Introductory Remarks

HISTORICAL SKETCH

The Pacific Lutheran Academy at Parkland, Wash., was established by members of the Norw. Ev. Luth. Synod of America. It began its work in 1894 and continued until 1918, the last year in conjunction with the Columbia College at Everett. In its field it ranked as one of the best in the state.

The Columbia Lutheran College was built at Everett, Wash., by members of the United Norw. Luth. Church of America. It opened its doors for pupils in 1909, and continued its work until the spring of 1919. From 1911 it was under the direct management of the United Church.

In 1919 both schools were closed to pupils, and the consolidated school, The Pacific Lutheran College, which is located at Parkland, Wash., began its preparation for taking up the work under the new auspices. During the summer of 1920 the main building was thoroughly renovated, and a chapel was built. On Oct. 4, 1920, registration began, and the new school took up its life work.

1921 The Junior College and Normal departments, were established, and in 1925 the Normal department was accredited by the State Board of Education.

OUR AIM

We believe that without public education there can be no political liberty, no great social achievement, no real manhood or womanhood, because men become mentally stunted. But we also believe that a true education must take into consideration the religious aspirations of man, or he will become morally stunted.

We therefore aim to educate the whole man, body,

PACIFIC LUTHERAN COLLEGE

mind and soul, and to build this sound education on a Christian foundation.

We aim to nourish and strengthen the faith of our fathers, a firm belief in Christ and Christianity.

We aim to supply workers for schools, congregations and missions, without neglecting the education for leadership in other walks of life.

In fine our aim is to educate for a life of Christian service.

LOCATION

Parkland is a suburb of Tacoma. Its name indicates the nature of its scenery. To the west lie the broken, rugged, snow-capped Olympic Mountains; to the east and south stretch the Cascade Mountains with their wooded foothills and the towering peaks. Here, serene and majestic, rises the snowy dome of Mt. Tacoma, the heavenward pointing, nourishing mother—a vision not to be forgotten, never the same, always sublime, whether crowned by a storm cap of clouds, or roseate with the glow of morning, or still and milky white under the blaze of day, or tinted by the setting sun.

Within this frame lies Parkland, its prairies dotted with groves and clusters of trees, its nesting homes, and the Clover Creek winding like a band of silver below the hill on which the P. L. C. is located.

THE BUILDINGS

The buildings are furnished with light and water from the city, but our own systems may be used whenever a necessity arises.

PACIFIC LUTHERAN COLLEGE

THE MAIN BUILDING.—This is a massive five-story structure of brick, 190x82. It has been thoroughly renovated. In the basement are located the heating system, the kitchen, dining room, the biological laboratory, the boys' showers, the boys' hospital. The first floor contains all the offices, the reception room, the library and study hall, the physical laboratory, guest rooms, two class rooms, two suites for teachers and a girls' reception room. On the second floor are four class rooms, the boys' clubroom and students' rooms, and on the third floor thirty-seven students' rooms and the girls' hospital rooms. On the fourth floor, out from the main building, is the chemical laboratory.

THE GYMNASIUM, is a frame building on a concrete basement 100x50 feet. The main floor has a fine running track, a large stage, dressing rooms, a moving picture outfit and an open floor of 50x80 for games.

The basement when finished will contain a swimming pool, 20x48, locker rooms, etc.

THE CHAPEL was erected at a cost of about \$7,000. It is a frame building, 40x60 feet, with a full concrete basement. The basement has an assembly room and a fully equipped kitchen.

THE LIBRARY

THE LIBRARY occupies a large room on the first floor of the main building. The school at present has a collection of over 7,700 books and pamphlets, besides a quantity of unbound magazines. The library fee is used for improving this part of our school equipment, and yearly above 100 volumes are added thru this channel.

PACIFIC LUTHERAN COLLEGE

LABORATORIES

The Physical and Biological Laboratories are fully equipped to meet the requirements, and every year new apparatus is added.

The Chemical Laboratory occupies a fireproof room on the fourth floor. This laboratory is fully equipped to teach high school chemistry as well as first and second year college chemistry. Accurate balances for quantitative work have been installed; electric power for hot plates, drying ovens, etc., also up-to-date laboratory desks with the necessary apparatus and chemicals.

Our other laboratories are also being brought to nearer perfection every year.

Here is a splendid field of work for the Y. P. S., the Alumni Association and Student Societies.

