# *General Statement*

## **HISTORICAL**

Pacific Lutheran College was formed by the union of Pacific Lutheran Academy with Columbia Lutheran College.

The first of these, Pacific Lutheran Academy, was established at Parkland, Washington, December 11, 1890, by members of the Synod of the Norwegian Evangelical Lutheran Church of America. It began its work on October 14, 1894, and continued until the spring of 1918, at which time its faculty and students were transferred to Columbia College, where the school was operated for one year.

The second component, Columbia Lutheran College, of Everett, Washington, was built by members of the United Norwegian Lutheran Church. It opened its doors to students in 1909 and continued its work until the spring of 1919, the last year in conjunction with Pacific Lutheran Academy, as already noted.

In 1917 the church bodies were united. In 1920 the Pacific Lutheran College Association was incorporated. By resolution of the Pacific District of the Norwegian Lutheran Church of America, the two schools were united at Parkland under the name of Pacific Lutheran College. The consolidated school was opened to students on October 4, 1920.

In the fall of 1929 the work of Christian education carried on at Spokane College was transferred to Pacific Lutheran College, and this arrangement was by resolution of the Norwegian Lutheran Church of America on May 28, 1930, made permanent.

Up to 1919 Pacific Lutheran Academy and Columbia College had been conducted essentially as secondary schools. Only occasionally did they offer classes in college branches. In 1921, however, the amalgamated institution established a two-year Liberal Arts Department and a two-year Normal Department, both of college grade. The Liberal Arts Department is fully accredited by the University of Washington and the Normal Department by the Department of Education of the State of Washington. The High-School Division, of four years, is likewise fully accredited by the State Department of Education.

In view of recent educational legislation and other developments, the Board of Trustees of the College has authorized the addition of a third year in the Junior College Division, which change became effective in the Normal Department in 1931-32.

## **GOVERNMENT AND OWNERSHIP**

Pacific Lutheran College is owned and operated by the Pacific Lutheran College Association, which is composed of the members of the Pacific District of the Norwegian Lutheran Church of America. At one or more of the sessions of its annual delegate conventions the District resolves itself into the Pacific Lutheran College Association. From its membership at large this body elects annually three members of the Board of Trustees of the school for a term of

three years and adopts resolutions pertaining to the general management and policies of the school. The Board of Trustees is responsible for the maintenance of the school and elects president, faculty, and administrative staff. The President is the executive agent of the Board.

In May, 1930, by resolution of the Northwestern District of the Joint Synod of Ohio, which resolution was indorsed by the Pacific District of the Norwegian Lutheran Church of America and by the general convention of said church, the President of said Northwestern District became an advisory member of the Board of Trustees of Pacific Lutheran College.

In similar manner, the Evangelical Lutheran Augustana Synod, on June 11, 1932, approved the cooperation of the Columbia Conference with the Pacific District of the Norwegian Lutheran Church of America and the Northwestern District of the American Lutheran Church in the support and control of Pacific Lutheran College, in response to a petition from the Columbia Conference. Dr. C. R. Swanson represents this Synod on the Board of Trustees of the College.

### **GENERAL AIM**

Pacific Lutheran College, the only school of its kind on the Pacific Coast, has an open and increasingly important field, extending from San Diego, California, on the south, to Shishmaref, Alaska, on the north, and throughout the Rocky Mountain territory on the east. In this field it tries, with success, to provide trained leaders and intelligent and consecrated workers, to build Christian character, to develop a Christian view of life, to promote the highest type of citizenship, to help keep America Christian, to advance the righteousness that exalts a nation, and to make especially the Lutheran Church effective in its God-given mission. Its constant endeavor will therefore be to promote the highest intellectual development of its students, to give them a sound religious training, and to surround them with such character-building influences as best will fit them for a useful life in home, church, and state.

### **THE HOME OF THE SCHOOL**

Parkland, the home of Pacific Lutheran College, is a suburb of the city of Tacoma, and is located in a region remarkable for the beauty and grandeur of its scenery. To the north, bordering on beautiful Commencement Bay, the gateway to the Orient, lies the city of Tacoma, with upwards of 110,000 inhabitants; to the west stretch the snow-clad ranges and peaks of the Olympic Mountains; to the south and east, tier above tier, roll the rugged foothills of the Cascade Mountains, with St. Helens and Adams in the distance, while, towering far above the surrounding peaks, rises the majestic cone of Mount Tacoma, or Rainier, with its mantle of eternal snow, a vision of unspeakable sublimity and beauty. Within this magnificent frame, and extending for miles, lie the beautiful, park-like prairies on which the College has its home.

In healthfulness Parkland can scarcely be surpassed. Situated midway between the Cascade Mountains and the Pacific Ocean, it enjoys the blending of the invigorating mountain breezes with the softer winds from the ocean and has a mild, even temperature throughout the whole year. Pure air, pure water, good drainage, and excellent opportunity for outdoor exercise at all seasons make it an ideal place for students.

