## The College

### LOCATION

Pacific Lutheran College, the only senior Lutheran college on the entire Pacific Coast, is situated in Parkland, Washington, a suburb of Tacoma.

The campus is about eight miles south of Tacoma City center, on Park Avenue, which is two blocks west of Pacific Avenue, the main highway from Tacoma to Mt. Rainier.

Anyone coming from the south on Highway 99 may turn to the right on State Highway 5-G, and right again at Park Avenue.

All those arriving in Tacoma by train or bus may take a southbound Parkland or Spanaway bus on Pacific Avenue directly to the College.

### ACCREDITATION

Pacific Lutheran College is fully accredited by the Northwest Association of Secondary and Higher Schools as a four-year liberal arts college.

It is accredited by the State Board of Education as a Teacher Training institution offering a four-year curriculum for the preparation of elementary teachers in grades 1 to 8 inclusive, in kindergarten, and in the ninth grade if that grade is part of an accredited junior high school. Pacific Lutheran College recommends its graduates to the State Superintendent of Public Instruction for certification.

The College is also a member of the Association of American Colleges, the American Council of Education, and the National Lutheran Educational Conference.

### HISTORICAL SKETCH

On December 11, 1890, the Pacific Lutheran University Association was organized by members of the Synod of the Norwegian Evangelical Lutheran Church in America, and on October 14, 1894, Pacific Lutheran Academy was opened in Parkland, Washington. In 1918 the faculty and students of Pacific Lutheran Academy were transferred to Columbia College, Everett, Washington. When Columbia Lutheran College closed in 1919 the Pacific District of the Norwegian Lutheran Church of America (now the Evangelical Lutheran Church) organized the Pacific Lutheran College Association for the purpose of uniting Pacific Lutheran Academy and Columbia Lutheran College, with the result that Pacific Lutheran College opened in Parkland on October 4, 1920. The scope of the institution which had been conducted essentially as a secondary school was enlarged in 1921 to include a junior college division. In 1929 the work and records of Spokane College were transferred to Pacific Lutheran College. In 1931 Pacific Lutheran College established its three-year Normal Department which in 1939 was reorganized into a four-year College of Education. This action was followed by the establishment of the four-year College of Liberal Arts in 1941. On May 28, 1944, the High School Division was discontinued.

### AIM

Pacific Lutheran College seeks to discover, foster and implement the traditional objectives and techniques of the liberal arts college and to develop a Christian philosophy that will actualize its motto "Build for Character." These objectives may be amplified under the following headings:

**INTELLECTUAL** — Development of intellectual curiosity and love of knowledge; of appreciation for the outstanding contributions of men of all ages; of an understanding of the problems of today and the progress being made in their solution; of a mastery of the tools of thought, accurate observation, logical analysis and effective language; of initiative, of the ability to judge critically, to think independently and to be open minded.

**SOCIAL** — Development of courteous, cooperative, faithful, loyal, industrious individuals who are: alert to social justice and equal opportunity; devoted to promoting the righteousness which exalts a nation; eager to share with others the responsibilities and privileges of democratic living in labor, industry, the family, the community, the nation and the world.

**PHYSICAL** — Development of health, muscular control, poise, a pleasant voice and neat appearance; of high standards of personal and public hygienic living, and an understanding of recreational values and a worthy use of leisure time.

**CULTURAL** — Aesthetic development involving an appreciation of the fine arts, an acquaintance with our cultural heritage, the ability to express creatively individual talents and to participate in cultural activities.

**RELIGIOUS** — A positive Christian faith based upon knowledge of the fundamental teachings of the Bible and personal religious experience; familiarity with the life of Christ and the growth and work of the Christian church; recognition of the importance of personal devotion, public worship, membership in a Christian congregation, and participation in missionary enterprises; development of sound moral character, distinctive Christian personality, courageous leadership, concern for the welfare of fellowmen and a desire to love one's neighbor as oneself; development of a Christian philosophy which unifies the purposes of life and gives an ethical insight deepening with the progress of industrialization.

**PROFESSIONAL** — A liberal education for intelligent citizenship; training for elementary school teachers and administrators; pre-professional training for theology, medicine, law, nursing, religious and social work; business training for office help, administration, and understanding of basic economic and industrial relationship; music training for the development of special abilities.

**GENERAL** — Service to home, church and state.

### OWNERSHIP, GOVERNMENT, AND SUPPORT

The Pacific Lutheran College Association, organized in 1920, owns Pacific Lutheran College. Its membership coincides with the membership of the Pacific District of the Evangelical Lutheran Church. The Board of Trustees, with representatives from the Evangelical Lutheran Church, the American Lutheran Church, the Augustana Synod, and the College Alumni Association, is responsible for the maintenance of the College. The Board elects the president of the College as well as the faculty and administrative staff. The president is the executive agent of the Board.

Pacific Lutheran College receives annual appropriations from the Evangelical Lutheran Church, the American Lutheran Church, and the Lutheran Evangelical Augustana Synod of America. The Pacific District of the Evangelical Lutheran Church, which owns the College, supports it through the voluntary gifts from its congregations. Pacific Lutheran College also enjoys the support of the Pacific Lutheran College Alumni Association as well as the Pacific Lutheran College Dormitory Auxiliaries which work primarily to interest friends in the cause of building a new girls' dormitory and to make life in the present dormitories more pleasant for the girls.

The Pacific Lutheran College Development Association is the College's "Living Endowment", an organization of individuals and groups which voluntarily contribute "at least a dollar, at least once a year".

The College Endowment Fund, the investment of which is in the hands of a committee appointed by and responsible to the Board of Trustees, is also a supplementary source of support.

### THE EDUCATIONAL PLANT AND CAMPUS

The College occupies a campus of approximately 125 acres in the center of the Parkland area. The main campus, facing Park Avenue and Garfield Street, includes the principal College buildings. On the lower campus to the south are located the Gymnasium, Veterans' Housing, and the Athletic Field with its baseball diamond, football practice field, running track, tennis courts and nine-hole golf course. The surrounding area is noted for the beauty of its evergreen forests and the grandeur of its mountain scenery.

THE MAIN BUILDING, a six-story brick structure, 90x78 feet, houses the administration offices, six classrooms, a reception room, kitchen and dining room, dormitory for women, the heating plant, and a fireproof vault. There are concrete, fireproof stairways at both ends of the building which insure adequate fire escapes. An elevator which serves the girls' dormitory is located in the center of the building.

THE LIBRARY is a fire-resistant classroom-library building, erected in 1939 and completed in 1948. The reading rooms on the main floor will seat 180 students. The stacks, with a capacity of 75,000 volumes, are furnished with study tables accessible to seniors who are doing research work. Classrooms and professorial offices are on the first floor of the building. The collection comprises 35,000 accessioned volumes, 27,000 of which are catalogued, and a large number of unbound periodicals and

pamphlets. The library receives approximately 260 magazines and newspapers. Since the library is a member of the Pacific Northwest Bibliographic Center, the resources of other libraries in the region are also available through interlibrary loan.

THE SCIENCE HALL, a three-story brick building, completed in the fall of 1947, accommodates the departments of biology, chemistry, and physics. In this building are a large lecture room, three classrooms, and eight well-equipped laboratories, as well as stockrooms and offices for the staff members.

THE MEMORIAL GYMNASIUM was completed in the summer of 1947. The building, which has a seating capacity of 2,300, provides classroom space as well as facilities for physical education classes and major sports.

THE STUDENT UNION BUILDING, the center of the campus social life, was completed in the fall of 1947. On the first floor are located the coffee shop, the bookstore, student offices, and the recreation room. The main lounge is located on the second floor. A fully-equipped stage makes it possible to use the lounge for College dramatic productions as well as informal mixers and programs. The day girls have a lounge on the balcony, where they may spend their free time between classes. The equipment in this room includes a small built-in kitchen.

THE CHAPEL, a two-story frame building, is now used as a classroom and music hall.

THE ART, CLASSROOM, AND MUSIC BUILDINGS, located north of the Library, comprise three wooden structures provided by the government.

THE PRESIDENT'S RESIDENCE, a lovely brick home, was built in 1930 and is located north of the Chapel.

MEN'S DORMITORIES AND APARTMENTS, which include nine government units, provide housing for one hundred single and eighteen married men.

THE WAREHOUSE AND SHOPS are housed in three additional government units.

## General Information

### GENERAL REGULATIONS

Only such rules have been adopted as have been found necessary for the promotion of the highest interests of the students. On admitting students, the College does so with the express understanding that they will cheerfully comply with its rules and regulations in every respect and conduct themselves as Christian ladies and gentlemen.

Every student is required to be present at the daily chapel exercises of the school and, on Sunday, is expected to attend divine services in the church with which he or his parents are affiliated.

The College maintains the right to exercise supervision over the work and conduct of day students outside of school hours.

Students are expected to employ their time to the best advantage and to avoid everything which has a tendency to interfere with legitimate school work. Dancing, gambling, visiting gambling houses or other places of questionable nature, and the use of intoxicating liquors are strictly forbidden.

### HEALTH

Every student must take a physical examination upon entrance to the College. This examination enables the health authorities at the College to assist more ably any student who requires special care. A free X-ray for tuberculosis is given annually to each student. Students are required to take the physical examination annually. The College reserves the right to have students take special examinations or tests if it is deemed necessary by health authorities.

Care of students, in case of illness, is under the supervision of the nurse, to whom all cases of illness must be reported at once. Day students must pay \$1.50 per day for board while confined to the infirmary. The College supplies the services of physicians and a nurse for ordinary illness. The school does not provide for free hospitalization, examination or treatment by specialists, any extensive or prolonged treatment, surgical operations, or any other X-ray service besides that for the tuberculosis test. However, the school will help the student make arrangement for such treatments.

### HOUSING

All students, except those living with parents, are required to have their housing approved by the College. As far as possible, students are accommodated in the College dormitories and housing units. Others may find rooms in private homes in the surrounding area. The College will assist students to find suitable living quarters but cannot guarantee rooms for all. Housing facilities off the campus are arranged for by the Dean of Women and the Dean of Men, and such housing should be obtained through them. Housing privately arranged for by the student must be approved by the Dean of Women or the Dean of Men at the time of registration.

Rooms should be reserved in advance. A deposit of \$10, which is applied to the student's account at the time of registration, is required at the time the reservation is made. This deposit is returnable only if withdrawal is made before August 10. Applications for housing are filed in the order of the date of application. After a student has been accepted for admission to the College, he should make application for housing to the Dean of Women or the Dean of Men. This application should be made as early as possible to give the College an opportunity to arrange for housing when that is necessary.

The College dormitories will be ready for occupancy on Sunday, September 11, 1949.

Housing assignments do not automatically continue from year to year. The College reserves the right to change a student's location when it is necessary. Old students who plan to re-enroll in any fall term are requested to apply for housing in the previous May. This applies to students both on and off the campus.

Young men and women living off the campus may not room at the same house.

### DORMITORIES

The College maintains three dormitories for students. All students registering for rooms in any of the College dormitories are required to continue in the same throughout the semester. The College reserves the right to place a penalty against the room rent charged in case a student withdraws during the semester without permission of the College authorities.

The dormitory rooms are furnished with dressers, tables, chairs, single beds, and mattresses. Students provide their own pillows, blankets, sheets, pillow cases, towels, rugs and curtains, and other furnishings according to their own taste. No electrical appliances except radios, clocks, and reading lamps may be used in the individual rooms.

Occupants are held responsible for breakage or damage to the room or its furnishings. The rooms are subject to inspection by the Dean of Women and the Dean of Men. A final inspection of each room must be made before a student may leave at the end of the spring semester or at any time that he withdraws from college. If a student leaves without having this inspection, he will not be eligible for campus housing during the next school year. Specific days for such inspection will be scheduled for the last week of school.