THE CAMPUS

The College campus comprises about eighteen acres, a fine play-ground for the pupils. There are the baseball diamond, foot ball field, two tennis courts (two more are being built) and the croquet courts, offering facilities for outdoor exercise.

Of historical interest is the little Douglas fir southeast of the building, planted on the first Good Road's Day in the State of Washington, and the stately maple at the front gate, named after Rt. Rev. V. Koren.

PACIFIC LUTHERAN COLLEGE

LEGACIES AND GIFTS

The College has received a number of gifts and bequests during the past years. We wish to express our appreciation to the donors. It would be well if the many friends of the college would remember the school in making their will or by special gifts.

Mr. and Mrs. George Knutson, of Burlington, Wash., in 1923 gave the school \$1,000 in memory of their son Henry who attended the College 1921-22.

A gift of \$500 was left by Mrs. Bell Siverson of Eugene, Ore., 1923.

A bequest of \$500 was left by Mr. P. J. Larson for the Norse Department in 1923.

Dr. L. Hektoen deeded lots 5-10, block 25, Armour Addition to Tacoma, to the College in 1924.

The graduating class of 1925 presented four loving cups on which the names of two Senior boys and two Senior girls, who have been of the greatest inspiration to the school, will be respectively engraved.

The class of 1926 has built a fine stone entrance to the College grounds.

A study of the essentials of practical English grammar. Special emphasis will be placed on sentence analysis.

15. DEBATE.

Two credits per semester.

Oral application of the principles of argumentation. Number in class limited to the Inter-Collegiate Debate Squad. Given 1926-27.

HANDICRAFT AND ART

MRS. KREIDLER.

1, 2. NORMAL ART.

Two credits per semester.

Our aim is to develop a certain amount of technical skill in handling of the ordinary problems of the grades.

This includes freehand drawing from nature, still life and figure, simple landscape composition, applied design, weaving and construction, stick printing, clay modeling, paper cutting, needle and raffia work, booklet making, stenciling, poster making, freehand perspective cardboard construction, modeling and decorating of ornaments, and the use of pencil, crayon, charcoal, water color, oil and enamel as mediums.

PACIFIC LUTHERAN COLLEGE

HEALTH EDUCATION

MISS PARR

1. HYGIENE.

Two credits per semester.

This course centers around the hygiene of the school child and includes a study of hygienic school equipment and environment as well. It also aims to make the school a center of influence for health work in the community.

2. NUTRITION.

Two credits per semester.

This course takes up a study of the functions of food and conditions affecting nutrition, and the composition and nutritive values of foods. Special emphasis is laid upon the nutritional needs of school children.

HISTORY

XAVIER, MISS RYDER

1. GREEK HISTORY.

Four credits per semester.

A course stressing the legacy of Greece in political institutions, art, architecture, literature, philosophy and mythology. Not given 1926-27.

XAVIER

2. ROMAN HISTORY.

Four credits per semester.

PACIFIC LUTHERAN COLLEGE

Special stress is laid on tracing the origin and growth of institutions that we are familiar with in Medieval history. Not given 1926-27.

XAVIER

3, 4. CONTEMPORARY CIVILIZATION.

Three credits per semester.

A brief discussion of the effect of environment on human progress; of early social relations and institutions and their effect on modern progress, and of the most important problems of today.

It is an adaption of the course worked out at Columbia College and the Columbia syllabus will be extensively used.

MISS RYDER

5, 6. AMERICAN HISTORY.

Three credits per semester.

The origin and development of the American Nation from colonial times to the present. Special emphasis placed on the cultural and spiritual factors that contributed to the American political and social tradition.

MISS RYDER

LIBRARY SCIENCE

XAVIER

1. LIBRARY INSTRUCTION.

Two credits per semester.

Elementary course in preparing books for

PACIFIC LUTHERAN COLLEGE

shelves, care of books, accessioning, care of shelves, use of catalogue and reference works. Classification and cataloging will also be touched upon.

MATHEMATICS

STUEN

1. HIGHER ALGEBRA.

Three credits per semester.

First a rapid review of elementary Algebra is given. Then quadratics, binominal theorem, literal and numerical coefficients, variation, ratio and proportion, imaginary and complex numbers are taken up for a thorough study. Time used, one semester.

2. SOLID GEOMETRY.

Three credits per semester.

The work in this branch covers one semester and includes the usual theorems and constructions contained in the best text books, including the relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones and spheres. A large part of the time will be given to the solution of original exercises, and to constructions.

3. TRIGONOMETRY.

Four credits per semester.

