett is dead. Let the
movie star have his petty, pathetic
notoriety. It is so lifeless, so short.
They are all forgotten idols now—
Valentino and Walter Reid and Jean
Faciles, and the rest privilege, that is, anyone connected with the College, should see Mr. Cecil Scott for further information as to the proper method of procedure in obtaining the permit, as soon as possible, as eight days of the month have now passed.

Some men die. That is all. They merely die, and are forzotten. Other men die—and live. Bennett is one of those men. He has erected his Brighten up the home with a few flowers or a nice blooming plant. Flowers for everybody and everycwn monument—solid and shining as fine marble. The world will love thing him and honor his name for a long nim and nonor his name for a long time yet—steadily, quietly. And there will be no sporadic spasms of devo-tion—no unreasoning, ephemeral ac-claim. For he has left a part of him-Seamons Flower