**GIRLS' DORMITORY.** Four floors in the Old Main building have been set aside for women students. About 160 women may be housed in the dormitory. Most of the rooms accommodate two students; however, the College reserves the right to place three students in the larger rooms. The dormitory has an attractive lounge for the girls, a fudge kitchen, and a laundry equipped with automatic washers and a dryer. The dormitory is supervised by the Assistant Dean of Women.

**MEN'S DORMITORIES.** The College provides housing for about 100 men in two men's dormitories and eight apartments. Two men live in each dormitory room and six men in each apartment. All men's housing is under the supervision of the Dean of Men.

#### THE BOARDING CLUB

Students who room in the dormitories owned and operated by the College are required to board at the boarding club. Students rooming off the campus may board at the boarding club if they wish.

#### HOUSING FOR MARRIED STUDENTS

At the present time the College maintains 18 apartments on the campus for married students. Other apartments are available in Parkland and Tacoma. The College is constantly on the alert for off-campus housing to supplement its own facilities. Applications should be sent to the Dean of Men early in the spring or summer before fall registration. The College cannot guarantee housing for its married students; however, every effort will be made to have sufficient housing available.

Off-campus housing for veterans is available at the Salishan Housing Project in Tacoma. This is a Federal Housing Project, and the cost is reasonable. Applications should be addressed to the Tacoma Housing Authority, Tacoma, Washington, together with an attached statement from the College that the applicant is a student of the College.

#### BOOK STORE

The College maintains a book store for the convenience of the students, where books, stationery, and school supplies may be obtained. The book store is operated on a strictly cash basis.

#### SCHOLARSHIPS AND STUDENT LOAN FUNDS

During its entire history, Pacific Lutheran College has aimed to grant scholarships and aid to worthy students. On January 6, 1947, the Executive Committee of the Board of Trustees extended and enlarged the scholarships to include the following provisions:

Fifty scholarships at \$50 each are to be offered to fifty students, the same to be granted during the second semester in attendance in any school year, providing that the grant is to be based on need, scholarship, and character, the same to be administered by the College Committee on Admissions in consultation with the Administration.

Ten scholarships at \$100 each are to be offered to ten exceptional students.

Pastors and children of pastors are to be given scholarships in the amount of \$100 for each school year, provided the same shall be granted only during the second semester in attendance, and provided further that such children of pastors are given the main support of their college expenses by their parents.

Children of faculty and staff members, and of full time employees at

the College are granted special scholarships, the amount to be announced at the time of registration.

Scholarships in the amount of \$25 per semester shall be given to each of two or more students from the same family attending school at the same time, provided that the main support is given by their parents.

The American Lutheran Church Student Loan Foundation provides opportunity for College and Seminary students of good Christian character and ability, who need financial help, to complete their education.

The Olaf Halvorson Scholarship is awarded to encourage the study of Norwegian culture and will be offered as an inducement to worthy students in the department of Norwegian.

The Lily C. Ekern Fund is used as an aid to outstanding students needing financial assistance.

The Pacific Lutheran College Student Loan Fund enables the College Administration to help students who are in need of financial assistance.

The Board of Trustees has authorized that the number of scholarships may be increased or decreased from year to year at the discretion of the Administration.

Any one of these scholarships may be granted only to such students as receive no other kind of scholarships for the same period of time from any source whatsoever. It is further provided that all school expenses must be paid on time if scholarships are to be granted. It is further provided that said scholarships are to be accepted within a reasonable time after being offered by the College. Applications for any or all scholarships shall be filed with the Dean of the College on official blanks to be furnished by the College.

### STUDENT EMPLOYMENT

The College aims to assist worthy and needy students by helping them to find work either at the College or in Tacoma or Parkland. Applications for work should be made to either the Dean of Men or Dean of Women after the student has been accepted for admission. Students who will need work should apply early in the summer because the number of jobs available is limited.

### COLLEGE ACTIVITIES

VIKING CLUB is an organization promoting interest in the study of Scandinavian languages, music and culture, and by its frequent social functions seeks to foster understanding and good fellowship among its members. Advisers, Mr. Stuen, Mr. E. A. Larson.

#### Musical

THE CHOIR OF THE WEST, founded in 1926 by Mr. Joseph O. Edwards, was one of the first a cappella choirs in the West. The fifty young singers devote themselves to an intensive study of some of the greatest sacred choral music from the 15th and 16th centuries to the present. An extensive tour is made by the choir each year. Director, Mr. Malmin. Manager, Mr. Nesvig.

THE PACIFIC LUTHERAN COLLEGE CHORUS is an a cappella choir of about sixty voices. It provides excellent training in choral singing and makes concert and radio appearances. Director, Mr. Malmin.

THE ORCHESTRA is an organization open to any student having adequate knowledge of an orchestral instrument. Besides giving students practical experience in playing the works of well-known composers, the orchestra appears in concert several times during the school year. Director, Mr. Moen.

THE COLLEGE BAND is an all-college organization which performs at various functions. Capable students are given the opportunity to appear as soloists with the band. The Pep Band plays for basketball and football games. Director, Mr. Moen.

#### Religious

CAMPUS DEVOTIONS is a voluntary group of students which meets every Thursday noon for prayer and promotion of personal Christianity. Adviser, Miss Skavang.

FIRESIDE HOUR is an informal Sunday evening devotional group. Adviser, Mr. Nodtvedt.

L.S.A. COUNCIL is a group of students made up of representatives of the religious organizations who work as the coordinating body with the Lutheran Student Association. Adviser, Miss Knudson.

LUTHERAN DAUGHTERS OF THE REFORMATION is an organization of young women especially interested in promoting the work of the Lutheran Church. It holds monthly meetings throughout the year. Adviser, Miss Knudson.

MISSION SOCIETY is a voluntary organization of young men and women who meet every two weeks for mission study. Scripture reading, and prayer. Advisers, Mr. Pflueger, Mr. Roe.

#### College Publications

THE MOORING MAST is a weekly paper published by the students. Advisers, Mr. Nesvig, Mr. Irwin.

THE SAGA is the College annual published by the students. The editor-in-chief and the business manager are elected by the Associated Students. Advisers, Mr. Nesvig, Miss Knudson, Mr. Stuen.

#### PLACEMENT SERVICE

A fee of \$5 is charged to cover the cost of records and correspondence necessary for placement of graduates receiving the degree of Bachelor of Arts in Education. An effort is made to place all graduates, but positions are not guaranteed. After the first position has been secured a charge of one dollar will be made for each additional issue of credentials.

#### SUMMER SESSION

The Summer Session is an integral part of the program of Pacific Lutheran College. It is divided into two terms of five weeks each.

The instructional staff includes members of the regular faculty of Pacific Lutheran College. Visiting teachers will supplement the regular staff. All laboratory, library, and regular facilities are available. The standards prevailing during the summer session are the same as those maintained during the regular school year.

The courses for the summer session are planned to meet the needs of students who are enrolling in college for the first time, those who are attending the summer session in order to accelerate their college program, and teachers who are working for a degree or for certification requirements. The courses are arranged so that students may take classes which meet for the first five-week term, the second five-week term, or classes which meet for the full ten-week summer session. Ten semester hours is considered a normal load for the ten-week summer session.

#### EVENING CLASSES

Pacific Lutheran College offers evening classes during the regular school year which are open to the public and are planned to be of interest to adults in the community. The facilities of the College are thus made available to people in the area who wish to continue their academic training for a definite purpose or for pleasure. Special courses are given in the field of education to provide a means whereby local teachers can get college work during the school year which will apply on their work for a degree as well as meet certification requirements.

## Financial Information

It is the policy of the College to maintain the highest educational standards with a minimum of cost to its student body. The support of the three cooperating Lutheran Synods and friends who contribute toward the operation of the school enables the College to charge a lower tuition rate than would otherwise be possible.

#### DEPOSITORY FOR STUDENTS

Students desiring to leave cash in the Business Office may do so. This cash may be drawn out at the request of the student.

#### INSURANCE

The College carries no insurance covering the personal effects of the students or the faculty members. The College cannot be held accountable for any losses.

#### A COMPLETED REGISTRATION

Registration is not completed until all financial obligations have been met in the business office and class cards have been signed by the Registrar.

No student may register for a current semester until all bills have been properly settled for preceding semesters. The accounts for the final semester of the graduates, including diploma and graduation fees, must be settled in full by May 1 of the year of graduation.

#### COLLEGE RESERVATIONS

The College reserves the right to change its charges at any time without previous notice. However, after the beginning of any given semester no change will be made to be effective within the semester, except as otherwise provided and announced.

## Academic Information

### ADMISSIONS

In accordance with its general purpose, Pacific Lutheran College will admit as students men and women of good moral character and health who are qualified by previous training and show promise of being able to benefit from the courses they intend to pursue.

The approval of an application is based upon a thorough study of the various factors significant as criteria for success in college. No arbitrary entrance requirements are set up, but instead each applicant will be considered individually. Applicants will be notified of acceptance or rejection.

### ADMISSION PROCEDURES

Persons seeking admission to Pacific Lutheran College should address their letters of inquiry to the Registrar. In order to be considered for admission, prospective students must submit the following credentials:

1. A formal application for admission, made on the uniform application blank used by the institutions of higher learning in the State of Washington. These forms may be procured from high school principals or upon request from the Registrar. Applications for admission should be made as soon as possible after graduation in order to allow time for the College to determine whether the student qualifies.

A student may submit an application after the completion of seven semesters of high school work. In such cases the College will supply the high school principal with a form on which he will certify graduation and completion of the courses listed on the original application.

An applicant transferring from another institution of collegiate rank must have that institution forward an official transcript, including a statement of honorable dismissal.

2. Two letters of recommendation from individuals personally acquainted with the applicant, preferably from a pastor, teacher or employer. Recommendation forms may be obtained from the College. Such recommendations should be mailed directly to the Committee on Admissions. If possible, a personal interview with representatives of the College should be arranged.

### ADMISSION TO FRESHMAN STANDING

Admission to Freshman standing may be granted in one of the following ways: (1) fifteen units earned in a four-year high school or equivalent; (2) twelve units earned in a senior high school (plus regular ninth grade units); (3) entrance examination administered by College officials; (4) satisfactory scores in the High School level General Educational Development Tests of the United States Armed Forces Institute.

It is recommended but not required that the high school course of the applicant include: English, 3 units; Elementary Algebra, 1 unit; Plane Geometry, 1 unit; history and civics, 2 units; one foreign language, 2 units; one laboratory science, 1 unit; electives, 6 units.

#### ADMISSION TO ADVANCED STANDING

Students who transfer from accredited institutions of collegiate rank may be admitted to advanced standing by submitting complete official transcripts of high school and college records, including statements of honorable dismissal.

- a. Credit will be granted for subjects which articulate with the course chosen by the student and for which the student has made grades of not less than C.
- b. Credit for subjects in which the student has a grade of D will be withheld until the student has demonstrated his educational ability.
- c. In order to be a candidate for a degree, the last full year of work must be taken in residence. A minimum of 30 semester credits must be earned during the senior year.

#### ADMISSION AS SPECIAL STUDENT

The following persons, upon securing the consent of the Dean, may be admitted as special students:

1. Mature individuals who are not eligible for admission as regular students but who have supplemented their incomplete preparation by practical training and experience and who are judged competent to benefit from the courses they desire to take.
2. Teachers who wish to take foundation courses as background for subjects they teach or who wish to meet requirements for professional certification.
3. Graduates of accredited high schools who desire to register for a limited number of courses.
4. Applicants who are graduates of unaccredited high schools.

Special students are not admitted as candidates for degrees. However, if their scholastic record reveals evidence of ability, they may become regular students by fulfilling the admission requirements of the College.

#### AUDITORS

A regular or special student may audit a course provided he secures the approval of the dean and the instructor of the course. An auditor attends classes but may not participate or receive credit. No person may audit a course without being properly registered. This involves the payment of a special fee.

#### VETERANS

Servicemen wishing to study at Pacific Lutheran College may obtain information respecting admission requirements, credit for military experience, educational opportunities under the "G. I. Bill of Rights," application forms, etc., from the Registrar. Free tuition up to and including six hours is given to wives of veterans who are in actual attendance and carrying twelve or more credit hours.