### THE TEACHERS

The teachers of Pacific Lutheran College are men and women of broad training and successful experience. Loyal to the school, devoted to their work, enthusiastic and helpful in their attitude, they are able to supply the stimulus so essential in arousing and maintaining the intellectual interest of their students. In their daily contacts as teachers, companions, and advisers they seek to promote in their charges the ideals of Christian manhood and womanhood.

### THE STUDENTS

The students of Pacific Lutheran College come chiefly from the great American middle class and represent the most varied occupations and conditions in life. Some come from wealthy homes, but the majority are young men or women of moderate, or even slender, means. Some of them have to support themselves while attending school, and practically all have been accustomed to hard work. They bring with them rugged energy and habits of economy and industry, coupled with an intense desire to learn and to improve themselves—qualities which are bound to make school work an inspiration and a joy.

### THE EDUCATIONAL PLANT

The Main Building is a five-story brick structure, 190 feet by 78, heated by steam and lighted by electricity, and supplied with water from Tacoma's Green River gravity system. Above the first floor the building is partitioned off into two dormitories—one for the girls and one for the boys. In the Main Building are also housed the administration offices, reception rooms, most of the recitation rooms, the library, the physics laboratory, the kitchen and dining room, as well as the apartments for the Dean of Men and the Dean of Women.

The library, comprising thirteen thousand seven hundred volumes, exclusive of a large number of unbound magazines and pamphlets, occupies three rooms on the first floor of the Main Building.

The physics laboratory, located on the first floor of the Main Building, is equipped for high-school work.

The chemistry laboratory, modern in every respect, and a new biology laboratory have been installed in the basement of the gymnasium building.

The Gymnasium has a clear floor space of 50 by 80 feet for games and exercise; a stage twenty feet in depth, with dressing rooms on the sides; and a running track, serving as a spectators' gallery at athletic events.

The Chapel, a two-story frame building, 40 by 60 feet, has a seating capacity of about 325. It is used by the school for its daily devotional exercises and for choir rehearsals and by the local church for divine services on Sunday.

The campus is covered with a natural growth of trees, chiefly fir and oak, interspersed with open spaces, where are located the athletic field, tennis courts, and Pacific Lutheran Chautauqua grounds.

The Board of Trustees of the College, on the recommendation of Mr. Charles Altfillisch, architect, has approved a comprehensive and forward-looking plan for enlarging and beautifying the campus and for locating contemplated buildings, the first of which, a residence for the President, was erected in 1930.

### THE DEVELOPMENT ASSOCIATION

The Pacific Lutheran College Development Association consists of a large circle of friends of the school, who have agreed to contribute "at least a dollar at least once a year," in order to maintain the school and to develop it as rapidly and as efficiently as available resources and common sense will permit.

The Association was organized on September 23, 1928. On May 31, 1933, it had an enrolled membership of 8,480, who had contributed a total of \$58,600.99.

The membership is entirely voluntary and lapses automatically one year after the receipt of the last contribution. About one third of the members are now active.

The Development Association has been endorsed by the Northwestern District of the American Lutheran Church, the Pacific District of the Norwegian Lutheran Church of America, the Executive Board of the Columbia Conference of the Augustana Synod, and by the whole Norwegian Lutheran Church of America in convention assembled.

### THE ENDOWMENT FUND

In the summer of 1927 friends and supporters of the College gave pledges toward a permanent endowment fund, payable over a five-year period in the sum of \$290,000. Of this sum \$141,899.03 had been paid in on May 31, 1933, and on July 31, 1933, this sum had been increased to \$142,132.62. The investment of this fund is in the hands of a committee appointed by, and responsible to, the Board of Trustees. The present members of this committee are: Mr. H. E. Anderson, Mr. August Buschmann, Mr. F. P. Haskell, Jr., Mr. A. L. Leknes, and President O. A. Tinglestad. The invested fund is managed by the Treasurer, the Business Manager, and the President of the College, under mandate from the Board of Trustees.

### CLASS GIFTS AND OTHER DONATIONS

Beginning with the Class of 1925, the graduating classes have presented to the College class gifts as tokens of loyal interest in the welfare of the school. The gift of the Class of 1933 was hard-surfaced tennis courts.

Church appropriations and contributions for the year 1932-33 are listed in Part 2 of this number of the *Pacific Lutheran College Bulletin*. The largest single donation of the year was an anonymous gift of \$1,000, on July 29, 1933.

# *Junior College Division*

## **ACCREDITATION**

The Junior College Division is fully accredited—the Liberal Arts Courses by the University of Washington, and the Normal Department by the State Department of Education.

## **ADMINISTRATIVE REGULATIONS**

### **Requirements for Admission**

The following are the requirements for admission to the Junior College Division:

1. Graduation from an accredited high school or its equivalent. It is strongly urged that the high-school training of the college entrant should include the following: English, 3 units; algebra, 1 unit; plane geometry, 1 unit; history and civics, 2 units; foreign language, 2 units; science, 1 unit; electives, 6 units.

