Consequences of Not Attending First Two Class Meetings

Students who are unable to attend the first class meetings are expected to notify the instructor prior to the first class meeting. Students who miss the first two class meetings without prior arrangement risk being dropped from the class by the instructor; however, students still need to take responsibility for dropping courses they do not plan on attending.

Independent Study, Research, Thesis Registration

Registration for special study is subject to the same schedule as registration in other courses but cannot be done via Banner Web. Most departments offer special study options, such as:

- Independent Study
- Research
- Special Projects
- Thesis
- Graduate Readings

Students are advised to read the catalog and contact each department for details.

To register for special study a completed independent study card must be brought to the Registrar's Office on or after the students scheduled registration appointment time. Cards are available at the Student Services Center and on the display rack in the hallway near the center. **A \$50.00 administrative fee is charged for each transaction submitted after the last day to add/drop.**

RIGHTS AND RESPONSIBILITIES

Upon registration, the student and his or her parents or legal guardian agree to accept the responsibility and legal obligation to pay all tuition costs, room and meal fees, and other special fees incurred or to be incurred for the student's education. The university agrees to make available to the student certain educational programs and the use of certain university facilities, as applicable and as described in the catalog. A failure to pay **when due** all university bills shall release the university of any obligation to continue to provide the applicable educational benefits and services, including, but not limited to, **statements of honorable dismissal, grade reports, transcripts of records, diplomas, or preregistrations**. The student shall also be denied admittance to classes and the use of university facilities in the event of a default.

REGISTERING BY BANNER WEB

Course registration for January term and for spring semester is as easy as accessing PLU's homepage at www.plu.edu for web registration.

Banner Web is available from 4:00 a.m. to 11:00 p.m. Sunday through Thursday, 4:00 a.m. to 6:00 p.m. on Friday, and 6:30 a.m. to 11:00 p.m. on Saturday. You may add (register for) or drop classes using Banner Web from the date and time of your initial appointment through the last day to add/drop (refer to the calendar on page 3 for add/drop dates). To access Banner Web, using the most current version of your Web browser, find the PLU homepage at www.plu.edu and select Online Services. From Online Services, select Banner Web. Then click on Login.

Web registration requires you to enter your student ID number and your PIN (personal identification number). Your initial PIN is your birth date. Example: The PIN for a person born June 16, 1978 is 061678. You may change your PIN at any time via Banner web. **We strongly encourage you to change your PIN right away in order to prevent others from gaining unauthorized access to your registration.**

BEFORE YOU BEGIN

New Students

Students who have never attended PLU and have not been formally admitted to the university are not eligible to register via Banner Web. New freshman students should go to the Admissions Office for assistance. Other new students should go to the Student Services Center for assistance.

New transfer students may begin to register via the web on Wednesday, Monday, November 26, 2001.

Registration Holds

Check to see if you have any holds prior to registration. Log in to Banner Web and click on Student Services and Financial Aid, then click on Student Records, and View Holds.

To clear a hold contact the following offices:

- Financial and Payment Option holds – Financial Aid
- Junior Review Holds – Submit Junior Review paperwork to the Academic Advising Office
- Medical Holds – Return your medical history form with proof of required immunization to the Health Center

Appointment Times

Each continuing undergraduate student will be assigned an appointment time according to total hours completed. Notification will be sent via mail to your campus or local address. If you do not live on campus, be sure that we have a current local address in our database. Verify your information by logging onto Banner Web then clicking Personal Information, and View Address(es) and Phone(s) or check with the Student Services Center to verify your address. If you do not receive a notification in the mail by the first day of registration, call the Registrar's Office at 253.535.7131 or the Student Services Center at 253.535.7161 to confirm your appointment time. **Web registration is not available to graduate students. Graduate students should contact the Student Services Center or their graduate adviser for assistance.**

Waitlisting cannot be done via Banner Web

Waitlisting courses must be done in person at the Student Services Center and is limited to two courses per semester. Waitlist forms are available on page 74 or in the Student Services Center. The waitlist form must be completed and submitted to a Student Services employee for processing. Waitlisting guarantees that the instructor will be informed that a student is interested and where the student is on the list. The Registrar's Office will move students (in waitlist order) from the waitlist into closed classes as seats become available until one week before the term begins, then the instructor determines who will be admitted to closed classes. Students still on the waitlist when the term begins must attend the first class and get the instructor's signature on a green add/drop form to grant them a place in the class. Faculty reserve the right to deny admission after the first week when initial sessions are irreplaceable. This form must be submitted to the Student Services Center before the deadline to add/drop courses. Students who are below third or fourth place on the list are strongly advised to register for a substitute course, as it is unlikely they will get into the waitlisted class.