A course in plane trigonometry will be given for one semester. Circular measurements of angles, proofs of the principal formulas, the use of inverse functions, and solution of right and oblique triangles. Prerequisite, Course 1.

PACIFIC LUTHERAN COLLEGE

4. COLLEGE ALGEBRA.

Four credits per semester.

Review of High School Algebra, advanced work in functions and their graphs, theory of equations. Length of course, one semester. Prerequisite, Course 1.

MUSIC

EDWARDS

1. FUNDAMENTALS AND EAR TRAINING.

Two credits per semester.

A comprehensive study of piano keyboard including construction of scales, key signatures, rhythm and terminology concluding with exercises in dictation to discern intervals. Open to all students.

2. NORMAL MUSIC.

Two credits per semester.

A study of problems, methods and materials that concern the teaching of music in public schools. Sight-singing.

NORSE

STUEN

1. HOLVIK'S BEGINNING BOOK IN NORSE.

Four credits per semester.

Oral and written exercises. First semester.

PACIFIC LUTHERAN COLLEGE

2. HOLVIK'S FIRST BOOK IN NORSE, CONT'D.
Four credits per semester.
Bjørnson's Farmernovels. Second semester.
3. HOLVIK'S SECOND BOOK IN NORSE.
Four credits per semester.
Grammar and Composition.
4. IBSEN, KONGSEMNERNE.
Four credits per semester.
Selections from Kjelland, Lie and Bjørnson.
Second semester.
5. BRAND AND PEER GYNT.
Three credits per semester.
Outside reading in Wergeland, Welhaven,
Moe and others. First semester.
6. MODERN NORSE WRITERS.
Three credits per semester.
Outside readings and reports. Lectures.
Second semester.
Courses 1 and 2 for beginners.
Courses 3 and 4 for those who have had one year
of Norse or its equivalent.
Courses 5 and 6 for advanced students.

PACIFIC LUTHERAN COLLEGE

PENMANSHIP

HOLUM

Penmanship is required of all normal students. The course is primarily one dealing with the method of teaching. A good style of writing must be acquired before work is completed.

1. PALMER SYSTEM.

One credit per semester.

A study in method of teaching penmanship in the grades. Three periods per week.

PSYCHOLOGY

HAUGE

1. GENERAL PSYCHOLOGY.

Four credits per semester.

This course will give a general introductory acquaintance with the subject. It will be of value to those who wish to gain an insight into the nature and workings of the mind. This course will include the study of the processes of attention, association, perception, memory, reasoning, instinct, etc. Experiments will be carried on in connection with the work.

4. PSYCHOLOGY OF ELEMENTARY SCHOOL SUBJECTS.

Three credits per semester.

A study of the results of Experimental Psychology in the field of the common branches, for the

PACIFIC LUTHERAN COLLEGE

purpose of furnishing a background for the formation of a method of teaching these subjects.

SCIENCE

RAMSTAD, XAVIER, STUEN

1. 2. CHEMISTRY, GENERAL INORGANIC CHEMISTRY.

Five credits per semester.

The fundamental chemical theories are discussed and the chemistry of the non-metallic elements. The course is open to students not having an accredited high school course in chemistry.

Three lectures and two laboratory periods per week.

RAMSTAD

3. CHEMISTRY, ADVANCED QUALITATIVE ANALYSIS.

Five credits per semester.

Two lectures and three laboratory periods a week, one semester. Prerequisites, Chemistry 1 and 2.

4. CHEMISTRY, QUANTITATIVE ANALYSIS.

Five credits per semester.

A brief course which deals with both gravimetric and volumetric methods. One semester. Prerequisites, Chemistry 1 and 2.

6. BIOLOGY.

Three credits per semester.

An advanced course in biology, in which the relation of plants and animals to man, and eugenics

PACIFIC LUTHERAN COLLEGE

are especially stressed.

XAVIER

7, 8. GEOGRAPHY.

Three credits per semester.

An intensive study of geography as a foundation for the teaching of the subject in the intermediate and grammar grades.

STUEN

9. NATURE STUDY.

Two credits per semester.

A study of forces, things, and conditions which will function for the teacher as material for nature study.

XAVIER

11, 12. ZOOLOGY.

Five credits per semester.

A study of the morphology, physiology, ecology, economic importance and classification of animals. Laboratory, collateral reading.