2. Satisfactory personal recommendations, including a statement from the applicant's high-school principal or pastor that he is a person of good moral character.

### **Admission to Advanced Standing**

A student may be admitted to advanced standing by presenting credentials from another college of approved standing. These should include an official transcript of his record and a letter of honorable dismissal.

### **Definition of Credit Hour**

A credit hour represents one full period of prepared class work a week or, if in a laboratory subject, at least two periods a week, for not less than eighteen weeks.

### **Student Programs**

Sixteen credit hours of work in addition to physical education constitute a full average program for a semester.

In order to secure credit for their work students must have their programs approved by the Registrar. All subsequent changes in programs must be similarly approved.

### **Marking System**

A—96-100	Exceptionally good.
B—86-95	Above average.
C—76-85	Average.
D—70-75	Below average.
E	Below 70—no credit.
K	Conditioned. To be changed to D when condition is removed.
Inc.	Incomplete.
P	Passed without grade.

Conditions and incompletes must be removed within the following semester of residence in which the course is given, or no credit will be allowed.

## Requirements for Graduation

To graduate from the Liberal Arts Division a student must complete the work in his curriculum, earning sixty-four credit hours and a similar number of grade points.

In addition to the 64 credit hours necessary for graduation, the student must have at least 64 grade points, based on the quality of his work. These are determined as follows: Each credit hour completed by the student with a grade of A entitles him to 3 grade points, with a grade of B to 2 points, with a grade of C to 1 point, and with a grade of D to no point. One grade point is deducted for each credit hour with a grade of E. An *incomplete* when properly removed will receive the grade points appropriate to the mark finally awarded. A *condition* or *failure* when properly made up by additional work will receive the grade points originally deducted.

To graduate from the Normal Department a student must complete the three-year normal curriculum approved by the State Department of Education, earning ninety-six credit hours and a similar number of grade points. The same principle in regard to grade points as described above also applies to the Normal Department.

## Withdrawal from Courses

With the consent of the Registrar a student may withdraw from a course before the end of the sixth week without prejudice to his standing. During the second six weeks permission for withdrawal will be given only upon consideration of health, outside work, or other matters for which the student is not held culpable. During the final six weeks of any semester the dropping of a course will result in a *failure* or an *incomplete*, depending upon whether or not the work has been of passing grade up to the time of withdrawal.

## LIBERAL ARTS COURSES

The Liberal Arts courses aim to give high-school graduates two years of training in the superior forms of culture and of social and religious fellowship. Whether the students are destined to enter one of the professions or to become farmers, merchants, engineers, contractors, home-makers, or any other kind of workers, the training they will receive here should make them more sensitive to the world of truth and beauty about them, more alert to the happenings in their community or in the world at large, and, especially, more ready to appreciate the finer things outside their own vocations: good literature, good art, good music, good housing, good city planning, good government—in short, the most desirable things in our common life. These courses aim also to arouse the spirit of scholarship, that intellectual curiosity which asks for a reason, that interpretative thinking which looks for the hidden motives of things and penetrates to where are the issues of life. Finally, they aim to develop a firm and kindly philosophy of life, a

philosophy born, not of pagan or semi-pagan beliefs or ideals, but of the example and teachings of the God-man, Jesus Christ, constraining its adherents to do justly, love mercy, and walk humbly with their God.

## NORMAL DEPARTMENT

The Normal Department offers the professional courses required by the state for elementary school teachers. The curriculum has been revised to conform with the new requirements for diplomas as prescribed by the State Board of Education.

Each student graduating from the Normal Department of Pacific Lutheran College is required to shape his Normal curriculum in such a way as to provide for an acquaintance with those major fields that were not included in his high-

school training. In addition each student should prepare for teaching some specific grade or grades or for departmental work.

The following explanations govern the interpretation of the curriculum:

1. Students may, upon examination, be exempted from the first semester of English Composition.
2. The science requirement is to be determined on the basis of work included in high-school training.
3. The students planning on specializing in primary or intermediate teaching are urged to get a practical knowledge of the piano.
4. Students preparing for departmental teaching or teaching in a non-departmentalized upper grade should include in their electives a major subject with a minimum of 14 hours besides special curriculum courses.
5. Special subjects which are provisionally required include: Art Structure, Art for the Primary Grades, or Art for the Intermediate Grades, Music, Children's Literature, and Nature Study.
6. Entering freshmen are given a test in penmanship. Those failing to meet the standard required for prospective teachers will take a course in penmanship without credit.

## 1. HIGHER ALGEBRA

A thorough review of high-school algebra and a continuation beyond quadratics. Prerequisite: one year of high-school algebra.

*Three credit hours. First semester.*

*Mr. Stuen*

## 2. COLLEGE ALGEBRA

A continuation of course 1: progressions, binomial theorem, complex numbers, theory of equations, determinants, and partial fractions. To be given as a four-credit course 1933-34.

*Three credit hours. First semester.*

*Mr. Stuen*

## 3. PLANE TRIGONOMETRY

Circular measurements of angles, proofs of the principal formulas, the use of inverse functions, solution of right and oblique triangles. Prerequisite: higher algebra.