### REGISTRATION

The registration of students is conducted on the days scheduled in the school calendar. All freshmen must be present at the College by 9:00 a.m. Monday, September 12, to take part in the orientation, testing and registration program which will be conducted Monday through Thursday. Sophomores and upperclassmen will complete their registration on Tuesday and Wednesday, September 13 and 14. Registration prior to this date may be completed by special appointment.

Students who do not register on the days designated will be charged a late registration fee.

Students entering for the first time or transferring from another college may not complete registration until official transcripts and statements of honorable dismissal have been received.

Registration is not regarded as complete until satisfactory arrangements have been made with the Business Office and the program of studies has been approved by the Dean and checked in the Registrar's office.

On registration day, students should procure the registration cards from the Registrar's office and, in consultation with an adviser, choose a program, bearing in mind the following:

1. The normal program for a fulltime student is 16 hours, exclusive of Physical Education activity.
2. Students will be placed on probation who fail to maintain the grade point average listed as follows: Freshmen, 1.75; Sophomores, 1.90; Upper classmen, 2.00.
3. Only students with a B average or better may register for more than 17 hours without the special consent of the Dean.
4. A student engaged in a considerable amount of outside work for self-support may be restricted to a reduced program.
5. A student who fails in eight credits of his courses shall not be permitted to re-register. Students dropped for low scholarship are eligible for re-admission after expiration of one semester unless otherwise indicated.
6. All changes in registration must have the special approval of the Dean.

### COUNSELING PROGRAM

The counseling program at Pacific Lutheran College is under the supervision of the Dean of the College. The Dean of Women serves as counselor to women students and the Dean of Men to men students.

ADVISERS. Recognizing that faculty members and fellow students are important factors in establishing student morale and guiding student thinking, Pacific Lutheran College has developed its guidance program so that each entering student has a faculty adviser and a student guide. The faculty adviser is concerned particularly with the academic problems of the student. Each student guide is concerned with the orientation of the freshman student to college life.

**FRESHMAN DAYS.** The student counseling program begins with the Freshman Days which are held in September before the first semester classes begin. Faculty and upperclass students assist in a program of testing and orienting freshmen to college life.

**COLLEGE TESTING SERVICE.** This program, under the direction of Mr. Eklund, is designed to meet individual needs concerned with personality development, educational and vocational planning. The counseling is based on test results and other pertinent data gathered to solve individual problems. The following are typical problems: ability; aptitudes, and interests; personality; choice of vocation; reading habits; and scholarship.

Students are encouraged to bring their difficulties to the attention of the advisers and counselors as early in their college careers as possible. In this way it is hoped that unnecessary failure and discouragement can be eliminated.

**VETERANS' ADVISER.** Veterans under Public Law 346 may make application for training to Mr. L. O. Eklund, Dean of Men, who represents the Veterans' Administration. All problems, related papers, and documents should be cleared through his office to obtain the best possible service. To make original application at the College, new veteran students should come prepared with documentary proof of military service or bring a certificate of eligibility obtained previously from the Veterans' Administration. Married veterans must submit legal proof of marriage and furnish county or state-authorized birth certificates of children. Delay in furnishing evidence of status means delay in receiving subsistence.

### ATTENDANCE

Regular class attendance is required. Excuses for absences must be approved by the Dean of Men or Dean of Women concerned and filed with the instructor within one week after the absence has occurred. An excused absence gives the student permission to make up the work missed.

Unexcused absences (cuts) are not permitted. Unexcused absences equal to the number of credits given in the course may result in the suspension of the student from the class.

### MARKING SYSTEM AND GRADE POINTS

Grades are reported as "A"—superior; "B"—good; "C"—average; "D"—low; "E"—failure; "K"—conditioned, to be changed to "D" when condition is removed; "INC."—incomplete, work of passing grade but for adequate reason not quite complete; "W"—withdrawal, by permission, while doing passing work; "P"—passed, without defining grade.

Conditions and incompletes must be removed within the first six weeks of the following semester of residence.

Grade points are granted as follows: A, four grade points for each credit hour; B, three grade points for each credit hour; C, two grade points for each credit hour; D, one grade point for each credit hour; E, no grade point.

Grade points for students who were enrolled before the fall of 1947 are granted on the basis of C weighted as one grade point per credit hour.

### CLASSIFICATION OF STUDENTS

Students are classified as follows:

Freshmen: Students who have met the entrance requirements.

Sophomores: Students who have completed 24 semester credit hours and have earned 48 grade points.

Juniors: Regular students who have fulfilled lower division requirements and have completed 56 semester credit hours and have earned 112 grade points.

Seniors: Regular students who have completed 88 semester credit hours and have earned 176 grade points.

### GRADUATION HONORS

Degrees with honors of Cum Laude, Magna Cum Laude and Summa Cum Laude are granted to students receiving the required grade point average. To be eligible for these honors a student must have earned an average of 3.30 for Cum Laude, 3.60 for Magna Cum Laude and 3.90 for Summa Cum Laude.

### ELIGIBILITY

In order to be eligible to hold office in student organizations, to represent the College in intercollegiate contests of any character, to participate in dramatic or musical performances, to be elected to the staff of either the Saga or the Mooring Mast, a student must be registered for at least twelve hours. The scholastic standard of his work must be satisfactory and his conduct commendable at the time of participation.

Participation in intercollegiate athletics is governed by the code of the Evergreen Intercollegiate Conference.

### WITHDRAWALS

1. A student who wishes to withdraw from the College or from a specific course must secure the approval of the Dean.
2. To be entitled to honorable dismissal a student must have a satisfactory record of conduct and must have satisfied all financial obligations.
3. Official withdrawals from courses during the semester will be indicated on the student's record as follows:
  - a. Withdrawal during the first six weeks: "W".
  - b. Withdrawal after the first six weeks:
    1. If the student's work in the course is satisfactory "W" or "Inc." if recommended by the teacher.
    2. If the student's work in the course is unsatisfactory, "E".
    3. Withdrawal during the final six weeks will be approved only upon consideration of factors beyond the control of the student.
4. Dropping a course at any time in the semester without officially withdrawing shall be indicated on the student's record as follows:
  - a. If the student's work in the course is satisfactory, "Unofficial Withdrawal."
  - b. If the student's work in the course is unsatisfactory, "E".

## Degree Requirements

Pacific Lutheran College offers courses leading to the degree of Bachelor of Arts and Bachelor of Arts in Education. A candidate for a degree must present academic credit in approved courses amounting to 128 semester hours, exclusive of required courses in physical education, and must have earned 256 grade points.

A credit hour represents one full period of prepared class work a week, or, if a laboratory subject, at least two periods per week, for not less than seventeen weeks. For a description of grade points see the paragraph on the marking system and grade points.

A candidate for a degree must meet the general requirement of one year in residence, and must have earned a minimum of thirty semester hours at Pacific Lutheran College during his senior year. A minimum of forty semester hours of upper division courses is required.

The student must accept full responsibility for meeting all graduation requirements.

### REQUIREMENTS FOR B. A. DEGREE

**A—Freshman-Sophomore Requirements:** 64 semester hours credit at the end of the sophomore year.

1. English Composition and Literature. Requirement: 9 hours.  
Freshman Composition 1, 2 (6 semester hours) is required of all freshmen. A three-semester-hour course in Literature is to be completed by the end of the sophomore year.
2. Fine Arts. Requirement: 3 hours.  
This requirement may be met by a course in Art or Music. Applied music courses will not meet this requirement.
3. Classical or Modern Languages. Requirement: 14 hours.  
All students must have a minimum of fourteen semester hours of classical or modern language in high school and college combined. Students who present two units in one classical or modern language at entrance are required to earn six additional credit hours in the same language. Students presenting four units in one language at entrance are not required to take a foreign language in college.
4. Physical Education.  
Physical Education activities must be taken during the freshman and sophomore years.
5. Religion. Requirement: 8 hours.  
Underclassmen must complete eight semester hours in Religion 1, 2, 13 and 14.
6. Science. Requirement: 8 hours.  
Before the end of the sophomore year, eight hours in one science is to be completed. This requirement may be satisfied by any one of the following year courses: Biology 55, 56 or 57, 58; Chemistry 51, 52 or 53, 54; Physics 61, 62.
7. Social Studies. Requirement: 15 hours.  
The fifteen hours required in Social Studies must be taken in the

departments of Economics and Business Administration, Geography, History, Political Science, Psychology and/or Sociology. A year course (six hours) in history is required. The remaining nine hours must include work in two of the other departments. Only courses in economic theory in the department of Economics and Business Administration will be accepted.

*B—Junior-Senior Requirements:* 64 semester hours credit to bring the total for the degree to a minimum of 128 credit hours. At the beginning of the junior year, students are required to select officially a major department which will supervise the work of the junior and senior years. Selection of the major is subject to acceptance by the chairman of the department, who will also approve the student's minors and assist in outlining a program for the remainder of the college course.

1. Philosophy. Requirement: 3 hours.

This requirement may be met by Philosophy 101 or 106.

2. Major Requirements.

The general minimum requirements, as well as the specific number of hours, for a major are determined by the department concerned. A major is a sequence of courses within one department.

a. At least twelve hours of the work for a major must be taken during the junior and senior years. Six hours of the major must be taken in the senior year.

b. The quality of work must be C or better. Any student receiving a grade of D may count the credit toward graduation but not toward the major.

3. Minor Requirements.

Two minors are required. A minor consists of twelve hours or more of work taken in a single field of study outside the major department, the program to be approved by the major adviser in accordance with the regulations of the minor departments. The scholarship requirements for majors are also applicable to minors.

### REQUIREMENTS FOR B. A. DEGREE IN EDUCATION

The degree of Bachelor of Arts in Education is conferred upon students completing the requirements for elementary and junior high school teachers as outlined by the State Board of Education. The detailed requirements for this degree are outlined under the section, Professional and Pre-Professional Information.

## Professional and Pre-Professional Information

### TEACHER TRAINING

Pacific Lutheran College offers a complete training program for prospective elementary teachers who wish to teach from the kindergarten through the junior high school. The student may choose the level he wishes within that range and may also choose the subjects he wishes to use as his fields of concentration. The curriculum in teacher training is set up primarily to meet the certification requirements of the State of Washington, which consists of a well-rounded program that makes it possible for graduates to meet the certification requirements set up by some other states.

Until the present time all colleges in Washington have been permitted to train only for one level of teaching, either elementary or secondary. Pacific Lutheran College grants the degree of Bachelor of Arts in Education which qualifies the holder for a Three-year Elementary certificate. One who holds such a certificate may teach in the public schools of this state from kindergarten through the junior high school.

During the 1949 legislative session a bill was passed permitting all *state institutions* of higher learning to train both elementary and secondary teachers. *Private institutions* must get permission to train on both levels from the State Board of Education. Pacific Lutheran College has made application for the training of secondary teachers to be effective the fall of 1949. The Summer News Bulletin will give an official statement of the action taken by the State Board of Education at its meeting in June. Those training on this level will finish a five-year program and will receive the degree of Bachelor of Education which qualifies the graduate to receive a Three-year Secondary certificate. The holder of this certificate is permitted to teach in the junior and senior high schools of this state. This program is also so well-rounded that the graduates may find they are qualified to teach in many other states.

Regular students planning to enter the field of education must be officially approved by the department not later than the beginning of the junior year.

### SCHOLARSHIP

Beginning with the freshman class of 1948, the following scholastic requirements have been set up for the students in the field of education:

1. A 2.0 grade point average at the beginning of the junior year.
2. A 2.2 grade point average at the beginning of the senior year.
3. An all-college grade point average of 2.2 or better.

\*—Students preparing to teach in junior high school may elect a year of laboratory science (zoology, chemistry or physics).

\*\*—Those wishing a major in art should take Fundamentals of Art during Freshman year. Each student must complete two minors (of not less than twelve hours each) in academic fields. It is strongly recommended that students planning to teach in junior high school complete one academic major and one minor.

