## **Administrative / Staff Council Update**

[ [Table of Contents](#) ]

\*Don't forget the brown bag lunch on March 15. See Worth Noting.

\*During this time of change, the Administrative Staff Council would like to offer support to those affected by the re-organization underway in the Business Office, Financial Aid, Student Accounts and Registrar's Office.

\*Jan Rutledge (Director of Budget/Fiscal Affairs) was the guest speaker at the Feb. 8 Council meeting. She discussed the equipment acquisition procedure at PLU, noting the process is in transition and the new executive director of Information Services will be involved.

1. There are two pools of money for acquisitions: one for capital projects, the other for equipment projects over \$1,000.

2. Requests are submitted to division heads, prioritized by department chairs or unit heads and submitted to the equipment committee.

Last year, requests totaled \$1.2 million; \$400,000 was available. Allocated funds: 75% for instructional purposes (faculty, classrooms and labs) and 25% for administrative purposes.

Criteria for approval include:

1. Can item be fixed rather than new purchase made?

2. Are student services enhanced by purchase?

3. Does purchase enable employees to complete a job and reduce cost?

The Computer Center determines the reallocation of hardware when a new purchase frees up an existing piece of equipment.
