In the play Eleanor is taken to an Indian camp by Chief Cornplanter where she is regarded with distrust. Her courage is tested by fire and when she proves firm, she is adopted into the Seneca tribe. The Indians come to love her so much that when her mother comes to get her, they threaten to kill the mother. However, they realize that her happiness lies with her own people and they finally release her.

KNIGHTS MEET COYOTES  
IN CALDWELL SATURDAY

Our Knights will return to Northwest Conference action Saturday afternoon when they meet the College of Idaho gridgers in Caldwell. This will mark the first football game between the two schools.

Both clubs are winless in league competition. PLU lost to Linfield, 21-0, in its one NWC game of the season. The Coyotes have lost two,--a 50-6 pasting by Linfield last week and a 41-0 defeat by Willamette. The Idaho club holds victories over Western Montana and Westminster (Utah) for a 2-2 season's record. The Lutherans have a 1-3 mark for the season.

Knight senior quarterback Tony Lister, whose presence was sorely missed when Western beat PLU, 26-13, last Saturday, is back after a week's illness and is expected to start against the Coyotes. In the first three games Lister hit on 21 of 67 passes for 217 yards and two touchdowns. On the ground he has a net gain of 130 yards in 36 carries for a 3.6 average.

Leading ground gainer for PLU is junior fullback Lloyd Egan from Pocatello who has rolled up 180 yards in 41 carries for a nifty 4.4 average. Next in line is junior halfback Ken Harding who has a 3.6 average in gaining 134 yards in 37 tries.

Gary Nelson, senior linebacker, continues to lead the Knight defensive corps. The burly Nelson had nine tackles and two assists against Western. Art Hooper, senior end and corner linebacker, also had nine stops. Right behind them with eight tackles was 281 pound freshman tackle Harold Anderson.

Coach Roy Carlson of PLU will take a 33-man traveling squad to Caldwell, leaving here Friday morning. The game will be broadcast over KMO starting at 2:00 p.m.

FOUR FROM PLU WILL ATTEND  
ALC CONVENTION IN MINNEAPOLIS

PLU will be well represented at the general convention of the American Lutheran Church in Minneapolis Oct. 19-25.

President Robert Mortvedt will be an advisory member of the convention. Dr. Richard Moe, dean, college of professional studies, will be an official delegate representing the Tacoma Conference.

Two students will be among the 12 youth observers selected from around the nation. They are Philip Nesvig and Peter Lieurance. They were selected by the ALC's Youth Department which is taking care of their expenses for the event.

The ALC has 2,587,204 members in congregations in 45 states and 7 Canadian provinces. There are 5,207 congregations. The convention's voting delegates will include 500 clergymen and 500 laymen elected to represent local conferences.

The convention will elect a president, vice president and secretary. Dr. Fredrik A. Schiotz, who has been president since 1960, is eligible for reelection. He is also president of the Lutheran World Federation.

Consideration will be given at the convention to inter-church relationships, theological issues and questions of social concern.

The ALC conducts an American missions program which includes the establishment of about 60 new churches annually, supports more than 700 missionaries in 12 foreign countries, operates 21 colleges (PLU is one), seminaries and secondary schools, and is related to more than 250 social agencies and institutions.

## A MAN'S WORD

There was a time when a man's word was his bond. This is still true in the case of some persons, but entirely too many do not possess such moral integrity in our day and age. What a pity.

Last week we announced that a man was coming to take over as News Bureau Chief. He had given us his word on Wednesday and said he would be here Friday to get situated. Instead he sent a telegram Friday from Seattle saying he wasn't taking the position.

The word of our former News Bureau man who left in September didn't mean a thing either. He signed a contract for one year and pulled out after 10 weeks.

So we're in the market for another man. When we get one, we hope and pray that he will be a man of his word.

FACULTY INFORMATION SUPPLEMENT

PLEASE NOTE

It has been determined that there will be a faculty information supplement to the Knightletter. It will not necessarily be printed each week, but rather it will appear as required. This supplement will contain various matters of information which should be of particular concern to the faculty, such as fellowship deadlines, information on institutes, etc. It is expected also that faculty members may wish to submit items which they feel will be of particular concern chiefly to the faculty. The supplement will be edited in the office of the Academic Vice President and a coordination will be maintained between that office and the Office of University Relations. Items should be submitted in writing to the office of the Academic Vice President.

CATALOG DEADLINE SET

It is generally agreed that our university bulletin (catalog) should come out early in February. In order to do this a complete working schedule for the production of the bulletin has been set up. This schedule with realistic deadlines throughout the various stages of production, enforces upon us the date of November 14 as the time when we must submit our copy to Craftsman Press. This date squares fairly well with the requirements already placed upon the various departments and schools, since course or program changes requiring faculty action will have had to be completed by that time. However, it might be well to send materials from departments and schools to the Deans as soon as identifiable sections are available. For all others who will be asked to review portions of the catalog, it would be much appreciated if you can give attention to the matter as soon as possible.

TEACHER FELLOWSHIP PROPOSALS UNDER TITLE V OF HIGHER EDUCATION ACT OF 1965

There have been some questions regarding the current status of plans to again submit proposals for teacher fellowships for experienced teachers. Last year we submitted them in six areas. It may well be that we should submit less than that this year. Plans are moving forward under the coordinating effort of Dean Moe. We do not have the most recent necessary materials for applications, but these have been apparently delayed in Washington, D. C. and we expect them shortly so that we can meet the deadline with those programs it is finally determined to submit.