### CURRICULUM REQUIREMENTS — SECONDARY A FIVE-YEAR PROGRAM

CONTEMPORARY SOCIAL PROBLEMS.....	10 hours
Courses in current history, political science, economics and sociology will satisfy this requirement.	
EDUCATION .....	22 hours
Applicant must have completed not less than two nor more than four semester hours in each of the following:	
a. Educational psychology	
b. General methods or principles of teaching.	
c. Secondary education	
d. Special methods.	
e. Additional electives to complete required hours.	
Four semester hours of student teaching and two hours of Public School System are also required.	
MAJOR .....	24 to 36 hours
Majors must consist of subjects in a specific and homogeneous field. (A major in mixed science or one in social science composed of several fields would not be acceptable.) Majors must be in distinct high school subject matter areas regularly offered in the secondary schools of Washington. (Majors in Greek, philosophy, education, etc., are not acceptable.)	
MINOR .....	12 to 18 hours
Two teaching minors are required. (The regulations set up above for a major apply also to minors.)	
ELECTIVES	Courses chosen to give a broad general background.

### ELEMENTARY PRINCIPAL'S CREDENTIALS

Applicants for Elementary Principal's Credentials may apply either under "1" or "2" as follows:

1. Two or more years of successful experience as principal of an elementary school of six or more teachers prior to September 1, 1936.

2. At least two years of successful teaching experience in the elementary school or the junior high school plus eight hours of professional courses relating to elementary administration and supervision taken subsequent to at least one year of teaching experience. Not less than four semester hours of the required number of credits must be from List A below covering at least two of the enumerated fields. The remaining credits may be from either list. Other courses within the field of elementary education may also be offered subject to evaluation. All courses presented toward satisfying the requirements for an elementary principal's credentials must have been completed within ten years prior to date of application.

#### LIST A:

Elementary Curriculum  
Elementary Administration and Supervision  
Elementary School Methods

#### LIST B:

Guidance  
Tests and Measurements  
Kindergarten  
Health and Physical Education  
Remedial Education

Application for Junior High School Principal's Credentials, Senior High School Principal's Credentials or Superintendent's Credentials may receive information regarding requirements from the Dean.

### NURSING EDUCATION

The College offers a program of study to two groups interested in the nursing profession: (a) those who desire to secure a broader general education as a foundation for nurses' training; (b) those desiring to take a combined academic study and special training in nursing leading to a Bachelor of Arts degree.

Students planning on the degree course should complete three years of college work on the campus and include the courses listed in the following paragraph. One year's credit is given for the completion of the nurses' course required for the R. N. The combined program may be completed in five calendar years.

Students planning to complete two years of college work before entering nurses' training are urged to include the following minimum requirements: Biology 61, 62 and 66; Chemistry 51, 52 or 53, 54; English 1, 2; Home Economics 78; Physical Education 1, 2, 3, 4 and 57; Psychology 1; Religion 1, 2, 13, 14; Sociology 51.

Those students who plan to take one or two years should plan their courses to conform to the general requirements for entrance to the professional courses in the school of nursing of their choice.

### SUGGESTED FRESHMAN PROGRAM

BIOLOGY—Anatomy and Physiology 61, 62	8 hours
CHEMISTRY—General Inorganic Chemistry 51, 52 or 53, 54	8 hours
ENGLISH—Freshman Composition 1, 2	6 hours
HEALTH EDUCATION—History of Nursing 57	2 hours
PHYSICAL EDUCATION—Activity 1, 2	credit
PSYCHOLOGY—General Psychology 1	3 hours
RELIGION—Life of Christ 1	2 hours
History of the Christian Church 2	2 hours

(Note:—Religion and P. E. activities are required. Sixteen credits constitute an average load.)

### PARISH WORKERS' COURSE

Students desiring to enter parish work are encouraged to obtain the broad general education leading to the Bachelor of Arts Degree.

Experience reveals that there are four types of parish workers: Those who are primarily teachers and in charge of the educational work of the congregation, with the responsibility for the promotion of the programs of various organizations, including especially work among the young people; those who direct the music activities of the church; those who serve as welfare workers and congregation visitors; and those who serve as office personnel and secretaries.

Usually a parish worker is requested to perform duties in more than one of these fields and should, therefore, select the types of work desired and plan to pursue courses along the lines chosen. A major in religion,

including specific training courses in parish work, is recommended for all. Other fields of concentration in music, sociology, or secretarial training should be selected depending upon the type of parish work selected.

Students expecting to complete the parish workers' course should confer with the Department of Religion regarding their schedules.

#### PRE-PROFESSIONAL COURSES IN BIOLOGICAL SCIENCE

Students interested in the biological sciences will find varied occupational opportunities. Some of these have a direct bearing on medical science, such as several phases of public health, medical technology, optometry, bacteriology, parasitology, and veterinary medicine. Forestry, entomology, game and fisheries work appeal to those interested in outdoor biology. Schools from high school to university level provide the largest number of employment openings for biologists. Public instruction and research are features of biological work in museums, zoos, state and national parks. Federal and state agencies employ biologists in many specialized fields. For further details consult with members of the Department of Biology.

#### PRE-ENGINEERING COURSE

Students who wish to spend a year or two at Pacific Lutheran College before going to an Engineering school are urged to secure a good foundation in mathematics and a command of the English language. A suggested program for the freshman year would include Freshman composition, chemistry and mathematics.

A student whose high school preparation is adequate should register for General Mathematics 65 in order to qualify to register for calculus and physics in the sophomore year. A student entering with two years of high school mathematics will be required to register for Higher Algebra and Solid Geometry. Such a student can complete General Mathematics 65 and 66 during the second semester and the summer session and thereby be qualified to enroll for calculus in the sophomore year.

#### PRE-LAW COURSE

The best law schools require at least two years of Liberal Arts as a foundation for professional study. Three or four years of Liberal Arts are regarded as excellent preparation for the study of law. In addition to the degree requirements the prospective law student is advised to include in his program at least one additional course in economics, history, philosophy, political science, psychology, sociology and speech. The student should plan his course according to the requirements of the law school in which he is interested.

#### PRE-MEDICAL OR PRE-DENTAL COURSE

Students desiring to enter the medical or dental professional fields should plan to devote not less than two years, and preferably four years, of study to securing the broad educational background indispensable to a successful professional career. The professional schools in these fields require a thorough preparation in science. They also recommend exten-

sive study in other departments, such as the social sciences and humanities.

The student should acquaint himself with the detailed requirements of the professional school of his choice. The following courses will meet the minimum entrance requirements of most medical and dental schools: Biology 55, 56, 116, 141; Chemistry 51, 52, 61, 121, 122; Physics 61, 62, 63, 64; and English 1, 2.

#### PRE-THEOLOGICAL COURSE

As a broad cultural foundation for the study of theology and entrance into the Gospel ministry, pre-theological students should complete the requirements for a Bachelor of Arts degree. Besides the general degree requirements a student is urged to supplement his program with additional courses in English, social sciences, speech and classical and modern languages. A faculty adviser will assist the student in the selection of courses necessary to meet the requirements of the theological school of his choice.

## Courses of Instruction

The courses offered are listed alphabetically.

The descriptive summaries that follow are designed to constitute both a record of the courses actually given in 1948-49 and an announcement of what will be offered in 1949-50. The teachers are listed by departments in accordance with the division of the teaching load in 1948-49 and the courses actually given during the year have the names of the respective instructors added.

Courses open to freshmen and sophomores are numbered 1-99 and are considered lower division subjects. Courses open to juniors and seniors are numbered 100 or above and are regarded as upper division subjects.

The student should have his entire program made up of subjects in the division in which he classifies. In exceptional cases sophomore students may be assigned to an upper division course if the prerequisites for said course have been met.

Courses with odd numbers are usually offered the first semester and courses with even numbers are usually offered the second semester.

The College reserves the right to modify specific course requirements, to discontinue classes in which the registration is regarded as insufficient, and to withdraw courses.

### ART

Miss Berg, Mr. Pflueger, Mr. Weiss

The aim of this department is to offer instruction and guidance to those who desire to give expression to their creative ability in the actual practice of art, to those who wish to study art for its cultural value, to those who prepare to teach in elementary and junior high school, or to those who plan to enter parish work.

Requirements for a major in art are twenty-seven credit hours including 10, 55, 56, 65, 74, 75, 109, 110, 115, 116, and electives to complete requirements.

Requirements for a minor are twelve credit hours, including 55, 56, 65, 115, and 116.

For the Bachelor of Arts in Education, requirements for a major in art are twenty credit hours including 10, 55, 56, 74, 85 or 86, 115 and 116, with electives to complete requirements.

For the Bachelor of Arts in Education, requirements for a minor are twelve credit hours including 10, 55, 74, and 85 or 86.

#### 10. INTRODUCTION TO FINE ARTS

Principles of aesthetics; the understanding and appreciation of beauty as it appears in the various arts.

*Either semester. Three hours*

Mr. Pflueger, Mr. Weiss

55. FUNDAMENTALS OF ART *Either semester. Three hours*  
 This is a course giving the basic fundamentals of art, including a thorough study of proportion, values, composition, perspective, and color theory, which are necessary for creative expression. Media are pencil, charcoal, water colors, and pastel. Six hours laboratory per week. Miss Berg
56. DRAWING AND PAINTING *Two hours*  
 Prerequisite: Art. 55. Four hours laboratory per week. Miss Berg
65. CREATIVE DESIGN *Two hours*  
 Attention is concentrated on the principles of design which are developed through the study of line, mass, color, and space relationships. The work is planned so as to develop appreciation and to stimulate originality in the actual creation of good design. Four hours laboratory per week. Miss Berg
66. CRAFTS *Two hours*  
 In this course, original designs are applied to miscellaneous handicraft problems. Prerequisite: Art 65. Four hours laboratory per week. Miss Berg
74. CLAY MODELING *Two hours*  
 This is a course in the various methods of modeling in clay. Application of these methods is made to pottery and small figures. Individual instruction is given in plaster casting. Four hours laboratory per week.
75. POSTER DESIGN *Two hours*  
 Principles of lettering and letter construction with a brief history of the alphabet. This is followed by the planning of the layout and painting of posters. Four hours of laboratory per week.
85. PUBLIC SCHOOL ART *Two hours*  
 A course planned for those who intend to teach art in grades 1-6 inclusive. Technical skill in handling problems suitable to these grades is developed. Sufficient appropriate projects in drawing, design, and construction are worked in several media to illustrate the types of work which are suitable to the interests and abilities of these pupils. Prerequisite: Preferably Art 55. Four hours of combined lecture and laboratory per week. Miss Berg
86. JUNIOR HIGH SCHOOL ART *Two hours*  
 A course planned for those who intend to teach art in grades 7-9 inclusive, and planned similarly to Art 85. Four hours combined lecture and laboratory per week. Prerequisite: Preferably Art 55. Miss Berg
- 109, 110. OIL PAINTING *Two hours per semester*  
 Pictorial arrangements of still-life, figure, and landscape work rendered in oils. Emphasis placed on composition, values, color, and brush technique. Prerequisite: Art 55, 56. Four hours laboratory per week. Miss Berg
- 115, 116. HISTORY AND APPRECIATION OF ART *Three hours per semester*  
 The course is planned to increase the student's appreciation of works of art. In the first semester a general survey is made of architecture and sculpture throughout the ages. In the second semester, painting is treated in a similar way. Lectures with illustrations. Miss Berg
118. SPECIAL PROBLEMS *Two to four hours*  
 A course planned for advanced students majoring in art who wish to secure greater proficiency in any particular field in which the student feels more training is needed. Miss Berg
125. INDUSTRIAL ARTS *Two hours*  
 See Industrial Arts 125.