PACIFIC LUTHERAN COLLEGE

High School Department

ADMISSION

Graduates from the eighth grade of our parochial schools and from the public schools will be admitted to any of these courses without examination on presentation of credentials from the respective schools.

This department is fully accredited by the University of Washington and by the State.

AMOUNT OF WORK

Students are required to take four units a year.

GRADES

The scale of grades are the same as those of the university. A—96-100, B—86-95, C—76-85, D—70-75, E—failure.

CREDITS AND UNITS

For graduation from the courses of the High School 16 units are demanded besides those for Bible.

All students are required to take Bible Study.

One unit is five 50 minute periods a week for 36 weeks.

COURSES

The High School courses given are: English, Modern Language, Classical, Scientific and Commercial.

For explanation of the subjects refer to "Subjects," beginning on page 40.

PACIFIC LUTHERAN COLLEGE

OUTLINE OF SUBJECTS

BIBLE

RAMSTAD, SVARE, BLOOMQUIST

"The fear of the Lord is the beginning of wisdom," sang the Psalmist (Ps. 111, 10), and the great Apostle Paul adds, "Godliness is profitable unto all things" (1 Tim. 4, 8), and Christ said, "Seek ye first the kingdom of God" (Matt. 6, 33). And so religion, which is to teach us our duties toward God and our fellow men, and the mercy of God toward us, has been made a part of every course of our school.

In the interpretation of the Bible the teachings of the Lutheran Church are adhered to. The aim is to strengthen the faith, impart knowledge of Bible truths, and help the prospective Sunday school teacher or parochial teacher to impart this knowledge to others. It prepares for leadership in Young People's Societies, Luther League, etc.

1, 2. FUNDAMENTALS OF CHRISTIANITY.

The fundamental doctrines of the Christian faith are studied. What does the Bible teach on these questions? Its answers decide the matter. The Old and New Testaments are referred to on each subject. Other books on Christian doctrine will be used for parallel reading.

SVARE

3. An introduction to all the books of the Old Testament.
RAMSTAD

4. An introduction to the books of the New Testament.
RAMSTAD

PACIFIC LUTHERAN COLLEGE

- 5, 6. A study of the great characters of the Bible.
BLOOMQUIST

COMMERCIAL BRANCHES

HOLUM, MRS. RAMSTAD

- 1, 2. PENMANSHIP.

By correct training, through a well-graded and systematic course, the average pupil gains full control of his muscles, acquires a neat, rapid and legible style of writing. The Palmer method is used.

HOLUM

- 3, 4. BOOKKEEPING.

The work is carried on according to the so-called individual plan. This makes it possible for students to enter at any time, take up such work as they need, and progress as rapidly as their abilities will allow.

HOLUM

- 5, 6. TYPEWRITING.

The touch system is taught, by which the greatest speed is obtained. From the beginning the student is taught the proper fingering of the keys, the care and adjusting of the machine; the proper form and arrangement of letters, legal documents, manifold, etc. A great deal of time is devoted to transcription from shorthand so that the pupil may have ample practice in doing this before he enters the office. The course includes careful and extended drill in various kinds of business letters, specifications, tabulating work, stencil cutting for mimeographing, etc.

MRS. RAMSTAD

PACIFIC LUTHERAN COLLEGE

10. COMMERCIAL LAW.

This course aims to give the student such knowledge of the laws of commerce that he may transact his business affairs in an intelligent manner. Correct writing of legal documents is a special feature.

HOLUM

11. SALESMANSHIP.

This course is specially designed for students of the commercial branches. Its aim is to show that all people, whether in business or not, are selling either merchandise or service, and that "the study of the science of salemanship is of supreme importance to both classes."

HOLUM

12. COMMERCIAL GEOGRAPHY.

The purpose of this course is to show the relation of men to their physical surroundings, methods of transportation, and products and resources of leading nations.

HOLUM

ENGLISH

MISS RYDER, HAUGE

The High School English Course is based upon the state requirements as outlined in the course of study in English for use in the Secondary Schools of Washington.

1, 2. ENGLISH,

Freshman

Ward's "Sentence and Theme" and Greever and Jones's "Century Handbook of Writing" are

PACIFIC LUTHERAN COLLEGE

used as a basis for the grammar and composition work. A thorough training in the minimum essentials in these branches is given through practical exercises and drills. Each semester class study is made of several selections from prose and poetic literature. In addition to this, pupils are required to read and make reports on approved books.