*Four credit hours. Second semester.*

*Mr. Stuen*

## 4. SOLID GEOMETRY

The relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones, and spheres; original exercises and constructions. Prerequisite: plane geometry, one year of high-school algebra.

*Three credit hours.*

## 5. PLANE ANALYTIC GEOMETRY

Loci, the straight line and the circle, polar coordinates, conic sections, tangents and normals, the general equation of the second degree. Prerequisite: Mathematics 3 and 4.

*Three credit hours. Second semester.*

*Mr. Stuen*

## 6. PRINCIPLES OF MATHEMATICS

A thorough study of the principles of mathematics as a background for teaching the subject in elementary and junior high schools.

*Three credit hours. Second semester.*

*Three credit hours per semester.*

**POSSIBLE EXPANSION OF THE LIBERAL ARTS DIVISION**

On June 6, 1931, the annual convention of the Pacific District of the Norwegian Lutheran Church of America recommended that the third-year Liberal Arts work should be offered in 1933-34, *if certain conditions were met*. The continued financial depression made it impossible to meet these conditions. As times improve, the question of expansion or extension of the Liberal Arts Division will again become a live issue.

Meanwhile Pacific Lutheran College will, by resolution of its Board of Trustees and in harmony with the 1933 resolutions of the Pacific District, carry on its work as at present organized, with scope uncurtailed.

# High School Division

## MISCELLANEOUS INFORMATION

### Accreditation

The High-School Division is fully accredited by the Washington State Board of Education.

### Entrance Requirements

Applicants of good moral character who have completed the eighth grade of the public school or its equivalent are admitted to any of the freshman courses upon presenting the proper credentials and paying the required fees.

### Advanced Standing

Admission to advanced standing will be granted any student who presents credentials for work satisfactorily done in any standard public or private high school.

### Student Load

As a general rule, students should register for only four regular subjects, exclusive of Bible Study and physical training.

### Requirements for Graduation

Sixteen units, grouped in an approved curriculum, are required for graduation. A *unit* represents work satisfactorily done in a subject which has been pursued five times a week, in periods of not less than forty-five minutes, during a school year of at least thirty-six weeks.

### Scales of Grades

A—96 to 100; B—86 to 95; C—76 to 85; D—70 to 75; E—Below 70—No credit.

### Registration Days

Registration for the fall semester begins Monday, September 18, and for the spring semester, Monday, February 5, 1934.

### Records and Reports

A record of a student's attendance, scholarship, and deportment is kept in the Registrar's office. A report of the student's progress and conduct is sent to parents or guardians at the end of each nine weeks, or oftener if requested.

Each student is given one free transcript of record. Additional transcripts may be secured at \$1.00 each.

## HIGH-SCHOOL CURRICULA

The curricula listed below and described on pages 31 and 32 offer six well defined combinations of subjects properly distributed and proportioned, yet sufficiently varied to suit the tastes and requirements of the individual student.

## Curricular Requirements

The general requirements comprise two majors, one of three units and one of four; two minors of two units each; Bible, one-fourth unit (two hours a week for thirty-six weeks) each year the student attends Pacific Lutheran College; electives, enough to make up sixteen units, at least one of which should preferably be in a major field not represented in the above requirement. The majors should be English, foreign language, history, mathematics, and science.

### The Classics

The Classical curriculum looks preeminently to the widening of the student's vision, the deepening of his general understanding, the extending of the fields of his imagination, and the refining of his appreciation and sympathies—in short, it aims at the fullest humanization of the individual. It is therefore especially recommended to the consideration of those who are planning to secure a B. A. degree in a college and later to take up the study of law, medicine, or theology. For those who do not plan to enter college or take up one of the learned professions it furnishes an excellent groundwork for general culture.

This curriculum provides majors in Latin and English, and minors in history and science.

### Commerce

The Commercial curriculum is designed to meet the needs of three classes of students: (1) those who desire to prepare themselves for employment in the accounting department of a business house or on the staff of a public accountant; (2) those who do not intend to become bookkeepers or stenographers but desire a knowledge of commercial subjects which may prove valuable to them in whatever positions they may occupy; and (3) those who intend to pursue courses of accounting and business administration in our Junior College or in a school of commerce and require a preliminary training as a background for these courses.

Majors are provided in commercial branches (bookkeeping, commercial law, shorthand and typing) and English, and minors in history and mathematics.

### Foreign Language

That the mastery of a foreign language broadens the outlook, develops sympathetic attitudes of mind, expands and enriches the personality, and leads to a better understanding of the mother tongue is generally conceded. But in addition to these cultural considerations, which are of great weight, there are others of a more practical nature. One of these is our expanding commerce, requiring a large number of correspondents, agents, and clerical workers who have a thorough knowledge of a foreign language. Another is the extension of our diplomatic service, which calls for an increasing number of translators, interpreters, and clerks thoroughly conversant with one or more foreign languages. Yet another consideration is the existence, in many localities, of immigrant communities,

where the knowledge of a foreign language is still a business or professional asset of no mean value.