## BIOLOGY

Mr. Ostenson, Miss Herrmann, Mr. Leraas, Mr. Slipp, Mr. Strunk

A major consists of a minimum of twenty-four hours, twelve hours of which may be lower division courses and twelve hours or more in the upper division (numbers over 100). One year of chemistry as a supporting subject is required of students majoring in biology. General college physics and a year of college mathematics are strongly recommended. A minor consists of a minimum of fourteen hours. For the degree of Bachelor of Arts in Education a major in biology consists of a minimum of twenty semester hours, twelve of which may be in lower division. Fourteen hours are required for a minor.

21. INTRODUCTION TO BIOLOGICAL SCIENCE *Four hours*  
See Science 21.
- 55, 56. GENERAL ZOOLOGY *Four hours per semester*  
A study of the animal kingdom; principles of animal biology and comprehensive survey of the animal kingdom. Two lecture and two laboratory periods per week. Mr. Strunk, Miss Herrmann, Mr. Ostenson, Mr. Slipp
- 57, 58. BOTANY *Four hours per semester*  
A study of the plant kingdom; structure first semester, life history second semester. Two lecture and two laboratory periods per week.  
Mr. Slipp, Mr. Ostenson
- 61, 62. HUMAN ANATOMY AND PHYSIOLOGY *Four hours per semester*  
A study of the morphology and the functions of the human body. The course is planned particularly to meet the needs of pre-nursing students and majors in Physical Education. Two lecture and two laboratory periods per week.  
Miss Herrmann
66. MICROBIOLOGY *Four hours*  
Bacteria, yeasts, molds, and parasitic animals in their relation to disease. Two lecture and two laboratory periods per week. May be taken for upper division credit by juniors and seniors with consent of instructor.  
Miss Herrmann
- S75. NATURAL HISTORY *Four hours*  
A field course covering the study, collection and use of biological teaching materials. Field trips will be taken to points of interest in the Puget Sound region.
91. HEREDITY *Two hours*  
A study of inheritance. Two lectures per week. May be taken for upper division credit by juniors and seniors with consent of instructor. Prerequisite: Biology 21, 55 or 57.  
Mr. Ostenson
92. ORNITHOLOGY *Two hours*  
A study of the structure, habits, adaptations, migration, classification, and economic importance of birds. Identification of local birds. Lectures, laboratory study, and field trips. Designed for students with a hobby interest in birds as well as for advanced students of biology. Prerequisite: Biology 56 or consent of instructor. Offered alternate years. Given 1950-51. Mr. Ostenson

115. **INVERTEBRATE ZOOLOGY** *Four hours*  
 The classification, anatomy, natural history, and importance to man of the invertebrates. Lectures, laboratory study and field collections. Prerequisite: Biology 56. Offered alternate years. Given 1949-50.
116. **COMPARATIVE ANATOMY** *Four hours*  
 A comparative study of vertebrates with dissection of representative animals. Two lecture and two laboratory periods a week. Prerequisite: Biology 56. Mr. Leraas
119. **ENTOMOLOGY** *Four hours*  
 The classification, natural history, and economic importance of insects. Lecture laboratory study and field collections. Prerequisite: Biology 56. Offered alternate years. Given 1949-50.
131. **ICHTHYOLOGY** *Two hours*  
 The classification, natural history and economic importance of fishes with emphasis on food and game fishes of the region. Lectures, laboratory study and field collections. Prerequisite: Biology 56. Biology 116 recommended. Offered alternate years. Given 1949-50.
132. **HERPETOLOGY** *Two hours*  
 The classification, natural history and economic importance of amphibians and reptiles. Lectures, laboratory study and field collections. Prerequisite: Biology 56. Biology 116 recommended. Offered alternate years. Given 1949-50.
133. **MAMMALOLOGY** *Two hours*  
 The classification, natural history and economic importance of mammals. Lectures, laboratory study and field collections. Prerequisite: Biology 56. Biology 116 recommended. Offered alternate years. Given 1950-51. Mr. Ostenson
141. **EMBRYOLOGY** *Four hours*  
 A microscopic study of the development of vertebrates. Two lecture and two laboratory periods per week. Prerequisite: Biology 56. Biology 116 recommended. Mr. Leraas
142. **FIELD ZOOLOGY** *Four hours*  
 Classification, natural history, and economic importance of the vertebrates. Lectures, laboratory study and field collections. Prerequisite: Biology 56. Mr. Ostenson
143. **HISTOLOGY** *Four hours*  
 A microscopic study of the cell structure of the tissues of vertebrates. Two lecture and two laboratory periods per week. Prerequisite: Biology 56. Biology 116 recommended. Offered alternate years. Given 1950-51. Miss Herrmann
157. **COMPARATIVE PHYSIOLOGY** *Four hours*  
 A comparative study of the bodily functions of invertebrates and vertebrates. Two lecture and two laboratory periods a week. Prerequisite: Biology 56 and one year of Chemistry. Biology 115 and 116 recommended. Offered alternate years. Given 1950-51. Mr. Strunk
- 197, 198. **INDEPENDENT STUDY** *One to three hours per semester*  
 Investigations in fields of special interest may be made by students majoring in biology, who have demonstrated their ability to do independent work. Prerequisite: Consent of the department.

## CHEMISTRY

Mr. Ramstad, Mr. Olsen

A major requires 24 hours. In addition, a year of physics, college algebra and trigonometry are required of all students majoring in chemistry. A year of biology is also recommended.

- 51, 52. GENERAL INORGANIC CHEMISTRY *Four hours per semester*  
The fundamental chemical theories; the chemistry of the non-metallic and metallic elements. Two lecture and two laboratory periods per week. Open only to students who have not had high school chemistry. Mr. Olsen
- 53, 54. GENERAL INORGANIC CHEMISTRY *Four hours per semester*  
The fundamental chemical theories; the chemistry of the non-metallic and metallic elements. Two lecture and two laboratory periods per week. Open to students who have had chemistry in high school. Mr. Ramstad
61. QUALITATIVE ANALYSIS *Four hours*  
Two lecture and two laboratory periods per week, one semester. Prerequisite: Chemistry 51, 52 or 53, 54. Mr. Olsen
62. QUANTITATIVE ANALYSIS *Four hours*  
Volumetric and gravimetric methods. Two lecture and two laboratory periods per week. Prerequisite: Chemistry 61. Mr. Olsen
- 121, 122. ORGANIC CHEMISTRY *Four hours per semester*  
A general study of the carbon compounds, both the aliphatic and the aromatic. Two lecture and two laboratory periods per week. Prerequisite: Chemistry 51, 52 or 53, 54. Mr. Ramstad
- 131, 132. PHYSICAL CHEMISTRY *Four hours per semester*  
A study of fundamental theory of chemical reaction and measurement of physical properties of chemical agents. Two lecture and two laboratory periods per week. Prerequisite: Chemistry 62 and Mathematics 62. Mr. Olsen
- 197, 198. INDEPENDENT STUDY *One or two hours per semester*  
Open to seniors majoring in chemistry. Arrangements to be made by the department. Mr. Ramstad, Mr. Olsen

## ECONOMICS AND BUSINESS ADMINISTRATION

Mr. Patrick, Miss Berge, Mr. Collings, Mr. Olson, Miss Reneau

A major in business administration, with specialization in accounting and finance, consists of a minimum of thirty credit hours including EBA 51, 52, 55, 57, 58, 101, 111 and 133.

 Backgrounds of business organization. Definitions, terms and concepts of business. Modern forms of business and their relation to American economy. The business corporation. Management, purchasing, selling, traffic and credit. Supplementary and accessory activities upon which business depends. Mr. Olson, Mr. Collings
- 57, 58. ELEMENTARY ACCOUNTING *Three hours per semester*  
 Basic principles of accounting and bookkeeping developed in their application to the corporation, partnership, and sole proprietorship. Mr. Collings
- 61, 62. PERSONAL TYPEWRITING *Two hours per semester*  
 Complete system of touch typewriting, skill and speed building exercises, letter-writing and simple tabulation. This course is designed primarily to meet individual practical needs. Two hours classwork per week. Miss Berge
- 65, 66. SHORTHAND *Three hours per semester*  
 Fundamentals of Gregg Shorthand. Some transcription from shorthand notes. Miss Berge
69. BUSINESS MATHEMATICS *Two hours*  
 An intensive study of the fundamentals of arithmetic—addition, subtraction, division and multiplication—as applied to the work of the accountant, auditor, sales clerk, pay-roll clerk, etc., in modern business practice.
70. BUSINESS CORRESPONDENCE *Three hours*  
 A study of the requirements of good letter writing with emphasis on the form of the letter, good English usage and punctuation. The various types of letters are considered separately, treating them somewhat according to their importance in business. Miss Berge
74. ECONOMIC GEOGRAPHY *Three hours*  
 The world patterns of agricultural, manufacturing and mining production. Trade, transportation and finance geography.
98. COOPERATIVES *Two hours*  
 See Sociology 98.
101. MONEY AND BANKING *Three hours*  
 Preliminary survey of money and monetary standards. Credit and credit instruments. The operation of the commercial bank. State banks. National banks. Banking control. The Federal Reserve System. Prerequisite: EBA 55, 56 and 57. Mr. Patrick
103. LABOR PROBLEMS *Three hours*  
 A study of the history, nature and treatment of labor problems in the United States. Mr. Olson
105. MARKETING *Three hours*  
 The methods and problems of marketing raw materials, farm products and manufactured goods. Analysis of the commodity, the market and the

- trade organization. Problems of market information, standardization, transportation, storage and finance. Review of the structure of market price. Prerequisite: EBA 55 and 56.
106. ADVERTISING *Three hours*  
Advertising principles and practices; advertising mediums and campaigns; the place of advertising in modern business. Prerequisite: EBA 105.
108. CONSUMER ECONOMICS *Three hours*  
Comparative study of scales and standards of living in different income classes. Consumer information sources. Individual and family budgeting, spending and consumption. Prerequisite: EBA 51 and 52.  
Mr. Olson, Mr. Collings
- 111, 112. BUSINESS LAW *Three hours per semester*  
General principles of the law as applied to business: contracts, negotiable instruments, debtor and creditor, sales, partnerships, corporations, agency, personal property. Prerequisite: EBA 55, 56 and 57. Miss Reneau
122. ADVANCED SHORTHAND *Three hours per semester*  
Continuation of Gregg Shorthand with special emphasis on dictation, transcriptions, and speed writing.
131. CORPORATION FINANCE *Three hours*  
Promotion, underwriting, marketing of securities, reorganizations, receiverships. Anti-trust legislation. Financial capitalism. Prerequisite: EBA 55, 56, 57 and 58. Business Law is recommended as a prior course.
132. PUBLIC FINANCE *Three hours*  
Financial principles and practices of national, state and municipal governments. Forms and incidents of modern taxation, with special attention to the income tax. Prerequisite: EBA 55, 56 and 57.

Individual projects and assignments. Group conferences and research reports, with special attention to the techniques of reporting. Open to senior majors in EBA. Juniors admitted by special permission. Mr. Patrick

## EDUCATION

Miss Nielsen, Mr. Eklund, Mr. Hauge, Mr. Ronning, Mr. Running

This department aims: (1) to give students a thorough understanding of the educational problems facing democracy today; (2) to help form an educational philosophy built upon a knowledge of the needs of children; (3) to give practical experience through observation of instruction and teaching in the public schools; and (4) to develop a professional attitude that is conducive to conscientious work in classrooms and that will lead to a desire for continued professional growth.

The requirements for a major in education that lead to the degree of Bachelor of Arts in Education may be found on page 38.

For a minor in education sixteen hours are required.

