

Pacific Lutheran College Bulletin

1942 Summer Quarter

First Term: June 9 - July 10

Second Term: July 10 - Aug. 12

Pacific Lutheran College Bulletin

Published quarterly by Pacific Lutheran College at Tacoma and Parkland, Washington. Entered as second-class matter April 26, 1927, at the postoffice at Tacoma, Washington, under the Act of August 24, 1912.

VOL. XXII

MAY, 1942

No. 1, Part 1

SUMMER SESSION CALENDAR

Registration completed by	Tuesday, June 9
Classes begin 8:00 A. M.	Wednesday, June 10
First Term ends	Friday, July 10
Registration, Second Term	Friday and Saturday, July 10, 11
Classes begin 8:00 A. M.	Monday, July 13
Summer Session closes	Wednesday, August 12

ADMINISTRATIVE OFFICERS

Oscar Adolf Tingelstad, Ph. D.	President
Philip E. Hauge, M. A.	Dean and Registrar
F. E. Theodore Nelsson, B. A.	Business Manager
Mrs. Lora B. Kreidler	Dean of Women
John Ulrik Xavier, M. A.	Librarian
Miss Anna Marn Nielsen, M. A.	Supervisor of Teacher Training
Ole J. Stuen, M. A.	Assistant Librarian

INSTRUCTIONAL STAFF

Ole J. Stuen, M. A.	Modern Languages
Philip E. Hauge, M. A.	Education
Anders W. Ramstad, M. S.	Science
Mrs. Elizabeth H. Bondy, M. A.	French, German
Jesse P. Pflueger, B. A., B. S.	Christianity and Philosophy
W. D. Keith Reid, M. S.	Business Administration
Miss Geo Reneau, Ph. M.	Social Science
Harold J. Leraas, Ph. D.	Biology
Elvin M. Akre, A. M.	Social Science
Gunnar J. Malmin, M. Mus.	Music
Mrs. Rhoda H. Young, B. A.	Physical Education
Miss Anna Marn Nielsen, M. A.	Education
Arling G. Sannerud, M. Ed.	Social Science
Miss Grace Blomquist, M. A.	English
Miss Dora A. Berg, M. A.	Art
Miss Mary A. Botten, A. B.	Library Science
Olaf M. Jordahl, Ph. D.	Mathematics
Herbert Ranson, Ph. D.	English

Visiting Teachers

Elmer Theron Thune, M. A.	Education
Principal, Stanley School, Tacoma, Washington	
Mrs. Frances Blake Aden, M. A.	Speech
Formerly of Speech Department, University of Washington	

GENERAL INFORMATION

The Summer Session is organized to meet the needs of regular students enrolled or expecting to enroll in Liberal Arts courses or in the College of Education.

Special adjustments have been made to meet national defense needs. High school graduates interested in accelerating their college programs are urged to begin their college education this summer.

Teachers in the field who wish to continue their training or are working for a degree will find courses planned for them.

THE COLLEGE OF EDUCATION

After September 1, 1942, the four-year teacher training program will, according to the action of the State Board of Education, be required for certification of elementary grade and junior high school teachers.

OUTLINE OF GENERAL ACADEMIC REQUIREMENTS LEADING TO THE BACHELOR OF ARTS DEGREE

APPLIED SCIENCE:

Home Econ. 1 or	Introduction to Home Economics	2 credits
Ind. Educ. 1	Introduction to Industrial Arts	
Health Educ. 5	Health Essentials	3 credits
Phys. Educ. Option	One of the following:	2 credits
P. E. 141, 142	Methods in P. E.	
P. E. 105, 106	P. E. Techniques	

BIBLE:

8 credits

EDUCATION:

Educ. 1	Orientation	1 credit
Educ. 101	Introduction to Teaching	4 credits
Educ. 103	Educational Psychology	3 credits
Educ. 105	Public School System	2 credits
Educ. 109	Educational Measurements	3 credits
Educ. 110	Philosophy of Education	2 credits
Educ. 112	Teaching and Technique	8 credits

ENGLISH:

Eng. 1, 2	Freshman Composition	6 credits
Eng. 109 or	Children's Literature	2 credits
Eng. 110	Jr. H. S. Literature	

FINE ARTS:

Art 10	Introduction to Fine Arts	3 credits
--------	---------------------------	-----------

GEOGRAPHY:

Geog. 7	Geography	3 credits
---------	-----------	-----------

MATHEMATICS:

Math. 6	Principles of Mathematics	2 credits
---------	---------------------------	-----------

MUSIC:

Music 1	Fundamentals of Music	3 credits
---------	-----------------------	-----------

PHILOSOPHY:

Phil. 101	Introduction to Philosophy	3 credits
Phil. 106	Ethics	3 credits

PSYCHOLOGY:

Psych. 1	General Psychology	3 credits
----------	--------------------	-----------

SCIENCE:

Science 21	Introduction to Biology	3 credits
Science 22	Introduction to Physical Sciences	3 credits
Science 51 or	Environmental Studies	2 credits
Science 52	Science for the Elementary School	

SOCIAL SCIENCE:

History 3, 4	History of Civilization	6 credits
History 20	History of Washington	2 credits
Electives		3 credits

SPEECH:

Speech 8	Fundamentals of Speech	3 credits
----------	------------------------	-----------

ACADEMIC MAJOR AND MINOR:

Major	Minimum of	20 credits
Minor	Minimum of	12 credits

CERTIFICATION

According to the plan of certification in Washington, a Three-year Elementary Certificate is issued on the completion of the three-year curriculum. After September 1, 1942, completion of the four-year curriculum will be required. The Three-year Elementary Certificate may be renewed once for three years upon the completion of ten semester hours of credit.

"An applicant for the Six-year Standard Elementary Certificate must present a diploma from an accredited normal school or teachers' college indicating the completion of a four-year curriculum. In addition, the applicant must have had at least two years of successful teaching experience upon a Three-year Elementary Certificate."

Elementary certificates are valid both in elementary grades and junior high school.

PRINCIPAL'S CREDENTIAL

The requirements for the issuance of the elementary principal's credential may be satisfied by work being offered during the 1942 summer session. The specific courses which satisfy these requirements are listed below.

The basic requirements for the elementary principal's credential include:

- (a) Certification at the elementary level.
- (b) Two years of successful elementary or junior high school teaching experience.
- (c) Eight semester hours of professional training, in addition to the requirements for the three-year course of training.

Four semester hours must be taken from List A. The remaining four hours may be taken from either list.

List A: Elementary Curriculum. (*See Education, 142a, 144b.*)

Elementary Administration and Supervision. (*See Education, 115a and 146a.*)

Elementary School Methods.

List B: Guidance.

Tests and Measurements.

Kindergarten.

Health and Physical Education. (*See Physical Education, 112a and 142a.*)

Remedial Education. (*See Education, 130b.*)

RECREATION ACTIVITIES

This summer's program at Pacific Lutheran College includes a well rounded group of recreational activities. Local trips of great interest, besides the annual week-end mountain-climbing trip, are being arranged.

EXPENSES

A tuition fee of \$5.00 per semester credit hour is required of all persons attending the Summer Session. This fee must be paid at the time of registration.

A library fee of \$2.00 will be charged. A fee of \$5.00 is charged to students taking Chemistry.

ROOM AND BOARD

Room and board can be had at a reasonable price. The dormitories will be open for occupancy. Room rent for the summer session is \$15.00.

CHAPEL EXERCISES

In keeping with the Christian character of the College, devotional exercises are held at stated times each week to which teachers and students are invited.

COURSES OFFERED

The number of courses available for credit will be determined by the demand. Other courses will be provided if five or more students request it. Any course number accompanied with a letter indicates that said course will be given only one term. Numbers accompanied with the letter "a" are given the first term only. The "b" courses are given during the second term only.

BIOLOGY

- 91a. *Heredity* *Two credit hours.*
The course presents the underlying principles and theories of heredity. Two lectures per week. Prerequisites: Biology 55 and 56 or consent of instructor.
- 121b. *Bacteriology* *Three credit hours.*
An introductory study presenting a general foundation in the principles underlying the study of bacteriology.