MISS RYDER

3, 4. ENGLISH,

Sophomore

The second year English work is a continuation, in a more general way, of the work begun in the first year. The more advanced lessons in the freshman text are studied, and a special emphasis is placed on theme writing. Ward's "Theme Building" and the "Century Handbook of Writing" are used. The stress on the mechanics of English is always of concern.

Various of the so-called English classics are studied in class, in a manner slightly more painstaking than that followed in the first year course. Outside reading of works by standard authors is required.

MISS RYDER

5, 6. ENGLISH,

Junior

Literature selections for class study are made from the more difficult of the classics. Outside reading is required. In English 6, argumentation is stressed, and the pupils are required to prepare and participate in formal debates.

MISS RYDER, HAUGE

7, 8. ENGLISH,

Senior

A thorough study of the History of American Literature is made during these semesters. A more

PACIFIC LUTHERAN COLLEGE

detailed consideration of the lives and writings of the most significant of American literary figures is made, rather than the superficial treatment afforded by a cyclopedic course. Book reports and theme discussions constitute an essential portion of the course. Some study may be devoted to the fundamentals of expression and interpretive reading. A practical use of English, tolerably free from mechanical deficiency, is expected of the pupils this year.

FOREIGN LANGUAGES

GERMAN

STUEN

1, 2.

Elements of German grammar, easy reading and translation. German will be used more or less in the classroom from the beginning. Not given 1926-27.

3, 4.

More advanced grammar and composition is taken up, and in connection with these some of the easier masterpieces of German literature will be studied. Sight reading and easy conversation will receive considerable attention.

As the need arises more advanced classes will be organized.

PACIFIC LUTHERAN COLLEGE

LATIN

XAVIER

1, 2.

One of the standard textbooks for beginners will be used. Emphasis will be put on the correct pronunciation of the words, on the essentials of grammar, on the declensions and conjugations. Almost from the first easy questions and answers in Latin will be introduced.

3, 4.

Grammar will be taken up more in detail, and the pupil will study Latin composition based on Caesar's "De Bello Gallico." Caesar's commentaries will be read (four books or their equivalent). The Roman army and its equipment, and the Roman camp will be given special attention. Not given 1926-27.

NORSE

RAMSTAD, HOLUM

1, 2. NORSE.

This course begins with elementary work, such as spelling, reading, writing, elementary grammar. The reading will be of easy selections such as found in our Norwegian readers for beginners.

HOLUM

3, 4. NORSE.

A standard grammar will be used. Compositions will be required, and short and easy stories,

PACIFIC LUTHERAN COLLEGE

as Björnson's Bondenoveller, read.

RAMSTAD

SPANISH

MISS PARR

1, 2.

Regular drill in elementary grammar is emphasized. Short stories, poems, dialogues and plays are chosen because of their special appeal to American students.

3, 4.

The study of the grammar is finished. The class work will be conducted in Spanish as far as possible. A careful graded series of short selections from classic writers is prescribed together with original composition.

HANDICRAFT AND ART

MRS. KREIDLER

1, 2. ART AND HANDICRAFT.

This department offers a comprehensive course in art (following closely the courses given in the high schools of the state) including the study of design, pictorial, decorative and constructive art, historic ornament and art history.

A practical color theory is taught. Problems in domestic art and interior decoration are given. Posters, parchment shades, Italian-plaques, simple baskets and many other problems in household, commercial and industrial arts are worked out.

PACIFIC LUTHERAN COLLEGE

Mediums used: pencil, charcoal, crayon, water color, tempera colors, dyes, inks, etc.

3. COMMERCIAL ART.

Two hours.

The work consists of drawing for commercial art, such as posters, signs, book covers, book plates, tail pieces, borders and other decorative units.

Mediums used: pencil, pen and ink and water colors.

HISTORY AND POLITICAL SCIENCE

XAVIER, RYDER

1, 2. GENERAL HISTORY.

This course will take up the history of all nations from the early ages to the present time. Less emphasis is put on wars and dynasties, more on the general advancement.

XAVIER

3. UNITED STATES HISTORY.

This course begins with the American Revolution, altho a brief survey of the earlier period is reviewed to give the student a setting for the national development. Effort will be made to familiarize the student thoroughly with the chief events relating to the nation. Much time is spent on the period after the reconstruction, emphasis being placed on the political and industrial problems that have arisen and have extended down to the present time. Special attention is also given to biography. Reference books and periodicals are used quite extensively.