- S154. KINDERGARTEN *Two hours*  
A study of the kindergarten child and his adjustment problems. Special emphasis on activities and procedures for his development.
161. SECONDARY EDUCATION *Three hours*
172. PHILOSOPHY OF EDUCATION *Two hours*  
An examination of the bases of education. The influence of the leading philosophies of today upon educational programs: aims, means, methods, standards of value, and measures of outcomes. The relation between the philosophy of education and democracy. Previously numbered 110.  
Mr. Ronning
175. METHODS AND OBSERVATION *Either semester. Four hours*  
For the purpose of observing actual school life situations students make weekly visits to the school rooms in Tacoma and environs. Discussion and study are developed from what has been observed. In addition there is an organized study of the methods of teaching the language arts and the social sciences.  
Miss Nielsen
- 176a, b, and c. STUDENT TEACHING *Either semester. Ten hours*  
Each student is given an assignment in student teaching in a classroom in the regular public schools, either in Tacoma and environs. The techniques of teaching are approached through situations and problems arising in the various classrooms. The student gets experience in handling various types of activities connected with the classroom and school. Those preparing for kindergarten or primary elect 176a; those in intermediate grades 176b; and those in junior high school 176c. Prerequisite: Education 175—Grade point average of 2.00.  
Miss Nielsen

181. GENERAL SECONDARY METHODS *Three hours*
183. HISTORY OF EDUCATION *Two hours*
- S186. CHORAL SPEAKING *Two hours*  
 A study of the fundamentals of choral speaking. Special emphasis is put on its educational values in the elementary and junior high school. Opportunity is provided to experience varieties of unison speaking.
188. EDUCATIONAL GUIDANCE *Two hours*  
 A study of procedures used in helping the student achieve suitable goals in school and in society. Emphasis will be given to testing methods for solving various educational, personal and vocational problems for the student.
191. REMEDIAL EDUCATION *Two hours*  
 A study of remedial procedure that can be used in the regular classroom and in the special room. All subject-matter fields given consideration with emphasis placed upon reading and arithmetic.
192. SCHOOL ORGANIZATION AND ADMINISTRATION *Three hours*
193. ELEMENTARY CURRICULUM AND METHODS *Three hours*  
 A course designed for prospective principals to acquaint them with modern trends in public school procedures relating to the entire curriculum in elementary and junior high schools.
- 194a. ELEMENTARY ADMINISTRATION AND SUPERVISION *Three hours*  
 A survey of the practical problems of elementary administration and supervision. Consideration is given to the principal as his work relates to children, parents, teachers and other school employees, buildings, transportation, and the community. Prerequisite: At least one year of teaching experience.
- 194b. JR. HIGH SCHOOL ADMINISTRATION AND SUPERVISION *Three hours*  
 Same as 194a except that special emphasis is placed on the problems of the junior high school. Prerequisite: At least one year of teaching experience.
- S196. TEACHING TECHNIQUE  
 A course offered for experienced teachers to bring them abreast with recent developments in the field of classroom technique and practices. Each student does research in the materials suited to his level of teaching.
- 197, 198. SPECIAL PROJECTS *One to three hours*  
 Students who desire to pursue a special line of individual reading, investigation, or research may do so for credit, receiving help and guidance from the faculty member best qualified to assist in the particular problem. Credit will vary with the amount of work done. Previously numbered 116. Staff
199. SPECIFIC METHODS IN TEACHING HIGH SCHOOL SUBJECTS *Two hours*
202. STUDENT TEACHING IN THE HIGH SCHOOL *Four hours*

## ENGLISH

Mr. Ranson, Miss Berge, Miss Blomquist, Mrs. Franck, Miss Hedahl,  
Mr. Irwin, Miss Knudson, Mr. Larson, Mr. Nesvig

The department is concerned mainly with developing the two skills which are basic to the process of learning and to life in a democratic society — the ability to communicate ideas effectively and the ability to read accurately and critically. In accordance with this aim, the emphasis in composition is placed upon teaching the student to develop ideas clearly and coherently in extended discussions, and the emphasis in literature classes is placed upon the appreciation of literature not simply for its own sake but as an interpretation of life. The student is encouraged to derive at least three related values from his reading of the literature of the past and the present: to enjoy a work for its own sake; to see how and why it differs from comparable works in other times and cultures; and to understand it as the expression of an individual mind reacting to the common problems of human experience in circumstances often quite different from those which the reader knows. Thus literature becomes not only a wholesome pursuit for leisure hours, but also an invaluable source of vicarious experience, enabling the reader to share imaginatively the lives of men in all times and conditions.

1. For the major in literature in Liberal Arts at least 24 credit hours are required in addition to English 1 and 2. These shall include:

English 61 and 62 (or 61 and 116)_____	6
English 111 or 113 or 130_____	3
English 115 or 116 or 121 or 122_____	3
Another course from one of the above groups_____	3
Upper division electives _____	9

2. For the degree of Bachelor of Arts in Education a major in literature requires at least 23 credit hours in addition to English 1 and 2. These shall include:

English 61 and 62_____	6
English 63 and 64_____	6
English 71 or 72_____	2
Upper division electives_____	9

With the approval of the department, English 121 and 122 may be substituted for either English 61 and 62 or English 63 and 64.

For the minor in literature at least 14 credit hours are required. These shall include six hours of English 61, 62, 63, or 64, and six hours of upper division electives.

For the minor in composition at least 14 credit hours are required. These shall include eight hours of English 40, 41, 139, 140, 52 or 54 (only two hours of journalistic composition may be counted) and six hours of upper division electives in literature.

The requirements for majors and minors should be regarded as bare minimums. The student is urged to take additional courses, both lower and upper division, to round out his knowledge of the masterpieces of English and American literature and, to the extent possible, of world

literature. The department also recommends courses in English history, sociology, philosophy, psychology, speech, and at least one foreign language.

## COMPOSITION

1. FRESHMAN COMPOSITION *Three hours*  
 The course aims to train students to develop ideas accurately and effectively in the sentence, in the paragraph, and in extended written discussion. Essays are read and analyzed to provide models of good exposition, to stimulate thought and discussion, and to develop accuracy in reading. The Staff
- 1a. FRESHMAN COMPOSITION *No credit*  
 This course offers an intensive review in English Composition, the class meeting twice weekly. Students who fail in the English Placement Test must take this course in addition to Freshman Composition 1.  
 Miss Blomquist, Miss Berge
2. FRESHMAN COMPOSITION *Three hours*  
 The first weeks are devoted to a study of the technique of preparing a research paper. Otherwise, the emphasis is placed upon improving vocabulary, upon developing good reading habits, and upon the writing of critical reports. Contemporary essays, stories, dramas, and poetry are studied with these ends in view. The Staff
40. THE SHORT STORY *Two hours*  
 A study of the development of the short story as a narrative form. Practice in writing short stories or criticism or both. Mr. Ranson
41. ADVANCED COMPOSITION *Two hours*  
 A review of grammar and the sentence; the principles of expository and descriptive writing; problems of reading. Mr. Ranson
51. JOURNALISM *Two hours*  
 A study of the principles of news writing and editing, and their application in the preparation of news copy; headline writing; proof reading. Mr. Nesvig
52. JOURNALISM *Two hours*  
 Editorial and feature writing; a study of the various types of editorial and feature copy; column writing; make-up; laboratory work in connection with the Mooring Mast and Saga. Mr. Irwin
54. EDITORIAL CONFERENCE *One to four hours*  
 Provides opportunity for the college publication staff to do practical research work on journalistic problems. Open to advanced students in journalism with consent of the instructor. Mr. Nesvig, Mr. Irwin

*One to two hours per semester*  
Open to seniors majoring in classical languages. Mr. Roe

## HEALTH

See Department of Physical Education and Health.

## HISTORY

Mr. Akre, Mr. Franck, Mr. Nodtvedt

The work in history is designed to acquaint the student with man's past activities, economic, social, political, intellectual and religious, that he may better orient himself in the present and plan for the future. History thus forms a background for the study of all social and cultural fields.

The courses for the first two years aim to give a broad general view of Western Civilization, of American History, of the History of the

State of Washington. The work for the third and fourth years makes a more detailed study of particular periods and particular countries.

Major in history, 30 credit hours including History 3, 4 and 55, 56.

Major in history for a B. A. in Education: 24 credit hours including History 3, 4 or 55, 56 and 20.

Minor: 18 credit hours, 12 credit hours for B. A. in Education.

- 3, 4. HISTORY OF CIVILIZATION *Three hours per semester*  
A general survey of European civilization to the present time.  
Mr. Franck, Mr. Nostvedt
20. HISTORY AND GOVERNMENT OF THE STATE OF WASHINGTON  
*Either semester. Two hours*  
Mr. Akre
52. MEDIEVAL HISTORY *Two hours*  
Covers period from the fall of Rome to the sixteenth century. Mr. Akre
- 53, 54. ECONOMIC HISTORY OF THE UNITED STATES  
See EBA 53, 54.  
*Three hours per semester*
- 55, 56. AMERICAN HISTORY *Three hours per semester*  
The origin and development of the American Nation from colonial times to the present; emphasis upon the cultural and spiritual factors that contribute to the American political and social tradition. Mr. Akre
60. INTERNATIONAL PROBLEMS *Three hours*  
See Political Science 60.
- S63. CULTURAL - HISTORICAL STUDIES OF EUROPE BETWEEN 1500 AND 1832 *Two hours*  
History, art and literature of Europe as correlated studies.
- S64. CULTURAL - HISTORICAL STUDIES OF EUROPE BETWEEN 1832 AND 1920 *Two hours*  
History, art and literature of Europe as correlated studies.
75. HISTORY OF LATIN AMERICA *Two hours*  
Given 1949-50.
102. HISTORY OF THE FAR EAST *Three hours*  
General geographical and historical background of the countries of the Far East, with special emphasis upon the recent history of Japan, China, India, Dutch East Indies, and Indo-China. Offered alternate years. Given 1950-51. Mr. Franck
103. HISTORY OF THE NEAR AND MIDDLE EAST *Three hours*  
Study of the part the history of the people of these sections has played in world history. Offered alternate years. Given 1949-50.
105. FRENCH REVOLUTION AND PERIOD OF NAPOLEON *Two hours*  
A study of political and social changes in Europe from 1789 to 1815.  
Mr. Akre
- 107, 108. HISTORY OF THE ANCIENT WORLD *Three hours per semester*  
Survey of the ancient Mediterranean world, Greek and Roman history to the great migration. Offered alternate years. Given 1950-51. Mr. Akre

- S109. RECENT EUROPEAN HISTORY *Two hours*  
A study of Europe since 1914.
110. RECENT WORLD HISTORY *Four hours*  
A study of world history since 1914 and of the problems confronting the world today. Offered alternate years. Given 1949-50.
- 111, 112. ENGLISH HISTORY *Three hours per semester*  
A study of the political, economic, social, legal, literary and religious history of England from the earliest times to the present. Offered alternate years. Given 1949-50.
115. HISTORY OF RUSSIA *Three hours*  
A general survey of the expansion of Russia, early experiments in political and social reform; the rise and spread of revolutionary socialism and the collapse of Czarism during the war of 1914-18; emphasis on Russia's part in the world war of 1939-45 and on her present world relations. Offered alternate years. Given 1950-51. Mr. Franck
116. POLITICAL PARTIES *Two hours*  
See Political Science 116.
121. NORWEGIAN HISTORY *Three hours*  
See Norwegian 121.
123. THE RENAISSANCE *Three hours*  
A study of the Age of the Renaissance in Italy, trans-Alpine humanism and connections with the reformation movements of Western Europe. Offered alternate years. Given 1950-51. Mr. Nodtvedt
124. THE REFORMATION *Three hours*  
A survey of the sixteenth century reformation movements in Germany, Switzerland, France, England and lesser countries of Western Europe and the reaction of counter-Reformation efforts. Offered alternate years. Given 1950-51. Mr. Nodtvedt
- S155. U. S. IN WORLD AFFAIRS *Three hours*  
A survey of the basic trends and developments in the foreign relations of the United States with special emphasis on such basic policies as isolation and neutrality, the Monroe Doctrine, and the open door policy.

### HOME ECONOMICS

Miss Tibbits

1. INTRODUCTION TO HOME ECONOMICS *Two hours*  
A study of the function of home economics in the elementary school and junior high school; foods, clothing, and home activities. Miss Tibbits
78. NUTRITION FOR STUDENT NURSES *Four hours*  
Composition and nutritive value of foods; food preparation; physiological needs in relation to food. Open to student nurses only.

