Registering by Telephone is Easy!!!

A new PLU voice response system is replacing the old tele-registration system. The new system will have many of the old features as well as additional options. It is available twenty-four (24) hours a day except when the machines are being maintained. You may add (register for) or drop classes using the voice response system through the 10th day of class. For off-campus dial **(253) 531-4011** or from on-campus dial **4011** using any touch-tone telephone. The voice response system requires you to enter your student ID number and your PIN (personal identification number). Your initial PIN is your birthdate. Example: The PIN for a person born June 16, 1978 is 061678. You may change your PIN at any time via the voice response system. **We strongly encourage to change your PIN right away in order to prevent others from gaining unauthorized access to your registration.**

BEFORE YOU BEGIN

- Students who have never attended PLU or have not been formally admitted to the university are not in the data base and therefore are not eligible to register using the voice response system. Please go to the Student Services Center for assistance.
- **Do not use the # sign** after each entry as you did on the old system. THIS SYSTEM DOES **NOT** REQUIRE THE # SIGN. It will not recognize the CRN if you enter a # sign.
- The wait after entering each course request may seem a little long, but don't hang up or become frustrated. It takes time for the system to go out and find the course and come back with its response. BE PATIENT!!
- Be sure to save your registration before you hang up by entering : *** # 3** (asterisk, pound sign, three). If you do not save your registration and listen to your schedule before you hang up you will lose it.
- The system is set to give you up to fifteen minutes to complete your registration. **After fifteen minutes, you will be disconnected and your work will be lost unless you have saved it.**
- Clear up any financial holds with the Student Service Center.
- Return your medical history form with proof of required immunization to the Health Center to clear an immunization hold.

APPOINTMENT SCHEDULE

As in the past, appointment times for undergraduate students will be established according to the number of hours completed. However, you will **not** receive a specific appointment time or an appointment card. Please refer to the schedule below to find your scheduled registration day.

Monday, April 28	Masters, Education and Accounting Certification, Honors, AURA and Special Needs students
Tuesday, April 29	Undergraduates with 100 or more credits
Wednesday, April 30	Undergraduates with 85 or more credits
Thursday, May 1	Undergraduates with 70 or more credits
Friday, May 2	Undergraduates with 55 or more credits
Monday, May 5	Undergraduates with 48 or more credits
Tuesday, May 6	Undergraduates with 20 or more credits
Wednesday, May 7	Undergraduates with 18 or more credits
Thursday, May 8	Undergraduates with 15 or more credits
Friday, May 9	Undergraduates with 0 or more credits

Getting Started

- Before you actually use the telephone registration system, take a few moments to complete the course registration worksheet on the next page. When you are ready to register, have your completed worksheet at the phone for reference.

- The registration process is easy! You must use a push-button phone with tone-dialing. When you dial the access number, you will be given a list of options and will be guided through the registration process.
- To access registration by telephone, enter this number from a touch-tone phone: (253) 531-4011 Follow the Voice instructions to get to Registration. Terms available are: **Fall 1997**
- You will be asked to enter your student ID number, and you PIN (personal identification number), and the course request numbers (CRN's) of the courses you are adding or dropping. If you enter any invalid data, the system alerts you to the error and prompts you for the correct information.
- You have 15 minutes to complete your call -- the system will hang up on you when you reach your time limit. Don't forget, you will lose all courses that have not been saved!
- Before you hang up, you **must** save the courses you have added or dropped and listen to your schedule. This may take a few minutes -- be patient! If you hang up or are timed out before you have saved your new courses, you will lose your work.
- The following registrations must be done in person at the Student Services Center:
  - Independent study and cooperative education courses
  - Audit a course (no credit) - instructor's signature required
  - To register for a course requiring approval - authorized signature required
  - Registering for more than 18 hours in one semester. (use the PLU voice response for up to 18 hours in fall or spring and up to 6 hours in J term.)

PERSPECTIVES ON DIVERSITY

(6-8 Hours)

A course in each of the following two lines is required. The only 2-hour courses that can satisfy either of the following lines completely are the freshman Critical Conversation seminars.

a. Alternative Perspectives (2-4 hours): A course which creates an awareness and understanding of diversity in the United States, directly addressing issues such as ethnicity, gender, disability, racism, or poverty.

b. Cross-Cultural Perspectives (2-4 hours): A course that enhances cross-cultural understandings through examination of other cultures. This requirement may be satisfied in one of three ways:
(i) a course focusing on the culture of non-Euro-American societies *(see section b in the box below)*;
(ii) a 201 or higher-level course in a language used to satisfy the admission requirement, or 8 credits in a language not previously studied; or
(iii) participation in an approved semester-long study abroad program.

NOTE: 2-4 hours of Perspectives on Diversity courses may be used to fulfill another core requirement. The remaining 4 hours must be a course that does not simultaneously fulfill any other core requirement. These 4 hours may, however, satisfy a requirement in the major.

All junior and senior transfer students shall take one perspectives on diversity course (4 hours), from either line that does not simultaneously fulfill another core requirement. All other transfer students must meet the full perspectives on diversity requirement.

LANGUAGES & LITERATURES

All language students will use the Language Resource Center for additional study and practice.

To assure correct placement in language courses, all students with previous study are required to take a placement test. The tests are offered in most languages and will be held in the Language Resource Center during Freshmen registration and at other scheduled times. Additional information on placement will be available in registration packets.

Students may meet the **Diversity Requirement, Cross-Cultural Perspectives**, by taking a 201 or higher-level course in a language used to satisfy the admission requirement, or 8 credits in a language not previously studied. All 300 and 400-level literature courses meet the **Literature GUR.**

MATHEMATICS

- To insure correct placement of students in beginning math courses, eligibility will be required for registration for MATH091, 105, 107, 111, 112, 128, 140 or 151.
- Students may establish eligibility for registration for a course by earning a qualifying score through the math placement system.
- Students who have taken the prerequisite course at PLU are eligible without taking the placement exam (grade of C minus or better).

***DESIGNATES LATE AFTERNOON AND EVENING CLASSES (Beginning 4:30 and later)**

- Students who have not taken the placement exam may obtain the exam at the Math Department Office. The exam and accompanying questionnaire will take about 70 minutes. Allow one week for the results to be available. New students preferring to take the exam by mail should contact the Math Placement Director at the earliest opportunity.
- If you have taken the exam but do not have the results or have questions about placement, contact the Math Placement Director, 535-7402.
- If a student is eligible for a particular math course either by taking a prerequisite course at PLU or through the math placement system but experiences difficulties registering for that course, contact the Math Placement Director (535-7402).
- **Students who have not taken the mathematics placement test or have not otherwise satisfied eligibility for a math course will not be able to register for that course.**