MISS RYDER

PACIFIC LUTHERAN COLLEGE

4. CIVICS.

One semester is devoted to a careful study of our civil and political institutions. Efforts will be made to give the student a clear understanding of the constitution of our city governments. The three great branches of our government, their functions and interdependence will receive special attention.

MISS RYDER

MATHEMATICS

STUEN, RAMSTAD, HOLUM

1, 2. COMMERCIAL ARITHMETIC AND RAPID CALCULATION.

Nine months will be devoted to a careful study of commercial arithmetic. This is an advanced class and is not intended for students requiring instruction in the more elementary principles of arithmetic. It is presupposed that the student has become thoroughly acquainted with these before he takes up commercial arithmetic. The work in this class furnishes the student a thorough drill in the short and time-saving methods actually used by business men.

HOLUM

3, 4. ELEMENTARY ALGEBRA.

One year is spent on the fundamentals, factors, fractions, radicals, exponents, equations with one unknown quantity, the ordinary methods of elimination.

RAMSTAD

5, 6. PLANE GEOMETRY.

Two semesters are devoted to this subject. Part of the time will be employed in studying the theorems

PACIFIC LUTHERAN COLLEGE

of the text book, including the general properties of plane rectangular figures, the circle; measurement of angles, similar polygons, areas. Much time will be given to original demonstrations of exercises and solutions of problems.

RAMSTAD

7. HIGHER ALGEBRA.

First a rapid review of elementary Algebra is given. Then quadratics, binominal theorem, literal and numerical coefficients, variation, ratio and proportion, imaginary and complex numbers are taken up for a thorough study. Time used, one semester.

STUEN

8. SOLID GEOMETRY.

The work in this branch covers one semester and includes the usual theorems and constructions contained in the best text books, including the relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones and spheres. A large part of the time will be given to the solution of original exercises, and to constructions.

STUEN

MUSIC

EDWARDS

APPLIED MUSIC:

Piano — Development of touch, technique, rhythm, expression and interpretation.

Voice — Principles of corrective breathing and placement of tone.

PACIFIC LUTHERAN COLLEGE

PHYSICAL EDUCATION

RAMSTAD, MISS PARR

The aim of this course is to develop the body and keep the individual in good health by suitable exercises. Emphasis is placed on correct posture. All are required to give some time to physical education, but those incapacitated because of physical defects may satisfy the requirements with hygiene.

A splendid opportunity is offered for students to take part in various athletic activities such as basket ball, volley ball, baseball, indoor baseball, tennis and croquet.

SCIENCE

XAVIER, RAMSTAD, STUEN

1, 2. GENERAL SCIENCE.

This subject is fundamental to the entire field of science. It furnishes the foundation for all subsequent work in this line. It provides instruction about principles and facts that all should know, and it furnishes a solid foundation of knowledge on which to build further. Unity is kept thruout; it is not the study of a series of unrelated subjects. Laboratory work.

RAMSTAD

3, 4. BIOLOGY.

After a general introduction, plants and animals will be studied with special reference to their economic value. Hygiene and sanitation will be em-

PACIFIC LUTHERAN COLLEGE

phasized in the treatment of the human biology.

Not given 1926-27.

XAVIER

5, 6. BOTANY.

Elementary Botany. This is a general introductory course. While it deals with the structure, development and life activity of plants, it also treats of their classification and economic importance.

Laboratory work and note books.

Not given 1926-27.

XAVIER

7, 8. ZOOLOGY.

Most of the time will be spent on insects and vertebrates. The less known groups are, however, also treated with care, and among these animals the earthworm receives special attention. Laboratory work. Note books. Not given 1926-27.

XAVIER

9, 10. PHYSICS.

This course consists of recitations, lectures and laboratory work. The chief aim is to present elementary physics in such a way as to stimulate the pupil to do some original thinking about the laws and the whys of the world in which he lives. Modern life and modern wars have wrought many changes. The most striking changes, as the gas engine, the automobile, the airplane, and the wireless, will be given fuller treatment.

STUEN

11, 12. CHEMISTRY.

An elementary course in chemistry of the non-metallic elements. Three recitations and two laboratory periods per week. Juniors and Seniors.

RAMSTAD

PACIFIC LUTHERAN COLLEGE

Short Business Course

COURSE I

This course is designed to prepare young men and women for active duties of the business world by giving them a practical knowledge of the laws, usages and practices of trade and commerce. There is probably no other course of the same length and cost which even approaches a business training course in its value to young people. The business world and the government are constantly calling for well trained men and women to fill positions.

