## COOPERATION

During the recent meeting of inter-synical church leaders, it was encouraging to note the fine spirit of cooperation which animated these men. It is evident that they are behind the school. One can be reasonably certain that they will do all in their power to bring about a feeling of cooperation among their people, if it is at all lacking. However, there are many reasons for believing that the people of the various synods are already greatly interested in the school. One of these is the wonderful support that they gave the College choir on its recent tour of Oregon and Washington. Another is the very favorable action taken at the conventions of the western districts of the American Lutheran Church and the Augustana Synod. One has now only to await the outcome of the annual conventions of these two church bodies to know to what extent the people of these synods are willing to cooperate in the maintenance of Pacific Lutheran College.

## SCHOOL YEAR WILL SOON BE A MEMORY

Another school year is nearing its close. Another class will soon go out from these halls into various fields. Some may go to other institutions of learning. Some will begin their life work. Some perhaps, will never again see these buildings. We hope that wherever they go and whatever their tasks may be, they will continue to do as fine work as they have done during the past years. We also hope that they will always remember P L C and carry with them that fine spirit for which our school is known.

## STUDENTS CAN HELP

Since it is now the end of the school year, it would be well for us all to call to mind the suggestions Dr. Aagaard gave us for assisting our College. It is true that students can do very little as far as finances are concerned. However, at the present time, one of the most important things for the maintenance and development of the school is a steadily increasing enrollment. Here we students can do a great deal. If each one would bring back next fall one new student, the enrollment of the College would be materially increased and its influence extended. It would be especially desirable that every graduate should make it his aim to send one new student to take his place. When people see that the College is increasing in size in spite of the hard times, they will realize that it is worthy of their support.

## CONGRATULATIONS TO THE PLACEMENT COMMITTEE

We feel that something should be said about the truly commendable work that has been done in securing positions for the normal graduates. Through the efforts of the placement service committee, ten graduates have already secured positions. This amounts to more than twenty per cent of this year's output. In comparison with the placement of previous years this percentage may seem small. But in comparison with the percentage of placements of other similar institutions for this year, it is very large. The fact that many schools are letting out teachers to cut down expenses has naturally rendered the work of the placement committee doubly difficult. Success in the face of such odds is highly commendable.

## Chapel Gleanings

By Agnes B

Christianity involves mystery. There is a mystery in Epiphany. The wisdom of God in the Christian religion is hidden from the wise men of this world.

We should encourage charity. There is a difference between the Christian people and the people of the world. To be able to live this Christian life we receive strength from God, the Father, and through His Son, Jesus Christ, and the Holy Spirit.

There is only one true religion, and that is the Christian religion, which is revealed to mankind.

## Le Cercle Français Has Picnic Lunch

The Fellowship of Youth was chosen as a site for the French Club picnic on Thursday, May 12. According to Mrs. Soudy, who said, "It was a fine picnic to enjoy, note the spirit—everyone had a good time. Plans for the picnic and the entertainment were made by Shirley Hecht, the vice-president of Le Cercle Français.

A typically French lunch was served, consisting of French salad, hot and cold pastry, frappe, and J. Mr. H. Torkelson, a member of the club, prepared the table with a variety of expensive dishes from France. In the fourth course, all call it goose liver, but with truffles.

After lunch the students played games. Hu. Jun or at John Fletcher College, Unweilthy Park, Iowa, are suspected of sinister movements indicating that they have been dipping up the campus beauty spots in an effort to uncover the "untouched cake" buried by the senior class last fall.

## Committee of Six Asks Cooperation

The Intersynodical Committee of six members, representing the Norwegian Lutheran Church of America, the American Lutheran Church, and the Augustana Synod, has suggested plans for a cooperative program of ownership and control of Pacific Lutheran College. The western districts of these three synods have acted upon the proposals.

The Intersynodical Committee has recommended that the College be owned jointly, through the Pacific Lutheran College Association, composed of lay delegates and clergymen of the annual conventions of the Pacific District of the Norwegian Lutheran Church of America, the Northwestern District of the American Lutheran Church, and the Columbia Conference of the Augustana Synod. Further recommendations are: control by a board of nine members, three from each church body concerned, the distribution of operating expenses among the three synods, and future capital investment in accordance with the Preus-Eivestrom plan.

The Northwestern District of the American Lutheran Church at its convention in Fairfield, Washington, recommended that the question of ownership be referred to the church at large. It recommended like action on the Preus-Eivestrom plan. In its petition to the American Lutheran Church, the District requested that \$10,000 be contributed toward operation and maintenance of the school.

The Columbia Conference of the Augustana Synod at its convention in Spokane resolved to cooperate in the ownership, control, and support of the school, provided the Augustana Synod approve the Preus-Eivestrom plan. The conference made certain other provisions concerning the adoption of the cooperation project. It pledged itself to contribute a sum of \$3,500 to the College and petitioned the Augustana Synod to contribute a like amount.

Professor Victor A. Eivestrom, Rev. J. P. Pfeuffer, Mr. Paul A. Preus, and Dr. O. A. Tingstad represented Pacific Lutheran College at the convention of the Northwest District of the American Lutheran Church, and Dr. Tingstad and Mr. Preus represented the College also at the Columbia Conference of the Augustana Synod.

## Sport Slants

By Jensen

The following is a summary of spring sports at the College: The golf team closed a shut-out season by winning their last match. They have won two matches each from Aberdeen and Centralia Junior Colleges.

The team was made up of John Brottem, Ray Hinderlie, John Stuen, Palmer Odegaard, Paul Preus, and Norman Westling.

Great things are expected of the golf team next year. With the exception of Westling, who is an undergraduate, the team is composed entirely of High School students. Faster competition is expected for next year although no definite plans have been made. All of the members will be back.

The tennis team has had a successful season although they lost two of their matches. At this writing they are playing Aberdeen here. The team won here from St. Martin's, lost there, and lost to Aberdeen there.

The team is composed of Clifford Krogh, Bill Whalen, Bob Levinson, Eric Hauke, John Fadness, and Norman Hokenstad. Whalen, Fadness, and Hokenstad are expected back next year.

The dormitory was triumphant in the intra-mural baseball competition. The day students and the shack were tied for second place but were forced to give up the playoff on account of rain.

Keen competition has been evidenced in all of the games and every one who has played in them has had his share of fun. The games were participated in by all of the boys in school as part of the Physical Education classes.

### Club Girls Go to Lake Spanaway for Last Hike

The last hike of the year was held on May 18, when a group of girls hiked to Spanaway Lake. Alice Alvness, Louise Miller, and Hulda Simonson planned the hike.

At a meeting on Tuesday, May 24, Dickie Leiland was elected to head the club next year.

### STUDENTS ON PARADE

Summer Days  
Vacation Days  
Days of joy and days of pleasure  
Students on parade.  
Everyone observing them.  
Comments on their character and their life.

Judging our schools by their products  
Regulating their support accordingly  
Students on parade before the home folks!

What shall your message be?  
No, a reflection on Pacific Lutheran College, surely.

Not a silent admission of a school's lack of Christian influence.

Rather, every student a living evidence of the Christian character and power of our schools; of the fact that Pacific Lutheran College has furthered the proper development of your character; that it has fitted you for service in church and community, and made willing to give the best there is in you of influence and service.

Students on parade!  
Remember the eyes of the home folks are focused on you.  
Your school depends on you, to be a constant credit to its high Christian standards.  
—J. C. K. Preus