Note: Do not try to move yourself from the waitlist into a class, even though the system indicates there is an opening. This cannot be done on Banner web and will only cause you to lose your place on the waitlist.

Select Term. Make sure that the term in the text box reads the appropriate term for which you are registering. Then click on the Submit Term button.

Check Your Registration Status. Scroll down and select Check Your Registration Status. If you have registration holds, you need to stop and contact the Student Services Center to clear the hold before registering (see page 10 for details). If you do not have any holds, you may continue by clicking Menu.

Registration Menu. Select Register/Add/Drop Classes.

Add Classes. Scroll down to the Add Class section. In this section you will enter a CRN (course reference number) for each class you would like to take. Remember that if your class requires co-registration for another class (such as a lab), you must enter a CRN for that class as well. When finished, select the Submit Changes button to continue. When your request is finished processing, you will be returned to the Register/Add/Drop page.

Current Schedule. In this next screen, you will have to scroll down to see your current class schedule. Make sure that you look at the status box to see if you are currently registered. If you have a conflict of some sort, the system will notify you under the section called Registration Errors. Contact Student Services Center or the Registrar's Office with questions.

Student Detail Schedule. Once you have finished selecting your courses for the term, scroll down to the bottom of the screen and select the Student Detail Schedule text. Your schedule will appear on the screen. If you would like a copy, select the Print button on the top of the screen. Make sure that when you have finished registering, you LOG OUT and close your application. This is important so that no one else can make any changes to your schedule. It is recommended that you return to this screen just prior to the start of each term to confirm any schedule changes (such as room number or instructor) that may have occurred after your registration was completed.

SPECIAL REGISTRATIONS

The following registrations must be done in person at the Student Services Center unless indicated otherwise:

- **Auditing a Course.** To register to audit a course (no credit) get an instructor's signature on a green add/drop form. The cost for auditing a course is the same as the cost for taking the course for credit.
- **Courses requiring approval.** To register for a course requiring approval get the authorized signature on a green add/drop form.
- **Course load exceptions.** Registering for more than 18 hours in one semester requires at least a 3.00 grade point average or consent of the provost. (Use Banner Web to register for up to 18 hours in Fall or Spring and up to 6 hours in J-Term or Summer.)
- **Waitlisting a course.** See detailed information on page 10.
- **Independent Study Cards.** Completed cards are returned to the Registrar's Office. See page 5 for details.

Welcome to January Term 2002!

Pacific Lutheran University's January Term provides students and faculty with a unique opportunity to concentrate their attention intensely on one class at a time. Not only can that deepen one's understanding of subject matter, but it makes it possible for each class to become a closer community of learning.

All students, not just freshmen, will find within this schedule courses of interest to them. In addition to a few unusual courses peculiar to January (generally those involving an off-campus experience), you will find here a broad range of offerings within the regular curriculum—interesting electives, upper-division courses in many specific majors, and courses satisfying various university-wide requirements.

For your convenience attribute codes appear at the end of course titles. The attribute indicates which university-wide requirement a particular course meets. In some cases a course may be assigned multiple attributes. Keep in mind that one time only you may use a single course to satisfy a maximum of two university-wide requirements, even though that course may be assigned three or more attributes.

The Freshman January Term Requirement

Freshman students are required to fulfill the freshman January term requirement by enrolling in a J-Term course that fulfills one of their university-wide requirements. These courses are marked in the schedule with a J designator. Courses marked with a J and listed in the section set aside for freshman J-Term courses will meet this requirement.

The purpose of the freshman January term requirement is two-fold. First it is an integral part of the freshman experience at PLU. It provides another opportunity, along with the Inquiry Seminar: Writing (WRIT 101) and Critical Conversation (CRIT 117) courses, to enroll in classes designed specifically for freshman students. Second, it provides an opportunity to take another general university requirement in a setting of more focused attention on the learning process as well as course content. The January term is a stimulating change from the regular semesters and most students find J-Term courses to be very worthwhile and enjoyable.

All freshmen must complete the three requirements of the freshman experience during their first year at PLU.

Be advised - No single course can be used to satisfy more than two university-wide requirements. All J courses fulfill the freshman J-Term requirement and may be used to satisfy one additional university-wide requirement. Read course attributes carefully.

MATHEMATICS

To insure correct placement of students in beginning math courses, eligibility will be required for registration for MATH 91, 105, 107, 111, 112, 123, 128, 140, and 151.