A pupil who has a good elementary knowledge of reading, spelling, grammar and arithmetic can complete the course in nine months. One who is deficient in one or more of these subjects will require longer time.

Student Organizations

RELIGIOUS

THE P. L. C. MISSION SOCIETY is an organization composed of young men and women who feel the need of devoting an evening a week to prayer and Scripture study. Interest is chiefly centered on mission work.

LITERARY

THE THESPIAN—A literary dramatic club.

THE DEBATING CLUB—Up-to-date questions are studied and discussed. The best debaters form the Inter-scholastic and Intercollegiate Debating Teams.

THE MOORING MAST, a student bi-weekly publication.

SIGVALD QUALE CONTEST—Each year a contest will be held in the Norse Department for the Sigvald Quale silver medal and such other prizes as may be offered.

MUSICAL

The College provides the opportunity, and every pupil is heartily invited to join our musical organizations.

- I. THE CHORUS.
- II. THE GLEE CLUBS.
- III. THE ORCHESTRA.
- IV. THE BAND.

PACIFIC LUTHERAN COLLEGE

ATHLETIC

The major sports include football, baseball, basket ball and tennis.

To represent the School on any team, an average of C will be required of the players.

OTHER

THE STUDENT BODY is an organization of all the students. Regular meetings are held once a week at which meetings matters of general interest to the students are discussed.

THE P. L. C. ALUMNI ASSOCIATION—During the Reunion meeting the 19th and 20th of Feb., 1921, the Alumni Associations of the Columbia Lutheran College and the Pacific Lutheran Academy dissolved and reorganized as the P. L. C. A. A. Life membership has been placed at \$5.

PACIFIC LUTHERAN COLLEGE

General Information

REGISTRATION

The dates of registration for the regular academic year are Sept. 14, 1926, and Jan. 31, 1927.

A fee of \$2.00 will be charged for late registration, and \$1.00 for each change of registration after the first day.

No change in registration can be made after the tenth week.

No student will be permitted to drop any class without special permission from his teacher and the registrar.

A student's registration is not complete before he has made settlement with the treasurer, and until such settlement is made he will not be considered a member of any class.

ROOM AND BOARD

The P. L. C. is a boarding school. Board will be furnished at \$90.00 per semester. Pleasant, well lighted and heated rooms are furnished with tables, beds and mattresses at a rental of \$30.00-\$35.00 per semester. Day students pay a room rent of \$4.50 per semester.

The dining room service will not open before the day previous to the opening of the term.

Whatever else is needed or wanted, the pupils furnish. See following page for suggested lists.

The school has its own bookstore where the necessary supplies may be bought at regular prices for cash only.

EXPENSES

Bills must be paid in advance on entering school, or a satisfactory arrangement made with the treasurer before one will be considered a member of a class.

In case two or more members of one family are in attendance at the same time, a discount of 25 per cent. on the total sum of the tuition will be granted.

The expenses for the semester are as follows:

Tuition for the College or Normal courses, 16 semester credit hours, \$45.00.

Tuition for the high school (5 regular classes) \$37.50

A College or Normal student who takes more than 17 credit hours a semester will pay \$2.75 extra for each semester credit hour. A high school student will be charged \$9.00 for each regular study beyond regular classes.

The charge per semester for one period per week in music instruction is \$27.00. Piano rent one hour per day is \$5.00; two hours per day \$9.00.

Typewriters may be rented at \$5.00 a semester.

PACIFIC LUTHERAN COLLEGE

GENERAL FEES

Per Semester

General Student Privilege Fee\$5.00

The Student Privilege Fee entitles the student to the use of the library, and the gymnasium, admission to all games and programs given by the student societies of the school, and to half a year's subscription to the College Paper.

SPECIAL FEES

Each student is charged an Indemnity Fee of \$5.00 which will be refunded, provided there are no charges for damage or any unpaid bills.

The following Laboratory Fees must be paid per semester by students taking the respective subjects:

Chemistry	\$5.00
Physics	2.50
College Biology, Zoology or Psychology	2.50
High School Biology, Botany, Art, General Science	\$1.00

Students graduating from the High School Department will be charged a Diploma Fee of \$3.00, from the College or Normal Courses, \$4.00.

RECORDS AND TRANSCRIPTS

A record of attendance, recitation, deportment, etc., is kept, and a copy is sent at the end of each quarter to parents and guardians.