BUSINESS ADMINISTRATION

- 51a, b. *Principles of Economics* *Three credit hours.*
Needs, wants, production, price, money, monopoly, banking and business organizations. An introduction to basic principles underlying the economic activities of mankind.
- 60a. *Economics of War* *Two credit hours.*
Basic economic problems of war in relation to the geographical, human and capital resources available to serve the purposes of war. Problems of war production. War labor problems. Business and public finance of the war effort. Price control and management of the monetary system. Post-war international economics and the transition from war-time to peace-time economy.
- 61a. *Personal Typewriting* *One credit hour.*
Mastery of all key locations on the standard keyboard by the touch system to meet first, the personal use, second, the vocational, and third, the overlapping social-business requirements of typewriting. Skill development. Simple business and personal letters. Fee \$2.00.

CHEMISTRY

- 11a, 12b. *General Chemistry for Nurses* *Eight credit hours.*
A course covering the fundamental principles of chemistry, with special emphasis being placed on chemical reactions that take place in the human body.
- 51a, 52b. *General Inorganic Chemistry* *Eight credit hours.*
The fundamental chemical theories; the chemistry of the non-metallic and metallic elements.

EDUCATION

- 115a. *School Administration* *Two credit hours.*
A study of the practical problems of school administration and organization as pertaining to the elementary school.
116. *Special Projects* *One to three credit hours.*
Students who desire to pursue a special line of individual reading, investigation, or research may do so for credit, receiving help and guidance from the faculty members best qualified to assist in the particular problem. Credit will vary with the amount of work done.
- 130b. *Refresher Course in Primary Education* *Two credit hours.*
Special stress will be placed on the teaching of remedial reading. Special individual problems may be worked out.

- 132b. *Refresher Course in Primary Education* *Two credit hours.*
Special emphasis on new methods in teaching beginning reading and correlations with other primary activities.
- 134a. *Recognition of Speech Defects* *Two credit hours.*
A study of speech correction problems to enable the classroom teacher to recognize and understand the problems.
- 142a. *Curriculum Seminar in Social Studies* *Two credit hours.*
A study of curriculum policies as related to the social studies. Students may deal with problems, in respective fields and grade levels, individually or in groups. Termination should be a product which can be put into practice in students' own classroom. (Prerequisite: at least one year of experience).
- 144b. *Curriculum Seminar in Language Arts* *Two credit hours.*
Study of curriculum policies as related to the language arts (reading, phonics, spelling, etc.). Students may deal with problems, in respective fields or grade levels, individually or in groups. Termination should be a product which can be put into practice in students' own classroom. (Prerequisite: at least one year of experience).
- 146a. *Elementary School Supervision* *Two credit hours.*
Principles underlying present-day supervision.

ENGLISH

1. *Freshman Composition* *Three credit hours.*
Review of grammar, correlated with composition work; primary emphasis on sentence forms representing maturer ways of thinking.
61. *Literary Backgrounds* *Three credit hours.*
A study of English classics from Beowulf to Hardy, emphasizing the work of the major writers, the development of literary forms, and their relation to the general cultural background.
- 109a. *Children's Literature* *Two credit hours.*
A short history of children's literature; a study of the literature for children in the lower grades; story telling.
- 110a. *Junior High School Literature* *Two credit hours.*
A study of literature for children in grades seven, eight and nine.
- 117b. *Contemporary Literature* *Three credit hours.*
A study of the main trends in recent English and American literature. The post-war period is emphasized.

FINE ARTS

- 74a. *Clay Modeling* *Two credit hours.*
This is a course in the various methods of modeling in clay. Application of these methods is made to pottery and small figures. Individual instruction is given in plaster casting.
- 121a. *Public School Art* *Two credit hours.*
A course planned for those who intend to teach art in grades one to six inclusive. Technical skill in handling problems suitable to these grades is developed. Sufficient appropriate projects in drawing, design, and construction are worked in several media to illustrate the types of art work which are suitable to the interests and abilities of these pupils.

GENERAL SCIENCE

- 22a. *Introduction to Physical Sciences* *Three credit hours.*
A survey of the fundamental principles in chemistry, physics, astronomy, climatology, and geology. Lectures and laboratory demonstrations.
- 51a. *Environmental Studies* *Two credit hours.*
A study of objects, forces, and conditions that will function for the elementary and intermediate grade teacher as material for nature study.
- 52a. *Science for the Elementary School* *Two credit hours.*
A study of the science program in the elementary school.