Students may establish eligibility for registration for a course by earning a qualifying score through the math placement system.

Students who have completed the prerequisite course at PLU with a grade of C or better are eligible without taking the placement exam.

Students who have not taken the placement exam may obtain the exam at the Math Department Office. The exam and accompanying questionnaire will take about 70 minutes. Allow one to two weeks for the results to be available. LANGUAGES & LITERATURES

All language students will use the Language Resource Center for additional study and practice.

To assure correct placement in language courses, all students with previous study must take a placement test. The tests are offered in most languages and will be held in the Language Resource Center during Freshman registration and at other scheduled times. Additional information on placement will be available in the new student registration packets distributed by the Admissions Office.

Students may meet the **Diversity Requirement, Cross-Cultural Perspectives**, by taking a 201 or higher-level course in a language used to satisfy the admission requirement, or 8 credits in a language not previously studied. All 300- and 400-level foreign language literature courses meet the **Literature university-wide requirement**.

MATHEMATICS

To insure correct placement of students in beginning math courses, eligibility will be required for registration for MATH 91, 105, 107, 111, 112, 123, 128, 140, and 151.

Students may establish eligibility for registration for a course by earning a qualifying score through the math placement system.

Students who have completed the prerequisite course at PLU with a grade of C or better are eligible without taking the placement exam.

Students who have not taken the placement exam may obtain the exam at the Math Department Office. The exam and accompanying questionnaire will take about 70 minutes. Allow one to two weeks for the results to be available. New students preferring to take the exam by mail should contact Nancy Shonk in the Math/CSCE office at the earliest opportunity, 253.535.7400 or email shonkne@plu.edu.

If you have taken the exam but do not have the results or have questions about placement, contact the Math Placement Director, Dr. Celine Dorner 253.535.8738 or email dornerca@plu.edu.

If a student is eligible for a particular math course either by taking a prerequisite course at PLU or through the math placement system but experiences difficulties registering for that course, contact the Math Placement Director, Dr. Celine Dorner at 253.535.8738 or email dornerca@plu.edu.

Students who have not taken the mathematics placement test or have not otherwise satisfied eligibility for a math course will not be able to register for that course.

PHYSICAL EDUCATION

Four one-hour courses (100-259), including 100, are required for graduation. Eight one-hour activity courses may be counted toward graduation. Activity courses cannot be repeated for credit. Students are encouraged to select a variety of activities at appropriate skill levels. All physical education activity courses are graded on the basis of "A," "Pass," or "Fail" and are taught on a co-educational basis. PHED100 is required for graduation and is offered every semester. It should be taken during the freshman year, but may be taken either fall or spring semester.

WAITLIST FORM

PLEASE READ THE PROCEDURE REGARDING WAITLISTING CLASSES.

1. You may waitlist two courses only. Be sure to fill out the waitlist form completely or it will not be processed.
 - **Waitlisting does not guarantee that you will get into the course.**
 - You are advised to register for an alternative course.
 - If the course you are waitlisting has an associated lab, please include that lab section on the waitlist form. Associated lab sections do not count as your second waitlisted course.
2. The Registrar's Office will be monitoring the waitlists and moving students into spaces that open up until the week prior to the beginning of the term. Call 253.535.7113 or e-mail registrar@plu.edu if you have questions or concerns about your waitlist transactions.
 - If you are moved from the waitlist into a course, you will be notified by PLU e-mail. You may check your new schedule on Banner web. If you don't have a PLU e-mail address you will be notified by letter and a copy of your new schedule will be included.
 - Your campus or local address will be used through the last day of classes for the current term. Your permanent or 'Address Between Terms' will be used after the last day of classes for the current term.
 - Moving you off the waitlist and into a course may be complicated because of conflicts with another course, or the waitlisted course may put you over maximum hours for the term. Indicate on the form what class should be dropped if necessary.
 - You will not be registered for courses for which you lack the prerequisite or required concurrent registration.
3. After the Registrar's Office has stopped moving students off the waitlists, it is your responsibility to attend the first day of the waitlisted course to insure the instructor knows you want to be enrolled in the course.
4. You must obtain the instructor's signature on an add/drop form and return it to the Student Services Center for processing. This is necessary only after the Registrar's Office has stopped moving students into courses (the week prior to the beginning of the term). The drop/add form must be completely filled out or it will not be processed.
 - **Waitlisting cannot be done via Banner web.**
 - Faculty reserve the right to deny admission after the first week when initial sessions are irreplaceable.