The Foreign Language curriculum provides majors in foreign language (two units in each of two) and English, and minors in history and science.

### **Music**

The Music curriculum offers students an excellent opportunity to pursue their musical education as an integral part of their high-school work. The musical atmosphere of the College and the stimulus resulting from daily contact with others engaged in similar work are bound to exert a powerful influence for good. The personal supervision during practice periods, the student-practice recitals, the musical organizations, the music library, and the many opportunities for public performance arouse the student to greater effort and produce better results than would otherwise be possible.

Majors are provided in music and English, and minors in history and foreign language.

### **Science**

The Science curriculum, while admirably adapted as a foundation for general culture, is especially designed for students who are interested in the natural or biological sciences, or who are planning to secure the B. S. degree and later to enter the fields of civil, architectural, mechanical, mining, or other forms of engineering. As rapid change is the rule in the industrial world today, and as new tasks and conditions are continually arising, there is an increasing demand for men and women with thorough technical training, capable of meeting new situations as they arise.

This curriculum provides majors in science and English, and minors in mathematics and history.

### **Social Science**

Though perhaps not so well known as some of the others, the Social Science curriculum is full of interest to the wide-awake student. Through it he learns to recognize the broad lines of influence that operate in human affairs, to see how some of them promote human welfare, how others oppose and destroy it, and how these influences may be directed and controlled for human good. The work offered here should appeal to the prospective teacher, nurse, physician, lawyer, statesman, charity worker, clergyman, journalist, and business man.

Majors are provided in social science (history, civics, sociology, economics, and commercial law) and English, and minors in foreign language and mathematics.

## HIGH-SCHOOL COURSES

The descriptive summaries that follow are designed to constitute both a record of the courses actually given in 1932-33 and an announcement of what will be offered in 1933-34. The teachers are listed by departments in accordance with the division of the teaching load in 1932-33, and the courses which were actually given during the year have the names of the respective instructors attached.

### Christianity (Bible Study)

MR. J. P. PFLUEGER, MR. A. W. RAMSTAD, Assisted by the COLLEGE PASTOR

Because the Bible is the most important book in the world, and because a knowledge of its contents is essential, not only to all true education and culture, but to temporal and eternal happiness, courses in it are made an integral part of all curricula offered by the school. The aim of the courses in Christianity is, therefore, to acquaint the student with the riches of the Bible, to strengthen his faith, and, incidentally, to prepare him for leadership in the work of the Church.

#### 1, 2. FUNDAMENTALS OF CHRISTIANITY

The fundamental doctrines of the Christian faith studied in the light of the Old and New Testaments. Other books on Christian doctrine for parallel reading.  
*Two semesters. Two hours a week.* Mr. Ramstad

## 9, 10. SHORTHAND

Principles of Gregg shorthand; speed practice.

*Two semesters. Five hours a week.*

*Mr. Reid*

### English

MR. N. J. HONG, MRS. LOUISE S. TAYLOR

In addition to attacking methodically the most outstanding faults of the student's speech and writing and giving him a fund of practical knowledge and skill essential to his daily work, the aim of the courses in English is to arouse his curiosity about books and authors and help him to satisfy it; to supplement and broaden his experience; to show him how to extract from reading, and even from his own writing, a satisfaction in kind and degree akin to that he gets from games, movies, and automobiles; and, lastly, to introduce him to culture history and lead him to appreciate the relation that literature bears to civilization, present and past.

## 1. COMPOSITION

Fixing the elementary facts of spelling, grammar, and punctuation, developing a sensitive sense; frequent written and oral compositions; outside reading.

*One semester. Five hours a week.*

*Mr. Hong*

## 2. LITERATURE

Developing the student's ability to get the thought out of the printed page; to distinguish qualities of expression, thought, and beauty; and to appreciate, in a measure, the part literature plays in life. Outside reading.

*One semester. Five hours a week.*

*Mr. Hong*

## 3. COMPOSITION

Fixing further the habits of clearness and accuracy; adding to sentence sense an increasing ability to sense structure of larger units; frequent practice in constructing paragraphs, with emphasis on unity and coherence. Frequent compositions. Outside reading.

*One semester. Five hours a week.*

*Mrs. Taylor*

## 4. LITERATURE

Developing further the student's power to get the thought out of the printed page and helping him discover and enjoy the rudiments of literary excellence; acquainting the student with the backgrounds of literature and teaching him to see more and more clearly the relation between literature and life. Outside reading.

*One semester. Five hours a week.*

*Mrs. Taylor*

**5. COMPOSITION**

Fixing and extending the knowledge of mechanics gained in previous years; drawing the student away from the type of composition that is a mere exercise or task and leading him consciously to achieve a definite purpose in his work.

*One semester. Five hours a week.*

*Mrs. Taylor*

**6. LITERATURE**

Using the story in prose and verse for the study of culture history; training the student to form and express independent judgments; developing the ability of elementary literary criticism; encouraging further acquaintance with authors, books, and periodicals. ..Outside reading.