Each student will be furnished a transcript of record free of charge, but \$1.00 will be charged per copy for additional transcripts. No transcript will be given until all bills are paid or a satisfactory arrangement has been made with the treasurer.

PACIFIC LUTHERAN COLLEGE

TUTORING

Students who need extra tutoring will be charged \$1.00 for each hour. When two students take the same work together, the charge will be 75 cents each.

EXTRA EXAMINATIONS

A fee of \$1.00 will be charged for all extra examinations (except those due to sickness), including those for the removal of conditions.

Extra examinations for credit will cost \$2.50.

RULES AND DISCIPLINE

Only such rules have been adopted as have been found necessary for the promotion of the highest interests of the students. The school, on admitting students, does so with the express understanding that they will cheerfully comply with the rules and regulations of the school in every respect, and deport themselves as befits Christian ladies and gentlemen.

The College specifically reserves the right to dismiss any student, without making definite charges, whenever in its judgment the general welfare seems to demand such action.

Written excuse, approved by the principal, dean or preceptress, must be presented to the teacher at the first recitation following an absence.

All students are required to be present at the daily devotional exercises held in the chapel and to attend divine services on Sunday either of our church, or if not Lutherans, of their respective denominations in Tacoma.

All students are required to keep their rooms clean and tidy, and to abstain from the use of tobacco in any

PACIFIC LUTHERAN COLLEGE

form within or about the buildings. The occupants of a room will be held responsible for its condition.

Day students are expected to observe the evening study hours at home, and are not permitted to frequent the dormitory after 7 p. m. The school maintains the right to exercise supervision over day students outside of study hours.

All boarding students are required to be in the dormitory after 7:00 p. m., unless granted special leave of absence.

Students are expected to employ their time to the best possible advantage and to avoid, as far as possible, everything which has a tendency to interfere with legitimate school work. The participation in dancing or card playing, whether in the school building or out of it, visiting gambling houses or other places of questionable nature, and the use of intoxicating liquors, are strictly forbidden.

A student who neglects his work, who wilfully disobeys the rules which are laid down for the government of the school, or whose conduct is improper, or whose influence is pernicious, is not wanted, and will not be retained in the institution, and, if expelled, forfeits the tuition and room rent paid. Continued failure to do good work, after a fair trial, will be considered reasonable ground for dismissal.

In addition to observing the general rules given above, all students will be required to observe the special regulations announced from time to time.

EMPLOYMENT

We are often asked if a pupil can work his way thru school. A great number of our pupils pay their own way. They may have a little saved up to begin with, and each summer they are hard at work to earn enough to continue.

PACIFIC LUTHERAN COLLEGE

There is also some employment to be had at the school for a number of pupils. Correspondence from pupils who need work to help pay for their schooling is invited.

MEDICAL ATTENTION

The payment of a medical fee of \$1.50 per semester entitles the pupil to medical attendance by the school physician. Hospital rooms are equipped at the school. The necessary medicine, nursing and, as may become inevitable, room in a city hospital, is furnished at the expense of the pupil.

The school urges parents to have all necessary dental work done during vacation periods.

SPENDING MONEY

We do not wish to encourage extravagant spending, and parents are urged not to allow their children too much pocket money. It is never conducive to good school work, and free spenders are generally poor students.

UNIFORM DRESS FOR GIRLS

The idea of uniform dress for girls is becoming more and more popular in schools of the better sort, and our school has adopted the following uniform: Pleated blue serge skirt (attached to a cotton under waist) and white Jack Tar middy blouse. Variety may be had during the spring months by wearing a white pleated skirt. These may be purchased at Rhodes Bros. Tacoma, at \$6.95 for the skirt and \$1.95 for the middy, if it is more convenient to buy ready-made than to make at home. A gingham dress for Saturdays. A little silk party dress. A suit or wool dress and coat for Sundays. A heavy sweater is also a convenience.

PACIFIC LUTHERAN COLLEGE

VISITORS

Visitors are always welcome, and the parents and other relatives are invited to visit the school to become acquainted with the work and environment of the students.

BAGGAGE

We have a transfer company at Parkland that will bring the students' baggage at special prices. So leave your baggage in Tacoma, bring your check, and the baggage will be brought out as soon and as cheaply as possible.

HOW TO REACH PARKLAND

Parkland is a suburb of Tacoma, one of the large ports and railroad centers on the Puget Sound. On arriving at Tacoma take Spanaway or Parkland car on Pacific avenue. At Parkland the College is one block from the station. The cars generally run about every half hour.