### INDUSTRIAL ARTS

Miss Berg

At the time of publication of the catalog arrangements were being

made to increase the offerings in this department. The College contemplates offering a minor in Industrial Arts within the next two years.

61. MECHANICAL DRAWING *Two hours*
125. INTRODUCTION TO INDUSTRIAL ARTS *Two hours*  
 This is a course planned to stimulate creative ideas and adapted to problems in crafts suitable for children in the public schools. Articles, such as can be easily obtained, are decorated in various media and made attractive for practical use. Four hours laboratory per week. Miss Berg

### JOURNALISM

See Department of English.

### LATIN

Miss Blomquist

Minor in Latin: 14 hours above course 52.

- 51, 52. ELEMENTARY LATIN *Four hours per semester*  
 Grammatical forms and syntax, with exercises, first semester, followed by selections from Caesar, with prose composition, second semester. Miss Blomquist
- 53, 54. INTERMEDIATE LATIN *Three hours per semester*  
 A study of selected works. Continuation of Latin 52. Open to students who have had two units of Latin in high school. Miss Blomquist
111. HORACE *Three hours*
122. LATIN LITERATURE IN TRANSLATION *Three hours*  
 A study of selected works of Latin authors.
- 197, 198. INDEPENDENT STUDY *Two hours per semester*  
 Open to advanced students by permission of the department.

### MATHEMATICS

Mr. Jordahl, Mr. Adams, Mr. Running

Modern technical developments have in large measure been made possible by the use of mathematics. There is a growing demand for mathematicians and scientists who are skilled in the use of mathematics. Some of the fields in which the use of mathematics plays an important role are: physics, chemistry, meteorology and astronomy; all branches of engineering, but especially the electrical, mechanical and aeronautical; statistics and actuarial science. Any student who contemplates advanced work on any of these fields should consider a major or a minor in mathematics.

A major in mathematics shall consist of a minimum of 24 credit hours including at least three courses beyond calculus. A minor in physics is recommended, and a year of college physics is required as a supporting subject for a major in mathematics.

A minor in mathematics shall consist of a minimum of 18 credit hours including a year of calculus. For the Bachelor of Arts degree in Educa-

tion, a minor consisting of a minimum of 14 credit hours including courses 54, 65, 66 and 111, will be acceptable.

Freshmen who expect to enter science or engineering schools and have the prerequisites should register for mathematics 65. Mathematics 54 is required of all pre-engineering students.

- 51a. **INTRODUCTORY MATHEMATICS** *Either semester. Three hours*  
 A general study of the elementary principles of algebra and geometry recommended for students who have had less than two years of high school mathematics. The emphasis is on basic principles and practical applications with a minimum amount of problem solving. For non-technical students. Not acceptable toward a mathematics minor. Four periods per week. Mr. Running
51. **HIGHER ALGEBRA** *Either semester. Three hours*  
 A thorough review of high-school algebra and a continuation beyond quadratics. Three periods per week. Prerequisite: one year of high school algebra. Mr. Running
54. **SOLID GEOMETRY** *Three hours*  
 The relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones, and spheres; original exercises and constructions. Three periods per week. Prerequisite: plane geometry, one year of high school algebra. Required for pre-engineering students. Mr. Running
61. **PLANE TRIGONOMETRY** *Three hours*  
 Circular measurements of angles, proofs of the principal formulas, the use of inverse functions, solution of right and oblique triangles. Prerequisite: Mathematics 51 or equivalent. Formerly taught as a four credit hour course. Mr. Running
62. **COLLEGE ALGEBRA** *Four hours*  
 A continuation of course 51: progressions, binomial theorem, complex numbers, theory of equations, determinants, and partial fractions. Mr. Adams
64. **PLANE ANALYTIC GEOMETRY** *Three hours*  
 Loci, the straight line and the circle, polar coordinates, conic sections, tangents and normals, the general equation of the second degree. Prerequisite: Mathematics 61. Mr. Adams
- 65, 66. **GENERAL MATHEMATICS** *Five hours per semester*  
 A unified course covering the essentials of algebra, trigonometry, analytic geometry and the fundamental concepts of calculus. Prerequisite: Mathematics 51. Mr. Adams
- 111, 112. **DIFFERENTIAL AND INTEGRAL CALCULUS** *Four hours per semester*  
 This course lays the foundation for all advanced work in mathematics and is a basic tool for advanced work in physics and engineering. Involves review of previous mathematics courses. Prerequisite: Mathematics 62 and 64 or Mathematics 66. Mr. Jordahl
152. **ANALYTICAL MECHANICS** *Four hours*  
 See Physics 152.
- 161, 162. **DIFFERENTIAL EQUATIONS** *Two hours per semester*  
 Prerequisite: Mathematics 111 and 112. Mr. Jordahl
- 197, 198. **INDEPENDENT STUDY** *One or two hours per semester*  
 Open to advanced students with consent of the department. Mr. Jordahl

## MUSIC

Mr. Malmin, Mr. Moen, Mr. Weiss and Assistants

A major in music shall consist of a minimum of 36 semester hours and shall include Music 51, 52, 121, 122. A major in music for the B.A. in Education shall consist of 24 semester hours, including Music 51, 52, 119, 120. At least two-thirds of these credits shall be in theoretical study. Only advanced work in applied music shall be acceptable towards a major or minor. Students majoring in music must have or obtain a proficiency in playing the piano.

A minor in music shall consist of a minimum of 22 semester hours. A minor in music for the B.A. in Education shall consist of 18 semester hours. At least two-thirds of the work shall be in theoretical study and shall include Music 51 and 52.

1. FUNDAMENTALS OF MUSIC *Either semester. Three hours*  
A study of the rudiments of music, including some sight-reading, the history of music, and music appreciation. The purpose of the course is to give the student a general understanding and appreciation of the art of music. Not open to students planning to major or minor in music.  
Mr. Malmin

A course presenting music of different periods as related to the other arts. To be listed as Music Survey in 1949-50.  
Mr. Weiss
50. INTRODUCTION TO THEORY *Two hours*  
An integrated course of ear training, sight singing and keyboard work. Melodic and rhythmic dictation are stressed. The rudiments of music are studied, including scales, intervals, and triads. Three periods per week.  
Mr. Moen
51. HARMONY *Three hours*  
Progression and construction of triads and seventh chords in their fundamental and inverted positions. Prerequisite: Music 50 or its equivalent.  
Mr. Malmin
52. HARMONY *Three hours*  
Classification and treatment of irregular notes in relation to chords; harmonization of melodies.  
Mr. Malmin
53. VIOLIN *One hour per semester*  
A thorough ground work in bowing and finger technique including exercises and etudes. Advanced students are given graded solos, including sonatas and concertos. Opportunity is given for participation in ensemble playing.  
Mr. Gestantas, Mr. Moen
56. ADVANCED PIANO *Two hours per semester*  
Scales, exercises; Bach inventions or suites, classic Sonatas, easier Chopin or Schumann, contemporary pieces.
57. VOICE *One hour per semester*  
Drill in technique of breath control and phrasing, resulting in a sustained and resonant tone of satisfactory quality and volume. Songs for rhythm, accents, and enunciation. Oratorio, art songs, operatic arias, recordings, appearances in public recitals.  
Mr. Arnold, Mrs. Dilts, Mrs. Ronning
59. PIANO *One hour per semester*  
To be elected by any student who does not qualify for Music 56.  
Mr. Weiss, Mr. Svedberg

60. PIPE ORGAN *One hour per semester*  
The acquisition of technique and independence in playing upon the manuals. Prerequisite: satisfactory piano technique. Mrs. Malmin
61. BAND AND ORCHESTRA INSTRUMENTS *One hour per semester*  
Private lessons on any regular instrument of the band or orchestra.
62. PACIFIC LUTHERAN COLLEGE CHOIR *One hour per semester*  
Membership determined by tryout and limited to fifty. A cappella singing of sacred music. Mr. Malmin
63. PACIFIC LUTHERAN COLLEGE CHORUS *One hour per year*  
A second choir organized in 1937 to provide musical training and experience for students not in the choir. One credit hour per semester 1949-50. Mr. Malmin
68. ORCHESTRA *One hour per year*  
Membership in the college orchestra is open to any student having adequate knowledge of an instrument. The organization is maintained to give the students practical experience in orchestral work and also to acquaint them with the works of well-known composers. One credit hour per semester 1949-50. Mr. Moen
69. BAND *One hour per year*  
An organization for concert as well as for appearances at athletic events. One credit hour per semester 1949-50. Mr. Moen
- S101. WORLD OF MUSIC *Two hours*  
Not open to students who have completed Music 10.
111. ADVANCED HARMONY *Three hours*  
Treatment of dissonances; harmonization of melodies continued. Prerequisite: Music 52. Mr. Malmin
112. SIMPLE COUNTERPOINT *Three hours*  
Writing in the five species in two, three, and four parts. Prerequisite: Music 111. Mr. Malmin
115. ORCHESTRATION *Two hours*  
The practical study of the instruments of the orchestra and of the problems of transposition and arrangements for orchestra, band, and smaller groups of instruments. Prerequisite: Music 1, 51, 52 or consent of instructor. Mr. Malmin
116. CONDUCTING *Two hours*  
A study of the technique of the baton and examples of score reading. Consent of instructor required.
119. PUBLIC SCHOOL MUSIC *Two hours*  
Techniques and procedures for teaching the music program of the elementary grades and junior high school, including note singing, treatment of the child voice, part singing, methods and materials. Mr. Moen
120. INSTRUMENTAL METHODS *Two hours*  
Planned for those who intend to teach instrumental music in the junior and senior high schools. Basic techniques of the instruments of the band and orchestra are studied. A survey is made of materials suitable for use in organizing and directing school bands and orchestras.

121. THE HISTORY AND LITERATURE OF MUSIC *Three hours*  
Ancient music, with emphasis on music in the Bible. The rise of church music. Polyphony. The beginning of opera and oratorio. The age of Bach and Handel. Prerequisite: Six semester hours of music theory. Mr. Weiss
122. THE HISTORY AND LITERATURE OF MUSIC *Three hours*  
The classical school. Beethoven, Romanticism. The music drama of Richard Wagner. Modern school. Prerequisite: Six semester hours of music theory. Mr. Weiss

Methods of teaching children are studied. The work includes lectures, discussions and prescribed reading. Required of all students making piano their major study. Open to all others who are sufficiently prepared. Recommended for the senior year.

## NORWEGIAN

Mr. Stuen, Miss Skavang

A minor in Norwegian comprises courses 51, 52, 53, 54, plus 6 semester hours of upper division courses.

- 51, 52. ELEMENTARY NORSE *Four hours per semester*  
Grammar and composition; easy readings; conversations. Mr. Stuen
- 53, 54. NORSE LANGUAGE AND LITERATURE *Three hours per semester*  
Advanced reading course; conversation and composition.  
Mr. Stuen, Miss Skavang
- 101, 102. NORSE LITERATURE IN TRANSLATION *Three hours per semester*  
A survey course.
105. ADVANCED NORSE *Three hours*  
Miss Skavang
121. NORWEGIAN HISTORY *Three hours*  
Mr. Nodtvedt
122. NORWEGIAN LITERATURE *Three hours*  
Miss Skavang

## PHILOSOPHY

Mr. Pflueger, Mr. Roe

101. INTRODUCTION TO PHILOSOPHY *Either semester. Three hours*  
The scope and meaning of philosophy, discussion of fundamental problems, such as mind and matter, knowledge, cause and purpose. Lectures, readings, reports. Mr. Pflueger, Mr. Roe
106. ETHICS *Either semester. Three hours*  
A summary of general, individual, and social ethics. Natural and divine sanction for acts of choice. Careful evaluation of the theories of ethical values. Mr. Pflueger, Mr. Roe

## PHYSICAL EDUCATION AND HEALTH

Mr. Harshman, Miss Knudson, Mr. Tommervik, Mrs. Young

The aim of this department is to promote the general health and physical efficiency of the student and to provide training for teachers of physical education and health in the elementary and junior high schools.