*One semester. Five hours a week.*

*Mrs. Taylor*

**7a. PUBLIC SPEAKING**

Developing clear enunciation and correct pronunciation; training in expressive oral reading; developing ability to organize and deliver a short speech or a formal address; training in the practice of parliamentary law.

*One semester. Five hours a week.*

**8. LITERATURE**

A general summing up of the work in English literature during the first three years of high school, setting forth the great tradition of our literature; emphasis placed, not upon books *about* literature, but upon the literature itself; study, not technical or critical, but humanistic, supplying that introduction to the mind of the past necessary for a well-rounded education. Library work and home reading.

*One semester. Five hours a week.*

**Fine Arts**

MRS. LORA B. KREIDLER

**1, 2. ART AND HANDICRAFT**

The study of design; pictorial, decorative, and constructive art; historic ornament, and art history; a practical color theory; solving problems in domestic art and decoration; the making of posters, the drawing of cartoons, and the designing of monograms and letters.

An elementary course in chemistry of the non-metallic elements.

*Two semesters. Seven hours a week.*

*Mr. Ramstad*

**BEGINNERS' SHORT COURSE**

*October 18, 1933—March 6, 1934*

Young men and young women who have been deprived of an education and thus handicapped in their work will here find an excellent opportunity to make up much of what they have lost. Care is taken that a student may learn to read well, spell correctly, write a good hand, and be thorough in arithmetic.

The College receives into this department foreign-born men and women of all ages and stages of progress. For the benefit of foreign-born students who desire to prepare for American citizenship a special class is given in the history and government of the United States.

Subjects offered: Bible 2 hours a week, beginners' English 5 hours, spelling 5 hours, arithmetic 5 hours, penmanship 3 hours, reading, history, and civics 5 hours.

The charges for the Short Course, for tuition, board, room, and student privilege fees, are \$58 for four weeks, \$110 for nine weeks, and \$195 for eighteen weeks.

**SUMMER SESSION**

The Summer Session of 1932 extended from June 13 to August 26—the first term from June 13 to July 20; the second term from July 21 to August 26.

The Summer Session of 1933 extends from June 12 to August 25—the first term from June 12 to July 19; the second term from July 20 to August 25.

The Summer Session is open to all students qualified to pursue advantageously the work offered. Students who desire to obtain regular credit toward diplomas must be graduates of an accredited high school or its equivalent.

The faculty for the Summer Session is regularly composed of members of the permanent teaching staff.

For information concerning the Summer School, address Dean Philip E. Hauge, Pacific Lutheran College, Parkland, Washington. A special bulletin about the Summer Session is issued in May.

# General Information

## STUDENT ORGANIZATIONS

### Religious

#### THE MISSION SOCIETY

The Mission Society is a voluntary organization of young men and women, who meet every two weeks for Scripture reading and prayer. The faculty adviser is Rev. J. P. Pflueger.

#### THE LUTHERAN DAUGHTERS OF THE REFORMATION

The Lutheran Daughters of the Reformation is an organization of young women especially interested in promoting the work of the Lutheran Church. It holds monthly meetings throughout the year.

### Literary

#### THE DRAMA CLUB

The Drama Club is a literary-dramatic club open to students of all divisions.

#### THE PACIFIC LUTHERAN COLLEGE DEBATING SOCIETY

This organization studies and discusses interesting public questions.

#### THE MOORING MAST

*The Mooring Mast* is a bi-weekly paper published by the students. Its staff will be drawn chiefly from the membership of the class in News Writing.

#### THE SAGA

*The Saga* is the College annual, published by the students. The editor-in-chief and the business manager are chosen by the faculty, while the rest of the staff is selected by the Student Body.

### Athletic

#### THE ATHLETIC ASSOCIATION

The Athletic Association is a member of the Junior College Athletic Conference of Western Washington.

The major sports include football, baseball, basketball, tennis, and golf.

#### THE LETTERMEN'S CLUB

The Lettermen's Club is an organization of boys who have won letters in school activities.

#### THE WOMEN'S ATHLETIC ASSOCIATION

This is an organization of girls who have won a sufficient number of points in athletic activities to merit membership.

### Miscellaneous

#### THE STUDENT BODY

The Student Body, an organization embracing the students of all divisions, holds regular weekly meetings, where general school interests are discussed.

#### THE DORMITORY UNION

The Dormitory Union is an organization of dormitory boys for purposes of self-government. The faculty adviser in 1932-33 was Mr. C. O. Olson.

**THE ALUMNI ASSOCIATION**

The Alumni Association was formed in 1921 by the amalgamation of the associations of Pacific Lutheran Academy and Columbia Lutheran College. The association serves as a connecting link between the College and the public at large. Its special objectives at the present time are to create a student loan fund to assist needy students, and to help organize College clubs in various localities on the Pacific Coast where there is a sufficient number of former students.