HISTORY

- 20b. *History of the State of Washington* *Two credit hours.*
- 75b. *Representative Americans* *Two credit hours.*
A study of outstanding American leaders in their respective periods, and their influences on the thought and trends in American history.
- 112a. *English History* *Three credit hours.*
A study of the political, economic, social, literary, and religious history of England from the earliest times to the present.
- 128b. *History of Europe—1814 to 1870* *Three credit hours.*
A study of Europe after the French Revolution with special emphasis upon the Era of Metternich and the period of reaction.

HOME ECONOMICS

- 1a. *Introduction to Home Economics* *Two credit hours.*
A study of the function of home economics in the elementary school and junior high school; foods, clothing, and home activities.

INDUSTRIAL ARTS

- 1b. *Introduction to Industrial Arts* *Two credit hours.*
Basic curricular principles underlying an industrial program; evaluation of problems and possible activities of various levels.

LIBRARY SCIENCE

- 61b. *Library Instruction* *Two credit hours.*
Preparing books for shelves; care of books, accessioning, care of shelves, use of catalog and reference works; classification and cataloging.

MATHEMATICS

51. *Higher Algebra* *Three credit hours.*
A thorough review of high-school algebra and a continuation beyond quadratics.
53. *Plane Trigonometry* *Four credit hours.*
Circular measurements of angles, proofs of the principal formulas, the use of inverse functions, solution of right and oblique triangles. Prerequisite: higher algebra.

*MODERN LANGUAGES

51. *French—Elementary French* *Four credit hours.*
Pronunciation, grammar, oral and written exercises; practice in speaking; the reading and interpretation of easy prose.
51. *German—Elementary German* *Four credit hours.*
Pronunciation, grammar, easy reading, with practice in reading, writing, and speaking German.

51. *Norse—Beginners' Course* *Four credit hours.*
Grammar and composition; easy readings.
*Courses may be expanded to include eight semester credit hours if conditions warrant it.

MUSIC

- 122b. *The History and Literature of Music* *Three credit hours.*
The classical school. Beethoven. Romanticism. The music drama of Richard Wagner. Modern Schools. Prerequisite: Music 1 or equivalent.
- 115b. *Choir Conducting* *Two credit hours.*
The technique of conducting. Problems of church music.

PHILOSOPHY

- 101a. *Introduction to Philosophy* *Three credit hours.*
The scope and meaning of philosophy; discussion of fundamental problems, such as mind and matter, knowledge, cause and purpose.
- 106a. *Ethics* *Three credit hours.*
A summary of general, individual and social ethics. A study of the natural as well as the divine sanction for all acts of choice. A careful evaluation of the theories of ethical values.

PHYSICAL EDUCATION AND HEALTH

- 78a. *Nutrition for Student Nurses* *Four credit hours.*
Composition and nutritive value of foods; food preparation; physiological needs in relation to food. Open to student nurses only.
- 110a. *First Aid* *One credit hour.*
Standard Red Cross First Aid course. Standard certificate will be given upon completion of the course.
- 112a. *Methods in Physical Education* *Two credit hours.*
Methods and techniques in teaching seasonal sports and games for elementary schools.
- 142a. *The School Health and Physical Education Program* *Two credit hours.*
Organization of the health and physical education program in elementary schools, including problems of health education, health of teacher, and responsibility of home, school and child in prevention and control of disease.

POLITICAL SCIENCE

- 70b. *War and National Policy* *Two credit hours.*
Security, defense, and national strategy; American concepts of security, defense, and national strategy; war in statecraft and in history; the meaning of war: definitions and concepts; the law and diplomacy of war; total war; military organization, technique, and policy; national organization for total war.
- 80b. *American Foreign Policy* *Two credit hours.*
A historical treatment of the part played by the United States in the world picture since independence; an investigation into the factors causing developments or changes in policy; what are "traditional" American policies in foreign affairs. May also be counted toward a history major or minor.

PSYCHOLOGY

115. *Personality Adjustment* *Two credit hours.*
A study of the general psychological principles involved in personality adjustment.

SOCIOLOGY

- 125a. *Field of Social Work* *Two credit hours.*
A study of the development and theory of major fields of social work.