Major: 26 credit hours including Biology 61, 62, P. E. 10, 116, 121, 141, 124 (Men), 133 or 134 (Women), 198.

A study of the history of nursing practice.  
Miss Knudson
78. NUTRITION *Four hours*  
Composition and nutritive value of foods; food preparation; physiological needs in relation to food.
116. KINESIOLOGY *Three hours*  
Analysis of body movements in relation to physical education activities and posture. Prerequisite: Biology 55, 56, 61, 62.  
Mr. Harshman
122. SCHOOL HEALTH EDUCATION PROGRAM *Two hours*  
Includes schoolroom construction, lighting, heating, sanitation, ventilation, selection and location of equipment, communicable diseases and medical inspection.  
Mr. Tommervik

## PHYSICAL EDUCATION

Mr. Harshman, Mr. Tommervik, Mrs. Young

- 1, 2, 3, 4. ACTIVITIES *Two periods per week. Plus credit*  
The following activities are offered for freshmen and sophomores: For men — touch football, tennis, speedball, golf, volleyball, basketball, baseball and cross country. For women — P. E. 1, soccer and basketball, P. E. 2, tennis and archery, P. E. 3, posture and folk dancing, P. E. 4, volleyball and softball.
114. BOY SCOUT LEADERSHIP *One hour*
121. PRINCIPLES OF PHYSICAL EDUCATION *Two hours*  
The place of health and physical education in the school program, aims, objectives, content of the program, and modern trends.  
Mr. Tommervik
124. METHODS IN TEACHING SPORTS (Men) *Two hours*  
A study of methods and techniques in teaching games and sports, exclusive of major sports.  
Mr. Harshman

- 129, 130. COACHING TECHNIQUES (Men) *Two hours per semester*  
 Fall semester: methods in teaching football and basketball; spring semester:  
 methods in teaching baseball, track, tennis and golf. Mr. Tommervik
133. METHODS IN PHYSICAL EDUCATION (Women) *Two hours*  
 Techniques and methods in teaching major sports.
134. ELEMENTARY SCHOOL PHYSICAL EDUCATION (Women) *Two hours*  
 Progressive series of games and athletic activities for the elementary grades.
141. METHODS IN FOLK DANCING *Two hours*  
 Study of the methods and materials used in folk dancing. Mrs. Young
145. ADMINISTRATION OF SCHOOL PHYSICAL EDUCATION PROGRAM *Two hours*  
 Includes problems of organization and administration. Mr. Harshman
- 197, 198. MAJOR CONFERENCE *Two hours*  
 Prerequisite: Physical Education 130 (Men) or 133 and 141 (Women).  
 Staff

## PHYSICS

Mr. Jordahl, Mr. Adams

Physics deals with the fundamental principles which explain natural phenomena. Therefore, a study of Physics is basic to all advanced work in natural science. Pre-engineers and pre-medical students, as well as chemistry and mathematics majors, are required to have at least a year of college physics. The general physics course, Physics 61, 62, is designed to adequately meet the requirements in these fields. Other students will find the discussion of physical phenomena of general value.

A major in physics shall consist of at least 24 credit hours, and a minor shall consist of at least 14 credit hours. As supporting subjects for a major, one year of college chemistry and Mathematics 111, 112 are required.

- 61, 62. GENERAL PHYSICS *Five hours per semester*  
 First semester: mechanics, heat and sound; second semester, electricity, magnetism and light. Three lecture-recitations, one quiz section, and one two-hour laboratory period per week. Prerequisite: Mathematics 51 or equivalent.  
 Mr. Jordahl, Mr. Adams
- 91, 92. MODERN PHYSICS *Two hours per semester*  
 A course covering the important developments in the field of physics since 1895. Topics included are the isolation of the electron and the measurement of its charge, isotopes and mass spectrograph studies, radioactivity, simple theory of atomic structure, X-rays, and nuclear disintegration. Lectures and outside reading. Prerequisite: Physics 61, 62, Mathematics 61, 62.
115. HEAT *Three hours*  
 An intermediate course dealing with calorimetry, temperature measurement, methods of heat transfer, thermal properties of substances, and an introduction to thermodynamics. Two lecture and one three-hour laboratory period per week. Prerequisite: Physics 61, 62. Co-requisite: Mathematics 111.  
 To be offered 1949-50.

116. LIGHT *Three hours*  
 General principles of geometrical and physical optics and study of optical instruments. Two lecture-recitations and one three-hour laboratory per week. Prerequisite: Physics 61, 62, Mathematics 111. To be offered 1949-50.
119. ELECTRICITY AND MAGNETISM *Three hours*  
 The fundamental phenomena and laws of magnetism, electrostatics, steady currents, electrolysis, electromagnetism and alternating currents. Two lecture and one three-hour laboratory period per week. Prerequisite: Physics 61, 62, Mathematics 111. Mr. Jordahl, Mr. Adams
120. ELECTRONICS *Three hours*  
 A study of the characteristics of vacuum tubes and their use in rectifiers, amplifiers and other electronic devices. Lectures and laboratory work. Prerequisite: Physics 119. Mr. Jordahl, Mr. Adams
152. ANALYTICAL MECHANICS *Four hours*  
 Theoretical and mathematical course which will be acceptable toward a major in either physics or mathematics. It deals with statics, dynamics, and kinetics. Prerequisite: Physics 61, 62; co-requisite: Mathematics 112.
154. THERMODYNAMICS *Three hours*  
 Fundamental laws, heat engines, thermodynamic potentials, specific heats, changes of state, chemical equilibria. Prerequisite: Physics 115, Mathematics 111, 112.
- 197, 198. INDEPENDENT STUDY *One or two hours per semester*  
 Prerequisite: consent of department head.

### POLITICAL SCIENCE

Mr. Franck

20. HISTORY AND GOVERNMENT OF THE STATE OF WASHINGTON

Prerequisite: Political Science 57. Mr. Franck

## PSYCHOLOGY

Mr. Ronning, Mr. Eklund

The department of psychology seeks to attain the following objectives:

- (1) To help the student understand the basis and the development of man's behavior as far as scientific data are available;
- (2) To give the pre-professional students (divinity students, teachers, social workers, parish workers, nurses and others) insight into the behavior problems of normal and abnormal people and the reactions to their difficulties;
- (3) To acquaint the student with the scientific and the accepted non-academic books and articles, written in the field of psychology;
- (4) To point out and apply religious truths to the problem of mental health and psycho-therapy.

A minor requires 12 credits of psychology, including the following courses: Psychology 1, 2, 101. Recommended: Biology 55, 56.

1. GENERAL PSYCHOLOGY *Either semester. Three hours*  
A general course in psychology emphasizing the principles and basic facts which are essential to an understanding of human behavior. The main problems discussed are the physical basis for behavior, motivation, habits, learning, remembering, thinking, emotion, intelligence, personality and character.  
Mr. Eklund
2. APPLIED PSYCHOLOGY *Either semester. Three hours*  
Psychological principles and research data are studied and applied to: development of personality, problem children and their treatment, juvenile delinquency, personnel and guidance in industry and education, the art of influencing human behavior, spiritualistic phenomena and hypnotism. Reference reading and book reports are required. Prerequisite: Psychology 1.  
Mr. Ronning
101. THE PSYCHOLOGY OF ADJUSTMENT *Three hours*  
The course deals primarily with the methods used by normal people in their adjustment to the ordinary and the serious difficulties of everyday life. The following topics are analyzed: motivation and drives, normal adjustment patterns, adjustment by defense mechanisms, by negativism, by fear and regression, by ailments. Personality, psychoanalysis, and techniques of mental hygiene are discussed. Reference reading and class discussions are a special feature of this course. Prerequisite: Psychology 1.  
Mr. Ronning
103. EDUCATIONAL PSYCHOLOGY *Two hours*  
See Education 103.
110. CHILD PSYCHOLOGY *Three hours*  
A study of the development and behavior of children. Prerequisite: Psychology 1.
111. ABNORMAL PSYCHOLOGY *Three hours*  
The application of psychological facts and principles to the problems of maladjusted personalities. Symptoms, causes, remedial procedures for abnormal states. Prerequisite: Psychology 1.
120. SOCIAL PSYCHOLOGY *Three hours*  
A study of the psychological foundations of group life. Analysis of social behavior. Effect of the individual on the group and of the group on the individual. Custom, fashion, war, public opinion, etc., in the light of psychological principles. Prerequisite: Psychology 1, Sociology 51. Mr. Ronning.

## RELIGION

Mr. Pflueger, Mr. Nodtvedt, Mr. Roe, Mr. Ronning

Pacific Lutheran College offers a curriculum designed to introduce the student to the primary sources of the Christian religion, its Bible, the history and teachings of Christianity through the centuries and their application to the problems of today. In addition to the basic courses required during the first two years of the student in residence, upper division courses furnish information and initial insights for those who contemplate devoting their lives to the special callings of pastor, missionary, deaconess, parish worker, social worker or the more general activities in any Christian congregation.

A well integrated program in any special field should be planned with faculty members of the department. Students are encouraged to seek advice as early in their college course as possible.

Major: 24 hours; minor: 14 hours.

Required for graduation: Courses 1, 2, 13, 14.

1. LIFE OF CHRIST *Either semester. Two hours*

An introduction to the work of the Christian congregation in all its phases by means of visits to parishes. Class discussions based upon observations and selected readings.
128. PARISH WORK *Two hours*  
Participation in the work of a Christian congregation under the guidance of supervisors, involving the assumption of responsibilities designed to give the student typical experiences.
131. COMPARATIVE RELIGION *Two hours*  
The living religions of the world: Judaism, Mohammedanism, Buddhism, Confucianism, compared with Christianity. Also modern religious movements.  
Mr. Ronning
142. MISSIONS *Two hours*  
History of foreign missions. Problems and programs in various fields of service. Qualifications and preparation of missionary candidates.
- 197, 198. INDIVIDUAL STUDY *One or two hours per semester*  
Permission of the department is required. Mr. Ronning

## SCIENCE (GENERAL)

Mr. Ostenson, Mr. Ramstad, Mr. Strunk

A major in general science may be obtained by taking two years work in either biology, chemistry or physics and one year in each of two other sciences.

21. INTRODUCTION TO BIOLOGICAL SCIENCE *Four hours*  
A survey course including a brief study of the plant kingdom and of the animal kingdom. Three lectures and one laboratory period per week.  
Mr. Ostenson
22. INTRODUCTION TO PHYSICAL SCIENCES *Four hours*  
A survey of the fundamental principles in chemistry, physics, astronomy, climatology, and geology. Lectures and laboratory demonstrations.  
Mr. Ramstad
31. GENERAL GEOLOGY *Four hours*  
A study of the processes of nature by which the earth's surface has been built up, changed and torn down; natural history and occurrence of common rocks and useful minerals; outline of the earth's history and its life.
- S36. DESCRIPTIVE ASTRONOMY *Two hours*  
A descriptive course. Topics covered include the moon, the solar system, coordinate systems for locating stellar objects, characteristics of stars.
51. ENVIRONMENTAL STUDIES *Two hours*  
A study of objects, forces, and conditions that will function for the elementary and intermediate grade teacher as material for nature study. Pre-requisite: Science 21, 22 or equivalent.  
Mr. Strunk
118. ELEMENTARY SCHOOL SCIENCE *Two hours*

## SOCIOLOGY

Miss Reneau, Mr. Ronning

Courses in sociology are of necessity largely descriptive and historical. Some attempt, however, is made to acquaint students with the practical side by the taking of field trips to various social institutions, by the research work of the individual students and by their actual participation in different branches of social work under the direct supervision of the department and of the appropriate social agencies in Tacoma.

Major in sociology: 24 credit hours, including Sociology 51 and 112.

Minor: 15 credit hours, including Sociology 51 and 54 or 112.