**THE PEP CLUB**

The Pep Club is an organization of the girls residing in the dormitory.

**DELTA RHO GAMMA**

The Delta Rho Gamma is the day-student girls' organization corresponding to the dormitory girls' Pep Club.

**Musical****THE PACIFIC LUTHERAN COLLEGE CHOIR**

This organization enjoys the unique distinction of being the only college choir west of the Missouri River specializing in a *capella* music of the type that has made the St. Olaf College Choir famous throughout the United States. Besides singing at various College functions, the Choir has, in recent years, made extended concert tours to various points in Washington and Oregon, and, in 1931, as far east as Columbus and Sandusky, Ohio.

**BAND AND ORCHESTRA**

The systematic development of these activities is under way and made excellent progress during the year.

**EXPENSES****General Fees****TUITION**

The charge for twelve to eighteen semester hours' instruction in the Liberal Arts Division or the Normal Department is \$54.00.

The charge for instruction in five regular subjects in the High-School Division for one semester is \$30.00.

Two or more students from the same family in attendance at the same time receive a discount of 25 per cent on the tuition.

The College offers no scholarships except such as may be provided by congregations for students from their own membership.

**BOARD**

The charge for good table board for one semester of eighteen weeks is \$81.00.

**ROOM**

Room rent in the dormitory is from \$30.00 to \$35.00 per semester. The rooms are heated and lighted, and furnished with tables, chairs, beds, and mattresses. All other necessary articles, including bedclothes, towels, toilet articles, and the like, must be provided by the student. Each room is designed for two occupants.

**STUDENT PRIVILEGE**

A charge of \$7.50 per semester is made to cover dues to student organizations. The payment of this fee entitles the student to membership in any student organization, admission to all games and programs given by the school societies, and one semester's subscription to the *Mooring Mast*.

**INDEMNITY**

A deposit of \$5.00 is made by each student as guarantee that he will not deface or injure the property of the school. This deposit is refunded to him upon his leaving school, less charges, if any, for damages done by him, or for unpaid bills. Damages not reported to the business manager will be pro-rated among all students.

**LIBRARY**

A fee of \$1.50 per semester is charged to assist in building up the library and providing periodicals for the reading room.

**PHYSICAL EDUCATION**

For the heating, lighting, and upkeep of the gymnasium \$2.50 per semester is charged.

**MEDICAL**

The payment of \$2.00 per semester entitles the student to medical attendance by the school physician without extra charge. Ordinary cases of illness are cared for in the school infirmaries without extra cost to the student. The treatment of more serious cases, however, especially those requiring the services of a trained nurse or removal to a hospital, must be paid for by the student.

**BUILDING PRIVILEGE**

Day students are required to pay \$4.50 per semester to help defray the expenses of heat, light, and janitor service in class rooms and study halls.

**Summary of General Expenses**

## Special Fees

### EXCESS REGISTRATION

A charge of \$3.00 is made for each normal or college semester credit hour in excess of the regular eighteen.

A charge of \$5.00 per semester is made for each high-school subject in excess of the regular five.

### LATE REGISTRATION

For late registration a fee of \$2.00 is charged.

### CHANGE IN REGISTRATION

A fee of \$1.00 is charged for each change in registration after the first week.

No such changes may be made after the third week following the official registration without consent of the teachers concerned.

### EXAMINATION

For each extra examination, including those for removal of conditions, a fee of \$1.00 is charged.

### TUTORING

A student may obtain extra tutoring at \$1.00 per hour. Two students taking the same course at the same time pay 75c per hour each.

### LABORATORY

In each of the laboratories fees are charged to cover the cost of materials used by the student in his work during a semester as follows:

Art (High School or College) .....	\$2.00
Chemistry (High School or College) .....	5.00
Physics (High School) .....	2.00
General science, botany, or biology (High School) .....	1.00

The charge for instruction in piano one period weekly for one semester is \$27.00 for advanced students; \$18.00 for beginners.

### PIPE ORGAN

The charge for instruction in pipe organ is \$2.00 per lesson.

### PIANO RENT

Piano rent for one hour daily is \$5.00 per semester.

Piano rent for two hours daily is \$9.00 per semester.

### PIPE ORGAN RENT

Pipe organ rent is \$10.00 per semester for one hour daily.

### TYPEWRITER RENT

The charge for the use of typewriter two periods daily per semester is \$6.00

### DIPLOMAS

College, \$3.00; High School, \$2.50.

### PLACEMENT (NORMAL DEPARTMENT)

A fee of \$5.00 is charged to cover cost of records and correspondence necessary for placement of graduates. An effort is made to place all graduates, but positions are not guaranteed.

### Book Store

The College maintains a book store for the convenience of the students, where books, stationery, and school supplies may be obtained. The book store is operated on a strictly cash basis.

### Payments and Adjustments

Semester expenses are payable one-third at the time of registration, one-third at the beginning of the seventh week of each semester, and one-third at the beginning of the thirteenth week.

Cash must accompany registration for at least one-third of the expenses for one semester. Failure to make subsequent payments when due will automatically cancel registration.

A cash discount of \$5.00 per semester will be allowed for payment in full at the time of registration.

A reduction will be made in the charge for board at the rate of ten cents a week for each increase of ten in the number of boarding students above fifty until a minimum price of \$4.00 a week is reached.

No refunds or allowances will be made except for board and room.

### GENERAL REGULATIONS

Only such rules have been adopted as have been found necessary for the promotion of the highest interests of the students. On admitting students the College does so with the express understanding that they will cheerfully comply with its rules and regulations in every respect and deport themselves as Christian ladies and gentlemen.

No student may drop a class without special permission from his teacher and the Registrar.

At the first recitation following an absence a student should present to the teacher an excuse approved by one of the deans.

In the case of a student of the College Division the fourth unexcused absence shall take one credit from the subject in which the absences have occurred; each additional unexcused absence shall take away one credit.

In the case of students in the High-School Division the rules are as follows:

1. Three absences from a class without an acceptable excuse shall automatically lower a student's grade one step in the scale; that is, a grade of A shall become grade B, a grade of B shall become C, a grade of C shall become D, and a grade of D shall become E.

2. Each unexcused absence thereafter shall further lower his grade one step.

3. A student whose grade, by reason of unexcused absences, has been reduced to E shall be automatically dropped from the class.

4. A student dropped from class for this reason may be reinstated on the joint recommendation of the President, the Registrar, the Principal, and the teacher concerned.

5. To recover his standing, in whole or in part, a student must give written notice to his teacher and the Registrar of his intention, make up all work lost through absence, and do such additional work as his teacher shall prescribe.

Every student is expected to be present at the daily devotional exercises of

the school and, on Sunday, to attend divine services in the church with which he or his parents are affiliated.

Boarding students are required to be in the dormitory after 7 p. m. unless granted special leave of absence.

The College maintains the right to exercise supervision over the work and conduct of day students outside of school hours. It expects that they observe the usual study hours at home, and that they do not frequent the dormitory after 7 p. m. except to study their library assignments or to perform other school duties.

Students are required to keep their rooms clean and tidy. The occupants of a room are held responsible for its condition. The use of tobacco in any form is discouraged.

Students are expected to employ their time to the best advantage and to avoid everything which has a tendency to interfere with legitimate school work. Dancing, gambling, visiting gambling houses or other places of questionable nature, and the use of intoxicating liquors are strictly forbidden.

Students who are not living at home are required to room and board in the College dormitory, unless excused by the Registrar.

### Eligibility Rules

In order to be eligible to represent the College in intercollegiate contests of any character, in any athletic, dramatic, forensic, or musical performance or on *The Saga* or *The Mooring Mast*, a student must:

1. Be registered at Pacific Lutheran College.
2. Be registered in at least 12 hours work in the regular College Division, or 3 regular credit subjects in the High School.
3. Have completed successfully 12 hours of work in his previous semester if in the College Division or 3 regular subjects if a High-School student.
4. Be carrying successfully at least 12 units of work at the time of participation (3 regular subjects if in the High-School Division).

Eligibility is to be certified by the Registrar at the end of the first, second, third, and fourth quarter of each semester.

Exceptions shall be considered on their merits.

### HOW TO REACH PARKLAND

Parkland, a suburb of Tacoma, is located about seven miles south of the center of the City.

On arriving in Tacoma by train, bus, or boat, take a Spanaway or Parkland car on Pacific Avenue. Ride to Parkland, and walk one block to the College.

Students who desire to be met on their arrival in Tacoma should write the College in time, specifying when they expect to arrive and at what station. Some representative of the school will then be there to receive them. The telephone number of the College is Garland 0577.

Students will do well to leave their baggage at the Tacoma station and bring their checks to the College, where arrangements will be made to have the baggage brought out to the school in the speediest and cheapest way.

For additional information write to *The President* or *The Registrar*,

# TEN REASONS

*for attending*

## Pacific Lutheran College

- 1—To train for the future in the land of the future.  
We believe in the Pacific Coast as the land of the future.
- 2—To help perpetuate a Christian civilization in America.  
Without some Christian schools America cannot remain Christian.
- 3—To accept the friendly guidance of Christian teachers.  
The faculty is composed of Christian personalities.
- 4—To form precious, abiding, Christian friendships.  
Youth is the time, Pacific Lutheran College the place.
- 5—To share the interests of forward-looking, democratic young people.  
The school spirit embodies the ideals of undefeated youth.
- 6—To combine health and happiness with serious endeavor.  
Parkland is an exceptionally healthy place; athletics thrive.
- 7—To develop a love for the finer things of life.  
The means used include musical, literary, dramatic, and religious student activities.
- 8—To render service that will merit public confidence.  
Our graduates are in demand; our placement service is exceptional.
- 9—To develop character on a Christian foundation.  
The College motto is: "Build for Character."
- 10—To invest my life for Christ.  
The surrendered life is the only truly successful life.
